

# ANNUAL REPORT 2017

Province of Bohol

REPUBLIC OF THE PHILIPPINES  
PROVINCE OF BOHOL  
City of Tagbilaran

## MESSAGE

As we move into the last year of our third term, we are proud to have served the Boholanos faithfully, continuously and without pause, even as the Boholanos themselves have exemplified the courage, determination and resiliency of Francisco Dagohoy in the wake of many calamities and challenges, most notably the **7.2-magnitude earthquake of 2013** and, recently, the attempted Abu Sayyaf entry in April of 2017. Through all these challenges, I can confidently declare to the world that the Boholano spirit remains triumphant!

Hon. Edgar M. Chatto  
Governor of Bohol

This **Annual Report for CY 2017**, aside from showcasing an update on the Bohol Earthquake Assistance (BEA) Project, also summarizes all of our accomplishments in this calendar year. But more than just a documentation of what we have done, this report manifests our love for Bohol through our concerted efforts, always guided by our mantra: **InSPIRED HEAT-IT Bohol**, representing our development pillars and priorities: **Infrastructure, Social Well-being and Shelter, Peace and Order, Interconnectivity, Reforms in Local Governance, Equitable Economic Growth with Environmental Sustainability, and Disaster Risk Reduction & Management/Climate Change Adaptation.**

We are also grateful for the consistent affirmation of our good governance by external authorities, although we maintain that awards and recognition are not the be-all and end-all of governance.

As our term will be ending next year, we are also set on pursuing projects that make us even more excited, more optimistic, and more determined about Bohol's future. The Top 10 Major Development Projects of Bohol specified in this report are the product of dreams and aspirations of our past leaders and our people.

These achievements were made possible because of **full legislative support** from the **Sangguniang Panlalawigan**, dedicated Provincial Government officials and employees, active LGU partners and stakeholders, as well as national, regional and ODA partners, whose convergence made it easy to realize the legacy programs and projects for Bohol's sustainable development.

Let us continue to dream together, and realize our dreams together, inspired by and connected to our heroes, leaders, and loved ones, from whom we draw inspiration and guidance. "Happy are those who dream dreams, even big dreams, as long as they are willing to pay the price to make those dreams come true!"

March 23, 2018.

  
**EDGAR M. CHATTO**  
Governor

## EXECUTIVE SUMMARY

*Taken from the State of the Province Address (SOPA) of Gov. Edgardo M. Chatto*

The significant achievements of the Provincial Government of Bohol (PGBh) in 2017 is shared by the partnership and collaboration with the members of the Sangguniang Panlalawigan, the Department heads and all the employees and staff of the Provincial Government of Bohol, the Congressional representatives, Cong. Rene Relampagos, Cong. Aristotle Aumentado, and Cong. Arthur Yap. Meaningful contributions were also given by partner component local government units (LGUs), the National Government Agencies (NGAs), the non-government organizations (NGOs), civil society organizations (CSOs), people's organizations (POs), partners in the business sector, the academe, the Church and religious sector, and the rest of civil society.

The province has also benefited from the strong support of the national government, under the leadership of His Excellency President Rodrigo Roa Duterte, whose strong-willed policies have positively affected the province through decreasing crime rate and incidence.

In 2017 Boholanos have exemplified the best qualities of our greatest Boholano heroes - the courage, determination and resiliency of Francisco Dagohoy – and this had been clearly manifested in our ability to rise, not only from the rubble of the 7.2-magnitude earthquake of 2013, but also in Boholanos' unified effort

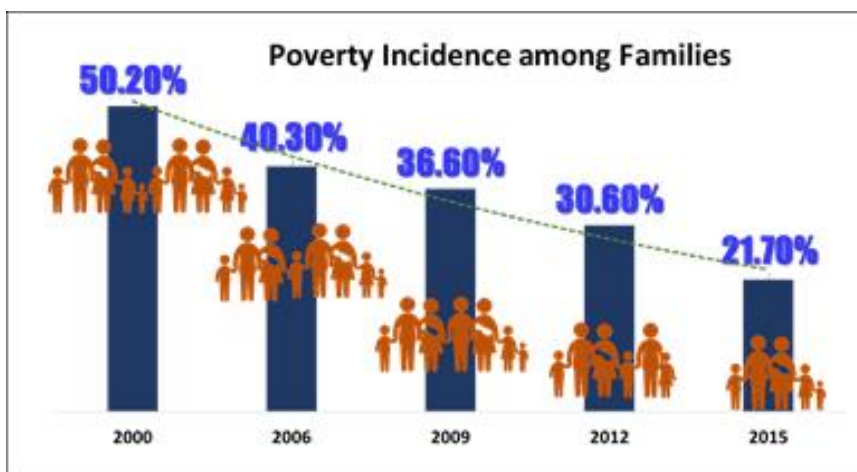

in thwarting the attempted Abu Sayyaf entry in April. Boholanos exhibit the collaborative spirit and partnership of Datu Sikatuna and live by the tenets of statesmanship, shared leadership, and love of Boholano arts and culture of Pres. Carlos P. Garcia. All three, together with all other Boholano heroes and historical figures, share an unimpeachable love of the Province of Bohol.

The provincial vision and mission are not pursued in a vacuum; but with the end in mind of making a positive impact on Boholano constituents.

### Sustaining the Impact of Development

From the start, the Provincial Government has always paid attention to the impact of development efforts. The provincial vision and mission are not pursued in a vacuum; it is always pursued with the end in mind of making a positive impact on all Boholano constituents. The year 2017 have experienced some of the most significant measures of this impact.

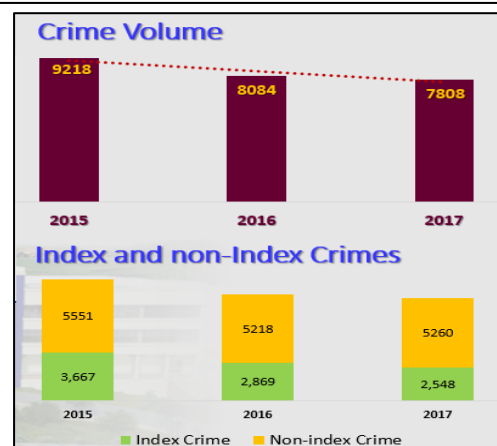

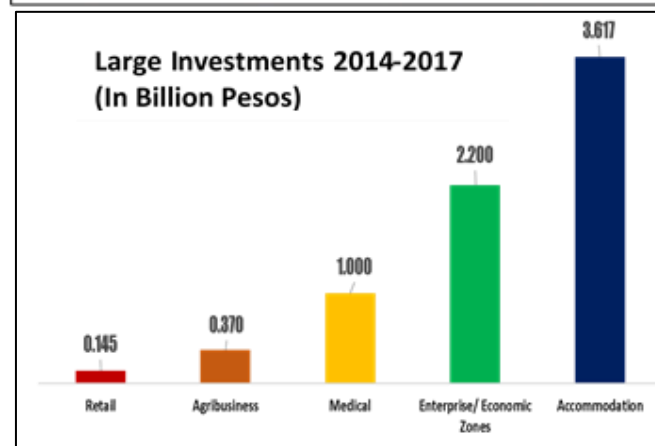

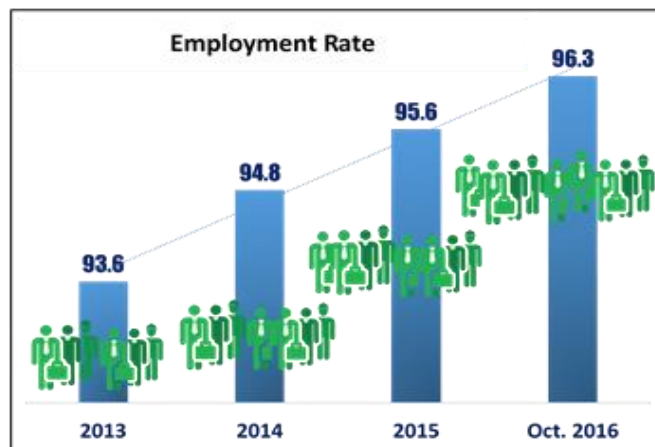

As reported in the Poverty Incidence statistic regularly measured by the Philippine Statistics Authority, Bohol's poverty incidence of families dropped to **21.7%** in 2015 (the latest available figures), the lowest ever, and even lower than the regional average.

Employment rate steadily increased for the past four years, with the highest recorded in 2016 at 96.3%. The bank industry was prospering with a consistently growing number of banks and bank deposits in the province.

As another indicator of a vibrant economy, Bohol's seaport activities was increasing with rising shipping and passenger traffic and Bohol PPA PMO posting the 2<sup>nd</sup> highest percentage increase in revenues in 2017 among the PMOs in the Visayas. The existing Tagbilaran City Airport had increasing passenger traffic and number of flights, with the number of flights having increased by 21% in 2017, and a steady increase in passenger traffic with an average annual increase of 8% for incoming and outgoing passengers.

There was an increasing number of Micro, Small and Medium Enterprises (MSMEs), with business registration from MSMEs marking a 25% increase from 2016, and with a recorded 11,962 jobs provided in 2017. In 2017 alone, actual investments from MSMEs have reached PhP1.5 Billion, sustaining the increasing trend of investments in the province. On the side of large investments, from 2014-2017, a total of P7.332 Billion was recorded in new investments, especially in accommodation establishments.

The inventory of livestock in the province continuously increased and despite all of these increases in tourism and traffic, a decreasing crime incidence was observed, with the crime volume consistently decreasing for the past 3 years and posting an average annual drop of 8%.

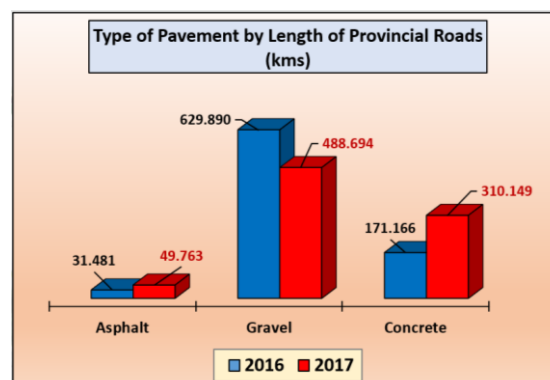

## Highlights of Accomplishments per Development Pillar in CY 2017

During this administration, our efforts have always been guided by our mantra: **INSPIRED HEAT-IT Bohol**, representing our development pillars and priorities: **I**nfrastructure, **S**ocial Well-being and Shelter, **P**eace and Order, **I**nterconnectivity, **R**eforms in Local Governance, **E**quitable Economic Growth with Environmental Sustainability, and **D**isaster Risk Reduction & Management/Climate Change Adaptation. Each development pillar shows the highlights of accomplishments.

### Infrastructure

- The Upgrading and Maintenance of Provincial Roads and Bridges has grown by leaps and bounds. For instance, the length of our provincial concrete-paved roads increased by 81% in 2017 alone, and asphalt roads increased by 58%, while gravel decreased by 29%, all pointing the way towards

seamless travel. The improvement of all of these roads was a dream of Pres. Carlos P. Garcia, during his term as Governor.

- Concreting of Access Road to the 24-hectare Provincial Government Lot in Cortes, Bohol under the Department of Public Works and Highways (DPWH).
- The Bohol Earthquake Assistance (BEA) Project implemented by PEO with 989 projects completed, 71 projects ongoing, and 6 projects on procurement.
- National and Provincial Government Convergence Thru the Conditional Matching Grant to Provinces (CMGP) or KALSADA Program, which we are implementing with full funding support from the National Government through the Department of the Interior and Local Government (DILG).
- Provincial Government of Bohol Counterparting for Farm to Market Road Projects under the World Bank-funded Philippine Rural Development Project (PRDP) thru the Department of Agriculture.
- 18 local bridges completed with DPWH-Department of Agrarian Reform (DAR) convergence and assistance.
- Although it is still forthcoming, more funding is expected this year, through the Road Leveraging Linkages for Industry and Trade (RoLL-IT), a national government-funded project implemented through the Department of Trade and Industry (DTI), with 22 Local Road Projects Approved in the 2018 General Appropriations Act (GAA) amounting to P614.60 Million.
- Various Road Projects for implementation in 2018 will see the concreting of another 75 kilometers' length of roads throughout the province.
- Construction and Rehabilitation of School Buildings, implemented by the Provincial Government, the Department of Public Works and Highways (DPWH), and the Department of Education (DepEd).
- Construction/Rehabilitation/Upgrading of Hospital Facilities and other Facilities and Projects Built and Implemented by the PEO.
- Ubay Sub-Station Tapal 69 Kilo Volts Tie-Line and Power Barge 104, with the assistance of the National Grid Corporation of the Philippines (NGCP), SPC Power Corporation, Bohol Electric Company (BOHECO I & II), and Bohol Light Company, Inc. (BLCI).
- Another impressive area of accomplishment is that ports under the Philippine Ports Authority (PPA), which highlights the

Improvement of the Cruise Ship Port of Loon in Catagbacan, as well as all the other major ports throughout Bohol.

- A new type of port is the Seaplane Landing Port in Candijay, Bohol, with P3 Million funded by the Provincial Government.
- The Malinao Dam Upgrading Project, now on a Rebid Status.
- The Bohol Northeast Basin Multipurpose Dam Project, which is now programmed for its detailed engineering design, after undergoing the required social preparation

### Social Well-being and Shelter

- The Provincial Social Welfare and Development Office continues to sustain its Aid to Individuals in Crisis Situations (AICS).
- Emergency Response was immediate during the Inabanga Abu Sayyaf Incursion, where relief operations were provided in Inabanga and other affected municipalities.
- Tabang Marawi Desk has continuously been mobilized while the province continue to look after our OFW and Migrant Workers' Welfare.
- Assistance on diagnostic and medical care services from the Bohol Medical Care Institute (BMCI).
- The whole range of programs for Persons with Disabilities continues, in partnership with the Bohol Federation of Disabled Persons, Inc. (BFDPI), which was awarded as the "Best People's Organization" by DSWD Region VII, along with another award for Provincial DSWD Head, Ms. Papiasa Bustrillos.
- The Bohol Stimulation and Therapeutic Activity Center, for children with disabilities and even their parents who are also taught additional livelihood skills, is currently being operated, as well as the Bohol Crisis Intervention Center for women and children who are survivors of domestic violence and abuse.
- A major aspect of the post-earthquake rehabilitation and recovery, the ongoing Shelter Program granted housing units modeled after a resilient design, as well as resettlement sites throughout the province. To date, 3,496 units of Core Shelter have been constructed as of January 30, 2018, funded by the DSWD and implemented by Habitat for Humanity and IOM Philippines. Also, the Provincial Government funded 243 units of Core Shelter.

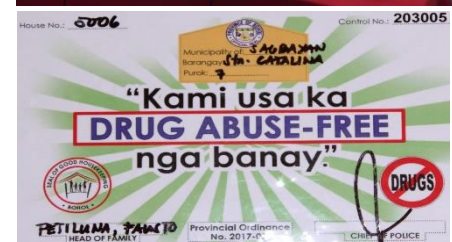

### Peace and Order

- The Anti-illegal Drugs and Anti-Criminality Campaign has been strengthen with Law Enforcement Agencies, which has resulted in more than 3,700 grams of shabu confiscated with total value of P43.8 Million, 336 persons arrested and 533 cases filed. Similar success has been achieved in the campaign against loose

firearms, in the arrest of wanted persons, and in the campaign against illegal gambling. The Bohol District Jail should be the first entity cleared by authorities from illegal drugs and other crimes.

- The province has maintained its strong collaboration for law and order through the Provincial Peace and Order Council (PPOC) and the Provincial Anti-Drug Abuse Council (PADAC). In the House Tagging with “DRUG ABUSE-FREE HOME” Stickers, for the period December 30, 2017 to January 25, 2018, a total of 52,058 stickers were already posted.
- The intense campaign against criminality and illegal drugs is further supported by the Center for Drug Education and Counseling (CeDEC) Operation, Anti-Illegal Drugs and Anti-Terrorism Campaigns, Dialogue on Preventing and Countering Violent Extremism, Active Participation of the People's Advocacy for Collaboration and Empowerment (PEACE), and other programs.
- Bohol Joint Task Force Dagon continues to be an ideal example of inter-government and inter-agency stakeholder collaboration for peace and order.
- Another aspect of Maintaining Peace and Security is through the Country-side Development Program – Purok Power Movement (CDP-PPM), as well as awarding of the Galing Purok Award, to motivate more and more puroks to perform well.
- In keeping with the principle of convergence, the province's indispensable partners in Maintaining Internal Security are the Armed Forces of the Philippines (AFP). This could not have been made clearer than during the effective and collaborative response to the Abu Sayyaf Group (ASG) incursion in the Province of Bohol. The Joint and Interagency Operations launched against the ASG resulted in the triumphant neutralization of all 11 armed bandits.
- The Fallen Heroes in the AFP and PNP had sacrificed their lives so that Boholanos could continue to enjoy a peaceful Bohol: 2nd Lt. Espelito Saldua, Jr., Corporal Meljun Cajaban, Sergeant John Dexter Duero, and PO2 Rey Anthony Nazareno. They are the modern-day heroes, true descendants of Francisco Dagohoy.

## Interconnectivity

- The Provincial Government is continuously converging with National Government Agencies (NGAs), Local Government Units (LGUs), Civil Society Organizations (CSOs), Private Sector and Official Development Assistance (ODA) Organizations, exemplified by the Provincial Government of Bohol – Civil Society Organizations Partnership Covenant.
- Open Governance Initiatives, in partnership with the Union of Local Authorities in the Philippines (ULAP), League of Municipalities in the Philippines (LMP), the Office of Participatory Governance, and a host of other partners.

- Continuing collaboration with the 3 Bohol Congressmen, the LMP, the Vice Mayors League, the Philippine Councilors League, the Liga ng mga Barangay, and other governance leagues throughout the province.
- Continuing participation of stakeholders in regular meetings of different councils:
  - Provincial Development Council
  - Provincial School Board
  - Provincial Tourism Council
  - Carood Watershed Model Forest Management Council
  - Bohol Competitiveness Council
  - Bohol Provincial Price Monitoring Council
  - Abatan River Development Management Council
  - Coastal Law Enforcement Council (CLEC)
- There is the ongoing partnership with the Bohol UP Advisory Council, who offer their selfless technical expertise *pro bono*, all for the love of Bohol and for the benefit of the Boholano people.
- The newly-organized Japan Alumni Association of the Philippines (JAAP)- Bohol Chapter.
- Bohorizon Project for Community-Based DRRM, with support from JICA and the Nagoya Institute of Technology
- The province continues to pursue Local Economic Development through Convergence for Investment Promotions and Business-Friendly Environment in Bohol.
- Showcasing Bohol as a Learning Destination for Best Practices, as a result of which we have been visited by countless LGUs for our best practices in Disaster Risk Reduction Management and Emergency Response, Good Governance Systems and Planning Processes, Internal Audit, Public Financial Management, and Tourism Governance
- Official Development Assistance (ODA) partnerships are maintained, such as the Philippine Rural Development Program (World Bank – DA), Advancing Philippine Competitiveness (COMPETE) (USAID), ADB-funded Integrated Natural Resources and Environmental Management Project (INREMP), Korea Program on International Agriculture (KOPIA), partnership with the Japan International Cooperation Agency (JICA) for our major infrastructure projects, and the aforementioned (SURGE) Project with USAID.
- USAID-funded COMPETE Project on Energy Development and Water Supply and Sanitation and the continuing partnership with the Bohol Energy Development Advisory Group (BEDAG).
- The current leadership continuously working with the Panglao Island and City of Tagbilaran Executive Committee (PITEC), a collaborative mechanism between Provincial Government, Tagbilaran City, Dauis and Panglao LGUs on tourism, environment management and other development initiatives, in collaboration with the

Strengthening Urban Resilience for Growth with Equity (SURGE) Project funded by the USAID. It is proposed to be renamed as the Panglao, Daus and Tagbilaran Executive Council (PaDTEC).

- The Partnerships with Local and Foreign Institutions for Arts and Culture are also carried forward.
- Information dissemination is done through print, broadcast and other modes of communication and the current leadership's partnership with Provincial Employees' Union and Bohol Provincial Employees' Multi-Purpose Cooperative (BOPE-MPC), which has just opened a new building.

## Reforms in Local Governance

- Institutionalized Program on Meritocracy and Excellence in Human Resource Management
- Formulation of the Local Road Network Development Plan (LRNDP).
- Sustained increase in collection from local revenue sources and a significant rise in our yearly budget, from just P1.8 billion 2 years ago to P2.9 billion this year.
- Steady flow of revenues from dividend income of the power and water joint-venture utilities, with a total of P138.61 million since the start of their operation.
- Operation of public economic enterprise through Café Caloy and the Bohol Biodiversity Complex (BCC) in Bilar.
- Continuing improvement of systems, processes, and internal controls and constant Strengthening of Public Financial Management.
- Excellent performance of the Sangguniang Panlalawigan as a Pro-active Legislative Body that supports Innovation and Good Governance.

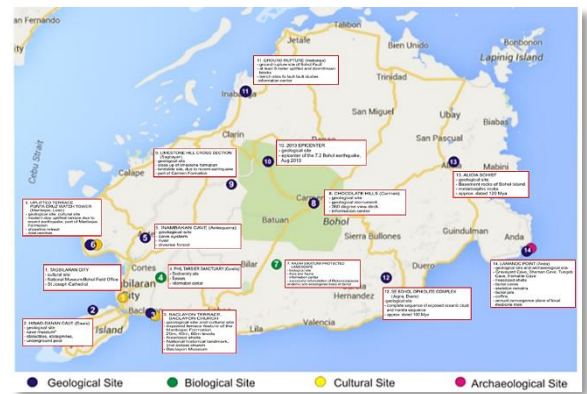

## Equitable Economic Growth with Environmental Sustainability

- Bohol One Stop Shop (BOSS) and its *Asenso Negosyo* Caravans, in partnership with the DTI and other national government partners.
- Pursuing Local Economic Development through Investment Promotions and Business - Friendly Environment, especially through our Enhanced Bohol Investment Promotion Program (eBIPP).
- Coastal Resource Management and Coastal Law Enforcement, establishment of Giant Clams Hatchery and Marine Protected Area (MPA) Underwater Biophysical Monitoring.
- Location and Distribution of the Proposed 14 Conservation Farming Sub-Projects under INREMP.

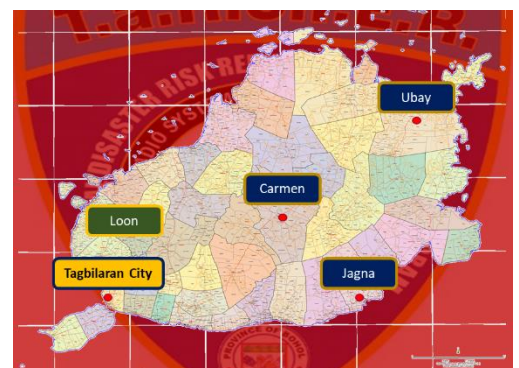

- A-1 performance for the Provincial Government of Bohol for our Environmental Management System, wherein auditors found ZERO minor and major non-conformities during the surveillance audit! Our next challenge is transitioning our EMS to ISO 14001:2015 standard and start preparing for the implementation of the Quality Management System (QM S) based on ISO 9001:2015 standard.
- Bohol is aspiring to be the country's 1st UNESCO Global Geopark, as initiated by the University of the Philippines School of Urban and Regional Planning (UP-SURP) with help from the University of Hamburg in Germany.

### Disaster Risk Reduction and Management/Climate Change Adaptation

- The very active Provincial Disaster Risk Reduction Management Council (PDRRMC), which was again put to the test during the landfall of Typhoon Basyang in February.
- Upgrading and augmentation of equipment and facilities.
- The New PDRRMC Command Center in Camp Bernido is now completely constructed and operational.
- Establishment of TaRSIER 117 Sub-Stations, with another one forthcoming in Loon. Tarsier 117 services are reaching even more communities now.
- Throughout the province, PDRRMO continues to strengthen Capacities of Local DRRMOs and other LGU-based response groups.
- Strengthening Capacities of Institutions and Government/Private Organizations on DRRM.
- Disaster Response and Assistance in partnership with the Department of Social Welfare and Development (DSWD) and other agencies and volunteer groups.
- Support to the 50th ASEAN Meetings hosted in Bohol.

### Health and Sanitation

- As part of Bohol's continuing commitment to improve the quality of health services, upgrading of Hospital Facilities and Equipment was sustained, under the multi-year Hospital Modernization Program.

- The province had sustained the following Effective Health Programs:

- Dengue Prevention Program
- Non-Communicable Diseases/Healthy Lifestyle Program
- National Leprosy Control Program
- Support to Persons with Disability
- Adolescent Program
- Family Planning Program
- Renal Disease Control Program
- Schistosomiasis Control & Elimination Program
- Nutrition Program
- Health Education and Advocacy Program
- National AIDS and STI Prevention and Control Program
- National Voluntary Blood Services Program
- Environmental Sanitation Program
- Bacteriological Water Testing Laboratory
- Drug Testing Laboratory
- Population Commission Program (for which our young leaders and advocates have also won awards and recognition)
- Rabies Prevention and Control Program, with both human and canine elements

- Medical and Surgical Outreach Activities, such as our Medical, Dental and Tuli Missions on the local front.

- The Foreign Surgical and Medical Missions facilitated by the Gift of Life Foundation, under the resourceful and passionate leadership of Ms. Fancy Baluyot, served a total of 2,314 beneficiaries in various activities with services valued at more than P70 million, in 2017 alone.

## Education and Skills Development

- The current provincial leadership continues to give full support to its President Carlos P. Garcia Scholarship Program, the Bohol Educational Subsidy Program, and the Dynamic Learning Program.
- Bohol's continued support to education is exemplified by the no-less-than-exemplary performance of the Bohol Island State University (BISU) in the following licensure exams (the only state university in the province):
  - 3rd Top Performing School in the September 2017 Registered Electrical Engineer Licensure Examination.
  - 5th Top Performing School in the September 2017 Registered Master Electrician Licensure Examination.
  - 3rd Top Performing School in the November 2017 Civil Engineering Licensure Examination.
  - 6th Top Performing school in the September 2017 Licensure Examination for Teachers.
  - 2nd placer among examinees of the September 2017 Licensure Examination for Teachers Elementary Level.
  - 3rd placer among examinees of the September 2017 Licensure Examination for Teachers Secondary Level.

- Partnership with relevant National Government Agencies and Stakeholders:

- Turn-over of Phase I of the Turo Turismo Senior High School Tourism Learning Facility in Lourdes National High School, Panglao, and the Unveiling of Phase II.
- Eskwela Agrikultura, our Agriculture Entrepreneurship Senior High School Program.
- Advanced English Pre-Employment Training (AdEPT) Train the Teacher Program
- The 1st Bohol ICT Education Summit.
- Anti-Illegal Drugs Campaign among school children.

- And still more of the provincial innovations in education: Special Program for Employment of Students, Student Recognition Program, Classroom Building Needs.

## Agriculture and Food Security

- Implementation of Philippine Rural Development Project (PRDP), which has made possible the Rehabilitation of 8 Farm-to-Market Roads through I-BUILD, with a total of 52.5 kms. total road length, and P531.9 Million Total Project Cost.
- Under PRDP I-REAP Subproject Component, the PGBh is funding a variety of Small Livelihood Projects throughout the province, benefiting many farmers and communities through people's organizations.
- Bohol's envisioned status as the Dairy Capital of the Philippines is made closer to reality with the help of DA Sec. Manny Piñol, OPA and OPV, through the Bohol Dairy Processing and Marketing Enterprise, implemented in partnership with the Bohol Dairy Producers Association (BoDPA), at a P9.2 Million Project Cost. The Ubay Stock Farm is seen as the breeding area for Girolando cattle from Brazil, and will increase dairy animal and milk production from 1.8% of the national requirement to 10% by 2022.

- There are small Global Environment Facility (GEF) Projects as well, giving packages of assistance to seaweed industry farmers and communities.
- In Region 7, Bohol is an outstanding implementer of PRDP in terms of preparation of Provincial Commodity Investment Plans (PCIP) while it is no.1 in the entire PRDP-Visayas Cluster with the highest number of approved PCIPs.
- Crops Productivity Enhancement, with Rice Seed Production attaining 118% accomplishment from 400 hectares targeted to 471 hectares actually planted.
- Rice Situation and Outlook indicates that, with a 48% increase in rice production, the Province of Bohol has the highest percentage

increase in the entire Philippines. Of course, Bohol is the main source of rice in Central Visayas.

- The province continues with Farm Modernization Program, High-value Crops Development Program, Bohol Organic Agriculture Program, and Fishery Resource Development Program.
- The Office of the Provincial Veterinarian's (OPV) very well-performing Livestock Development Program, which has resulted in a P50.9 Million economic contribution of Artificial Insemination (AI) thru offspring produced, among many other positive indicators. This is augmented by the Barangay Livestock Aide (BALA) Program, also being implemented by the OPV as well as the Native Chicken Development Program, LETS HELP BOHOL Program, Meat-based Enterprise, Livestock Disease Prevention and Control and Livestock Delivery to CDP-PPM Areas.
- The Galing Pook Award-winning Bohol Rabies Prevention and Elimination Program has 82,530 dogs vaccinated, achieving 71.90% dog vaccination rate, exceeding the national standard of 70%.
- The province's Agricultural Achievers were cited in provincial, regional and national searches: the 2017 winners for SUHID sa Malampusong Mag-uumang Bol-anon, our Agricultural Extension Workers, and our National Rice Achiever.

## Tourism and Livelihood

- Bohol is going full speed ahead with its Development, Marketing and Promotion of Tourism Sites and Attractions, which has seen consistent increases in cruise ship arrivals, tourist arrivals (per BTO figures), accommodation establishments, and especially in the hosting of international events, which augurs well for Bohol's bid to be a world-class venue.
  - Association of South East Asian Nations (ASEAN) Meetings
  - Asia Cooperation Dialogue (ACD) towards Energy Sustainability and Resiliency Conference
  - Coordinating Committee for Geosciences Programs in East and Southeast 69<sup>th</sup> Steering Committee Meeting
- The distinct Bohol brand is very well exemplified by the "Behold Bohol" tagline, logo and overall theme. The Behold Bohol App was developed and contributed by Mr. Thomas L. Ridenour of TarShare.
- Through the Bohol Tourism Office (BTO), the province continues to enhance its tourism services towards barrier-free tourism. It also continues to raise Bohol's visibility through Bohol Branding, Philippine Travel Mart and Travel Sale Fair, Online Publications, Articles and Blogs as as promotional videos

well

Festivals, local activities and new Bohol Eco-Tourism Sites.

- Development, Marketing and Promotion of Tourism Sites and Attractions
- In promoting Livelihood, Bohol has a wealth of successful initiatives in Employment and Placement, Education and Skills Development, Labor Market Information and Mobile Services, Conduct of Local and Overseas Job Fairs and Special Recruitment Activities

## Information Technology

The province collaborates with the private sector in the pursuit of ICT events, strategies and programs, such as:

- The 1st Bohol Education Summit, 5th VICTOR Conference and 3rd Visayas Creative Congress, as well as various other events to welcome startups and investors into the province.
- Although private telecommunications companies tend to be very secretive about their plans, we are happy to report that Globe has disclosed its plan to expand its network by 6 more wireless sites this year, with upgrades to deliver 100 megabytes per second.
- Business Process Outsourcing (BPO) continues to develop in BOHOL through these companies, including new establishments Tagbilaran Uptown IT Hub (of Engr. Albert Uy) and Alta Citta IT Building (of Mr. Mar Uy).
- The province also has its own in-house services by Bohol Information Communication and Technology Unit (BICTU), as well as internally-developed systems and databases.

## Boholano Culture and Heritage Preservation

- Various activities were also initiated to develop our local creative industries in 7 towns, including the conduct of an eco-cultural heritage camp for the youth and the creation of the Bohol Contemporary Dance Company, augmented by the Bohol International Dance Project summer workshops.
- The establishment of the Bohol Film Commission jumpstarted the development of Bohol as a potential film capital.
- With the guidance of cultural experts, Bohol successfully re-conceptualized the Sandugo Festival to celebrate the power and ingenuity of local culture through the Kuradang Street Dancing Competition.
- In the area of the literary arts, the local writers' group, Kaliwat ni Karyapa (KAKA), with the support of CCAD, organized the Balut, Beer ug Balak 2018, an open mic poetry appreciation event for poetry in its multiple forms – read or spoken, sung or even interpreted on film.

- The province also supported the holding of the Tofarm Film Festival in collaboration with the late great Boholano movie director Maryo J. de los Reyes whose recent death was mourned by Bohol for the loss of one of the country's icons in the film industry.
- There will be even more cultural activities to look forward to, as the province anticipates the development of Bohol as the Regional Cultural Hub, with budgetary support coming from the NCCA.
- And something that Bohol is very proud of, and extremely excited about: the restoration of Bohol's heritage buildings and churches the 2013 earthquake. Because of collaboration and convergence with many agencies, most notably the Tourism Infrastructure and Enterprise Zone Authority (TIEZA), National Museum, National Historical Commission, and the Dioceses of Tagbilaran and Talibon, the provincial leadership is very proud to showcase these churches, as rebuilt and restored.

## Affirmation of our Good Governance

The major awards and recognition earned in the previous year are the following:

- ✓ Seal of Good Local Governance (SGLG), which we have now earned for 3 consecutive years!
- ✓ Most Business-Friendly LGU Award (Province Category, Level 1), awarded by the Philippine Chamber of Commerce and Industry and Pres. Rodrigo Duterte in formal ceremonies held at the Manila Hotel
- ✓ National Grand Winner, Best Provincial Implementation of the Integrated Community Food Production (ICFP) piloted in the Municipality of Cortes
- ✓ National Best Partner in the Anti-Illegal Recruitment Campaign (PAIR) Award given by the POEA
- ✓ Recognition for our support to the National Voluntary Blood Services Program
- ✓ Top Performing Provincial LGU in terms of Increased LGU Budget Allocated to Health
- ✓ Special Citation in due recognition of our active role in helping to improve the health of Filipino children through newborn screening
- ✓ Special Recognition for Renal Disease Prevention Program
- ✓ Special Citation for HIV Program, All for Health Towards Health for All, and Mental Health Program
- ✓ Command Plaque for the Province of Bohol from the AFP recognizing our support to the Philippine Army in its community-based Peace and Development initiatives, especially for the former rebels
- ✓ Gawad Tugas, in the Field of Patent Issuance

## Challenges

With major challenges, and, together with our partners and stakeholders, the provincial leadership commits to:

- ✓ Continue the trend of poverty reduction
- ✓ Sustain the robust business climate

- ✓ Manage prices of prime and basic commodities
- ✓ Address traffic concerns and promote seamless travel
- ✓ Ensure sustainable tourism development
- ✓ Institutionalize barrier-free tourism
- ✓ Preserve peace and security
- ✓ Fast-track implementation of power and water investments
- ✓ Enhance capacity of Boholanos towards making the province a center for excellence and development in agriculture, tourism and ICT
- ✓ Promote public awareness and understanding on federalism and constitutional reforms

### Proposed Legislative Action

These challenges will need pro-active action from Congressmen, the *Sangguniang Panlalawigan*, and even local *Sanggunians*. They include the following:

- ✓ A Congressional inquiry into the rising prices of fuel, fish and other basic commodities, so that the industry players in the government and private sectors will put their acts together to help address the situation
- ✓ Local legislation on the part of component LGUs requiring establishments to conform to the Accessibility Law in the approval of permits, to ensure barrier-free tourism
- ✓ Local legislation of component LGUs requiring mandatory submission of reports by all establishments (especially data on tourist arrivals and accommodations)
- ✓ Additional legislation for compliance to regulatory policies

### Updates on the Top 10 Major Development Projects

- The Bohol Panglao International Airport in June 2018 will be ready for its inauguration. This project was conceptualized as a dream under the leadership of then Governor Constancio Chatto Torralba, 30 years ago.
- The New Provincial Capitol Building, which will also be inaugurated this year, which was also a dream, under the term of then Gov. Lino Chatto, more than 40 years ago.
- The Bohol National Museum, which will now house Boholano artifacts and artworks, providing another showcase of the creativity, artistry and ingenuity of the Boholano. This means the fruition of another dream by a great Boholano, National Artist Napoleon Abueva and UP President *Emeritus* Jose Abueva.
- The Rehabilitation and improvement of the CPG Sports Complex, which is seeing its first full redevelopment, many decades after it was constructed by Pres. Carlos P. Garcia as the Governor of Bohol.
- Bangko Sentral ng Pilipinas – Bohol Branch, set to be built in a 5,600-square meter lot in the Municipality of Dauis. This was a long-held dream of the business and banking community – for decades.

- Bohol as the Dairy Capital of the Philippines, which was just launched together with Sec. Manny Piñol of the Department of Agriculture.
- The Hospital Modernization Program - continuing improvement of hospital facilities - which includes the establishment of a Blood Service Facility at the Garcia Memorial Provincial Hospital, to provide free blood and blood products to Boholano patients, especially those confined at our Provincial Government-owned hospitals.
- Repair and Rehabilitation of the Capitol Annex Building.
- The Bohol Youth Home, for children in conflict with the law, which will be constructed with provincial funding of P80 million, supplemented by a P10 million grant from the Department of Social Welfare and Development (DSWD).
- The Bohol Drug Rehabilitation Center, to be funded by the Department of Health and donor agencies.
- The New Offshore Connector Bridge to link Tagbilaran City to Dauis and Panglao, which will be the 3<sup>rd</sup> bridge. The project will have initial funding from DPWH in 2018, at an estimated Project Cost of P4.2 Billion.
- One Bohol Power Project for Sustainable Long-term Power Supply; this aggrupation of private sector partners in the power industry, will soon be open for Competitive Bidding for affordable, reliable and environment-friendly power supply for Bohol.
- The Bulk Water Supply Project, for competitive bidding for bulk water supply of clustered towns. Aside from the investment of Richli Corporation which is now ongoing, the clustered bulk water supply procurement process is now under way.
- The Gov. Celestino Gallares Medical Center, which will have a 525-bed capacity, with project cost estimated at P2.2 billion, with centers in Tagbilaran City and Cortes.

- IT Hubs and Economic Zones will be launched this year, registered under the Philippine Export Processing Zone Authority (PEZA), creating more jobs.
- The Bohol International Convention Center, which is envisioned to be achieved with public-private sector investments to hopefully host APEC, ASEAN and other international gatherings.

More long-term projects in the pipeline, as planned in our Provincial Development and Physical Framework Plan, over the next 12 years. The province is not just realizing the dreams of former governors and Boholano leaders, but also starting new initiatives that will also require the support of future leaders.

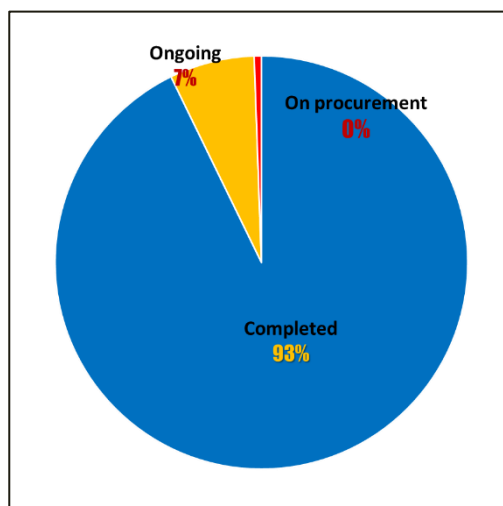

## Post-Earthquake Recovery and Rehabilitation

The Boholanos' resiliency is evident in the way everyone have come together and risen from the rubble of the Great Bohol Earthquake of 2013, a 7.2-magnitude earthquake that had shaken people to the core. Less than five years after that tragedy, the Boholano spirit has triumphed.

An update on the Bohol Earthquake Assistance (BEA) Project shows that 989 projects were completed, 71 projects ongoing, and 6 projects on procurement. At GROUND ZERO, the Municipality of Sagbayan, immediately after the earthquake was a wreckage, and TODAY, it is a proud and bustling municipality that has risen from the rubble.

The spirit of Boholano resiliency was not just evident in Sagbayan, but in the other towns of Bohol, and as shown by impressive infrastructure accomplishments in ravaged areas, highlighting the impressive pace of recovery throughout the province.

## BRIEF DESCRIPTION OF THE PROVINCE

### Location

Bohol is an island province of the Philippines located in the Central Visayas Region (Region 7) consisting of Bohol Mainland and 75 minor surrounding islands. Its capital is Tagbilaran City. Bohol is the tenth largest island of the Philippines, with a land area of 4,117.26 square kilometers (1,589.68 sq mi) and a coastline of about 261 kilometers (162 miles) long. To the west of Bohol is Cebu Province, to the northeast is the island province of Leyte and to the south, across the Bohol Sea is Mindanao.

### Population

The 2015 Census on Population showed that Bohol's population reached to 1.313 Million. This posted a 0.87% average annual increase from the 2010 population count. This annual growth rate is higher than the Central Visayas' growth rate of negative 2.25%. The province's population growth, however, is lower than that of the national annual growth rate of 1.70%. Taking into account this growth, estimated population of the province in 2018 is at 1.348 Million, 1.371 Million in 2020 and 1.432 Million in 2025.

It can be noted that while the population of Bohol has steadily increased, the rate of increase, however, declined from average 1.85% annual increase in 1990-2000 to 0.97% in 2000-2010 and further to 0.87% in 2010-2015.

Owing to the locality's progress in tourism, the municipality of Panglao has the highest growth rate in the Province marking an average annual increase of 3.08%. Other localities with high growth rates include Dauis, Jetafe, Sagbayan, Cortes, Trinidad, Baclayon, Corella, Talibon, and Tagbilaran City. Meanwhile, there are municipalities that posted negative growth rates. These include Dimiao, San Isidro, Mabini, Anda, Loboc, Valencia, Danao, Antequera and Catigbian.

Bohol's population density is 315 persons per sq. km in 2015, higher than the 305 persons per sq. km in 2010. In 1990, the province's population density was only 230 persons per sq. km. Most of the densely populated areas in the province are located along coastal areas, concentrated along the north to northeastern part of Bohol. Among the top 10 densely populated areas in the province include Tagbilaran City (3432/km<sup>2</sup>), Dauis (1065/km<sup>2</sup>), Tubigon, Panglao, Baclayon, Bien Unido, Loay, Pilar, Mabini and Calape. On the other hand, the least densely populated areas include Balilihan (119/km<sup>2</sup>), Bilar, Batuan, Sevilla, Antequera, Danao, Dimiao, Carmen, Loboc and Duero.

## Poverty

The poverty incidence of poor families in Bohol has consistently decreased from 2000 to 2015. From among the 20 poorest provinces in 2000 with a high 50.2% poverty rate of families, poverty incidence significantly improved to 36.6% in 2009 and further down to 21.7% in 2015. The 2015 poverty figure is even lower than the Central Visayas' 23.6% poverty rate among families.

Meanwhile, employment rate in Bohol also improved in the past four years. Based on the Labor Force Survey of the Philippine Statistics Authority (PSA), employment rate of Bohol maintained its increase from the 93.65 in 2013 to 94.8% in 2014 and further up to 95.6% in 2015. Latest figure for 2016 (as of October), has already posted a 96.3% employment rate.

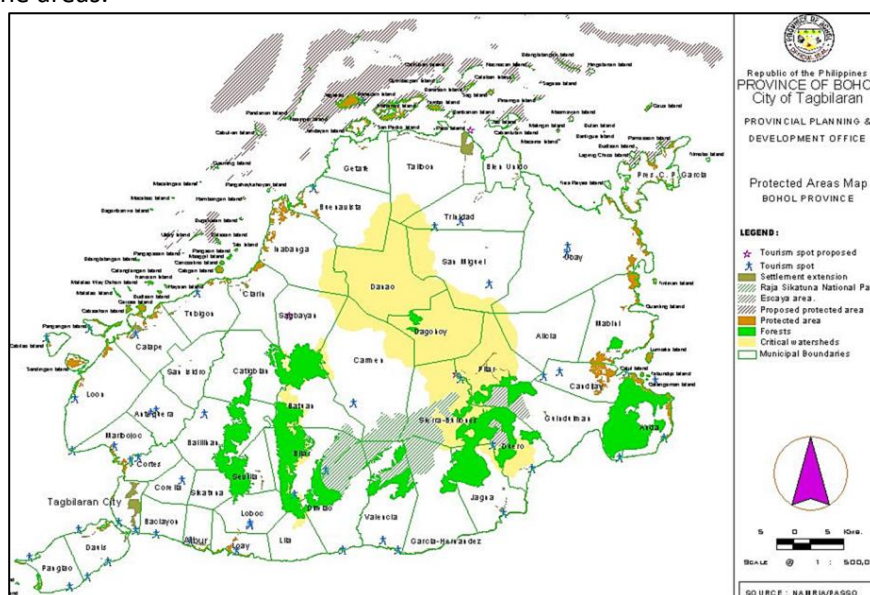

## Physical Resources

Bohol is blessed with a abundant biodiversity and natural resources that significantly influence its future development for agriculture, industry, tourism, settlements, culture and infrastructure. It has high diversity of flora and fauna found in the different ecosystems of the island such as its forests, reefs, farmlands, in zones along creeks and rivers, caves and marine areas.

Bohol has a total land area of 411,726 hectares with 654 kilometers of coastline and 6,245 square kilometers of municipal waters covering its major islands and islets. The province is within four major resource boundaries, i.e., upland/forestry, lowland/agriculture, coastal/marine and water boundaries.

Bohol's water supply system for domestic, agricultural and industrial uses is mainly dependent on 2,224 springs, 59 rivers and 200 creeks. There are 22 rivers basins/watersheds that are valuable sources of water for drinking and irrigation. Surface water from rivers and streams in these basins are impounded and distributed for irrigation, electric generation, industrial use as well as for domestic use.

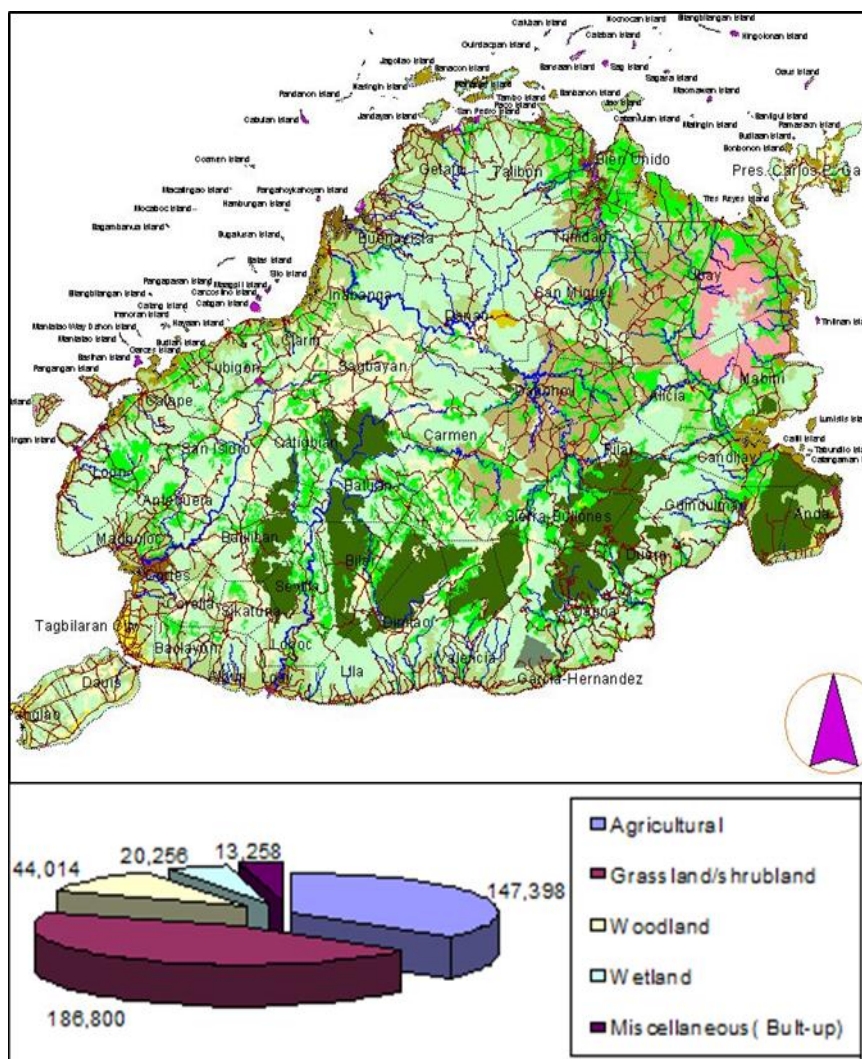

Surface water in Bohol feeds its watersheds. There are 3 major watersheds in the province that have been declared as protected areas under the NIPAS. The largest reserve is the Wahig-Inabanga Watershed covering 16 municipalities with an aggregated area of 14,000 hectares. The second, and first to be proclaimed as a watershed forest reserve in Bohol, is the Loboc Watershed with an area of 10,450 hectares, part of which is inside the Rajah Sikatuna Protected Landscape. The third is the Duero Watershed (that covers an area of 3,620 hectares. The map below shows the location of these watersheds.

Based on the reports of the Mines and Geo-Sciences Bureau of the DENR, Bohol has large deposits of metals and minerals such as limestones, manganese, silica, dolomite, gold, deorite, chromite, rock phosphate, guano (organic fertilizers) and pebbles.

75% of Bohol's land are classified as alienable and disposable (A & D) land. The total area devoted to agricultural use is 273,950 hectares or 45 percent of the total land area of the province. Of the total agricultural area, 50 percent or 156,944 hectares is utilized for the planting of major crops such as rice, corn, coconut and rootcrops.

Bohol's public forestland or timberland occupies an area of about 101,271 hectares or roughly 25 % of its total land area. Almost 15% or 75,766 hectares of the province's land area is under protection through NIPAS System and are classified as environmentally constrained and critical areas.

Almost one-half of the province total land area is covered by grassland / shrub land, while one-third of its total area is utilized for agricultural activities. The province has a larger coverage of woodland (10.69%) compared to Cebu and some other provinces in the region. Wetland constitutes 4.92%, which includes mangrove, nipa, beach sands and fishponds while built-up areas comprise 10.22%.

The Province has the biggest mangrove forest in Southeast Asia located in Banacon, Getafe. There are about 1,200 species of crabs and shrimps with over 6,000 mollusks species found in 15,000 hectares of Baclayon, Daus and Panglao (Bohol Marine Triangle). Bohol has one of the the six (6) World-renown Double Barrier Reefs - the Danajon Double Barrier Reef, covering 13 municipalities. The province has a total of 1,920 hectares of coral reefs and its coastal ecosystem provides the major source of animal protein for the populace.

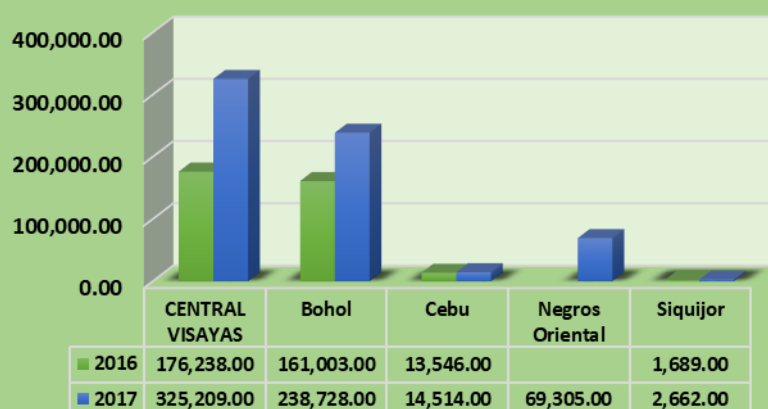

## Economy and Priority Industries

Bohol's economy is largely agri-based with agricultural activities focused on the cultivation of crops and raising livestock. It has been observed that home-based industries, which are mostly of the micro and cottage types, play a vital role in the economy. The government continues to provide support to sustain the development and production of major crops such as palay, corn, high value commercial crops, fisheries through upland and marine aquaculture, organic agriculture and livestock. The development of dairy products is also being pursued, with Bohol being declared as the Dairy Capital in the country by the Department of Agriculture. Support for this program would allow further value-adding processing of cow and carabao's milk, which in turn, will provide higher income for farmers. The provision of support infrastructures is also being undertaken to promote better pre and post-harvest facilities for the benefit of farmers.

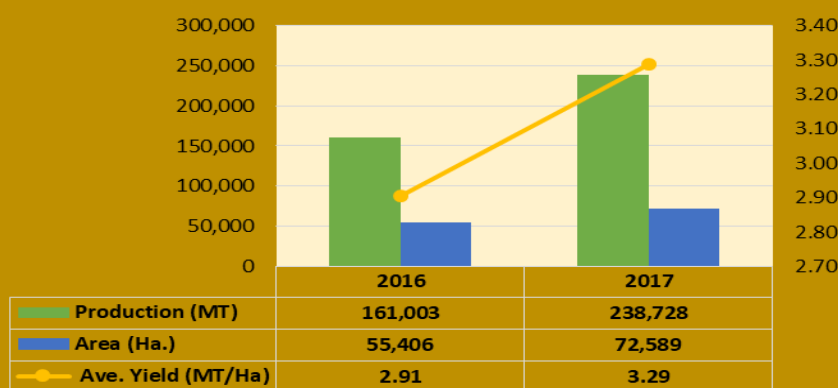

**Agriculture** is the largest sector in terms of providing employment as well as in land use. Of the total land area of the province, 273,950 hectares (66%) are available and use for agriculture. 148,673 hectares or 54% of this area is planted with and harvested of major crops. Among the major crops planted in the area include palay (51%), coconut (24%), corn (9%), fruits, rootcrops, and vegetables.

Bohol maintains its status of being the major producer of rice in Central Visayas. In 2017, palay production of Bohol accounted 73% of the total rice production of the region. Negros Oriental shared 21%, Cebu 4% and Siquijor 1%. Bohol's production in 2017 posted an increase of 48%, which is reported to be the highest percentage increase in the entire country. Area harvested of palay increase by 31% while sufficiency level increased by 48%. Average yield per hectare also improved significantly to 3.29 metric tons per hectare.

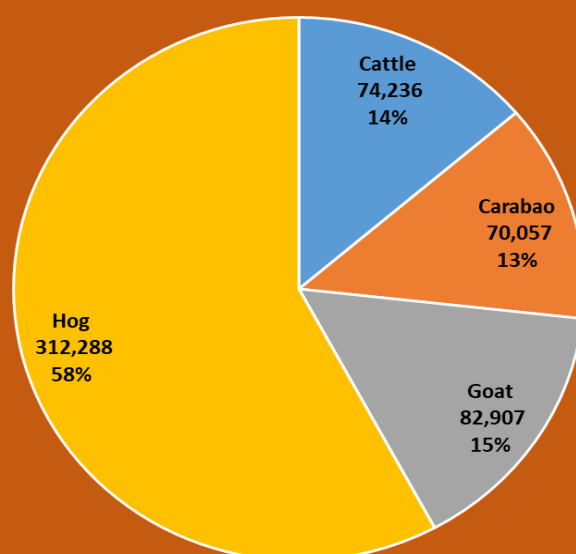

**Central Visayas Palay Production (MT), 2016-2017**

**Bohol Production, Area and Ave. Yield, 2016-2017**

**Livestock Inventory in Bohol, 2017**

For livestock production, there is generally an increasing inventory of cattle, hog, goat, and carabao in the province of Bohol for 2017. Among the livestock inventory, hog remains to be the largest in number with 312,228 in 2017, which has increased by 2% compared to 2016 inventory levels. This is followed by goat, cattle and carabao. Meanwhile, chicken inventory in the Province in 2017 posted a high 3,494,575.

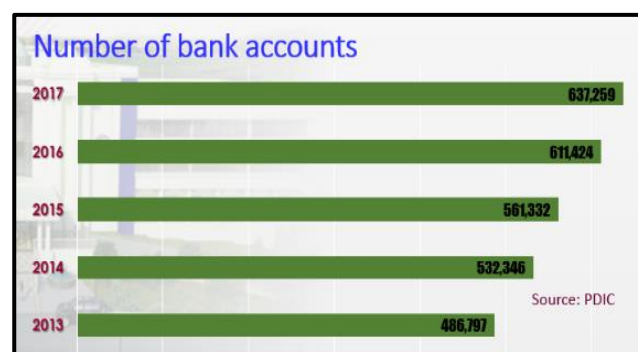

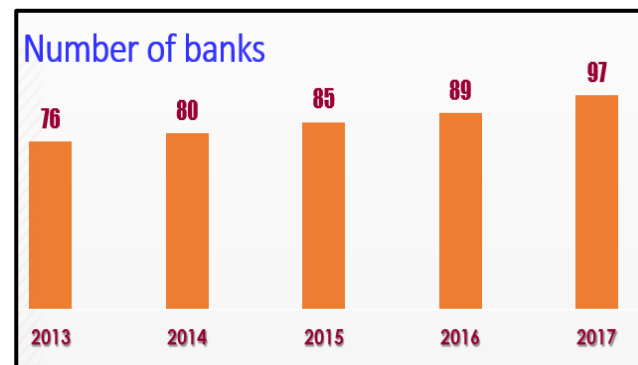

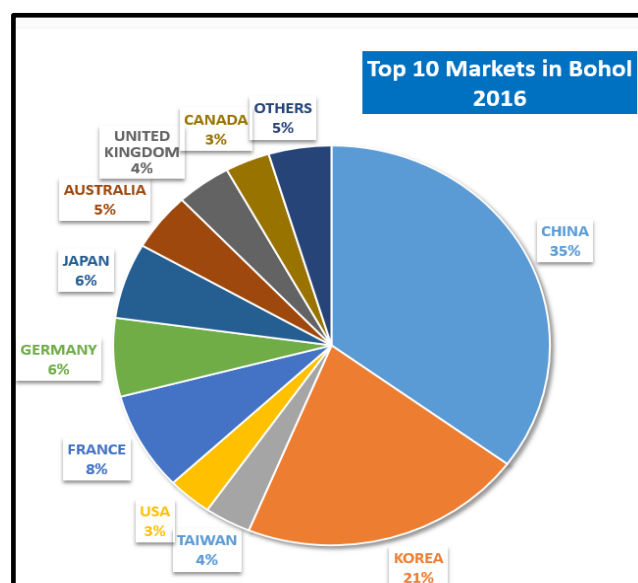

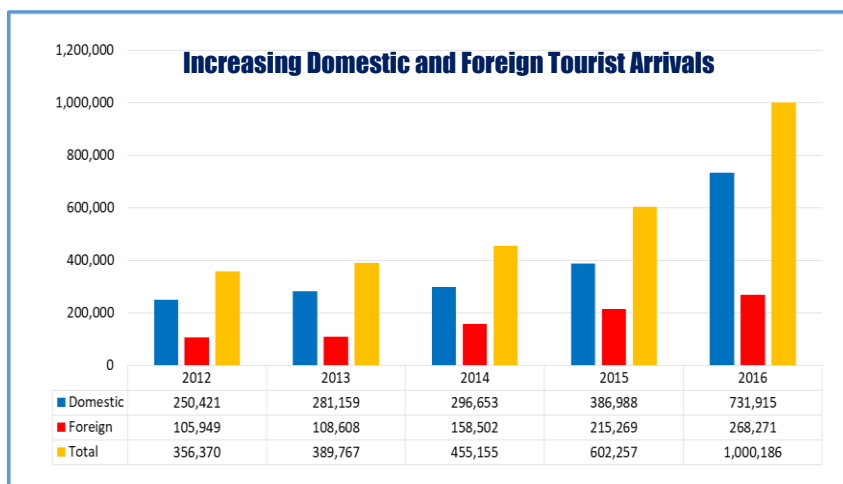

The **tourism industry** in Bohol is sustaining with the increasing number of reported tourist arrivals. It can be noted that the progress in tourism is supported by both the government and private sector, with the former putting in place the basic infrastructures and promotion for tourism while the latter pouring their investments for tourism-based facilities like resorts, hotels, restaurants, tourism sites and activities.

Based on the latest available data on tourism arrivals, visitor arrivals has increased by 180%, comparing the 2012 arrivals of 356,370 and 1,000,186 in 2016. It is worthy to note that even after the 2013 earthquake, visitor arrivals has increased further with 16.7% increase in 2015. This further increased by 66% in 2016. Domestic visitor still accounts the majority share of the total arrivals with an average of 69% for the period 2012-2016. Foreign visitors, meanwhile on average, shared 31% for the period.

Among the foreign visitors in the province for 2016, visitors from China dominated the tourism market, sharing 35%. It is followed by the Koreans accounting 21% of the foreign visitors. Other top foreign visitors include Americans, French, Japanese, Germans, Taiwanese, Australians, British, and Canadians.

Bohol has continue to be highlighted in international events. In 2017, Bohol has hosted several ASEAN meetings as well as international meetings. This reaffirms the province's capacity to hold these events in terms of quality of services and facilities, security, interconnectivity and other factors that led to the decision of hosting important national and international events in Bohol.

Meanwhile, the Boholanos has also seen a very thriving banking industry in the province, with the noted increasing number of banks operating in various locations. It can be noted that number of banks has grown to 97 branches, way higher than what it was in

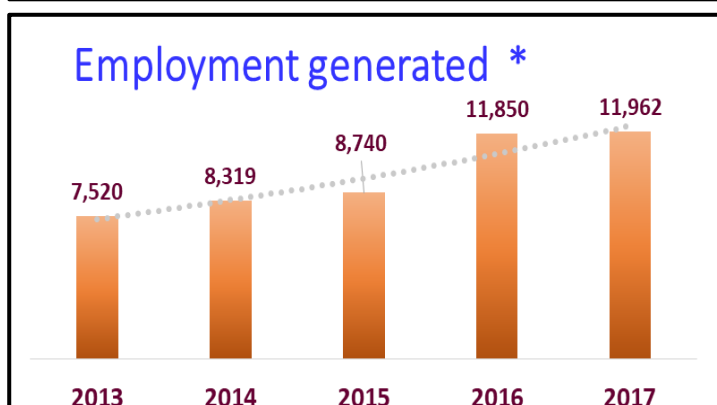

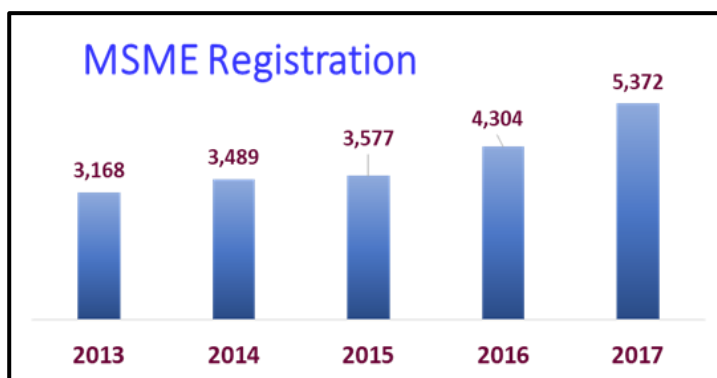

2013. Correspondingly, the number of bank accounts has also increased. Based on PDIC report, total bank accounts in Bohol has already reached to 637,259, marking a 31% rise from the 2013 figures.

Noting on these growth indicators, the Banko Sentral ng Pilipinas will establish its Bohol Branch, to support and sustain the development of the banking industry in Bohol. Construction of such facility is expected to start in 2018.

In **terms of investments and trade**, the Bohol Investment Promotion Center (BIPC) and the Office of the Provincial Agriculturist reports showed that a total of P7.332 Billion has been invested in the province for the period 2014-2017. Majority of these investments were poured in for accommodation facilities, enterprise/ economic activities/ zones, medical, agri-business and retail.

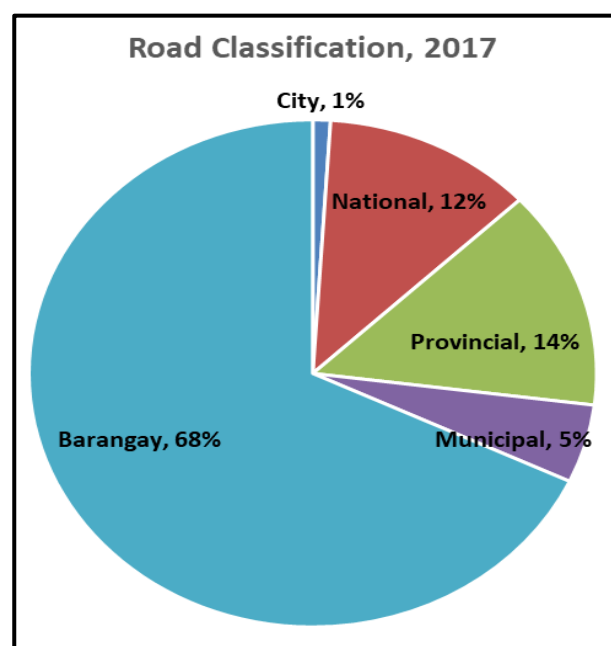

For micro, small, and medium enterprise (MSME) development, Bohol's business registration marked a significant increase of 25% from the 2016 figures. Total registered MSMEs in 2017 posted 5,372 that generated 11,962 jobs. This shows how MSME operation in the province is helping the growth of the economy and ultimately the reduction of poverty among families.

An emerging industry in the province of Bohol, which supports its economic development, is the information, communication and technology (ICT) sector, which has started to provide employment opportunities to Boholanos. New IT buildings are expected to be constructed in 2018 that will open new jobs to support IT-based services and products.

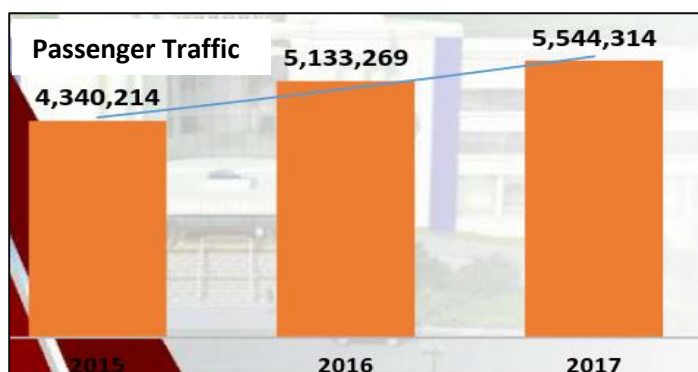

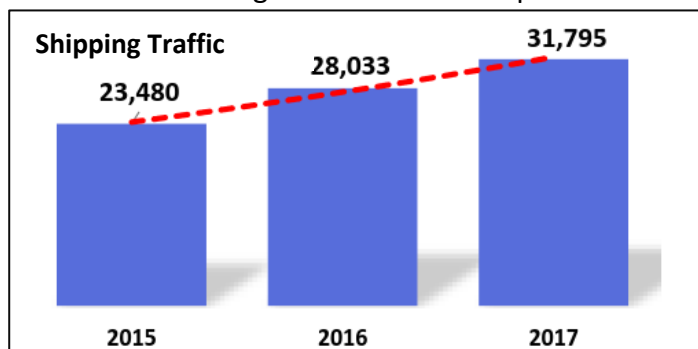

### Infrastructure Support

In 2017, Bohol's **total road** length is reported to sum up to 6,146.42 kilometers. Of these roads, 14% is classified as provincial roads and 12% as national roads. The municipal road accounts 5% while city roads 1%. Barangay roads account the longest stretch of roads, accounting 68%. In terms of type of pavement, Bohol's road is mostly gravel, which account 51% of the total road length. Ongoing concreting of roads has gradually increased the length of concrete roads to 1,648.72 kilometers, which now accounts 27%. Earth roads has a total of 1,145.237 kilometers sharing about 19% of the total length. Asphalt has the shortest length of only 198.49 kilometers. Through the years, road improvement projects have been implemented in the province.

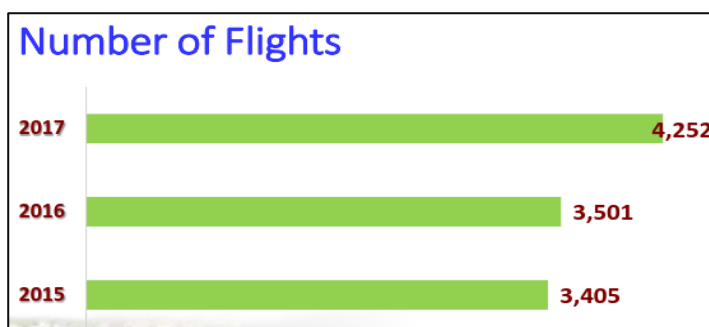

Most notable are the road projects by the national government funded through the regular programs of the DPWH, DAR and DA as well as other various convergence programs. Local government units are also providing a significant share in the improvement of roads through their local development funds.

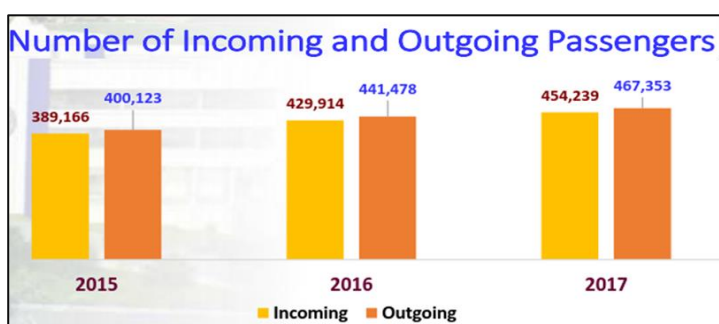

In terms of sea travel, records of the Philippine Ports Authority (PPA) showed the uptrend of activities at the PPA-run ports in the Province. For 2017, shipping traffic reached to 31,795, which is 13% higher compared to the 2016 traffic. Passenger traffic also posted sustained rise in number. In 2017, passenger traffic reached 5.5 Million, higher than the 5.1 million 2016. Domestic cargo throughput recorded 3.724 Million Metric tons, which is significantly higher by 19% from the 2016. Foreign cargo throughput also showed an increase by 3%. Container traffic posted 33,256 TEU, up by 10%. Roro traffic also increased by 28% posting 131,800 units. With these increase in port operations and activities, the Bohol PPA-PMO posted the 2<sup>nd</sup> highest percentage increase in revenues in 2017 among the PMOs in the Visayas.

Meanwhile, statistics for **air travel** has shown the continuous positive trend for this mode of travel. While still being served by the Tagbilaran City Airport, which has limited capacity and space, number of flights in 2017 posted a high 4,252, marking a significant increase by 21%. It is worthy to note that even before the operation of the New Bohol Panglao International Airport, new flights have been deployed by airline companies in the province. In 2017, flights have been started to link Tagbilaran City to Cebu, Cagayan De Oro, Davao, Clark and Korea. This is on top of the increasing number of flights to and from Manila.

Passengers for air travel correspondingly posted notable increase both for incoming and outgoing passenger. In 2017, reports of the CAAP showed incoming passengers accounted 454,239, which posted an increase by 5.65. Meanwhile outgoing passengers were reported to reach 467,353, which is higher by 5.8% from the 2016 figures.

For **land transportation**, an increasing number of vehicles in the province has been reported. For 2016, total number of registered vehicles has reached to 84,287, which is significantly higher than the 73,644 in 2015. This is translated to 14.5% increase. Such increase poses great challenge for land

transportation managers and planners, on how to ensure a smooth and seamless travel within the province.

In the area of **energy**, majority of the power source of Bohol is coming from the Leyte-Bohol Power Internnection thru submarine cables with power sources from the Geothermal Plant of Leyte and other sources from Cebu province. Bohol has three (3) Hydropower plants with total capacity of only 3.9 MW. A diesel plant is located in Tagbilaran City with capacity of 16.2 MW. A new transmission submarine cable to link Cebu and Bohol province is expected to be completed in 2020. This will provide the redundancy mechanism for a more stable power supply for the province. Furthermore, long-term strategy of the province is to have a resilient, reliable and environmentally-friendly power supply in Bohol to support its expected growth in the near future. Power aggregation has been employed by the exiting 3 distribution utilities, with the assistance of the USAID COMPETE and guidance of the Bohol Energy Development Advisory Group (BEDAG). Proper public consultation shall be undertaken to set the right technologies that should be used for Bohol, with due consideration to affordability, reliability and environmental effects of such power sources.

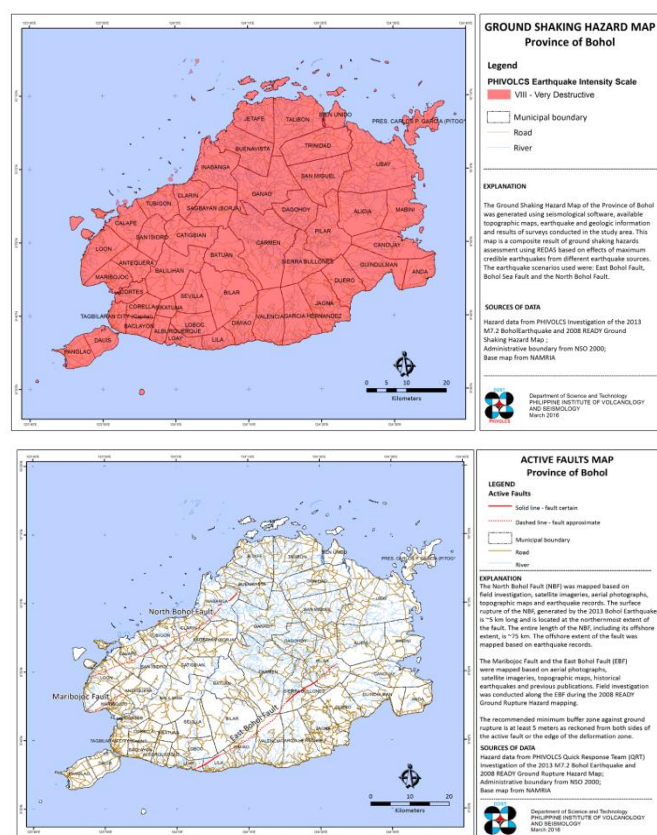

Power Plants	Installed Capacity (MW)	Dependable Capability (MW)
<b>Bohol Diesel Power Plant (BDPP)</b>	<b>22.0</b>	<b>16.2</b>
<b>Santa Clara Corp. (Formerly LHEP)</b>	<b>1.2</b>	<b>0.9</b>
<b>Janopol Hydroelectric Plant (JHEP)</b>	<b>5.0</b>	<b>1.8</b>
<b>BOHECO I-Sevilla Mini-Hydro Corp. (BSMHC)</b>	<b>2.5</b>	<b>1.2</b>

<b>Total</b>	<b>110.7</b>	<b>100.1</b>
<b>Forecasted Demand</b>		<b>70.0</b>
<b>Net Reserve</b>		<b>40.7</b>

## Natural Hazards

The Province of Bohol is prone to several hazards. Its inhabitants are vulnerable and at risks for natural calamities such as typhoons, earthquakes, flooding, tsunami, storm surges, wind wave, landslides, liquefaction and drought.

Based on the Hazard Susceptibility Study conducted in Bohol, eight (8) of the 48 towns/city are vulnerable to all types of hazards (Cortes, Duero, Guindulman, Inabanga, Jagna, Loay, Maribojoc, and Valencia) while the rest of the municipalities are prone to 3 to 7 hazards.

After the Great Bohol Earthquake and strong typhoons in in 2013, which caused the lives of Boholanos and destroyed Billions worth of properties, the public and government have strengthened their awareness and readiness for better disaster risk reduction management at the local level. Capacities are continually being improved not just for emergency responders and the government but also down to the household and purok level to ensure that the risk for people are reduced and/or prevented.

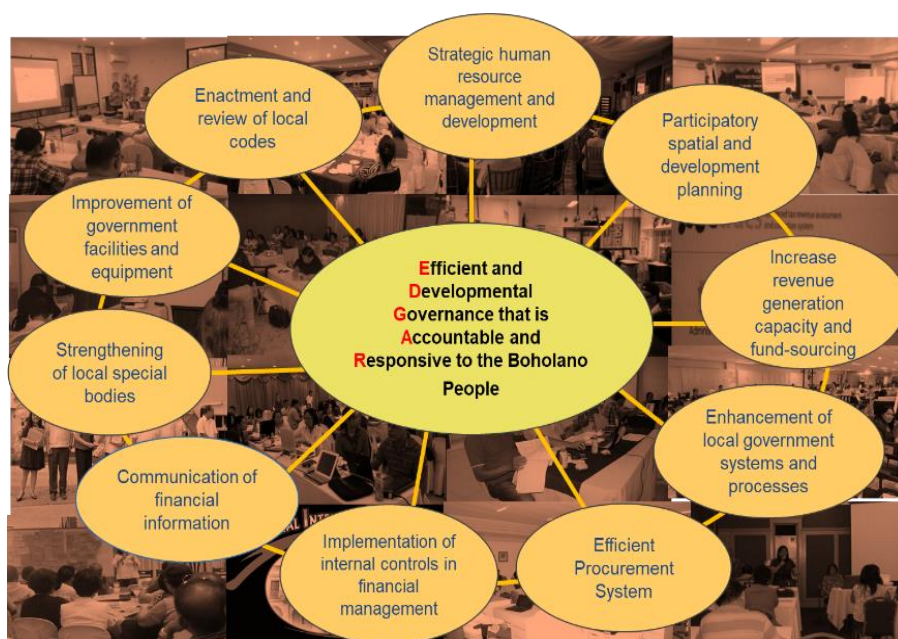

## STATE OF ADMINISTRATIVE GOVERNANCE

The pursuit towards reforms in governance has been one of the development priorities of the Provincial Government of Bohol (PGBh). Strategies are sustained by the bureaucracy for better effectiveness, efficiency, responsiveness and accountability in the delivery and management of public services and facilities. Offices continue to implement and improve existing systems and processes to achieve set targets.

Guided by the major strategies as enshrined in the INSPIRED HEAT-IT BOHOL development framework, the PGBh has strengthened its **human resource management** and development interventions with the institutionalization of the program on meritocracy and excellence for human resources. Through the Provincial Human Resource Management and Development Office (PHRMDO), efforts are undertaken for the competency-based recruitment, which basically sets the competencies on top of the basic requirements for available positions. This will set a more competitive and strategic process of selecting candidates to perform mandated functions of the organization. Correspondingly, the Competency-based Learning and Development is spearheaded by the PHRMDO to ensure that personnel are kept abreast with new and applicable skills to perform better their responsibilities and effectively address the multi-faceted needs of constituents.

Performance of personnel are managed and tracked with the full implementation of the Strategic Performance Management System (SPMS). Such system allows to set and measure the direct link and contribution of all individual personnel to the attainment of goals of the section and division they belong, to the office and eventually to the entire organization of the Provincial Government. To recognize the exemplary performance and dedication of personnel, the rewards and recognition initiative has been continued. The Gov. Edgar M. Chatto Model Employee Award is given to deserving employees of each of the department/ office every month during the PGBh Convocation Program. Such award, in some way, provides the needed boost to encourage better performance among personnel and at the same time recognize their hard work exerted for public service.

The development of the Province of Bohol emanates from formulated plans and priorities. The Provincial Development and Physical Framework Plan (PDPFPF) of Bohol has laid the general direction of the province until 2028. Taking into account that the PDPFPF has been crafted through **participatory planning processes**, its identified strategies, programs and projects in the local development investment plan (LDIP) serve as guide for the annual planning and budgeting of not just the Provincial Government, but also other local governments, national government agencies, and even the private sector, civil society organizations and other local and international development partners. Planning exercises of local governments in the province has been supported to ensure that plans are consistent with and supportive to the overall provincial development direction. The active operation of the Provincial Development Council (PDC) allows more cohesive and participatory decision-making with regards to project fund-sourcing and endorsement. LGUs are also encouraged to propose programs and projects for funding assistance from various development agencies.

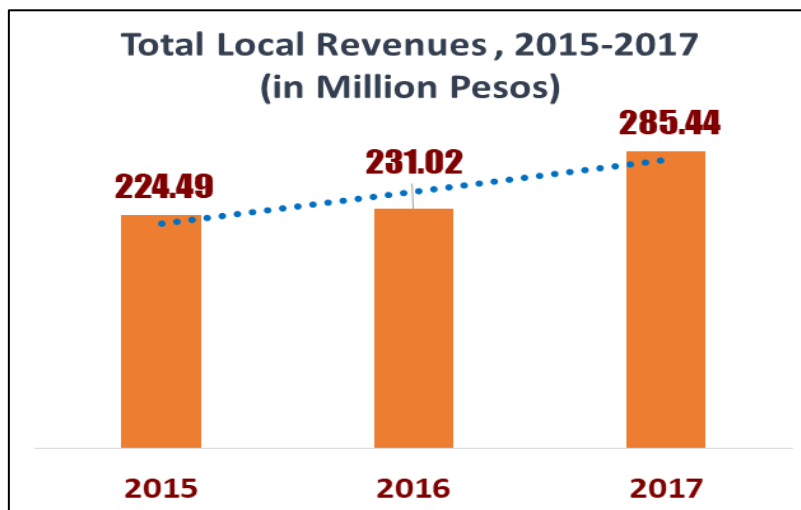

During the year, linkage of development plans of local and national government has been strengthened following the mechanisms laid under Memorandum Circular No. 2017-84 of the Department of the Interior and Local Government (DILG). Such initiative facilitated the harmonization of local development plans with the national development strategies and priorities and at the same time strengthen planning and budgeting linkages within the different levels of government.

In support to proper local roads management, the Province of Bohol was able to craft the Local Road Network Development Plan (LRNDP), which provides the means for the strategic development of local road networks based on sound technical, social, economic and environmental criteria. The LRNDP summarizes the priorities for not just road development but also other governance reform agenda of the province to cover, among others, public financial management and human resource and development. The plan also allows all municipal and city local government units to identify their core roads, and plan for the yearly improvement and upgrading within the planning period. The plan also facilitates the convergence between national and local governments through the preparation of investment plans proposed for funding from various sources. The process of crafting the LRNDP provided the capacity for LGUs to inventory their local roads as well as prioritize investments through the use of core-roads selection criteria.

As one of the priority areas on **public financial management**, revenue-generation activities have been pursued by the PGBh in an effort to raise more funds from local sources to support the implementation of development programs. In 2017, collection from local sources posted a significant increase by 24%. This performance has further sustained the uptrend of collection from internally-generated revenues. Total collection from local sources reached P285.44 Million, showing consistent increase from the P224.49 Million and P 231.02 Million in 2015 and 2016, respectively. The Provincial Treasurer's Office reported on higher collection on the following local revenue items: real property taxes, transfer tax of real property ownership, income from accountable forms, hospital fees and dividend income.

The creation of the Provincial Economic Enterprise Management Unit (PEEMU) paved the way for the establishment and operation of Café Caloy, which is an initiative for the PGBh to manage its own revenue-generating restaurant/ function hall in support to eco-cultural tourism development. Other economic enterprises are on the works, to include the Bohol Biodiversity Center in Bilar, which is gaining popularity among the environmental conservation sector.

Necessary improvement of systems and processes were also undertaken during the year for a more effective management and reporting of financial transaction. Through the Provincial Accountant's Office, the Philippine Public Sector Accounting Standards which conforms to international Standards is now fully implemented. The said office also launched the Document Archival Information System (DAISy), and has worked with other offices for the development and documentation of the Provincial Government of Bohol – Unified System (Initiation Phase).

The Provincial Internal Audit Office (PIAO) continues to effectively provide and recommend the necessary policy guidelines to ensure government resources are well-managed based on set internal control standards. The Office sustained its conduct of regular, special and follow-up Audit Engagements, workshop and training on baseline assessment on the internal control system, and budget utilization analysis. PIAO also enhanced its Audit Recommendations Monitoring System (ARMS) and continues to monitor and update the Status of Implementation of the COA Findings and Recommendations.

The Local Finance Committee (LFC) actively operates to formulate and recommend fiscal policies to the local chief executive as well as the Sangguniang Panlalawigan. The committee has assessed fiscal performance with the use of the PFM Assessment Tool, which served as basis for the formulation of the PFM Improvement Plan. With the existing electronic-based financial management information system, the generation of financial reports is facilitated to aid decision-making.

For resource allocation, the 2017 Provincial Budget has been operated through the Appropriation Ordinance enacted by the Sangguniang Panlalawigan. The Annual Budget provided allocation for priority programs and projects consistent and supportive to the overall development framework of the PGBh. The budget is also based on the financial requirements of the Annual Investment Program for 2017. Based on the DBM guidelines, the budget conformed with the necessary statutory and contractual requirements. The Annual Budget went through a series of review process (executive review) conducted by Governor with the members of LFC. The Sangguniang Panlalawigan conducted their own separate legislative budget hearings before the approval of the Appropriation Ordinance.

The budget execution is managed by the Provincial Budget Management Office (PBMO) through the E-Budget System. Such system has facilitated the processing of various financial claims of the PGBh covered by appropriations. As part of the participatory process of budgeting, the PBMO conducted consultative fora for all offices to ensure that guidelines in budget utilization are followed. Civil Society Organizations (CSOs) are also invited in the process for transparency as well as to generate recommendations in prioritizing government spending.

Innovations on **bringing direct services of government closer to the people** have been sustained by the PGBh. The conduct of the INSPIRED HEAT-IT Bohol caravan has been continued in various locations of the province. For the year, two caravans were held in the Municipalities of Inabanga and Clarin, which served thousands of Boholano constituents. Medical and dental missions were also conducted/ facilitated through the regular medical missions, CDP-PPM Mission, and outreach missions for senior citizens. Medical, Dental and Tuli Missions were conducted in Bilar, Albur, Ubay, Mabini, Candijay, Tagbilaran City, Garcia Hernandez, Carmen, Trinidad, Sagbayan, San Miguel, Balilihan, Cortes, San Miguel, Maribojoc, Calape, Catigbian, Panglao, Sierra Bullones, Clarin, CSOs, and others served 8,644 beneficiaries. Furthermore, the conduct of Medical and Dental Mission to the CDP-PPM areas served 2,992 beneficiaries. Meanwhile, the outreach missions for senior citizens that were conducted in 7 towns were able to provide direct services to 2,557 senior citizens.

In partnership with the Gift of Life, inc., the PGBh supported and coordinated for various Foreign Surgical and Medical Missions. The surgical missions served 71 beneficiaries. The Operation Giving Back Bohol served 197 beneficiaries with services valued at P35 Million. Meanwhile, the Heart Foundation of the Philippines served 31 beneficiaries with quantified cost of P24Million. Other missions include JP Clawson Foundation that served 65 beneficiaries, quantified cost P12Million while the Action of Hope served 1,950 beneficiaries. The Unciano Dental Mega Mission also served 3,277 patients.

The PGBh also provided those in need and the poor with direct assistance through the Aid to Individuals in Crisis Situation (AICS). For the year, a total of 10,971 clients were served with total disbursement recorded at P15.9 Million. Meanwhile, the partnership of the Provincial Government and the Bohol Medical Care Institute (BMCI) for laboratory examination needs of the poor amounted to P1.3 Million in 2017, with 734 indigent clients referred and served.

Country-side Development Program – Purok Power Movement (CDP-PPM) – Bohol's Socio-Economic Strategy for Peace and Development continues to implement various projects and activities. These include the deployment of Proteams in target barangays/ municipalities, delivery of basic services thru convergence, establishment and operation of sectoral working committee volunteers, capacity development training, conduct of peace advocacy symposium and the provision of sustainable socio-economic livelihood.

Further, the Galing Purok Award has been institutionalized by the Provincial Government to recognize the puroks' invaluable support and contribution towards community development. In 2017, 36 winners were conferred with such award coming from the puroks, individuals, barangay, LGU and national government agencies.

**Interconnectivity and partnership** has been strengthened with the continuing convergence between the PGBh and national government agencies, LGUs, CSOs, private sector, development organizations. The PGBh-CSO partnership covenant has allowed for the collaborative implementation of various programs and projects, including the activities during the CSO Week Celebration and the inter-faith dialogue on anti-terrorism campaign.

The PGBh, being known to be a good partner in delivering development programs and projects, has continued to implement convergence programs, including programs funded by Official Development Assistance (ODA) institutions. Among these programs include the World Bank and Department of Agriculture – Funded Philippine Rural Development Project (PRDP), Asian Development Bank – DENR Integrated Natural Resources and Environmental Management Project (INREMP), Korea Program on International Agriculture (KOPIA), USAID-funded COMPETE Projects: Energy Development Project and the Bohol

Water and Sanitation Program, and the JICA – National Government funded New Bohol Panglao International Airport, and the JICA - Nagoya University Bohorizon Project.

Participatory and shared leadership through various local special bodies and councils are also sustained. These councils have been operating to discuss policies, develop directions, and more importantly undertake the priority actions of member-agencies based on mandates and functions. Major councils that actively meet include the Provincial Development Council, Provincial Peace and Order Council, Provincial Disaster Risk Reduction Management Council, Provincial School Board, Provincial Cooperative Development Council, Provincial Tourism Council and Coastal Law Enforcement Council. Special bodies are also organized for the better management of sector priorities such as the Abatan River Development Management Council, Tripartite Industrial Peace Council (TIPC), the Bohol Competitiveness Council, and the Provincial Price Monitoring Council.

Meanwhile, the Panglao Island and Tagbilaran City Executive Council (PITEC) has been established through Provincial Ordinance No. 015-2017, to better manage the resources and development of the Municipalities of Dauis, Panglao and the City of Tagbilaran. Areas of cooperation include environmental management, culture and arts, tourism, urban management, waste management, water and sanitation, climate and disaster resiliency, Investment promotions, and economic connectivity and access. Further, the Bohol Energy Development Advisory Group (BEDAG) continues to provide the appropriate avenue for the discussion of power related concerns. The BEDAG has been very active in the resolution of power problem in the Province of Bohol during the Leyte earthquake in 2017 as well as facilitating for the initiatives that will build power resiliency in the province.

The PGBh also has strengthened and sustained its partnership with the Bohol UP Advisory Council for the provision of technical advice on various development concerns and priorities. The Advisory Council has helped in decision-making processes with their expert and objective recommendations and findings for major developments.

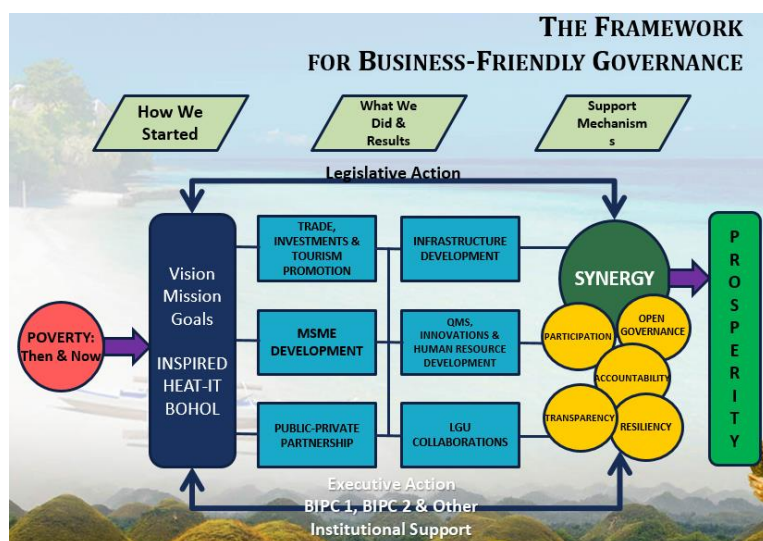

It cannot be denied that the development of Bohol is a product of collaboration with all stakeholder in the province, including direct cooperation with the League of Municipalities of the Philippines (LMP), Vice-Mayors' League of the Philippines, Philippine Councilors League, Liga ng Mga Barangays Bohol Chapter and the 3 Bohol Congressmen. It is important that through this collaboration, the common goal of Bohol can collectively pursued, with LGU and National government priorities aligned.

Pursuing local economic development through investment promotions and business-friendly environment has been sustained with clear partnership and complementation of efforts with the private sector. Among the initiatives include the operation of the Bohol Business One Stop Shop and the Negosyo Center, which is spearheaded by the Bohol Investment Promotion Center. In 2017, Bohol has been given the distinction to be the Most Business Friendly Province of the Country, owing to its policies and facilitation to promote business and investment.

Guided by its vision, mission and goals, the Province pursues prosperity through trade, investment, tourism promotion, MSME development, public-private partnership, infrastructure development, QMS, Innovation and human resource development, and LGU collaboration.

The Province of Bohol has been observed to be one of the Provincial LGUs where governance practices are set as benchmarks. The province is considered a learning destination wherein other LGUs can learn and share best practices and initiatives on Disaster Risk Reduction Management and Emergency Response, Good Governance Systems and Processes, Internal Audit, Public Financial Management and Tourism Governance. Through this, the PGBh has established collaboration with other LGUs and organizations where common priorities are pursued through technical exchanges and technical sharing.

In the area of local legislation, the Sangguniang Panlalawigan of Bohol was able to conduct 49 legislative sessions, through which the August Body enacted a total of 888 resolutions and 14 ordinances. The SP has also able to convened 99 committee meetings, 3 budget hearings, 4 committee investigations and 1 public hearing.

The year 2017 has been a challenging and successful year for Bohol, with the Provincial Government given several awards and citation to affirm its good governance. The Province has been awarded the Seal of Good Local Governance (SGLG) for the third time, receiving the said honor for three consecutive years. The PGBh has sustained its governance efforts for fiscal administration, disaster preparedness, social protection, peace and order, business friendliness and competitiveness, environmental management, and tourism, culture and the arts.

Several programs were also given recognition for its effective implementation. Bohol has been adjudged as the National Grand Winner for the provincial category on Best Provincial Implementation of the Integrated Community Food Production (ICFP), piloted in the Municipality of Cortes.

The Province is also declared as the National Best PAIR (Partner in the Anti-Illegal Recruitment Campaign) (PAIR) Award as well as the Best PAIR (Partner in the Anti-Illegal

Recruitment Campaign) (PAIR) Award - Bohol Employment and Placement Office (BEPO). This is the second time that Bohol and BEPO got these awards.

Bohol is also among the Top Performing Provincial LGUs on Increased LGU Budget Allocated to Health, as recognized by the Department of Health (DOH). A Special Citation was also given in due recognition of its active role in helping government improve the health of Filipino children through newborn screening. Special Recognition for Renal Disease Prevention Program was also awarded by the DOH, including Special Citation for HIV Program, All for Health Towards Health for All, Special Recognition for Mental Health Program.

Meanwhile, the Armed Forces of the Philippines (AFP) awarded the Province of Bohol a Command Plaque In grateful recognition and heartfelt appreciation for the invaluable support to the Philippine

Army in its community-based Peace and Development initiatives, especially for the former rebels, in the Province of Bohol.

Furthermore, the Department of Environment and Natural Resources (DENR) conferred to the Province of Bohol the Gawad Tugas Award for its Patent Issuance, in recognition of having displayed and demonstrated innovation, ingenuity and investment in environmental protection, conservation and management.

## BUDGET PERFORMANCE AND FINANCIAL STATEMENTS

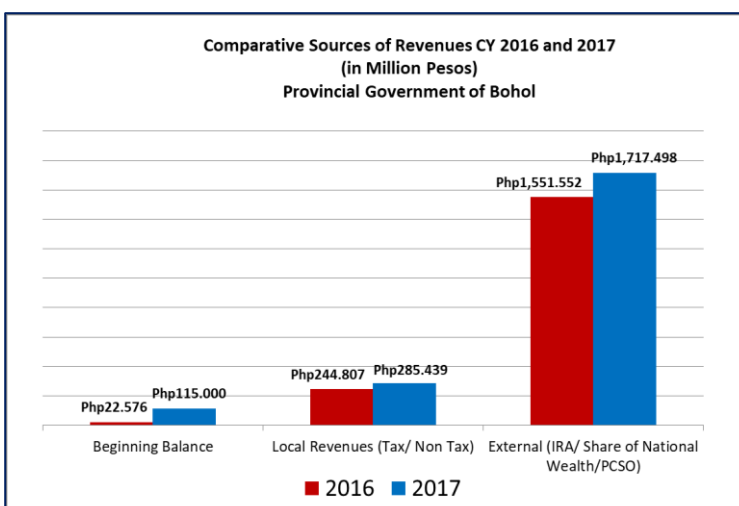

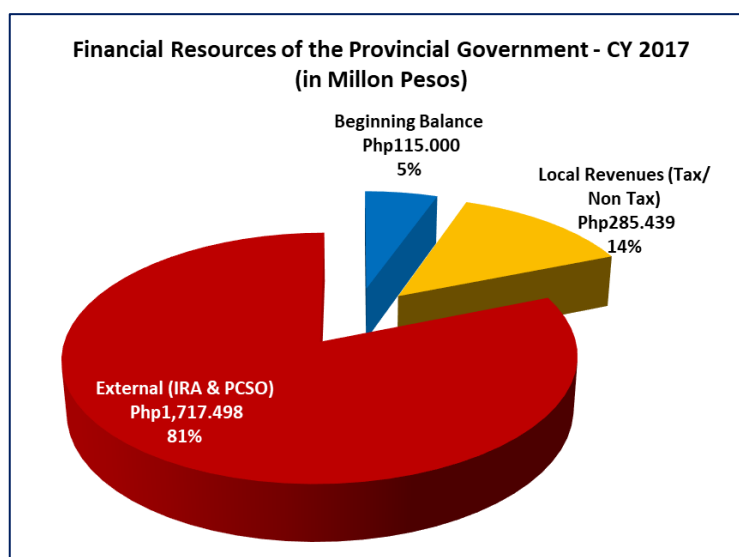

### Highlights on the 2017 Financial Performance of the Provincial Government

Efforts of the Provincial Government to improve public financial management is an unwavering commitment. Among the most crucial of this commitment is to strengthen the ability of the bureaucracy to raise the needed resources particularly those coming from locally-generated revenues. Noting on the high dependency on the Internal Revenue Allotment (IRA), the Provincial Government has moved forward towards the implementation of various strategies to increase revenue collection from local sources. Such an increase in collection will redound to more funds that can support the implementation of priority programs, projects and activities within the mandate and jurisdiction of the Provincial Government. With revenue-generation clearly included in the Reform in Governance pillar of the development framework of the province, the Provincial Government has made significant steps to sustain the steady increase in revenues and thereby reducing its IRA dependency in the long-run.

Equally important is also the management of government spending, which basically focuses on how effective funds are utilized and disbursed. This correspondingly pairs with how the resources raised and collected are used to ensure that government funds are appropriately spent for programs and projects and that its services and benefits are provided to constituents.

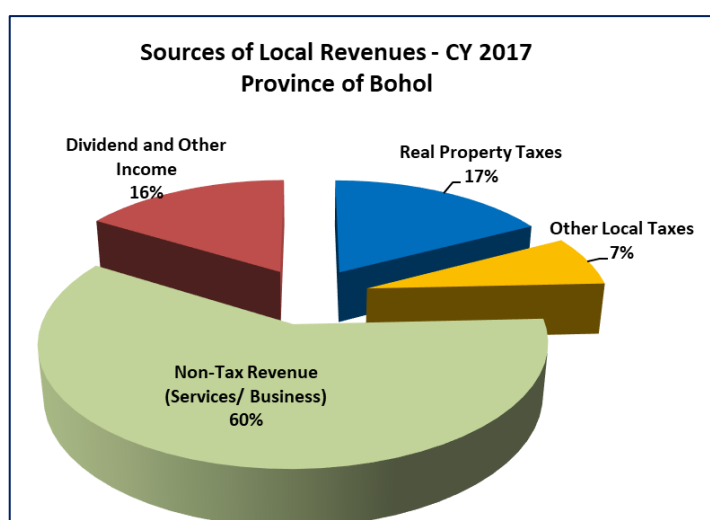

Looking into the revenues of 2017, the Provincial Government has raised a total of **P2.117 Billion**. Such figure posted an increase of 16.4% from the collection level for the year 2016. Examining the revenue sources, majority of the Province's collection is still coming from the external resources (IRA and Share of National Wealth), that accounted 81% of the total available resources. It can be noted, however, that this is already slightly lower compared to the 2016 IRA dependency of 85%. Correspondingly, collection from local tax and non-tax revenues accounted 14% while beginning balance shared 5%.

Comparing with the 2016 collections, total financial resources from external sources in 2017 has reached to P1.717 Billion, which is higher by 10.7% compared to 2016. It is noteworthy that collection from locally-generated sources has posted a significant 16.6% increase, from the 2016 collection of P244.8 Million to P285.4 Million in 2017.

Based on the Statement of Income Sources of the Provincial Treasurer's Office (PTO), the increase in locally-generated revenues are substantially attributed from the non-tax revenues. As shown in the table and chart, collection from non-tax revenue posted P169.6 million, which accounted to 60% of the total local revenues of the Provincial Government. Major income items under this include collection from the operation of the 10 hospitals, share from Chocolate Hills complex operation, secretary's certification fees, income from accountable forms and other income. It can be reported that of the non-tax revenue, income from hospitals accounted 86%.

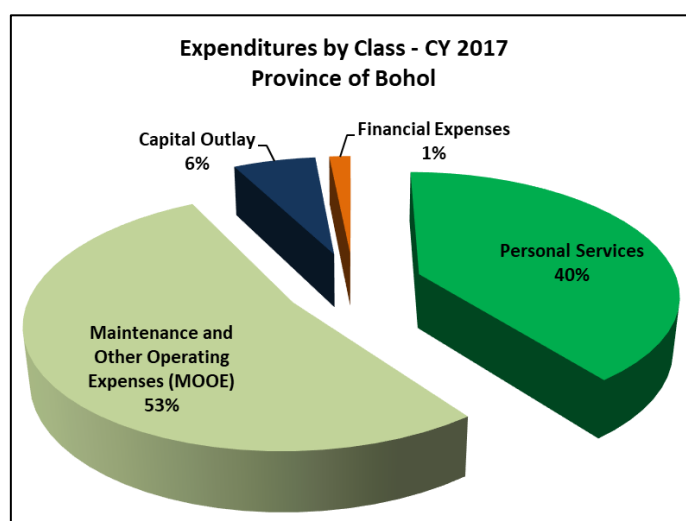

Another major source of local revenues is the collection from Real Property taxes. For the year 2017, collection has reached to P49.2 Million, that accounts to 17% of the total local revenues. Further, collection from dividend and other sources, has contributed a total of P46.4 Million, which is equivalent to 16% of the total local revenues. This covers the dividend earnings from the operation of the Joint Ventures companies for power and water, as well as the interest income from the Provincial Government's bank deposits and placements. Other local taxes, which posted total revenue collection of P20.0 Million, shared about 7%. This is composed of revenues from, among others, tax from transfer of real property ownership, tax on delivery trucks and vans, franchise tax, tax on sand and gravel, and amusement tax.

Local Revenue Sources CY 2017	Amount (in Million Pesos)
Real Property Taxes	49.272
Other Local Taxes	20.023
Non-Tax Revenue	169.697
Dividend and Other Income	46.447
<b>TOTAL</b>	<b>285.439</b>

Examining the actual collection compared to the set revenue levels for local sources in 2017, the Provincial Government has fall short of meeting its target by 9%. Reports showed that collection from locally-generated revenues did not reach targets. While it is notable that actual collection from tax revenue has posted a 15.2% overcollection, the collection from non-tax revenue, however, recorded also a significant undercollection of 15%, which in totality, brought the 2017 local revenue collection figures into a net undercollection. It is important to note that such undercollection has improved compared to that in 2016. During the year, major revenue items that posted collection that exceeded targets include collection from real property taxes (39%), tax on transfer of real property ownership (132%), share from Chocolate Hills operation (27%), income from accountable forms (888%), and dividend income (89%).

Attaining its revenue collection targets remains to be a challenge for the Provincial Government especially for its locally-generated sources. Strategies for such a direction have been continually implemented such as the intensification of tax campaign, full operation of economic enterprises as supported and managed by the Provincial Economic Enterprise Management Unit, updating of the Revenue Code and imposition of fees for services and facilities. Other strategies will also have to be sustained, as identified in the public financial management improvement plan, include, among others, the creation of inspectorate team for sand and gravel, updating of list of delivery trucks and vans in coordination with LTO, inspection of quarry sites and conduct of checkpoints in strategic areas for sand and gravel extraction, provision of funds for PhilHealth Point of Care Program/ PhilHealth Para sa Masa, hospital modernization program and placement of cash to high-yielding interest rate deposit account.

<b>Expenditure by Class - CY 2017 Provincial Government of Bohol</b>	
<b>Expense Class</b>	<b>Amount (in Million Pesos)</b>
Personal Services	562.484
Maintenance and Other Operating Expenses (MOOE)	748.514
Capital Outlay	86.210
Financial Expenses	22.145
<b>Total</b>	<b>1,419.353</b>

As to fund utilization, financial reports showed that the Provincial Government of Bohol obligated/ spent a total of P1.419 Billion in 2017. The figure includes all the operational costs of the Provincial Government including the programs, projects and activities implemented for the provision of services and facilities to the general public

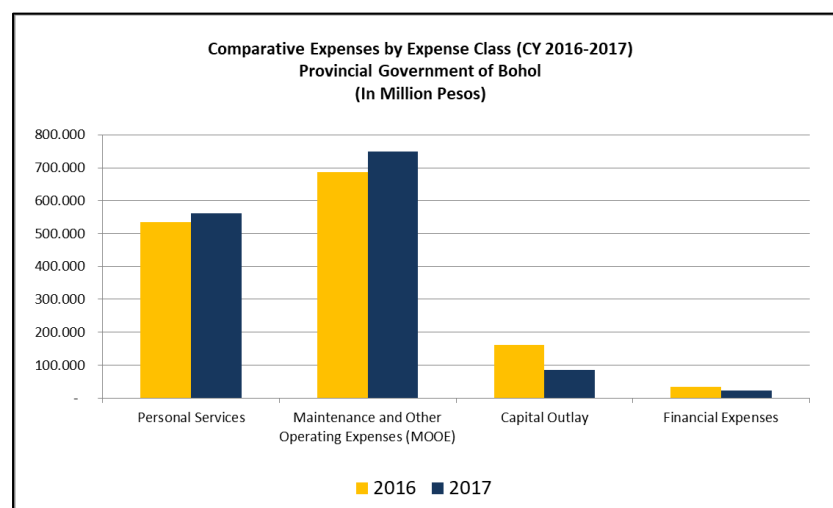

Taking a closer look on the expenditures per expense class, it can be observed that Maintenance and Other Operating Expense (MOOE) account the largest share. As can be seen in the table and chart, MOOE posted P748.5 Million, accounting 53% of the total obligation/ expenditures for 2017. It can be noted, however, that this is slightly higher from the 49% share in 2016.

Personal Services (PS), on the other hand, posted a total of P562.4 Million obligation, to share of 40%. This is slightly higher from the previous year's 38%. In absolute values, PS has increased by 5% which was mainly attributed from the implementation of the second tranche of salary standardization starting 2017. Several vacant positions were also filled up during the year to augment human resources of the organization.

Meanwhile, the Capital Outlay that includes procurement of equipment, construction of facilities, infrastructures and other related capital expenditures, posted a P86.2 Million spending, sharing only 6% of the total obligations during the year. This is slightly lower compared to the 2016 share of 11%.

It can be noted that figures for MOOE and Capital Outlay already covered obligations under the 20% Development Fund, Non-Office and the Provincial Disaster Risk Reduction Management Fund (DRRMF), where applicable. Financial expenses, on the other hand, posted a total of P22.1 Million, which were spent for the amortization of loans of the Provincial Government, particularly for the Hospital Modernization Program. Loan

amortization for the year accounts only 1% of the total obligations during the year.

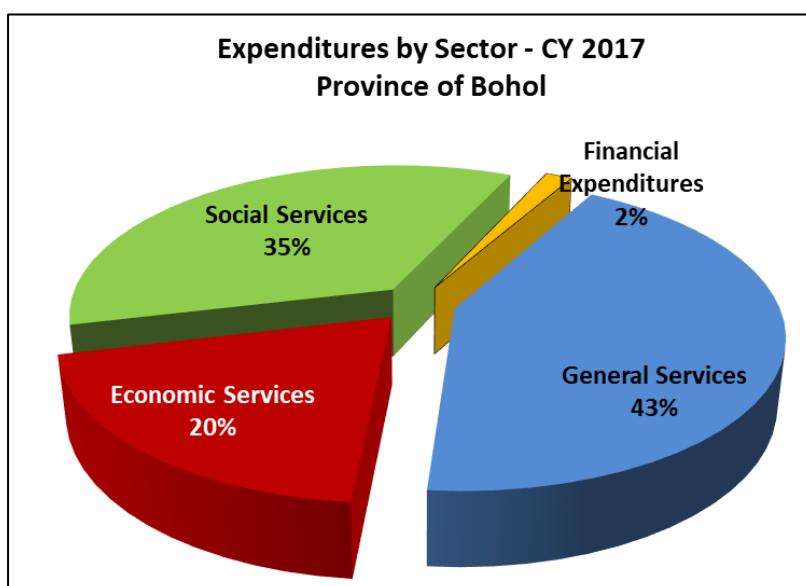

Comparing the 2016 and 2017 expenditures by expenses class, it can be noted that expenditure for MOOE has increased by 9%, while personal services, as mentioned, increased by 5%. Both Capital outlay and financial expenses posted a significant decrease by 46% and 33%, respectively. Such decrease in capital Outlay may be attributed to the minimum procurement of furniture and fixtures and capital outlay items for the

offices, while still awaiting for the actual completion and bulk procurement for the New Provincial Capitol Building, and still ongoing infrastructure/ capital-forming projects during the year. Meanwhile, the financial expenses also decreased due to the full payment for the loan amortization for the heavy equipment in 2016.

As to sectoral spending, figures from the Status of Appropriations, Allotment and Obligations (SAAOb) of the Provincial Budget Management Office showed that a total P612 Million was obligated for General Services. This sector, includes expenditures for programs and projects and office operations handling general administration, governance, legislation, treasury, financial management, audit, planning, budgeting, and property management. This also covered assistance and inter-government transfers to other government entities and local government units. It can be noted that such spending accounted 43% of the total provincial expenditures, which is slightly higher than the 40% share in 2016. Obligations for Social Services, meanwhile, posted a total of P504 Million. Such obligation supports the implementation of projects and activities and operational services for health, social welfare, education, gender and development, culture and arts preservation, and other social services activities. Social services shared 35% of the total spending for the year, slightly higher than the 32% in 2016.

Meanwhile, Economic Services, which covers expenditures for the development of agriculture, livestock, infrastructure, tourism, trade and employment recorded a total cost of P281 Million, sharing 20% of the sectoral spending. This is lower than the 2016's 26%.

<b>Expenditures by Sector Province of Bohol, CY 2017</b>	
<b>Sector</b>	<b>Amount (in Million Pesos)</b>
General Services	612
Economic Services	281
Social Services	504
Financial Expenditures	22
<b>TOTAL</b>	<b>1,419</b>

With due consideration on the Provincial Government's revenue collection, expenditures (obligated/ utilized) for operation, services, facilities and capitalized projects, and the continuing appropriations for priority programs and activities, the Statement of Receipts and Expenditures for 2017 shows the following details:

Statement of Receipts and Expenditures Provincial Government of Bohol 2017 (in Million Pesos)		
<b>Receipts/ Resources</b>		
Beginning Balance		115.000
Local Tax and Non Tax Revenues		285.439
External (Internal Revenue Allotment, Share from National Wealth)		1,717.498
<b>Total Receipts/ Resources</b>		<b>2,117.937</b>
Less: Obligations *		
Personal Services	562.484	
Maintenance & Other Operating Expenses	748.514	
Financial Expenses	22.145	
Capital Outlay **	86.210	1,419.353
<b>Net Cash Balance</b>		<b>698.584</b>
Less: Continuing Appropriation		
20% Development Fund	255.581	
Capital Outlay	262.035	517.615
<b>Ending Balance for 2017</b>		<b>180.969</b>
Notes: * Based on the actual obligations/ expenditures		
** Includes expenditures under the 20% Development Fund, Non-Office and Risk Reduction Management and Disaster Preparedness		
Source: Provincial Budget Office		

Noting the abovementioned figures, it shows that the operation of the Provincial Government for the year 2017 resulted to an ending balance of P180.969 Million. Such a result provides the Provincial Government additional financial sources that can be used to fund priority projects and activities for 2018, as may be necessary. This is also where the beginning balances for the succeeding years may be taken, as some budgetary requirements of the different offices may require additional fund sources, on top of the regular internally-generated and national government sourced funds.

The Statement revealed that the Provincial Government of Bohol has managed its available financial resources to be utilized to fund the year's priority programs, projects and activities. The statement would also show that utilization of available resources in the same year remains to be a challenge as significant amount are still accounted as continuing appropriations for development programs as well as for capital outlay. As part of the continuing efforts to further improve governance, the implementation of development programs are well-affected by the effectiveness and timeliness in the planning and designing of infrastructure projects, the procurement management processes, and the ability of agencies/ entities concerned to implement these programs and projects on time.

## Fiscal Strategies and Measures

The Provincial Government of Bohol continues to implement the following strategies as set in the Public Financial Management (PFM) Improvement Plan for 2017-2018:

### ***For multi-year perspective in fiscal planning and budgeting***

- Regular review and updating of the Provincial Development Investment Plan (PDIP)
- AIP preparation by all offices based on operational plans, before the budget preparation

### ***To promote orderliness of activities in the annual budget preparation and authorization phases***

- Observance of fixed calendar for budget preparation and authorization
- Conduct of Budget Hearings by the Sangguniang Panlalawigan and Enactment of the Appropriation Ordinance
- Timely submission of the Annual Budget / Appropriation Ordinance for review by appropriate agency

### ***To sustain public access to information***

- Maintain collaboration with offices concerned for the compliance of Full Disclosure Policy thru conduct of regular meetings
- Continuing enhancement of the PGBh Website and regular uploading of FDP documents to FDP portal

### ***To improve actual collection of local revenue compared with estimated revenues in the budget***

- Setting target for every revenue account into a realizable amount.
- Creation of the Public Enterprise Management Unit (PEMU)
- Establishment and operation of economic enterprises
- Updating of the Revenue Code to incorporate new products and services/ facilities of the economic enterprises
- Requiring and Gathering of all franchisee and printing shops to submit correct financial statements and simultaneously examine their books of accounts
- Creation of inspectorate team for sand and gravel
- Updating of list of delivery trucks and vans in coordination with LTO
- Inspection of quarry sites and conduct of checkpoints in strategic areas for sand and gravel extraction
- Maintenance of complete and updated list of professional practitioners per MLGU
- Conduct of IEC to encourage the public to process immediately the transfer of real property ownership
- Updating of rates for clearance and certification fees, hospital fees and charges
- Enactment of Revenue Ordinance for other Services and facilities fees
- Provision of funds for PhilHealth Point of Care Program/ PhilHealth Para sa Masa
- Placement of cash to high-yielding interest rate deposit account

### ***To improve levels of actual expenditures compared with appropriations by allotment class***

- Early preparation of Program of Work, cost estimates, and processing of Purchase Requests of programs, projects and activities
- Improvement/ enhancement of procurement processes
- Prompt processing of payments

***To increase Real Property Tax (RPT) Accomplishment Rate***

- Fund-sourcing to support the survey and tax mapping of MLGUs
- Tax mapping of untaxmapped LGUs
- Preparation of Schedule of Market Values

***To enhance effectiveness of tax enhancement measures***

- Implementation of ETRACS in four (4) LGUs, and sustain the operation and maintenance of ETRACS in all LGUs
- Formulation and implementation of new effective strategies to improve tax collection
- Sending of tax bill and demand letters for delinquent tax payers
- Posting of list of delinquent tax payers in barangays and puroks
- Conduct of tax campaign in low-performing LGUs in RPT collection
- Conduct of tax compliance study
- Conduct of Information education campaign (IEC)
- GIS Application for the Tax Map, Conversion of analog files to digital files

***To improve predictability in the availability of cash for commitment of expenditures***

- Linking database to other finance offices

***To promote value-for-money and controls in procurement***

- To observe Section 10 of RA 9184 and its IRR which states that all procurement shall be done through competitive public bidding
- To comply with DBM circular letter No 201-6 dated Aug. 25, 2011 and Administrative Order No. 17 date July 26, 2011
- To observe Section 7 of RA 9184 and its IRR on Procurement Planning and Budgeting Linkage
- Implementation of Bulk procurement of supplies
- To observe Section 8.3 of RA 1984 on the use of PhilGEPS in order to promote transparency, efficiency, information regarding all stage of procurement
- To observe Section 7 of RA 9184 and its IRR on procurement planning and Budget Linkage

***To enhance effectiveness of payroll controls***

- Development of a new program for electronic indexing of claim (in-house development)

***To improve timeliness and regularity of accounts reconciliation***

- Improving the structure of the Provincial Accountant's Office through creation of Hospital Transaction Section that shall be composed by hospital accountants and bookkeepers, this way PAccO organic personnel can focus on financial recording and reporting
- Approval of JEVs for simple transaction will be delegated to immediate supervisors of PAccO
- Hiring of Contractual CPA to focus on reconciliation
- Continue strict implementation of the guidelines on cash advances

***To sustain effectiveness of internal audit***

- Issuance of an internal policy regarding the issuance of Notice of Compliance and crafting of Management Action Plan.
- Assist in crafting of Management Action Plan by the auditee on PIAO's audit findings and recommendations
- Follow-up status on the implementation of the Management Action Plan
- Conduct entrance and exit meetings for follow-up audit.
- Reiterate the AOM Compliance Mechanism during MEB Meetings
- Conducts status of Implementation on the findings and recommendation on COA AAR annually
- Submit COA AAR Status of Implementation to the LCE.
- Compliance to all COA rules and regulations and strict compliance to RA 9184

***To facilitate and promote CSO accreditation by the Sangguniang Panlalawigan***

- All year round accreditation of CSOs by the Sangguniang Panlalawigan
- Maintain strong Govt-CSO collaboration thru partnerships and cooperation in the implementation of PAPs
- Conduct of CSO Week Celebration

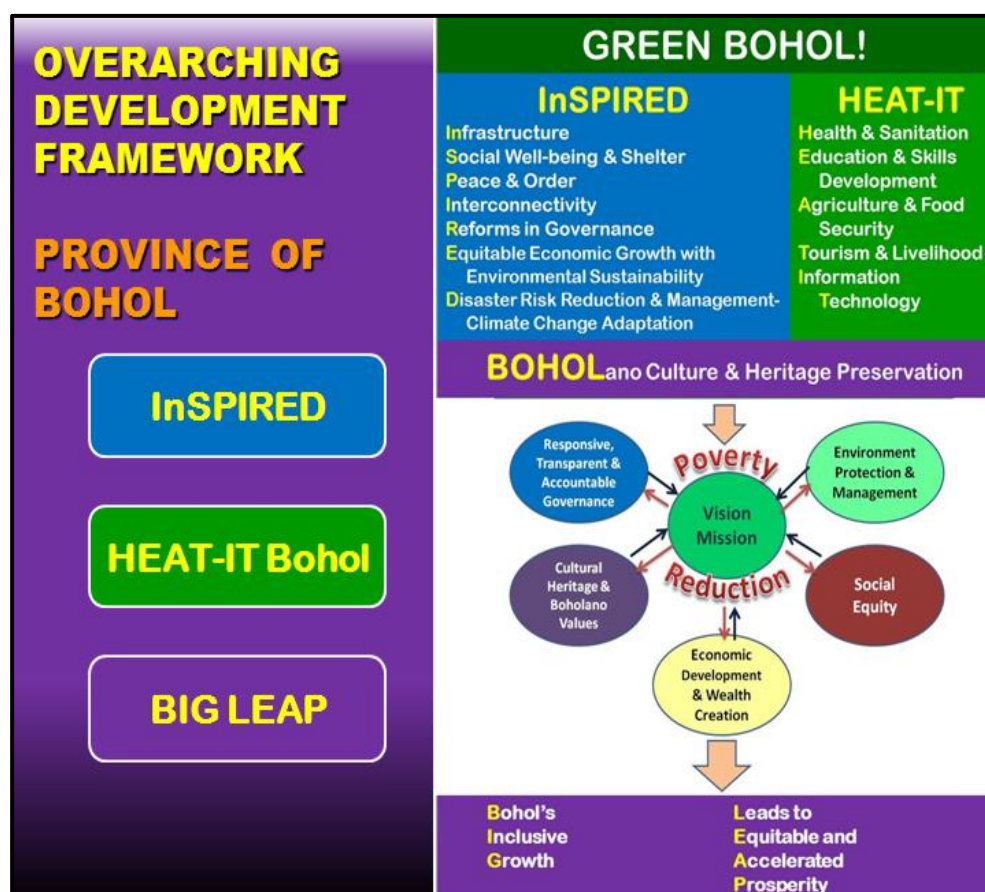

***To increase degree of citizens' participation in the budget process***

- Continue to engage CSOs/ NGOs and academe in the budgeting processes of the PGBh

## PRIORITY STRATEGIES FOR IMPLEMENTATION

Guided by the overarching development framework of the Province of Bohol, the Provincial Government leads local government units, the national government agencies, civil society organizations, the private sector and the general public to pursue strategies consistent with the **Ins.P.I.R.E.D. H.E.A.T.-I.T. Bohol** development pillars. These strategies are essentially the key towards the attainment of Bohol's vision and mission, taking into account the current challenges and opportunities of Bohol's socio-economic situation.

The development pillars to emphasize the priorities of Bohol include **Infrastructure**, **Social well-being and shelter**, **Peace and order**, **Interconnectivity**, **Reforms in governance**, **Equitable economic growth with environmental sustainability**, and **Disaster Risk Reduction and Management**, **Climate Change Adaptation**. Also being sustained are development for **Health and sanitation**, **Education and skills development**, **Agriculture and food security**, **Tourism and livelihood**, **Information technology**, and **Boholano culture and heritage preservation**.

Below are the detailed medium-term strategies that are being pursued by the Provincial Government of Bohol together with all stakeholders and development partners:

### Infrastructure

- Continued improvement, upgrading and maintenance of Provincial Roads and Bridges
- Sustained support for the construction, repair and maintenance of PGBh buildings, equipment, school buildings and other facilities
- Continuing coordination and collaboration with project funding institutions and project management offi
- Strengthen LGU-NGA alliance for airport, seaport, power and irrigation development
- Enabling public-private partnership (PPP) for water supply investment
- Infrastructure support for the establishment and operation of the PGBh Records and Archival Management System
- Public-private partnership for the utilization of real properties of the PGBh

### Social well-being and shelter

- Strengthen partnership with NGAs in the conduct of mobile services
- Sustainable disaster preparedness and response capabiliti
- Relocation and shelter collaboration

- Enhance monitoring of hired applicants by partner recruitment agencies/companies
- Strengthen partnership with employment agencies for employment & placement services
- Advocacy and vigilance to prevent illegal recruitment and human trafficking
- Strengthening of community-based programs for the marginalized & vulnerable sectors
- Establishment of social welfare and rehabilitation facilities
- Strengthening of referral systems & multi-stakeholders partnership
- Fund-sourcing & Resource Complementmentation
- Human Resource Upgrading

#### Peace and order

- Convergence and coordination with law enforcement agencies (Joint Task Force Dagon)
- Enhancement of personnel capacities, and upgrading of equipment and facilities thru counterparting arrangements
- Designation of additional Anti-illegal Drugs Courts to facilitate speedy disposition of cases
- Intensified anti-criminality efforts
- Sustained development and internal security initiatives (INSPIRED HEAT-IT Caravans, CDP-PPM)
- Anti-criminality capacity development at barangay and purok levels
- Improvement of jail safety & security
- Sustained legal assistance for law enforcement agencies
- Strategic IEC for tourism & other stakeholders on threats to Bohol's security

#### Interconnectivity

- Formulation of competency & skills standards (with line agencies & industry) to correspond to industry needs
- Promotion of inter-agency & inter-LGU connectivity (thru PGBh issuances & directives)
- Knowledge & technology sharing
- Outsourcing of medical equipment from reliable civic organizations
- Enhancing power inter-connectivity (CEBU-BOHOL Link)
- Business registration, investor facilitation & handhold
- PPP Arrangements to expand reach of communications services
- Utilization of network & linkages to enhance employment opportunities & services for Boholano
- Resource Mobilization (thru inter-agency collaboration)

#### Reforms in governance

- Strategic human resource management and development
- Participatory spatial and development planning
- Increase revenue generation capacity and fund-sourcing
- Enhancement of local government systems and processes
- Efficient Procurement System
- Implementation of internal controls in financial management
- Communication of financial information
- Strengthening of local special bodies
- Improvement of government facilities and equipment
- Enactment and review of local codes

#### Equitable economic growth with environmental sustainability

- Investment Promotion & Knowledge Management
- Mainstreaming environmental management in the development pillars
- Institutionalize an integrated monitoring & evaluation system involving the communities
- Enforcement of environmental laws
- Enhancement of implementation of biodiversity conservation
- Intensify advocacy on environmental management
- Strengthening Synergy & Collaboration among Stakeholders
- Institutionalization of BIPC-NC Bohol

- Responsive Policy Advocacy
- Development of EcoZones
- Promotion of MSME Development

#### **Disaster Risk Reduction and Management, Climate Change Adaptation**

- Updating, dissemination, and implementation of DRRM, Contingency Plan and CCA Plan
- Establishment of DRRM-CCA and Local Governance Training Center
- Strengthening of local DRRMO/ BDRRMC
- Establishment of Early Warning System
- Community-based information and awareness campaign
- Upgrading of DRRM services, facilities and equipment
- Linkaging networking with NGA's, LGUs, PS, CSOs
- Mainstreaming DRRM-CCA in local development planning
- Capacity development and trainings for DRRM-CCA

#### **Health and sanitation**

- Hospital Facilities and equipment upgrading
- Continuing the Special Universal PhilHealth program
- Human resource augmentation capacity development and incentives provision
- Enhancement of medicine and medical supply management
- Positioning of hospitals toward specialization services
- Continuing sourcing of medical equipment from reputable civic and health organization
- Sustaining effective health programs
- Full implementation of the inter-local health zone
- Barangay clustering for family health profiling

#### **Education and skills development**

- Sustainable implementation of the Dynamic Learning Program
- Coordination and collaboration with LGUs for the establishment of Municipal and Barangay Libraries
- Enhancement of preparation of Curriculum for BPO Industry
- IEC on Bohol Arts and cultural resources and heritage sites
- Enhancement of competencies of applicants to match with the skills requirements/ standards of hiring agencies and industries
- Institutionalization of continuous training programs for hospital personnel
- Institutionalization of Programs to support Education and Skills Development
- Sustain CPG Scholarship program and financial assistance program
- Partnership with private sectors and other agencies for the improvement of school facilities and classrooms
- Monitoring of hired applicants thru BEPO's employment and placement program
- Strengthen partnerships with DepEd, CHED, TESDA, and other stakeholders

#### **Agriculture and food security**

- Mainstreaming, GAD, DRRM, ASEAN, Integration, Culture and Arts and Animal Welfare in the Implementation of Agri-Livestock and Fishery Projects
- Capacity Devt. of Agri-Livestock & Fishery Stakeholders/ Project Implementers
- Development of Agri-Livestock Commodity Champions
- Strengthen Agriculture Database
- Agri-Livestock & Fishery Research and Development
- Provision/
- Modernization of Agri-Livestock & Fishery Facilities
- Community
- Participation
- Promotion of Agri-Livestock & Fishery Agribusiness and Tourism
- Formulation, Enforcement and Review of Related Agri-Livestock & Fishery Laws and Policies

- Clustering of Agri-Livestock Production and Market
- Cost-Sharing Scheme/ Resource Mobilization

**Tourism and livelihood**

- Provision of Infrastructure Support in Tourism
- Strengthening
- Partnerships with Employment Agencies for Employment and Placement Services
- Regulatory Mechanisms for Tourism
- Development
- Creative Tourism Industries Development
- Mainstreaming of Bohol Branding in All Development Pillars
- Development of Agri-Tourism
- Institutionalization of Bohol Tourism Office (BTO)
- Tourism Investments Marketing and Promotions
- Advocacy for Tourism- Related Programs
- Strengthening Tourism Livelihood Research Programs and Database Management
- Reinforcement of Tourism/Ecotourism Sites and Services

**Information technology**

- Development of New Processes and Application linking PGBh to other LGUs/NGAs, partners and stakeholders
- Sustainable ICT-based industry throughout the Province
- Public private partnership in the development of IT infrastructure
- Institutionalization and implementation of Hospital Management Information System
- Inclusion of ICT focused training in educational institutions - curriculum
- Institutionalization and implementation of the Bohol Information System Strategic Planning (BISSP)
- Development of incentives for IT based Investments
- Maximization of public awareness about PGBh programs and services

**Boholano culture and heritage preservation**

- Creation of Municipal Culture Office headed by a Cultural Affairs Officer
- Mainstreaming Boholano arts, culture and heritage in planning process
- Promotion of arts for healing
- Availability of cultural heritage databases and application
- Creation of different arts groups in all field of art
- Linkaging and networking with different agencies for mutual culture and arts development and promotions
- Utilizing arts as tools in promoting peace and order
- Capacity development support program for Boholano artists
- Center for Boholano Studies
- GAD Advocacy thru Arts

## I. HIGHLIGHTS OF 2017 ACCOMPLISHMENTS

### RICE

In view of all the projects and programs that were being implemented and the degree of accomplishments it has achieved, Bohol suffered the effects of El Nino as manifested in the 2016 rice self-sufficiency rating to 64% as data released by the Philippine Statistics Authority in the first quarter of 2017. Such rating was the lowest for the past seven years of facing each year's challenges but still the most performing province in terms of rice productivity compared to other provinces in Region 7. In 2017, with the continuous improvement of rice varieties, adoption of farmers to high quality seeds, best cultural management practices, enhanced farm machineries, government supports from local, regional and national, productivity increased to 4.55 metric tons per hectare based on the high quality seeds utilization data from our Agricultural Extension Workers. This year's target per hectare is 4.15 metric tons.

In support to the National Government's clamor to save rice, different activities are highlighted to promote the RiCEponsibility of every Boholanos, which include the: non-wastage of rice, eating of brown rice, mixing rice with other staples for better health and valuing the hardwork of the farmers, to sustain the rice self-sufficiency of the province by increasing production, reduce consumption and reduce losses in table and postharvest and be RiCEponsible. Rice Awareness Month Celebration last November 2017 was the biggest event of the year. Feeding outreach to 3 elementary schools, rice symposium to 3 high schools, riceponsible fun run for colleagues and universities, farmers' field day, harvest festival and the Farmers Big Day were among the activities conducted.

All these were made possible by the Provincial Government through the committed work of each staff in the Office of the Provincial Agriculturist with the collaboration of the local leaders in all Municipal Local Government Units. Likewise, other Government Agencies like the Department of Agriculture (National and Regional), PhilRice, IRRI, PCIC, Landbank, NIA, Academe and Non-Government Agencies has been also instrumental in sustaining food security and rice self-sufficiency.

Among the programs that were implemented were not only aimed at helping the farmers increase their income but as well-developed themselves to be entrepreneurs and farmer scientists. It is also geared toward sustainable agriculture thru adoption of balance fertilization and organic farming. Among the accomplishments are the following:

1. **Seed Production, Certification and Accreditation of Rice Seed Growers** – *this program aims to address the problem of availability of quality seeds and to develop the entrepreneurial skills of the farmers.*

Our accredited rice seed growers planted 471 hectares of registered seeds from the target of 400 hectares with a total produced of approximately 45,000 bags of certified rice seeds. Because of this bountiful harvest of our seed growers, were able to supply the buffer seed requirement of other provinces. In addition, for about 5,000 bags were procured by the province of Leyte to support their seed utilization requirement for 2018. Not just the accredited seed growers were interested to plant registered seeds but as well as the local farmers because it contributes 15-20% increase in production per cropping season.

The demand for registered seeds was kept on increasing every year which gave us the reason to utilize our selected seed growers to plant foundation seeds aside from the seed net alone like the BES and SWRDS. About 36 hectares were planted Foundation Seeds which resulted to 1,800 cavans of registered seeds.

The province of Bohol has always been grateful for the strong collaboration and linking with the stakeholders in the Agriculture Sector. The presence of seed net and our local seed growers which was accredited by the Bureau of Plant Industry has continually planted not only registered seeds but also foundation rice seeds per cropping season to secure available seeds for planting.

Only in Bohol, we had 6 hectares Japonica Seed Multiplication Project planted with 10 Korean cultivars and 5 local seed varieties in BISU, Bilar area and Kauswagan, Trinidad. Included in our highlight was the 79 hectares Japonica Seed Production located in the different municipalities in the province. We conducted Farmers Field Day, Ceremonial Seed Turn-over to Japonica Farmers and also the Seed Briefings.

Another promising accomplishment in the rice seed industry was the special purpose rice like black, red and glutinous rice. We assisted 1 hectare of seed production inside our BOATech facility and identified farmer cooperator in Ubay.

**2. Rice Commercialization Program – *this program aims to encourage the farmers to use quality and superior varieties of seeds aside from helping them reduce their cost of production, thus, increasing their income.***

The Provincial Government of Bohol was distributing 77 bags of superior varieties of certified rice seeds for free during INSPIRED HEAT-IT Caravan, Agri-HEAT, Foundation Day, Fairs, and Special Projects. It is noted that Bohol's seed utilization across all ecosystem had reached to 51,504 hectares comprises of 26,281 hectares farmers save seeds, 10,838 hectares of good quality seeds, 2,997 hectares certified seeds, 471 hectares registered seeds and 11,012 hectares of hybrid. For this year alone, together with DA RFO 7, the total area harvested was 184,700 hectares out of 90.50% planting status. The rice self-sufficiency rate for 2017 will be announced by the PSA by February.

Some Municipal Government Units were subsidizing the same kind of seeds for their farmers use to mention were the municipalities of Talibon, Dimiao, Jagna, Mabini, San Miguel, Loboc, Dagohoy, CPG and Candijay. We encouraged other MLGUs to give attention and consideration in Agriculture by allocating annual budget for the procurement of rice seeds. Moreover, the presence of BOFAMCO as our seed consolidator, and other Seed Cooperatives like SIMPC, UBARCA and DALNEMPC made their commitment to support such endeavor of sustaining the rice productivity of the province.

**3. On-Farm Rice Mechanization Program – *this program aims to provide improved production facilities for efficient application of rice technologies to increase produce and preserve rice quality.***

Bohol is a recipient of the many rice mechanization facilities and equipment from the Department of Agriculture to include hand tractor, four-wheel tractor, drum-seeder, thresher, reaper, cleaner, harvester and shallow tube well were identified to support the law. Aside from the improved production and postharvest operations, income and employment was generated for farmer members and farmers from nearby location thru the services made out of the facilities and equipment.

One of the provisions of the Agriculture and Fisheries Modernization Act of 1997 or AFMA was to prescribe urgent related measures to modernize the agriculture and fisheries sectors of the country in order to enhance profitability, and prepare said sectors for the challenges of globalization through an adequate, focused and rational delivery of necessary support services, appropriating funds therefore and for other purposes.

Together with our technical assistance, our office procured for about 5 power tillers, and 4 solar light traps, aside from the full distribution of the 261 units of water pumps. The power tillers and solar light traps were positioned in our facilities for farmers' use. The cooperators just need to submit a resolution and letter of intent and the Rice Team will do the field verification and validation per unit use.

We exceeded the target for our field demonstration of the walk behind and riding rice transplanters from a target of 24 hectares to 33 hectares served. Farmers were able to save the labor expenses to 30% per hectare in using such equipment.

**4. On the Provision of Technical Assistance – *this component of the program aims to enhance the capability of farmers that will contribute to increase their yield at the same time to promote new technology for adoption and transfer.***

Together with our MLGU counterparts, among the activities conducted were the following: 1 rice awareness month, 7 trainings, 2 team buildings, 10 project orientation/briefing, 6 field days, 33 demo on rice transplanters, 42 meetings with line agencies and stakeholders, 4 planning and assessment, 25 coordination meetings, 2 fair, 1 radio program anchored "Kalambuan", and 6,000 booklets, and other related activities extended to male and female farmers from January to December, production and distribution of information materials, anchoring radio program aired in the local radio station, distribution of bio control agents not only for rice but to include corn, and coconut and different organizational and management control system. All these were facilitated to support our goal in sustaining the provincial rice self-sufficiency and food security for the province.

We quickly responded on the occurrence of rice pests and diseases especially on the Rice Grain Bug to mention were the MLGU like Calape, Tubigon, Sagbayan, Alicia, Sierra Bullones and Clarin who reported our office on such occurrence. After actual field verification, the farmers affected were instructed proper action and also free pesticides. A close monitoring was also advised to the farm affected along the local technician.

**5. On Awards Received – The Department of Agriculture awarded the Municipality of Talibon as one of Most Outstanding Municipalities in the Philippines receiving a Plaque of Appreciation and cash of 1 million worth**

of project. We had 7 AEWs awarded as Outstanding AEWs and 1 LFTs who had been receiving a cash prize of 20,000 each and Plaque of Appreciation. Our local initiative Suhid sa Malampusong Mag-uumang Bol-anon garnered appreciation from our stakeholders. For about 17 nominees in 5 categories for rice has actively participated and extended support to the program.

## CORN

With the rapid expansion of the country's poultry and livestock industry, Bohol is one implementing Corn program thru the Office of the Provincial Agriculturist, Corn unit to help our Boholano people increase their income and uplift their living condition. With the implementation of the Corn program in the province of Bohol, the Office of the Provincial Agriculturist thru the Corn unit, implemented the following programs and projects. Among the accomplishments are the following:

1. The procurement and distribution of OPV Corn seeds as program support under the OPV Corn production program of the Provincial Government thru OPA will greatly help in the implementation of the Corn program in the province as well as helping corn farmers to alleviate from poverty. 550 bags of OPV Corn seeds were procured and distributed to farmers throughout the province. We conducted technical briefings to corn/cassava farmers and campaign for tractor services, pest and diseases monitoring.
2. In order to facilitate much efficient and well-orchestrated project implementations, strengthening of the Corn Seed Growers Association was facilitated in order that corn seeds is available during planting season. We also had strengthened the Bohol Federated Corn Farmers Association (BOFECOFA).
3. For the trainings - We facilitated / assisted in the conduct of Farmers Field School Integrated Pest Management on Corn KASAKALIKASAN to 12 barangays in 12 municipalities in coordination with the Department of Agriculture and the Municipal Local Government Units thru the Municipal Agriculture Office. After the trainings we distributed info materials on Corn & Cassava production to the farmers.
4. Facilitated in the conduct of 6 Corn technicians meeting and 1 Corn Seed growers meeting in order to disseminate information and to update on latest corn technology.
5. Facilitated Nominee for Corn category on SUHID sa Malampusong Mag-uumang Bol-anon and GAWAD Saka search. Nominee from the municipality of Matin-ao, Carmen Benjamen Asotigue was the winner in SUHID 2017 search.
6. Production and distribution of Earwigs- To produce bio- control of corn pests infestations in support to corn program. We distributed 250 boxes of earwigs to 12 municipalities that had conducted the IPM FFS on Corn as one of their protection trials.

7. Participated HEAT IT and Agri- HEAT Caravan and distributed OPV corn seeds and IEC materials on Corn/ Cassava production.
8. Facilitated/ assisted in the conduct of Corn / Cassava techno demo field day in the municipality of Dauis and Clarin to showcase new technologies and other varieties of corn and cassava.

## HIGH VALUE CROPS DEVELOPMENT PROGRAM (HVCDP)

The HVCDP (High Value Crops Development Project) section is composed of four sub-projects namely: HVCDP, Bahay-kubo, Coconut and Green house. Its sub-project has an independent budget whose operation and accomplishments are complementary to each other. The section objectives are to increase the high value commercial crops production, food security and to uplift living condition of the high value commercial crops farmers. The HVCDP section purchased assorted vegetables seeds of about 158.325 kilos from HVCDP budget and 52.775 kilos are coming from Bahay-kubo fund. Unfortunately other purchases like ubi, peanut, other selected fruit trees, industrial crops and cut flower planting materials were not procured because there was no supplier. On the other hand, the status of greenhouses purchase is on process.

Some of the assorted vegetable seeds purchased were repacked into sachet for backyard farming and some were distributed for commercial/semi commercial growers. The assorted vegetable seeds were distributed to commercial/semi commercial vegetable growers, 14 Agri HEAT caravan, 186 public elementary and high school across the province and walk-in clients. About 2,756 coconut seedlings distributed to 917 men and women coconut farmers in the province through Agri-HEAT caravan, walk-in clients.

The Bahay kubo FAITH HOPE CHARITY program was highlighted with the Search for Most Outstanding Bahay Kubo Practitioners and Modelong Gulayan sa Paaralan in which raising of 18 kinds of vegetables as enumerated in the Bahay Kubo song for the Bahay Kubo contest and Pinakbet variety for the Gulayan sa Paaralan. This is to encourage farmers and public schools to plant vegetables for their daily consumption and dietary needs for the family and pupils. This year, there are 15 farmers from Bahay Kubo and 45 schools from Gulayan sa Paaralan who won the Bohol's prestigious search that includes the runner's up and consolation prizes.

To ensure that the program is properly implemented, technical assistance and collaborations to active stakeholder is incorporated. There were 28 training/technical briefing conducted to different commodities in various clientele such as vegetable farmers and public Elementary and High Schools and banana, mango, fruit trees, industrial crops, cut flower growers. There were 13 Collaboration meetings to partner agencies conducted in order to widen the scope and share the responsibilities during the whole duration of the implementation.

One of the HVCDP initiatives to increase vegetable production in the province is to assist commercial/semi commercial farm as Demo for vegetable production. This year there were 5 farms established. The Bahay kubo demo site at people's mansion Tagbilaran City produced 104 kilos of assorted vegetables like eggplant, pechay, okra, stringbeans, upo and kangkong. The facilities earn of P 3,890 pesos out of the sale from vegetable produced.

## CROPS/FACILITIES

The Provincial Government of Bohol (PGBh) has 3 facilities strategically located namely; the BOAtech nursery which is located at Gabi Ubay; Macaas Nursery located at Macaas, Tubigon and Camp Bernido at Tagbilaran City. All of these 3 nurseries were concentrating on the Plant Material Production and Stocking/Propagation; Organic Inputs Production and Crop Production, to generate income. The table below shows the accomplishment from January to December 2017 on the following activities:

PLANT MATERIAL PRODUCTION AND STOCKING/PROPAGATION	
1. Produced Planting Materials	15,051 seedlings
2. Produced Coconut Seedlings	3, 550 seedlings

ORGANIC AGRICULTURAL INPUTS PRODUCTION	
1. Trichoderma	225 bottles
2. Vermi compost	2,431 kilos
3. NFTS	50 liters

CROPS PRODUCTION	
1. Vegetables	593.75 kgs.
2. Coconut	15,378 nuts/ P92,268
3. Cassava	3,200 kilos
4. Banana	1,238 kgs.
6. Rice Production	711 kgs.

Other activities include the distribution of seedlings to walk-in clients during HEAT-IT caravan and selling of vermicast during Tabo sa Plaza. Brushing and maintenance of the area as EMS are being observed. Potting of soil media for seedling production are day to day done to surpassed target.

A total of **P199, 277.00** income was generated from the three (3) facilities with a total breakdown as follows:

BOAtech	- P154, 996.00 (income from coconut, vegetables, etc.)
	- 23,000.00 (equipment rental)
Camp Bernido	- 15,871.00
Macaas	- 5,400.00
<b>Total:</b>	<b>- P 199,277.00</b>

## ORGANIC AGRICULTURE DEVELOPMENT PROGRAM

Under the Organic Agriculture Development Section, the staff members were able to conduct (20) field based trainings to the different farmers in the municipalities of Jagna, Sierra Bullones, Anda, San Miguel, Corella, Pilar, Dauis, Trinidad, Talibon and Bilar. Three (3) batches of Trainings on Organic Banana Production were conducted in collaboration with the People's Fair Trade Assistance Center (PFTAC)-Bohol to banana growers. Another three (3) batches of training on Nature Farming Technology System were also conducted to the beneficiaries of Soil Health Farmers Field Schools. Another four (4) series of trainings on Health and Wellness and Organic Vegetable Production to parents of malnourished children were also conducted in the different barangays of Corella, Bohol.

Another project assisted by our staff is the National Anti-Poverty Commission – Integrated Community Food Production (NAPC-ICFP) Program in Cortes, Bohol. The project is a collaborative effort of the provincial government of Bohol, Local Government Unit of Cortes and 300 farmer beneficiaries. The project is a community-based gardening or food production initiatives with a combination of raising vegetables and livestock. Series of activities such as meetings, orientations, trainings, monitoring and evaluation of communal farms and field visits were being participated by our staff. Last December 13, 2017, the project enabled Bohol to be awarded as Best Performer in the entire Visayas and in the entire country by the National Anti-Poverty Commission. The Kapunungan sa Bol-anong Organikong Mag-uuma (KBoOM) was also assisted by the section in their different activities in support to the implementation of organic agriculture program in the province. The group was organized in 2014 with 22 members, presently, it expanded to 124 members composed of different farmer practitioners, advocates and educators all over the province.

Last October 2017, the national organization of Natural Farming Advocates of the Philippines invited Mr. Rei Yoon, Overseas General Director of JADAM Organic Educational Body, to conduct four (4) 3-day live-in seminar strategic areas of the country. Mr. Yoon is also the author of the book *Jadam Organic Farming: The way to Ultra-Low-Cost Agriculture*. Bohol was able to host the seminar in BISU-Bilar Campus last October 9-11, 2017 with KBoOM as the main organizer. Five regular employees of the OPA attended the said seminar.

KBoOM hold their 3<sup>rd</sup> Annual General Assembly last November 27, 2017 at Egay's Farm, Bingag, Dauis, Bohol. Presentation of accomplishments was presented by the President and each member present during that day was given farm tools (rake & shovel). The money used to purchase the farm tools came from the cash award received by the group as Regional Outstanding Organic Small Farmers Group last 2016. Election of new set of Officers was also done during that day. Induction of new set of officers was done last December 4, 2017 during the PGBh Convocation Program at Capitol Garden by Gov. Edgar M. Chatto as inducing officer.

In order to develop a strategic direction for the next 3 years, the office facilitated the Strategic Planning Workshop of KBoOM last December 14-15, 2017 at Reynas Haven, Tagbilaran City. The organization was able to formulate their Vision, Mission and Goals. They also identified action plan for the year 2018 and the output will be submitted to different concerned agencies for budget consideration. On December 17 and 18, OPA in

coordination with Gawad Kalinga, KABOOM and BISU, conducted 2 batches of Native Stingless Bee Keeping with a total of 80 participants.

## ENGINEERING SUPPORT SERVICES

### 1. Farm Mechanization Support Services

The Provincial Government of Bohol through the Office of the Provincial Agriculturist allocated P5 Million Pesos under the 20% Development Fund. This amount was utilized in the procurement of one ( 1) unit 90Hp Tractor with Disc plow & Harrow, two ( 2) units 45 Hp Tractor with Rotavator & Harrow and Twenty ( 20 ) units Ricehull Carbonizers.

The said farm machineries/equipments were already bidden and to be delivered on the first quarter of CY 2018. The identification of farmer beneficiaries and distribution of the farm machineries/equipments will be done by the RASS Division Staff in consultation with the Department Head in support to the Food Security & Rice Self Sufficiency.

### 2. Postharvest Support Services

Twenty two (22) units RicehullCarbonizers were distributed to the People's Organizations and individual farmers in the municipalities of Antequera, Ubay, Carmen, Tubigon, Catigbian, Tagbilaran, Loboc, Valencia, Trinidad, Maribojoc, Corella, and Candijay. Conducted five (5) demos on the production of Carbonized Ricehull (CRH) and monitored 210 bags CRH produced. There were many requests from the POs/individual farmers and LGUs.

### 3. Farm to Market Support Services

Sixteen sites of Farm to Market Roads (FMRs) were validated with coordinates and submitted to concern agencies.

#### 4. Irrigation Support Services

Major accomplishments for the year's activities were the following:

- Validated and identified forty three (43) sites of Small Farm Reservoirs (SFRs) with twenty five (25) sites of SFRs constructed
- Validated and identified two (2) irrigation project sites for rehabilitation with one (1) site rehabilitated.

#### 5. Other Support Services

RASS staff also assisted in the preparation of the documents for the construction of a greenhouse project under the Philippine Rural Development Program with Bohol Concerned Citizen Action for Progress as the beneficiary organization.

### FISHERIES PRODUCTIVITY DIVISION

The year 2017 is another year of challenge in the implementation of fisheries development programs and projects. Some of these challenges were the after effect of the El Nino phenomenon which some fishery resources were in the state of recovery where fishery development programs is depended upon. Fisheries is the most vulnerable sector in agriculture considering its vulnerability to climate change and any weather condition.

#### A. Upland Aquaculture Development

The hatchery located at BISU Compound, Bilar, and Bohol is one of the facilities of the PGBh which provide and as the source of income for the office at the same time as the source of fingerlings distributed to the fish farmers. The hatchery is manned by four (4) staffs, 2 regular and 2 job order casuals who do all the works from the fry collection, maintenance and dispersal activities. For 2017, the hatchery was able to produce 447,700 pieces of tilapia fry against a target of 500,000 pieces or an accomplishment of 89.54 %. Income generated from selling of marketable tilapia and fingerlings totaled to P 176,000.00 against a target of P 75,000.00 or an accomplishment of 234.58%. Fry dispersal totaled to 410,005 pieces versus a target of 450,000 pieces or an accomplishment of 91.11%. 424 fish farmers have benefited of the fry dispersal as well as the technical assistance rendered by the staff.

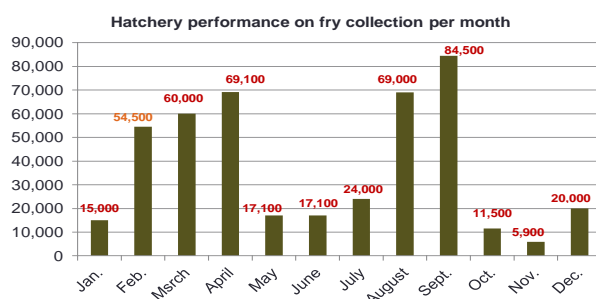

The support from the freshwater hatchery of BFAR located in Caluwasan, Clarin, and Bohol helped much on the need for fingerlings because of great volume produced by that the hatchery and the increasing demand for fingerlings seemed unlimited. Hito fingerlings produced from the breeders totaled to 20, 000 pieces, however, there was a very low production of fingerlings due to high predation like the entry of other carnivorous freshwater species as well as predatory birds attacking the fingerlings at night. A minimal income of P 3,703.00 was generated from selling hito fingerlings.

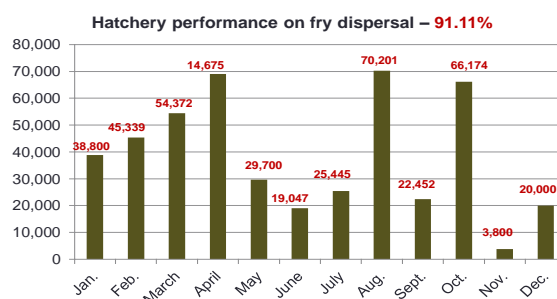

For the conduct of tilapia skills training and technical briefing in the management and culture of tilapia in backyard fishpond, there were 8 trainings accomplished out of a target of 4 with 200% accomplishment. They were conducted in Buenavista, Danao, Bilar, Sevilla, Dagohoy, Catigbian, Sagbayan and Valencia, Bohol. Sixty-

four (64) Technical briefings were also conducted both formal and in informal settings particularly during the dispersal and during the monitoring of status of dispersal out of a target of 48 or an accomplishment of 133.30%. Other staff of the division also take part in contributing to the accomplishment of the Upland Aquaculture Programs and projects considering the limitation of personnel of the division and the demand from the upland aquaculture farmers or tilapia growers.

Fry production (Jan.-Dec.2017) by month

Fry dispersal (Jan.-Dec.2017) by month

20, 000 pieces of giant African hito fry, however, there was a very low production of fingerlings due to high predation like other carnivorous freshwater species as well as predatory birds attacking the fingerlings at night. A minimal income of P3, 703.00 income have been generated from selling hito fingerlings. For the conduct of tilapia skills training and technical briefing in the management and culture of tilapia in backyard fishpond, there were 8 trainings accomplished out of a target of four (4) with 200% accomplishment. They were conducted in Buenavista, Danao, Bilar, Sevilla, Dagohoy, Catigbian, Sagbayan and Valencia, Bohol. Sixty-four (64) Technical briefings were also conducted both formal and in informal settings particularly during the dispersal and during the monitoring of status of dispersal out of a target of 48 or an accomplishment of 133.30%. Other staff of the division also take part in contributing to the accomplishment of the Upland Aquaculture Programs and projects considering the limitation of personnel of the division and the demand from the upland aquaculture farmers or tilapia growers.

## B. Marine Aquaculture Development

Marine fisheries development focuses on the culture of cultivable specie in marine waters as well as technical assistance to fish farmers and fisherfolk organization having had livelihood project with focus on the priority commodity. There were five (5) regular staffs assigned to carry-out the implementation of Marine Aquaculture Development Programs with the Section head given an additional task in the Purok Power Movement or the CDD-PPM. There were the usual technical assistance rendered to seaweed, mudcrab, bangus and oyster growers which form part of the regular target of the division.

For capacity development, three (3) trainings were conducted on seaweed or eucheuma farming and another 1 training on the marine-based technology ( gill net) assisted by our technician. For the yearly activity on SUHID sa Malampusong Mag-uuma sa Bohol, five (5) nominees were evaluated for their exemplary performance. The staffs were also active in the monitoring of agricultural prices in seven municipalities. Continuous monitoring of fish cage rehabilitation assistance in the municipalities of Candijay, Loon, Tubigon, Tagbilaran City, Talibon, Daus and Panglao were also conducted to determine its usage and usefulness. Proposed bangus fingerlings distribution were not realized due to no bidder and lack of fingerlings production per feedback from small scale hatchery operator.

In support to DA Special Projects of the Philippine Rural Development Project funded by the World Bank, eight (8) business plans on Seaweeds Small Livelihood Projects were submitted and deliberated by the Regional Project Advisory Board (RPAB) and awaiting for NOL issuance by the Project Support Office (PSO). Likewise eight (8) MPA proposals were reviewed and pre-RPAB for further enhancement. To further support the said project and through the I-PLAN PCPT, a Provincial Seaweed Investment Plan was indorsed by PDC to SP for approval and on June, 2016, the PCIP on Seaweeds was approved and served as the basis for investment through the I-REAP group. 3<sup>rd</sup> World Bank Implementation visits to GEF sites in Ubay and BUenavista, Bohol were conducted on September 9-11, 2016 with positive feedback from the WB Consultant, Mr. Jim Hancock.

Another area of investment under PRDP which were recommended for funding are the support facilities to the enterprise like the seaweeds dryer equipped with bodega and working area as well as the corresponding landing area where the seaweeds farmer can accessibly land and dried their seaweeds. There were 72 seaweeds dryer identified which were all geo tagged with the assistance from the personnel from the Provincial Engineers Office. Although feasibility study and economic analysis were facilitated by the PPMIU and PEO for the 14 seaweed producing municipalities through a workshop on August 30-31, 2016.

## AGRIBUSINESS DIVISION

The year 2017 for the Agribusiness Division which is composed of fourteen (14) staff for both regular and job order employees was the most rewarding year since we were not only able to accomplish our targets but was able to avail of a grant from the PRDP – I – REAP in the amount of 6.4 Million to our eight (8) assisted agri-enterprises and one of our assisted project under the NAPC – ICFP was awarded as Best Performer for both in the Visayas and the entire country for the Provincial Government category.

### Marketing Assistance

Developing linkages is usually the easiest part of broadening networks, thus, focused by the section. The section facilitated provision of market information to clients on prices and buyers of agricultural products and marketing linkages/market assistance like the conduct of selling activities and monthly “tabo” at Plaza Rizal with twenty-two (22) exhibitors which generated sales in the amount of P 1,961,284.00. Also, during the Sandugo Agri-fair Garden show display at Plaza Rizal for 1 month had P1, 331,040.00 sales.

This year, a grant of P 100,000 was given to the two (2) fish terminal project beneficiaries (Brgy. San Isidro and Tawala) with P 50,000 each respectively. With this, the section assisted the beneficiaries and makes sure that the project is being implemented. We, therefore commit in sustaining and maintaining the linkages.

### Promotion

The section facilitated the holding of events that aims to integrate the promotion and marketing of agri-products in support to the tourism efforts of the province. The annual Ubi Festival in January which featured a fair and product exhibits, market matching, literary and musical competitions, ubi eating contest, quiz bee and product development contest was successful because of the constant information given through radio, newspaper and other means that would reach the information to the farmers and stakeholders. The strong coordination among line agencies was also a big factor that contributed much for its success.

As early as May 2017, the preparations by the Promotion Section had started. The section facilitated for the smooth display and selling of agricultural products during the fair. Three (3) day Sandugo Agri-Fair and Product

Exhibit last July, 2017 with twenty-two (22) exhibitors had generated P140, 742.00 sales. Also, the one month Sandugo Agri-fair Garden show display at Plaza Rizal had generated sales of P1, 331,040.00.

This year, the section spearheaded the conduct of the Suhid sa Malampusong Mag-uumang Bol-anon (GAWAD SAKA SEARCH) an annual search every March-July with Nineteen (19) awardees for various categories. The Regional Search for Outstanding Achievers in Agriculture Awarding of Winners was held at Cebu Bayfront, Cebu City. The Province of Bohol garnered twenty-two (22) winners for different categories and it became an instrument in assisting the Gulayan sa Paaralan with Crops Division, awakening the interest of the pupils/students to plant vegetables.

There were 108 prepared news articles on the development of the Agriculture sector and were published at the Bohol Chronicle and aired over Station DYRD and printed 10,000 IEC materials during the Agri-Heat Caravan. The section also conducted monthly meetings of the Seaweeds Cooperative and Bohol Ubi Growers Association (BUGA) respectively. Issues and concerns were acted on time. The Promotion Section's routinely work is the production of Information-Education and Communication (IEC) materials and to be distributed during HEAT-IT BOHOL and AGRI-HEAT Caravans aside from the usual walk – in clients. The celebration of the World Food Day was also coordinated by the division.

### Enterprise Development

With the presence of a Food Technologist sometime in the second semester of the year, the section was able to conduct comprehensive workshops on food processing by way of outsourcing funds from the partner agencies. Moreover, it conducted Skills Training on Processed Food Products like the squash based noodles, Tilangit (Dried Tilapia), Virgen Coconut Oil (VCO), tomato-based products (Tomato Candy and Jelly) and assisted People's Organizations in the different municipalities. These products when fully developed by the association/cooperative will be targeted as one of their products for business. Actual Demonstrations on food processing were also spearheaded by the section during the World Food Day including Culminations of Women's Month Celebrations.

Agribusiness Assessments and enterprise mentoring were also the major concerns of the section. For this year, the focus of these interventions are the eight (8) proponent groups of the Philippine Rural Development Project – Rural Enterprise Assistance Project (PRDP-I-REAP) who have availed of a 6.4 Million project grant. Seven (7) assessment workshops were participated by the Association of Individuals Moving for Progress (A.I.M.), Balilihan Association of Women for Development (BAWOD), Loon Unified Business Initiatives (LUBI-MPC), Pederasyon sa mga Gagmayng Mananagatug Mag-uumasa Loon (PEGAMMALO), Catmonan, Calape Coconut Growers – MPC, Mabini Federated Rural Improvement Club, Canjulao, Jagna League of Women and Bohol Concerned Citizens for Action.

One of the major accomplishment of the section was the successful implementation of the National Anti – Poverty Commission’s Integrated Community Food Production Project located at Cortes, Bohol with three (300) project partners in the (14) barangays of the said town. Organically grown vegetables including livestock production are the main focus of the project. Last December 13, 2017, the province of Bohol was awarded as the Best Performer in the entire Visayas and in the entire country by the NAPC.

In close coordination with the marketing section, the Tabosa Plaza exhibitors were being organized into an association being considered as a sustainable enterprise for its two (2) years of existence. Participation to Tiendasa DA and exhibit at the University of Bohol are among the fairs and exhibits participated by the office.

## INSTITUTIONAL DEVELOPMENT SECTION

Institutional Development Section (IDS) facilitates the conduct of various meetings to strengthen the different Rural based Organizations/Councils (PAFC, BAFF, KA-ABAG, 4-H, RIC’S). The section also assisted the attendance and participation of trainings on Project Development, Proposal Preparation, and Regional Farm Family Forum among the officers of Rural Improvement Club, Municipal Agricultural Fishery Council Chairperson, P4MP, and 4-H clubs’ officers.

During the Regional Farm Family Forum, the province sent 14 participants. They participated in different contest on different levels and categories, like, Look-a-like and Doble Kara wherein we got the 1<sup>st</sup> Prize, Rice Based Product Development, Cooking Demo, and Handicraft Demo. The first place at the regional level will represent to the National level contest. Also, the section assisted the nominees for the Regional Gawad Saka Searching 2017 in which we had 23 awardees (Farmers/organizations) from different categories.

On the other hand, the Province hosted the conduct of the 2<sup>nd</sup> AFC Summit held at Alta Boho sometime in November. Participants are volunteers coming from Negros, Cebu, Siquijor, and Bohol. Issues and concerns were received and acted on time. PAFC monthly meetings were regularly facilitated. Issues and concerns in the MAFC level and what the office can extend assistance were always taken in the discussions. PAFC members showed positive interest in every meeting for they have the venue to air their views and concerns from their respective municipalities. IDS also conducted BAFF Assessment & Planning Workshop which gathers problems and issues. With the full support of the other divisions including logistics, the division is continuously extending technical assistance to our clients for sustainable agribusiness.

## DEVELOPMENT MONITORING

From the planning cycle, the monitoring of projects remains a recurring task and serving as a tool for evaluation and planning process of the office. The monitoring and review of banner projects were done. Ocular inspection and review of data and accomplishment reports were considered.

## OTHER RELATED FUNCTIONS

**Philippine Rural Development Program** - The Office of the Provincial Agriculturist is a member of the several Technical Working Groups, I-PLAN and the I-REAP that would coordinates/tackles on projects funded by Philippine Rural Development Program (PRDP) thru Department of Agriculture. Several workshops/meetings were participated for the success of the implementation of PRDP's projects here in the province. In fact the Officer in Charge of the Office of the Provincial Agriculturist is the I-PLAN component head of the PRDP.

Some of the Activities of the PRDP were as follows:

- a. Regional/ Provincial Planning Workshop February 7 - 8, 2017 at BODARE Coop Pension House, Tagb. City
- b. Cassava Technical Review August 25, 2017
- c. PDC Endorsement of Seaweeds and Native Chicken PCIP to the Regional Development Council (RDC) March 7, 2017 at Governor's Mansion, Tagbilaran City
- d. Provincial Planning Team (PCPT) Meeting on March 15, 2017 at OPA, Capitol Annex Bldg, Tagb. City
- e. Stakeholders Consultation for Cassava PCIP on September 7, 2017

- f. Key Informant Interview (KII)/ Focus Group Discussion (FGD) for Banana Cardava on September 15, 2017
- g. Assessment on the Institutionalization of PCIP at the LGU Level for the Province of Bohol on September 19, 2017

Sector	:	<b>ECONOMIC DEVELOPMENT</b>
Sub-sector	:	<b>Agriculture</b>
Office	:	<b>OFFICE OF THE PROVINCIAL VETERINARIAN (OPV)</b>

## I. HIGHLIGHTS OF 2017 ACCOMPLISHMENTS

### LIVESTOCK AND POULTRY PRODUCTION ENHANCEMENT FOR AGRICULTURAL PRODUCTIVITY

#### LIVESTOCK HERD BUILD-UP

Infusion of livestock to the local herd primarily increases the existing population and even improving its bloodline. By infusion, additional animals coming from outside the province are distributed to the communities for breeding and production. This is made possible through the support of the DA RFO 7 which in year 2016, initially distributed livestock and poultry under the Livestock Enhancement Assistance Program (LEAP) and the Upgrading of Production Centers. Recommended beneficiaries are validated on site by the representatives of the OPV together with the DA RFO 7- Livestock Division to confirm its existence and assess its capability to handle livestock projects particularly the pass-on requirements.

In 2017, additional livestock and poultry are distributed amounting to P1, 198,000.00 which are part of the 2016 assistance. Beneficiaries are the Municipal Production or Breeding Centers, BALA Associations and Peoples' Organizations (POs).

**Table 1. Livestock and Poultry Distribution from DA RFO 7, Year 2017**

Commodity	Heads	Beneficiaries	Location
Swine	5	Production/ Breeding Centers	Sagbayan, Talibon, Alicia, Jagna, Trinidad
Sheep	14	Villa Teresita FA	Brgy. Villa Teresita, Ubay
Cattle	13	Hinakhakan FA	Brgy. Tinibgan, Calape
		Tawid FA	Brgy. Tawid, Candijay
		Suba Fishermen's Asso.	Brgy. Suba , Anda
Native chicken	1,640	Barangay Livestock Aides (BALA)	Districts 2 & 3

The status of the livestock and poultry distribution as of December 2017 is as follows:

**Table 2. LEAP and Upgrading Production Centers Summary Status, Province of Bohol, as of December 2017**

Commodity	No. Distribution	Beneficiaries		Pregnant	Offspring produced		Breeder Mortality
		POs	Mun.		Live	Died	
Cattle	45	9	8	45	4	1	3
Carabao	33	5	5	2	2		**1
Swine	17	*11	11	1	59	15	3
Goat	106		15	1	25		41
Sheep	14	1	1	6		3	2
Native chicken	2,730	41	41		504		

\* Production Centers      \*\* Replaced thru insurance

A high mortality rate is registered on piglets particularly in the production center of Carmen. This is because of infection resulting from improper cutting of milk teeth. Corrective measure is instituted by the municipal Veterinarian thereat to prevent recurrence of such incidence. Mortality is also a little high in goats which registered at 39% specifically for breeders. Stress and unfavorable weather condition during transport are considered major causes of deaths.

On the other hand, productivity in some animals is good. In cattle, 45 heads are reported to be pregnant in a span of almost 2 years from delivery. The BALAs also are now starting to re-disperse 504 native chickens to its members. For carabao, 3 heads are already used as draft and transport support.

To ensure sustained productivity of these animals, the office has conducted 13 production and management trainings (Table 3) attended by 367 recipients with fund assistance from the DA RFO 7. Discussion focused on breeding, feeds and feeding and animal health.

### GENETIC UPGRADING PROGRAM

Upgrading livestock is improving the heritable potentials of its existing population. For years now, the upgrading program in Bohol uses 2 approaches: provision of breeders for natural breeding and artificial insemination (AI).

Through the years, AI proved to be very popular and highly acceptable by farmers, particularly for those who had the experiences of its economic benefits by the offspring produced and the hassle-free services that are offered by the technicians' right at the doorsteps of the farmers.

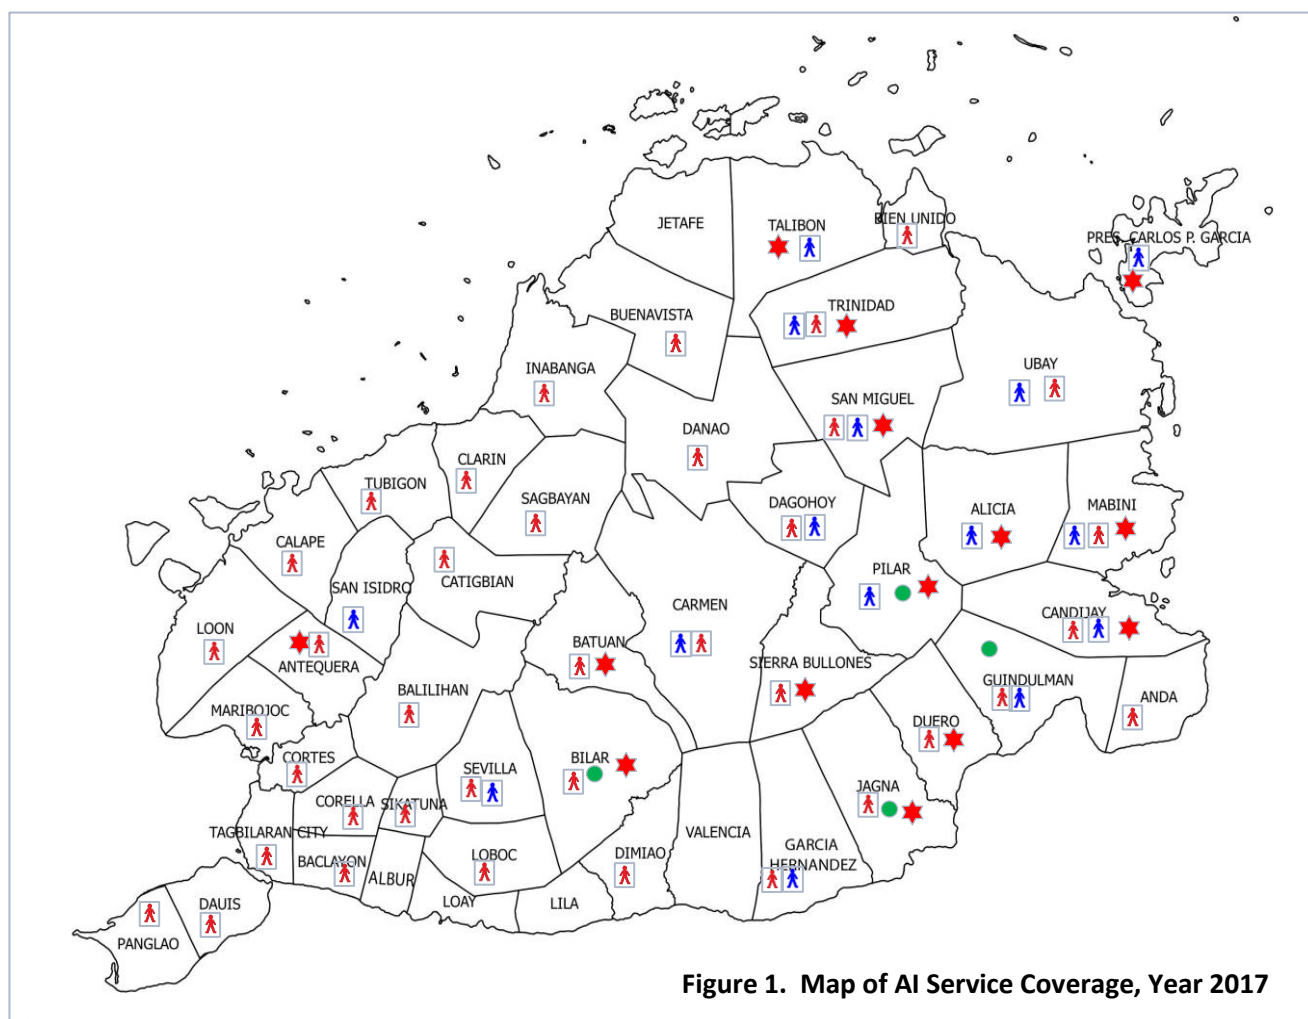

In Bohol, AI started in the 70's starting off with swine. Sometimes in 1983, AI intensified this technology application to cattle after technicians of the then Ministry of Agriculture were trained in Japan through the sponsorship of Japan Overseas Cooperation Volunteer (JOCV-JICA). From thereon, technology adoption and application then expanded with carabao and goat.

To date, AI being one of the flagship services of the Office of the Provincial Veterinarian, almost covered the whole province; in fact, 44 out of 47 municipalities and 1 city, are now performing artificial insemination services. The OPV has targeted to cover the whole province by year 2020.

For the year 2017, AI services covered 44 municipalities.

**Legend:**

-  Regular AI Technician
-  Village-based Technician
-  Municipal ABC's for swine
-  Private-operated swine ABCs

Anchored on the Unified Artificial Insemination Program (UNAIP) of the national government, artificial insemination is implemented in strong partnership with the Department of Agriculture (DA) RFO 7, the Philippine Carabao Center (PCC) and the National Dairy Authority (NDA) both in Ubay with the Municipal Local Government Units (MLGUs) through its Municipal Agricultural Offices. AI services in the province for this year is performed by a total of 75 trained and active technicians.

These strategies are continuously adopted to ensure enhanced performance of AI Technicians:

- Capacity development of concerned technicians;
- Provision of incentives for good performing technicians in form of cash crop based on validated number of live calves produced;
- Provision of gasoline allowance and travelling expenses to active technicians to facilitate field mobility;
- Assistance to MLGUs in the procurement of liquid nitrogen;
- Adoption of heat synchronization and flushing of breeders; and
- Building strong collaboration and resource sharing with line agencies.

**AI in Ruminants.** Considered ruminants are cattle, carabao and goat. For the period January to December 2017, a total of 3,963 cattle (2,623 beef, 1,340 dairy), 3,689 carabaos and 140 goats are inseminated serving 7,911 livestock raisers. Offspring produced recorded a total of 3,022 heads (2,088 cattle, 830 carabao, and 104 goat).

The economic contribution of AI to the livestock industry for year 2017 can be expressed through the monetized value of offspring produced from cattle, carabao and goat amounting to P43, 926,000.00.

**Table 4. Comparative AI Performance in Ruminants, Year 2015 - 2017**

Areas	Commodity	Year		
		2015	2016	2017
AI Services	Cattle	3,933	4,382	3,963
	Carabao	3,014	3,210	3,689
	Goat	152	300	140
Offspring Produced	Cattle	2,089	2,664	2,088
	Carabao	722	898	830
	Goat	105	190	104
Conception Rate (%)	Cattle	69.5	65.0	72.0
	Carabao	51.0	45.0	59.0
Calving rate (%)	Cattle	53.0	61.0	54.0
	Carabao	25.0	29.0	26.0

Comparing the performance of AI for the past 3 years, it can be noted that AI services in cattle and goat declined with offspring production. The animals are still recovering from the effects of the previous El Nino such that productivity is affected.

As a very vital component of AI, a total of 9,490 straws of frozen semen are acquired from the National Artificial Breeding Center through the DA RFO 7, the Philippine Carabao Center and OPV of Negros Oriental. Breeds used are Bulgarian Murrah Buffalo for carabao, Brahman and Red Brahman for beef, Holstein for dairy while Anglo Nubian for goat.

#### **Heat Synchronization and Animal Conditioning.**

Heat synchronization and flushing is conducted purposely to increase productivity especially in carabaos which are silent heaters. Hormones are given to selected qualified animals to stimulate and synchronize heat allowing technicians to inseminate more animals. A total of 2,226 cattle and carabao are synchronized benefitting 2,052 livestock raisers in the different parts of the province.

Flushing is also undertaken prior to the conduct of insemination. This is to condition the animals and increase the probabilities of early pregnancy and rate of fertility. A total of 1,565 heads (975 carabaos, 590 cattle) are subjected to flushing benefitting 1,345 farmers.

**Eartagging.** Ear tagging is conducted in coordination with the DA RFO 7, NDA and PCC. As of December, a total of 210 cattle and carabao are tagged covering the areas of Dagohoy, San Miguel, Trinidad, Ubay Alicia, Mabini and Pilar. Ear tagging is a continuing activity purposely to identify breedable animals produced through AI and to establish a data base for breeders.

**Establishment of Liquid Nitrogen Plant (LN2).** The proposal to establish a liquid nitrogen plant in Tagbilaran City has been granted in a counter-parting scheme between DA RFO 7 and the Provincial Government of Bohol through the OPV. In this case, the DA will procure the LN2 production machine worth approximately 10 million and the OPV provides for the construction of building and its maintenance and operating expenses.

The construction of the plant or building as of December is held pending due to location issues caused by the intention of the Provincial Government to transfer the OPV at the new capitol site.

The establishment and operation of a liquid nitrogen plant locally will have an advantage and provide opportunity in terms of the following:

- 1) Expanded service coverage with more animals and clients served anytime;
- 2) Savings on the part of the LGUs and partner agencies on procurement time and cost;
- 3) Enhanced livelihood opportunities of Boholanos and the village-based AI technicians;
- 4) Continuous AI services as liquid nitrogen supply will be stable and always available;
- 5) Bohol is strategically located in the Visayas and part of the nautical highway, thus, providing easy and immediate access for other LGUs outside Bohol for its procurement; and
- 6) The project will soon be generating income as soon legalities and mechanisms are put in place.

**AI in Swine.** There are 15 Artificial Breeding Centers (ABC) for swine that are actively operating in the province which are owned and managed by the MLGUs through its Municipal Agricultural Offices. Five (5) privately-operated centers are also offering the same services which are being monitored and technically assisted by the office.

For the period January to December, a total of 1,495 pigs are served with total recorded piglets produced of 6,980 (Table 5). AI in swine has provided an economic contribution of P10, 470,000.00 in monetized value of the offspring produced.

The operation of the Municipal Artificial Breeding Centers including private centers is strongly supported by the office in terms of technical assistance like semen motility test to ensure the viability of semen and training of boars for semen collection.

This year, 5 junior boars are delivered as replacement or additional breeder to 5 ABCs of Sagbayan, Talibon, Trinidad, Alicia and Jagna.

**Capacity Development.** The OPV facilitated the participation of MLGU Technicians to trainings (Table 6) and provided assistance through the trained and more experienced OPV staff who served as facilitator and trainer.

**Monitoring & Assessment.** Project implementation updating is carried out through meetings, assessments and on field monitoring by the OPV or coordinated with other agencies like PCC, DA and the Municipal Agricultural Offices. The office sees to it that issues and concerns from the field are given appropriate and immediate attention. This also strengthens the relationship between the technicians, the OPV and other involved agencies.

## LIVESTOCK FEED RESOURCE DEVELOPMENT

The productivity of any ruminant is greatly affected by the kind of feed alongside with good management and breed. It can be noted that a large portion of a ruminant feeds is forages, thus, low-cost, good and nutritious forages should be ample and always available to achieve high productivity.

As one travels in the countryside, a wide range of potential areas are evident for feed resource development like under orchard, coconut and oil palm plantation, along irrigation canals and wide grasslands. Yet, these have been heavily dominated by undesirable weeds like hagonoy, cogon, lantana and agingay. Aside from nutrition, forages help improves soil fertility, prevent erosion and have mitigating contribution to global warming. Over seeding and massive planting of improved forages utilizing these possible sites is a great challenge.

Scarcity of forages is experienced after the onset of the El Nino phenomena in 2016, thus recovery efforts include development of forage seedbanks and nurseries coupled with massive campaign and distribution of planting materials.

According to records, for the period January to December, 30 hectares are maintained and 7.32 has. are developed while 17,979 cuttings, 703 seedlings, 45 kgs. seeds and 662 seed packs of different forages are distributed as planting materials, among which are madre de agua, flemengia, rensonii, centrosema and indigofera benefiting 1,286 farmers.

The OPV is also maintaining 2 forage nurseries that cater to the need for planting materials. These are located at the office and at the Provincial Livestock and Poultry Farm in Bilar. The Ubay Stock Farm in Ubay is also giving planting materials for free to interested raisers.

The promotion of silage to support the feed requirement of animals is also intensified through trainings and demonstration. Eleven (11) sessions of training cum production on silage are conducted this year.

On the other hand, natural farming technology is also showcased at the PLPF in Bilar with the operation of an NFTS building and the availability of local feedstuffs such as chili, alugbati, soya and corn.

Other activities include distribution of animal supplies and raw materials for feed formulation to LGUs and POs and these include 32 drums of molasses, 80 liters of Effective Micro-organism (EM) inoculant for fermentation and 464 units of 50-liter plastic drums. Two thousand five hundred (2,500) leaflets of IEC materials on natural farming are also reproduced and distributed to enhance knowledge of livestock raisers.

### BOHOL NATIVE CHICKEN DEVELOPMENT PROGRAM

With more than 90% of the production of native chicken coming from the backyard raisers, developing this industry becomes a major strategy to achieve inclusive growth in the countryside, opening more livelihood as well as entrepreneurial opportunities for marginal farmers. Thus, the province considered the native chicken as a commodity champion in addition to dairy.

Ultimately, the goal is to commercialize native chicken production in the province. Specifically, it aims to:

- To sustain and expand native chicken production province-wide;
- To promote production and enhance productivity of naturally grown native chicken;

- To make available healthy and enough supply of native chicken breeders for dispersal and enterprise purposes; and
- To support the nutrition program of the government.

As a jump-off point, production is given primary attention through establishment and operation of municipal-based native chicken production centers and institutional farm starting year 2013. Selection of project partners is based mainly on the expressed interest to establish and put up its required counterparts.

With support provided by the provincial government through the OPV, all production centers are provided 25 breeder stocks, feeds for the first 4 months, net as fencing materials and equipment like incubator and brooder. Area, housing, water, power, feeds for the succeeding months and caretaker served as the counterpart of the municipal LGUs.

To ensure production and consumption of healthy chickens, a unified animal health program has been developed by OPV and introduced to the communities particularly to chicken growers for adoption.

**Native Chicken Production Centers.** Foremost, the Municipal Native Chicken Production Center (MNCPC) served as the nearest production area that would cater to the need for native chicken breeders of the municipality and its constituents. Secondly, it provides a ready source of stocks in cases of disease incidences that will affect other centers.

This year, 6 additional production centers are established and operating in the municipalities of Clarin, San Miguel, Danao, Getafe, Baclayon and Tangnan Farmers Association of Panglao which is PO-operated, making a total of 41 MNCPC's to date or 85 % coverage from the total municipalities province wide.

Initial records of performance taken from 8 MNCPs this year show that there are 736 heads of native chickens dispersed to 129 recipients ([Table 7](#)).

Aside from technical support, other assistance to MNCPCs from OPV are in form of goods:

<b>Feeds</b>	24 bags	Clarin, San Miguel, Mabini, Danao, Baclayon
<b>Nets</b>	6 rolls	Clarin, San Miguel, Mabini, Danao, Baclayon
<b>Breeder stocks</b>	175 heads	Clarin, San Miguel, Panglao, Danao, Getafe, Baclayon, Dimiao
<b>Molasses</b>	4 drums	Balilihan, Buenavista

**School-based Native Chicken Production Centers.** Five (5) schools within Tagbilaran City became partners in the implementation of production centers. However, the performance ([Table 8](#)) is not showing a good result. Stock mortalities particularly breeders, are a little bit high registering at 64%. Causes of death noted are related to inclement weather coupled with poor management particularly on feeding and health management. Project mechanics are then reviewed and polished for re-implementation.

**Organization of Native Chicken Growers.** To date, 10 municipal native chicken growers' associations/organizations are formed in the municipalities of Catigbian, Dauis, Loon, Sikatuna, Bien Unido,

Clarin Sagbayan, San Isidro, Batuan and Bilar with a total membership of 195. Primarily, the formation of these groups is aimed at facilitating extension of services, provide inputs, monitoring and provide easy access to marketing and funding opportunities from other sources. These organizations are as follows:

Name of Organizations	Membership
<b>District 1:</b>	
1. Catigbian Native Chicken Growers Association	15
2. Daus Native Chicken Growers Association	18
3. Loon Native Chicken Growers Association	15
4. Sikatuna Native Chicken Growers Association	20
<b>District 2:</b>	
1. Bien-Unido Native Chicken Growers Association	20
2. Clarin Native Chicken Growers Association.	20
3. Sagbayan Asso. of Farming Entrepreneurs	20
4. San Isidro Native Chicken Growers Association	21
<b>District 3:</b>	
1. Batuan Native Chicken Growers Association	19
2. Bilar Agri- Livestock and Tourism Municipal Agriculture Coop.	27

Continuous organizational and technical assistance is similarly afforded to strengthen and expand project implementation of the existing native chicken organization – the Bohol Native Chicken Growers Association or BONACGA.

**Production Support.** Campaign for increase production of native chicken is on-going as native chicken supply is not enough to supply the demand of the booming industry. In response to the situation, the OPV adopted these strategies:

**Flock build-up.** Breeders are provided to associations and even individuals with existing native chicken flock. To date, records show that 1,319 native chickens are dispersed to 244 farmers. These are coming from the institutional farm that is owned and managed by the OPV in Bilar.

Also, this year, 1,800 native chickens are provided to BALAs of districts 2 and 3 (Table 9) with funding assistance from DA RFO 7. This is in addition to those heads distributed to BALAs of district 1.

**Equipment support.** Three (3) units Incubators and 6 brooders are also provided at no cost to the municipalities of Cortes, Buenavista, Clarin, Danao, Getafe, San Miguel, Candijay, Dimiao and Mabini.

**Vaccine support.** New Castles' Disease or ND vaccines like La Sota and B1B1 procured through provincial funds and from the DA RFO 7, are distributed at no cost to Peoples' Organizations (POs), farmer-raisers and the municipal-based native chicken production centers as top priority. This is to ensure prevention of New Castles' Disease (ND) which is a common illness affecting poultry.

**Capacity development.** To enhance the knowledge on production, management and health aspects, 360 techno guide booklets on native chicken production are distributed, conducted 11 trainings on native chicken production, 13 sessions on Unified Health Program for native chickens and 20 sessions on Low Cost Indigenous Feeds, with different participating groups.

**Technical assistance.** The native chicken production centers and growers are assured of technical assistance from the OPV particularly during vaccination, disease incidences and farm visitations.

### PROVINCIAL LIVESTOCK and POULTRY FARM

The Farm managed by the OPV is located at the area owned by the Provincial Government in barangay Roxas, Bilar. It is part and parcel of the Bohol Biodiversity Complex which is approximately 600 meters from the highway.

For 20 years now, the Farm has sustained even gaining support in terms of budget requirements. Farm management and operation is performed by 4 regular personnel and 4 casuals under the supervision of the production division of the office. An Administrative Assistant provides direct supervision of farm personnel.

At first, PLPF is a pooling place for pass on animals under the LETS HELP BOHOL Program and eventually became a drop-off point and a learning center for visitors, farmers, students from the nearby agricultural school of BISU and even government project implementers. The development of commodity champions has transformed the farm from a mere pooling area into an institutional production center for native chicken.

Other projects include swine production which also showcase utilization of manure through biogas production, goat production, vermi-composting, forage development and nursery, ethno-veterinary seedbank and natural farming system for livestock and poultry.

**Native Chicken Production.** As of December 2017, the project is maintaining 106 hens and 29 roosters while procurement of replacement breeders is underway. Chick production supports the operation of municipal-

based native chicken production centers, the countryside development program of the provincial government and even the PRDP which also funded procurement of stocks.

Records show a total of 1,169 with 559 hardened chicks and 40 cockerels distributed to Ubay and Balilihan respectively.

The farm now practiced a combination of commercial and inorganic feeding. Commercial feeds are used only for day-old chicks up to hardening stage. Inorganic feeds called “Sinampangkong” which is a mixture of indigenous materials available in the area is used during the remaining stage of growing chickens. This is to minimize feed cost at the same time a demonstration of technology for replication or adoption by farmers.

The unified animal health program for native chicken is adopted thus assuring protection and high survival rate of chickens when released to clients.

**Swine Production.** The farm maintains 5 sows of mixed bloodline as breeders. In the absence of breeder boar, breeding services this year are temporarily availed from a boar of a private operator within the municipality. This year, 41 piglets are produced, 25 heads of which are dispersed.

**Goat Production.** In 2016, a group of hybrid Anglo Nubian goats are infused to the farm under the program “Upgrading of Production Centers” of the DA RFO 7. This year, the 5 does and 2 bucks maintained as breeders, produced a total of 5 kids, 3 of which (1 male, 2 females) are distributed to the municipality of Buenavista.

**Animal Feed Development.** Forage planting materials are available in the farm at no cost for interested clients. This year, a total of 1,414 seedlings of indigofera are produced while 2,702 seedlings of fodder trees and legumes are replanted along perimeter and divisional fences. Four hundred fifty-three (453) seedlings and 1,200 cuttings are distributed to recipients of the PRDP project holders and other livestock raisers.

In support to the demonstration of NFTS technology, feed gardens are grown and these include 8 plots kangkong, 5 plots chilis, 4 plots alugbati, 5 plots alikway and 10 hills of malunggay. These are materials used in the production of local feeds under research such as PLPF livestock salad, EM livestock salad, Bokashi and EMAS. Samples are already sent to the Regional Feed Laboratory to assess the nutrient content of these feeds before massive production and promotion to livestock raisers shall be undertaken.

Rehabilitation and intensifying forage development at the farm is facilitated by the tractor received from DA RFO 7 in the later part of 2017. This tractor however is not exclusive for PLPF alone but can be used for forage development of livestock raisers in the countryside. Guidelines for this purpose is still to be prepared and approved by next year.

**Livestock Waste Management and Utilization.** The concrete biogas digester provided by the Bureau of Animal Industry (BAI) is still functioning, in fact, it is used as a showcase during the conference of Biogas Coordinators all over the country who visited the farm last October 5. For the time being, biogas production relies on manure of pigs. Rehabilitation of the unit is planned to be undertaken by year 2018.

Manure from chickens, carabaos and goats are also used at the vermi-composting facility that produced 4,540 kilograms of vermi-casts this year that are utilized as organic fertilizer and potting media for the production of forages and in the feed gardens.

**Animal Health Program.** Vaccination, deworming, vitamin supplementation and delousing or application of ectoparasiticide are regularly done with technical assistance provided by office Veterinarians. This is to ensure production and maintenance of disease-free and productive livestock and poultry population thereby minimizing mortalities. Fortunately, no disease outbreak or incidence is reported this year.

Bio-security measures in the projects are installed like foot and wheel baths as well as project fences to secure the existing stocks and prevent the entrance of animals within the periphery of the farm. Regular disinfection, maintenance of clean equipment and facilities, appropriate disposal of farm wastes and EMS is also undertaken.

**Training Venue.** The PLPF also served as venue for technical and skills trainings of farmers, technicians and even students conducting researches:

Thesis Title	Name of Student	School
<b>Growth Performance Evaluation of Native Chicken Fed with EM Applied Local Feedstuff</b>	Jenny Ira Baugbog	Tagbilaran Science High School

## ENHANCED LIVESTOCK-BASED ENTERPRISES, LIVELIHOOD AND EMPLOYMENT OPPORTUNITIES

### DAIRY DEVELOPMENT PROGRAM

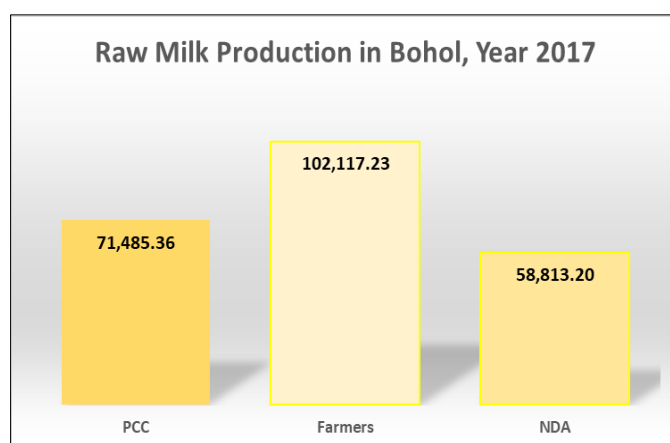

Dairying in the province is initiated by the National Dairy Authority (NDA) on cattle and the Philippine Carabao Center (PCC) on buffalos. The presence of these institutions provides farmers the opportunities for first-hand information, experience on dairying as well as technical and breeder support.

From an enterprise research study by the PCC, dairy production has now become an entrepreneurial venture and a promising profitable economic enterprise. Bohol has a great potential to become the dairy capital of the Visayas with the presence of an expanding breeder base, available local feed resources, technical capacities and technology, its proximity to Cebu grid market, and a growing tourism industry. With this, the Provincial Government of Bohol (PGBh) has provided its all-out support and spearhead its holistic development.

**Milk Production.** The OPV is monitoring the production of raw milk in the province. For the year 2017, records show a production total of 232,415.79 liters for both carabao and cattle.

Carabao's milk produced at the Philippine Carabao Center and at farmers level is being processed and sold as fresh milk, flavored milk, and milk-based bread and pastries.

On the other hand, milk from NDA is also processed at their own processing center based in Lomangog, Ubay, Bohol and sold as fresh milk, RTD flavored milk and milk bars.

Of the total 3-year milk production, there is 11% increase from year 2015 to 2016, however, decreased to 23% from 2016 to 2017. Raw milk production in the institutional farms of NDA and PCC has been affected by the following factors; i) the El Nino phenomenon in the later part of 2015 to 2016, ii) the culling activities and distribution of animals particularly by the NDA to other provinces thus decreasing the milking herd.

Record shows further, an increasing raw milk production at the farmers' level. More farmers are now interested to participate in dairying and find the venture very promising.

**Table 10. Raw Milk Production in Bohol, Years 2015 -2017**

YEAR	NDA	PCC	FARMERS	TOTAL
2015	132,261.25	74,191.91	65,006.21	<b>271,459.37</b>
2016	146,309.50	79,004.62	78,501.61	<b>303,815.73</b>
2017	58,813.20	71,485.36	102,117.23	<b>232,415.79</b>

**Organized Dairy Producers.** To date, 23 dairy cooperatives/ associations (Table 11) which are engaged in milk production and processing are under the umbrella of the Bohol Dairy Producers Association (BoDPA). These groups are located in the municipalities of Ubay, Alicia, Mabini, San Miguel and Dagohoy. The BoDPA serves as the marketing arm for milk and dairy products and also responsible for the sustainable production, processing of raw milk and expansion of marketing outlets for dairy products.

For project expansion and enhancement, BoDPA is able to access assistance from the PRDP which hopefully, will be granted next year 2018.

**Technical and Equipment Support.** The Provincial Government provides technical support through deployment of 8 dairy technicians assigned in the identified dairy zones. Purposely, these technicians perform milk testing on site, collect raw milk from farmers, and provide assistance to artificial insemination and animal health services. They also assist dairy coops during meetings to facilitate some of the concerns related to community-based dairy program.

On the marketing side, the PGBh provides cold storage equipment and distributes 43 freezers to partner public schools. Twenty-five (25) of these freezers are transferred without costs. The schools serve as dairy product marketing outlets under “Gatas Sa Eskwelahan Para Sa Kabataan Ug Katawhan Project”.

**Dairy Festival.** One major accomplishment for the year 2017 is the conduct of the 3rd Bohol Dairy Festival last December 27 in Ubay. This is initiated by the Provincial Government of Bohol through the OPV hand in hand with the Philippine Carabao Center, National Dairy Authority, Bohol Dairy Producers Association and LGU Ubay. Some 600 dairy stakeholders from the different municipalities of the province attended this occasion.

Highlight point is the ceremonial turnover of PRDP check as the first tranche release to BoDPA in the amount of P1,955,000.00. In addition, production support supplies, vaccines, drugs and biologics, and equipment are also distributed to the dairy cooperatives.

**Planning, Monitoring and Assessment.** A dairy enterprise assessment is conducted by the OPV on November 14-15 with the participation of partners like PCC, NDA and BoDPA. Using the approved Provincial Commodity Investment Plan (PCIP) as guide in reviewing the extent of existing initiatives, industry issues, concerns, gaps and recommendations are identified.

The group has decided to explore the maximum potential of the industry by coming up with a road map that would serve as a guide in its development pursuit.

On the other hand, monitoring of the project “Gatas Sa Eskwelahan Para Sa Kabataan Ug Katawhan” is regularly conducted to ensure sustainability and progress. Assessment results indicate that out of the 36 partner schools, only 23 reported a total sale of P1,381,159.75 for year 2017 with 23% or P320,359.90 net income (Table 12).

**Marketing Outlets.** In addition to the Bohol Dairy outlet at the PCC and NDA in Lomangog, Ubay, consumers / customers may now buy milk and milk products from the Dairy Box in Carmen which started its operation in August 2017 and the ICM in Tagbilaran City last December of same year. Products from BoDPA are now on display for sale anytime. The Dairy Box is a marketing outlet operated by BoDPA while the PCC and PCARRD provided equipment as counterpart.

The NDA has its processing plant as a product outlet too. However, its strategy is peddling milk products to different schools in the province.

### MEAT-BASED ENTERPRISE DEVELOPMENT

The office gives focus on developing meat-based enterprises in addition to dairy. As such, trainings are conducted on site in a counter parting system between MLGUs, OPV and the POs.

This year, 6 trainings in 6 POs on Basic Meat Processing are conducted:

• Mahayag Women's Association	Mahayag, San Miguel
• BHW Association of Calape	Poblacion, Calape
• Palayamanan Farmers Association	Mandaug Calape
• Maria Rosario Farmers' Association	Maria Rosario, Inabanga
• Getafe Women's Association	Poblacion, Getafe
• Bilar Agri- Livestock and Tourism Municipal Agriculture Cooperative	Bilar

Processing equipment are procured by the office and provided at no cost to POs as support:

• 1 meat stuffer and 1 meat grinder	Palayamanan Farmer's Association
• 1 meat grinder	BHW Association of Calape
• 1 meat grinder	Getafe Women's Association
• 1 meat stuffer	Sikatuna Federated Women's Association *

\* Trained last year

### LETS HELP BOHOL PROGRAM

LHB refers to Livelihood Enhancement Towards Sustainable Human and Environmental Paradigm for Bohol. It is an integrated area development initiative that aims to catalyze growth in the rural areas, help rural families and create community life that is healthy, fulfilling and profitable thru infusion of livestock. The guiding principle "Passing on the Gift" has become a way of life of every program participants, particularly the rural families. The Office of the Provincial Veterinarian is proud to say that the program has sustained for more than a decade since inception in 2002.

Program expansion is made possible with the "passed-on" animals from original project partners, by participating households and additional original animals provided by the CONBUSAC-BOAWAS to the program through the OPV.

Sustained & expanded the program  
WITHOUT fresh funds from govt.

Sustainability is ensured by the Provincial Government through provision of support funding for animal health services, project monitoring and evaluation, organizational strengthening and capacity development of project participants.

**Partnership Forged.** From program inception to date, there are already 344 partner POs in the 41 municipalities provincewide with a total membership of 17,503. This year, 6 people's organizations (Table 13) with a total membership of 151 from the municipalities of Albur, Cortes Dagohoy, Bilar, and Garcia Hernandez are addition to the existing project partners.

It can be noted that the basic requirements for project partnership to LHB are the following; i) active membership in the organization, ii) completion of all required trainings, iii) 200 square meters planted to improved forages and iv) animal shed.

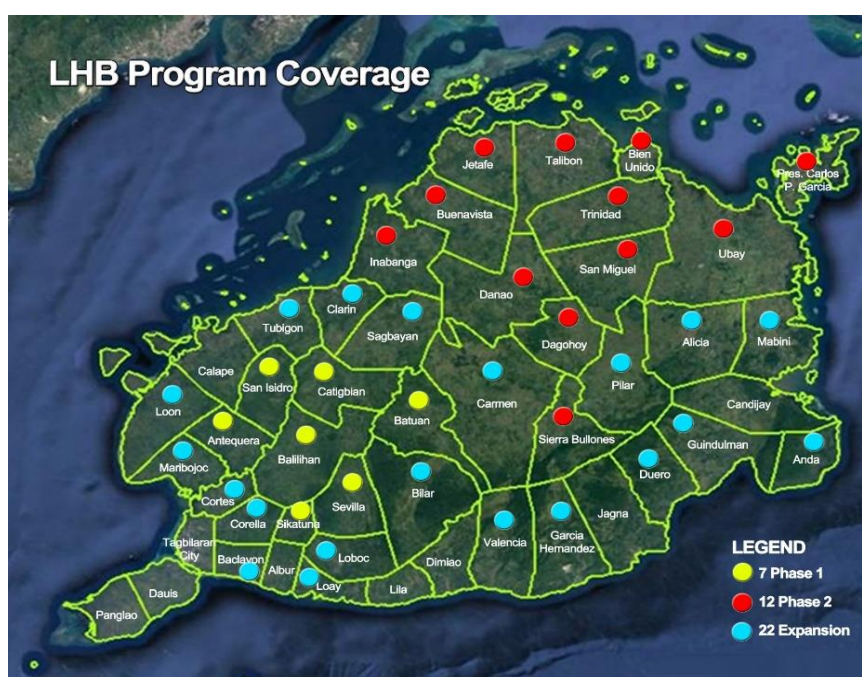

Figure 2. Map of LHB Program Coverage

**Livestock Placement and Productivity.** This year, a total of 26 carabaos with a monetized value of P650,000.00 and 9 swine valued at P27,000.00 are provided to 35 new project recipients in Bilar, Dagohoy, Albur, Cortes and Garcia Hernandez.

On the other hand, monitoring results show an offspring production total of 372 heads valued at P6,243,000.00.

Table 14. Summary of Offspring Production, LHB Program, Year 2017

	Commodity	Offspring	Monetized Value (P)	Families Benefited
Pass - on	Carabao	113	2,825,000.00	113
	Swine	40	120,000.00	40

	Commodity	Offspring	Monetized Value (P)	Families Benefited
	Goat	22	44,000.00	22
	Chicken	45	9,000.00	26
	<b>Total &gt;</b>		<b>2,998,000.00</b>	
<b>Non-weaning age</b>	Carabao	95	2,375,000.00	
	Cattle	2	50,000.00	
	Swine	20	60,000.00	
	Goat	4	8,000.00	
	<b>Total &gt;</b>		<b>2,493,000.00</b>	
<b>Personal Share</b>	Carabao	15	375,000.00	
	Cattle	3	75,000.00	
	Goat	1	2,000.00	
	<b>Total &gt;</b>		<b>452,000.00</b>	
<b>PO Monetized</b>	Carabao	12	300,000.00	

Productivity is also accounted through pregnant animals. This year 31 confirmed and 12 suspected pregnant carabaos are recorded.

**Capability Building.** Attendance to trainings is one of the pre-requisites to program partnership. These trainings enable the organization particularly the individual recipients to be cognizant on their responsibility of the animals, accountability to the organization and to the program, as well as built a strong commitment and pride to help other families in need.

There are 33 trainings and orientations conducted this year attended by 899 participants and these include: i) 12 Program Policy Orientation, ii) 6 Organizational Diagnosis and Planning Workshop, iii) 6 Values Formation Workshop, iv) 6 Animal Health, Breeding and Nutrition and v) 3 Basic Orientation on GAD issues.

**Monitoring and Assessment.** The built-in monitoring mechanism in place at the POs has contributed so much on sustained program implementation for years now. The Livestock Committee (LC) at the PO level up to the Municipal Advisory Board (MAB) has made easy to update the status of the project, provides a general view of the program and reference for planning the activities for the succeeding year.

Monitoring is made through household visits and meetings where reports are rendered by every project holder. Among the parameters considered during monitoring are the maintenance of forages, animal sheds, utilization of manure and animals, income and savings out of the project.

As of December 2017, LHB has conducted assessments in 22 municipalities involving 274 POs. The consolidated status report shows the following;

Table 15. Municipal Assessment Results, LHB Program as of Dec. 2017

Areas Considered	Quantity	Families	POs	Municipality
<b>1. Forage (sq. m.)</b>				
a) Existing POs				
- maintained	598,026	1,505	143	22
- established	195,990	207	143	11
b) New POs				
- established	5,200	26	5	5
<b>2. Animal health services (hds)</b>				
- deworming	1,196	974	155	22
- vaccination	85	76	38	6
- vitamin supplementation	156	102	18	3
<b>3. Animal sheds (units)</b>				
- maintained	799	414	143	22
- established	35	35	5	5

Table 16. Income and Savings, LHB Program, Bohol, Year 2017

Utilization	Animals (head)	PO	Benef	Income (P)	Savings (P)	Total (P)
<b>Draft (personal use/ hire)</b>	1,113	170	1,113	1,837,150.00	8,328,250.00	<b>10,165,400.00</b>
<b>Livestock Sale</b>	212	76	167	2,037,650.00		<b>2,037,650.00</b>
<b>Manure (2,511.50 sacks)</b>	556	86	559	4,350.00	129,095.00	<b>133,445.00</b>
<b>Home Consumption</b>						<b>25,870,336.00</b>
- Meat	402	28	57		377,020.00	
- Food Gardens (1,772,835.10 kg)		161	1,008		25,493,316	
<b>Total</b>				<b>3,879,150.00</b>	<b>34,327,681.00</b>	<b>38,206,831.00</b>

### PRDP I-REAP COMPONENT

This year marked a great milestone for the I-REAP component in Bohol since its partnership with the Department of Agriculture (DA) - Philippine Rural Development Project (PRDP) in 2014. In a span of time, a lot of challenges are encountered, yet, there is no turning back, and the project has to proceed with PRDP as one source of assistance.

**Project Implementation Status.** In May 2017, 10 Proponent Groups (PGs) and another 2 PGs in October received the first tranche checks for the implementation of its micro-enterprises amounting to Php7,909,285.27 (Table 17). All of these 12 PGs applied the Community Forced Account (CFA) procurement method since all of their packages did not exceed the Php 500,000.00, the maximum amount allowed by World Bank to be exempted from the regular bidding processes.

Series of meetings after the release are conducted to learn and resolve issues and concerns encountered during project implementation, especially during procurement. As a documentary requirement and evidence of project implementation, all goods and services procured by the PGs are geotagged. It is good to note that the 10 PGs are able to submit the first tranche liquidation to the Provincial Government of Bohol as prescribed. To date, second and final tranches are to be expected anytime soon.

**Project Monitoring, Review and Assessment.** The World Bank Consultants visited 4 PGs last June 20-21. These are LAMBO of Dauis, BAWOD of Balilihan, CLOW of Jagna and MFRIC of Mabini. Joining the team are key PRDP I-REAP partners from the National Project Coordinating Office (NPCO), Project Support Office (PSO) - Visayas Cluster and the Regional Project Coordinating Office (RPCO) – 7. The objectives of the activity are i) to know

how the PGs are operating their micro-enterprises, ii) fund utilization status of the first release and iii) assess PGs' practices relating to social and environmental safeguards.

**Qualifying New PGs.** The Bohol Upland Farmers Federation of Cooperatives (BUFFC) in Batuan, applied in the mid-part of the year under the regular window with sub-project entitled "Batuan Native Chicken Breeding and Chicks Hardening Facilities and Marketing Enterprise" with a total project cost of 8 M.

BUFFC is able to participate series of business planning workshops, complied and submitted all the PRDP required documents, joined the Joint Technical Review on September 26-29 and got the endorsement from the Regional Project Advisory Board (RPAB) on November 15 during the RPAB Evaluation. To date, the issuance of No Objection Letter (NOL1) from the PSO-Visayas is something to look forward to by the BUFFC.

**Proponent Group (PG) Profiling.** Series of profiling and household income surveys are conducted in all 14 partner PGs in the first quarter of the year. The activity is spearheaded by RPCO particularly the M and E section. The OPV having supervision over all PGs, provided manpower support.

**Capacity Development.** The I-REAP component also conducts capacity-building activities participated by key officers of PGs through funding from PSO-Visayas, RPCO 7, PPMIU-Bohol, OPV and OPA.

Title of Activity	Date
Training Workshop on Financial Management, Enterprise Operation Management	Feb. 7-10
Enterprise Prioritization of PGs Workshop	July 6-7
Procurement Coaching Re-orientation, Biosecurity and Feeding Management for Native Chicken Enterprises	July 17-18
Enterprise Status Updates	July 21, Aug. 15-16
I-REAP Year-End Assessment and Planning Workshop	Dec. 14
Technical Trainings on Native Chicken Production and Health Management	Oct. 11, Dec. 19

## COUNTRYSIDE DEVELOPMENT - PUROK POWER MOVEMENT (CDP-PPM)

The office is tasked to coordinate the implementation of the livestock-based livelihood project under the Countryside Development Program - Purok Power Movement (CDP-PPM) of the provincial government. It can be noted that this project was once handled by the SEEM cluster and handed over to OPV in 2016. As such, the system of the LETS HELP Bohol Program is applied and adopted.

**Partnership Building.** The selection of project holders is dependent on the area of deployment of the CDP-PPM Team. The major role of the office is to provide the necessary support in terms of technical assistance during inspection of animals, trainings and completion of documentary requirements during delivery. Among the considerations for partnership is the membership to the sectoral working committee (SWC) or POs. This year, 14 SWCs covering 9 municipalities ([Table 18](#)) become additional partners.

**Livestock Placement.** This year, 102 livestock (91 carabao, 11 cattle) are distributed to 102 beneficiaries. These covered the municipalities of Antequera, Calape, Catigbian, CP Garcia, Danao, Loon, Mabini, Maribojoc and Sevilla with a total book value of P2, 436,200.00.

To date, a total of 1,191 livestock are already distributed to 732 beneficiaries in 75 sectoral working committee volunteers/POs covering a total of 23 municipalities in the province.

**Capability Building.** Trainings are required for every association that are project holders. These are conducted on site by trained Community Facilitators of the office with food as counterpart of the involved association. These trainings include Program Policy Orientation, Cornerstone, Value-based Formation and Planning and Animal Health Breeding and Nutrition Improvement (AHBNIT). Primarily, this is aimed at providing awareness to the beneficiaries on their responsibility and accountability and the principle of sharing.

In 2017, 20 trainings and orientations are conducted in 14 SWC/PO's with 576 participants/beneficiaries in attendance. To date, there are 141 trainings and orientations already conducted involving 1,887 participants/beneficiaries.

## LIVESTOCK MARKETING SUPPORT

**Assistance to Livestock Auction Market.** The establishment of a trading area for livestock is basically aimed at providing a centralized marketing facility. The use of weighing scale is intended to provide fair basis for the price of livestock being sold rather than the traditional “mata mata or sabotsabot” system. The facility also provides important industry information such as livestock flow, price trend and grading system.

In Bohol, only 2 LOMs are actively operating; one in Sagbayan and the other in Catigbian that holds market during Friday and Monday, respectively. Both LOMs undergone rehabilitation. Managed and operated by the Municipal LGUs, the OPV has been providing technical assistance through deployment of a Veterinarian during market days for issuances of veterinary health certificates and to monitor and ensure that only apparently healthy livestock for whatever purposes comes in and out from the LOM.

For the year 2017, market transaction records show that from the total of 8,458 cattle registered, only 4,625 (55%) are sold while for carabaos, 4,522 or 58 % are sold from the total registered of 7,776 heads ([Table 19](#)).

**Price monitoring.** Prices of livestock and poultry products in the municipalities are collected through monthly price monitoring reports submitted by the Livestock Technicians, while price monitoring is also undertaken by assigned office personnel in 5 establishments: BQ, Alturas, Marcela, Shoppers, ICM and 2 wet markets (Cogon, Dao) in Tagbilaran City on a weekly basis.

For this year, records show that price for livestock and poultry products are stable with a very minimal change considering the adequate supply of locally produced products. However, campaign for price tagging remains a challenge.

## SAFEGUARD PUBLIC AGAINST ZOONOTIC AND EMERGING LIVESTOCK DISEASES

### BOHOL RABIES PREVENTION AND ELIMINATION PROGRAM

The Bohol Rabies Prevention and Elimination Program is a locally-initiated comprehensive program which started in 2007 with the ultimate goal of eliminating rabies disease in the province.

Its multi-sectoral and participatory implementation is province-wide involving the 47 municipalities, the City of Tagbilaran with its 1,109 barangays, the national, and provincial and non-government institutions.

Rabies, being a deadly disease can be of economic importance. Realizing its clear and imminent danger, the OPV takes the lead with the support of other agencies in an attempt to free the province from the disease.

After years of implementation, priority activities now focus on vaccination, dog population control and management and promotion of responsible pet ownership. Monitoring and campaign is a continuing activity conducted by the OPV in close coordination with the Municipal Agricultural Offices.

**Component 1. Social Mobilization.** This year, 8 sessions of paralegal orientation and trainings are conducted in Mabini, Panglao, CP Garcia, Ubay and Loon with members of the Municipal Rabies Prevention and Elimination Council (MRPEC), Bantay Rabies sa Barangay (BRB) and ABC of Jagna as participants. Purposely, these activities are undertaken to increase the level of awareness, gain more support and active participation from program implementers at the barangay and municipal levels.

**Component 2. Dog Population and Control Management.** Spay and neuter plays a major role in rabies elimination by decreasing the number of dogs and cats. This year, with partnership of an NGO – the Philippine Pet Birth Control Center Foundation (PPBCCF), 32 massive spay and neuter are conducted serving 11 municipalities and the walk-in clients at the Provincial Animal Health Care Unit and Laboratory (PAHCUL). A grand total of 1, 415 dogs and cats are spayed and neutered serving 755 clients.

**Table 20. 2017 Summary of Spay and Neuter, Province of Bohol, Year 2017**

Area	Spayed			Neutered			Grand	Total
	Dog	Cat	Total	Dog	Cat	Total	Total	Clients
<b>District 1</b>								
1. Antequera	19	1	20	16	4	20	40	31
2. Baclayon	5	1	6	8	0	8	14	10
3. Balilihan	11	0	11	8	0	8	19	16
4. Daus	26	1	27	10	1	11	38	31
5. Loon	31	1	32	12	5	17	49	37
6. Panglao	181	58	239	179	71	250	489	246
7. Tagbilaran	79	32	111	74	35	109	220	135
<b>District 2</b>								
1. CP Garcia	64	3	67	27	2	29	95	17
2. Getafe	36	0	36	30	0	30	66	33
<b>District 3</b>								
1. Loay	16	0	16	11	0	11	27	9
2. Loboc	122	36	158	77	41	118	276	149
<b>OPV- PAHCUL</b>	20	20	40	29	13	42	82	41
<b>GRAND TOTAL</b>	<b>610</b>	<b>153</b>	<b>763</b>	<b>481</b>	<b>172</b>	<b>653</b>	<b>1,415</b>	<b>755</b>

Efforts are also geared towards disposal, management and clearing the streets and beaches with stray dogs that caused accidents particularly commuters on motorcycles and exposing the community particularly children to possible dog attack or biting. The Office still continue to support the dog impounding activities at the municipal level particularly those without trained dog catchers.

To capacitate and empower program implementers such as the designated dog catchers, skills training on proper and humane way of handling/impounding stray dogs are conducted in 5 municipalities; CP Garcia, Dimiao, Loboc, Anda and Duero with a total of 26 participants in close coordination with the Municipal LGUs through the Municipal Agricultural Offices (Table 21).

Support to the municipalities is also provided on dog impounding and humane elimination activities on a per request basis which is carried out by trained and pre-exposed dog catchers of the MLGUs. This year, support is given 37 times with 16 areas served. Records show a total of 850 dogs impounded, 803 dogs humanely eliminated and 32 dogs claimed (Table 22). More MLGUs are requesting for technical support.

**Component 3. Dog Bite Management.** The office has allocated the amount of P120, 000.00 for the procurement of human rabies vaccines for pre-exposure prophylaxis to program implementers identified to be high-risk and post-exposure treatment to vaccinators accidentally bitten during vaccination.

**Component 4. Massive Dog Registration and Rabies Vaccination.** Mass vaccination of domestic dogs remains the mainstay of canine rabies control. The months of March to May are considered the synchronized massive vaccination period in the province thus, the OPV ensures the availability of vaccines during this time. At the municipal level, it is the Municipal Agricultural Offices that conduct vaccination in the barangays with support provided by the Barangay Livestock Aides (BALA).

This year, the MLGUs are supplied with logistical support such as disinfectants, disposable syringes and needles, 28,800 dog vaccination cards, dog registry books, 5,000 dog tags and 9,198 vials of rabies vaccines.

In 2017, the total dog population of the province reached 114,790 and from this, a grand total of 81,934 dogs are vaccinated against rabies province wide achieving 71.38% vaccination rate and surpassing the national standards of 70%. Only 1,076 barangays or 97% of the 1,109 total barangays in the province are covered this year (Table 23).

**Component 5. Communication Management.** Information Education and Communication (IEC) plays a very critical role in bringing awareness on rabies elimination. For this purpose, the office reproduced and distributed 2,903 leaflets giving information about rabies and responsible pet ownership.

A campaign on responsible pet ownership is undertaken in 14 elementary schools, Dogs of Alona and the house to house info caravan in Panglao and Dauis performed by the OPV in preparation for the ASEAN Summit. A school symposium is also organized at barangay Villa Milagrosa, CP Garcia last April.

**Component 6. Surveillance.** To know the prevalence of rabies disease in the area, regular surveillance and monitoring is undertaken. Among these activities is dog head sampling from areas with previous history of positive canine rabies cases and from rabies suspected dogs that had bitten people.

This year, a total of 61 dog head samples are collected from the municipalities of Carmen, Loon, Sevilla, Guindulman and CP Garcia and submitted to the Provincial Rabies Laboratory in Dumaguete City, Negros Oriental. Returned results are negative for rabies antigen. Contact tracing is also conducted on reported suspect human rabies case at Barangay Camalian, Ubay.

Dog movement in and out of the province is also monitored in all ports and sub-ports to ensure that all rabies vaccine shots of dogs and cats are up to date.

**Component 7. Monitoring and Evaluation.** Considered to be the major accomplishment for the year is the declaration of the island municipality of CP Garcia as rabies-free. Pre-evaluation preparations and the necessary documentation are ably assisted and facilitated by the OPV and the Provincial Health Office (PHO) with assistance and coordination of the MLGU of CP Garcia through its the Municipal Agricultural Office. The awarding ceremony is made by the National Rabies Council at Century Park Hotel on Sept. 28th.

#### MEAT CONTROL AND SAFETY PROGRAM

This program ensures food safety and quality standards for consumer for livestock-based products. Ensuring the safe flow of food of animal origin from the point of production to the food table of consuming community is one major issue that the office is trying to address. Pending the enactment of a Provincial Ordinance for the establishment of the Provincial Meat Inspection Service Unit (PMISU), efforts at the moment are limited only to monitoring and coordination with municipalities with slaughterhouses. The PMISU being envisioned to be part and parcel of the office organizational structure, shall be spearheading the implementation of all activities related to meat inspection.

**Capability Building.** Butchers and slaughter aides are given orientation and seminar last August and October purposely to create awareness and ensure that all that are involved in handling the animals from slaughtering to carcass follow the appropriate and hygienic procedures. This is conducted in the municipalities of Maribojoc, Clarin and Catigbian.

Technical support is also provided to municipalities requesting for assistance particularly on-site validation and enhancement of structures and operations. These include the municipalities of Loon, Valencia, Calape and Alicia. In fact, the office assisted the Regional NMIS Director during the conduct of validation and evaluation last October of MLGUs requesting for assistance for the construction of new abattoirs.

A write shop for the review and finalization of the draft Provincial Meat Inspection ordinance is undertaken last March with no less than the Regional Director of the NMIS providing comments and inputs.

**Monitoring and Evaluation.** Updating the status of program implementation is a very necessary reference for analysis and planning. For meat inspection, monitoring is carried in different levels considering the participation of the MLGUs. For this purpose, the OPV conducts the following activities;

**Site Visits.** To monitor and assess the compliance of MLGUs on standards set by the National Meat Inspection Service (NMIS), the OPV conducted 39 visits to the operational slaughterhouses and observe its slaughtering operation.

**Meetings.** Monitoring, program review and assessment of LGU-operated abattoirs is also performed through conduct of regular meetings with Meat Inspectors. On this instance, issues and problems encountered in the performance of their duties are tackled and resolved and even share experiences and learnings.

**Reports.** Monthly reports are required to be submitted to the office by the designated Meat Inspectors. Consolidation (Table 24) and analysis of data is undertaken prior to submission to the NMIS Regional Office. For private-operated slaughterhouses and dressing plants, data are collected by the provincial-based Meat Control Officer of the NMIS.

## LIVESTOCK AND POULTRY DISEASE PREVENTION AND CONTROL PROGRAM

One of the Mandates of the Office is to safeguard the health of livestock and poultry in the province to attain self-sufficiency in foodstuff of animal origin and to produce quality animals for food, draft and breeding purposes.

To carry out this responsibility, disease prevention and control program is implemented focusing on economically important and emerging diseases that threaten the industry such as hemorrhagic septicemia and fasciolosis which affects ruminants, hog cholera affecting swine, newcastle's disease (ND) and avian influenza (AI) affecting poultry and foot and mouth disease (FMD) for cloven-footed animals. Apart from these,

strengthening the quarantine activities on movement of animals is undertaken as one of the frontline of defense in maintaining the disease-free status of the province.

**Component 1. Implementation of Animal Health Programs for Livestock and Poultry.** The OPV continuously supports the vaccine requirements of the MLGUs to assure a healthy and productive livestock and poultry population in the province. Vaccine assistance mostly come from the Department of Agriculture 7 allocated to the province annually.

For the year, the OPV distributed 21,500 doses of hemorrhagic septicemia vaccines with a total recorded vaccination of 26,637 animals serving 4,439 clients ([Table 25](#)).

Despite enough supply of HS vaccines at the OPV, record shows that only 71% of the total municipalities are conducting hemosep vaccination. According to feedback from the field, among the factors affecting the low turn-out or response from farmers are; i) information on the importance of vaccination is not sufficient, ii) the wrong notion of farmers that animals may die if vaccinated, and iii) timing of vaccination schedules during working months in the farm. These findings will serve as basis in the enhancement of vaccination program in the countryside in the succeeding year.

Similarly, NCD vaccines are procured from the Department of Agriculture 7. In some instances, the office procures additional stocks charge to office funds. For the year, distribution of NCD vaccines are as follows:

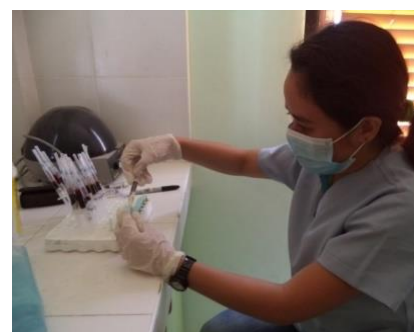

<b>La Sota vaccine</b>	<b>- 332,000 doses</b>
<b>B1B1 vaccine</b>	<b>- 338,000 doses</b>
<b>NCD inactivated</b>	<b>- 12,000 doses</b>

A total of 733,900 heads of poultry are vaccinated serving a total of 69 beneficiaries/farmers). Priority allocation are given to Municipal Native Chicken Production Centers to assure a healthy flock for breeding and distribution.

**Component 2. Strengthen Disease Outbreak Investigation, Disease Surveillance and Monitoring.** The province has only 6 Veterinarians at the OPV and another 4 assigned in the municipalities of Danao, Carmen, Loay and the City of Tagbilaran aside from private practitioners. It should be noted that Veterinarians are the technical authorities for animal and public health. The government Veterinarians are being backed-up by the Livestock Technicians and the volunteer Livestock Aides. Disease surveillance is one of their major responsibilities in addition to the implementation of animal health programs.

**Disease Surveillance.** There are 5 disease investigations conducted in 2017 in Alicia, Panglao, Sagbayan, Loay and barangay Buenos Aires, Tubigon. This involved native chickens and pigs.

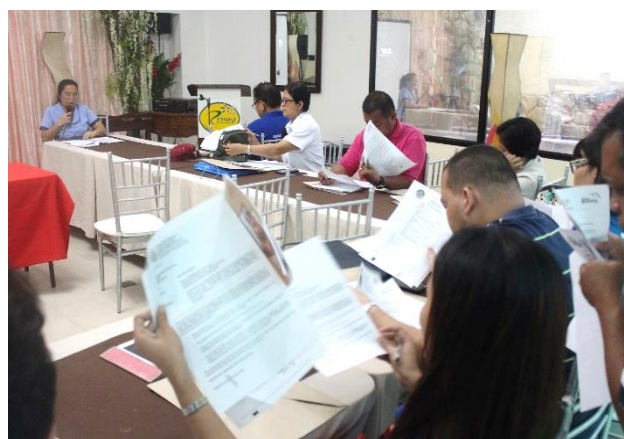

For sero-surveillance, blood samples are collected, processed and submitted to the Regional Animal Disease Diagnostic Laboratory (RADDL) of the DA 7. This is to monitor the possible existence of diseases and further serve as reference for plan of action.

Samples	Type of Test	Sources
97	Foot and Mouth Disease (FMD)	cattle, carabao, goat, swine
295	New Castle Disease (NCD)	native chickens
307	Avian Influenza (AI)	native chickens

A menace affecting the poultry industry this year is the outbreak of avian influenza in Luzon last August. This alarmed the province being a trans-shipment point of products particularly balut and chickens from the north. It can be noted that the main source of balut are ducks and these species of poultry are being affected the most. With this scenario, creating the Provincial Task Force is deemed necessary. Series of meetings and planning sessions are conducted to plan out appropriate and timely courses of action which is participated by agencies like DENR, PPA, PNP, Veterinary Quarantine, PATCO, PIO, SP on Agriculture, ATI and NMIS.

Monitoring is undertaken in areas where sightings of migratory birds are reported. These include Panglao, Pilar, Loon, Calape, Candijay and Talibon. Blood collection is also conducted in major poultry producers or farms in the province including a duck farm in Corella.

The OPV is closely working hand in hand with the Veterinary Quarantine Office and the MLGUs in the control of poultry movement in and out of the province, such that biosecurity measures are also strictly implemented in all ports and sub-ports of Bohol. This prompted the Provincial Government to add 5 manpower support to man the ports considered to be critical points like Tubigon, Ubay and Tagbilaran City.

Information campaign is intensified through radio interviews, attendance to meetings and distribution of information materials. This created in depth awareness about AI and provide information to the public on the real status that Bohol remains to be AI-free.

**Capability Building.** The training on Livestock Emergency Guidelines and Standards (LEGS) conducted last October 18-20 primarily aims to assist the people in managing and protecting the welfare of livestock in times of crises. The 2-day activity is attended by 51 government employees composed of the Municipal Agriculturists and Livestock Technicians.

**Monitoring.** Two (2) sessions of consultative meetings and report review conducted last May and August with Quarantine Inspectors manning the 11 ports and sub-ports aims to monitor quarantine operations aside from on the site visitations, which in this case undertaken in the ports of Tagbilaran, Talibon, Bien Unido, Ubay, CP Garcia and Jagna.

**Laboratory Services.** Laboratory capacity needs to be strengthened to support disease detection and confirmation. Provision of technical manpower, equipment, mobility, policies and regulations need to be in place.

The New Castle's Disease (ND) satellite laboratory is now operational with support provided by the DA RFO 7 in terms of technical assistance, training of the Veterinarian and support equipment.

Another on-going project is the construction of the serology laboratory worth 1.5 M with approved funds from the DA RFO 7. This will be situated beside the Provincial Animal Health Care Unit (PAHCUL).

Blood collected for sero- surveillance are being processed at the PAHCUL. This year also, 9 necropsies and 7 fecal examinations on a per request basis are performed by the office Veterinarians.

**Extension and Technical Support.** Technical assistance is provided by the OPV to the municipalities through the conduct of animal clinics in time of the Agri-heat Caravan of the provincial government, or on a per request basis, during foundation days and town fiesta celebrations. Free services are rendered hand in hand with the MLGUs that include consultations, treatments, vaccinations, deworming, dog castration and spaying.

This year, 26 animal clinics are undertaken in 26 municipalities benefiting 1,558 clients and serving 27,062 animals. Total estimated cost for animal clinics is P257, 939.20 in monetized value (Table 27).

Free services are also afforded to walk-in clients. For the year, a total of 993 clients are attended and 14,058 heads of animals are served for consultations and referrals, treatment, vaccination, deworming, vitamin supplementation, parturition-related cases and assistance to students in the conduct of thesis and research studies (Table 28).

Other assistance performed are the following:

- 22 times as a resource person during BALA and livestock and poultry management trainings;
- 19 times assistance to MLGUs during pre- dispersal inspection of native chickens;
- Support to veterinary quarantine services by issuance of veterinary health certificates to 849 clients for transport of 2,711 different livestock and poultry;
- Supervision on animal health program in the municipalities of Mabini, Candijay, Alicia, Trinidad, Talibon, Dauis, Sagbayan, Panglao, Batuan, Dauis, Bien Unido and in the PLP Farm; and
- 38 animals examined and 11 veterinary health certificates issued this year at the LOM.

## ESTABLISHMENT AND CAPACITATION OF NON-GOVERNMENT LIVESTOCK SUPPORT GROUPS FOR THE INDUSTRY

### STRENGTHENING OTHER LIVESTOCK-BASED ORGANIZATIONS

To maximize the coverage of programs, projects and services of the office and ensure community and stakeholders' participation in project planning and implementation, the strategy of strengthening livestock-based organizations is adopted and extended to organized groups. These include provision of trainings, equipment, breeder stocks and even assistance to access funding agencies.

Among these partner organizations are the following:

- Bohol Native Chicken Growers Association (BONACGA) which is composed of individual native chicken growers from different municipalities;

- The Bohol Cattle Raisers Association (BCRAP) - a group of cattle raisers from different municipalities which is affiliated with the Federation of Cattle Raisers Association of the Philippines (FCRAP);
- Bohol Dairy Producers Association (BoDPA) – a group of dairy farmers producing, processing and selling milk and milk products;
- 10 municipal native chicken growers' associations in 10 municipalities organized by the OPV this year in coordination with Municipal Agricultural Offices

Name of Organizations	Members
<b>District 1</b>	
1. Catigbian Native Chicken Growers Association	15
2. Daus Native Chicken Growers Association	18
3. Loon Native Chicken Growers Association	15
4. Sikatuna Native Chicken Growers Association	20
<b>District 2</b>	
1. Bien Unido Native Chicken Growers Association	20
2. Clarin Native Chicken Growers Association	20
3. Sagbayan Association of Farming Entrepreneurs	20
4. San Isidro Native Chicken Growers Association	21
<b>District 3</b>	
1. Batuan Native Chicken Growers Association	19
2. Bilar Agri- Livestock and Tourism Municipal Agri. Coop.	27
<b>Total</b>	<b>195</b>

#### BARANGAY LIVESTOCK AIDE (BALA) PROGRAM

After 20 years, the Program has sustained the change of leadership, the test of time and remains strong with its cohesive membership of 1,264 volunteers representing 1,094 barangays from 47 municipalities. BALA as a trained barangay-based volunteer under the supervision of the Municipal Agricultural Offices, has become a vital support to the livestock industry.

**Capacity Development.** Continuous trainings and refresher courses are conducted this year in Cortes, Loboc and Danao.

**Livelihood assistance.** As a livelihood support, the BALAs are provided with native chicken breeder stocks together with plastic drums, 105 rolls of poly-nets for fencing, waterers, veterinary drugs and biologics.

**Meetings.** The municipal chapter Presidents formed the BABALA or Bohol Association of Barangay Aides. From time to time, the BABALA is called to a meeting for updating and feed backing. In this manner, issues and concerns are tackled and resolved with OPV giving inputs and recommendations. This year, 3 BABALA meetings are conducted with funding support from the Provincial Government through the OPV.

**BALAs as support to industry.** The volunteer BALAs provide support to the municipal agricultural offices in terms of industry data gathering or updating, animal health program implementation, disease surveillance and monitoring. The responsibilities of the BALAs are under the supervision of the Livestock Technician and the Municipal Agriculturist. The BALAs' are very instrumental during the conduct of massive rabies vaccination, providing assistance in terms of information dissemination, scheduling, dog registration and actual vaccination.

For year 2017, the provincial government has saved P26, 812,800.00 an equivalent monetized value for the voluntary services rendered by BALAs.

BALAs of Dagohoy during rabies vaccination

## COMPREHENSIVE PLAN AND OTHER DEVELOPMENT PLANNING DOCUMENTS

**Livestock Industry Data Base.** Livestock and poultry inventory is conducted by the Municipal Agricultural Offices in 2016 up to 2017 with support from the BALAs and the barangays. Now we can say that 99% of the Municipal Agricultural Offices have updated livestock and poultry population.

**Philippine Animal Health Information System Maintained (Phil-AHIS).** The province of Bohol through the OPV is one of the pilot provinces implementing the Phil-AHIS. As such, the system is downloaded for implementation. This year, a system enhancement is made by the Bureau of Animal Industry (BAI) being the developer and administrator such that 2 personnel from the office attended the regionwide hands on-training conducted on June 19-20 in Cebu City, on the new and upgraded version.

The office also closely coordinates and assisted the DA RFO 7 together with the BAI in conducting the 3-day training (July 25-27) on Phil-AHIS participated by 25 municipal counterparts, mostly Livestock Technicians, Municipal Agriculturists and 3 OPV staff.

**PRDP – IPLAN.** The Provincial Government of Bohol through the Provincial Program Management and Implementing Unit (PPMIU) with its aim for a wide-ranging development in the province has been mobilizing all involved departments in partnership with the national and local offices to carry out all the deliverables and activities required by the Philippine Rural Development Project (PRDP).

There are 4 components in the PRDP that include:

- ***I-PLAN - Investments in AFMP Planning at the Local and National Levels***
- ***I-REAP - Investments in Rural Enterprises and Agriculture and Fisheries Productivity***
- ***I-BUILD - Intensified Building up of Infrastructure and Logistics for Development***
- ***I-SUPPORT - Implementation Support to PRDP***

The participation of the OPV in the IPLAN component is on the preparation of the value chain analysis of priority livestock-based commodities. The VCA's are the basis by which the project commodity investment plan (PCIP) is formulated.

It can be noted that this PCIP is a 3-year rolling plan which will serve as basis in the implementation of interventions and or projects. As member of the PCPT-TWG, the

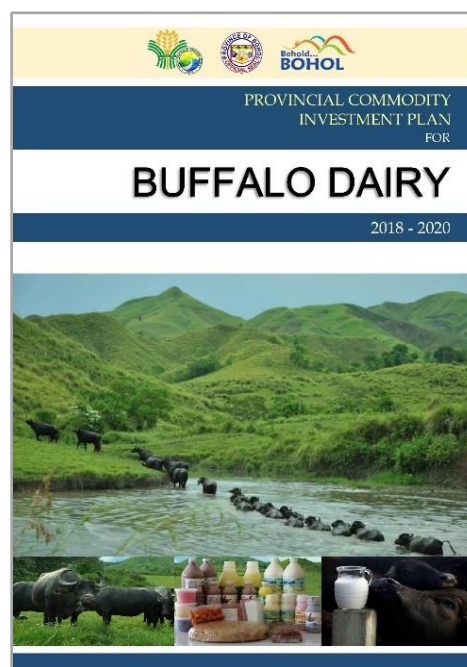

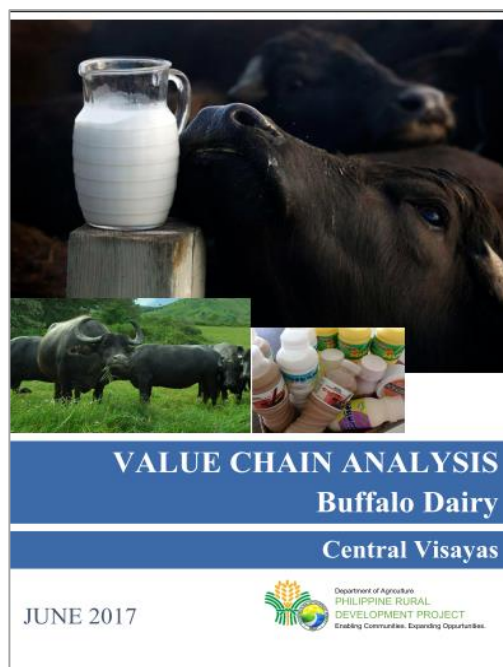

office also assists in all activities relative to VCA and PCIP preparation of other commodities.

Though the VCA study is conducted by the RPCO and the PSO, the office supports the data requirements and even in the conduct of key informant interviews (KII). The OPV also leads in the preparation of the Provincial Commodity Investment Plan (PCIP) and its presentation to stakeholders.

This year, the VCA and the PCIP for dairy buffaloes is approved at the levels of the Provincial Development Council (PDC) and the Economic Development Council of the Regional Development Council (EDC-RDC).

**Documentation of Program, Project and Activities.** In the conduct of SUHID which an annual search for outstanding farmers is spearheaded by the OPA, the office acts as the lead evaluator for nominations under the livestock-based categories. At the same time, the office is also assisting the concern municipalities in organizing documentary obligations of the nominees.

Nominees indorsed by the Municipal Agricultural Offices are visited at their households or farms by a team composed of representatives from OPA, OPV and DA-Ubay Stock Farm for ocular validation of the contents of their scrap book.

Interaction with the farmer, documentation of production, practices and management, review of available records and initiatives are also conducted before a final winner is declared. The provincial winner is automatically indorsed as nominee to the regional search under Gawad Saka. The same mechanism holds true for Gawad Saka Search except that evaluators come from DA RFO 7 with the office as witness.

For 2017, there are 2 provincial winners in the SUHID Search who automatically become nominees to the Gawad Saka Search in the succeeding year 2018.

Fortunately, these winners are active BALAs in their municipalities. Another awardee is Ms. Rosamia I. Tutor as Outstanding Livestock Technician.

**MS. NIEMA O. TOROY**  
Tanday, Corella  
Small Animal Raiser Adopting  
Integrated Farming System

**MR. ZOSIMO L. PRACULLOS**  
Capayas, San Miguel  
Large Animal Raiser Adopting  
Integrated Farming System

**MS. ROSAMIO I. TUTOR**  
Livestock Technician of Bien Unido  
Outstanding Livestock Technician

Other documentation activities include geotagging of programs and projects that are funded by the DA RFO 7 and the PRDP.

## IMPLEMENTATION OF OTHER PROGRAMS AND ACTIVITIES

### NATIONAL LIVESTOCK PROGRAM

The National Livestock Program (NLP) is implemented under the auspices of the Department of Agriculture. Programs and projects related thereto are being adopted and integrated into the plans and programs of the LGUs.

**Provision of Incentives.** This year, a total of 109 personnel (48 LTs, 11 MAOs, 27 Provincial level Coordinators, 1 Provincial Program Coordinator, 1 Provincial Veterinarian and 21 Meat Inspectors (MIs) from the municipal and provincial LGUs comprised the work force that have been issued a special order by the Governor to coordinate and complement the implementation of DA's programs. As a form of motivation, monthly incentives are provided while monthly reports are required in return.

**Provision of Support Equipment.** For 2017, the DA RFO 7 has given the province through the OPV 1 unit 90 hp tractor with farm implements worth P2 M received last August 8. This is in support to the implementation of livestock-based programs and projects particularly forage development.

Other equipment approved for this year and due for delivery are the following:

- One (1) unit weighing scale - P350,000.00
- Two (2) units forage chopper - P250,000.00 each
- One (1) unit Liquid Nitrogen production machine - P10,000,000.00

The DA RFO 7 is also providing funds for the construction of a serology laboratory in the province worth P1,500,000.00, drugs and biologics, livestock and poultry as breeder stocks and nets.

## PARTNERS/STAKEHOLDERS CONFERENCES

**Holding of Cattle Congress.** The Provincial Government through the OPV co-sponsored the conduct of the 1<sup>st</sup> National Cattle Congress on April 27-28 held at the cultural center in Tagbilaran City.

**Conferences.** The office also coordinates with implementers of DA NLP programs and projects at the provincial and municipal levels through meetings/conferences. This provides venue for discussion of issues encountered on field, provide technical inputs and review accomplishments through the submitted reports.

**Trainings and Seminars of Program Partners.** The office conducts trainings and seminars in coordination with the MLGUs (Table 35) with funding from the Provincial Government through the OPV, DA RFO 7 and municipal MLGUs.

**Assistance to Students.** Batches of students coming from different schools had chosen OPV to be their mentor and the place of learning through on the job trainings. Students also come for technical assistance in theses preparation, information requirements and even in the development of information system.

**BISU Clarin & Calape**

**BISU Bilar**

**Tagbilaran City Science High**

**SPES.** Summer job employees under the special program for the employment of students (SPES) coming from different areas in Bohol are also accommodated last summer. Some of these students are assigned in the MLGUs to assist particularly in the data collection of rabies vaccination activities.

**Testimonial Dinner and Honoring of OPV Retirees** last February 17 at Alta Resort, Baclayon.

**Testimonial Dinner and Honoring of OPV Retirees** last February 17 at Alta Resort, Baclayon.

Testimonial Dinner and Honoring of OPV Retirees last February 17 at Alta Resort, Baclayan.

Sector	:	<b>ECONOMIC DEVELOPMENT</b>
Sub-sector	:	<b>Agriculture</b>
Office	:	<b>AGRICULTURAL TRAINING INSTITUTE (ATI)</b>

## I. HIGHLIGHTS OF 2017 ACCOMPLISHMENTS

### AGRICULTURAL TRAINING INSTITUTE - REGION 7 (ATI-7) 2017 ANNUAL ACCOMPLISHMENT REPORT

Calendar Year 2017 called for a celebration of ATI's 30th year of existence. Extending its trainings and extension services beyond boundaries. Yet with only forty (40) staff complement it was able to deliver 224 trainings for the regular and special programs. The Binhi ng Pag-asa Program and Tier2 priority provinces in the Philippines was a Herculean Task for ATI for both the physical and financial requirements.

This annual report also cover ATI's other Agriculture and Fisheries Extension (AFE) activities. The Farm Business Advisory Services (FBAS), Information Education materials and Technology Learning Sites Schools. ATI's different professional region growth.

#### Achievement at Glance

The ATI in Central Visayas had achieved our Agriculture and Fishery Extension training and other services in 2017 thru the 40 staff complement together with the strong collaborations among partners. These achievements were defined according to its thematic platforms/ programs which are as follows:

#### THEMATIC 1: Enhancing Access to Agriculture Fishery Extension Knowledge Products and Services

- **e-Extension Program: e-learning**

ATI in Central Visayas developed three (3) online courses namely: **Yummy Yam: Online Course on Ubi Production** launched in 2009; **Basic Urban Gardening** in 2014 and **Mokusaku: Wood Vinegar Production** in 2016 respectively. The enrollees versus graduates for these courses in 2017 reaped positive outcome with **94% for Wood Vinegar** (93/99) considering it is the newest entry on the running courses. Followed by **Yummy Yam with 88%** (332/379) and the topnotcher in terms of number of enrollees and graduates, **Urban**

**Gardening with 95%** (1,293/1,363). One of the center's innovations is by printing its list of enrollees per month and compiling it by year.

Assisted 109 online learners in the region regarding retrieval of username and passwords; course keys and enrollment/completion verification among online clients.

The ATI Established partnership with the College of Agriculture, Forestry and Fisheries of Negros Oriental State University (NORSU), Cebu Normal University and the Bohol Island State University (BISU) -Tagbilaran and Bilar Campuses respectively by including e-learning courses as part of their elective subjects. Moreover, ATI conducted six (6) e-extension briefings in the region.

### • **Information Campaign and Dissemination**

With the continuing thrust of mainstreaming the training, extension and other activities of ATI in Central Visayas among clients and partners, the center maximized the use of multimedia outlets such as print, social media and the official website. Among ATI's outputs under the rubric of information campaign and generation were as follows:

- 55 articles produced and uploaded to the center's website**
- 1 blog entry to the center's Side Notes Blog**
- 11 press releases in local tabloids**
- 18 training schedules in digitized format uploaded to the center's official FB page**
- 2 infographics uploaded to the center's official FB page and printed in the official publication respectively; Binhi ng Pag-asa Program and E-extension Program**

### • **Knowledge Products Development/Dissemination**

The center developed and disseminated the following information, education and communication (IEC) materials:

- 8 brochures developed** on e-learning briefer; AFEN; RBO; Urban Gardening; ATI7 briefer; Wood Vinegar; How to Grow Ubi (Volume 1, Series 1 – Production; and Volume 1, Series 2 – Fertilization)
- 2 infographics; 18 training schedules** in digitized format
- 1 Participatory Guarantee System (PGS) Manual**
- Printed/ Disseminated:**
  - 7,484 printed IEC as per plan and 1,623 unplanned**
  - 5,036 disseminated as per plan and 2,386 unplanned**

## Rice Crop Manager (RCM)

ATI in collaboration with the International Rice Research Institute (IRRI) developed Rice Crop Manager as a comprehensive decision support tool. It helped rice farmers increase their yields by providing them practical recommendations on fertilizer management basing on the variety and area of rice they have planted:

- **111 rice technicians and local farm technicians** trained with a strong coordination with DA-RFO 7 on basic use of ICT-based tool
- **14,416 RCM recommendations** with 4 RCM roll-out
- **6,203 RCM messages** sent to farmers which planted earlier than the scheduled date of planting
- **Farmers Information Technology Services (FITS)** with **10 FITS Center** enhanced with ICT equipment for RCM deployment
- **School-on-the-Air (SOA)**, **2 SOA conducted (Organic Agriculture and High Value Commodity Development Program)** with **1,030 farmer graduates**
- **Library Services** with 129 clients served composed of ATI7 staff, Agricultural Extension 'Workers' and walk-in clients from other agencies
- **Farm Business Advisory Services (FBAS)** with **540 clients** served

## THEMATIC 2: Strengthening Competitiveness and capacities of the Agriculture and Fishery Sector

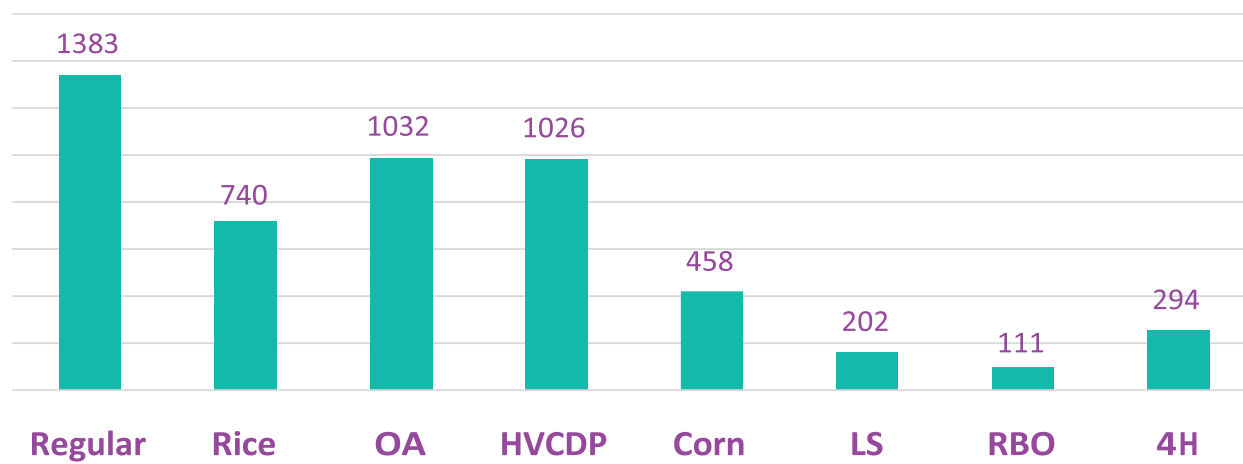

### ATI-7 has successfully accomplished 92% of its target

A total of **101 trainings** and 28 other activities conducted serving **5, 246 stakeholders** composed of farmers, AEWs, LGUs/NGAs/NGOs, RBOs (4-H, P4MP, MS, RIC,VLAP), SUCs, Youth, others (PWDs, Senior Citizens, Prisoners, etc).

### Training and other related activities

Highest number (1,383) of participants were under the Regular Program followed by the Organic Agriculture (1,032) and High Value Crop Development Program (1,026) respectively. Aside from trainings, the different types of activities conducted by the center include briefings or orientations, congress, Sikat Sika, Farmer Field School, Farm Business School, review and planning workshops, among many others.

- **4-H Garden in the School: A Supplemental Intervention to the School-based Gulayan sa Paaralan Program of the Department of Education**

Promote food security in Schools and Communities through self-help food production activities and values among learners and appreciation of agriculture as a life support system.

ATI-7 distributed farm inputs to the beneficiaries of the 4-H Garden in the School program at Cancatac, Corella Bohol. Farm inputs includes: farm implements (sprinklers, bolos, spades, rakes, pick mattock, wheel barrow, pail, dipper, garden hose; Seven (7) kinds of vegetable seeds and 15 sacks of vermicompost for fertilization.

- **Unprogrammed deliverables**

***The Binhi ng Pag-Asa Program (Under the Young Farmers Program)***

Aims to promote “Agri-preneurship” to the youth giving them access to entrepreneurial skills and development in agriculture; showcase and train on new age agricultural technologies and methods; and provide supplies to the trained participants in the form of an “agricultural start-up kit” which would allow them to grow their own crops (based on the local situation). Bohol and Cebu are the identified pilot provinces for Central Visayas respectively.

***Innovations***

Tapping the 4-H youth leaders as Resource Persons in the Municipal level training on Organic Agriculture, Mushroom Production and Vegetable Production; tie up with the DepED.

- **ATI Tier 2 Program: Extension Support to the 22 Provinces with Highest Poverty Incidence in the Philippines for Negros Oriental and Siquijor**

The program on Increasing Agricultural Productivity towards Food Security and Poverty Alleviation: Extension Support to Twenty-Two Provinces with Highest Poverty Incidence in the Philippines (ES22PPP) under the TIER 2 Program completed its Human Resource Development cum Production Technology Training.

The series of trainings were conducted from September 25 to November 30, 2017 with beneficiaries from six municipalities in Siquijor namely Larena, Enrique Villanueva, Siquijor, Lazi, San Juan and Maria and the six municipalities from Negros Oriental namely Bacong, Zamboanguita, Jimalalud, San Jose, Amlan and Dauin as participants.

The beneficiaries underwent team building exercises, values re-orientation sessions, and leadership enhancement activities. Likewise, participants attended in the production technology training based on the livelihood package that they have chosen to avail. Technology trainings conducted include native chicken production, egg production, vegetable production, banana production and processing, cattle fattening, goat production, fish processing, and organic swine production.

- **Educational Support**

***Diploma in Agricultural Technology-Bachelor in Agriculture (DAT-BAT):***

Fourteen (14) scholars from the four provinces of Central Visayas enrolled and graduated in Foundation University, Negros Oriental. The two-year scholarship program was granted to qualified and deserving 4-H members specifically the children of poor farmers and fishers.

***Youth Empowerment through a Sustainable Program (YES) continuing education for Youth:***

A total of fifteen youth who were in their 3rd/4th year in college, received the scholarship program. Moreover, seven of them were graduates of the DAT-BAT program of ATI.

- **Extension Initiatives Focused on Marginalized Groups**

- **Training on Early Child Care Development**

Conducted on April 17-19, 2017 at ATI 7 Training Complex. The training was set to create awareness among mothers the significance of early child care development. Thus, topics regarding the concepts and laws pertaining to early development were also discussed.

- **Training on Agri-Based Self-Help Project for PWD of Bohol**

Conducted on June 19-21, 2017 held at ATI-7 Training Complex. The training aims to develop disabled persons' attitude and spirit of self-help through livelihood activity, the organic backyard farming.

- **Training on Health and Wellness for Senior Citizens**

Conducted on July 18-20, 2017 at ATICEMCO, Guadalupe, and Cebu City. Participated by a total of 34 participants. Part of the hands-on activities include; making ointment and liniment out from herbs that are commonly available in the locality. Participants were also able to prepare healthy juices.

- **Capability Enhancement Training For IPs: Healthy Farming And Production System**

Marginal Groups/Sector specifically the Indigenous People (IP's) are given priority by the government since this sector rely on their source of living through farming. Capacitating them with the updates in agriculture could help them improve the quality and quantity of their production. This activity does not only focus in the increase of food production. It also includes the safety and health of the consumers. All the 34 participants were able to produce various concoctions such as IMO, OHN, FPJ, FFJ, FAA and many more. This was held last August 23-25, 2017.

- **Gender-Based Capability Building Training on Integrated Diversified Organic Farming Systems (IDOFs) for Bohol Parolees**

Another proposal based training was conducted last June 27-29, 2017 at Binhi sa Panginabuhian Demo Farm, Maribojoc, Bohol. Creating opportunities among ten (10) parole recipient and livelihood ideas on agriculture for 19 parole officers from different local government units (LGU) of Bohol. 29 participants became inspired and eager to invest into agriculture after listening and taking hands-on activities during the three-day training.

- **Integrated Diversified Organic Farming System (IDOFs) for Prisoners and Wardens**

The training was conducted last March 28-30, 2017 at Siquijor District Jail, Siquijor. The activity aims to establish an integrated diversified organic farming system with urban gardening at Siquijor Provincial Jail compound which serves as the learning site for inmates who are interested in agriculture and provide the inmates with income from farming so they can help support their families.

### THEMATIC 3: Expanding Partnership in Advancing Excellence in Extension Delivery

- **Extension Service Provider (ESP)**

Extension Service Providers (ESPs) have been tapped by the ATI to aid in the delivery of extension service to farmer-clientele. To date, ATI Central Visayas has accredited one ESP the St. Peter Academy of Alegria Inc. (SPAIFI), Poblacion, Alegria, Cebu.

- **NRCO, ATI 7 conducts Byaheng Agripreneur**

The Department of Labor and Employment National Reintegration Center for Overseas Filipino Workers (DOLE - NRCO) – Region VII in partnership with the Agricultural Training Institute Region VII conducted a two-day Byaheng Agripreneur at Cebu City Resource Management and Development Center (CREMDEC) Taptap, this city on November 28-29, 2017.

Byaheng Agripreneur is one of NRCO's programs which provide a learning journey for OFW agri-business enthusiasts. Mandated to develop, promote and implement a national agenda on sustainable return and reintegration of returning OFWs and their families, NRCO aims to provide them with the necessary reintegration assistance that is anchored on the concept of full utilization of the migrants' capacities and resources coupled with strategies for enhancing reintegration preparedness among returning migrants. Thus, the conduct of Byaheng Agripreneur to 26 OFW returnees and their families from the province of Cebu in collaboration with ATI-7.

- **1st RAFEN Summit**

Initiating the **1st Regional Agriculture and Fisheries Extension Network (RAFEN) Summit** in Central Visayas on November 29, 2017 at Cebu Northwinds Hotel, Salinas Drive, Cebu City. Seventy-six (76) participants composed of Heads/Representatives and Agriculturists from the different National Government Agencies (NGAs), State Universities and Colleges (SUCs), Local Government Units (LGUs), and private sectors in the four provinces of Central Visayas attended the event. It also served as an avenue for the organization of the **Philippine Association of Agriculturists (PAA) Central Visayas Chapter**.

- **National Convergence Initiative for Sustainable Rural Development (NCI-SRD) Training Workshop**

The week-long activity which took place last January 23-29, 2017 at Bohol Plaza Hotel, Dauis, Bohol. The activity discussed on the rationalization of the land use policies, promotion of the sustainable agriculture,

preservation of land resource base and forest management. It also tackled on the different partner agencies for the Carood Watershed Development.

- **Unified National Artificial Insemination Program (UNAIP) Meeting**

ATI- 7 as member agency discussed with the UNAIP the Target Trainings and Extension Activities for CY 2017 in Central Visayas. This was held last January 25-26, 2017 at Cebu City.

- **OFW Island Consultation**

A one-day activity entitled “Enhancing the Reintegration programme for Overseas Filipino Workers in line with the Migration and Development, and Crisis Management Framework in the Philippines” funded by the International Organization for Migration (IOM) in partnership with the Government of the Philippines through the Overseas Workers Welfare Administration (OWWA) and the National Reintegration Center for OFW’s (NRCO) was conducted with the intention of reviewing the national reintegration framework and enhance the service delivery programme for returning OFW’s. Included during the activity was 20 minute presentation of OWA, NEDA and some action points from Sectoral Consultations. Ma. Erma F. Lucero participated the said event last May 9, 2017 at Cebu Grand Hotel, Cebu City.

- **DTI KAPATID AGRI MENTOR ME PROGRAM Launching**

As one of the partners of the Department of Trade and Industry, ATI-7 in person of Sisinio P. Sarigumba attended the launching of their KAPATID AGRIMENTOR ME PROGRAM last May 17, 2017 at Bohol Tropics, Grand Ballroom, Tagbilaran City. This program aims to help the Micro and Small Entrepreneurs scale up their businesses through mentoring from medium and large corporation referred to as “Big Brother”.

#### **THEMATIC 4: Scaling-Up AFE Innovations**

- **Agricultural Technologies Training Program for out-of-school Youth**

AgriTech Program is as an education and training intervention of the Agricultural Training Institute for the OSY who are ALS graduates in Secondary Level. In support to the Youth Empowerment through a Sustainable (YES) Program for the 4H clubs in the Philippines, preparing the youth as a new breed of competent farmers of the new generation. Twenty AgriTech learners’ ages 17-28 years were the recipients of the said program.

#### **THEMATIC 5: Strengthening Agriculture Fishery Extension Stakeholder’s Capacity in Climate Change Adaptation and Readiness**

- **Climate Resilient Agriculture (CRA) livelihood project in Calape**

The beneficiaries of the Climate Resilient Agriculture (CRA) Program of the Department of Agriculture through the Agricultural Training Institute formally received their livelihood projects which were turned over by ATI in Central Visayas last December 20, 2017 at barangay Tultugan barangay hall in the municipality of Calape, this province.

- **Climate Resilient Agriculture Livelihoods & Community: Community Baseline Profiling and Vulnerability Assessment**

This activity was conducted in lieu of the Action Planning Implementation (Ground Truthing Identification of Livelihood, Adaptation Practices and Disaster Reduction Measures) targeted on first semester. However, the activity was moved giving way to conduct of the Establishment of Disaster Extension Network which would best come first before the Ground truthing. The activity took place last July 18, 2017 at the Agricultural Training Complex, Cabawan District, Tagbilaran City. Highlighted during this activity was the identification of the beneficiaries of the climate resilient livelihood projects.

The EDEN Team went to Calape and assisted the beneficiaries. **18 stakeholders** composed the Climate Risk Reduction Network (CRRN) representing various agencies (BFAR-Bohol; PCA-Bohol; NIA-Region 7; DA-RFO 7; PAGASA-Bohol; Provincial Planning and Development Office (PPDO)-Bohol and Provincial Disaster Risk Reduction Management Office-Bohol (PDRRMO)-Bohol). A Pilot Site was identified in Tultugan, Calape, Bohol wherein which two (2) projects were turned-over to 20 beneficiaries (15 for organic swine production and 5 fishing).

#### **THEMATIC 6: Improving Enabling Environment and Quality Governance**

- **Construction and Improvement of ATI Buildings**

With the eagerness and passion of this institution to provide services to its clientele, the Agricultural Training Institute-Regional Training Center Central Visayas based in Cabawan District, Tagbilaran City is Constructing a P4.5 Million Pesos two-storey multi-function building within the ATI-7 Compound. The construction started last July 3, 2017 with Cempron Construction as the contracting firm after a competitive bidding was done.

The said building is an additional facility to enhance the agency's vision and slogan that states "Excellent Extension Beyond Boundaries". The facility will house additional conference room, bodega and garage. With the new building, the office can now accommodate more clientele to enhance their capabilities thru training provided by ATI-R7.

Sector	:	<b>ECONOMIC DEVELOPMENT</b>
Sub-sector	:	<b>Agriculture</b>
Office	:	<b>BOHOL AGRICULTURAL TECHNOLOGY COORDINATING OFFICE (PATCO) - DA</b>

## I. HIGHLIGHTS OF 2017 ACCOMPLISHMENTS

PATCO- Bohol serves as coordinating office in the implementation of the different banner programs of the Department of Agriculture in the four (4) provinces of Central Visayas Region. In the province of Bohol, PATCO implemented the banner program commodities on rice, corn, high value crops, livestock and organic agriculture. In support to the implementation of DA programs and projects, coordination meetings and workshops were conducted with different LGUs both the provincial and municipal levels, as well as other national agencies and NGOs (FAs/IAs/POs)

### RICE PROGRAM

#### A. Production Support Services

##### *Extension Support, Education and Training Services*

- Established Compact Hybrid Rice Model Farms of 350 has in irrigated and favorable rain fed areas planted to Bigante, SL8 and Pioneer hybrid rice varieties.
- Distributed/ provided 1050 bags complete fertilizer, 1245 bags of urea and 178 bags muriate of potash based on Rice Cro Manager (RCM) recommendations.
- Served 774 farmer-partners of 44 Farmers Associations in 19 rice producing municipalities.
- Encouraged participating Farmers Associations to produce seed money from collected seed payments of hybrid seeds for use in the procurement of hybrid seeds for succeeding cropping seasons.
- Conducted Farmers Field Days in 10 selected sites in collaboration with Provincial and Municipal counterparts.
- Obtained an average rice yield of 5.0 tons/ha with 9.2 t/ha as highest yield in Talibon, Bohol; and 2.4 tons/ha as the lowest yield in Bilar, Bohol respectively.

##### *Sikat Saka Program*

Aims to assist the rice farmers to finance their production requirements in a timely manner and at affordable cost and to expand the credit outreach and increase palay production for self-sufficiency.

For CY 2017, the Department of Agriculture Sikat Saka Program thru Land Bank of the Philippines Bohol Lending Center granted P38.27M to 414 rice farmers of Bohol Integrated Irrigation System (BIIS) areas covering 875.83 hectares.

## B. Agricultural and Fishery Machinery, Equipment, and Facility Support Activities

- Distributed 85 units of farm machineries to 85 Irrigators and Farmers Associations with 14,118 farmer beneficiaries covering 12,699 hectares in 35 rice producing municipalities in Bohol
  - 2 4W Tractors
  - 35 Hand tractors
  - 20 Floating tillers
  - 25 Mechanical rice threshers
  - 3 Walk-behind transplanters
- Constructed three (3) Multi-Purpose Drying Pavement (MPDP) in the municipalities of Sierra Bullones, Candijay and Talibon

## CORN/ CASSAVA PROGRAM

- Established 10 techno demo sites
- Conducted 13 Farmers Field Schools producing farmer graduates
- Established one (1) SC OPSA site in Rowena Heights Village of Danao, Bohol
- Distributed the following equipments to different MLGUs/Farmers Associations/Cooperatives
  - 3 units Wheel drive tractor
  - 2 units Cassava grater
  - 4 units Cassava chipper
  - 3 units Corn mill
  - 3 units Mechanical Corn sheller
  - 4 units Cassava granulator
  - 2 units Moisture meter
  - 1 unit Cassava pulverizer machine

## HIGH VALUE CROPS DEVELOPMENT PROGRAM (HVCDP)

### Production Support Services

- Procured and distributed seeds/ spices
  - 580 kg of mung bean to municipalities of Dimiao, Garcia Hernandez and Loon
  - 2,500 kg of peanut to municipalities of Corella, Danao, Garcia Hernandez and Tagbilaran City
  - 2,000 kg of white potato to Garcia Hernandez
  - 2,000kg of ginger to 13 municipalities
  - 10 kg of Upland vegetable seeds to municipalities of Jagna, Balilihan & Duero
  - Ongoing distribution of lowland vegetable seeds
- Distribution of industrial crops and other planting materials & other program interventions
  - Procured and distributed 60,000 coffee seedlings to 5 municipalities
  - Distributed 90,000 sweet potato cuttings and 3,000 kg of yam
  - Distributed 2,000 bags of organic fertilizers to five (5) municipalities and 60 bags of flower inducer (Panglao & Duero)
  - Distributed 2,000 meters HDPE pipe to 6 municipalities
  - Distributed 256 pcs water plastic drums to 9 municipalities
- Distribution of farm production-related machineries and equipment
  - 2 units hand tractor/ multi-cultivator
  - 25 units power sprayer

- 97 units knapsack sprayer
- 41 pcs pole pruner/ shear

## **ORGANIC AGRICULTURE PROGRAM**

### **A. Agricultural and Fishery Machinery, Equipment and Facilities Support Services**

A total of 14 units of farm machinery were distributed to LGUs and Farmers Associations with established areas of organic farming.

- 5 units Incubator
- 3 units Power sprayer
- 2 units Floating tiller
- 2 units Rice cutter
- 2 units Feed mill
- 3 units Shredding machine (BSWM Project)

### **B. Training Services**

- Conducted training on Women on Organic Farming and Sensitivity Training with 50 participants.
- Participation of 50 Organic practitioners to 3rd Regional Organic Agriculture Congress of DA 7 in Siquijor.
- Sent 10 participants to the National Organic Agriculture Congress in Cagayan de Oro.
- Ongoing data collection for database of individual and Farmers Association as organic practitioners.

Sector	:	<b>ECONOMIC DEVELOPMENT</b>
Sub-sector	:	<b>Agriculture</b>
Office	:	<b>DEPARTMENT OF AGRARIAN REFORM (DAR)</b>

## I. HIGHLIGHTS OF 2017 ACCOMPLISHMENTS

The Year 2017 was a very challenging year for the Department of Agrarian Reform (DAR). In a span of one year, the department has experienced three kinds of leadership when the nomination of Secretary Rafael Mariano - a farmers' welfare advocate - was not confirmed by the Commission on Appointment. He was replaced by USEC Rosalina L. Bistoyong, an iconic top official of DAR, and in a very short while after, she was replaced by Atty. John R. Castriciones.

The frequent changes in management was critical in terms of the implementation of the program not to mention the inherent complexity of the nature of its tasks. The department faced with different leaders with different management style and priorities. Nevertheless, the Department still focuses on its three (3) major final outputs namely: Land Tenure Services; Agrarian Legal Services and Technical Assistance Support Services.

Despite of the many hurdles that DAR had encountered in CY 2017, the overall accomplishment of DARPO Bohol in each major final out put in terms of its regular target are as follows: LTS - 101%; ALS - 116%; and TASS 149%. Likewise for the 2016 continuing program the percentage accomplishments for LTS and ALS are 10% and 125% respectively.

### LAND TENURE SERVICES (LTS)

Activities under LTS involve the Land Acquisition and Distribution (LAD) and non-LAD Schemes and Land Tenure Sustainability Activities. The Non-LAD scheme include Leasehold Operations (LHO); Stock Distribution Option (SDO), and Production and Profit Sharing Option (PPS). DARPO- Bohol has no scope on SDO and PPS. Land Tenure Sustainability includes the subdivision, re-documentation and distribution of individual titles to ARBs from the Collective Certificate of Landownership Award (CLOA), Re-documentation of Distributed buy not yet Documented, (DNYD), Distributed but not yet Paid (DNYP), Final Survey Documentation (FSD) of OLT Lands and Generation of Land Distribution Information Schedule (LDIS).

#### A. Land Acquisition & Distribution (LAD)

Land Acquisition and Distribution involves the redistribution of all public and private lands to qualified farmers and farm workers, subject to the retention limit and just compensation to landowners. LAD involves complex processes such as land identification and documentation, conduct of land survey, land valuation and compensation, preparation of land distribution folder, Land title registration and land title distribution.

DARPO Bohol is now classified as low LAD province based on its very minimal LAD balance. Most of the landholdings left for acquisition are problematic thus it becomes even more difficult to implement the program. Figures 1 and 2 below show the cumulative accomplishment on Land Acquisition and Distribution in terms of hectares as of December 31, 2017. Figure 1 shows the accomplishment in terms of gross area while figure 2 reflects the accomplishment in terms of acquired area.

Figure 1

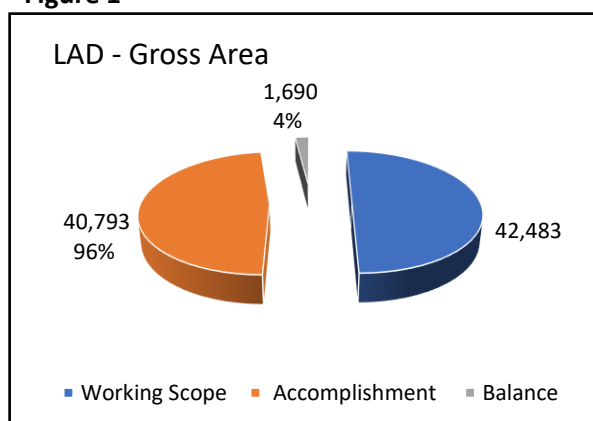

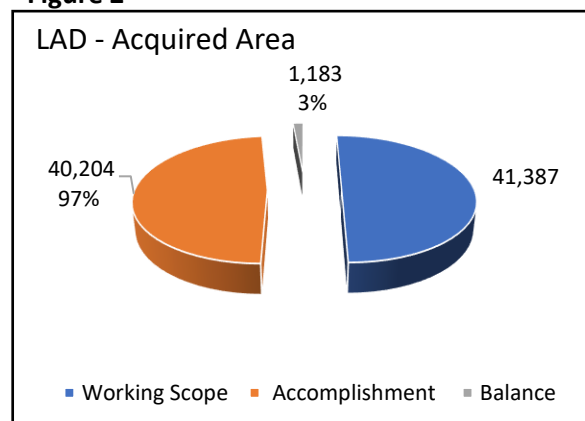

Figure 2

97% of the total working scope of 41,387 hectares in terms of acquired area had already been accomplished. This is more or less equivalent to 40,204 hectares of agricultural lands distributed to 31,760 Agrarian Reform Beneficiaries (ARBS). For CY 2017 regular program, table 1 below shows the accomplishments of activities under LAD, to wit:

Table 1. 2017 Regular Program

ACTIVITY	TARGET	ACCOMPLISHED	%
<b>Research and Documentation</b>			
No. of landholdings	12	16	133
No. of hectares	91	317	349
Land Survey (No. of hectares)	92	63	69
<b>Land Valuation</b>			
No. of landholdings	39	10	26
No. of hectares	169	116	69
<b>Land acquisition and distribution</b>			
No. of hectares	92	146	159
No. of ARBs	92	76	83

In table 1 the highlight activity is the acquisition and distribution of landholdings. For CY 2017 the target for acquisition and distribution was recalibrated from 245 to 92 hectares. Thus, the provincial accomplishment on LAD has surpassed its recalibrated target. DARPO-Bohol has accomplished a gross area of 146 hectares on Land Acquisition and Distribution equivalent to 159% against the target of 92 hectares. This benefited 76 ARBs. This accomplishment came from private agricultural lands. The table below shows the accomplishment credited to the 2016 continuing program.

Table 2. 2016 Continuing Program

ACTIVITY	TARGET	ACCOMPLISHED	%
<b>Land Survey (No. of hectares)</b>	197	41	21
<b>Land Valuation</b>			

ACTIVITY	TARGET	ACCOMPLISHED	%
No. of landholdings		2	
No. of hectares	482	13	3
<b>Land acquisition and distribution</b>			
No. of hectares	370	27	7
No. of ARBs		6	

## B. Leasehold Operation

Leasehold operation covers tenanted lands that are within the allowable retention ceiling of five (5) hectares per landowner. The share tenancy arrangement between landowner and tenant could be transformed into a leasehold arrangement. The tenants become agricultural lessees who, instead of paying the landowner a percentage share of the produce, will instead pay a fixed rental that is computed on the basis of historical production records.

**Table 3. Leasehold**

ACTIVITY	TARGET	ACCOMPLISHED	%
LEASEHOLD	75	76.7723	102%
No. of ARBs		120	

Table 3 shows the accomplishment for the year which is 76.7723 as against the target of 75 or an equivalent of 102% accomplishment involving 120 ARBs.

## C. Land Tenure Sustainability Activities

Land Tenure Sustainability Activities include the following: Survey of New Lands; Subdivision and re-documentation of Collective CLOA; Re-documentation of Distributed but not yet Documented or Paid (DNYD/DNYP) landholdings and Generation of LDIS.

**Table 4. Land Tenure Sustainability Activities Accomplishments**

ACTIVITY	TARGET	ACCOMPLISHED	%
Subdivision of Collective CLOA (with ASP)	180	249	138%
Re-documentation and Registration of individual CLOA	1500	131	9%
Re-documentation of DNYD/ DNYP	210	144	69%
Generation of Land Distribution and Information Sheet	311	210	68%

Table 4 immediately above shows that only on Subdivision of Collective CLOA was achieved with a total percentage accomplishment of 138%. The reason for the very low accomplishment on the re-documentation and registration of individual CLOA is attributed to the absence of guidelines on parcelization considering that most of the collective CLOAs involved in this activity have issues on inclusion and exclusion of ARBs.

### AGRARIAN LEGAL SERVICES (ALS)

This second major final output which is the delivery of agrarian justice involves adjudication of agrarian cases and agrarian legal assistance.

#### A. Adjudication of Agrarian Reform Cases (AARC)

The DAR Adjudication Board (DARAB) through the Provincial Adjudicator is vested by law to exercise its quasi-judicial functions to hear and resolve agrarian reform cases. These cases mostly involve agricultural tenancy and land valuation. Just like LAD in LTS, aside from its regular program, AARC also had 2016 continuing program. Tables below show the target and accomplishment of all activities of both 2017 regular and continuing programs.

**Table 1. 2017 Regular Program**

ACTIVITY	FORECAST	ACCOMPLISHED	%	BALANCE
Case Resolution	757	924	122%	
Mediation	727	827	114%	
Post Judgement	5	6	120%	
Execution/ Implementation	564	621	110%	
Cancellation of CLOA	8	2	25%	6
LAD related Activities				
Administration of Oaths	8	180	2250%	

**Table 2. Continuing Program**

ACTIVITY	FORECAST	ACCOMPLISHED	%	BALANCE
Case Resolution	61	61	100%	
Execution/ Implementation	7	21	300%	

Tables 1 and 2 immediately above reflect that all of the target in both regular and continuing programs are met if not surpassed except on the cancellation of CLOA. This good performance is attributed to the strategies implemented by the newly assigned Provincial Agrarian Reform Adjudicator such as implementing of Justice on Wheels and marathon hearings. The reason for the low accomplishment in the cancellation of CLOA is on the influx of cases being filed which is uncontrollable. For CY 2017 there were only 4 cases at

hand. Three of which were the balances and the other one was a new case received. Two of which were accomplished leaving an actual balance of 2 cases.

## B. Agrarian Legal Assistance (ALA)

Agrarian legal assistance is comprised of resolution of agrarian law implementation (ALI) cases, ARB representation before judicial and quasi-judicial bodies, and mediation and conciliation. There are three types of cases under this program namely: judicial or court cases, quasi-judicial, and cases related to agrarian law implementation (ALI). The first two types involve representation of farmers by DAR lawyers before the regular courts and DAR Adjudication Board, respectively. The third type involves the administrative rendering of decision on exemption, conversion and retention.

The DAR at present utilizes more aggressive alternative dispute resolution techniques in mediation to reduce conflicts maturing into court cases. The general objective is to persuade the contending parties to settle their disputes amicably or out of court before the DAR. Tables below will show the targets and accomplishment in both regular and continuing programs:

**Table 3. Regular Programs**

ACTIVITY	FORECAST	ACCOMPLISHED	%
Resolution of ALI Cases	135	135	100%
Land Transfer Clearance	900	1,507	167%
Referral Cases	1	2	200%
Monitoring of granted conversion	35		111%
Conciliation and Mediation	234	264	113%
Representation in court and adjudication cases			
- Judicial Courts and Prosecutors Office	5	5	100%
- Quasi-Judicial	642	679	106%

**Table 4. Continuing Program**

ACTIVITY	FORECAST	ACCOMPLISHED	%
Resolution of ALI Cases	104	104	100%
Conciliation and Mediation		91	
Representation in court and adjudication cases			
- Judicial Courts and Prosecutors Office	5	3	75%
- Quasi-Judicial		169	

Table 3 reflects that all of the forecasted figures were accomplished. Though DARPO Bohol has no full-pledged lawyer, but still, the accomplishment in the representation in Judicial Courts achieved its target by 100%. This is due to the initiative of DARPO Bohol in seeking the assistance of a lawyer from DAR Regional Office. The over-all good performance for Legal Division is the result of good team work and perseverance of the employees involved in attaining the target or forecasts.

## TECHNICAL ASSISTANCE SUPPORT SERVICES (TASS)

Technical Assistance Support Services (TASS) is a support service delivery component of the agrarian reform program. It aims to capacitate the Agrarian Reform Beneficiaries (ARBs) and provide them access to necessary support services to make their lands more productive and enable them to venture in income generating livelihood projects and for ARBs to actively participate in community governance.

In order to attain its vision, TASS focusses on the following sub-major final outputs namely: Social Infrastructure & Local Capability Building (SILCAB); Sustainable Agri-Business and Rural Enterprise Development (SARED); Access Facilitation and Access Enhancement Services (AFAES); Support Services for Rural Women; Support Services for Land Owners and Partnership Development.

### A. Social Infrastructure & Local Capability Building (SILCAB): Laying the foundations of Rural Development

SILCAB focuses on the capacity development of ARBs, ARBOs and the community as well. ARBs are trained to equip them with the necessary knowledge especially on how to safeguard and sustain the coffers of every cooperative or agri-business enterprise. It is in this component where community organizing activities are undertaken and convergence initiatives with CARP Implementing Agencies (CIAs) for delivery of the provision of support services to ARBs. Accomplishments in table 1 below showed that it surpassed all of its targets:

**Table 1. SILCAB Activities**

PERFORMANCE INDICATOR	TARGET	ACCOMPLISHED	% ACCOMPLISHED
No. of ARBs trained	3,500	6,171	176%
No. of new ARBs in organizations	2,250	2,265	101%
No. of organizations assisted	128	128	100%

### B. Sustainable Agribusiness and Rural Enterprise Development (SARED): Uplifting the Socio-Economic well-being of the ARBs through increased productivity

To empower and transform the ARBs into progressive entrepreneurs and to promote economic growth in the rural areas, DAR implements Micro, Small and Medium Enterprises (MSME) development strategy. In this scheme, ARBs are given technical assistance and extension services to capacitate them with the skills and knowledge towards producing quality and competitive products and services.

DAR also provides marketing assistance with ARBs thru linkages with prospective agri-investors and other product buyers. Among these are the regular conduct of trade fairs and establishment of marketing centers. Table below show the accomplishments versus its targets for SARED component (also shows an impressive performance of DARPO Bohol):

**Table 2. SARED Activities**

PERFORMANCE INDICATOR	TARGET	ACCOMPLISHED	% ACCOMPLISHED
No. of product and services developed	4	7	175%
No. of organizations provided w/ credit	30	75	250%
No. of ARBs provided w/ credit services	2,000	2,711	136%
No. of ARBs provided w/ microfinance services	3,000	3,089	103%

PERFORMANCE INDICATOR	TARGET	ACCOMPLISHED	% ACCOMPLISHED
No. of ARBOs developed as microfinance providers	1	1	100%
No. of ARBOs provided with Agricultural Extension Services	9	10	111%
No. of ARBOs provided with Business Development Services	12	12	100%

### C. Access Facilitation and Access Enhancement Services (AFAES): Linking Viable Resources to the Community

Infrastructure is a key to creating a progressive economic environment and prosperity in the countryside. The provision of infrastructure projects in the province of Bohol is local and foreign assisted. For foreign assisted projects, it draws counterpart fund support from the provincial and municipal government units.

It is fortunate that aside from Agrarian Reform Funds (ARF) for CARP, there were also foreign donors, namely: the Belgian Integrated Agrarian Reform Support Project (BIARSP) from the government of Belgium; Agrarian Reform Support Infrastructure Project (ARISP) from Japan for International Cooperation (JBIC); the Philippine Australia Agrarian Technical Support for Agrarian Reform and Rural Development (PATSARRD) of the Australian government; and the Second Agrarian Reform Communities Development Project (ARCDP) from the World Bank. The latest foreign project that the province has is the Agrarian Reform Support Project III (ARISP III). Monitoring activities on all existing projects were also undertaken to ensure its sustainability. Table below shows the CY 2017 accomplishments on access to physical infrastructures:

**Table 3. Monitoring/ Maintenance of Infrastructure**

PERFORMANCE INDICATOR	TARGET	ACCOMPLISHED	% ACCOMPLISHED
No. of functional infrastructure maintained	100	100	100%

DAR also extended its support services to rural women and landowners. DARPO Bohol has established women's and landowners' desks to assist/ answer issues, queries relative to the welfare of the rural women and landowners served as against its targets. The accomplishments of the two is 187% and 173% respectively, as shown in the table below:

**Table 4. Support to Rural Women**

PERFORMANCE INDICATOR	TARGET	ACCOMPLISHED	% ACCOMPLISHED
No. of rural women served	210	393	187%
No. of Landowner served	40	69	173%

Aside from the regular support services, Partnership Development has also been given to our ARBs. This is a Strategic approach in harnessing/maximizing convergence and/or integration of initiatives and through strong partnership development on ARCs, ARB Organization and ARB development

DAR Central, Regional and Provincial offices initiated partnership development all bundled up with other existing support services interventions to ARBOs and ARBs. In CY 2017 there are 10 support services projects under partnership development that were funded for the Province of Bohol as shown in table 6 below:

**Table 5. Partnership Development Projects**

PERFORMANCE INDICATOR	TARGET	ACCOMPLISHED	% ACCOMPLISHED
Agrarian Production Credit Program (APCP)			
- No. of ARBOs	4	11	275%
- No. of ARBs involved	120	299	249%
Community Potable Water, Sanitation and Hygiene (CPWASH)			
-No. of ARBOs w/ capacity development	3	3	100%
-No. of ARBOs w/ support facility/equipment	3	1	3%
-No. of ARBs involved	75	75	100%
Cooperative Strengthening Program			
-No. of coops involved	9	24	267%
-No. of ARBs	150	398	265%
Village Level Farm/Crops-Focused Enterprise Development (VLFED)			
-No. of ARBOs w/ capacity development	4	7	175%
-No. of ARBOs w/ support facility/equipment	1	.3	30%
-No. of ARBs involved	100	108	108%
PBD Lawyering			
-No. of ARBOs involved	2	3	150%
-No. of ARBs involved	60	74	123%
Social Entrepreneurship			
-No. of ARBOs involved	1	1	100%
-No. of ARBs involved	30	38	127%
Sustainable Livelihood Support to Disaster Affected Areas			
-No. of ARBOs w/ capacity development	2	2	100%
-No. of ARBOs w/ support facility/equipment	2	2	100%
-No. of ARBs involved	50	131	262%
Climate Change Proofing			
No. of climate resilient development plan	12	12	100%
-No. of ARBOs involved	12	14	117%
-No. of ARBs involved	120	120	100%
Farm Business School			
-No. of ARBOs involved	1	3	300%
-No. of ARBs involved	30	91	303%
Climate Resilient Farm Productivity Project			
-No. of ARBOs with Capacity Development		1	
-No. of ARBs involved		605	

Partnership Development is composed of two components. One is the soft component which is the capacity development and the other one is the hard component which comprises farm inputs; equipment or infrastructure. For 2017, CP-WASH, and VLFED have targets in hard component which involved construction.

Table 6 above shows that most of the targets were met. Those that were not achieved are the hard component particularly the construction of septic tanks and processing center which entailed complex processes in the planning, procurement and actual construction of the facilities. It is expected that these facilities will be turned-over to the recipient ARBOS early of 2018. Other support services extended, good innovative approaches developed or acquired thru the foreign/local projects initiatives are the following:

1. Establishment of grass roots micro-finance in Agrarian Reform Areas thru Members Savings Operation (MSOs), (MICOOP) and DAR - CARD, INC. Capability Development Program or the Savings and Credit System which is a quasi-bank or bank like operation. The establishments of a quasi-bank particularly in areas where banks and other financial institutions are not available help a lot in terms of savings and loan accessing by our Agrarian Reform Beneficiaries. It started with a few thousands of pesos as operating capital and now, the pilot sites or the pioneering MSOs are already millionaires. For CY 2017, TUBOD MPC of Clarin, Bohol was launched as Members Savings Operation (MSO). At present there are twelve (12) cooperatives operating MSOs comprising 11 municipalities.
2. The creation of Bohol Federation Agrarian Reform Communities Cooperative is another milestone of the Department thru the ARISP III project. It is the sub-wing of the Institutional Development component of the project. The federation manages the Agrarian Information Marketing Center (AIM-C) in Tagbilaran City which aims to provide marketing information of farm products; provide favorable prices, processing and transporting of farm products; provide better quality of farm inputs; provide agricultural extension and technical training services; and provide financial intermediation services to member cooperatives enabling them to accumulate funds to implement new projects/ services, as well as to protect the member cooperatives from usurious money lenders.

## I. HIGHLIGHTS OF 2017 ACCOMPLISHMENTS

### Procurement

NFA's palay procurement aims not only to boost its rice inventory, but also to provide farmers a fair return of their investment should farm prices fall below the government support price of P17.00 per kilogram. Additional incentives include P0.20/kg drying fee, P0.20/kg to P0.50/kg delivery fee and P0.30/kg Cooperative Development Incentive Fee (CDIF). Ex-farm prices of palay for 2017 ranged from P17.00/kg – P22.00/kg with an average price of P19.63/kg.

### Distribution

A total of 231, 693 bags of rice were distributed in 2017 which marked a 62.78% accomplishment of the year's target of 310,000 bags. The smooth inflow of rice stocks to the province has provided an ample supply of stock inventory in all NFA warehouses to ensure regular rice distribution to accredited outlets, as well as the availability of rice during calamities/disasters.

The total volume distributed during the year consisted of 212,212 bags regular sales to NFA accredited outlets, while 14,481 bags were distributed through various government agencies and NGOs in support of the relief operations for Boholanos affected by calamities which hit the province.

Prices of rice stayed at affordable levels during the year. Retail prices of regular milled rice (RMR) averaged at P38.69/kg, well milled rice (WMR) at P42.44/kg, premium rice at P46.56/kg, and corngrits at 31.31/kg.

### Industry Regulation

A total of 1,808 grains businessmen were licensed during the year. The number of licensees exceeded the year's target of 1,758 at 102.84% accomplishment rate. Revenues from our grains license collection reached P2, 365,334.97 with an accomplishment rate of 111.05%.

Currently, Bohol has 255 NFA accredited outlets to ensure availability and visibility of NFA rice in all major markets provicewide.

This year's industry interrelations consisted of meetings with local farmers through the quarterly conduct of Provincial Farmers' Action Council (PFAC) meetings, farmers' ugnayan as a palay procurement campaign, attendance to Sikat Saka Program implementation, attendance to general assembly of farmers' cooperatives and coordination meetings with other government agencies to advocate NFA's programs and activities. On the other hand, the Agency also closely coordinated with the grains businessmen through the Grains retailers' confederation (Grecon) Bohol to constantly remind them to abide with the PGSP rules and regulations.

On enforcement activities, a total of 556 grains businessmen were inspected through regular market monitoring and surveillance resulting to 4 apprehensions. Total amount of collections and fines derived from enforcement totaled to P5, 935.00 for the year.

## Technical Research & Development

NFA Bohol strictly adheres to its policy of stock quality maintenance and good warehouse keeping. All its stored rice were ensured of quality standards before they were released and distributed to our accredited retailer outlets.

The retrofitted biomass furnace located at FLGC III warehouse in Carmen enabled the NFA to offer drying services to farmers. This provided an opportunity for the local farmers to avail of drying services at a minimal fee. A total of 1,783.62 bags (89,181.00 kg) of palay have been dried with collections amounting to P38, 953.59.

Two major projects were undertaken by the office during the year under its Repair, Maintenance & Technology (RMT) which includes repainting of provincial office and repair/reroofing and improvement of NFA main office. The total RMT project cost amounted to P1, 234,638.35.

## Finance

Total expenses incurred by the office this year amounted to P28, 006,862.05. The amount is 11.35% lower compared to 2016's expenses of P31, 591,846.23.

## Human Resource Management & Manpower Development

The total personnel complement as of December 31 is 32 employees with the hiring of two (2) additional employees under the plantilla position of Clerk III and Accounts Analyst. On employee benefits, the office was able to pay all salaries as well as state and corporate benefits on time.

Several trainings and seminars which were NFA sponsored or otherwise were attended by the employees during the year.

The NFA staffhouse accepted a total of 179 guests and generated gross income of P67, 425.00.

## Public Affairs

All NFA's programs and activities were widely disseminated through print and broadcast media and during various coordination meetings with its stakeholders.

The agency proactively addressed various issues and concerns raised by the public through media interviews and consultative meetings with other government agencies to discuss the agency's plans and programs.

### *NFA's Operational Programs for 2018 (Bags of 50kg)*

Year	Inflow	Distribution
January	-	10, 000
February	20, 000	10, 000
March	30, 000	10, 000
April	30, 000	20, 000
May	30, 000	20, 000
June	30, 000	20, 000
July	30, 000	40, 000
August	40, 000	40, 000
September	40, 000	45, 000
October	25, 000	20, 000
November	-	20, 000
December	-	19, 500
<b>TOTAL</b>	<b>275, 000</b>	<b>274, 500</b>

NFA programs and activities were widely disseminated through print and broadcast media and during various coordination meetings with our stakeholders. NFA Bohol regularly sends an employee-representative to all inter-agency coordination meetings to ensure that the Agency's programs and activities will have a wider reach while all immediate concerns and issues will be promptly acted upon. The regular monthly meetings include the Provincial Coordination Council on Agri-Fishery (PCCAF), Provincial Price Monitoring Council Meeting, DA's Sikat Saka Program and Association of United Development of Information Officers (AUDIO-Bohol).

NFA Bohol's attendance to various inter-agency coordination meetings has also paved the way to continually advocate the food guardians' campaign and "Riceponsible" advocacy. As of December 31, 2017, the office has achieved a total of 16,698 food guardians sign-up from a target of 13,500 or 124% accomplishment rate.

The regular conduct of "Ugnayan" with farmers groups and grains businessmen in coordination with the Industry Services Department (ISD) is also aggressively pursued by the local management considering that Bohol is a top rice producing province in Central Visayas.

On the grant of radio interviews to local media, NFA Bohol has maintained a reputable image thereby earning the respect of the tri-media association since despite the various issues and concerns raised by the public, NFA Bohol is proactive and straightforward in entertaining all queries and the resolution of issues in the shortest time possible.

Among the highlight issues for 2017 was the public speculation of the presence of "fake rice" in the market. The nationwide issue stirred a fear among local consumers which prompted them to raise the issues in social media and the local media. NFA Bohol's strong coordination with all stakeholders eradicated the public fear when three samples of alleged fake rice were submitted for laboratory analysis and subsequently proven to be genuine rice.

Lastly, NFA Bohol's public affairs section regularly submits a monthly accomplishment report to the governor, vice governor, and the three (3) congressmen to keep them informed and updated of NFA's overall operational performance to include rice distribution, palay procurement, provincial grains inventory, NFA stock movement, average prevailing prices of rice and corn, and enforcement/ inspection activities. The report would aid the local legislators in crafting policies to better improve government's intervention particularly in the grains industry for the benefit of various stakeholders in the local and national level.

NFA Bohol personnel unload the rice shipment at Tagbilaran City port and Tapal Wharf in Ubay to beef up its food security requirement in order to fulfill its mandate of buffer stocking and to pre-position its stocks for any calamity and disaster.

Regular rice sales / distribution to all accredited retailers, LGUs, BJMP, DSWD and other relief institutions especially during calamities/disasters.

NFA Bohol's Mobile Licensing Team led by PISO Zita Mahinay and SSIO Atty. Rex Solarte visits the grains businessmen province-wide in an effort to achieve and/or surpass this year's licensing and registration target.

The National Food Authority (NFA) in Bohol thru PM Maria Fe Evasco has assured the public that there is no proof that fake rice is being sold in the province and in any Philippine market at present. A market monitoring team was deployed to monitor the rice market situation and has not found any adulterated or unusual rice stocks.

#### Other Provincial Initiatives:

1. Coordinated coconut planting during foundation Anniversary of Bradix Fraternity with Ex-Tagbilaran Mayor Jose Torralba and colleagues.
2. Participated Coastal Clean-up, Alay Lakad & Fun Run sponsored by the Provincial Government of Bohol.
3. Coordinated with Club-Green Energy Foundation for coconut planting project which will involve 240 hectares with 700 farmer-beneficiaries at Rowena Heights, Danao, Bohol.
4. Presented PCA's regional program during Regional Cooperative Summit at Bohol Tropics on October 4-5, 2017.
5. Attended meeting with DOST Sec. Dela Pena at Ubay, Bohol on May 5, 2017.
6. Participated Climate Change Forum at ATV VII, Tagbilaran City, May 16, 2017.
7. Conferred with Tubigon Coast Guard on shipment of coco products on May 14, 2017.
8. Attended coordination meeting with DTI on holding Provincial Cacao Congress.
9. Meeting with Japanese researcher on coco wood utilization at Panda Tea, Tagbilaran City on September 11, 2017.
10. Attended PRDP meeting at Arabelle Suites, Tagbilaran City on September 19, 2017.
11. Attended meetings of Task Force Kalikasan.
12. Attended Provincial Price monitoring council meetings.
13. Attended Liga ng mga Barangay meeting to explain on Coconut Preservation Act RA 10593.
14. Attended MCTC judges meeting regarding Coconut Preservation Act RA 10593.

Sector : **ECONOMIC DEVELOPMENT**  
 Sub-sector : **Agriculture**  
 Office : **BUREAU OF FISHERIES AND AQUATIC RESOURCES (BFAR)**

## I. HIGHLIGHTS OF 2017 ACCOMPLISHMENTS

The Bureau of Fisheries and Aquatic Resources - Provincial Fishery Office in Bohol already handed over the input materials for the TARGET Program 2017 to the beneficiaries of both coastal and upland municipalities. TARGET (Targeted Action to Reduce Poverty and Generate Economic Transformation) program provides various fishery-related livelihood assistance to the beneficiaries as direct intervention to help improve their livelihood status. The recipients of this program were chosen from among the registrants of the agency's National Program for Municipal Fisherfolk Registration (FishR). There were about 4,084 fisherfolks who were the beneficiaries of this program. The distributions were coordinated with partner LGUs. Among the livelihood project packages distributed to fisherfolks were the following:

Projects	No. of Units	No. of Beneficiaries
Freshwater Fish Cage	2	30
Marine Fish Cage	8	120
Organic Aquaculture (Brackishwater)	1	1
Organic Aquaculture (Freshwater)	33	33
Pond Culture Technology	80	80
Oyster Culture	88	88
Seaweed Grow-out Culture	20	400
Distribution of seaweed propagules	1,254	1,254
Distribution of farm implements	646	646
Non-motorized Fiberglass Boat (16ft)	152	304
Motorized Fiberglass Boat (20ft) with 5.5 hp marine engine	73	146
Motorized Fiberglass Boat (30ft) with 16 hp marine engine	5	5
Marine engine (5.5 hp)	126	126
Gill Nets	438	438
Collapsible crab traps	300	30
Fish pot	34	34
Multiple Hook and Line	40	40
Payao	20	20
Tuna Handline	44	44
Provision of Post-Harvest and Value-added Processing Materials and Equipment	5	105
Seaweed Dryer	14	140
<b>TOTAL</b>		<b>4,084</b>

On top of the implementation of TARGET program, Bohol Provincial Fishery Office has its top three highlights of accomplishment. First on the list was the establishment of Community Fish Landing Centers (CFLC) wherein Bohol province was allotted six (6) units for CY 2017 and 8 units for CY 2016. The construction of the fish landing centers is part of the government's commitment to deliver precise interventions and promote inclusive growth in the fishery sector. Each unit of CFLC, costing about Php 3 million, will house post-harvest equipment and tools that will enable fisherfolks to preserve the good quality of their fish and fishery products, which they could sell for a higher price. Local consumers will also benefit from the fish landing centers as they will have better access to safe and quality fishery commodities.

The facilities will also be opened as venues for skills trainings on disaster-resilient fisheries-based livelihoods and resource management such as monitoring fish catch and stock assessment. CFLCs for CY 2016 were already turned over to LGUs last CY 2017 except for CFLC Ubay which was turned over last Jan. 9, 2018. Out of the 6 units for CY 2017, we had already turned over 3 units to LGUs Getafe (Oct. 4, 2017), Talibon (Oct. 18, 2017) and Loon (Nov. 14, 2017). The other 2 units particularly Lila and Panglao were temporarily suspending their construction as they comply tenurial instruments of the area while construction of the other 1 unit at Maribojoc is ongoing.

Second on the top accomplishment of Bohol Provincial Fishery Office was the establishment of floating seaweed dryer. There were 14 fisherfolk associations from seaweed producing municipalities of Talibon, Bien Unido, Candijay, Pres. Carlos P. Garcia, Ubay, Buenavista, Mabini and Getafe who were recipient of this project. At this time, while seaweed production is continuously increasing, the quality of dried produced has been observed to be deteriorating as reported by some processors.

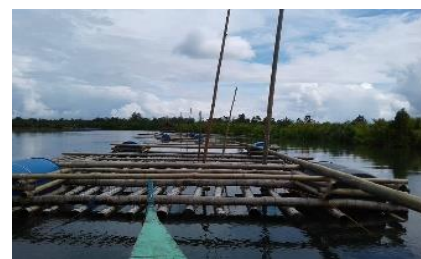

Some farmers treated their dried seaweeds with salt to add weight, while others add cement, stones and any substances that could add more weights to the raw materials. These practices destroyed the industry and caused the processors to be strict and extra cautious as to the source of their raw materials. For this reason, the government, specifically BFAR 7 is looking all options to help and assist these people's organization. This project can provide seaweed growers' proper storage and platform for faster drying process and to help them produce a good quality of raw dried seaweeds that the processing plant needs.

Lastly, establishment of techno demo projects such as Oyster Culture and Seaweed Growout Culture completed our top three major accomplishments. This office was able to distribute inputs to 88 individual beneficiaries for the establishment of 88 units oyster culture in the municipalities of Candijay, Buenavista, Bien Unido, Getafe and Inabanga and 20 sets of inputs for the establishment of seaweed grow out culture to POs of LGU Calape, Getafe, Talibon, Bien Unido, Ubay, Mabini and Candijay. All of these units projects were already operational. This project can create alternative livelihood for the fisherfolks, provide improved culture technique of through environment friendly technology while promoting a sustainable production of quality and safe products for consumers.

Sector	:	<b>ECONOMIC DEVELOPMENT</b>
Sub-sector	:	<b>Agriculture</b>
Office	:	<b>COOPERATIVE DEVELOPMENT AUTHORITY (CDA)</b>

---

## I. HIGHLIGHTS OF 2017 ACCOMPLISHMENTS

The Cooperative Development Authority (CDA) was created by virtue of a Constitutional mandate particularly found in Sec. 15, Art. XII in the 1987 Constitution which states that, "Congress shall create and agency to promote the viability and growth of cooperatives as instrument of equity, social justice and sustainable economic development". This opened the way to the enactment of twin laws, R.A 6938 otherwise known as the Cooperative Code of the Philippines and R.A. 6939, an Act creating the Cooperative Development Authority (CDA).

Several attempts had been made to amend the Cooperative Code of the Philippines (R.A 6938) because of the so-called "Gray Areas" until finally after a period of almost 5 Congresses to amend the old Code; former Pres. Gloria M. Arroyo signed into law last February 17, 2009 the Philippine Cooperative Code of 2008 or R.A 9520. The passage was so timely in respond to the new needs of the sector nationwide. This is a landmark legislation to reinforce and empower cooperatives as we gear towards progress and development. While it strengthened and vitalize the coop base, it is a buffer against these trying times and held mitigate the adverse impacts of the present crisis.

CDA as regulatory body envisioned to be an effective and efficient regulatory agency working towards the development of viable, sustainable, socially responsive and globally competitive cooperatives. While it endeavors to accomplish its mission of ensuring safe and sound operation of cooperatives, it also lives up to its Core Values of Excellence, Commitment, Integrity and Teamwork (EXCITE).

For year 2017, CDA focuses on the three (3) point agenda with Programs, Activities and Projects (PAPS) in accordance with the following 3 Major Final Output (MFO), to wit:

1. *Efficient Registration;*
2. *Effective Regulation; and*
3. *Equity-Oriented Development.*

These 3-point agenda focuses more on registration and regulatory function such as improved registration by using electronic means as well as enhanced policy guidelines, rules and regulations. Its main program is to conduct coop inspection and exit conference to all operating and even to non-operating cooperatives to ensure safe and sound operation. As part of regulation, the agency is also tasked to monitor and enforce coop compliance by means of collecting the mandatory reports submitted by coops as required under Art. 53 of R.A 9520.

Equity-oriented development function centers on regulation and development of cooperatives with the conviction that regulation should be viewed and appreciated as part of progress and development of coops. The mandatory trainings to be attended by all officers of the cooperatives capacitate them to become effective and efficient leaders of the organization. Because of the widespread clamor to reduce the number of trainings with the corresponding number of hours, a new Memorandum Circular had been issued so that for Micro Cooperatives or those coops with total assets of 3M and below, the officers shall only required to attend two (2) mandatory trainings such as Basic Cooperative Course and Cooperative Management and Governance equivalent to 8 number of hours for each course. Officers of Small, Medium and Large Cooperatives shall undergo the same subject matter or courses with 16 hours of each course plus the following mandatory trainings when the coop has a total deposit liabilities of 5M and above, to wit:

1. *Financial Management*
2. *Credit Management; and*
3. *Risk Management*

Hence, CDA-Bohol Field Office noted a total of 641 newly and re-registered cooperatives as of December 31, 2017. Of this number 300 or 47% are operating/compliant coops once they shall comply with the submission of the five (5) mandatory reports to the authority as provided for under Art. 53 of R.A 9520. While coops shall be classified as non-operating/non-compliant once they failed to submit the mandatory reports for a period of at least two (2) years from registration/ re-registration.

About 14% or 90 coops have already been issued with the dissolution order or in the process of dissolution and there are about 6 or 1% which are dissolved cooperatives as of December 31, 2017.

Below is CDA-Bohol Field Office Major Accomplishments for CY 2017, to wit:

### 1. Efficient Registration

- |   |      |
|---|------|
| a. Conduct of Pre-Registration Seminar                              | - 11 |
| b. Processing/evaluation of application for registration            | - 30 |
| c. Processing/evaluation of application for registration-amendments | - 66 |
| d. Validation of Coop Registration/Amendments                       | - 22 |
| e. Issuance of Certificate of Registration- New Coops               | - 5  |
| f. Issuance of Certificate of Registration- Amendment               | - 10 |
| g. Issuance of Certificate of Authority- As Satellite               | - 7  |
| h. Issuance of Certificate of Authority- As Branch                  | - 3  |

### 2. Effective Regulation

- |  |       |
|--|-------|
| a. Conduct of Coop Inspection and Exit Conference with Report of Findings and Recommendations given to coops | - 263 |
| b. Collection of Five (5) Mandatory Reports  | - 267 |
| c. Processing/Evaluation of five (5) Mandatory Reports   | - 267 |
| d. Issuance of Certificate of Compliance to compliant coops  | - 267 |
| e. Issuance of Show Cause Orders to Non-Compliant Coops  | - 50  |
| f. Issuance with Order of Dissolution  | - 15  |
| g. Dissolved Cooperatives  | - 0   |

### 3. Equity-Oriented Development

- Capability Building for Micro and Small Coops
 

a. Trainings conducted/initiated	- 18
b. Trainings Coordinated/Assisted	- 9
c. Forum/Congress/Summit Conducted	- 2
- Organization and Strengthening of PCDC, CCDC and MCDC's - 24
- Trainings Sponsored by the Bohol Provincial Government under Governor Edgar M. Chatto thru the PCDC under BM Venzencio Arcamo:
 

a. <i>Cooperative Management and Governance</i>	
b. <i>Fundamentals on Cooperatives</i>	
c. <i>Parliamentary Procedure</i>	
d. <i>Orientation on the Preparation of Mandatory Reports</i>	

---

Sector	:	<b>ECONOMIC DEVELOPMENT</b>
Sub-sector	:	<b>Trade and Industry</b>
Office	:	<b>BOHOL INVESTMENT AND PROMOTION CENTER (BIPC)</b>

---

## I. HIGHLIGHTS OF 2017 ACCOMPLISHMENTS

The **Bohol Investment Promotion Center- Office of the Governor**, as one of the key offices of the Provincial Government of Bohol, marked its 18 years of valuable service since it was established in 1998. Through the years, it has evolved and expanded its services to respond to the needs of entrepreneurs and investors in Bohol. It has successfully established and sustained the **Bohol Business One-stop Shop** as a facility for a one-stop assistance where the services of line agencies mandated in business registration are made available in one location and with streamlined business processes. It has strengthened the partnership of the PGBh with the Department of Trade and Industry and operates a **Type A Negosyo Center- Bohol** with the end-in-view of promoting job generation and the development of MSMEs leading towards inclusive growth and poverty reduction.

The BIPC showcases that government agencies can align functions and harmonize processes and operations in order to best serve the target customers and local constituents. It has stretched its reach towards the countryside, bringing the one-stop shop services and mandatory business registration service agencies in the municipalities through the **Bohol BOSS Asenso Negosyo Caravans**. It has also proven that the business sector can be a strong partner in investment promotion efforts to attract large investments to locate in the province, and even in IEC campaigns for the ICT sector. The BIPC has successfully engaged with the business sector in the course of our post- earthquake tourism recovery efforts when it created and conducted **Fusion Nights**, a food fair showcasing the best of international cuisine among restaurants and food establishments in 2014, which has since become a major attraction of the annual Sandugo Festival celebration.

For large investments, a tripartite undertaking between the Provincial Government, the City Government and the Bohol Chamber of Commerce and Industry embraces a private-sector led **One Voice, One Destination investment promotion program** as a collaborative effort to position Bohol and the City of Tagbilaran as an attractive investment destination.

### A. BOHOL BUSINESS ONE-STOP SHOP (Bohol BOSS)

### Bohol BOSS Asenso Negosyo Caravans

This is in line with the Provincial Government's INSPIRED HEAT-IT Caravan wherein the services of different government agencies are brought closer to the people. Bohol BOSS Asenso Negosyo Caravan brings the services of the Bohol BOSS partner agencies; namely the Department of Trade and Industry (DTI), Social Security System (SSS), Philippine Health Insurance (PhilHealth), Home Development Mutual Fund (Pag-IBIG), Securities and Exchange Commission (SEC), Bureau of Internal Revenue (BIR), SEEM – Cluster representative, and Department of Interior and Local Government (DILG), in partnership with the target Local Government Unit, to a one-day event that include the conduct of a Business Forum and Business Registration services for Micro, Small, and Medium Enterprises (MSMEs). This involves a basic orientation on business registration, requirements and membership with mandatory agencies. The caravan also offers business advisory, facilitation of applications with DTI and SEC, and facilitation of Employee/Employer Registration with SSS, Pag-IBIG, and PhilHealth.

The caravan is a showcase of strong partnership and seamless integration of the different national agencies with the Local Government Units and was developed to encourage entrepreneurship and mainstream businesses, especially in the localities where many small-scale enterprises are non-registered officially with our national agencies and even among their respective local government units in their permit and licensing requirements. It also aims to extend advocacy efforts in the streamlining of business processes and licensing requirements and procedures in the LGUs, as well as for these LGUs to improve their level of competitiveness according to the indicators set in the National Competitiveness Council- Cities and Municipalities Competitiveness Index. The caravan was first launched in 2016, with ten (10) caravans conducted in 10 different municipalities.

In 2017, taking on from past experiences in the coordination and conduct of the caravans, the BIPC/Bohol BOSS strengthened the preparatory phase with the conduct of Partners Coordination Meetings with prospective LGU hosts. Hence, **five (5) coordination meetings were conducted and five (5) Bohol BOSS Asenso Negosyo Caravans** were done in the following municipalities: **Inabanga, Dimiao, Sevilla, Baclayon, and Candijay**; and the caravans had served a total of **1,266 clients**.

Bohol BOSS was launched in 2009 as part of the functions of the BIPC, and has since evolved and expanded its services to provide assistance to facilitate business registration and streamline procedures to create a business-enabling environment and enhance the investment climate of the province by catering to the needs of investors, entrepreneurs and prospective business people.

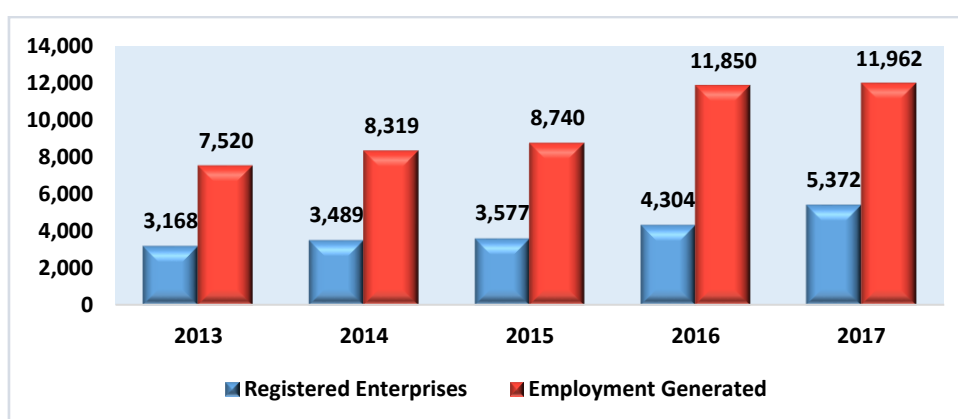

### Making Business, Creating Jobs

As of the latest report from the Philippine Statistics Authority (PSA), 99.57% of the 915,726 business establishments in the Philippines in 2016 were micro, small and medium enterprises (MSMEs), connoting that only 0.43% were large enterprises.

Thus, the BIPC – Negosyo Center Bohol aims to support the development of the MSME sector by providing streamlined services and promoting entrepreneurship to all Boholanos, thus increasing household income through entrepreneurship and consequently generating employment. All these are in line with the Provincial Government's overall goal of reducing poverty in the province.

A dramatic drop in business name registration was observed after the twin calamities of 2013, the Great Bohol Earthquake and the intermittent power supply caused by Typhoon Yolanda. However, the sector recovered immediately in 2014. Since then, an increasing trend in the number of registered MSMEs and employment generated was seen up to 2017. In 2017, total business name registrations were a little over the preceding year's total reaching to up to **5,372 registrations**, while employment generated reached **11,962**, over a thousand more than that of 2016.

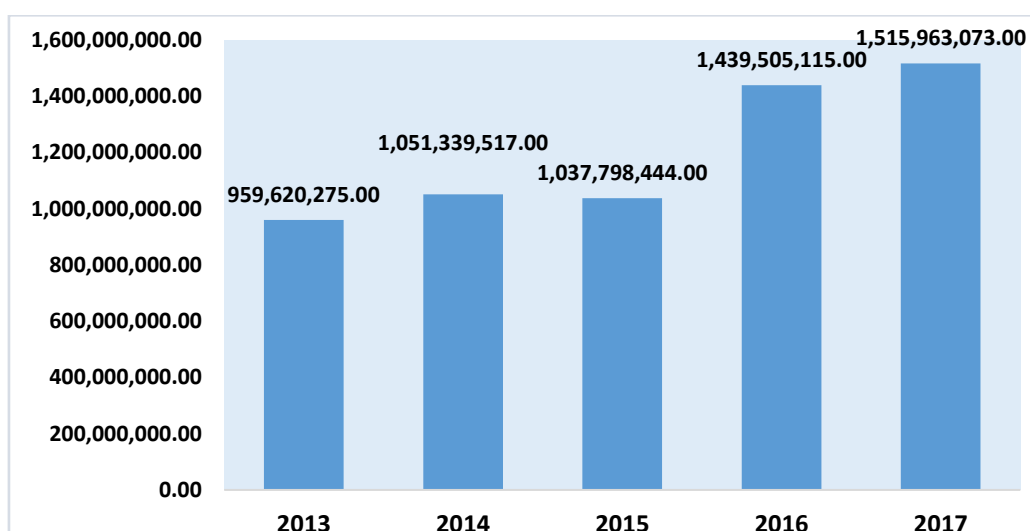

**Annual Business Name Registrations of MSMEs and Employment Generated**

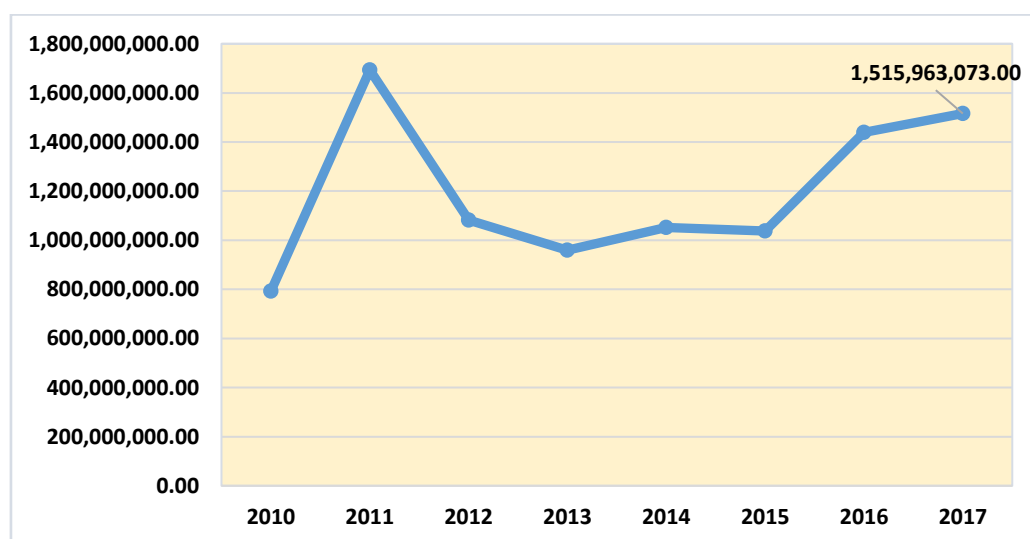

BIPC- Bohol BOSS reached its annual target of 1 Billion investments generated from MSME business name registrations for the past 4 years, with this year's investments reaching a total of **Php 1,515,963,073**. And as predicted, this year's investments generated surpassed that of the preceding year 2016.

### Investments Generated from MSMEs

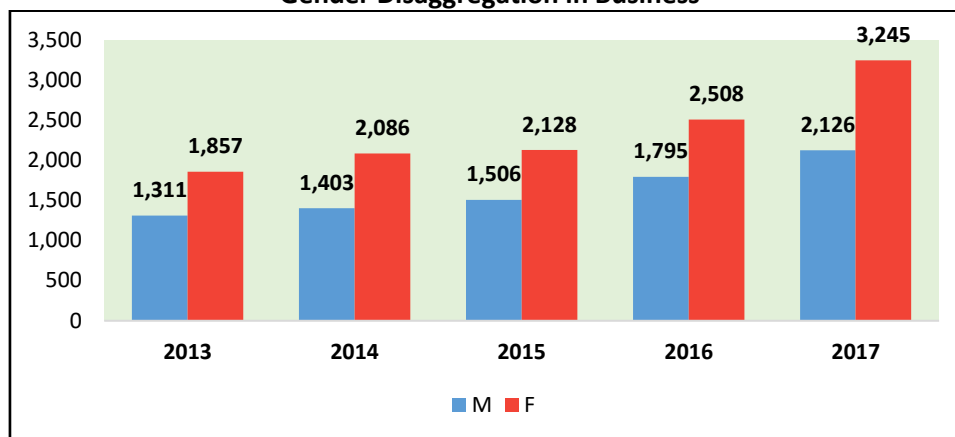

This tracking shows that 2011 created a spurt in MSME growth, while 2013 was a low point due to the Bohol earthquake. Investments spiked again in 2016 and has fully recovered in 2017.

### Empowering women in business

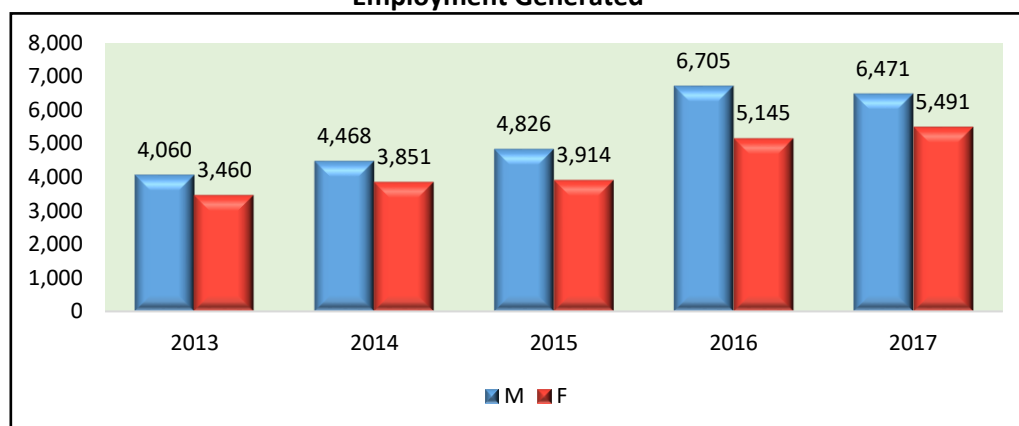

BIPC is involved in the Provincial Gender and Development Program. Women play a significant role in the set-up of new enterprises in the province. In fact, more than half or **58.45% of MSME business owners are women**. We show these figures by gender disaggregating data gathered by Bohol BOSS in business name registration.

Gender Disaggregation in Business

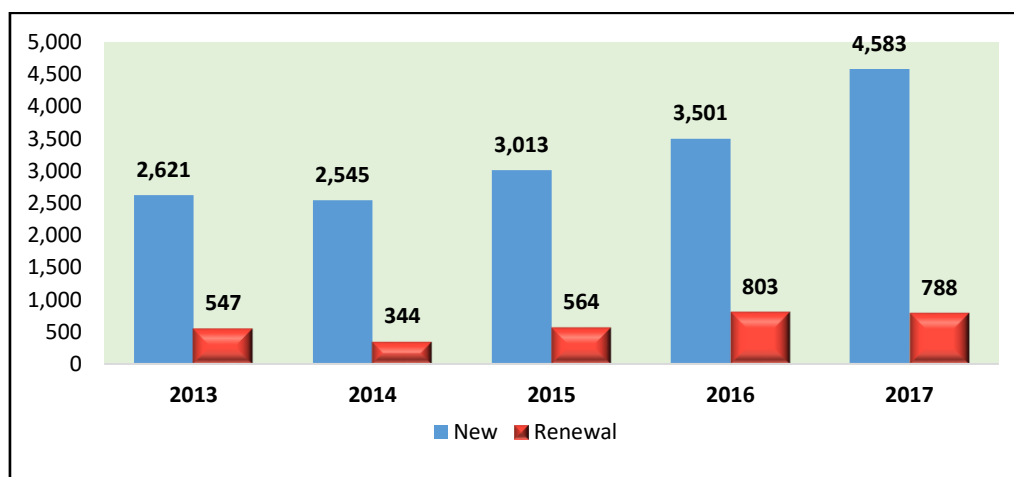

Though more women are going into entrepreneurship, there are **17% more male employees** employed by our MSMEs with a total of **6,471 males** compared to the **5,491 females**.

Employment Generated

Every year, new businesses are being established, making up some 80-85% of the bulk of those that register for business. This year, **85% of business registrations were new** with a total of **4,583** compared to the **788 renewal registrations**.

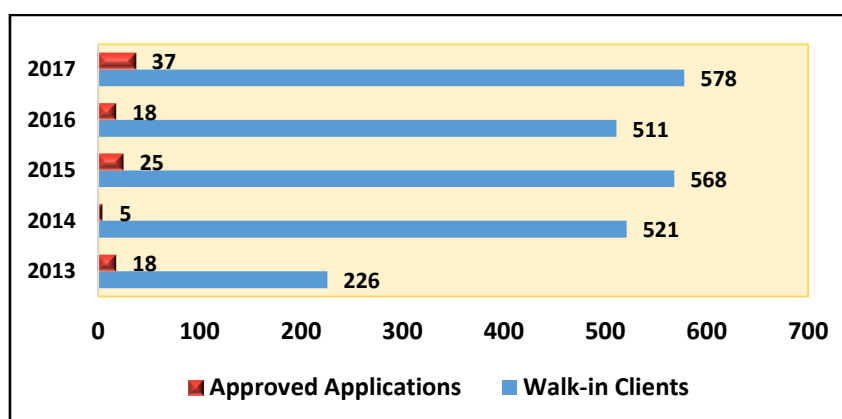

### Streamlined Business Processes

As secretariat of the Bohol Competitiveness Council, the BIPC leads in the province's efforts to ensuring its competitiveness by making business in Bohol a breeze through the streamlined business processes and expanded services of Bohol BOSS, creating a business-enabling environment and enhancing the business climate of the province. Bohol BOSS abides by the policies set in the Anti-Red Tape Act of 2010, and is committed to fully serve its clients to the best of its ability and complies with the processing time of **15-minutes or less** in sole proprietorship business name registration under the DTI as set in our Citizen's Charter.

Our **Securities and Exchange Commission Helpdesk**, the first in the country to setup outside of their regional office, has recently upgraded its application processing services. Applications are now encoded and processed online through the SEC web portal. This means that applicants no longer have to wait until every end of the month for Bohol BOSS SEC liaison officers to submit and process their applications to the SEC Regional Office in Cebu. Applications may now be processed on the day of submission as long as all requirements are complete.

The number of clients served has more than doubled for the past 4 years since it started in 2013. This year, the helpdesk had a total of **578 walk-in clients**, mainly on information assistance and encoding facilitation, and got **37 corporation applications** approved.

**SEC Reservation of Names and Corporation Registrations Facilitated, and Information Assistance provided to customers**

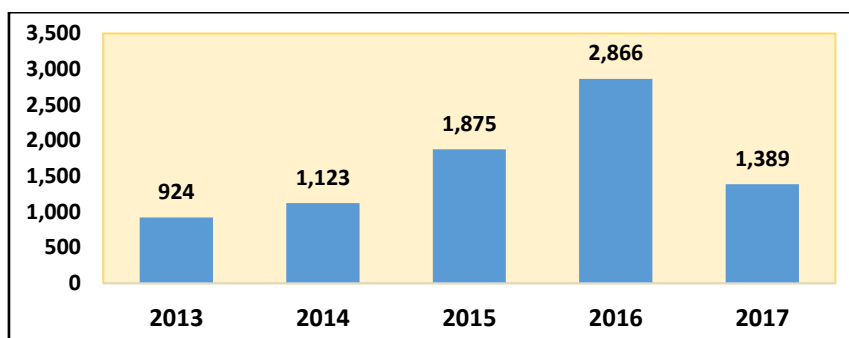

### Social services coverage for employers and employees

Bohol BOSS also offers services for employers and employees from our partner agencies PhilHealth, SSS, and Pag-IBIG and had total number of **1,389 clients served**. The increase of figures in 2016 is attributed to the pioneering year of the Bohol BOSS Asenso Negosyo Caravans, wherein 10 Caravans were conducted, while only five (5) caravans were conducted in 2017.

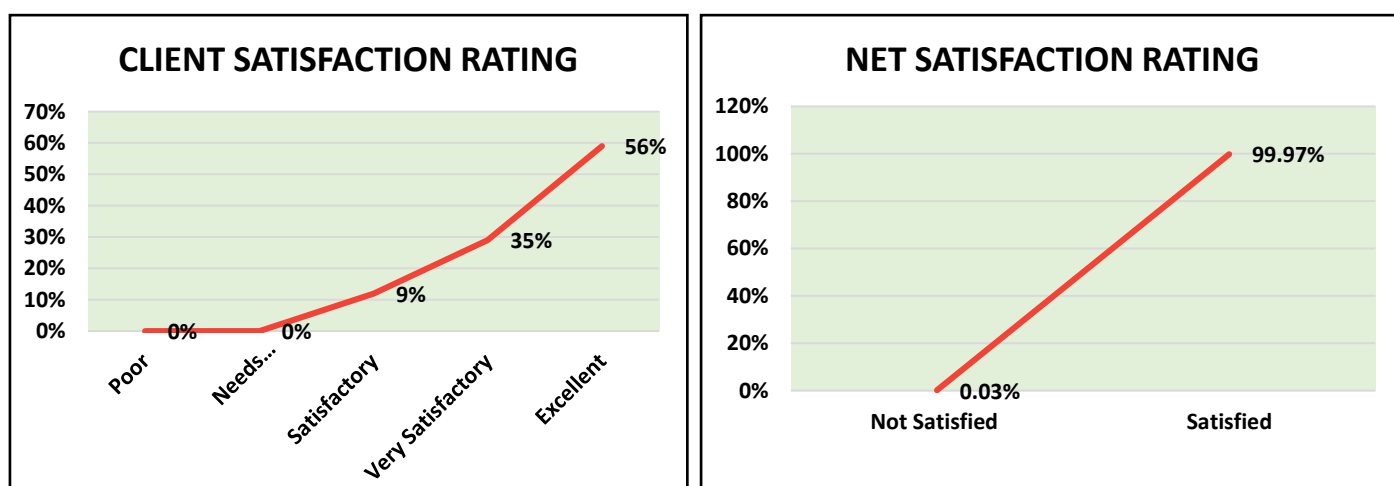

PhilHealth, SSS, Pag-IBIG Clients Served

Bohol BOSS offers access and convenience to investors with its streamlined processes, making it easy for entrepreneurs and investors to set up business in the province. This year, Bohol BOSS served **7,854 clients** overall with all of its services.

Total Number of NC Bohol/ BOSS Customers Served				
2013	2014	2015	2016	2017
5,336	5,965	7,797	8,921	7,854

The BIPC follows the “**customer first policy**”, making sure that customers are heard through daily feedback from the regular customer satisfaction survey. The BIPC has consistently maintained an excellent client satisfaction rating on all indices for the past years.

### Bohol is 'BEST'

Another great innovation created by the BIPC is the **Basic Entrepreneurship for Sustainable Transformation or the BEST Series**. The series, first launched in 2015 as an added service of Negosyo Center-Bohol which recently opened in September of that same year, provides assistance to MSMEs by conducting training seminars and workshops on various topics related to starting or keeping a business.

The seminars and trainings are facilitated by Business Counselors of the DTI assigned to the BIPC- Negosyo Center-Bohol and is offered free to existing and potential entrepreneurs. The series also invite private sector mentors and government trainers who offer their knowledge and services pro bono for the program. In 2017, Negosyo Center-Bohol conducted **fifteen (15) BEST Series seminars and trainings** with an overall attendance of **551 total participants**.

## B. INVESTMENT PROMOTION

### Bohol Investment Forum 2017

Investment promotion entails a whole range of coordinated activities for improving local business conditions to image building and investment generation. Thus, a promotional strategy must not only focus on what industry sectors will be targeted but also look at how the business conditions of a location can be improved to make it more attractive to investors.

In December 2016, the Provincial Development Council (PDC) held its full Council meeting to discuss and approve the Bohol Provincial Development and Physical Framework Plan (PDPFP), Integrated Natural Resources and Environmental Management Project (INREMP) and other infrastructure projects.

Subsequently, the Provincial Government of Bohol through the Bohol Investment Promotion Center and the Provincial Planning and Development Office, in partnership with the USAID – Strengthening Urban Resilience for Growth with Equity (SURGE) conducted the **Bohol Investment Forum on January 25, 2017** at Bohol Tropics Resort, Tagbilaran City.

One of the highlights of the forum was the presentation of the Bohol Spatial Development Framework. After which, Gov. Edgar M. Chatto spearheaded an open forum with stakeholders in order to get significant feedback from the business sector and major stakeholders as regard the business climate and their concerns so that the PGBh through the BIPC can become a better enabler for business.

### Bohol Hosts 5th VICTOR Conference, 3rd Creative Congress & 1st Education Summit

The Provincial Government of Bohol through the Bohol Investment Promotion Center, The Bohol ICT Council and the City Government of Tagbilaran hosted the **National ICT Confederation of the Philippines (NICP) Visayas ICT Cluster Organization (VICTOR)**, an annual conference that seeks to promote the potential of the Visayan Islands as location for ICT-enabled jobs, opportunities and investments. It also serves as a venue for NICP ICT Council members and all its partners to gather during the first quarter of the year to exchange notes and provide updates, all in support of the NICP's vision. Alongside the said event were added highlights that included the **3<sup>rd</sup> Creative Congress** and the Provincial Government's holding of the **1<sup>st</sup> Education Summit**.

With the theme ***“Accelerating Visayas Potential through Effective Talent Development”***, the three-part forum was attended by IT-BPM experts and the Boholano government, business and academe stakeholders. Governor Edgar M. Chatto along with Usec. Monchito Ibrahim of the Department of Information and Communications Technology (DICT) signed a commitment to support

Bohol's efforts to develop local talent through ICT education as a key ingredient in its bid to become an IT-BPM investment haven. The three- pronged event was held at the Bohol Tropics Resort on **March 2-3, 2017**.

### ICT Capacity Development (CapDev)

The BIPC also facilitates various programs and workshops for talent and skills development, as part of its service and advocacy. These programs and workshops help Boholanos to be well-equipped with the necessary skills and competency increasing their chances for employment.

The Commission on Higher Education (CHED) is currently engaging the Information Technology and Business Process Association of the Philippines (IBPAP) in implementing the Service Management Program Nationwide. This program aims to equip students and teachers from all types of traditional courses with the competencies needed for a successful career in the IT-BPM industry.

Part of the overall program is **the Advance English Pre-Employment Training (AdEPT) Train the Teacher Program**, an industry standard of language training that further understand the training methodologies and centers in helping teachers adapt to the changing needs of their industry.

The workshop, facilitated by the Provincial Government of Bohol through the Bohol Investment Promotion Center in partnership with the Bohol ICT Council, IBPAP and CHED, was attended by 22 teachers from the different universities, colleges and schools in the province and was held in **May 29 to June 3, 2017** at Jj's Seafood Village.

### Fusion Nights 2017

In line with the celebration of the Sandugo Festival is the highly anticipated food fair – **the International Fusion Nights**. An event created and launched by the Bohol Investment Promotion Center in 2014 to support the efforts of the Provincial Government in promoting to build back Bohol's tourism industry after the Great Bohol Earthquake, to showcase the fact that Bohol is still thriving and the Boholanos eager to work together to build back and happy to welcome more tourists despite the calamities.

It has become a huge hit and a much-awaited event in the annual Sandugo Festival since its launch and is now one of the staple events of the festival. The food fair is also a great opportunity to bring in added attraction to the month-long festivities, presenting a cultural parade and exchange of the flavour, beauty and color brought about by diversity, amity and connectivity.

The BIPC in partnership with the Bohol Association of Hotels, Resorts and Restaurants (BAHRR), invited more than 25 resorts, hotels, restaurants and other concessionaires for the event and

prepared a bigger and more fun-filled line-up of activities. The concessionaires who participated in this year's run included the following:

South Palms Resort  
Cuisina ni Tisay  
Belian Hotel  
Bluewater Resort  
NLA Catering  
M Lagura Catering  
Just Sizzlin'  
The Bellevue Resort

Gelateria Milano  
Moshi Moshi Cakes  
Bohol Shores  
Kitchen w/ Rose  
Paeng's Chicken  
Egay's Farm Restaurant  
Abi's Seafoods and Grill  
BE Grand Resort

Kierabella's Eatery  
Tarsier Botanika  
Alta Bohol Resort  
Massimo Pizzeria  
Astoria Bohol  
Home Cooking/Asian Fusion  
Wing's St.  
Hola!

**Fusion Nights 2017**, as part of the Sandugo Festival Night Market, was held on **July 21-30, 2017** at the CPG Sports Complex and as expected, gathered countless food aficionados nightly with overall sales reaching roughly 1.4 million.

Fusion Nights 2017 gathered a significantly high count in sales and visitor traffic since most of the festivities were centralized at the CPG Complex, including the Agri-Trade Fair and the Carnival and nightly activities such as band performances, dance performances and cultural performances kept the crowd coming.

### Enhanced Bohol Investment Promotion Program

After Executive Order No. 37-2016, creating the Enhanced Bohol Investment Promotion Program (EBIPP) Technical Working Committee (TWC) was issued in December 2016 with support from USAID Surge Project, a TWC meeting was then conducted at Belian Hotel in February 4, 2017. The TWC was tasked to seek the support, technical assistance and facilitation in the partnership undertakings, with the BIPC tasked to draft the MOA for the tripartite undertaking. Consequently, the Memorandum of Agreement was signed, launching the **Enhanced Bohol Investment Promotion Program (EBIPP)** on **March 14, 2017**, at Jj's Seafood Village, with the BIPC as secretariat.

EBIPP is a private sector-led tripartite collaboration of the Provincial Government of Bohol, the City Government of Tagbilaran and the Bohol Chamber of Commerce and Industry, developed to promote a **"one voice, one destination"** investment promotion program which aims "to develop a sound, broad-based economic strategy and business environment, as well as collectively promote investments at the same time play critical investment facilitation roles under a "one voice, one destination" investment promotion program anchored on the value proposition that expresses the heart and soul of the Boholano people."

### Provincial Government Partners Forum

The Provincial Government of Bohol, led by Governor Edgar M. Chatto with the BIPC as secretariat, conducted a **Partners Forum on November 3, 2017** at the Bohol Tropics Resort to formally share the news of Bohol Province being the “Most Business-Friendly Class-1 Province 2017” to partner government agencies, the private sector and other stakeholders.

It also served as a venue to acknowledge and encourage the continued strong partnerships between the provincial government and its stakeholders to make Bohol the most livable and most attractive destination for visitors and investors.

### Investor Services

The Provincial Government of Bohol, under the administration of Gov. Edgar M. Chatto, has anchored his third term leadership under the acronym, InSPIRED **HEAT-IT Bohol** as its development framework and under this framework are the three (3) major economic pillars, namely, Sustainable Tourism, Sustainable Agriculture and Agri-Business and Information & Communications Technology.

Bohol's advancement in ICT is largely private sector-driven, and the Provincial Government of Bohol through the Bohol Investment Promotion Center with help from the Bohol ICT Council closely coordinated with BPO consultants and real estate brokers who came over to assess and inspect and paid their courtesy calls to our local leaders and developer-investors who will eventually give realization to the long-held dream for Bohol to become a key player and location of the ICT-BPO industry. This is because Bohol has yet to offer an attractive location for the BPOs to set up business locally that provides all the national and local incentives available, both fiscal and non-fiscal, in order for the province to be highly competitive. This can be had if a developer can set up a PEZA-registered IT building; fortunately, two local developers have been enticed to invest in the sector and are into full-swing construction phase and PEZA registration application processes. These are the 1) Alta Citta IT Building and 2) Tagbilaran Uptown IT Hub.

In December 6, 2017, the Provincial Government welcomed and extended its arms to **Leechiu Property Consultants, Inc. & to Teletech** for ocular inspection, investment forum, and meet up with the Governor and the Bohol ICT Council at the Governor's Mansion, facilitated by the Bohol Investment Promotion Center. Teletech is one of the BPO companies that expressed intent of locating in Bohol.

The BIPC also facilitated and met with Korean investors along with Atty. John Titus Vistal of the Provincial Planning and Development Office on **October 26, 2017** at the Governor's Mansion.

## Marketing and Promotion

The BIPC regularly maintains and updates its official website [www.boholinvest.com](http://www.boholinvest.com) and its Facebook page to provide the following:

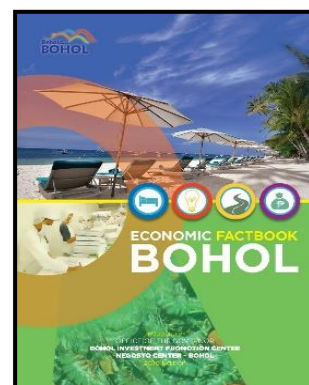

- Business information guides including the Revised Bohol Investment Code and promotional materials, news and information, and links to business and government portals;
- Downloadable forms for business registration, and other info materials;
- Weekly updates on news and information;
- Regular information updates on BIPC activities and programs

Number of web visitors:				
2013	2014	2015	2016	2017
3,407	3,103	3,773	3,827	2,019

The BIPC also reprinted the **Bohol Economic Factbook**, a promotional material regularly updated by a team of researchers which contains information on the province's economic profile, cost of doing business, statistics, business contacts and critical components of the Bohol Investment Code.

### C. POLICY ADVOCACY

The BIPC drafted and submitted the following legislations, which were consequently approved, to expand its services and functions:

- **EO 11 – Establishing CDA Help Desk at Bohol BOSS, adopted on April 25, 2017**

Bohol BOSS, lodged at the BIPC, aims to facilitate business registration, significantly streamline, simplify procedures and shorten processing time, minimize information lapses, and provide all assistance possible toward creating a business-enabling environment.

Bohol BOSS provides business registration services under its existing partners the Department of Trade and Industry for sole proprietorship and business facilitation services under the Securities and Exchange Commission for corporations.

A need was seen to include the facilitation of business registration for cooperatives under the registering authority of the Cooperative Development Authority (CDA) in the Bohol BOSS services. Therefore, the BIPC submitted the final draft of an Executive Order **Establishing a Cooperative Business Registration Help Desk at the Bohol Business One-Stop Shop (BOSS), Bohol Investment Promotion Center, and Designating One Regular Personnel as Provincial Cooperatives Business Registration Help Desk Officer, Defining its Duties and Functions, and for other Purposes**. Thereafter, Executive Order No. 11 Series of 2017 was passed. The Cooperatives Business Registration services will be extended at the Bohol BOSS and that the Provincial Government will provide a regular personnel to be trained by CDA and shall provide first-level facilitation and information assistance, seeing to the compliance and completeness of documentary requirements for membership application and facilitating its approval process by the CDA.

- **EO 29 – Enjoining Local Chief Executives To Continue Maintaining and Ensuring Business-Friendly Local Government Units, adopted on November 03, 2017**

After the Province of Bohol was conferred as the “Most Business-Friendly Province” in the whole country by the Philippine Chamber of Commerce and Industry in October 2017 in recognition of its successful initiatives in creating an environment that is conducive to business, the BIPC submitted a draft policy enjoining all local government units to support and sustain this provincial initiative.

Executive Order 29 was passed that aims to spread the advocacy of sustaining best practices in good governance, promoting trade and investments, transparency, accountability and efficiency in delivering business services to fuel up inclusive growth at the Local Government Unit Level, thus becoming business-friendly local government units themselves.

- **EO 42 – Amending Executive Order No. 10 (S. 2016) Renaming the Public-Private Sector TWG on Bohol Competitiveness as Bohol Competitiveness Council and;**
- **EO 34 – Amending Executive Order No. 42 (S. 2017) Expanding the Membership of the Bohol Competitiveness Council**

Per Executive Order No. 44 issued by Malacañang in 2011, renaming the Public-Private Sector Task Force on Philippine Competitiveness as the National Competitiveness Council (NCC) with the vision to promote a more competitiveness Philippines as a means to reduce poverty through inclusive growth, the Cities and Municipalities Competitiveness Index was created.

The Provincial Government aims to ensure increased competitiveness throughout the province that will be strengthened with the creation of this Council, which shall enjoin all the local government units, government agencies and the private sector to demonstrate commitment and provide the needed support and assistance towards enhancing and upgrading the competitiveness ranking of Bohol.

The Council is chaired by the Governor with the DILG Provincial Director as the Co-Chair, LMP-Bohol Chapter President as the Vice-Chair, BIPC and DTI-Bohol as the Secretariat, with members from the different agencies and offices from the public and private sector, and the academe.

- **Memo to Mayors to create their own Competitiveness Committee:**

The BIPC drafted a **Memorandum on the Participation and Assignment of a Permanent Focal Person for the Cities and Municipalities Competitiveness Index** which was approved by the Governor on March 06, 2018 enjoining all Mayors to participate and support the conduct of the CMCI activity.

In the said memo, all Cities and Municipalities are expected to create a monitoring committee which shall oversee the filling out of local data capture sheets and ensure that research institutions are given support in the course of data gathering. They are also expected to designate an Alternate Focal Person/s under the Office of the Municipal Planning and Development Office to coordinate the preparation, consolidation and reporting of data and information needed for the competitiveness ranking.

### **Active Engagement and Multi-sectoral Participation**

The BIPC, led by Ms. Maria Fe M. Dominise, is also a member/ secretariat of the following governing boards, committees and civil society groups:

- Technical Working Committee member of the Enhanced Bohol Investment Promotions Program (eBIPP)
- Secretariat to the Provincial Price Monitoring Council
- Secretariat to the Bohol Competitiveness Council
- Committee Chair in the Provincial Tourism Council
- TWG Member, Bohol Energy Development Advisory Group
- Member, Government- Industry- Academe Council
- Member, Gender and Development Council of Bohol
- Adviser, Bohol ICT Council
- Stakeholder participation in Tagbilaran City Tourism Council meetings

### **Enhancing Bohol's Competitiveness**

Gov. Edgar M. Chatto expressed his desire for Bohol Province to greatly improve its national ranking and be recognized as one of the more competitive provinces in the country. He enjoined all the municipalities to cooperate in the survey and data collection, at the same time, consider those areas of governance where they are weak at in their next planning and prioritization of budget allocation for consequent implementation. He further stressed that increase in competitiveness translates to more investments, job availability, wealth creation, and consequently poverty reduction.

This gave rise to the plan supported by Gov. Edgar M. Chatto to create and convene a warm body to be called, Bohol

Competitiveness Technical Working Group, to ensure coordination among the various municipalities and with a commitment to clarify issues, formulate strategies and develop action plans towards greater competitiveness of our municipalities and Tagbilaran City in the next Cities and Municipalities Competitiveness Index.

The BIPC, along with the Department of Trade and Industry, is the secretariat to the **Bohol Competitiveness Council**, which aims to ensure increased competitiveness throughout the province by strategizing and executing steps to improve the province's national competitiveness ranking. The first council meeting, organized by the BIPC, was conducted on **November 22, 2017** at the Belian Hotel.

### Enhancing Bohol's Cost of Living and Consumer Welfare

To implement the purpose and objectives of R.A. 7581 (The Price Act) in the Province of Bohol, the Bohol Provincial Price Coordinating Council was created on Dec. 03, 2010 through **EO No. 29 (S. 2010)**, with the Governor being the Chairman, the DTI Provincial Director as the Vice-Chairman, the BIPC as Secretariat and with members from the different offices and agencies in the province.

The Council is mandated to coordinate and rationalize the programs of member agencies to stabilize prices and supply of commodities in the Province of Bohol and its municipalities and to recommend action steps to correct unwarranted price increases and supply shortages. The Council had a series of regular and emergency meetings for 2017 with agenda mainly centered on the monitoring of fluctuating fish prices in the province.

### Strengthening Partnerships

The BIPC, which houses the Bohol BOSS, rejuvenates its relationship with partner agencies and encourages team effort by conducting regular meetings and workshops and team-building events.

Before Bohol BOSS was launched in 2009, strong partnerships between the Provincial Government and mandated government agencies related to business name registration has been its core foundation. It started with the Department of Trade and Industry (DTI), Department of the Interior and Local Government (DILG), PhilHealth, Pag-IBIG Home Development Mutual Fund, Social Security Systems (SSS), and the Bureau of Internal Revenue and has since extended their arms to the Securities and Exchange Commission and recently to the Cooperative Development Authority.

What started out as a technical working group, comprised of civil servants from each government agency, conducting planning workshops and meetings, has now become a stout and resilient faction of people committed to serving their constituents, strengthening the micro, small, and medium enterprise community and greatly improving the business climate of the province through streamlined services in business name registration and investor services.

The Provincial Government of Bohol through the Bohol Investment Promotion Center and the BOSS focal partners regularly meet as reaffirmation of their strong partnership, and in **December 15, 2017** a **Bohol BOSS Partners Forum** was conducted at the Belian Hotel, and was attended by focal persons the DILG, DTI, PhilHealth, Pag-IBIG, SSS, SEC and our newest partner, the CDA and Ms. Liza M. Quirog, Provincial

Government Chief of Staff, to represent the governor. The forum also served as a reportorial activity for Bohol BOSS annual accomplishments and planning workshop to identify future targets and events.

## Fruits of Labor

2017 had been a fruitful year for the Bohol Investment Promotion Center, not just because of the increasing figures and the numerous activities they have conducted, but also because the Province of Bohol through the secretariat efforts of the BIPC garnered a very prestigious and significant award that has enhanced the image of Bohol as an attractive investment destination.

That year, the Province of Bohol vied for the “Most Business-Friendly LGU Award” and was able to qualify as one of fourteen finalist candidates throughout the nation. This award is the annual search of the Philippine Chamber of Commerce and Industry for Provinces and Cities in recognition of their successful initiatives in creating an environment that is conducive to business.

Among the finalists were; Aklan, Bataan, Bulacan, Bohol, Cavite, Cebu, Davao del Norte, Isabela, La Union, Negros Occidental, Pangasinan, South Cotabato, Tarlac. Bulacan, who was the top contender at that time, after winning two (2) consecutive years and needed only 1 more win to qualify for the Hall of Fame, was dislodged by Bohol who was a newcomer in the said award search. Bohol was later announced as the **“Most Business-Friendly LGU Class 1 Province” of 2017**. The award was bestowed to the Province of Bohol by no other than President Rodrigo Roa Duterte. The award also came with a 1-storey school building project for the winning LGU.

Sector	:	<b>ECONOMIC DEVELOPMENT</b>
Sub-sector	:	<b>Trade and Industry</b>
Office	:	<b>DEPARTMENT OF TRADE AND INDUSTRY (DTI)</b>

## I. HIGHLIGHTS OF 2017 ACCOMPLISHMENTS

### A. BOTTOMLINES

#### MFO 1: Trade and Industry Policy Services

In 2017, DTI supported the development and strengthening of its priority industry clusters, i.e., bamboo, cacao, coffee, processed food, and wearables and homestyle (gifts, decors, fashion accessories, and home furnishings).

A local harmonization workshop of the cacao and bamboo industry roadmaps were conducted to make them understand DTI's development direction for these sectors so they contribute to its growth.

Likewise, trainings on bamboo weaving were conducted to help the bamboo sawali makers improve the quality and add value to their products. A total of 1,442 MSMEs have been assisted belonging to the above-identified industry clusters.

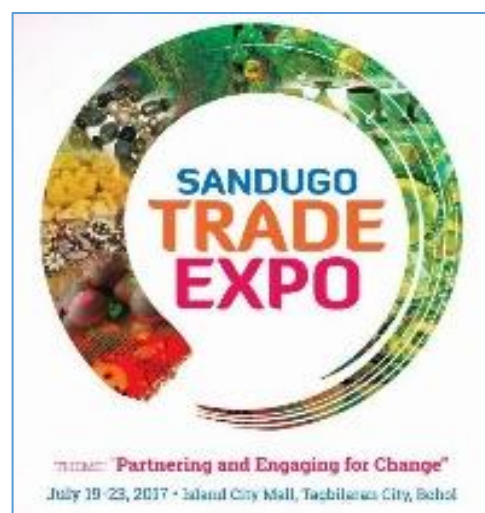

#### MFO 2: Technical Advisory Services

DTI provided technical assistance and advisory services to 3,271 micro, small and medium enterprises (MSMEs) in the province. These were done through trainings, product development, marketing, and business consultancy services/advisory services, among others. There were a total of 78 trainings under the SME Roving Academy which we conducted province-wide. On the other hand, our 26 Shared Service Facilities are operational and currently helping micro enterprises cope with market demand through the equipment and tools provided by DTI since 2013.

The Kapatid Mentor ME Program (KMME), a 12-module mentoring series which ran from May to July 2017, had 26 MSME graduates. The program enabled them to scale up and improve their operations as they were given lectures and workshops on the 4 functional areas of management.

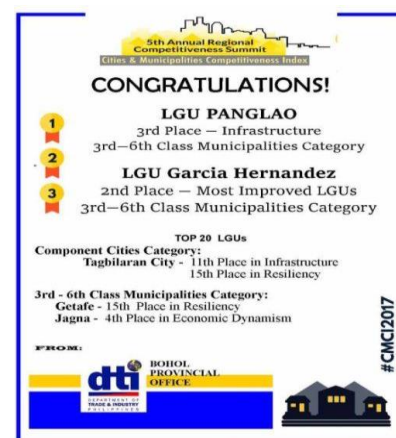

It was also in July that the Sandugo Regional Trade Expo was conducted, where an Exquisitely Visayas Fashion Show was held, featuring the unique creations of designers from Cebu and Bohol using the indigenous products of MSMEs.

Total sales generated from the Sandugo Trade Expo was P6.19M.

### **MFO 3: Trade and Investment Promotion Services**

Investment promotion is a joint effort with the Provincial Government through the BIPC, the DILG and the DTI. The National Competitiveness Council through the DTIs Competitiveness Bureau promoted the Ease of Doing Business survey among LGUs to determine their level of competitiveness under the 4 pillars of (1) Infrastructure, (2) Governance, (3) Economic Dynamism and (4) Disaster Resilience. In 2017,

### **MFO 4: Consumer Protection Services**

On Consumer Welfare and Protection, DTI conducted regular monitoring visits to 240 business establishments across the province to check compliance to the Price Act. Further, monitoring other business establishments were also conducted to check their compliance to the labeling, price tag, standards, and other trade and industry laws were done. Notice of Violations were issued to erring establishments and those that were found to have gravely violated the law were meted with penalties. Twenty three (23) consumer complaints were likewise resolved with both the complainant and the defendant were present in a mediation conference at the provincial office.

### **MFO 5: Business Regulation Services**

For business registration and accreditation, a total of 4,427 business names have been registered in 2017, 3,733 of which are new while the rest are renewals. At the same time, licenses were issued for sales promo, service and repair shops, PETC and ship brokers, numbering to about 256.

## **B. PROGRAMS, ACTIVITIES AND PROJECTS**

### **b.1 Negosyo Center**

In the last quarter of the year, 3 new Negosyo Centers were established in Panglao, Sevilla and Inabanga. As of date, there are a total of 12 Negosyo Centers across the province. Total number of clients assisted by these centers reached to 10,000 in 2017.

### **b.2 eCommerce**

The eCommerce Program of DTI assisted 15 MSMEs who came up with their own website during a 5-module training which ran from October to December 2017. During the 21 day marketing campaign prior to graduation, the mentees were able to generate a total of P600, 000 cash and booked sales through their websites.

### **b.3 Consumer Welfare Month**

The 2017 Consumer Month celebration in October began with a fun run which was participated by consumers, students and other sports enthusiasts of Bohol. There was also a Consumer Youth Summit, and a forum on Digital Marketing and other Fair Trade Laws.

## I. HIGHLIGHTS OF 2017 ACCOMPLISHMENTS

### A. Special Program for Employment of Students (SPES)

One of the continuing programs of the Department of Labor and Employment (DOLE) is the Special Program for Employment of Students (SPES). It is an employment bridging year-round program that aims to augment the family's income of poor but deserving students, out of school youths, or dependents of displaced workers who intend to finish their education. The SPES program will grant benefits in such a way that the student shall be paid in the form of cash. Except for low income LGUs, the employer shall shoulder 60% of the applicable minimum wage or hiring rate, while the remaining 40% shall be paid by DOLE. SPES beneficiaries either working in private/public establishments are entitled to an insurance coverage for a period of one year.

**Table 1**

<b>Target</b>	<b>Actual</b>	<b>Percentage</b>
3,087	3,407	110.37%

Table 1 immediately above shows that the Department of Labor and Employment- Bohol Field Office surpassed its target of 3,087 SPES beneficiaries for CY 2017. The actual accomplishment of 3,407 with an accomplishment rate of 110.37% was attained with the joint efforts of the Local Government Units (LGUs) and the Provincial Government. With this flagship program of DOLE, 3,407 young people were given the opportunity to continue their studies. Relative to this, the Bohol Employment and Placement Office (BEPO) conducted SPES orientation at the Bohol Cultural Center on April 5, 2017.

### B. Government Internship Program (GIP)

GIP is a component of KABATAAN 2000 under Executive Order (EO) no. 139 s. 1993, which aims to provide opportunities and engage young workers to serve general public in government agencies/entities projects and programs at the national and local level. The Objectives of the Government Internship Program are as follows:

- To provide young workers, particularly the poor/indigent and young workers, opportunity to demonstrate their talents and skills in the field of public service with the ultimate objective of attracting the best and the brightest who want to pursue a career in government service, particularly in the fields and disciplines related to labor and employment.
- To fast track the implementation and monitoring of DOLE programs and projects related to employment facilitation and social protection, all of which directly contributes to the goal of inclusive growth through massive employment generation and substantial poverty reduction.

**Table 2**

Target	Actual	Percentage
195	200	102.5

Table 2 immediately above presents the 2017 accomplishment of the DOLE Bohol for the Government Internship Program. 200 young people were given the chance to take the internship in various Government Offices from three to six months. The office accomplished 102.56% of its target of 195. Relative to this, BEPO OIC Vilma Yorong oriented the 2017 beneficiaries of Government Internship Program under the Provincial Government. Other beneficiaries also had undergone orientations in their respective districts (1st, 2nd and 3rd districts).

### C. DOLE Integrated Livelihood and Emergency Employment Program (DILEEP)

One with government's agenda of poverty reduction and inclusive development, DOLE through the Bureau of Workers with Special Concerns (BWSC) implements the DOLE Integrated Livelihood and Emergency Employment Programs (DILEEP). The Program seeks to contribute to poverty reduction and reduce the vulnerability to risks of the working poor, vulnerable and marginalized workers either through emergency employment, and promotion of entrepreneurship and community enterprises.

**Table 3**

No. of Beneficiaries	Total Livelihood Assistance Released
1,397	Php15,048,975.63

Table 3 immediately above shows the figure of 1,397 as beneficiaries of DILEEP with the corresponding amount released for the livelihood assistance. DOLE-7 Assistant Regional Director Cyril Ticao led the livelihood grant release worth Php 371,400.00 to Cortes Small Coconut Farmers Association on May 16, 2017 at LGU-Cortes Function Hall. The grant was intended for the enhancement of their Duck Raising and Balut Production Project which was also funded before by DOLE back in July 17, 2015.

Moreover, DOLE Bohol staff traveled to one of the islets of LGU-Bien Unido with 2nd District Congressman Aris Aumentado and his staff to release a DILEEP livelihood grant to Bilangbilangan West Fishermen Association worth three hundred seven thousand and three hundred pesos (Php 307,300.00) for Acquisition of Fishing Nets and Marketing.

Furthermore, 24 units fiberglass motorboats with 10 HP Diesel engines worth a total of PhP2, 890,700.00 were turned-over to Cogtong Christian Farmers Association, Panas Seaweeds Farmers Association and Asosasyon sa Kilusang Pagbabago sa Barangay Panas courtesy of 3rd District Congressman Art Yap, Councilor Tony Tutor representative of Candijay Mayor Christopher Tutor and other municipal representatives.

#### D. Job Fair (Local and Overseas)

Jobs Fair is an employment facilitation strategy aimed to fast-track the meeting of jobseekers and employers/overseas recruitment agencies in one venue at a specific date to reduce cost, time and effort particularly on the part of the applicants.

Job Fair is open to all unemployed, skilled and unskilled workers, fresh college graduates, graduates of training institutions, displaced workers and employees seeking advancement. During the Jobs Fair, applicants select vacancies suited to their qualifications and employers could interview and hire on the spot qualified workers. Several agencies are invited to provide self-employed and training assistance. There were Four (4) Local and Overseas Job Fairs that were conducted in 2017, among them were the Tagbilaran City Career Expo and the Bohol Local and Overseas Job Fair.

Sector	:	<b>ECONOMIC DEVELOPMENT</b>
Sub-sector	:	<b>Tourism</b>
Office	:	<b>BOHOL TOURISM OFFICE (BTO)</b>

## I. HIGHLIGHTS OF 2017 ACCOMPLISHMENTS

### PRODUCT DEVELOPMENT SECTION

BTO's Product Development Section's top accomplishments for year 2017 involved the provision of capacity development for the ecotourism sites of the Bohol Surprise Tour (BST) #1 to #6.

Sites other than from the BSTs were also inspected or validated for their future consideration into the existing itineraries or for data inventory.

Festivals that were not promoted in the past were given opportunities to shine, aside from Sandugo Festival.

LGUs with farms were inventoried and an orientation on farm tourism was also rolled out.

Information database on tourism is updated and quality web-based information is maintained.

### CAPDEV FOR BOHOL SURPRISE TOURS NO. 1-6

Year 2017 is focused on capacitating the first 6 Bohol Surprise Tours under the banner of Ecotourism Bohol Program of Sustainable Environmental protection Program and placed under the Sustainable Tourism Development Program of the Bohol Tourism Office (BTO).

The program is aimed at sustaining the presence of these tour clusters in the map of Bohol and in the memory recall of the tourism industry players. This will not only remind our locals that we can have a stake in Bohol tourism but also with their enthusiasm to develop further, these products will generate needed income to locals. To be in-line with the present events in the world, modules of the capacity development trainings are made sure to be relatable and able to answer the current issues affecting the industry.

This has proven to help strengthen not only our network with key tourism players from the sites and MTOs but also we worked together with national agencies such as DTI and with important leading provincial offices such as PDRRMO, Tarsier 117, PNP and Bureau of Fire Protection.

All in all we were able to conduct a ***total of 8 capacity developments for our 6 tourism clusters, namely Product Devt, Promotions, Customer Service Enhancements I & II, Basic Accounting & Business Model Generation, Safety and Security for Tourism, DRRM for Tourism and Farm Tourism Orientation.***

### SITE INSPECTIONS AND VALIDATION

Monitoring of existing BST sites, and inspection of other LGUs with existing and/or potential tourism products/ services and evaluated totaled to 21 in all.

This is to sustain linkage with the BST sites apart from monitoring their services and features and be able to form basis of intervention for them.

The same is also true for other existing and potential products.

### Festivals

There were four (4) festivals that BTO assisted in 2017 in the form of promotion. In 2015, after the 12 Bohol Surprise Tours were created, municipalities that did not have any of their attractions make it to the new tour clusters began to find potential tourism value in the existing natural sites in their respective areas. BTO welcomed these interest.

Farm Tourism was rolled out in an orientation on cultivating agri tourism. It was attended by MTOs and farm owners or managers whose farms were identified by their MTOs after an inventory was asked from them for our data base.

Participants shared positive feedback after the orientation especially that it opened their eyes to entrepreneurial possibilities. They appreciated the upgrade that agri tourism can offer to agriculture, and hopefully will encourage young generation to get into agriculture.

Judy Quiachon of DOT7 was the main resource person who showed in her presentation examples of DOT

#### FARM TOUR ORIENTATION

accredited farms in the Philippines engaging in farm tourism.

1. The orientation was participated by MTOs and some LGU officers from the towns of Balilihan, San Isidro, San Miguel, Talibon, Buenavista, Pilar, Batuan, and Candijay.
2. Farm owners or administrator who joined the orientation came from Balilihan, San Miguel, Batuan, Batuan, and Ubay.
3. An inventory was first conducted to find out from LGUs if there are farms in their respective towns that has the potential to go into agri tourism and may be invited to the seminar.
4. Balilihan was the target LGU for the orientation. An inspection and validation was conducted in the existing farm of Balilihan.
5. To maximize the number of farm owners and LGUS that can benefit from the orientation, LGUs who expressed interest were included.

#### TOURISM DATA BASE AND WEB-BASED INFORMATION

The Tourism Data Base for tourists' arrival this year was able to achieve collection of data that showed an increase from the 2017 arrival data despite the huge challenge in collecting them that ranged not just from late submissions from accommodation establishments to their LGUs but also due to force majeure and safety and security issues that temporarily caused cancellations.

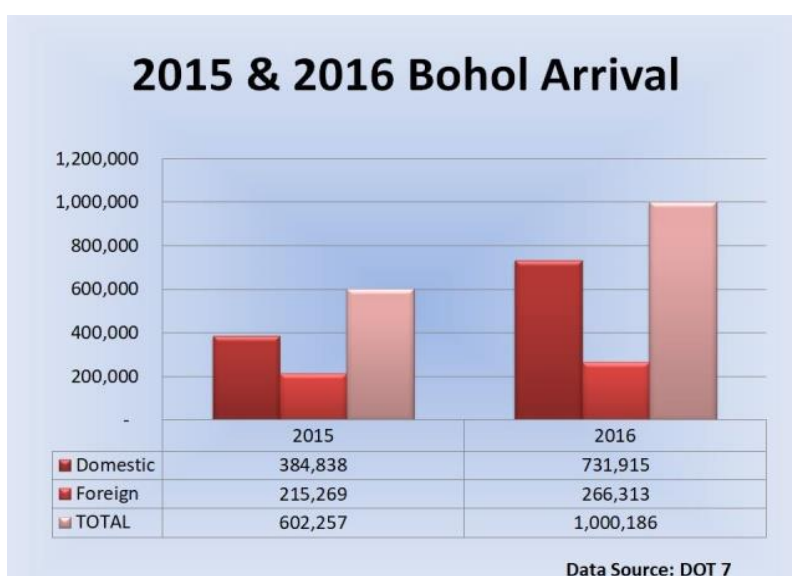

A series of 5 capacity developments to refresh and mentor MTOs and their respective stakeholders in the accommodation establishments and tourism attractions were conducted for the towns of **Anda, Tubigon, Loon, Calape, Inabanga, Batuan, Baclayon, Loay, Dimiao and Panglao**. Meanwhile, an advanced tourism statistics data collection method was cascaded to the MTOs to mentor them and agree with them on the collection of additional data from entry points, bus terminals and accommodation facilities every quarter.

Below is a comparative figure of tourists' arrival in Bohol for the past 7 years. The partial but unofficial figure of tourists' arrival for year 2017 shows a slight increase of more than 4% which could increase once the final tally is officially out by April.

SUMMARY OF BOHOL TOURIST ARRIVAL  
2010 – 2016

	2010	2011	2012	2013	2014	2015	2016

## MUNICIPAL TOURISM OFFICERS' FORUM

The Municipal Tourism Officers (MTOs) are gathered every quarter for seminars and updates on new trends and events in tourism, both in the national scene and globally, making this opportunity to strengthen network among each other. The MTOs serve as our extension in the cascading and implementation of guidelines relative to tourism development in the province on top of promoting and exercising diligence in tourist statistics data gathering and submission by accommodation and attraction stakeholders. There are approximately 30 active Municipal Tourism Officers that are gathered by BTO quarterly.

Sector	:	<b>ECONOMIC DEVELOPMENT</b>
Sub-sector	:	<b>Science and Technology</b>
Office	:	<b>DEPARTMENT OF SCIENCE AND TECHNOLOGY (DOST)</b>

---

## I. HIGHLIGHTS OF 2017 ACCOMPLISHMENTS

Department of Science and Technology (DOST) - BOHOL PSTC's programs and Projects for 2016 were anchored on the Province's clear vision (eco-cultural tourism, agro-industrialization and light manufacturing) and the encompassing mission service slogan LIFE HELPS – *Livelihood and Tourism, Infrastructure, Food, Education and Technology, Health, Environment, Leadership Development, Peace and Order and Sports and Youth Development*.

Furthermore, DOST programs and projects are to support the InSPIRED (*Infrastructure, Social Well-being & Shelter, Peace and Order, Interconnectivity, Reforms in Governance, Equitable Economic Growth with Environmental Sustainability, Disaster Risk Reduction & Management-Climate Change Adaptation*) HEAT (*Health & Sanitation, Education & Skills Development, Agriculture and Food Security, Tourism and Livelihood*) – IT (Information Technology) the enduring advocacy towards poverty reduction of the present administration under the leadership of Governor Edgar M. Chatto and Vice-Governor Dionisio D. Balite.

As an offshoot of the Science and Technology Master Plan and as a response to the present administrations' Medium Term Development Plan, DOST has implemented as a banner program the Small Enterprise Technology Upgrading Program or SETUP which is also in line with the above-stated vision of the province. Priority areas under this program are food processing, furniture, GDH (gifts, decors and handicrafts), agriculture/marine/aquaculture/forestry/livestock, metals and engineering ICT, Health and Wellness Products, Halal Products and Services and other regional industry priorities -- all supportive of the said vision.

With the continuing trend of positive growth in the tourism industry as manifested in the increasing tourists' arrivals in the province, opportunities in developing *pasalubong* items are still having great potentials. Thus, for 2017, the situation still calls for projects that will upgrade our *pasalubong* item producers (food and GTH) both the production facilities and the quality of their products.

For this year, though firm level assistance is still on-going, focus is already being shifted to community-based projects for greater impacts. The implementation of the Community Empowerment through Science and Technology (CEST) is already on-going. This Program has five components: (1) Livelihood Development; (2) Health and Nutrition; (3) Water and Sanitation; (4) S & T Education; and (5) Disaster Preparedness and Hazard Mitigation. Implementation of this program shall be through participatory approach.

- **DOST's Bohol Frontline Office Brings Science Closer to the People**

In line with the DOST's mandate stating that results of all scientific and technological efforts are geared and utilized in areas of maximum economic and social benefits for the people and with the slogan of the current administration which is "Science for the People", the DOST Bohol Provincial S&T Center – being the frontline service provider of the agency is implementing programs and projects that would make science and technology reach the grass roots level which is in consonance with the development agenda of the province as mentioned above.

- **Small Enterprise Technology Upgrading Program (SETUP)**

The DOST's flagship program Small Enterprise Technology Upgrading Program (SETUP) provides technology interventions to 102 MSMEs this year of which 14 were provided with innovation system support funds amounting to P 11,232,910.00. These funds were used to acquire efficient technologies that would increase productivity of the said MSMEs. Under this program, the enterprises were also provided with package of

assistance on technology trainings, consultancy services, packaging and labeling and other related interventions.

Furthermore, though the assistance is provided to individual firms in the priority sectors, it is being ensured that they have to complement with each other. The SETUP beneficiaries under the Metals and Engineering Sector for instance, are now serving local food processors in their equipment needs. As a result of the technology interventions, VIRCAP Light Metal Industries has become the only accredited firm in Central Visayas to fabricate equipment of the Food Innovation Centers-the spray dryer & vacuum fryer.

Another SETUP beneficiary, Corrales Welding Shop on the other hand is now the provider of stainless cooling racks, tables, sinks and other customized stainless GMP-compliant equipment for the food processors in the province, thus, saving transportation and shipping expenses if those equipment are to be acquired from Cebu or Manila. Worth mentioning also is the award received by Bohol Bee Farm, a SETUP beneficiary as one among the five finalists in the national search for Best SETUP adopter.

In 2017, a total of one hundred seventy-two (172) S&T interventions were provided to one hundred twenty-seven (127) firms in the province. These interventions resulted to generation of nine hundred ninety-six (996) employment; an average improvement of productivity by 28% per firm; and gross sales of P 48.483 million.

#### • S&T Trainings

For S & T Trainings, Bohol PSTC has coined the proposed official branding of S & T trainings under SETUP – the “SETUP Techno Academy” which were already used in various trainings that were conducted in Bohol and Cebu such as the “Science Behind Cacao Production and Processing”, Basic Food Safety, Packaging and Labeling and Furniture Finishing Techniques among others. Under the banner of “**SETUP Techno Academy**”, PSTC-based trainer in the person of Ms. Vina R. Antopina was capacitated through trainings in Singapore and Belgium and has become the first and only certified trainer in the DOST system in the field of processing high-end chocolate products and had already conducted trainings in Cebu, Siquijor, Bacolod in Region VI and Kalinga in the Cordillera Administrative Region. In 2017, DOST Bohol PSTC conducted 45 trainings, both in-house and public offering benefitting 276 firms with 817 participants.

#### • S&T Consultancy Services

DOST Bohol PSTC also provides technical consultancy programs to MSMEs through the Manufacturing Productivity Extension (MPEx), Consultancy for Agricultural Productivity Enhancement (CAPE), Food Safety, Cleaner Production, Energy Audit, and Packaging and Labeling.

Shown above are some of the packaging and labelling designs provided to the MSMEs in Bohol for more presentable products

In 2017, a total of 6 firms were

assisted thru MPEX and CAPE; 2 firms were assisted thru Cleaner Production Consultancy; 3 firms were assisted thru Food Safety Consultancy; 3 firms were assisted thru Energy Audit Consultancy and 47 packaging and labeling services were provided to 25 firms.

### Community Empowerment through Science and Technology (CEST)

Community Empowerment through Science and Technology (CEST) Program is DOST's strategy of bringing science and technology at the grass roots level, thus closer to the people. This will facilitate the transfer of technologies to beneficiaries along the areas of education, health and nutrition, water and sanitation, disaster risk reduction, and industry development or livelihood.

One of the CEST breakthroughs in Bohol is the technological support provided to a farming community and Gawad Kalinga Village in Magsaysay, Talibon, Bohol. The said community is the beneficiary of DENR's Timberland Management Contract. DOST provided assistance in the establishment of essential oil extraction facility for lemongrass. Lemon grass was chosen being a drought-resilient crop in consonance with the climate change adaptation initiative of the government. The project also tapped the Human Nature as the social enterprise that would buy their lemon grass oil and hydrosol. The project has provided alternative livelihood to the farmers who intercrop lemon grass in their coconut farms.

Another project under CEST Program is the provision of a 24/7 weather monitoring system in the island barangay of Mantatao, Calape, Bohol. The said barangay is prone to storm surge during typhoons as the island submerged few feet below the mean sea level due to the 7.2 magnitude earthquake in 2013. A solar-powered charging station is the source of electricity for a desktop computer with internet connection for 24/7 weather monitoring.

Furthermore, a nearby elementary school also used the said charging station to provide power for their desktop PCs. Before the intervention, the school can only use their PCs for one (1) hour – 4:00PM to 5:00PM considering that the island's electric generator only operates from 4:00PM to 9:00PM.

Nearby operators of fish cages at the marine culture park also charge their re-chargeable lanterns at the facility. The lanterns are used to

protect the fish cages from being hit by pump boats at night and also as deterrent to intruders.

A similar project with CEST is the establishment of S & T Manufacturing Village for Natural Fibers in Tubigon, Bohol. A common service facility was established in cooperation with an exporter who acted as a social enterprise. The concept is that all the fiber preparations will be done at the center so that the household-based weavers could just focus on weaving, thus, increasing productivity.

- **Advocacy for Capacitating the PSTCs**

The Department of Science and Technology – Bohol Provincial Science and Technology Center spearheaded in the advocacy of capacitating the frontline offices of the agency when it hosted the first public hearing of the proposed law – the House Bill No. 1205 or an Act Upgrading the Capabilities of the Provincial Science and Technology Centers on May 4, 2017. It was attended by members of the House Committee on Science and Technology chaired by Cong. Erico Aristotle C. Aumentado, some members of the House Committee on Appropriations, DOST officials headed by Sec. Fortunato T. de la Peña, municipal mayors and other stakeholders. It is envisioned that with the enactment of this bill into law, the delivery of DOST services could have bigger reach to the community that it served. After the said public hearing, the proposed bill has gained support from various sectors.

- **S & T Scholarship Program**

In S & T Education, Bohol PSTC has vigorously campaigned and disseminated information materials for the scholarship program resulting in Bohol as one among the provinces having large number of scholars. This is the reason why DOST-Science Education Institute has provided Bohol PSTC a staff complement dedicated to render services related with the implementation of S & T Scholarship Program. Bohol PSTC also spearheads in providing the necessary support facility for the scholars such as computer laboratory solely for their use and facilitated in the putting up of funds by the scholars themselves which could be borrowed by them in times of emergencies. Furthermore, for ease in monitoring, the scholars were organized into cells where the cell leader periodically reports to the scholarship coordinator regarding the status of their cell members.

- **Strategic Partnerships**

Partnership with key institutions is a good strategy of multiplying ourselves to hasten the implementation of DOST programs and services. Linkages and networks were established and maintained for this purpose. For major programs of DOST, Bohol PSTC partnered various Local Government Units, Non-Government Organizations, Peoples Organizations and other National Line Agencies.

One among the partnerships and collaborations with other institutions, notable is the DOST-Bohol PSTC - Department of

Education-Bohol and Tagbilaran City Divisions with DOST-Science and Technology Information Institute (STII) in the massive deployment of the Philippine's First Digital S & T Library – the STARBOOKS. The whole province has now around 100 STARBOOKS installed in various high schools and elementary schools both public and private. This is also in line with the third pillar of Bohol Province's threefold vision: ICT with the "Digital Bohol" Project.

- **On Disaster Prevention and Mitigation**

Lastly, for Disaster Risk Reduction Management, DOST-Bohol hosted the PAGASA's two-day IEC for Central Visayas on November 24-25, 2017 with actual flood drill in the Municipality of Loboc on the second day that targeted around 250 participants. The said flood drill is to test the functionality of the first and only automated flood warning system for the flood prone areas of the said municipality. This is also on top of the massive installation of automated weather monitoring devices as basis for more reliable weather forecasting.

With the five-point priorities of the current DOST Secretary -- Expanding the research and development (R&D) pool, Enhance services, Human resources development, Make the public and DOST staff more prepared for disasters and Improve governance in the DOST, DOST-Bohol PSTC would continue to implement programs and projects in line with development agenda of Bohol's present administration that would bring science and technology closer to the people, hence the battle cry "Science for the People".

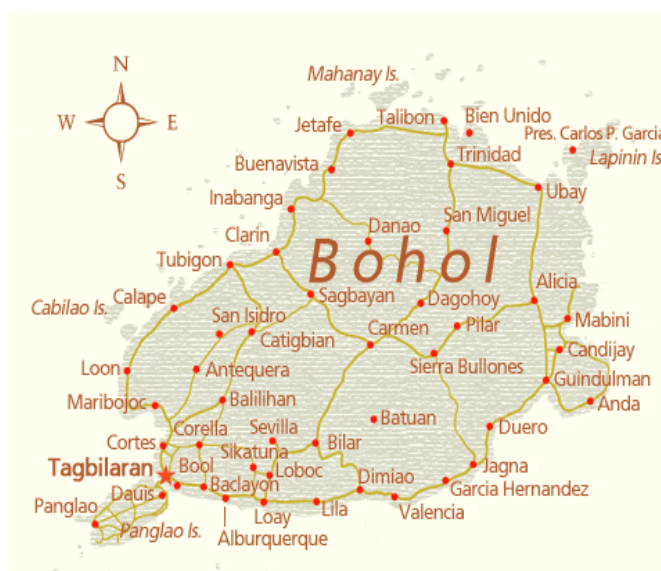

*The Disaster operation center is headed by the Mr. Pablo Sumampong, Vice Mayor of Loboc with the representative from different sections such as logistics, planning and peace and order among others. Rescue teams and deployed to the affected areas to initiate evacuations and rescue.*

# I. HIGHLIGHTS OF ACCOMPLISHMENTS FOR CY 2017

## 1. FIELD HEALTH SERVICE INFORMATION SYSTEM

Bohol is a 1<sup>st</sup> Provincial Income Class island province of the Philippines located in the Central Visayas region, consisting of the island itself and 75 minor surrounding islands. To the west of Bohol is Cebu, to the northeast is the island of Leyte and to the south, across the Bohol Sea, is Mindanao. With a land area of 4117.3 square kilometres, the tenth largest island of the Philippines, and lies in the middle of Visayas, surrounded by other islands on all sides with a population of **1,438,454 as of the year 2017**.

The province of Bohol is a first-class province divided into **3 congressional districts**, comprising **1 component city** and **47 municipalities**. It has **1,109 barangays**.

## SOCIO-DEMOGRAPHIC PROFILE

Province/ City	Income Classification	Local Chief Executive	Population
Bohol	1st	Hon. Edgardo M. Chatto	1, 438, 454
Tagbilaran City	3rd	Hon. John Geesnel L. Yap	118, 459

## HEALTH FACILITIES

Province/ City	No. of Hospitals		No. of RHUs	No. of BHS
	DOH-Retained	LGU-Owned		
Bohol	2	14	53	402

## ANNEX A

### Explanatory Notes:

The statistics shown below represent official DOH-PHO Bohol Statistics for selected health-related SDG indicators based on evidence available from a five-year time period (CY 2013-2017). They have been compiled primarily using DOH recording and reporting forms and databases produced and maintained by Department of Health.

## MATERNAL HEALTH CARE

### Indicator 2.20.1

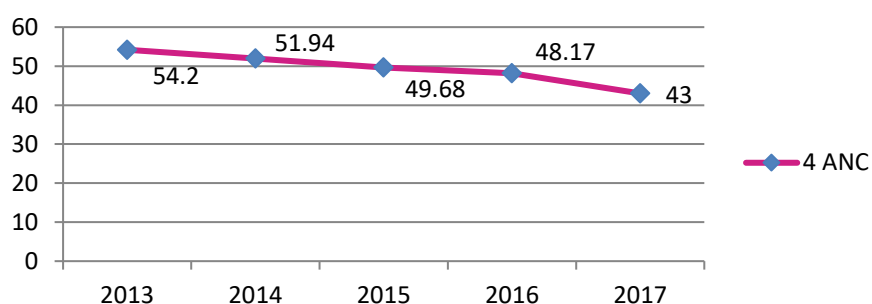

#### Pregnant women with 4 or more prenatal visits

Target: 90% (NOH 2016)

Eligible Population:  $TP \times 2.7\%$

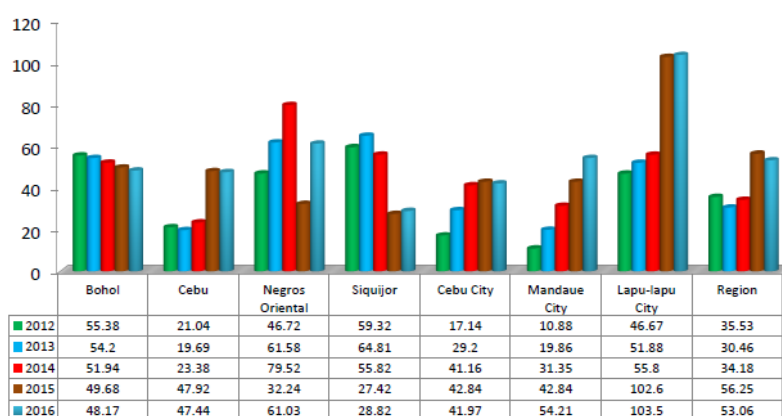

**Pregnant Women with  $\geq 4$  Prenatal Visits Bohol  
CY 2013-2017**

Source: Bohol FHSIS Data CY 2013-2017+

### Postpartum Women with 2 Postpartum Visits by Province/City, CY 2012-2016

Source: DOH ROVII FHSIS Data

## FAMILY PLANNING

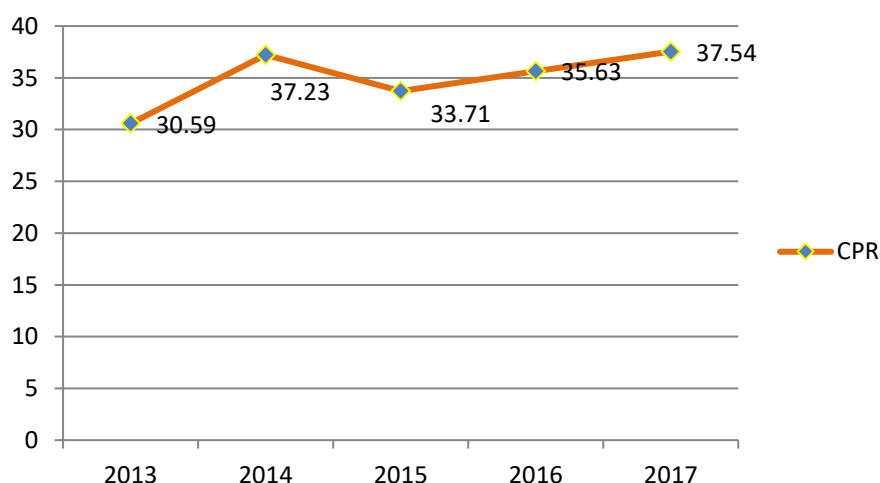

### Indicator 2.20.2

#### Contraceptive Prevalence Rate for Modern Family Planning Method use of women in reproductive age

Target: 65% (NOH 2016)

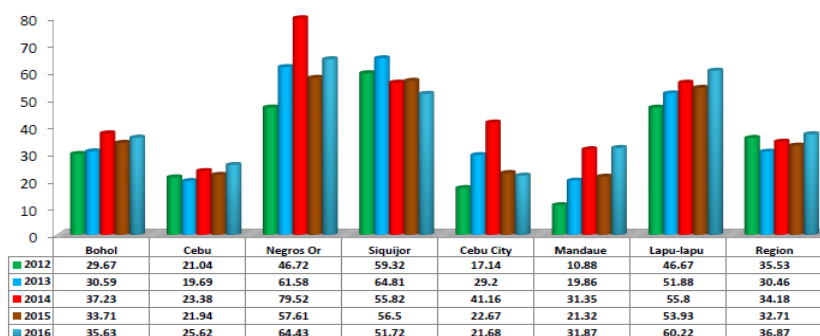

Number of women of reproductive age who are eligible to practice contraception (Total Population x 12.325%) 14.5% x 85% = 12.325%

#### Contraceptive Prevalence Rate Bohol, CY 2013-2017

## ACTIVITIES CY 2017

- iClinicSys Training to PHO FHSIS Coordinators and RHU Staff of Bohol
- Quarterly Data Validation on selected RHUs
  - 1<sup>st</sup> Quarter (April 2017)
  - RHU: Calape, Cortes, San Miguel, Loboc
  - 2<sup>nd</sup> Quarter ( July 2017)
  - RHU: Maribojoc, Sevilla, Balilihan, Antequera
  - 3<sup>rd</sup> Quarter ( October 2017)
  - RHU: Catigbian, San Isidro, Loay
  - CHO: Tagbilaran
- Annual Data Assessment and Reconciliation
- Discussion of Updates
- Distribution of iClinicSys Computer Set to 12 Selected RHUs
- iClinicSys Technical Assistance to RHUs

## REPORTING FACILITIES

### ICLINICSYS

Facilities that records patient and consultation in the online server  
Implementing sites in Bohol

## PLANS for 2018

- Conduct of Quarterly Validation of Data to 18 Municipalities and RHUs
- Conduct of iClinicSys Training to the Program Coordinators of the Provincial Health Offices
- Conduct of Year End Assessment and Validation of Datas.

## FIELD HEALTH SERVICE

PROGRAM ACTIVITIES	Accomplishment by Quarter				Annual	Total	Annual	%
	1st	2nd	3rd	4th	Total	Population	Target	Annual
I MATERNAL CARE					Accomp.			Accomp
a. Pregnant with 4 or more Prenatal visits	3,827	3,851	4,542	4,562	16,782	1,438,454	38,838	43%
b. Pregnant Women given TT2	1,218	1,622	1,845	1,672	6,357	1,438,454	38,838	16%
c. Pregnant Women given TT2 plus	2,952	4,094	4,480	3,800	15,326	1,438,454	38,838	39%
d. Pregnant given complete iron w/folic acid	3,870	3,783	4,515	4,516	16,684	1,438,454	38,838	43%
e. Postpartum (PP) with at least 2 PP visit	4,450	4,578	5,033	5,326	19,387	1,438,454	38,838	50%

PROGRAM ACTIVITIES	Accomplishment by Quarter				Annual	Total	Annual	%
	1st	2nd	3rd	4th	Total	Population	Target	Annual
f. PP Women given complete iron dosage	4,971	4,582	4,585	5,175	19,313	1,438,454	8,838	50%
g. PP Women given Vit. A	4,378	4,510	4,810	5,312	19,010	1,438,454	38,838	49%
h. PP Women initiated breastfeeding	3,049	4,008	4,112	5,001	16,170	1,438,454	38,838	42%
i. Women 10-49 yrs.old given Iron Supplement	29,554	29,004	27,988	21,047	107,593	1,438,454	353,860	30%
j. Teenage pregnancies with 4 or more pre-natal visits	326	304	438	333	1,401	1,438,454	16,782	8%
k. Teenage Pregnancies with 2 post partum visits	339	366	421	431	1,557	1,438,454	19,387	8%

## 2. ADOLESCENT YOUTH HEALTH AND DEVELOPMENT PROGRAM

Adolescent Youth Health and development program aims to improve the health and quality of life among adolescent aged 10-19 years old by giving them information/ education regarding the normal phenomena of growing up and its effect to oneself. It is also giving information to teenagers on the risky behaviors they practice and the possible results of it like teenage pregnancy and doing addiction.

We are training our health workers and Guidance counselor (DEPed) and even school nurses (DepEd) on counseling Adolescents in the prevention of teenage pregnancy some risky behaviors among them using the Healthy Young Ones flipchart. After the training, they will be conducting health education activities among High School Students.

### Capacity Building/ Orientation

- Orientation on the use of Healthy Young Ones Flip Tarp
  - March 1-3, 2017 - Development Management Officers (DMOs) and NDPs - 47
  - March 14-16, 2017 - Public Health Nurse 30
  - September 26-28, 2017 - Public Health Nurses 25
- Orientation on the use of Healthy Young Ones for midwives in the different RHU
- ADEPT Orientation for counselors (CEDEC)
  - December 28, 2017 - CEDEC
- Conduct orientation on Risky Behaviors among Adolescent to out of school youth.
- Monitoring and Evaluation
  - Monitor different RHUs in their implementation of AYHDP
  - Monitoring in the recording and reporting of cases of Teenage Pregnancy and the conduct of Information Dissemination and the prevention of teenage pregnancy
- Other Activities
  - Attendance in Coordinative Meeting with DOH and other stakeholders
  - Attendance in trainings conducted by DOH

### Plans for 2018

- Orientation on the use of Healthy Young Ones flip tarp among Rural Health Midwives.
- Orientation on the use of Healthy Young Ones flip tarp among School Nurses
- Orientation on Risky Behaviors among Adolescents.

### 3. DENTAL

INDICATORS	2 0 1 7		
	Target	Accomplishment	% Accomplishment
I. Orally Fit Children 12-71 months old	180,158	2,055	1.140
II. Children 12-71 months old provided with Basic Oral Health Care	180,158	7,012	3.892
III. Children 5.10-9.11 years old Provided with Basic Oral Health Care	No Target	2,005	100%
IV. Adolescent & Youth (10-24 years) given with Basic Oral Health Care	400,352	4,516	1.128
V. Pregnant women provided with Basic Oral Health Care	36,032	4,516	1.128
VI. Adult Patient ages 25-59 years old provided with Basic Oral Health Care	No Target	4,647	100%
VII. Older person 60 years old & above provided with Basic Oral Health Care	92,081	1,115	1.172

#### Other Accomplishments:

- Conducted Dental Missions - 39
- Number of Patient (dental Mission) - 3,499
- Oral Fit Child Campaign (DCC) - 424
  - Oral Examinations
  - Distribution of tooth paste
  - Distribution of Toothbrushes
  - Tooth Brushing Drill
  - Application of Fluoride varnish
  - Application of Pits and Fissure Sealant
- Conducted Dental Health Education (DCC) - 582
- Pits and Fissure Sealant (Patient) - 91
- Fluoride Varnish Application (Patient) - 5,176

#### 4. BARANGAY HEALTH WORKERS

- Primary Health Care Training for Barangay Health Workers

- BHW Training at Municipalities Level

- Continuing Education Program for Barangay Health Workers

- Awarding of Performance Based Incentives for Barangay Health Workers

- BHW Summit at Tacloban City

- Barangay Health Workers Quarterly Meeting

## 5. DENGUE

### ANALYSIS:

A total of **1028 cases, 8 deaths CFR (0.8%)**, were re-reported from different disease reporting units (DRUs) for the period December 31, 2017. This is **64.28% lower** compared to the same period of last year with 2878 cases, 20 death, CFR (0.7%) (Fig.1). Ages of cases ranged from 1 month–88 years old (*mean= 15 years*). Male has higher cases than female (Male– 56.1%). Most of those affected were 1– 5 years age group (24.1%) (Fig.2). Majority of the cases were from Tagbilaran City (21.3%) followed by Carmen (7.9%), Talibon (7.9%), Daus (6.2%), and Panglao (4.5%).(Table 1).

Table 1. Top 10 Mun./City with Dengue Cases and Deaths

## 7. FAMILY PLANNING PROGRAM

Is a health intervention to improve the health of the mother and newborn thus preventing maternal and infant death. Implementation of Family Planning Program by the service provider is based on:

- RESPONSIBLE PARENTHOOD
  - Helping couples achieve their desired number of children that they can afford to provide their basic needs.
- PROPER SPACING
  - at least 3 to 5 years in between pregnancy to give the mother more time to recover her health and more quality time for their children.
- RESPECT FOR LIFE
  - We help prevent abortion done to untimely and unwanted pregnancies.
- INFORMED CHOICE & VOLUNTARISM
  - The couple will freely choose the Family Planning Method they will use and accept after given correct and complete information by a trained health service provider.

### Capacity Building/ Orientation

- Family Planning Competency Based Training Level 1 for Rural Health Midwives
  - February 7-10, 2017 - 30 Rural Health Midwives (DOH)
  - June 6 – 9, 2017 - 28 Rural Health Midwives (DOH)

- September 26-29,2017 - 28 Rural Health Midwives (DOH)

- Family Planning Competency Based Training Level 2 Interval IUD for Rural Health Midwives
  - April 6-8, 2017 - 20 RHUs ( Visayas Health)
- Family Planning Competency Based Training Level 2 (Post Partum IUD) for Hospital/ Rural Health Unit Personnel
  - September 27-29, 2017 - 16 Rural Health Midwives (Visayas Health)
  - October 11-13, 2017 - 12 Hospital Nurses and Midwives (Visayas Health)
- Orientation on the identification of Family Planning Unmet need among women of reproductive age
  - May 24-25,2017 - Public Health Nurses - 50
  - June 15-16, 2017 - Barangay Health Workers - 71
  - August 1-2, 2017 - City Health Office Personnel – 35
  - August 3-4, 2017 - Nurses Deployment Project (NDPs) – 50

- Monitoring and Evaluation
  - Conduct LGU Scorecard Validation/FHSIS Validation on Family Planning Program in the different RHUs
    - March 8-9, 2017 - Bien Unido
    - March 10-11, 2017 - Trinidad
    - March 21-22,2017 - Antequera
    - March 28-29,2017 - Lila
    - April 4-5, 2017 - Sevilla
    - April 10, 2017 - Inabanga
    - June 1,2017 - San Miguel
    - June 2, 2017 - Loboc
    - July 21,2017 - Balilihan
  - Conduct Post Training Evaluation to Rural Health Midwives Trained on FP CBT Level 1 and 2 in the different Rural Health Units and Hospitals
  - Attended Program Implementation Review (PIR) on Family Planning in the different Rural Health Units and Hospitals
  - Monitor RHUs and Hospital in the Implementation of Family Planning
- Attendance in Family Planning Activities conducted at the Rural Health Unit

- Family Planning Days
- Family Health Days
- Meetings of Satisfied Users on Family Planning
- Other Activities
  - Attendance to training on Family Planning conducted by Department of Health (DOH) and Development Partners like Visayas Health and IMAP Inc. Bohol
  - Attendance to meetings and Program Implementation Review conducted by Regional Health Office.

#### PLANS for 2018

- Conduct of Family Planning Competency Based Training Level II

### 8. HEALTH EDUCATION AND ADVOCACY PROGRAM

Health Education advocacy is a key in health promotion for overcoming major health barriers in giving the quality of living to the people. Its role is significant to shaping the minds of the people in the community as to building and maintaining health programs and create participatory action from all involved groups of individuals and community in the society.

Similarly, the Provincial Health Office conducted and facilitated Programmatic Health Education Session to the following Areas in the Province of Bohol participated with the Barangay Officials, (BHW, BNS, Tanod, Religious Representative and some individuals in the community). The group organizers received positive feedbacks from the participants while they generated new ideas and plan of actions as to addressing core health issues that lead to sickness; they also became vigilant on taking care of their selves as to combat diseases and also develop their awareness on the various health services offered by the health providers.

- Camalian, Ubay Bohol
- Jandig Maribojoc, Bohol
- Candavid Maribojoc, Bohol
- Banlasan, Calape, Bohol
- Basdio, Loon Bohol (Health Summit Activity)
- BISU Balilihan, Bohol
- Coca-Cola Bottling Company, Tagbilaran City

#### PLANS for 2018

1. Conduct of Health Education Sessions of all Health Programs to different public secondary schools
2. Conduct of Information Dissemination thru Health Education of different health programs to the barangay level in the LGU

### 9. NATIONAL LEPROSY CONTROL PROGRAM

1. Case Detection Rate = 2.8  
Case Detected = 40 cases

2. Prevalence Rate/ = 0.26

Total Cases = 37 cases

Cases per Municipality

#### ACTIVITIES:

1. Conducted Basic Leprosy Diagnosis and Management for Midwives and Barangay Health Workers at Talibon on November 9, Ubay on November 10, and Tagbilaran City on November 28 with a total of 265 participants.

2. Case Finding done in with the Regional Leprosy Medical Coordinator

- Talibon – 3 new Leprosy cases found
- Poblacion 2 and 3, Tagbilaran City – 2 new cases Found
- Ubay, Bohol – 4 cases found

3. Program Implementation Review and Updates done to all Public Health Nurses on November 8, 2017

## 10. MENTAL HEALTH

Mental health Program was first introduced in the Province of Bohol after the 7.2 earthquake last October 2013 by the WHO and DOH. There was debriefing given to the Boholanos who was greatly affected by the earthquake. Orientation was also provided to all Health workers and Mental Health Gap (mhGAP) Trainings was conducted to some of the PHO staff and MHOs. After such trainings free psychotic medications were also given by the WHO. After a year from the calamity the WHO fully indorsed the program to the DOH. With the help of DOH-Manila through Medical Assistance Program, the psychiatric medicines was continuously given for free that prioritized indigent patients that was identified and profiled by the MHOs and medicines was allocated per municipalities based on the number of clients they had and reports and request was submitted to MAP per month for allocation. However, delayed and scarcity of medicines is still present since the number of patients was increasing and the medicines given was very limited. Despite the lack of medicines the Provincial Health Office together with the MHO's was grateful of the medicines given since a lot of patient with mental illness was feeling better and are already productive with the help of the medication and follow-up check-up given by the MHO's. Then again this year 2017 psychiatric medicines were running out of stock since DOH-Manila thru MAP had no budget allocation for Mental Health and the Province allocated a very little budget on Mental Health Program. The PHO had also a problem of the procurement of the psychiatric medicines because of the absence of S2 among the doctors and there were no supplier who can provide such medicines because of the S3 requirement.

Table I. Number of Client with Mental Illness and provided with Psychiatric medicines

Name of Municipality	Number of Client
1. Albur	22
2. Alicia	32
3. Antequera	23
4. Anda	47
5. Baclayon	19
6. Balilihan	8
7. Batuan	42
8. Bilar	8
9. Bien Unido	94
10. Buenavista	64
11. Candijay Hospital	32
12. Calape	24

33. Pilar	65
34. Sagbayan	34
35. San Isidro	21
36. Sierra Bullones	166
37. Sikatuna	28
38. Tagbilaran	28
39. Trinidad	18
40. Tubigon	42
41. Talibon	33
42. Ubay I	10
43. Ubay II	29
44. Valencia	44
45. GCGMH	1
TOTAL	2,184

The data shows that almost all municipalities had a number of clients with mental problems and this client needs medications as their maintenance and monthly check-up with their Municipal Health Officer or with their Psychiatric Doctors.

#### Local Priority Problem in Health

1. Lack of budget
  - a. DOH
  - b. Province
  - c. LGUs
2. Limited psychiatric medicines allocated for Bohol
3. Suppliers of the medicine do not have S3
4. High Level of Stigma and Discrimination
  - a. Limited awareness towards Mental Health in the community
  - b. Lack of capability to handle mental health patients most especially the “drug surrenderees with psychological problems”
  - c. “absence” of enabling laws and policies regarding Mental health at the Municipal or City level
5. Lack of facilities (Mental Health Ward)

#### Major Thrust of the AOP and Summary of Interventions

- Goal:
1. To provide service of care to Mentally Ill clients
  2. To increase community awareness on Mental Health
    - Conduct orientation on Mental Health Programs to the Local Chief Executives and lobby the plan of activities for budget allocation for the trainings, procurement of psychiatric medicines and the logistic needed.
    - Provide master list of Psychiatric Patient to DOH, Province and LGU’s and lobby budget for the procurement of psychiatric medicines.
    - Attend trainings that is related to the program
    - Conduct MHGAP training to MHO’s, PHN’s and Social Workers
    - Conduct Orientation on Mental Health to the significant other caring for their mentally ill patients.
    - Craft or adopt policies from the DOH regarding Mental Health that is applicable in the Province down to the municipalities.

#### Monitoring and Evaluation

The DOH Nurse Coordinator for Mental Health with the team and PHO Nurse Coordinator conducts yearly monitoring to municipality who were trained on MHgap. Monthly reports were submitted to DOH with the list of clients and medication given.

## Distribution of Medications

## 11. MATERNAL NEWBORN CHILD HEALTH AND NUTRITION (MNCHN)

### A. Capacity Building

- Conducted G6PD Lay Forum and Confirmatory Testing in coordination with Newborn Screening Center – Iloilo and Follow-up Clinic at Vicente Sotto Memorial Hospital with 21 indigent children availed the free confirmatory testing

- Orientation on Benefits of Immunization for Public Health Nurses and Rural Health Midwives in coordination with private partners

- Launching on HPV Vaccination at Central Elementary School, Bilar Bohol with 130 grade students

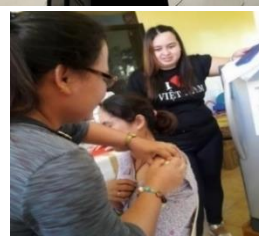

- Pneumo Caravan and Medical/ Dental Mission for Elderlies at Carmen, Bohol with 2,000 recipients

- Orientation of newly hired Barangay Health Workers on MNCHN Strategy

- Training on Expanded Program on Immunization with Midwifery Students

- Data Validation for Public Health Nurses and Rural Health Midwives

#### A. Monitoring and Supervision

1. Data Quality Check/ Data Validation for MNCHN Program in different BHS and RHUs
2. Post Training Evaluation to newly trained health personnel in RHUs and Hospital
3. Monitoring on the implementation of MNCHN Family Planning Program in RHUs and Hospital

- Orientation on HPV School-Based Immunization Program

- Newborn Screening Citation Award

- Buntis Congress/ Family Health Fair

- Safe Motherhood/Buntis Session
- Cold chain and Logistic Management Training for RHU staff
- Coordinative Meeting of Public Health Nurses and other partners on MNCHN Program
- Orientation and Facilitate the guests from Bato, Leyte RHU staff on implementation of MNCHN Program in Bohol.
- Courtesy call to the Local Chief

## 12. A. DATA QUALITY AUDIT/VALIDATION OF NTP RECORDS AND REPORTS AND UPDATES

- Done Quarterly: January 9-10, 2017; January 17-18, 2017; January 19-20, 2017  
April 4-5, 2017; April 6-7, 2018  
July 11-12, 2017; July 13-14, 2017  
October 10-11, 2018; October 12-13, 2018
- 2 days/Batch
- Reporting Units: 51 RHU, 6 Providing Hosp., 2 PMDT STC & 29 Referring Hosp
- No. of Pax= 184 pax/quarter

- 2017 1st Quarter 1st Batch & 2nd Batch

- 2017 2nd Quarter 1<sup>st</sup> Batch & 2nd Batch

- 2017 3rd Quarter 1<sup>st</sup> Batch & 2nd Batch

### PHILCAT PIR and Sustainability Planning (January 25-27, 2017)

Attendees: Nurse Coordinator of 14 Government and 17 Private Engaged Hospitals

### Organization/Re-activation of TB Task Force World Vision Ubay (February 2-3, 2017)

- 75 members
- Orientation on NTP-MOP
- Training on TBTF as Treatment Partner

10 TBDOTS Facilities provided Technical assistance in complying DOH-PhilCAT DOTS Standards( Pre-Assessment) (February 8-10, 2017)

## 10 TBDOTS Facilities Renewed DOH-PhilCAT Certification (February 15-17, 2017 ; June 29, 2017)

## Nano Biotechnology Orientation facilitated by RITM (February 20, 2017)

- Piloted 10 RHU/LGU

## MONITORING

- Joint monitoring with to PMDT & G-X Sites
- Joint monitoring with PhilCAT to Engaged Hospitals
- TBDOTS (RHU) Facilities

## BHW Orientation on NTP & As TREATMENT PARTNER

- Mabini
- Duero
- S-Bullones
- Buenavista
- Sevilla
- Loay
- Loboc

TBIC (TB Infection Control)/TBDAA Training (TB Disease Activity Assessment)

4 batches : May 23-26, 2017

June 6-9, 2017

August 15-18, 2017

September 26-29, 2017

180 Attendees (Doctor, Nurse & Medtech)

Output: Individual TBDOTS TB IC Plan

Identified and Certified TST Standard Reade

1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup> & 4<sup>th</sup> Batch

### PDI(Pharmaceutical DOTS Initiative) Orientation

- June 28, 2017
- Attended by 50 Pharmacist, Pharmacy Attendant & Pharmacy Owner
- Highlighted: Signing of Commitment

### Training on TB Certification

- September 5-8, 2017
- Attended by 27 DMO

### SSTR/ iDOTS Training

- 3 batches: September 19-22, 2017
- October 3-6, 2017
- November 24-27, 2
- Attended by all Medical and Nurse Coor of TBDOTBS facilities & BJMP TB Nurses

1<sup>st</sup>, 2<sup>nd</sup> & 3<sup>rd</sup> Batch

### NTP-MOP Training for NDP Point Person

- November 8-10, 2017
- Attended by 51 NDPs

## TB in the Workplace Training

November 20-21, 2017

Attended by Representatives/Nurses of Big companies, Pres of groups/association  
With DOLE Staff as one of the SPEAKERS

## B. National Tuberculosis Program Laboratory

### A. Case Finding Activities

Laboratory Activities	Direct Sputum Smear Microscopy	Rapid Diagnostic Testing
1.) Number Examined	16,0167	2,488
2. with Positive Examination Result	1,295	355
3.) Positivity Rate	8%	14%
4.) No of cases with Rifampicin Resistance	-	26
5.) No. of Cases with Rifampicin Resistance Not detected	-	329

### B. External Quality Assurance System

TB Microscopy Laboratory	Public	Private	Total
No. of TB Microscopy Laboratories (TMLs)	57	4	61
TB Microscopy Laboratory participating in EQA	57	4	61
TB Microscopy Laboratory with Major Errors	3	0	3
Feedback done by the Quality Assurance Team to Discuss Corrective actions	3	0	3

## PLANS for the Year 2018

1. Conduct Direct Sputum Smear Microscopy on Remote Area with high incidence of Presumptive Tuberculosis New Cases ages 16 to 59. (Quarterly)
2. Genexpert Testing on Vulnerable Groups: (Lung Month Celebration)
  - Persons Deprived of Liberty
  - Smokers (Male)
3. Data Audit (with TB Registry)

## 13. CENTER FOR DRUG EDUCATION AND COUNSELLING

The Center for Drug Education and Counselling ensures that every person remains healthy and is free from substance abuse problems. It operates as the primary educational, psychosocial, and health care provider for Persons with Substance Use Disorder (PSUD). The Center services utilize a short-term, time limited approach which include:

- **Assessment**
- **Counselling**
- **Psychotherapy** (Individual, Group, Families)
- **Psychiatry** for those with co-morbidity problems

**Outreach services** shall be conducted in jails through psycho-education and counselling services and it promotes recovery through **peer support, socialization, education, and training.**

Its vision is to have a friendly holistic learning and counselling center for the **recovery and healing** of persons with substance use disorder living in a drug-free Boholano community.

And envision commits to **recover the self-esteem, identity, self-worth, dreams, pride, dignity, and meaningful life** of the PSUD (Persons with Substance Use Disorder) including their families through comprehensive and integrated educational and psychosocial interventions

Its goal is to strengthen the human capacity of individuals with substance abuse problems including their families towards a meaningful life through comprehensive and integrated education and psychosocial interventions

The centre has trained Psychologist and Social Workers shall conduct therapy, counselling, family retreat, boot camp, and among other psychosocial activities to the PSUD and their families. It aims to assist the PSUD and the family to help cope on their problems, facilitate or promote their interpersonal relationship and adjustment to the demands of the treatment program with the end view of helping his/her physical, social, moral and spiritual development.

Also offered medical consultation for it has a DOH accredited Physician conducts physical assessment and health interventions according to the PSUD's severity level whether high, moderate, or low risk.

The Center for Drug Education and Counseling has been helping conducting the **Community Based – Treatment Orientation, ASSIST – BI, Client Intake and Counseling** within the Municipalities of Bohol.

# **Conducted Training on Matrix Intensive Outpatient Treatment Program for Persons Who Use Drugs.**

Conduct of Alcohol, Smoking, Substance-Involvement Screening Tool-Brief Intervention (ASSIST-BI)

Drug addiction and drug-related crime are two problems the Philippines have been facing for a long time. The government under the Duterte administration continues to wage an ongoing struggle against drug abuse and drug trafficking. Reported usage of “shabu”, the street name of methamphetamine, continues to grow as the nation’s most widely trafficked narcotic, and shabu addiction remains the most significant drug problem in the Philippines among others.

INABANGA - 286  
SEVILLA - 315  
CEDEC (WALK-IN) -11

Therefore, there is a need to fully recover these men, women and child surrenderers who are victims involved in the trade and use of illegal drugs through comprehensive intervention. In correspondence to the National Government’s call pertaining to the dilemma on drug addiction, several appropriate programs and interventions have been designed to provision these People with Substance Use Disorder (PSUD)

One of the comprehensive interventions for these surrenderers would be the World Health Organization (WHO) Matrix Intensive Outpatient (MIOP) Treatment for People with Stimulant Use Disorders (PSUD) Approach and Package. It is a model that is structured evidence-based treatment for clients who abuse or are dependent on stimulant drugs especially methamphetamine among others. This comprehensive package provides substance abuse treatment professionals with an intensive outpatient treatment model for these clients and their families.

Hence, appropriate training for professionals who will be conducting the program is critical for the successful delivering of the program to recover these Persons with Substance Use Disorder together with the families from the Municipality/City level down to the Barangay level.

## **TRAINING: “Matrix Intensive Outpatient Treatment Program”**

Number of Municipalities conducted: 30 Local Government Units (LGUs)

	Name of Municipality	Date of Training	On Going CBRP-WOW	Number of Enrolled Clients	Completed	Remarks

## ORIENTATION on Community-Based Rehabilitation Program WithOut Walls (CBRP-WOW)

The orientation provided basic and significant information on the Community Based-Rehabilitation Program- Without Walls of the Bohol Province

The Provincial Government of Bohol in coordination with the Health Cluster, Center for Drug Education and Counselling, Governor's Office, Office of the Provincial Social Welfare and Development and other government agencies have established strong and intensified campaign against illegal drugs and terrorism throughout the province.

More recently programs and activities in connection to the latter have been vigorously done in 48 Local Government Units with the assistance of all LGUs' focal personnel. Apart from this, it was significantly realized the need to impart all Barangay Health Workers and Barangay Nutrition Scholars to participate in mobilizing the grassroots level to fully implement the program.

Hence, appropriate orientation to Barangay Health Workers and Barangay Nutrition Scholars is critically needed for the successful delivering of the services to Persons Who Used Drug and their families, along with strengthening the internal security particularly in the peace and order situation in the Province of Bohol. The activity imparted knowledge on Bohol Anti-Illegal Drug Campaign and encouragement commitment of BHWs and BNS on its implementation down to the Barangay level

### DRUG EDUCATION

Addiction and drug-related crime are two of the most intractable social problems the Philippines have been facing for many years. The National Government under the Duterte administration recently intensified the government's fight against illegal drugs and criminality.

Due to the amplified number of criminal activities which are directly and indirectly influenced by the said illegal substance abuse, the Operation Tokhang or "Toktok, Hangyo" of the Philippine National Police was conducted, wherein more than 30,000 suspected drug personalities in the community surrendered and pledged to stop pushing and using illegal drugs.

As a response to the National Government's call, the Provincial Government of Bohol realizes that there is a need to fully recover the surrenderers involved in the trade and use of illegal drugs through comprehensive interventions which are rehabilitative in nature. Furthermore, equal importance is also accorded to the preventive measures and the role of the community in solving the drug problem.

Hence, as a preventive form of intervention, educational activities particularly a drug education symposium shall be conducted to public school students with the aim of increasing drug awareness among vulnerable sectors in the community. The symposium for high school students aims to: To intensify drug awareness among

Loon and Balilihan – all barangay captains

Barangay Health Workers (BHWs) and Barangay Nutrition Scholars (BNSs) – 7,404 participants

City Central Elementary School

Parole and Probation – all Parolees

San Roque National High School – Albur, Bohol

high school students in the Province of Bohol. To orient students on how to address core issues that may lead to substance abuse by providing lectures and other forms of educational inputs.

Other Schools:

- Holy Name University Nursing Department
- Tagbilaran City Science High School
- STI – Panglao
- Bohol Island State University – Tagbilaran Campus
- Manga National High School

## HEALTH SERVICES

### HOME VISITATION

- Conducted the BNS Quarterly meeting January, April, July, December 2017

- Conducted the MNPC Quarterly Meeting March, June, September, December 2017.

- Conducted the Barangay Nutrition Scholar SUMMIT 2017

- The MNPC e – OPT orientation last November 16, 2017.

- The MNPC 3 yr. planning workshop last November 14 -15,2017

- The Training of trainer's on 3 yr. Nutrition Planning last Nov. 9 – 10,2017

- The Nutrition month celebration last July 2017.
- Nutritionist Monthly meeting
- Provincial Nutrition Committee quarterly meeting

- Nutrition Evaluators Briefing April 18, 2017
- Provincial Evaluation April to June 2017

- Training on Community Management of Acute Malnutrition

- During CMAM Practicum

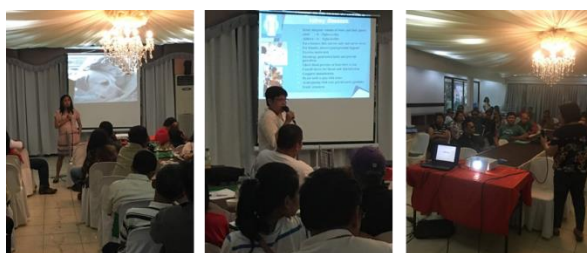

- Provincial Nutrition Awarding Dec. 15, 2017

## 15. PERSONS WITH DISABILITY PROGRAM

- Medical and Dental Mission during the National Disability Prevention and Rehabilitation Week on July 17, 2017.

- Orientation on Healthy Lifestyle for Persons with Disability with 135 Persons with Disabilities on August 3 and 4, 2017 at Reynas Haven and Gardens.

## 16. SURVEILLANCE UNIT or PESU

### JANUARY

- Consolidated annual reports

### FEBRUARY

- Diarrheal case in Totolan, Dauis, Bohol specifically in Badjao area, specimen collection were done and was sent to Research Institute for Tropical Medicines or RITM for case confirmation. Results were positive of Cholera. Activities like IEC, distribution of jerry cans, ORS and aqua tabs were conducted. Immediate provision of purified drinking water was initially provided by LGU.

- Diarrheal case investigation in Catigbian, Getafe and Talibon hospitals. Cases were distributed in different barangays with in the towns of Catigbian, Balilihan, Getafe, Talibon. Trinidad and Bien-Unido. Cases were mild and not to consider as epidemics.

### March

- Additional new diarrheal cases in Getafe, Case monitoring were conducted.

## PROVINCIAL EPIDEMIOLOGY AND

- Hand Foot and Mouth Disease suspected cases in Antequera and Calape were investigated

#### April

- Program Implementation Review and hospital monitoring conducted
- Participated in LGU scorecard validation
- Facilitated during Asean Summit

#### May

- Rabies probable case investigation in Camalian Ubay, Bohol. Victim was admitted to Don Emilio Del Valle Hospital but was expired after few hours.
- PIDSR data reporting and reconciliation in province own hospitals and other RHUs

#### June

- Diarrheal case investigation in Gaus, Pres. Carlos P Garcia, Bohol, specimen collection were done and sent to RITM. Results were positive for cholera. IEC on proper hygiene, hand washing were conducted. Distribution of IEC materials, Jerry cans, emergency medicines and consultation with CPG municipal health officers conducted.
- Meningococccemia case investigation in Loay conducted, suspected individual was admitted and die in Ramiro Community Hospital.
- BHWs diarrheal case due to food infection during BHWs summit facilitated by private company.

#### July

- Meningococccemia case investigation in Community Hospital.
- Malaria case investigation in Coop Hospital. Patient was native in Bohol but was working in Palawan for more than 40 years. He was positive for malaria 20 years ago.
- Diarrheal cases in Tintinan, Ubay, Bohol. Distribution of medicines, jerry cans, ORS and aqua tabs were done.
- Diarrheal case investigation in Buenavista, Bohol. Specimen collected and sent to RITM, results were positive for cholera.
- Foods poisoning in Albuquerque Central Elementatry School grade 3 and 4 pupils. Cases were controlled.

#### August

- Attended Bird Flue Task Force meeting in preparation for possible bird flue outbreak in the province.
- Meningococccemia case investigation in Panglao and Albuquerque

#### September

- PIDSR data collection and distribution of expiry medicines in Catigbian Hospital.

- Rabies suspected case investigation in Calape, admitted in Calape Mother and Child Clinic was referred to Gov. Celestino Gallares Regional Hospital but was treated as CVD patient.

#### October

- Rabies case followed-up in Calape, IEC distribution and meeting with stakeholders conducted.
- Meningococccemia case investigation in Bay-ang, Ubay, Bohol. Victim was admitted in Don Emillio Del Valle Hospital and was expired afterwards.
- Meningococccemia suspected case in Lila, victim was admitted to Ramiro Hospital and later on expired.
- Adverse Event Following Immunization or AEFI in Loon.

#### November

- Dengue death case investigation in Doljo, Panglao. Ocular visit, health class, distribution of IEC materials was done.

#### December

- Conducted PIDSR training and IMRAD orientation to sanitary inspectors
- Conducted program implementation review to surveillance officers
- Participated in the implementation of other health programs
- Facilitated in Dengue health class held in different municipalities and barangays
- Attended meetings like PPM, VAW-C, GAD and other technical meetings
- Conducted HIV counseling's
- Attended training outside the province for the updates and orientation of new protocols.

### 17. RABIES PREVENTION AND CONTROL PROGRAM

- Animal Bite Cases (January-September, 2017) = 9,134
  - January-September, 2016= 7,383
- 1 Probable Rabies case
  - Camalian, Ubay, Bohol
- Assisted for the compliance of requirements for the Search of Rabies-free Island/Municipality
  - President Carlos P. Garcia, Bohol
- Established additional Animal Bite Treatment Center, Launched, Operational
  - Tagbilaran City Health Office
  - Tubigon RHU
- Technical assistance on the Certification/Re-certification of ABTC and its accreditation to PHIC
  - Initial Certification:
    - Bilar RHU ABTC
    - Tubigon RHU ABTC
  - Certification Renewal:
    - Candijay Community Hospital ABTC
    - FDMH ABTC
- Hosted the Regional Commemoration of World Rabies Day
- Rabies Caravan

- MRPEC- Pres. Garcia, Bohol
- (BHW) – Mabini, Bohol
- School- children Rabies Campaign
  - Tubigon Central Elem. School
  - La Paz Elem. Sch., Carmen, Bohol
  - Balicasag Elem. Sch., Panglao, Bohol
  - Sandingan Elem. Sch., Loon, Bohol
  - Tagbilaran City Central Elem Sch.
- Quarterly Data Quality Audit of ABTC/ABC
- Quick Response and Investigation of reported Human Rabies Cases
  - Camalian, Ubay, Bohol
- Training on the Guidelines of Animal Bite Management for MHOs
- Surveillance of the Rabies disease, and
- Monitoring of ABTCs/ABCs
- Allocated / maintained cold chain management of Anti-rabies vaccines and Immunoglobulin

- SCHOOL CHILDREN RABIES CAMPAIGN - Lapaz Carmen, Bohol - December 13, 2017

- ANIMAL BITE TREATMENT CENTER LAUNCHING - Tubigon, Bohol - November 29, 2017

## 18. NATIONAL PREVENTION OF BLINDNESS PROGRAM

### A. Capacity building - Training on the Prevention of Blindness Program for service providers

1. Training on the prevention of Blindness Program for service provider

Target: 1 batch training (45 Participants coming from DepEd and Stimulation and Therapeutic Activity Center – Bohol personnel's)  
August 08 – 09, 2017

- Training on the Prevention of Blindness Program for service providers

## Capacity Building

- Orientation on Primary Eye Care for Barangay Health Workers (BHW) and Senior Citizens Conducted on the following dates and Municipalities.

- July 14, 2017 – Catigbian
- July 30, 2017 - Sagbayan
- September 12, 2017 - Dagohoy
- November 17, 2017 – Batuan
- December 20, 2017 – San Isidro

- Orientation on Primary Eye Care for Barangay Health Workers (BHW) and Senior Citizens

- Orientation of Barangay Health Workers (BHW) on Primary Eye Care

- Identification and Recording of 82 patients with errors of refraction Cases with Eye Defects through Visual Screening conducted on the following dates and places

- July 14, 2017 – Catigbian
- September 21, 2017 - Dagohoy
- November 17, 2017 – Batuan

- Identification and Recording of Cases with Eye Defects through Visual Screening

- Identification and Recording of Cases with Eye Defects through Visual Screening

### Sight Saving Month Celebration (August 2017)

#### Celebrated in two schools:

- August 30, 2017 – Ulbujan Elementary School, Calape, Bohol
  - August 31, 2017 – Jetafe Elementary School
- 300 school Children Participating

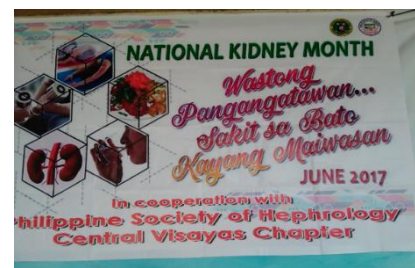

### PLANS for 2018

1. Orientation on Primary Eye Care among Diabetes, Hypertensives/ Senior Citizens
2. Training for Service Providers on the Prevention of Blindness Program
3. Outreach Program on cases with eye defects through visual screenings in barangays
4. Celebration of Sight Saving Month

## 19. RENAL DISEASE CONTROL PROGRAM

Kidney Disease, especially End Stage Renal Disease (ESRD) on Kidney Failure is one of the leading causes of death in the Philippines and is an alarming disorder among our populace today. Millions of people worldwide received dialysis and have had kidney transplant because of this. The incidence of ESRD is escalating in numbers affecting the children and adults.

In the Province of Bohol ESRD ranked as the 9<sup>th</sup> leading cause of mortality for the past 4 years and UTI ranked as the 8<sup>th</sup> leading cause of morbidity. The Provincial Health Office continues its effort to prevent and reduce if not totally control the increasing number of cases of renal failure through early detection, prevention and proper management.

Training on Renal Disease Control Program of Midwives  
With Governor Edgar Chatto

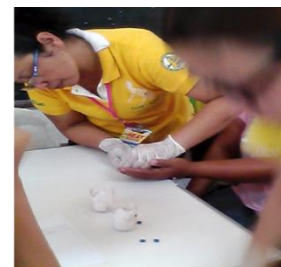

Orientation of the Barangay Health Workers on RedCoP

Kidney Month Celebration (June 2017)  
*Laboratory Screening*

*Resource Persons during the Celebration of RedCoP*

*Dr. Juliet A. Chua Chong-Noel M.D*

*Dr. Marc Evan P. Dominguez M.D.*

*Dr. Minnie H. Monteclaro, M.D.*

*Ms. Venus Kresner, RND*

Information Dissemination during the Celebration on RedCoP,  
participated by GCGMH and other Private Hospitals in Tagbilaran City

Conduct Lay Forum to 3 Municipalities and 2 schools. (Antequera, San Isidro, Sagbayan, Mansasa High School  
and Cogon High School)

Laboratory Screening

Lay Forum on RedCoP

PHO RedCoP Support group with  
Dr. Sales, Dr. Bacareza, Dr. Epi and Dr. Ybañez

Information Dissemination to Cogon High School

### Plaque of Appreciation

*ReDCoP, awarded during the Regional Health Summit and Awarding on November 22, 2017 at Grand Convention Center-Cebu*

### PLANS FOR 2018:

1. Sustain Advocacy, Documentation of Activities.
2. Training of Midwives
3. Orientation to BHWs on Renal Disease Prevention and Control Program.
4. Observance/Celebration of Kidney Month highlighting awareness and knowledge on kidney diseases.
5. Conduct Lay Forum to municipalities/schools.
6. Monitoring and evaluation activities especially on Hig

## LADERRIZED TRAINING-PEER EDUCATORS OF LILA BOHOL

The Peer Ed program will follow the ladderized approach in capacitating the selected participants to become Peer Educators and eventually Youth Advocates to ensure quality and continuity of learning and skills development.

Peer to peer is the buzzword for any intervention aiming for behavior change. It is a strategy proven to be effective especially among young people because its principle is to provide non- judgmental, non-discriminatory and efficient services to clients coming from the same age group, sharing common interests and experiences hence, creating a bond that cultivates trust and confidence between peers. The **peer educators (PEs)** are those who are trained on Peer counselling able to handle and deliver services to those who need them in the community or in the school setting.

In Lila, Bohol there are only 10 Peer Educators graduated as Peer counsellors last October 21-22, 2017 held at the RHU, Lila ,Bohol.

Key Informant Interviews for the Research on Peace and Order Population Development and Poverty Reduction by POPCOM Central Office who interviewed the Hon. Maria Pureza V. Chatto ,Municipal Mayor of Balilihan , Bohol, Population Officer Des. Ricardo Lacea and a focus group discussion with the Barangay Officials ,some members BAWOD or Balilihan Association of Development , Tanods and KR's of Hanopol Norte,Balilihan ,Bohol, Batallion Commander Eufracio Joel G. Malig was also visited to his post in Tubigon Military and lastly the group visited the Hon. Edgar M. Chatto, Governor of the Province of Bohol.

## 3<sup>RD</sup> QUARTER REGIONAL POPULATION MANAGEMENT PROGRAM, CEBU CITY, SEPTEMBER 6-8,2017

PMC PRE-MARRIAGE COUNSELLING TOT - AT CRAB HOUSE, TAGBILARAN CITY, SEPTEMBER 27-29, 2017

## 21. SCHISTOSOMIASIS CONTROL AND ELIMINATION PROGRAM

A. Mass Drug Administration to school children in endemic barangay of Talibon and Trinidad

Municipality (Schools)	Target Population	Coverage		Missed Children	
		No. given PZQ	% Coverage	No.	%
Talibon	2004	1755	88%	249	12%
Trinidad	982	918	94%	65	6%

Snail Mapping and Surveillance in affected barangay of Trinidad and Talibon

- Regular clearing of vegetation to the snail sites in affected barangays of Talibon and Trinidad

- Community Mass Drug Administration at Barangay San Roque

## B. Plans for 2018

1. Multi-Stakeholders Meeting on Schistosomiasis Control and Elimination Program.
2. Administration of Mass Drug Treatment to school Children with Ages 5-12 years old.
3. Multi-Stakeholders meeting on Schistosomiasis Control and Elimination Program.
4. Field Monitoring visits as to clearing of vegetation to expose snail sites .
5. Snail Mapping and Surveillance to different snail sites in Talibon and Trinidd.
6. Health Promotion Activities to 10 Elementary Schools.
7. Permanently destroying the snail habitat through earth filling or solid comparison.

## 22. Septage and Sewerage Water Laboratory

### A. Septage Monitoring, Sampling and testing of the Pilot Septic Tanks of Panglao Island-

The activities on the monitoring sampling and testing of the Pilot Septic Tanks of Panglao Island were initiated by Japan International Cooperation Agency (JICA) with the component objective to improve the effluent from on-site Sewage Treatment Facilities (Septic Tanks effluent and other sewerage discharged

from households, hotels and establishments) for the municipality of Dauis and Panglao or for Panglao Island in general.

Five pilot septic tanks with corresponding treatment Methods were constructed by JICA in different sites in Panglao Island on January 2014 and were completed on April 2014. Routine monitoring, sampling and analysis of data started June 2014 to March 2015 after which preliminary assessment of the data gathered were conducted. Result showed that performance of septic tanks were good for Method 1A (Septic tank + Sponge Media Treatment, horizontal type) at Site 1, household in Catarman Dauis; Method 2A (Septic Tank + filter using fishing net) at Site 3, household in Mayacabac Dauis and Method 3 (Septic Tank with aeration system) at Site 4 in Hotel, Linaw Resort, Danao, Panglao.

The operation of septage and sewerage Water Laboratory of the Provincial Health Office which was inactive for sometime due to lack of qualified personnel to manage it after JICA turn-over the project to PGBh. Monitoring, sampling and testing of data resumed on July 2017 for the three selected sites after appointment of new batch of Septage laboratory following the laboratory procedures established by JICA for the analysis of essential parameters related to the purpose of the program.

Septage and Sewerage Water Laboratory of PHO is capable of testing six parameters of septage effluent sample, however the laboratory is not yet accredited by a licensed accrediting agency, hence the results are for monitoring purposes only.

Four sampling activities were conducted for the period July to December 2017. Sampling encompassed three sites (site 1, site 3 & Site 4) with one sample taken from each 3 chambers for every site and involved six analytical procedures/processes for every sample to determine the desired six parameters.

Results as shown in table of the summary of sampling considering only the final effluent chamber (c4) of the three sites for the purpose of presenting a typical analytical result profile indicated that all sites have high Biochemical Oxygen Demand (BOD). BOD is essential parameter to be monitored for living organism to survive in the sea as their habitat.

Other parameters are either within the standard limit or tolerable limit set by DENR. Profiles of the more important and sensitive parameters e.g. BOD, COD (Chemical Oxygen Demand), TSS (Total Suspended Solids) and pH (measure of acidity and alkalinity of solution) are shown herewith. The high BOD value of the sample could be relieved by increasing the aeration treatment of the final effluent chamber for oxygen in the air to be absorbed into the effluent.

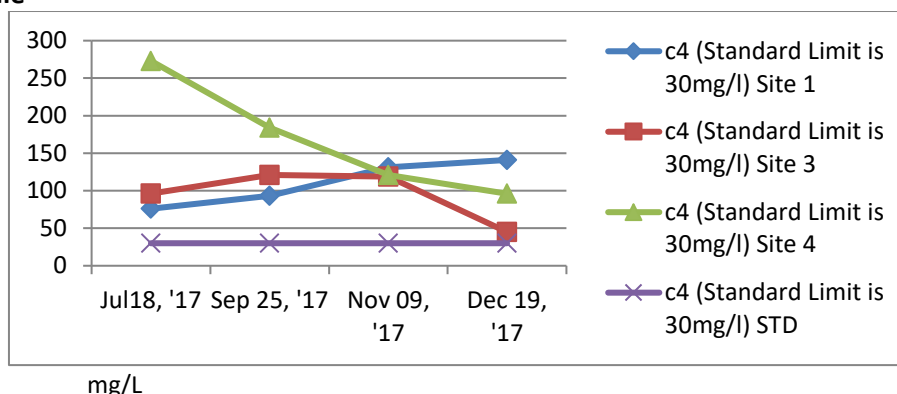

#### I. Summary Septage Sampling & Monitoring Activities, Final Effluent Chamber Of Pilot

Summary Septage Sampling & Monitoring Activities, Final Effluent Chamber Of Pilot							
Septic Tanks Of Panglao Island							
Site 1 , Chamber 4							
PARAMETERS							
Sampling Date		Biochemical Oxygen Demand (BOD) (mg/L)	Chemical Oxygen Demand(COD) (mg/L)	Total Suspended Solids (TSS) (mg/L)	pH	Total Nitrogen (mg/L)	Dissolved Oxygen (DO) (mg/L)
	Std Limit	30	60	70	6 to 9	No standard limit(nl)	No standard limit(nl)
July 18, 2017		76	31	34	7.6	0.1	3
Sept. 25, 2017		93	4	84	7.7	0.1	3
Nov. 09, 2017		131	3	58	8	0.1	4
Dec. 19, 2017		141	3	52	7.6	0.2	3

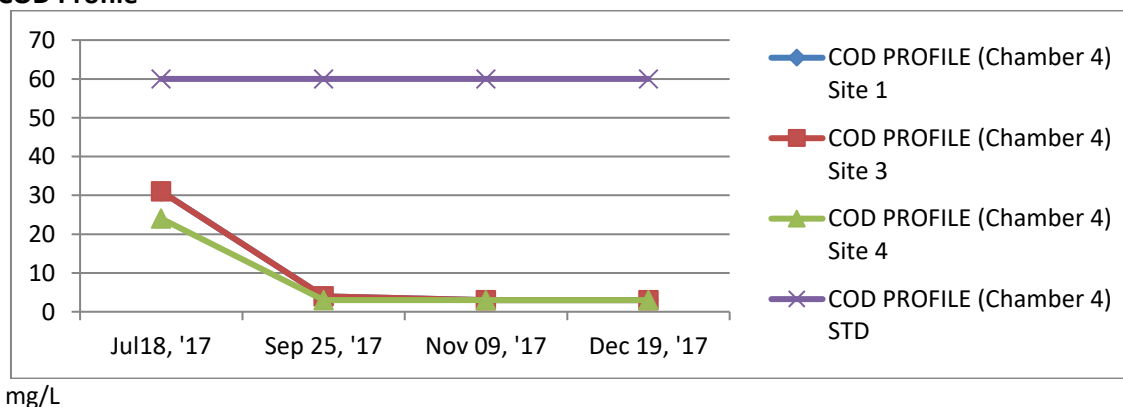

Remark:		All BOD values above limit	All COD values below limit	TSS values below limit except for Sept. '17	pH values were all within standard range		
<b>Site 3, Chamber 4</b>							
	<b>Std Limit</b>	<b>30</b>	<b>60</b>	<b>70</b>	<b>6 to 9</b>	No standard limit(nl)	No standard limit(nl)
July 18, 2017		96	31	21	7.3	0.1	4
Sept. 25, 2017		121	4	12	7.9	0.1	4
Nov. 09, 2017		119	3	6	7.4	0.1	4
Dec. 19, 2017		45	3	3	7	0.1	3
Remark		All BOD values above limit	All COD values below limit	TSS value below std limit	pH values were all within standard range		
<b>Site 4, Chamber 4</b>							
		<b>30</b>	<b>60</b>	<b>70</b>	<b>6 to 9</b>	No standard limit(nl)	No standard limit(nl)
	<b>Std Limit</b>						
July 18, 2017		273	24	133	6.3	0.1	3
Sept. 25, 2017		184	3	90	7	0.1	4
Nov. 09, 2017		121	3	2	7.3	0.9	4
Dec. 19, 2017		96	3	11	8	0.5	4
Remark		All BOD values above limit	All COD values below limit	TSS showed improvement from July to Dec. 2017	pH values were all within standard range		

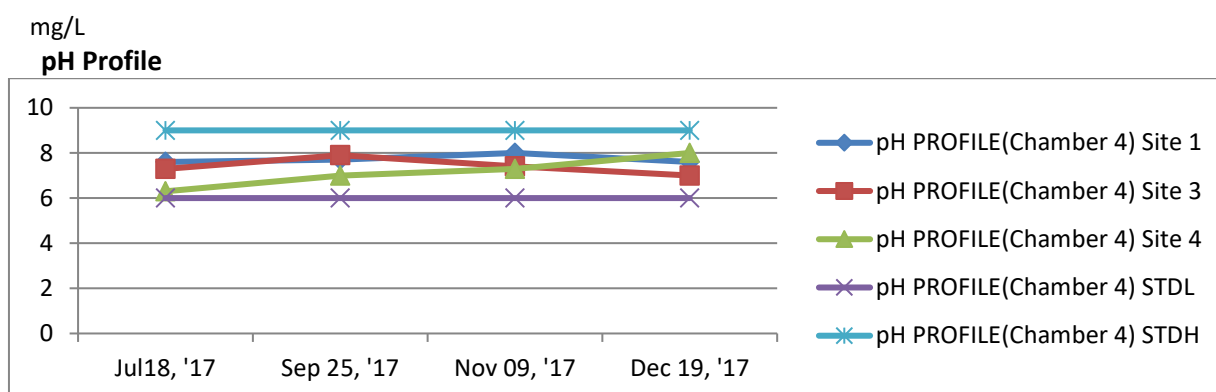

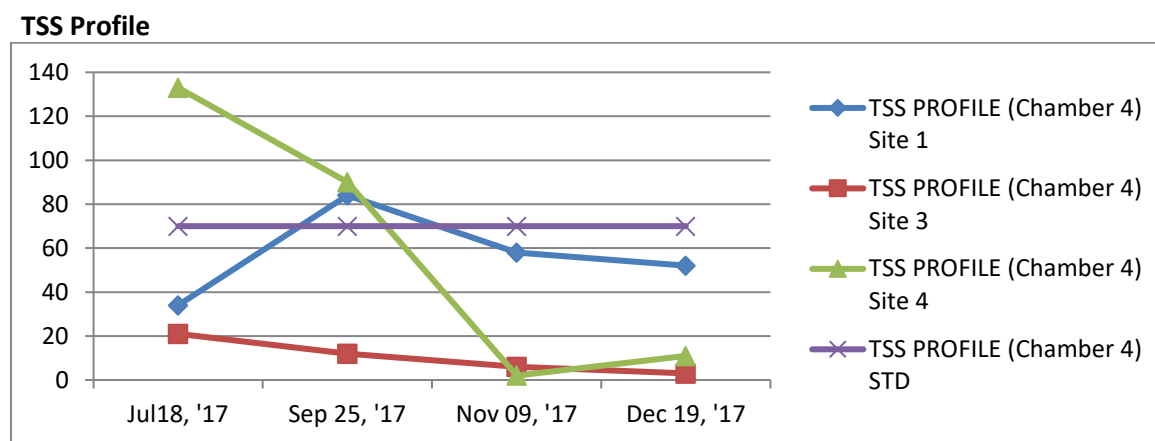

Note: Monitoring and sampling were conducted every two months which resumed last July 2017 when the septage laboratory was back to be operational. These activities will continue to be done for CY 2018. Attached herewith are some pictures taken during the sampling activities at the Pilot Septic Tanks of Panglalo Island.

### COD Profile

SEWAGE SAMPLING at Panglao

## II. Monitoring and Sampling of JOKASO Final Waste Effluent

The septage from the old Capitol Building undergo waste water treatment through the Decentralized Waste Water Treatment System (DEWATS) installed in Plaza Riza, Tagbilaran City. Periodic monitoring and sampling of the final effluent of the septage consistently showed a high level of Ammonia ( $\text{NH}_3$ ) in the laboratory testing results which is beyond the limit as per DENR Standard, DAO No. 2016-08. The strong offensive odor of Ammonia persisted in the vicinity of Rizal Park which is an air pollutant and a health hazard to the people strolling and passing through this public place.

From the recommendation of the Technical Working Group of the Waste Water Treatment Facility, the DEWATS was upgraded with the installation of JOKASO, a Japanese technology pertaining to onsite waste water treatment as continuous water treatment of the effluent coming out from DEWATS as possible remedy to reduce the level of ammonia content of the final effluent. Construction was done in the early months of 2017, followed by series of testing of the newly extended facility by the Japanese contractor of the project.

The first periodic sampling of the final effluent from JOKASO was conducted on May 31, 2017 after its turn-over to PGBh through PGSO. Result showed that the level of Ammonia was significantly reduced to a low level. All parameters tested were within the limits specified by DENR Standard. Succeeding periodic sampling and testing

for the year 2017 showed good results which confirm the effectiveness of the installed JOKASO waste water treatment facility.

For the year 2018, periodic monitoring, sampling and laboratory testing will continue to be conducted for the final waste effluent of JOKASO compliant with the DENR Standard to safeguard the receiving body of water from the effect of pollution by the effluent to be discharged. Testing results are also required by DENR-EMB as one of the supporting documents upon renewal of Discharge Permit for the waste water treatment facility.

Attached herewith are some pictorials for typical sampling activities. One picture pose was with the Japanese consultant taken during the installation period of JOKASO.

JOKASO Monitoring

## B. Plans/Activities for 2018

1. To continue the monitoring activities of the Pilot Septic Tanks of Panglao Island until a sufficient baseline data pertaining to the activity will be established.
2. To expand monitoring activities of all septic tank effluents in all hotels and resorts business establishment operating in the Panglao Island and probably also all hotels resorts business establishment in the Province of Bohol with legal back-up from DENR-EMB Standard, Bohol Environmental Code and Sanitation Code.
3. To upgrade the laboratory facilities and analytical procedures in preparation for the plan for the accreditation of the Septage and Sewerage Water Laboratory.

## 23. WATER LABORATORY RESULTS

### I. BACTERIOLOGICAL ANALYSIS OF DRINKING WATER SUPPLY

For the Drinking water Classification, data are as follows;

January to December	LEVEL I SOURCE					LEVEL II SOURCE					LEVEL III SOURCE					REFILLING STATIONS				
	Total no.	Potable results		Non-potable		Total no.	Potable results		Non-potable		Total no.	Potable results		Non-potable		Total no.	Potable results		Non-potable	
		Number	%	Number	%		Number	%	Number	%		Number	%	Number	%		Number	%	Number	%
TOTAL	490	47	9.6	443	90.4	165	31	18.8	134	81.2	3185	1802	56.6	1383	43.4	3862	3378	87.5	484	12.5

January to December	FILTERED			VENDING MACHINE			ICE MACHINE			DISPENSER		
	Total no.	Potable results	Non-potable	Total no.	Potable results	Non-potable	Total no.	Potable results	Non-potable	Total no.	Potable results	Non-potable

		Number	%	Number	%		Number	%	Number	%		Number	%	Number	%		Number	%	Number	%
TOTAL	164	115	70.1	49	29.9	-	-	-	-	-	169	106	62.7	63	37.3	255	21	8.2	234	91.8

## SUMMARY of Drinking Water Report:

Total Number Of Samples Examined	-	8290		
Total # Of Potable Water Examined	-	5500	% Potable	- 66.3 %
Total # Of Non-Potable Water Examined	-	2790	% Non-Potable	- 3.7 %

## II. BACTERIOLOGICAL ANALYSIS OF NON-DRINKING WATER

For the Non Drinking Water Classification, data are as follows:

January to December	SWIMMING POOL					MARINE WATER				
	Number of exam	Considered safe for bathing		Not considered safe for bathing		Number of exam	Considered safe for bathing		Not considered safe for bathing	
		Number	%	Number	%		Number	%	Number	%
Total	247	160	64.8	87	35.2	76	57	75	19	25

## SUMMARY OF Non-Drinking Water Report:

Swimming Pools = 247 examined

- Considered Safe For Bathing Purposes: 160 ( 64.8 %)
- Not Considered Safe For Bathing Purposes: 87 ( 35.2%)

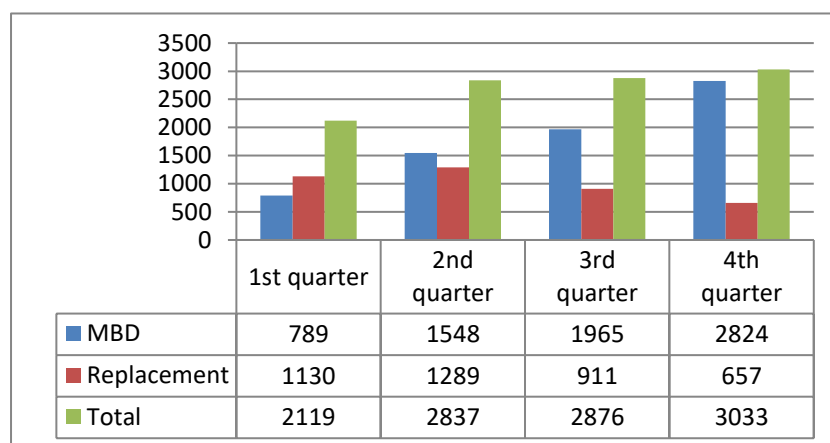

Marine Water = 76

- Considered Safe For Bathing Purposes: 57 ( 75 %)
- Not Considered Safe For Bathing Purposes: 19 ( 25 %)

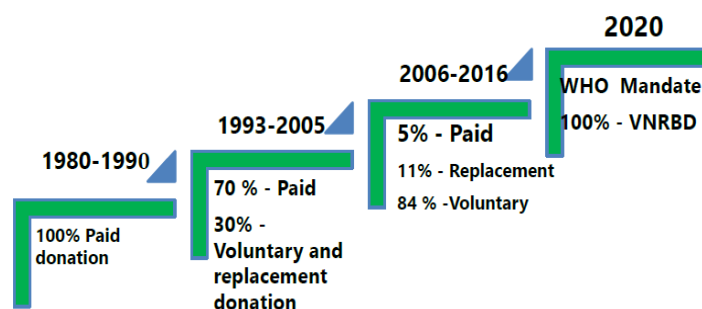

## 24. National Voluntary Blood Services Program

Gov. Celestino Gallares Memorial Hospital Blood Bank

Collection Data – January 2017 – December 2017

Trends in the Philippines

## Capacity Development

### Blood Donor Recruitment Orientation (BDRO)

We are faced with the shortage of blood supply in the Province. As recommendation from the World Health Organization, the annual estimated need for blood in a certain community is 1% of its population. Currently, due to lack of community-based mobile blood donations, this might result in serious blood shortages in the near future. It is hoped that this shortfall will be addressed by better initiatives from the LGUs to recruit and retain suitable voluntary blood donors.

Blood donor recruitment is a strategy identified to mobilize and motivate LGUs for community involvement particularly in the need for voluntary blood donations to address the problem of blood shortage and to curb the risks associated with commercial and replacement/directed donations. The safety and quality of donated blood does not rely on testing but on careful donor selection and recruitment.

### Topics/Activities included:

- Blood Status
- Blood Physiology
- Importance of Voluntary Blood Donation
- Donor Selection
- Common Misconceptions and Excuses
- Strategies in Maintaining a Blood Donor base
- Conducting Mobile Blood Donations
- Action Planning Workshop

Total recruiters capacitated: 1,440

1. 10 batches funded by PGBh  
with a total of 450 participants:

- Loay
- Duero
- Baclayon
- Lila
- Loon
- Mabini
- Bien Unido
- Daus
- Dimiao
- Guindulman

2. 4 batches out from savings totaling to 140:

- Jagna
- Anda
- Pitogo
- Candijay

3. 10 batches with 50 participants each, totaling to 480 funded by DOH:

- Alicia
- Pilar
- Garcia Hernandez
- Ubay II
- Catigbian
- Tubigon
- PRC
- Calape
- Clarin
- Loboc

4. 8 batches totaling to 370 recruiters funded by LGU:

- Antequera
- Jagna -2<sup>nd</sup> batch
- Trinidad
- Buenavista
- Carmen
- Getafe
- Balilihan
- Albuquerque

### BLOOD SERVICE NETWORK (BSN) MEETING

The Philippine Health Agenda (PHA) 2016-2022 “All for Health Towards Health for All,” developed with inputs from the Department of Health and other sectors including municipal and city health officers, has identified 12 legacies as key outcomes that define what PHA means for Filipinos, particularly the poor. A very timely and relevant legacy is ensuring safe and adequate supply of blood.

The Provincial Health Office, in support to the Philippine Health Agenda and its legacies and targets, conducted a **Blood Service Network Meeting** on 21 December 2017 at Panda Tea Garden Suites, Tagbilaran City. The activity aimed to ensure a more responsive and efficient network of Blood Service Facilities (BSFs) and a coordinated centralized distribution of blood in the Province of Bohol.

The activity was attended by blood service facilities in the Province, the provincial blood program headed by Ms. Milagros Israel, the regional blood program headed by Ms. Lucy Aguiman, and with the lead blood service in Bohol, Gov. Celestino Gallares Memorial Hospital headed by Dr. Annette Salillas. The creation of a BSN is supported by RA 7719 and DOH Circular 2010-13.

## WORLD BLOOD DONOR DAY CELEBRATION:

### BLOOD OLYMPICS

It focuses on thanking blood donors and recruiters, and highlights the dimension of “sharing” and “connection” between blood donors and patients. In addition, we have adopted the slogan, “Share life, give blood” to draw attention to the roles that voluntary donation systems play in encouraging people to care for one another and promote community cohesion.

The campaign aims to highlight stories of people whose lives have been saved through blood donation, to motivate regular blood donors to continue giving blood, and motivate people in good health who have never given blood to begin doing so, particularly young people.

The event was conducted at Panda Tea Garden Suites, Tagbilaran City and was participated by the different blood collecting units (PRC, GCGMH, HNU, RCH) and blood program partner institutions/organizations.

Dr. Harold Gallergo giving an inspirational message

Tagbilaran City Health Officer Dr. Jeia Pondoc, also a blood donor, shows strong support for the program.

## ANNUAL PARTNERS FORUM AND AWARDING CEREMONY

In recognition of the important role that local partners play in ensuring a safe and adequate supply of blood in the province, the provincial program gathered its partners and stakeholders during the Annual Partners' Forum and Awarding Ceremony last August 9, 2018 at Dagohoy Grand Ballroom, Bohol Tropics Resort, Tagbilaran City.

The program highlighted the different gains of the provincial and local programs in the province, as well as present the strategic direction and challenges to maximize the gains of the program.

Present during this day of recognition was Hon. Edgardo M. Chatto of the Provincial Government, Ms. Marites Estrella of the National Blood Program, and Dr. Ruben Siapno of DOH Regional Office VII.

#### Plans for 2018

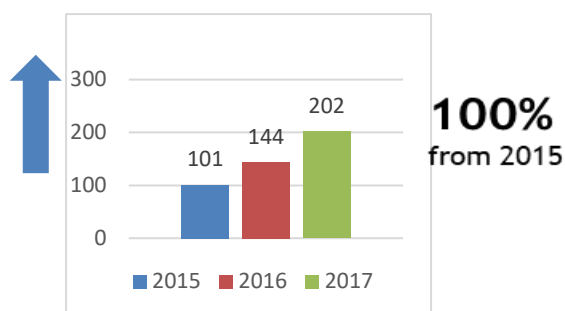

- Voluntary Blood Donation Program in compliance with EMS policies, procedures & standards
- Observance of special events in coordination with PGBh: Blood Donors Day and National Blood Donors Month
- Reproduction of additional IEC and advocacy materials
- Training/Seminar/Convention expenses
- Program Implementation Review

#### 25. National AIDS and STI Prevention and Control Program

No. of Newly Diagnosed with HIV Per Day in the Country

Cumulative HIV Cases in Bohol:

#### Objectives:

Reduce the transmission of HIV and STI among the Most At Risk Population and General Population and mitigate its impact at the individual, family, and community level.

#### Program Activities:

- Capacity development
- Peer education and outreach
- Multi-sectoral coordination
- Empowerment of communities thru advocacy and IEC
- Community assemblies to reduce stigma and discrimination
- Availability of free voluntary HIV Counseling and Testing Services
- Condom Use Program (CUP) especially for entertainment establishments
- Augmentation of resources of Social Hygiene Clinics

## CAPACITY-BUILDING, NETWORKING, AND MENTORING

### HIV Counseling and Testing Trainings

HIV Counselling and Testing (HCT) is the essential first step in enabling people with HIV to know their status and obtain HIV prevention, treatment, and care services. It is estimated that, globally, about half of the people currently living with HIV do not know their HIV status. Thus, provision and routine offering of HCT in the many healthcare settings like hospitals and health centers would serve as an important link between treatment and prevention programmes. Capacitating our local health facilities with trained health care providers would emphasize the HIV program's commitment to increasing reach of its services.

Assisted by PHO and DOH, the trainings were facilitated by Dr. Ethel Daño, a HIV and infectious disease specialist, and Ms. Jhayson Encabo, Program Manager of Cebu Plus Association Inc.

Batch 1: October 23-25, 2017 with 31 trainees who passed and awarded as Certified HIV Counselors at Panda Tea Garden Suites, Tagbilaran City

### Provincial HIV/AIDS Multi-sectoral Council Meetings

Bohol's Provincial HIV and AIDS Multi-Sectoral Council (PHAMC) has been created through Provincial Ord. No. 2007-007 which acts as the provincial advisory, planning, and policy-making body for the comprehensive and integrated HIV/AIDS prevention and control program through a multi-sectoral membership and composition.

Hurdles in the program are further challenged by the decentralized system of government in the country which relegates the responsibility and commitment to implement and sustain the response to local governments. Policy development has been identified as a critical enabler of sustained and coordinated local HIV and AIDS responses through the development of leadership capacities of policy-makers.

Meetings were attended by representatives from the government, NGO, religious organizations, and etc.

### HIV Counseling and Testing (HCT) Team Meetings

Integral and critical to the success of HIV programming are the different HIV professionals involved in testing and counselling. They are expected to uphold competence, responsibility, confidentiality, and accountability to the highest form of ethical and professional standards of conduct which may serve as an important factor in gaining the trust and confidence of prospective clients.

As indicated in their code of ethics, the HCT Meetings conducted served as supervisory meetings for updating and coordination, personal and professional development, and venue for counsellor care and support considering the stressful nature of dealing with the realities of HIV, illness, death, grief and loss

Ms. Israel, Program Coordinator, updating Medical Technologists and Counselors.

## Provincial Year-end Program Implementation Review

In recognition of the important role of different program partners and stakeholders in the overall success in the fight against HIV/AIDS, a Program Implementation Review (PIR) was conducted last December 18, 2017 at Reyna's Haven and Gardens. This helped us ensure that services are made accessible, acceptable, affordable, and equitable through a systematic review of program indicators.

Partners and stakeholders were able to assess the internal and external factors affecting the implementation of the program from provincial down to the municipal/organizational level. Out of the workshops and discussions, action plans were drafted and ensured to be responsive to the needs and capacities of their respective communities. The PIR also provided a good venue for partners to build on the different gains and good practices of other LGUs and institutions, and as well as address different operational concerns regarding program implementation.

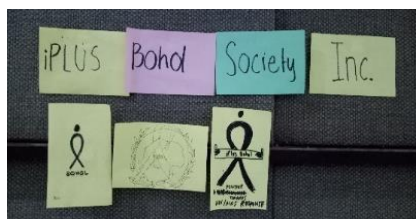

Partners and Stakeholders reviewing the program implementation for Year 2017

## Workshop on HIV Support Group Establishment

Community empowerment is a guiding principle for all HIV programming and activities. It is a collective process that enables key populations to address the structural constraints to health, human rights, and well-being; make social, economic, and behavioural changes; and improve access to health services. It can foster the wider reach and greater effectiveness of services for key populations.

The workshop was facilitated by the provincial program, Jerson See of Cebu Plus Association Inc., and Dr. Wilnilia Causing of Gov. Celestino Gallares Memorial Hospital HIV/AIDS Core Team, and included topics and activities on basics of HIV transmission and prevention, RA 8504, stigma and discrimination, and, leading to the end of the workshop, organizational development.

iPlus Bohol Society was convened and established last December 19 and 20, 2017 consisting of program partners and key populations.

## COMMUNITY AWARENESS

### Information, Education, and Communication (IEC)

From the start of the HIV epidemic, the HIV-related stigma, discrimination and denial have fueled the transmission of HIV, impeding positive response to adequate care, support and treatment worldwide. Information, education and communication (IEC) campaign is one of the most common cost-effective behavioral intervention strategies implemented so far to fight against HIV/AIDS. The primary goal of IEC campaigns are to inspire and educate people about prevention, care and/or treatment of HIV/AIDS and for a better understanding of HIV in the communities. IEC messages and materials have demonstrated its usefulness in improving stigmatizing and discriminatory attitudes towards HIV positive people.

February 8, 2017 – Bohol Island State University – Bilar Campus (98 pax)

January 25, 2017 – Holy Name University, Tagbilaran City (984 pax)

September 1, 2017 – Student Catholic Action at Panda Tea Garden Suites, Tagbilaran City (40 pax)

December 5-6, 2017 – BISU– Main Campus, Tagbilaran City (148 pax)

December 29, 2017 – Coke FEMSA, Tagbilaran City (43 pax)

The International AIDS Candlelight Memorial is one of the world's oldest and largest grassroots mobilization campaign for HIV Awareness in the world. Started in 1983, the International AIDS Candlelight memorial takes place every third Sunday in May. The Provincial Health Office of Bohol spearheaded a simultaneous commemoration together with the different Local Government Units in Bohol and 1,200 community and government organizations in 115 countries.

The Red Ribbon is a symbol of unity and solidarity among advocates

## World AIDS Day Run 2017

World AIDS Day (WAD) on every 1<sup>st</sup> day of December brings together people from around the world to raise awareness about HIV/AIDS and demonstrate international solidarity in the face of the pandemic. The day is an opportunity for public and private partners to spread awareness about the status of the pandemic and encourage progress in HIV/AIDS prevention, treatment and care in high prevalence countries and around the world. As a continuation of the World AIDS Day Celebration, the WAD Run is an annual event that seeks to raise awareness on the many challenges that face advocates and also People Living with HIV, and at the same time promotes an active healthy lifestyle in consideration of the fact that HIV/AIDS is associated with the immune system.

Around 3,000 runners and advocates gathered to show solidarity to the cause of HIV awareness.

World AIDS Day Run 2017 organizers and volunteers

## Mobile HIV Counseling and Testing (HCT)

It is estimated that, globally, about half of the people currently living with HIV do not know their HIV status. Thus, provision and routine offering of HCT in the many healthcare settings like hospitals and health centers would serve as an important link between treatment and prevention programs. Below are the HCT done with corresponding output arranged from Jan. to Dec.:

## Syndromic Management Approach to STI

STI are linked to the spread of HIV/AIDS. Thus, early diagnosis and treatment of STI play an important role in its prevention and management. Moreover, the consequences of STI can be serious. In view of these, effective, accessible and acceptable STI case management is important.

Hence, a client's presenting signs and symptoms can and may be used as basis in the diagnosis and treatment of STI especially in their early stage and at the first point of contact with client. This approach to STI Case Management is called *Syndromic Management*. Local health personnel are trained to identify syndromes with the use of flow charts and to apply the treatment guidelines especially through improves skills for history taking, physical examination and counseling.

**Plans for 2018**

- Quarterly Provincial HIV/AIDS Multi-Sectoral Council Meetings
- Quarterly HCT Team Meetings and Updating
- Training on Provider-Initiated Counseling and Testing (another 2 batches)
- HIV/AIDS Core Team (HACT) Orientation for Local Hospitals in Bohol
- Acquisition of office equipment and other supplies
- Psychosocial support to PLHIV (person living with HIV)

Sector	:	SOCIAL DEVELOPMENT
Sub-sector	:	Health, Nutrition and Population Development
Office	:	<b>PROVINCIAL HEALTH OFFICE – PGBh Hospitals</b>

## I. HIGHLIGHTS OF ACCOMPLISHMENTS FOR CY 2017

The Provincial Government of Bohol operates ten hospitals since the devolution from the national government in 1991. These are located in different parts of the province such that each of the six inter-local health zones (ILHZ) of the province has at least one hospital within it except for Tagbilaran ILHZ whose referral hospital is the Governor Celestino Gallares Memorial Hospital in Tagbilaran City which is a Department of Health (DOH)-retained hospital. Being province-owned hospitals, these are directly under the Governor as the Local Chief Executive through the Provincial Health Office.

The ten province-owned hospitals and their locations are as follows:

- |  |                           |
|--|---------------------------|
| 1. Maribojoc Community Hospital (MCH)                  | – Maribojoc, Bohol        |
| 2. Cong. Natalio Castillo Memorial Hospital (CNCMH)    | – Loon, Bohol             |
| 3. Clarin Community Hospital (ClACH)                   | – Clarin, Bohol           |
| 4. Francisco Dagohoy Municipall Hospital (FDMH)        | – Inabanga, Bohol         |
| 5. Garcia Memorial Provincial Hospital (GMPH)          | – Talibon, Bohol          |
| 6. Candijay Community Hospital (CanCH)                 | – Candijay, Bohol         |
| 7. Teodoro B. Galagar District Hospital (TBGDH)        | – Jagna, Bohol            |
| 8. Catigbian District Hospital (CDH)                   | – Catigbian, Bohol        |
| 9. Cong. Simeon Toribio Memorial Hospital (CSTMH)      | – Carmen, Bohol           |
| 10. Pres. Carlos P. Garcia Municipal Hospital (PCPGMH) | – Carlos P. Garcia, Bohol |

The following map shows the locations of the hospitals and their catchment areas:

The hospitals are classified as either Primary Care Facility or Level 1 Hospital under the present DOH classification of health facilities depending on their service capabilities. None of the province-owned hospitals qualify as Level 2 or Level 3 hospitals at present.

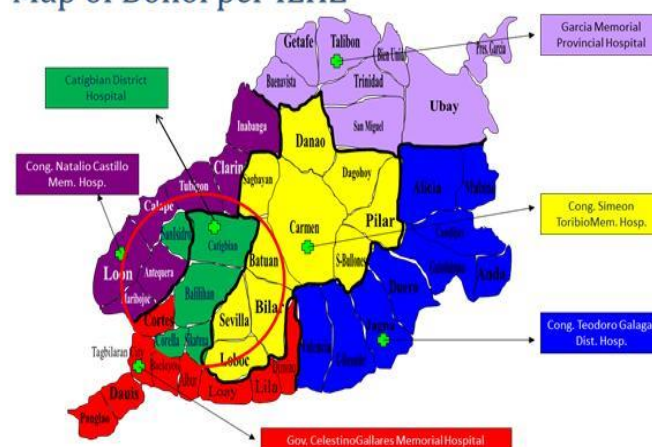

### Level 1

1. Garcia Memorial Provincial Hospital
2. Teodoro B. Galagar District Hospital
3. Catigbian District Hospital
4. Cong. Simeon Toribio Memorial Hospital

### Primary Care Facility:

1. Cong. Natalio Castillo Memorial Hospital
2. Maribojoc Community Hospital
3. Clarin Community Hospital
4. Candijay Community Hospital
5. Francisco Dagohoy Municipal Hospital
6. Pres. Carlos P. Garcia Municipal Hospital

Map of Bohol per ILHZ

Previously, CNCMH were classified as Level 1 hospitals. However, because of not being able to meet some DOH licensing requirements, these two hospitals had been downgraded to primary care facilities pending their compliance to the lacking requirements.

All of the ten hospitals are DOH-licensed and PHIC-accredited. In addition to these, some hospitals were licensed or accredited to give services other than those inherent to them as hospitals. These are:

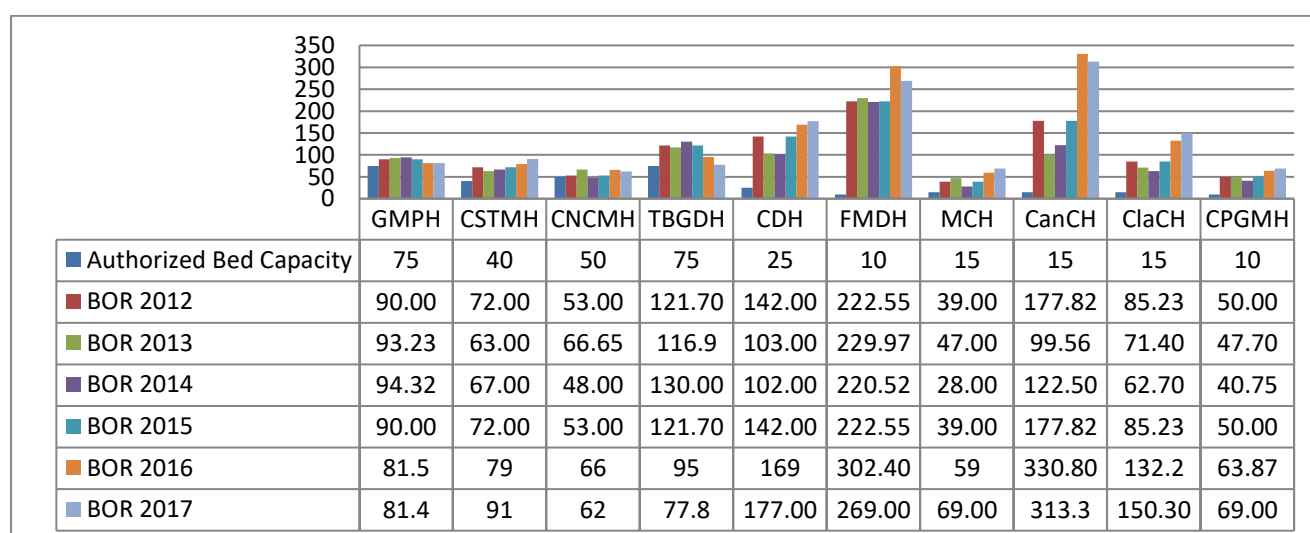

**Table I. Hospital Facility Program Provider (TBDOTS, ABTC)**

Name of Hospital	TBDOTS Provider	TBDOTS Referring Hospital	Animal Bite Treatment Center

9.Maribojoc Community Hospital	X	/	X
10. Pres. Carlos P. Garcia Municipal Hospital	X	/	X

### Accomplishments

Huge efforts had been made by the Provincial Government of Bohol to upgrade and improve its hospital facilities. To complement the funds coming in from the national government through the Health Facilities Enhancement Program (HFEP) of the Department of Health, the Provincial Government of Bohol had been and is continually allocating funds to upgrade the physical facilities, equipment and personnel of the hospital so that the overall effect of a better and more efficient health care can be achieved. These efforts had been felt during the past five years by the increased bed occupancy rates and the increased hospital incomes. This is reflective of the increased confidence of the constituency in the PGB hospitals.

**Figure I. Authorized Bed Capacity VS Bed Occupancy Rate 2012-2017**

The preceding data showed that many of our hospitals have bed occupancies which are more than their authorized bed capacities over the past several years.

**Table II. Application of Bed Capacity Expansion**

Hospital	Present Authorized Bed Capacity	Bed Capacity Being Applied For
Francisco Dagohoy Municipal Hospital, Inabanga	10	30
Catigbian District Hospital, Catigbian	25	50
Candijay Community Hospital, Candijay	15	30

Some of the hospitals have applied to the DOH for expansion of the approved bed capacities. Among these four hospitals, only TBGDH had met the standard required for the bed capacity and was granted by the DOH as authorized bed capacity of 75. The three other hospitals still need to meet the requirements of the standards for the authorized bed capacities that they are applying for.

Figure III. Hospital Income 2013-2017

The data shows that the four hospital income is decreasing in the year 2017 due to the following reasons:

1. Slow procurement process of hospital supplies, medicines and laboratory reagents and the no advance delivery made the hospital to have no supplies of the abovementioned.
2. PHIC case rates requires number of days including the time upon admission that made the clients to stay longer in order for them to avail the insurance that made the hospital beds fully occupied and there will be no clients accepted for new admission.
3. Per DOH order that there will be no extra bed allowed for the hospitals for them to provide optimal care to clients.

Figure IV. Hospital Income VS MOOE 2013-2016

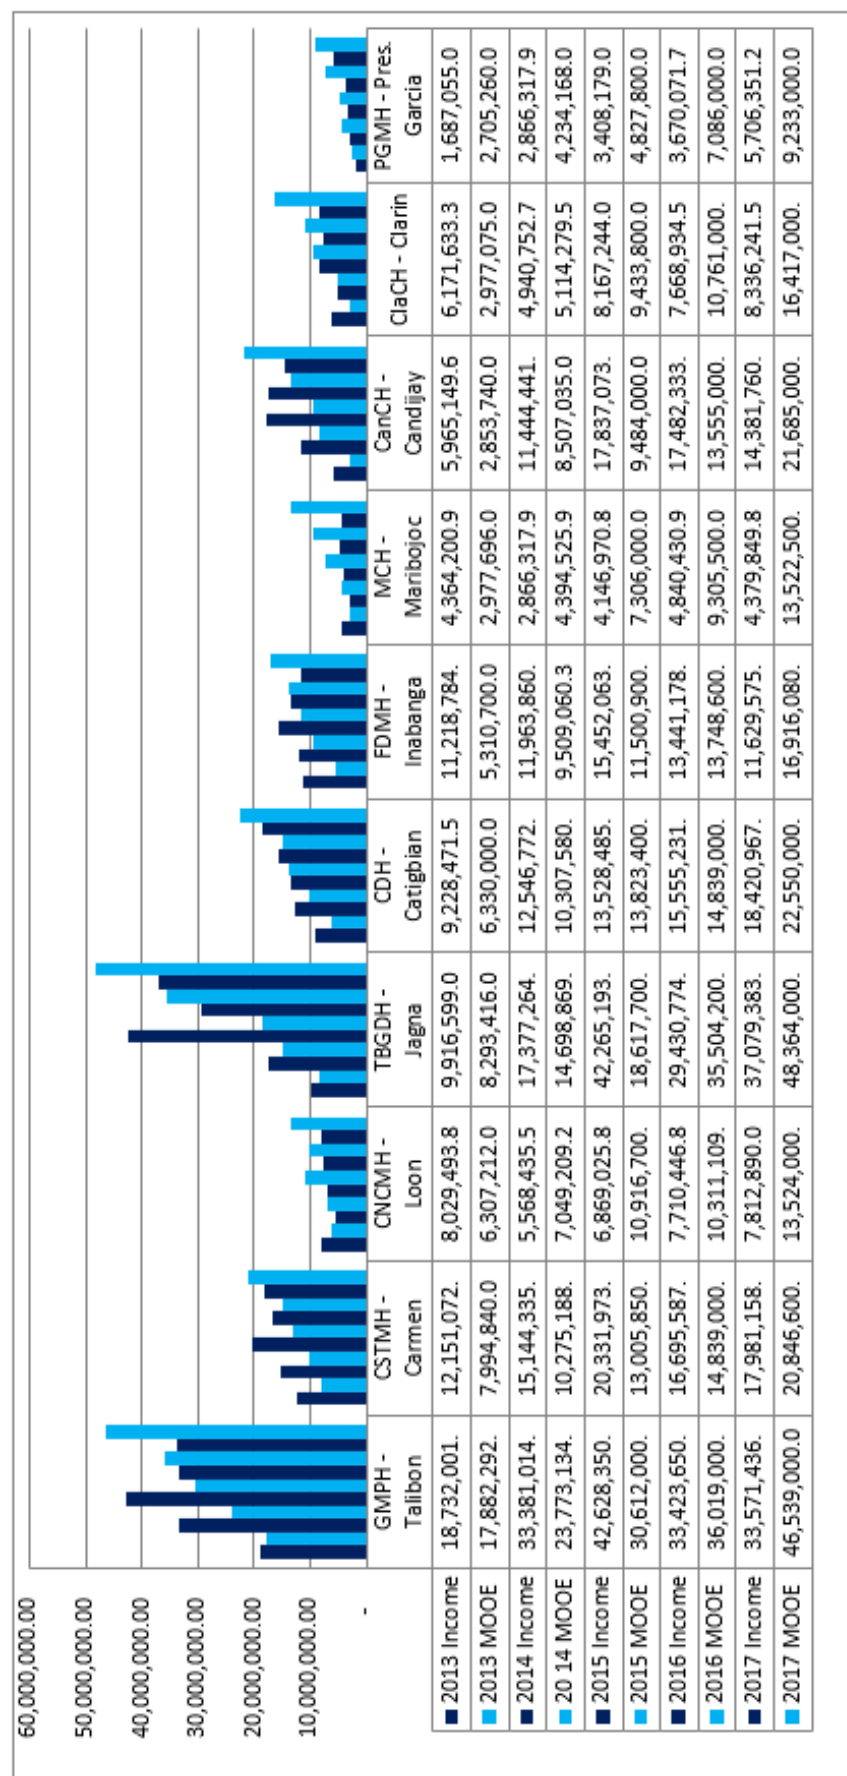

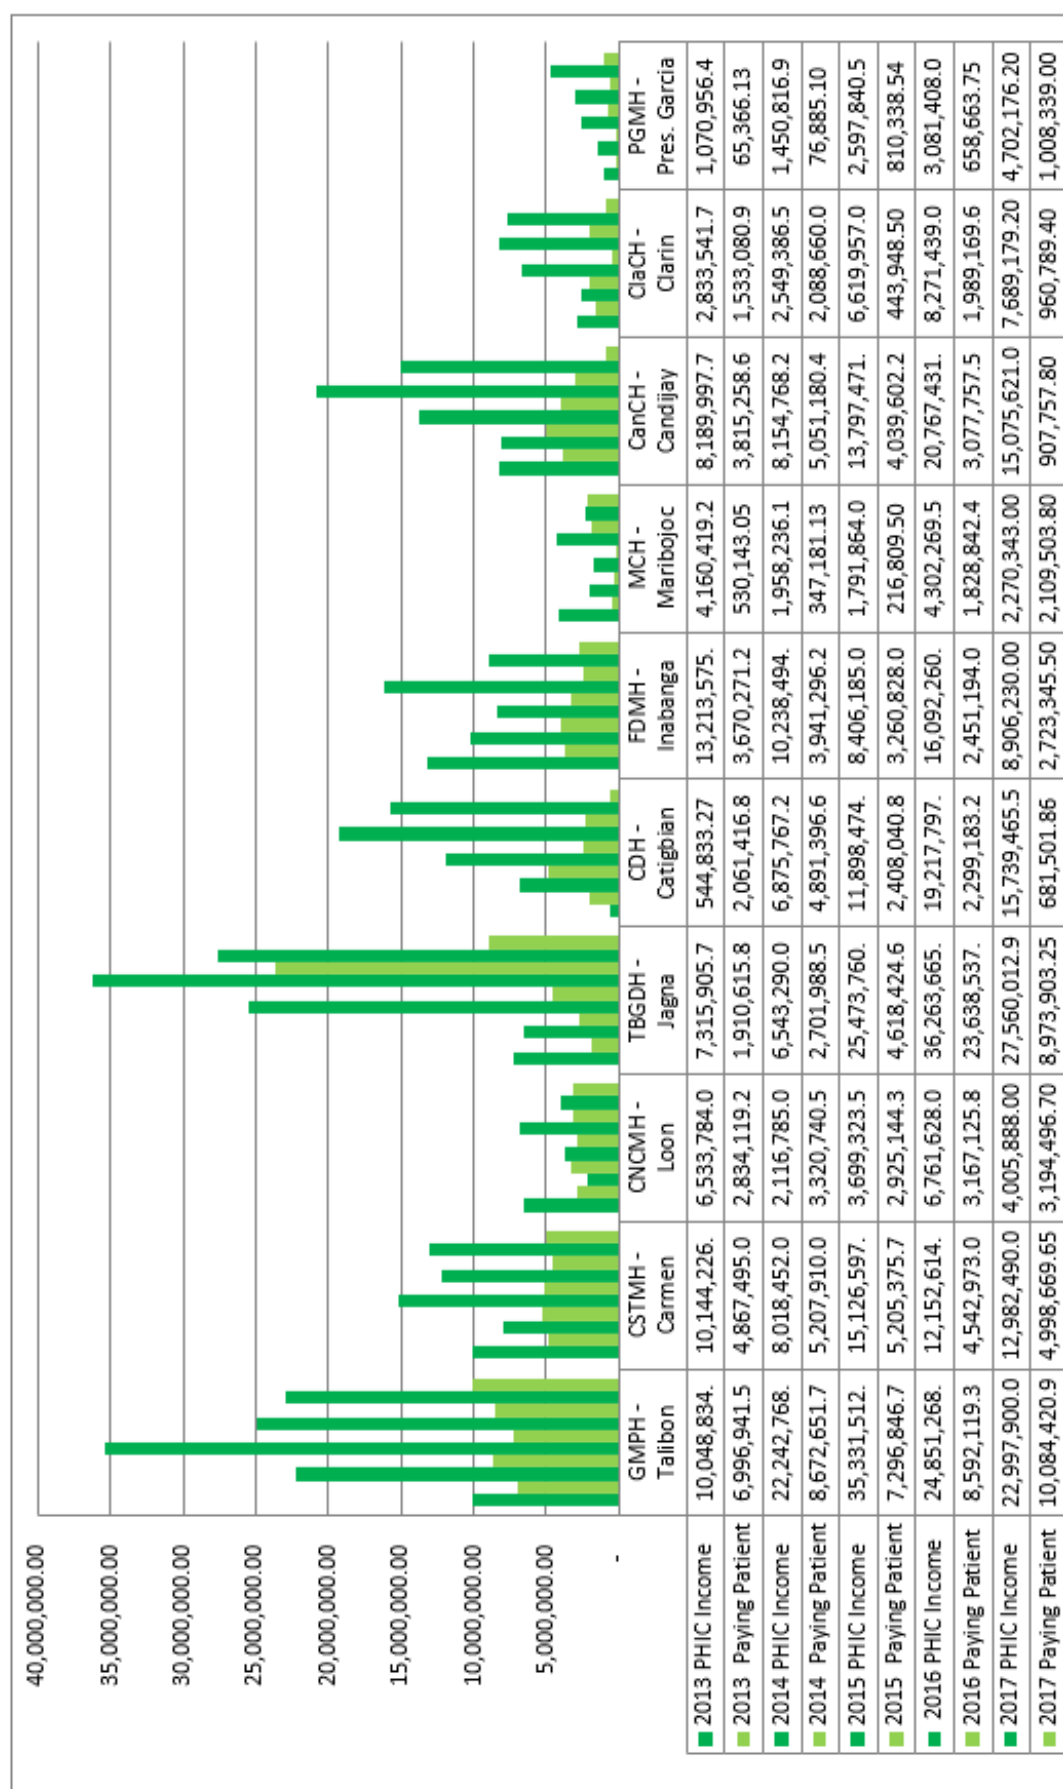

Figure V: Annual Income per Category, 2013 – 2016 of the 10 Province-owned Hospital

**Table VIII. Listed hereunder is the list of fund releases to the hospitals of the Provincial Government under HFEP with its corresponding projects/programs:**

HOSPITAL	YEAR	AMOUNT RELEASED	PROJECT/PROGRAM	STATUS
GMPH	2012	8,000,000 – infra 1,000,000 – eqpt	Expansion/repair/renovation/construction of hospital and other support facilities	completed
	2013	50,000,000.00	Equipping the hospital	
	2014	8,000,000-infra	Construction of TBDOTS, Garage, Motorpool, Maintenance Building and Morgue	100%
	2016	5,000,000-infra	Repair/Rehabilitation/improvement of the main hospital building, construction of covered walk, construction of power house, upgrading of electric power supply and construction of morgue	On-going (2017)
TBGDH	2011	5,000,000.00	Improvement/construction of additional wards	completed
	2012	3,000,000 – eqpt	Equipping	
	2015	2,000,000 - infra	Partial Rehab/Renovation of emergency, OPD, Radiology, Lab and Pharmacy Building	On-going (2017)
	2016	2,500,000 - infra	Completion in the Rehab/Renovation emergency, OPD, Radiology, Lab and Pharmacy Building	On-going (2017)
	2016	15,000,000 - infra	Reconstruction of kitchen, morgue, TBDOTS	On-going (2017)
CSGTMH	2012	5,000,000 – infra 1,500,000 – equipment	Expansion/repair/renovation/construction of hospital and other support facilities	Completed but damaged by the earthquake
	2014	8,000,000 - infra	OR and DR renovation, covered walk, conversion of ward to TBDOTS and kitchen	completed
	2014	5,000,000 – infra 5,345,420 – equipment	Expansion/construction of OPD/ER wards/repair/renovation of existing hospital and its support facilities; expansion/construction of some support facilities and purchase of various equipment	Completed-infra
	2015	2,000,000 - infra	Improvement of TBDOTS and hospital records/storage room	Completed (2017)
	2016	2,500,000-infra 5,000,000-infra	Partial rehabilitation/reconstruction of emergency, ward and CEMONC building	Completed-1 <sup>st</sup> Phase (2017)
CNPCMH	2011	5,000,000.00	Upgrading/construction of CEMONC facility	Completed but damaged by the earthquake
	2012	5,000,000 – infra 3,000,000 - equipment	Expansion/repair/renovation/construction of hospital and other support facilities	Completed but damaged by the earthquake
	2013	71,718,750-infra	Reconstruction of New Hospital Building	For implementation
	2014	5,544,500.00	Purchase of various of equipment	For Implementation
CDH	2011	5,000,000.00	Construction of CEMONC facility	Completed but slightly damaged by the earthquake
	2012	5,000,000 – infra 3,000,000 – equipment	Expansion/repair/renovation/construction of hospital and other support facilities	Completed but damaged by the earthquake
	2014	15,180,000 - infra	Rehabilitation/Renovation of the existing hospital building	Completed
	2015	3,000,000 - infra	Construction of Philhealth ward building	On-going (2017)
	2016	2,500,000 – infra 5,000,000 - infra	Construction of Philhealth ward building	On-going (2017)
FDMH	2011	5,000,000.00	Construction of CEMONC facility	Completed but slightly damaged by the earthquake

HOSPITAL	YEAR	AMOUNT RELEASED	PROJECT/PROGRAM	STATUS
	2012	2,000,000 – infra 3,000,000 – equipment	Expansion/repair/renovation/construction of hospital and other support facilities	Completed but damaged by the earthquake
	2014	3,000,000 – infra 3,570,920 – equipment	Expansion/construction of OPD/ER wards/repair/renovation of existing hospital and its support facilities; expansion/construction of some support facilities and purchase of various equipment	Ongoing
	2014	3,000,000 - infra	Repair of ceiling, masonry walls, doors and windows	Completed
	2015	20,000,000 - infra	Construction of emergency, OPD and ancillary building	On-going (2017)
	2016	5,079,000 -infra	Construction of new hospital building with hospital ward, OPD, emergency, laboratory and radiology facility	On-going 2017
MCH	2011	2,000,000.00	Construction of BEMONC facility	Completed
	2012	5,000,000 – infrastructure 1,000,000 – equipment	Expansion/repair/renovation/construction of hospital and other support facilities	Substantially completed but damaged by the earthquake
	2013	6,000,000.00 (DPWH as implementing agency)	Expansion of the hospital	Completed as of 10/20/2015
	2014	5,575,420.00	Purchase of various equipment	
	2014	5,000,000 - infra	Construction of CEMONC Facility	Completed based on POW
	2015	5,000,000 - infra	Completion of CEMONC Facility	On-going 95% completion (2017)
	2016	3,000,000 - infra	Construction of Emergency Building and covered walks	On-going 90 % completion (2017)
CanCH	2016	6,000,000 -infra	Expansion/Renovation of OPD building, renovation of the Admin building and upgrading of electric power including power house construction	On-going 90 % completion (2017)
	2011	2,000,000 – infra 1,500,000 – eqpt	Upgrading of the hospital to BEMONC facility	completed
	2012	5,000,000 – infra 1,000,000 – equipment	Expansion/repair/renovation/construction of hospital and other support facilities	54.17 abandoned by contractor Awaiting for the approval of change order from DOH 7
	2013	2,000,000 (DPWH as implementing agency)	Expansion of the hospital	completed
	2014	5,000,000 - infra	Construction of ward building, completion of CEMONC bldng, rehabilitation of all hospital building	Completed –Oct.8, 2015
ClaCH	2016	5,000,000 – infra 2,500,000 - infra	Construction/rehabilitation/improvement of hospital buildings and facilities	On-going (2017)
	2012	5,000,000 – infra 1,000,000 - equipment	Expansion/repair/renovation/construction of hospital and other support facilities	Completed but damaged by the earthquake
	2014	10,000,000-infra 5,575,420 – equipment	Expansion/construction of OPD/ER wards/repair/renovation of existing hospital and its support facilities; expansion/construction of	35 % suspended, site of the project is occupied.

HOSPITAL	YEAR	AMOUNT RELEASED	PROJECT/PROGRAM	STATUS
			some support facilities and purchase of various equipment	
	2015	3,000,000 - infra	Completion of the main hospital building	Completed 2016
	2016	5,000,000 - infra	Construction of CEMONC facility phase I	On-going (2017)
PCGMH	2014	10,000,000.00- infra 5,209,500 – eqpt	Expansion/construction of OPD/ER wards; repair/renovation/expansion of existing and its support facilities	Completed
	2016	5,000,000 - infra	Construction of morgue/cadaver holding room, covered-walk, improvement of water supply system, upgrading of electric power supply, improvement of existing hospital building	On-going (2017)

Table IX. 2017 Infrastructure from DOH and PGBH

Name of Hospital	Name of Project	Status	Fund Source
Cong. Natalio P. Castillo Memorial Hospital	Construction of Admin. Office	Completed	PGBH
Garcia Memorial Provincial Hospital			
Cong. Simeon Toribio Memorial Hospital	Repair/ renovation/ Expansion/ of Ward Building	Completed	PGBH
	Construction of Ward Building	Completed-1 <sup>st</sup> Phase	DOH
Teodoro B. Galagar District Hospital	Construction of CT-Scan Room	Completed	DOH
Catigbian District Hospital	Rehabilitation of Old Main Building	Completed	DOH
	Construction of Admin Building Phase II	Completed-Phase II	DOH
	Construction of Additional Wards	75% Completion	DOH
	Construction Water System	Completed and turned-over	PGBH
	Rehabilitation of CEMONC Building	On-going construction	DOH
	Construction of TB DOTS Building	On-going construction	DOH
Francisco Dagohoy Municipal Hospital	Construction of Dietary and Sterilizing Room	Completed	DOH
	Construction of OPD, Emergency, Laboratory and Radiology Facility	Completed	DOH
	Construction of Ward Building	Completed	DOH
Candijay Community Hospital	Construction of Garage	Completed	DOH
	Upgrade of Electric Supply-# Phase Electrical Connection with 75 KVA Transformer	Completed	DOH
	Construction of Isolation Room	Completed	DOH
	Construction of Additional Private Rooms	Completed	DOH
	Construction of Laundry Room	Completed	DOH
	Construction of Ward Extension	On-going, 60% completion	DOH
Clarin Community Hospital	Construction of the CEMONC complex OR/DR complex	On-going Construction	DOH
Maribojoc Community Hospital	Construction/Completion/Expansion of Support Facilities (Two Isolation room with CR,	Completed	DOH

Name of Hospital	Name of Project	Status	Fund Source
	Tile Works, Installation of Air Conditioning Unit)		
	Completion of CEmONC Building	On-going, 95% completion	DOH
	Completion/Repair/Expansion of Emergency Complex	On-going, 90% Completion	DOH
	Repair/Renovation of MCH	On-going	DOH
Pres. Garcia Municipal Hospital	Construction of OPD Building	Completed and for turn-over	DOH
	Renovation of Hospital Frontage	Completed	PGBH
	Construction of X-ray room	Completed, waiting for installation	PGBH
	Construction of OPD connection alley	Ongoing	DOH
	Construction of water receptacle	Ongoing	DOH
	Construction of Powerhouse	For Implementation	DOH
	Construction of Cadaver holding area	For implementation	DOH
	Construction of Garage	For implementation	DOH
	Waste Water Recycling	For implementation	DOH
	2 Storey Wards/Private room	For implementation	DOH
	Emergency Room	For implementation	DOH
	Laboratory Renovation	For implementation	DOH

Table X. List of PGBh Infra projects in 2015-2017 in each hospital

HOSPITAL	YEAR	AMOUNT RELEASED	PROJECT/PROGRAM	STATUS
TBGDH, Jagna	2015	995,000.00	Electrification Project	For direct contact to BOHECO
	2015	5,000,000.00	Installation of Bed elevator	Completed 2016
	2015	800,000.00	Installation of Airconditioning unit	Newly Bid
	2016	99,803.92	Upgrading of Electric Power Supply for the Newly Constructed Three Storey Ward Building	Completed (2017)
	2016	4,600,000	Installation of the Bed Elevator at the New Three Storey ward building	100% completed
	2016	800,000	Installation of Aircondition units at the New Three Storey ward building	Completed
CDH, Catigbian	2015	290,000.00	Installation of Airconditioning unit	Completed
	2016	2,630,000.00	Purchase with installation of Operating room & Delivery Room Lights	Needs additional allocation of 230T
CNCMH	2016		Construction of patients shade at the temporary OPD waiting area and Construction of Temporary Isolation Ward	On-going preparation of plans
	2016		Repair of Hosp. dormitory for conversion into a temporary X-ray room	On-going preparation of plans
	2017		Construction of Temporary Admin Office	Completed
GMPH, Talibon	2015	1,415,000.00	Repair of Hosp. dormitory for conversion into a temporary X-ray room	For bidding
MCH, Maribojoc	2016	146,000.00	Improvement of X-ray room	Under procurement process

	2016	500,000.00	Improvement of Water Supply system	For POW and other procurement doc preparation
--	------	------------	------------------------------------	---

Table XI. List of PGBh Equipment in 2017 for the Hospital

Name of Hospital	Name Of Equipment	Source of Fund
Cong. Natalio P. Castillo Memorial Hospital	None	None
Garcia Memorial Hospital		
Cong. Simeon Toribio Memorial Hospital	None	None
Teodoro B. Galagar District Hospital	Installation of PABX	PGBH
	1 unit-Anesthesia machine 1 unit-OR Table 1 unit-Patient monitor 1 unit-OR Light	DOH
Catigbian District Hospital	3 unit- Best Tank Stainless 2000 liters capacity 1 unit- Tarsier Ambulance (Toyota) with accessories, supplies, instruments and equipment	PGBH
Francisco Dagohoy Municipal Hospital	1 unit-Tarsier Ambulance with complete accessories	PGBH
Clarín Community Hospital	None	
Candijay Community Hospital	Installation of X-ray	PGBH
Maribojoc Community Hospital	1 unit-Tarsier Ambulance with complete accessories	PGBH
Pres. Garcia Municipal Hospital	1 unit OR table 1 unit Adult Cardiac Monitor 1 unit Pedia Cardiac Monitor 1 unit OR LED light	PGBH

### 2017 Proposed Infrastructure and Equipment Project for Hospital Modernization Phase II by the Provincial Government of Bohol

Aside from infrastructure and equipment, the provincial government also strived to strengthen other areas that affect health care such as health financing. It insured that utilization of PHIC programs and benefits are maximized and thereby established funding for PGB-sponsored PHIC enrollees and the Point of Care. As a result, most of the patients admitted in the hospitals are already PHIC members. The greater percentage of the source of hospital incomes also showed a shift from paying patients to PHIC patients.

Major programs, projects and activities were also implemented, in part or in full, in 2017.

1. Launching of GMPH CT-scan
2. ISO application of GMPH
3. DOH TSEKAP Medical Mission of GMPH and TBGDH
4. TBGDH and Philos Surgical Mission
5. SMILE Medical Mission at TBGDH

6. Completion of Health Leadership and Management for the Poor (HLMP) of all Hospitals and PHO Hosp. Unit Staff
7. Monitoring of the Hospital Roadmap of PHO Hosp. Unit Staff
8. Preparation for transition from ISO:9001-2008 Quality Management System to ISO:9001-2016 Quality Management of TBGDH
9. Surveillance Audit ISO:9001-2008 Certification of TBGDH
10. On-going construction new building (TB-DOTS/ EMS/Dietary) of TBGDH
11. Ongoing Renovation (OPS-ER Area, Laboratory, X-ray, pharmacy) of TBGDH
12. Constructed CT-Scan building of TBGDH
13. TBGDH as one of the facility recognized in the 5<sup>th</sup> Recognition of the Government Quality Management System
14. CDH received Exemplary Achievers Award for the consistent exemplary performance in Newborn Screening in 2015 and 2016 and awarded on October 26, 2017
15. CDH was recognized for the outstanding support in the implementation of the unified Disease Registry Systems.
16. CNCMH received Exemplary New Born Screening Performance
17. Re-accreditation of CSTMH as Level 1 facilities
18. Give Assistance to Medical Missions
19. Improvement of the procurement process at the hospital level i.e., standardization of specifications of medicines & medical supplies & initiating steps for bulk procurement
20. Implementation of the PHIC Point of Care Program
21. Continuous implementation of the Medical Assistance Program of the DOH
22. Strengthening of the hospital PHIC claims
23. Implementation of the No Balance Billing
24. Accreditation from quality assurance body (ISO:9001-2008 Quality Management System) of TBGDH
25. Installation of Hospital Management Information System (HOMIS) at GMPH
26. Training of nurses on IV Therapy
27. Training on Basic Life Support and Advanced Cardiac Life Support
28. Training on Mass Casualty Incident
29. Fire & Earthquake drill
30. Conduct of Strategic and Operational Planning
31. Coordination with the Association Barangay Captains, LGUs and other CSOs

### Roadblocks Met

Even as the hospitals continue to perform and accomplish as best they can, they have met roadblocks along the way that affected their accomplishments, either preventing them from the start to reach their goals or hindering them from accomplishing them fully. Major identified roadblocks are as follows:

1. Slow procurement process
2. Delayed finding of a suitable lot for the construction of the new CNCMH facility
3. New DOH licensing requirements
4. Delay in the construction of suitable x-ray, CT scan and dialysis facilities for various reasons i.e. destruction from the earthquake, budgets, bidding process, contractors, DOH requirements
5. Budgetary shortfall for TBGDH due to its approved expansion without the needed budget supplementation
6. Existing budgets and processes not able to meet full implementation of NBBP, POC & MAP
7. Non-filling up of key vacant positions
8. Non-approval of the request for supplemental budgetary requirements for WMR deliveries
9. Lack of/ Insufficiency of some hospital policies covering hospital processes & procedures
10. Lack of functioning ambulances in some hospitals
11. DENR Requirements for DOH Licensing: Requirement of ECC , LTO Generator Set, Water Waste Treatment Facility
12. Strict EMR Implementation of PhilHealth

### Priority Areas for Action in 2017

In order to continually improve the services of the hospitals, there are identified programs, projects and activities that need to be done the soonest possible time. For 2017, these are:

1. Establishment and implementation of new schemes to improve procurement process
  - a. Consignment of drugs, medicines, medical supplies and laboratory reagents
  - b. Bulk procurement
  - c. Creation of a separate BAC and placement of separate PPMU staff for the hospital procurement
2. Re-accreditation as Level 1 hospitals
  - a. CNCMH
3. Completion and fully functional X-ray facilities
  - a. MCH
  - b. CNCMH
  - c. ClaCH
  - d. CPGMH

- e. CanCH
4. Upgrading of drug rooms to pharmacies
  - a. MCH
  - b. CNCMH
  - c. ClaCH
  - d. CPGMH
  - e. CanCH
5. Construction of a new hospital
  - a. CNCMH
6. Construction/ Rehabilitation/ Repair of hospitals damaged by the 2013 earthquake
  - a. MCH
  - b. ClaCH
  - c. FDMH
  - d. CDH
  - e. CSTMH
7. Construction/ Renovation/ Repair of hospitals for expansion and upgrading
  - a. TBGDH
  - b. CanCH
  - c. CPGMH
  - d. GMPH
8. Compliance to requirements for DOH accreditation for expansion of authorized bed capacities
  - a. CDH
  - b. CanCH
  - c. FDMH
9. Construction of necessary temporary structures
  - a. CNCMH
10. Construction of additional PHIC wards and private rooms
  - a. CDH
  - b. FDMH
  - c. CSTMH
  - d. ClaCH
  - e. Pre.CPGMH
11. Upgrade TBDOTS Facility from referring hospital to provider
  - a. CDH
  - c. CSTMH
  - d. CNCMH
  - e. ClaCH
  - f. MCH
  - e. Pres. CPGMH
12. Strengthening the implementation of the Point Of Care, No Balance Billing Policy, Medical Assistance Program
  - a. Establishment of clear and uniform policies
  - b. Allocation of necessary budgets
13. Rehabilitation of Hospital Water System
14. Procurement of Service vehicle and ambulance
15. Compliance to quality assurance policies
  - a. ISO
16. ISO 9001:2015 Certification Transition from ISO 9001:2008 standards of TBGDH
17. Manpower development & Capability-building
  - a. Master's degrees for key hospital positions (COH, CN, AO)
  - b. In-service trainings for regular medical officers
  - c. Customer service
  - d. Ethics

- e. Patient engagement in decision-making
- f. Project planning, implementation & monitoring
- g. Fiscal management
- h. IV therapy
- i. Basic Life Support & Advance Cardiac Life Support
- j. Medical records management
- k. Equipment maintenance and trouble-shooting
- l. Blood screening
- m. Basic computer literacy and troubleshooting
- n. Dialysis Operation
- o. Disaster-preparedness & response
- p. Supply Inventory Management System
- 18. Installation of need-based hospital staffing
  - a. Filling up of vacant positions
  - b. Hiring of contract for service personnel
  - c. Hiring of job order personnel
  - d. Outsourcing of services
- 19. Review Hospital Structure and Staffing
- 20. Computerization of hospitals
- 21. Establishment of HOMIS
  - a. Sharing of the TBGDH experience
- 22. Compliance to ECC standards
  - a. Strict implementation of the Sanitation Code
  - b. Hiring of a sanitation Engineer
  - c. Establishment of an uninterrupted water supply
  - d. Regular water testing
- 23. Establishment of dialysis facilities
  - a. CSTMH
  - b. GMPH
- 24. Continuous compliance to DOH & PHIC requirements
  - a. Procurement of medical equipment
  - b. Procurement of non-medical hospital equipment
  - c. Installation of 3-phase transformers
- 25. Revision & updating of hospital policies
- 26. Reactivation and strengthening of hospital committees
  - a. ManCom
  - b. Therapeutic
  - c. Infection Control
- 27. Improvement of hospital security
  - a. Installation of CCTV's
  - b. Construction of perimeter fence
  - c. Installation of paging system
- 28. Strengthening partnerships with overseas and local donors of hospital equipment
- 29. Acquisition of ambulances
- 30. Creation of a Provincial Implementation Coordinating Team
- 31. Compliance to the New DOH Licensing requirements for Level I and infirmary hospital

Sector : SOCIAL DEVELOPMENT  
 Sub-sector : Health, Nutrition and Population Development  
 Office : DEPARTMENT OF HEALTH (DOH)

## I. HIGHLIGHTS OF ACCOMPLISHMENTS FOR CY 2017

### Total Enrollment SY 2017-2018

Public Kindergarten Schools' Enrollment	25,182
Public Elementary Schools' Enrollment	157,442
Public Junior High Schools' Enrollment	80,498
Public Senior High Schools' Enrollment	24,227
Private Schools' Enrollment from Kindergarten to Senior High School	42,832
State and Local Universities' Enrollment Junior to Senior High School	1,084

### Number of Schools

Level of Education	Public	Private	Total
Elementary Education			
No. of Elementary Schools with Kindergarten	916	47	963
No. of Barangay with Elementary Schools	900	36	936
No. of Elementary Schools in the Island	934	109	1,043
No. of Elementary Schools in the Islet	43	0	43
No. of Mountain Barangay Schools	334	0	334
Secondary Education			
No. of Barangays with Secondary Schools	165	58	223
No. of Junior High Schools in the Island	168	71	239
No. of Senior High Schools in the Island	137	58	195
No. of Secondary Schools in the Islet	14	1	15
No. of Mountain Barangay Schools	56	1	57

### Number of School Personnel

Elementary Instructional Leaders	596
Secondary Instructional Leaders	145
Elementary Teachers	7,452
Secondary Teachers	3,684
Non-Teaching Staff	526
Senior High School Personnel both Teaching and Non-Teaching Staff	1,391
Total	13,794

### Key Performance Indicators

Based on table shown below, it can be interpreted that there will be more student to come in this next school year in secondary because of the high rate of completion and zero simple drop-out rate and also a very low repetition rate in elementary level. In such a manner that secondary personnel will be much demanded because of its high Gross Enrollment Rate for incoming year and also by the effect of the new curriculum.

Elementary

PERFORMANCE INDICATORS	SY 2016-2017
Gross Enrolment Rate (GER) K	63.7
Net Enrollment Ratio (Participation) NER-K	59.99
Gross Enrollment Rate (GER) ES	100.77
Net Enrollment Ratio (Participation) NER-ES	88.34
Cohort-Survival Rate	98.51
Simple Drop-out Rate	0.00
Completion Rate	97.86
Repetition Rate	1.14

Secondary

PERFORMANCE INDICATORS	SY 2016-2017
Gross Enrollment Rate (GER)	86.04
Net Enrollment Ratio(Participation) NER	69.37
Cohort-Survival Rate	83.76
Completion Rate	80.87
Repetition Rate	2.54

LIST OF ACTIVITIES IN 2017

Programs and Projects (PAPs) Division Initiatives:

- Dynamic Learning Program (DLP)
- Continuous Improvement (CI) Program
- Amoma. Giya, Alayon sa Kalamboan (AGAK) Program
- Leading, Achieving, Maximizing Potential of Students through Personalized Mentoring (LAMPoS PerMe) Program
- Cornerstone Program
- “Turo-Turismo” Program (SHS)
- “Eskwela Agrikultural” Program (SHS)
- Bohol Teachers’ Cooperative Projects
- Culture and Arts (DepEd personnel)

Accomplishment Regarding with ALS (Alternative Learning System)

Given the following data shown below regarding to the implementation of ALS, concluded that this program gave a huge opportunity for the out of school youth and student who are over-aged for their current grade level in school to proceed in the year level whom their aged is appropriate by giving special instructions from our ALS personnel to insure they are competitive for the year that they belong.

Number of ALS Learning Facilitator	
DepEd - Delivered:	Numbers
Mobile Teachers	50
Full-Time District ALS Coordinators	54
Part-Time District ALS Coordinators	0
Abot-Alam Mobile Teachers	0
DepEd - Procured:	0
Literacy Volunteers (2012-2014)	0
Instructional (Under Special Programs)	0
Instructional Managers (BP-OSA)	0
Total	104

Community Learning Centers (CLC)	
Type of CLC	Number of CLCs
Type 1	0
Type 2	4
Type 3	54
Type 4	0
Type 5	1
Total	59

ALS Activities

1. ALS Seminar Workshop
2. Regional Unified Kumustahan
3. Division ALS Day/ ALS Festival of Talents
4. Seminar and Lecture on Holistic Well-Being

For Bohol ALS Implementers.

Assessment 2015 Accreditation & Equivalency Test								
Learning Intervention	Test Takers			Test Passers			% of Passing	
	EL	SEC	TOTAL	EL	SEC	TOTAL	EL	SEC
Attended	257	2857	3114	119	2003	2122	46%	70%
Did not Attended								
Not Specified								
Total	257	2857	3114	119	2003	2122	46%	70%

ALS Data						
Indicators	2013	2014	2015	2016	2017	2018
Enrolment	7928	7698	7854	8447	3439	
Completers	5645	4545	4281	3095		
Registrants A&E Test	5645	4545	4281	3067		
Takers	4320	3530	3114	2602		
Passers	1975	1722	2122			

Given the result of the A & E test that is shown by the table located above, it is said that there is low percentage of passers in elementary level while on secondary level has a high percentage of passers in the said assessment. In that year also reached the highest number of passers than the other previous years. Based on the result of the said test, only few can pass and those are the individuals that are ready to face the challenge on the year level that they are going to go. For those who did not pass, they are going to be train again until they are ready to take on the grade level they are going to be.

#### A. HIGHLIGHTS OF ACCOMPLISHMENTS FOR CY 2017

1. **Pres. Carlos P. Garcia Scholarship Program** – Facilitated the semestral processing and release of financial assistance of P 6,000.00 tuition per semester, P 700.00 living allowance per month and P 1,000.00 book allowance per student for a total of 72 college students. These scholars are enrolled in 16 various colleges and universities in the province.

The CPG Scholarship Board approved a resolution increasing the benefits of CPG scholars effective school year 2017-2018: semestral tuition fee from P 5,000.00 to P 6,000.00; monthly living allowance from P 400.00 to P 700.00; and annual book allowance from P 500.00 to P 1,000.00.

2. **Bohol Educational Subsidy Program** – Facilitated the semestral processing and release of financial assistance of P 2,500.00 per student per semester for a total of 1,200 college students. These grantees are enrolled in 23 various colleges and universities in the province.

Qualifying examinations were conducted for 2,491 student-applicants in 7 testing centers strategically-located in the province to be accessible by them near their hometowns.

3. **Special Program for Employment of Students** – Conducted qualifying examinations for 2,063 student-applicants in the province. These students applied for temporary job placement during the summer break.
4. **Student Recognition Program** – Facilitated the distribution of medals and citations of Academic Excellence and Leadership Awards for outstanding graduating students in all 1,088 private and public elementary and secondary schools and colleges/universities in the province.
5. **Classroom Building Needs Validation** – Conducted school site inspections to validate classroom building needs of 34 elementary and secondary schools requesting for construction of new classrooms. Requests are supported with PTA and barangay resolutions.
6. **Anti-Illegal Drugs Campaign** – Conducted Trainors' Training for Teachers on Anti-Illegal Drugs Campaign with 67 teacher-participants from the Department of Education – Bohol and Tagbilaran City Divisions. The teachers will implement their action plans in the schools in its campaign against illegal drugs, among elementary and secondary schools as well as the parents and other partners in the community.
7. **Pres. Carlos P. Garcia Day Commemorative Program** - Facilitated the participation of 44 CPG scholars to the commemorative program of Pres. Carlos P. Garcia, in whose honor the scholarship program was established.
8. **The Outstanding Boholanos Around the World (TOBAW) Awards Program** – As member of the awards committee, participated in the series of coordination meetings in its awareness campaign for nominations. Bi-monthly meetings are called by the committee for updates on the status of submission of nominations and the extent of reach of awareness of the program.
9. **Galing Purok Awards Program** – As member of the awards committee, participated in the table evaluation of submitted purok nominations. Conducted on-site validations of qualified purok-nominees. Participated in the final selection of awardees in various categories.

10. **Countryside Development Program: Purok Power Movement** – As member of the technical working group, participated in the series of Orientations/Briefings, Reportings, Debriefings of the ProTeams, iProTeams, Special Sustainability Teams, and ProCAT Teams who are deployed to the different identified barangays in the province, with the ultimate objective of bringing government services closer to the people.

B. **CPG Scholarship Program**

**Educational Subsidy Program**

**Special Program for Employment of Students**

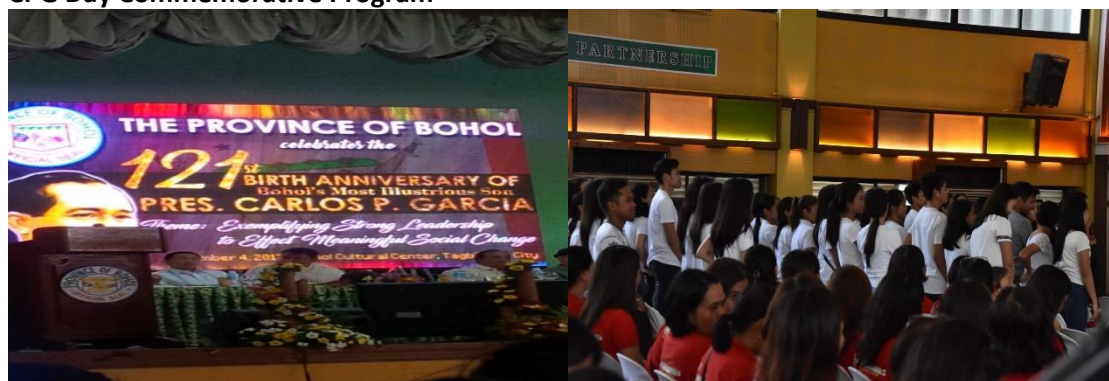

## Classroom Building Needs Validation

## Anti-Illegal Drugs Campaign: Trainors' Training

## CPG Day Commemorative Program

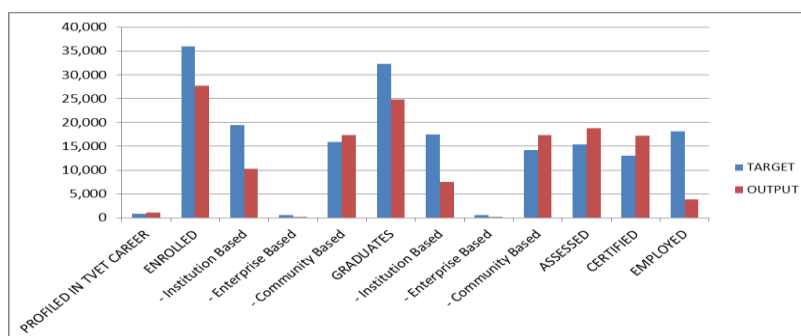

## C. Priority Areas for Action for CY 2018

1. Pres. Carlos P. Garcia Scholarship Program – fill-up 100% of available slots.
2. Bohol Educational Subsidy Program– fill-up 100% of available slots.
3. Student Recognition Program – cover 100% of schools.
4. Classroom Building Needs Validation – prioritize most-need schools; fully utilize budget allocation for school buildings.
5. Galing Purok Awards Program – campaign for increased participation of puroks.

 Sub-sector : Education and Manpower Development  
 Office : TECHNICAL EDUCATION AND SKILLS DEVELOPMENT AUTHORITY (TESDA)

# I. HIGHLIGHTS OF ACCOMPLISHMENTS FOR CY 2017

TESDA Bohol accomplishments in terms of its enrolment and number of graduates have gone up to more than a 100% particularly in the community-based sector. Institution-based and enterprise-based trainings trailed behind with a little notch to make it to a hundred percent. Assessed and certified are over a hundred percent which is very remarkable in terms of producing certified skilled graduates in the province.

TESDA Bohol is thankful for its partners and stakeholders, especially the LGUs, partner Enterprises and Industries as well as the public and private Technical-Vocational Institutions in the Province for the support and cooperation in implementing and delivering our programs and services.

## WOMEN'S MONTH CELEBRATION

TESDA-BOHOL has an eventful month in celebration of the Women's Month in March, with the theme "WE Make Change". Different activities were organized by PTCs and the Provincial Office such as Zumba, and a Fun Walk participated by the TESDA-BOHOL staff and trainees, including the residents of Inabanga and the Bureau of Fire Protection. There was also the symposium on health awareness for women.

A symposium on health awareness program for women, was one of the highlights of the activities. Dr. Ma. Trinidad A. Cabaron, M.D., of the Governor Celestino Gallares Memorial Hospital was the invited physician who delivered the symposium, particularly on women's reproductive system.

On March 17, 2017, in line with the women's month celebration, along with the trainees were the spectators in a film showing with a relevance to women. The participants were given a full concept on how to be in a woman's life, the Dos and Don'ts in dealing with a woman and emphasizing on how a woman can create a vital role in the society.

In line with the Fire Prevention Month, an Orientation on Fire Prevention and a Fire Drill was conducted by the Bureau of Fire Protection (BFP) of Inabanga, on March 7, 2017, attended and participated by the SMAW NC II and EIM NC II trainees , as well as the staff of PTC-Inabanga.

FO2 Renante A. Betinol, along with FO1 Jose Reyer P. Años and FO1 Sanny Boy R. Añasco were the facilitators of the said event. The 2-hr activity with a Fire Prevention Theme " BUHAY AT ARI-ARIAN AY PAHALAGAHAN, IBAYONG PAG-IINGAT SA SUNOG, AY SA SARILING PAMAMAHAY SIMULAN " ended successfully with the full cooperation of the trainees and staff, headed by its center administrator, Juanito B. Tumanda.

#### DRUG SYMPOSIUM

In pursuant to the government's campaign against illegal drugs, an Anti-Illegal Drug Symposium was conducted at PTC-INABANGA on March 22, 2017. Police officers PO1 Brylle Niones, PO1 Rosalio Cineza, Jr., PO3 Marcelino Nuñez were the invited the speakers from the Philippine National Police-Inabanga Police Station, for the said symposium.

The forum was participated by PTC staff headed by its center administrator, Juanito B. Tumanda and trainees of EIM NC II and SMAW NC II.

### Bohol Clean-Up Day

In compliance with the Bohol Clean-up Day, mandated by Hon. Governor, Edgar M. Chatto on April 7, 2017, a simultaneous and province-wide clean-up was participated by TESDA Training Centers in the province, including the Provincial Office, headed by PD Francisca R. Opog, Ph.D.

Bags of trash were collected from the clean-up, and a cleaner and greener environment was seen as a result of the said activity, which was also actively participated by the trainees and staff.

### COMMISSARY INAUGURATION

On July 17, 2017, PD Francisca R. Opog, Ph.D., was among the invited guests to the ribbon cutting and blessing ceremony of the new Commissary building of the Loboc Tourism Complex, in Loboc, Bohol, wherein, a number of TESDA trainees of COOKERY NC II, FBS NC II, go on their On-The-Job-Training (OJT). Also present in the ceremony were, Loboc Mayor Helen C. Alaba, former Mayor Leon A. Calipusan, the travel and tours operators and resort owners in Bohol.

A food tasting was also done after the ceremony, showcasing Bohol's finest, with no less than Bishop Alberto Uy, carrying out the blessing.

## PROVINCIAL SKILLS COMPETITION

The Bohol Provincial Skills Competition was held on August 3-4, 2017 at the activity center of the Island City Mall. It was actively participated by the Association of Public/Private Tech-Voc Institutions in Bohol.

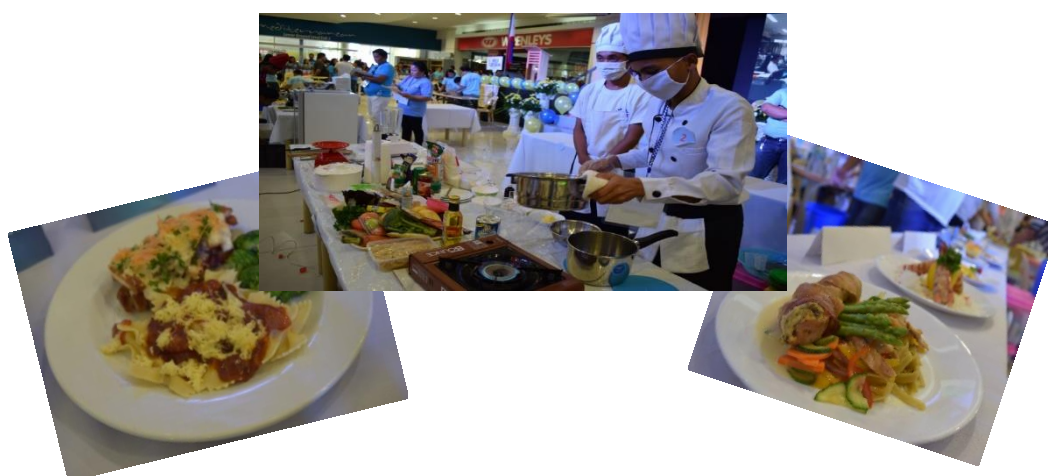

The program started off with a motorcade, with the delegates of TVET, province-wide, as well as the staff of the five Provincial Training Centers in Bohol, PTC-Bilar, PTC-Jagna, PTC-Tubigon, PTC-Inabanga, and PTC-Pilar and the staff from the TESDA-Bohol provincial office, headed by PD Francisca R. Opog, Ph.D.

Among the invited speakers, who gave their all-out support to the competition were, TESDA-R7 Regional Director, Conrado G. bares, CESO IV, Hon. Edgar M. Chatto, City Mayor, Hon. John Geesnell L. Yap III. Also in attendance was Vice-Governor, Hon. Dionisio D. Balite who gave his support on the second day.

The competition showcased the Boholano's skills and talents, particularly the Tech-Voc trainees and graduates. It recognized the trainees' abilities to become praiseworthy, world-class skilled workers that we can all be proud of. It also gave them an edge to compete in the real world and contribute to the economic development in the country.

### Consultative Meeting of TVET Stakeholders with Secretary Guiling “Gene” A. Mamondiong

*Sec. Mamondiong with members of APTIB*

*Sec. Mamondiong with TESDA-Bohol family*

The Technical Education and Skills Development Authority-Bohol (TESDA-Bohol) conducted a Consultative Meeting with TVET Stakeholders last August 21, 2017 at Reyna’s the Haven & Gardens graced by no less than TESDA Director General, Secretary Guiling “Gene” A. Mamondiong. Also in attendance were TESDA VII Regional Director Conrado G. Bares, Governor Edgar M. Chatto, Vice Governor Dionisio D. Balite, APTIB President Dr. Victor C. Lauron, PTESDC Chair Engr. Dionisio D. Balite and around 63 participants from the public and private training providers as well as all regular employees of TESDA-Bohol.

The main objective of the activity and the visit of Sec. Mamondiong was to listen the issues and concerns coming from the training providers and TESDA-Bohol staff. According to Sec. Mamondiong, being able to visit at the Provincial Offices nationwide will give him more insights and ideas in order to formulate plans for a better implementation of technical education and skills development in the country. He further emphasized that the presence of government officials and heads of TVIs was a manifestation of a strong partnership of TESDA-Bohol and its stakeholders.

Secretary Mamondiong emphasized that he will make necessary actions on the matters raised among others especially on the trainers' requirements without compromising the standards set by this agency and the industries. He also made a visit to the lone agri-training center in Bohol, the Maribojoc Binhi Sa Panginabuhian Demo Farm and Training Center, a registered farm school under the Provision of Special Technical Assistance for Program in Accelerating Farm School Establishment (PAFSE) in which an on-going training in Raise Organic Chicken and Produce Organic Vegetable, both leading to Organic Agriculture Production NC II under Training for Work Scholarship Program (TWSP) took place.

The Secretary was reiterating the government's advocacy for a corruption and drug free nation by starting with TESDA as an agency. Together as a family, all are one in fight against drugs and corruption.

#### 2016 KABALIKAT AWARDEE-LEGISLATIVE CATEGORY

TESDA celebrated its 23<sup>rd</sup> Anniversary with the theme, “Malasakit at Pagbabago, TESDA, Susi sa Kinabukasan”. As part of the celebration, recognitions were given to deserving awardees in different categories. One of the most prestigious awards was the 2016 KABALIKAT AWARDEE-LEGISLATIVE Category which was awarded to Second District of Bohol Representative, Hon. Erico Aristotle C. Aumentado on August 23, 2017 at TESDA Auditorium in Taguig City. Such award is given to a legislator who is a supporter and an active partner in delivering TESDA's Programs and Services. From 2014-2017, Congressman Aumentado has supported a great number of Boholanos who availed of TESDA Scholarship Program through his office and vowed to continue his advocacy in helping the agency produce competent and certified Boholano Workers.

## I. HIGHLIGHTS OF ACCOMPLISHMENTS FOR CY 2017

PSWDO has been mandated to provide immediate and appropriate interventions to help individuals and families cope with social, psychological, physical and economic problems arising from crisis situations. It offers various types of assistance to those in need; among the services is the Assistance to Individuals in Crisis Situations (AICS). Under the AICS the OPSWD released a total of **P15,975,060.00** in assistance to **10,971** indigent and vulnerable clients who sought financial help for their respective emergency concerns. Of this number; **9,875** asked for medical assistance, **974** for burial assistance, **41** for supportive assistance and **81** for transportation assistance.

For emergency response, OPSWD Provided food packs to **357** Red Tide Ban affected fisher folks/ shell gatherers in the Municipality of Dauis and **1,381** in the City of Tagbilaran last January 2017. The provision of food packs greatly helped the affected fisher folks/ shell gatherers on meeting their need for food while they still recuperate on the momentary loss of their means of income due to the Red Tide Ban. **600** flood affected individuals and families in the Municipality of Candijay were also given food packs. This also helped the affected individuals and families on meeting their need for food during the heavy rains last January 2017. We have also Released a total of **P149,000.00** in assistance for the medical expenses of **81** victims-survivors of an infectious Diarrhea in Totolan, Dauis, Bohol.

OPSWD played a vital role in emergency response during the armed conflict last April 2017. The incident greatly affected the Municipalities of Inabanga, Clarin and Sagbayan. We provided food packs and non-food items to **2,707** armed conflict affected individuals and families in the Municipality of Inabanga, Sagbayan, and Clarin with total cost of **P4,578,719.8**; The food and non- food items were a great help to the affected individuals and families on meeting their need for food during the armed conflict. Aside from the food and non-food items given, we also conducted stress debriefing sessions to a total of **215** children from Inabanga, Sagabyan and Clarin. The sessions provided the affected children with support very soon after the armed conflict has been experienced. They were given help with coping and recovering from the incident, and help to realize that they are not alone. We also extended financial assistance amounting to **P20,000.00** to Felix Petalco for the burial expenses of his parents, **Constancio and Cresanta**; who are both casualties of the siege perpetrated by members of the Abu Sayaff terrorist in Barangay Napo, Inabanga, Bohol last April 11, 2017.

The Provincial Government of Bohol thru OPSWD initiated the Tabang Marawi Desk to assist our affected brethren from Marawi City who have sought temporary shelter in our province. We provided various services, such as: the provision of food and non- food items to **103** families with a total number of **350** individuals; partnered with both University of Bohol and Holy Name University's community extension programs for stress debriefing sessions to the evacuees; facilitated the donation of food and non-food items from all local PNP stations of Bohol; extended a total of **P19,300.00** in assistance to help defray various medical needs of **9** evacuees; released **P4,000.00** burial assistance for the families of two evacuees who died due to lingering illness; provided wheelchair for the mobility of 2 evacuees who could no longer walk due to pelvic bone fracture and ischemic heart disease and lastly, we released a total of **P169,350.90** for transportation assistance to 50 families who have decided to go back to Marawi and areas near Marawi to be reunited with their families and reintegrated in their communities.

OPSWD personnel organized and participated several capability enhancement trainings. We had a successful conduct of the **AICS System Users Training, Installation and application of the Database System**. The said system aims to make the AICS program a lot more accessible to its clientele that would lead to faster daily transactions. Thus, gives way to the quick resolution of problems being faced by our poor and needy people. A handful of

OPSWD Personnel and other PGBh staff participated during the **Training on Psycho-Social Processing (PSP) with focus on the enhanced critical incident stress debriefing (E-CISD)**. The training was conducted in order to organize a pool of trained stress debriefers from PGBh; and to be able to quickly respond to the needs of our traumatized constituents during natural and man-made disasters. Personnel from OPSWD, PDRMO, OPA, and PHO also attended the **Disaster Preparedness training on Warehouse Management**; the training is designed to capacitate our employees on Warehouse Management skills in order to guarantee quality and efficient delivery of social services by ensuring that the food and non- food items that we ought to deliver to our people in times of disasters and other emergencies are properly stored and handled with care.

On Youth Welfare and Development, the Pag-asa Youth Association of the Philippines (PYAP) was re-organized in the later part of 2016. The Provincial PYAP Federation was able to adopt their own VMG and Constitution and by-law. As 2017, we have re-organized PYAP from 343 barangays from 13 municipalities. As identified we have 2,918 male and 1,988 female PYAP members. We were also able to provide technical assistance to two municipalities namely Danao and Catigbi-an during the conduct of Leadership and Team-Building Workshops for PYAP officers. Further, 12 LGUs were able to receive technical support in organization structuring. In addition, 36 LGUs were able to allot budget in support to PYAP activities. We were also able to facilitate the granting of scholarships to eight (8) in-school Government Internship Program and eight (8) out-of –school youth funded by the DSWD.

The Child Welfare and Development Program this year was able to conduct 3 Quarterly Meetings among Day Care Workers and Day Care Officers. In addition, with the on-going updating of ECCD- Information System we were able to send 3 PGBh staff to attend the Training of Trainers on new ECCD and IS Guidelines. As a result, we provided technical assistance on modules and encoding to 48 LGUs. In November 2017, we conducted the Provincial Children’s Congress wherein our Provincial Winner for Singing Competition bagged the 1<sup>st</sup> Place in the Regional Level. In partnership with DILG and DEPED Bohol, we conducted an assessment to 48 LGUs for the Child Friendly Local Governance Audit. Based on the audit, 47 LGUs were awarded with the CFLG Seal.

BOHOL YOUTH HOME. For Bohol Youth Home, we facilitated revision of Program of Work and detailed engineering design by the Provincial Engineer’s Office. There is also an on-going processing of 6 documentary requirements to the Juvenile Justice Welfare Council for the release of 10 Million grant from DSWD.

For Indigenous People Program, we facilitated 2 Bi-Monthly meetings of Sama-Bajau Management Council. For activities also, we were able to successfully conduct a community campaign on WASH, Health and Nutrition from April to May 2017. A food for work coastal clean-up in Bajau Vilage, Totolan, Dauis was successfully conducted attended by 100 families. We also assisted by provision of staff workers to conduct the House Tagging of 228 Bajau beneficiaries as requirement for the NHA relocation. In support also of ECCD, we have charged wages of 2 Bajau Child Development Workers to our funding.

Comprehensive Local Integration Program for Former Rebels/KRs. As part of the continuous program implementation for the Former Rebels (FR), we conducted a Monitoring and Needs Assessment with FRs in Tuburan , Ubay on March 15, 2017. It was attended by 42 FRs. In addition, Peace Advocacy Symposia was conducted in 8 barangays. Year-round, we also distributed CLIP Flyers as part of Information-Education Campaign. In November 2017, a Former Rebels General Assembly was held at the Bohol Cultural Center and was graced with the presence of Major Gen Aying, BGen Matanguihan, Lt Col. Joel Malig and Governor Edgar M. Chatto.

COUNTRYSIDE DEVELOPMENT PROGRAM – PUROK POWER MOVEMENT. In support to the CDP-PPM, we have deployed 3 PSWDO personnel as Community Organizers (CO) and 1 personnel as part of the Monitoring and Evaluation Committee. The COs conduct data gathering and campaign against Terrorism, Illegal Drugs and Insurgency. PSWD Office also provides technical assistance to CDP-PPM especially in trainings and workshops.

RELOCATION PROGRAM. In 2017, we facilitated the lot purchase for Cong. Natalio P. Castillo, Sr Memorial Hospital in Loon, Bohol. We were able to utilize 73 % of funds despite tedious process in relocation. There is also an on-going project in relation to relocation for Loon, Bohol.

**GALING PUROK AWARD.** The Galing Purok Awards was conferred on December 30, 2017 with 13 individuals, 20 puroks, 1 Barangay, 1 LGU and 1 NGA as awardees. During the search of awardees, we conducted 7 evaluators' meeting, 5 table and panel evaluation, 7 on-site validation.

For the BUB implementation, the PSWD Office facilitated the turn-over of Child Development Center in Cambansag, San Isidro on March 24, 2017 with a total budget of P650,000.00

Mini HEAT Caravans / Outreach Missions. We participated in 14 Mini HEAT Caravans / Outreach mission distributing food packs and Ukay-Ukay to 4,482 indigent families in the barangays.

**WOMEN, GENDER AND DEVELOPMENT (GAD) PROGRAM.** In 2017, we conducted of 13 Committee and Board Meetings. 2 Workshops were also scheduled for the GAD Code Revisit. Also as part of the Women's Month Celebration, we conducted 3 activities. First, the Women Led-Fun Run held last March 08 and participated by 195 participants. It was followed by a 3 Day Livelihood Exhibit and rummage Sale with partners from Women Economic Empowerment Project and Bohol Association of Women in Government Service (BAWIGS). The proceeds from the Rummage Sale was donated to Bohol Crisis Intervention Center (BCIC). Lastly, the conduct of Provincial Women's Month Culmination held on March 29, 2107 at the Bohol Cultural Center and was participated by 1,200 women. The Bohol Federation of Women's Association (BOFWA) organized in the first quarter of 2017 also took oath during the Women's Month Culmination.

**SOCIAL HEALTH INSURANCE** PhilHealth ng Masa - Special Universal Coverage Program for Indigent Enrolled 6,594 beneficiaries (M: 3,833 & F: 2,761) Point of Care for Indigent for indigent patients admitted in Provincial Hospitals 22 clients/patients referred & availed the "no balance billing"

Programs in the management of the **Bohol Crisis Intervention Center (BCIC)** were successfully conducted. **BCIC** catered a total of fifty four (54) clients served composed of forty four girls (44), two (2) child of girl, seven (7) women and two (2) children of women survivors of gender-based violence. An average of 35 clients served per month. Aside from providing them shelter and well balanced meal, provision of clothing and toiletries was ensured.

The Stimulation and Therapeutic Activity Center – Bohol (STAC-Bohol) is a rehabilitation facility that provides Comprehensive Rehabilitation Services and Special Education to indigent Boholano Children with Disabilities (CWDs).

Major programs that the center provides includes Comprehensive Rehabilitation Program, Supplemental Feeding, Medical Support Program, Social Enhancement Program, Parents' Support Program, Advocacy, Staff Development and other Support Services.

From January to December 2017, a total of 167 CWDs were served by the center in which 103 are males and 64 females. A total of 25 CWDs (17 males and 8 females) are newly enrolled.

Under the Comprehensive Rehabilitation Program, there are a total of 1,197 Physical therapy sessions conducted to children with physical disabilities and motor developmental delays once a week or depending on the need for more. 1,505 Occupational therapy sessions were conducted to children with behavioral and sensory disabilities and 714 Special education sessions were conducted to children with intellectual and learning disabilities.

Supplemental Feeding is a regular activity done in the center after a child's therapy sessions to improve their nutritional well-being and a total of 3,036 feeding sessions conducted for the whole year. For the medical support program, 50 CWDs received neurologist evaluation, 50 CWDs for physiatrist evaluation, 20 CWDs for EENT Evaluation and 12 CWDs received Speech Pathologist Evaluation.

2 batches of Case Conferences were conducted for the whole year in which the Interdisciplinary Team members composed of medical specialists, therapists, social worker and other needed professionals were able to discuss each client's condition and come up with an intervention plan to be implemented.

Social Enhancement Activities to CWDs conducted by the center for the whole year includes Dental Lecture and check-up, Hydrotherapies, Exposure trips, Tree Planting and Sensory Integration Activities,

STAC Bohol conducts activities in celebration of the different disability-related events such as Autism forum during the Autism Week celebration, Arts therapy during the Down Syndrome and Arts month, National Disability Prevention and Rehabilitation Week Celebration, Forum on Proper Nutrition during Nutrition Month, Mini Paralympics during the Cerebral Palsy Awareness and Protection Week, Children's Month & 10<sup>th</sup> STAC Anniversary Celebration and the STAC Grand Socialization.

STAC provides Parents Support Programs such as Livelihood Trainings, Parents' Training and Basic Orientation to STAC Services, Gender Sensitivity Training and Team Building Activities. Orientation on Disaster Risk Reduction Management in partnership with the PDRRMO was also conducted for the parents of CWDs.

Personnel from STAC Main and Satellite centers received training on the Update on Rehab Management. Resource speaker was Mr. Randy Calceña from the National Council on Disability Affairs. He was a Physical therapist by profession and also a Planning officer. Improvements in the facility includes extension of the Occupational therapy Area and Installation of Grab bars in two comfort rooms for a more PWD-friendly and therapeutic environment.

With the theme “mabuting kaisipan, susi sa kaunlaran,” the Rizal Day 2017 celebration started with a Eucharistic Mass at St. Joseph cathedral followed with the flag raising and wreath laying ceremonies and commemorative program at Plaza Rizal, Tagbilaran City

## B. CCAD Supported Activities

### 1. Women’s Month Celebration

- Promotional Support for Visual Arts Exhibit of Bajji Arts Collective- annual support for women visual artists in Bohol

In line with the 2017 International Women's Day theme, “#BeBoldForChange” as well as this year's Philippine National Women's Month celebration, “WE (Women Empowerment) make Change Work For Women”, the Bajji arts exhibit proudly adopts the banner of “Embracing Imperfections”.

*Bajji 2017: Embracing Imperfections* is the group's call for tenacity in challenging social pressure and perfection-based norms of how women should ideally present themselves in society. It is also an unraveling of stories of Boholanas as they deal with their personal struggles, scars, bumps, and so-called imperfections, actual or perceived. *Embracing Imperfections* as an artistic discourse also seeks to be inclusive of the narratives of women of all ages, colors, sizes, status, gender orientations and walks of life. It is in essence, a celebration of the female self and women empowerment.

**OBJECTIVES/GOALS**

*Bajji: An All-Boholana Arts Exhibit* seeks to gather as much Boholana visual and literary artists and showcase not only the artwork but the artist, as well.

This annual Women's Month collaborative arts exhibition of Bohol female visual and literary artists marks the seventh staging of (1) an all-women Bohol visual arts exhibit, (2) an all-women Bohol literary arts showcase, (3) an all-women Bohol visual + literary arts multi-discipline exhibit – (4) to weave a collective story of the Bol-anon *bajji* in (5) celebration of the 2017 National Women's Month.

This artistic collaboration carries the following continuing objectives:

1. Celebrate the Boholana's strength and grace, triumphs and struggles through the arts;
2. Create a positive space for discussion of pressing women's issues like reproductive health, violence against women, beauty & body issues, education & the environment;
3. Help promote and animate the Boholana arts scene, and build a stronger kinship amongst Boholana artists;
4. Spur more collaborative efforts within the Boholana arts community, in particular, as well as, within the Bohol women's community, in general; and
5. Include Bohol women in the arts to the greater Bohol women's movement, not limited to the National Women's Month celebration.

**ACTIVITIES**

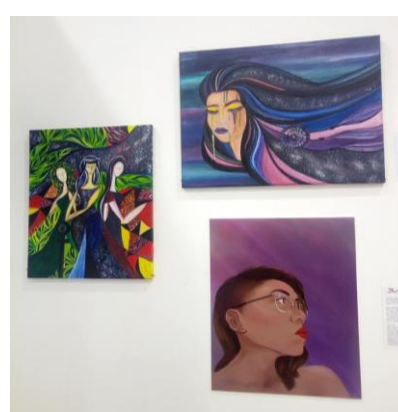

The exhibit shall run for one week from March 5-11, 2017. The exhibit venue is at Island City Mall (ICM), Dao District, Tagbilaran City

**Opening Program**  
Date|Time: March 5, 2017, 5:30-7:30 PM  
Venue: ICM Activity Center

**Symposium on Ovarian, Breast and Cervical Cancer Awareness & Exhibit Closing**  
Date|Time: March 11, 2017, 2:00-7:00 PM  
Venue: ICM Activity Center

**For Reference:**  
Jacquelou “Jhacky” Curambao  
Coordinator, Bajji Arts Collective  
Mobile: 09056748396  
Email: bajjicollective@gmail.com

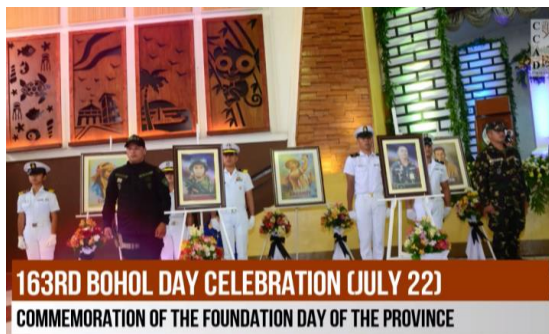

2. 163<sup>rd</sup> Bohol Day Celebration (July 22) – The commemoration of the foundation day of the province

The 163rd commemoration of Bohol Day gave tribute to the unsung heroes that became part of the Province's history. During the program, there was a Parade of Honors for provincial heroes and fallen soldiers led by the province's government officials, Philippine National Police and Armed Forces of the Philippines. With the theme "Celebrating the Heroism of Today's Boholano", the commemoration was also

highlighted by awarding outstanding true-blooded Boholano and 'non-Boholanos' who contributed and continuously shared themselves to Bohol.

3. Tigum Bol-anon Tibuok Pilipinas (TBTP) – A yearly gathering/get-together of Boholanos based in different parts of the country.

TBTP 2017 was dubbed as Balik Bohol 2017, which aimed of drawing Boholanos living outside the Province to come and celebrate the annual SANDUGO festivity. This was a 2-day event from July 29-30, 2017 with the theme "Duaw ug Lingaw- Lingaw sa Bohol." New sets of TBTP officers was also elected and installed.

## CULTURE EDUCATION AND OUTREACH:

### C. CCAD Initiated

1. InSPIRED HEAT IT Bohol Culture and Arts Caravan – cultural promotion conducted in the communities through cultural performances
  - Municipality of San Miguel, Bohol
  - Dangay, Alburqueque, Bohol
  - Poblacion II, Tagbilaran City, Bohol
  - Bool, Tagbilaran City, Bohol

- City Square, Tagbilaran City, Bohol
- Municipality of Alburquerque, Bohol
- Municipality of Calape, Bohol (2)
- Casica, Anda, Bohol
- Lonoy, Jagna, Bohol
- Poblacion Panglao, Bohol

#### D. CCAD Supported

1. Dagon sa Hoyohoy Musicale Tour with Kasing Sining- a theatrical presentation on the life and heroic struggle of Boholano hero Francisco Dagohoy against the Spaniards, the longest revolt in the Philippine history

#### SKILLS TRAINING AND DEVELOPMENT:

##### CCAD Supported

1. 3<sup>rd</sup> Bohol International Dance Workshop- This activity aimed to inspire our local dancers, continue our quest for cultural excellence and to keep up the international standards on performing arts. Basic dance workshop, advance dance workshop were the lessons during the activity.

2. Drama Workshop
3. Kuradang Workshop – Training for the basic steps and music of Kuradang
4. Kuradang Workshop at Catigbian in preparation for the town's Katigbawan Festival
5. Performing Arts workshop at San Miguel
6. Provide technical assistance to LGU Sikatuna Foundation Day in December

## CULTURE AND ARTS DEVELOPMENT:

### A. CCAD Initiated

1. Musical Tertulia – gathering of music enthusiast's feat. Classical music

2. Bohol Choir Festival – In collaboration with the National Commission for Culture and the Arts (NCCA), the Provincial Choir Festival was held last December 05, 2017 at Bohol Cultural Center. This event was a one-day gathering of aspiring local musicians in the entire province which was an excellent opportunity for our home-grown musicians to experience learning and showcasing their talents with other singing groups.

3. Script Writing Competition – for Andres Bonifacio Day

### B. CCAD Supported

1. Brigham Young University Orchestra Concert

The Brigham Young University is an internationally-renowned Chamber Orchestra from Provo, Utah. They visited Bohol last May 22-24, 2017 and held a concert at the Bohol Cultural Center. Boholanos were exposed to fine cultural performances by world-class artists, as well as appreciated the art of orchestral music.

## 2. Concert Tour of University of the Philippines Singing Ambassadors

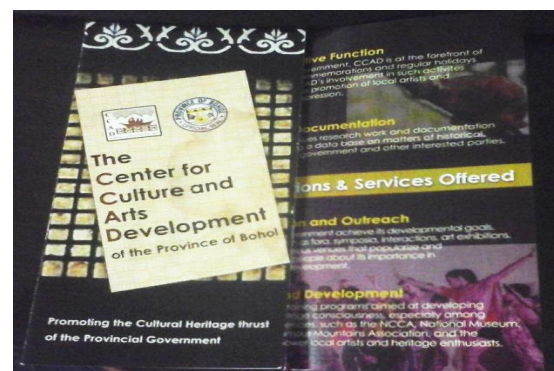

The UP Singing Ambassadors (UPSA) is one of Philippines' foremost choral groups. They celebrated their 37th Anniversary last 2017 with a Tour of the Bicolandia, Visayas and part of Mindanao.

To share their unique brand of music from the heart and to promote local and world culture through choral arts to Filipinos, UPSA held a concert in Bohol and to other cities

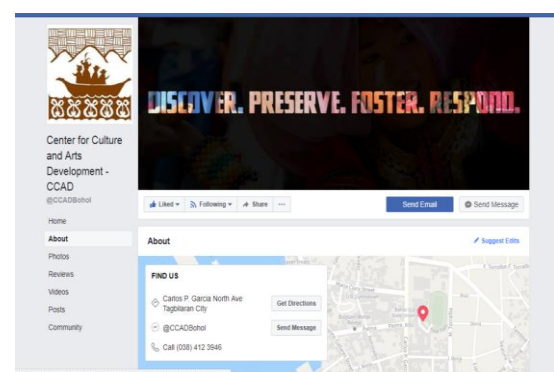

## RESEARCH AND DOCUMENTATION

1. Provisional script (brochure)
  - CCAD Brochure contains the information about CCAD, its Logo, its Functions and Services offered and contact information.

2. Launching of Facebook Page @CCADBohol

3. Construction of CCAD website

## I. HIGHLIGHTS OF ACCOMPLISHMENTS FOR CY 2017

### MFO 2 – ANCESTRAL LAND AND DOMAIN TITLING SERVICES

Finally it was quite one good year for the Eskaya ICCs/IPs for the continuation of the overdue CADT delineation. The Community Delineation Team (CDT) headed by the National Commission on Indigenous Peoples (NCIP) Bohol Community Service Center Head, Sisinio A. Amplayo, spearheaded the activities on a series of Information Education Campaign (IEC) to the Local Government Units (LGUs) Chief Executives and their respective Department Heads/Heads of Offices, asking their full support for the continuation of the Certificate of Ancestral Domain Title (CADT) delineation. Since most of the Local Chief Executives and heads of offices are new, hence, we conducted again IEC through a series of orientation especially on Republic Act 8371 “The Indigenous Peoples Rights Act of 1997” and CADT Delineation and Titling of Eskaya CADC 014. We sent out letters of information on schedule of activities, posted notices and even requested our Legal Officer IV – Atty. Hermie Jun Toledo and Engineer Jouie Calceña for our IECs on IPRA, CADT delineation and Ancestral Domain Sustainable Development and Protection Plan (ADSDPP). The CDT revalidated old documents, census within the CADC areas, evidences presented, testimony of elders, written accounts and other documents including anthropological data. Our last remaining activities were mission planning, perimeter survey, ocular inspection and reconnaissance for the presentation to the community for validation.

### MFO 3 – HUMAN AND ECONOMIC DEVELOPMENT SERVICES

#### A. ANCESTRAL DOMAINS MANAGEMENT PROGRAM

##### ANCESTRAL DOMAIN SUSTAINABLE DEVELOPMENT AND PROTECTION PLAN (ADSDPP)

Together with the Eskaya CADT delineation, we conducted a series of activities for the Ancestral Domain Sustainable Development and Protection Plan (ADSDPP) on the Eskaya IP communities in: Barangays Cantaub, Sierra Bullones; Taytay, Duero; Lundag, Pilar; and Biabas, Guindulman, Bohol. Before proceeding to said communities, we sent out notices in forms of letters to the LGUs of the municipalities concerned. Our main purpose is to send information especially to the local Chief Executives of the forth coming ADSDPP plans and projects intended for the IPs living in their respective jurisdiction without prejudice to the plans and programs of the municipalities.

ADSDPP is a long term plan and aims to ensure the protection, promotion and recognition of the rights of ICCs/IPs. The scope of the ADSDPP Phase I is social mobilization which centered on orientation to LGUs, ICCs/IPs, IP communities and presentation on the plans and programs. The creation of a community working groups were handled by the IPs themselves with the guidance from the NCIP as lead agency.

In totality, we already finished the Phase I which is social mobilization and created the Community Working Group (CWG).

#### B. IP EDUCATIONAL AND ADVOCACY PROGRAM

Merit-Based Scholarship Program (MBSP)	1	New MBSP Awardee Eskaya; Female
Educational Assistance Program (EAP)	20	10 on-going & 10 New EAP grantees 5 Males; 15 Females 1 Badjao; 19 Eskaya

LET REVIEW	2	Jolina Balaba and Mary Jane Laparan
------------	---	-------------------------------------

The maximum monthly compensation to be used in computing the membership savings shall not be more than five thousand pesos (P5,000.00).

**TOTAL ACCUMULATED VALUE (TAV) composed of the ff:**

- Employee Share - P 100.00 can be upgraded
- Employer Share - P 100.00 maximum
- Dividends Earned - (variable) average of not below 4% p.a.

##### B. Dividends Earnings

In the month of May 2017, the dividends earned in the previous calendar year 2016 was credited to each member of the Fund equivalent to 6.93% for Regular Pag-IBIG Savings or Fund 1 and 7.43% for the Modified Pag-IBIG 2 (MP2) Savings respectively.

**REGULAR Pag-IBIG Savings (Mandatory)**

- Higher yield
- Tax-exempt  
Free from 20% withholding tax
- Government guaranteed
- 20-year membership period

2016 Dividend Rate  
**6.93%**  
per annum

**MODIFIED Pag-IBIG 2 (MP2) SAVINGS (Voluntary)**

- Higher yield  
vs regular Pag-IBIG savings
- Minimum of P500 savings only
- Deposit anytime
- 5-Year maturity period

2016 Dividend Rate  
**7.43%**  
per annum

Comparative rate of dividends as declared in year 2012- 2016.

calendar

## II. BENEFIT ADMINISTRATION

### 1. Short Term Loans

Responsive to the needs of its members, Pag-IBIG offers Short Term Loan Programs such as Multi-Purpose Loan (MPL) & Calamity Loan (CAL) - a loan program that can be tapped by the members to provide immediate funds for their basic needs. The Multi-Purpose Loan (MPL) is being offered year-round as a regular program bearing an interest rate of 10.5% per annum and the Calamity Loan (CAL) on the other hand shall be available within 90-days only from the declaration of the specific area declared under a state of the calamity, bearing an interest of 5.95% per annum. Both loan programs are payable in 24-intallments. The branch released P155.817 million loan value to 9,559 STL borrowers

KEY PERFORMANCE AREA	2017 TARGET	2017 ACTUAL	% OF ACCOMPLISHMENT
STL (Loan Value)	P 151.997M	160.564M	106%
STL (Borrowers)	10,507	9,378	89%

### 2. Loyalty Card Program

Tagbilaran MSB was able to continue the roll-out of the privilege card program in the Province of Bohol with a total of 14,004 new cardholders in January to December 2017 in addition to 20,222 enrolled in prior years 2015-2016. See attached list of Partners as of December 31, 2017 marked as Annex B.

### 3. Provident Benefit Claim

In the year 2017, Tagbilaran MSB has been able to refund the savings to 2,070 members with a total amount of P78.854 million distributed based on the following valid grounds:

Grounds of Withdrawal	Number of Claimant	Amount Claimed
Maturity (20 years)	459	27.120M
Optional Withdrawal (10 & 15 years)	891	28.199M
Regular Claims	634	22.534M
Residual Claims	22	.067M
Additional Death Benefits	64	.522M
Total	2,070	78.297M

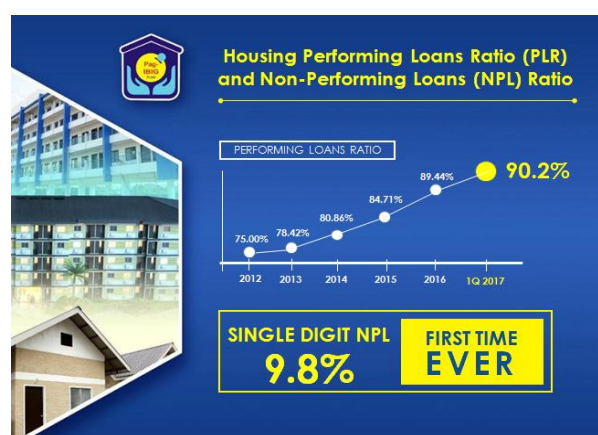

## Second Mandate: SHELTER FINANCE

### I. Housing Loan Take-Out

The Pag-IBIG Fund's total funding released for Tagbilaran MSB under its mortgage programs for the year 2017 achieved 128 units equivalent to 128% over the target of 100 units as committed to the Provincial Government of Bohol. The loan amount reached P184.570 million which is 186% of the targeted amount of 100.000M for 2017. Housing Loan take outs are broken down as follows:

	TAKE-OUT PER TOWN	LOAN AMOUNT	NO. OF BORROWER
1	ALICIA	1.000	1
2	ANTIQUERA	1.550	1
3	BACLAYON	7.304	6
4	BATUAN	3.625	2
5	BILAR	1.157	2
6	CALAPE	0.913	1
7	CORELLA	2.800	2
8	DANAO	1.500	1
9	DAUIS	16.028	10
10	DIMIAO	0.500	1
11	GUINDULMAN	1.770	2
12	JAGNA	4.166	2
13	HERNANDEZ	0.500	1
14	LILA	1.400	1
15	LOON	3.301	3
16	MARIBOJOC	7.221	4
17	PANGLAO	7.050	5
18	SAGBAYAN	1.479	1
19	SIERRA BULONES	1.000	1
20	TAGBILARAN	110.037	73
21	TUBIGON	3.874	2

TAKE-OUT PER TOWN		LOAN AMOUNT	NO. OF BORROWER
22	UBAY	4.400	5
23	UNIDO	1.995	1
24	Total	184.570	128

## II. Housing Subdivision Sites

	PROFILES	No. of Units	Total Area	Remarks
1	GMG Homes Subd., Guio-ang, Guindulman, Bohol Developer - GMG Homes (Edwin Du) (2006-2007)	65	10,000	DDL Project

December	766	95	10.978M
Total	11,354	1,135	162.629M

## 2018 PRIORITY ACTION ACTION TAGBILARAN MEMBER SERVICES BRANCH

### 1. Establish Linkages and Collaborations with LGU's.

Join the BOSS Caravan in the implementation of the 2016 Revised Permits and Licensing Standards in all LGUs. Do BPLO list validation, generate list of non-compliance, send negative list, conduct employers forum and require clearance during business permits renewal.

### 2. Intensify province-wide "BISITA INDUSTRIYA"/"BISITA LUNGSOD"

Campaign for savings upgrade and MP2 savings includes distribution of potential borrowers, identification of more drop off / pick up locations in the retrieval of MPL application forms, releasing of cash cards and coordination for kiosk deployment/loyalty card enrolment.

### 3. Inclusive Economic Growth

Share the growth of the Fund to the Other Working Group like:

3.1 Market Vendors Association/Cooperatives,

### 4. Office Reconfiguration of Tagbilaran MSB with One Look Design (see picture marked as Annex B) and Set-up the Member Services Office in Ubay

Provide avenue for Ease of Doing Business and Increase Competitiveness

### 5. OWG Campaign of Membership for Inclusive Economic Growth

Send letter to all 48 LGU's to secure list of Accredited Peoples Organizations/Associations/Cooperatives as of 2017

### 6. Compliance to BPLS Standard by providing the Negative List

Do BPLO list validation, generate list of non-compliance, send negative list, conduct employers forum and require clearance during business permits renewal.

### 8. Designate Account Monitoring/Field Investigation Officer per District

District - 1 Rodolfo C. Cuhit

District - 2 Hilario D. Ararao Jr.

District - 3 Leonardo C. Cirujales

## Revised Standards in Processing Business Permits and Licenses in all Cities and Municipalities

Per Joint Memorandum Circular No.01 Series of 2016 between DILG, DTI & DICT

Sec.3.2 Legal compliance to national laws providing requirements/conditions for the establishment/ registration/operation of business as well as **safety** and **labor standards**.

Sec 6.2 All business permit applicants shall comply with national laws and regulatory requirements.

- ▶ 6.2.1 For all new business applications, the requirements provided in 6.1.2.1 #1 of this JMC shall be complied with.
- ▶ 6.2.2 Upon renewal, all clearances/licenses/certificates required by national laws and regulatory bodies. All national government agencies and regulatory bodies requiring the clearances shall provide cities and municipalities with the **Negative List**- a list of non-complying business establishments which should be the basis for non-renewal of business permit. In all cases, the national government agencies and regulatory bodies shall notify the business establishments of their non-compliance and/or violation.

Sec.4.8 **Negative List** – contains the names of establishment that have outstanding non-compliance with statutory requirements imposed by government agencies, which will trigger an action from the LGU to inform the establishment to act on the non-compliance findings within fifteen (15) working days from receipt of notice. The negative list is usually provided by the concerned agencies to the city/municipality prior to the business renewal period.

## BPLS STANDARD IN 2016 (New Business Registration)

### PRE-REGISTRATION

1. Establish proof of Business Registration, Incorporation or Legal Personality:  
DTI for Sole Proprietor  
SEC for Partnership, Corp.  
PO's & Foundation  
CDA for Cooperative  
HLURB for Homeowners Association

2. Bases for computing taxes/Books Registration at BIR.

3. Building & Occupancy Permit or Contract of Lease or **Barangay Clearance**

### REGISTRATION

1. Submit the Unified business application form which consolidates all the information on a business registrant with all the attachments such as:  
a. Proof of Legal Personality  
b. **Occupancy Permit** or **Lease of Contract** or **Barangay Clearance**

2. One-time assessment of taxes, fees and charges

3. One-time payment of taxes, fees and charges. Receipt of OR, and Claim of Mayor's Permit and other permits and clearance.

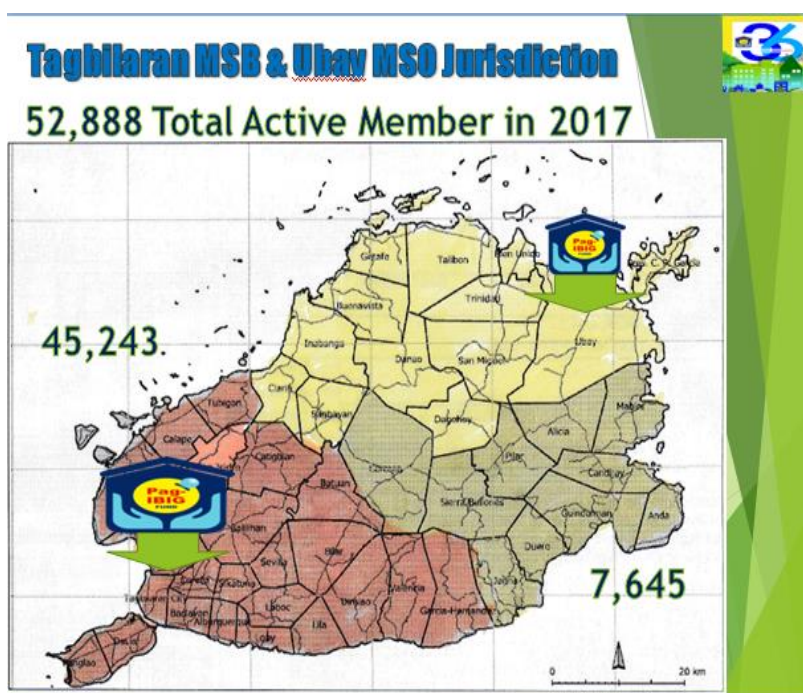

### POST-REGISTRATION

1. Conduct Post-Audit inspection, if necessary. To ensure compliance with statutory requirements imposed by govt agencies including GOCC and other regulatory agencies on **safety** and **labor** standards.

2. Quarterly (if applicable) assessment of taxes, fees and charges

3. Payment of quarterly taxes, fees and charges. Receipt of Official Receipt or process the closure of business if cease to operate.

Office	:	<b>PHILIPPINE STATISTICS AUTHORITY (PSA)</b>

## I. HIGHLIGHTS OF ACCOMPLISHMENTS FOR CY 2017

### INTRODUCTION:

The year 2017 has been great for PSA Bohol. Statistical and civil registration activities kept the office occupied throughout the year. Add to this the information dissemination campaigns, participation to milestones of other agencies, and capacity-building activities for the employees. All these are for achieving the mission of the PSA that is for equitable development towards improved quality of life for all.

### STATISTICAL:

#### Quarterly Labor Force Survey (LFS)

The LFS is conducted quarterly, particularly during the months of January, April, July and October. This survey aims to generate estimates on employment rate, unemployment rate, labor force participation rate, etc. at the regional level. This year, the office had delivered all the necessary requirements of the survey. Every quarter, 384 households, on the average, were covered province-wide. An innovation in the data collection, specifically, the Computer-Aided Personal Interview (CAPI), was implemented this year.

#### 2016 Field Updating of Maps and SSU Validation

The data collection of the Map Updating and SSU Validation was completed on January 23, 2017. The machine processing then started on January 30, 2017 and was completed by the end of March. This project involved the use of GIS technology in the verification of the location of sample households.

## 2016 Annual Survey of Philippine Business and Industry (ASPBI)

The 2016 Annual Survey of Philippine Business and Industry (ASPBI) was conducted last April with the 3<sup>rd</sup> Level training on April 10-11, 2017. The total number of sample establishments for the province is 271. A Respondents' Forum was then organized on May 11, 2017.

## 2017 Listing of Farm Households (LFH)

The 2017 LFH was conducted last July 2017 to refresh and update the sampling frame for agricultural-based surveys. Field operations lasted until December. However, encoding of the questionnaires using a tablet is still on-going.

## 2017 Family Income and Expenditures Survey (FIES) Pilot Testing on the use of CAPI

On November 6-10, 2017, task force training was conducted at Flushing Meadows, Tinago, Daus for the 2017 FIES Pilot Test on the use of CAPI. The activity involved 25 SRs and three team supervisors. Enumeration began on the 14<sup>th</sup> of November and ended on December 13, 2017.

## 2017 Tablet-Aided Geotagging of Building Structures

Another map-related activity was undertaken by the office this year. This is the 2017 Tablet-aided Geotagging of Building Structures. The 3<sup>rd</sup> Level Training was conducted on April 24-28, 2017 and participated by six hired Map Data Collectors and one hired Map Data Screener. The activity involved tagging of all building structures within the sample area. Field work lasted for five months.

### 2017 National Demographic and Health Survey (NDHS)

Three-week training on the 2017 NDHS was attended by SS II Colita O. Montoya and two hired SRs in Cebu City on July 10-29, 2017. This was the first time that the survey will use a computer-aided questionnaire. The survey covered 313 sample housing units province-wide and the enumeration period was from August 14 to October 12.

### 2017 Updating of List of Aquafarms (ULAF)

The 2017 ULAF started last October. Three Team Supervisors and 13 Enumerators were hired for the project. And by November 29, the enumeration was already completed. The activity aimed to update the sampling frame for the 2018 Survey of Aquafarms particularly on the location and volume, culture and management systems and species cultured in aquafarms.

### 2017 Quarterly Survey of Philippine Business and Industry (QSPBI)

Another quarterly survey conducted by the office is the QSPBI. For 2017, 29 establishments were sample throughout the year. This establishment-based survey provides quarterly data for the generation of the Quarterly national Accounts (QNA) and construction of Quarterly Economic Indicators (QEI) which measures the performance of the Philippine Economy.

## Monthly Collection of Prices

The PSA collects prices of a certain market basket of goods and services on a monthly basis. This data is necessary for the generation of the Consumer Price Index, Inflation Rate and Purchasing Power of Peso. For 2017, the statistics generated were as follows:

Year/Month	CPI	Inflation Rate	PPP
2017	153.0	2.2	0.68
January	151.1	3.4	0.66
February	151.6	3.7	0.66
March	151.7	3.3	0.66
April	152.3	3.4	0.66
May	152.5	3.1	0.66
June	152.9	2.9	0.65
July	153.0	3.0	0.65
August	153.4	3.2	0.65
September	153.8	3.2	0.65
October	154.0	3.0	0.65
November	154.4	3.0	0.65
December	154.9	3.0	0.65

## Other Activities

Other activities of the office conducted for 2017 were as follows:

1. Monthly Integrated Survey of Selected Industries (MISSI)/Production Price Survey (PPS)
2. Construction and Domestic Trade Statistics
3. Palay and Corn Stocks Survey
4. Farm Prices Survey
5. Retail Price Survey for Agricultural Commodities
6. Wholesale Price Survey for Agricultural Commodities
7. Weekly Cereals and Fertilizer Price Monitoring
8. Backyard Livestock and Poultry Survey
9. Other Crops Production Survey
10. Survey on Slaughter Houses, Poultry and Dressing Plants
11. Palay and Corn Production Survey

## CIVIL REGISTRATION:

On the other hand, several activities in relation to the civil registration mandate of the PSA were conducted last year. Monthly, the office receives civil registry documents from all the Local Civil Registrars of the provinces. These documents were then encoded and transmitted to the Central Office for scanning and entry in the database.

Every February, PSA celebrates Civil Registration Month. For this year, these were the activities conducted and participated by the office:

- a. Mobile Registration/Services
  - i. Abaca and Tangkigan, Mabini – Feb. 2, 2017
  - ii. Paraiso and San Jose, Mabini – Feb. 3, 2017
  - iii. Bood, Ubay – Feb. 3, 2017
  - iv. Baybayon and Lungsodaan, Mabini - Feb. 6, 2017
  - v. San Roque and Abad Santos, Mabini – Feb. 7, 2017

- vi. Valaga and San Rafael, Mabini – Feb. 8, 2017
- vii. Marcelo and Tambo, Mabini – Feb. 9, 2017
- viii. Bagacay, Talibon – Feb. 15, 2017
- ix. Tanghaligue, Talibon – Feb. 28, 2017

#### b. Symposium

- i. San Jose National High School, Talibon – Feb. 3, 2017
- ii. Holy Infant Academy, Anda – Feb. 6, 2017
- iii. Bien Unido Academy, Bien Unido – Feb. 6, 2017
- iv. Tabalong National High School, Dauis – Feb. 8, 2017
- v. Symposium among Brgy. Captains, Brgy. Secretaries and BHWs – Feb. 8, 2017
- vi. San Isidro National High School, Tagbilaran City – Feb. 10, 2017
- vii. Manga National High School, Tagbilaran City – Feb. 10, 2017
- viii. Faraon High School, Jagna – Feb. 10, 2017
- ix. Jagna High School – Feb. 15, 2017
- x. Mansasa National High School, Tagbilaran City – Feb 17, 2017
- xi. Jagna Central Elementary School Teaching Personnel – Feb 17, 2017
- xii. Jagna High School Teaching Personnel – Feb. 20, 2017
- xiii. CVIF Teaching Personnel, Jagna – Feb. 21, 2017
- xiv. Dauis National High School – Feb. 24, 2017

- c. Hanging of Streamers of LCROs – All LCROs, except Sagbayan, hanged 2017 Civil Registration Month streamer/s

- i. Motorcade and Lunching of Civil Registration Month – Feb. 10, 2017
- ii. Lecture on AO I Series of 1993, PSA Bohol – Feb. 13, 2017
- iii. Gift Giving in Zamora, Talibon – Feb. 14, 2017
- iv. Mass Wedding in Tagbilaran City – Feb. 14, 2017
- v. Mass Wedding in Garcia Hernandez – Feb. 14, 2017
- vi. Radio Interview over DYPJ, Jagna – Feb. 21, 2017
- vii. Radio Interview over DYTR (Kapihan sa PIA), Tagbilaran City – Feb. 23, 2017
- viii. Lecture Series on Court Decrees, Legal Instruments, RA 9048, RA 10172 and Supplemental Reports, PSA Bohol, Tagbilaran City – Feb. 20, 27 & 28, 2017
- ix. Slogan and Essay Writing Competition, Galleria Luisa, Tagbilaran City – Feb. 27, 2017

Motorcade

### Mass Weddings

### Slogan and Essay Writing Competition

## STATISTICAL PLANNING AND COORDINATION:

National Statistics Month (NSM) is celebrated every October of the year. With the theme, “Facts and Figures for the Future: Statistics for Evidence-Based Decisions Towards AmBisyon Natin 2040,” the office conducted several activities for the 28<sup>th</sup> NSM. These were:

- Symposium
  - BISU Main Campus – October 6, 2017
  - Bagacay National High School – October 18, 2017

  - BISU Candijay – October 19, 2017
  - Catigbian NHS – October 20, 2017

## INFORMATION DISSEMINATION

As part of the information dissemination campaign of the office, a number of publications were released by the office this 2017. These include press releases on different activities and events, special releases on the monthly CPI and 2015 POPCEN results, and the “*Kinampay Mirror*”, the official newsletter of PSA Bohol.

The launching of the regional website as well enhanced the accessibility of data and latest updates of the PSA. The regional website of the Central Visayas is [www.rss07.psa.gov.ph](http://www.rss07.psa.gov.ph) with a landing page for Bohol, that is, [www.rss07.psa.gov.ph/bohol](http://www.rss07.psa.gov.ph/bohol).

## INFRASTRUCTURE DEVELOPMENT

### ❖ Transport and Access Development

#### A. Land Transport

##### ➤ A.1 Roads and Bridges:

The road network of Bohol has a total road length of 6,146.42 kms. of which 12% is classified as national road, 14% provincial roads, 1% city road, 5% municipal roads and 68% barangay roads.

The roads within the province are classified according to type of pavement: 3% asphalt, 27% concrete, 51% gravel and 19% earth.

There are 8,240.60 linear meters of bridges within the road network in the province of which 61% are concrete, 27% are steel, 8% are bailey and 4% are timber bridges.

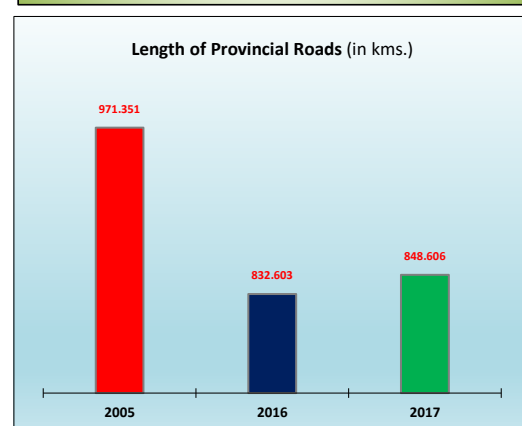

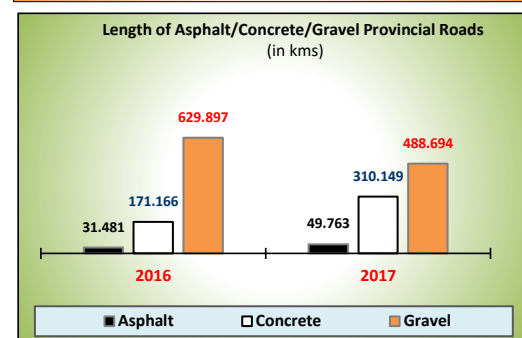

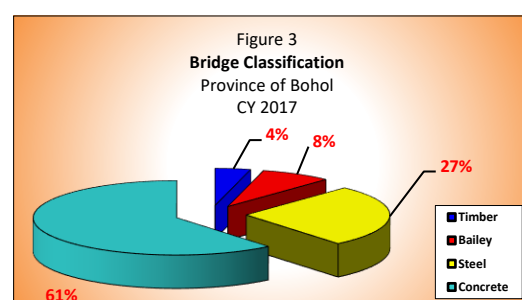

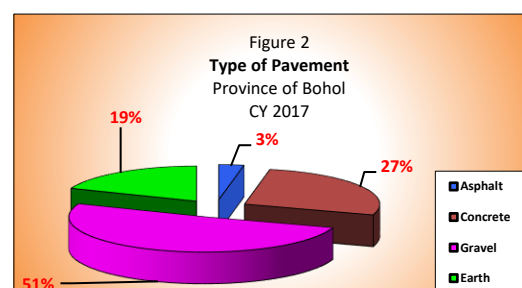

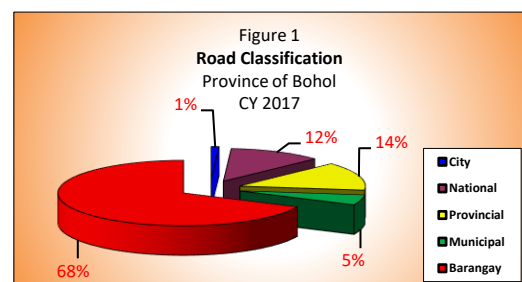

Temporary bridges such as bailey and timber comprises 12 percent which are already in bad condition and impassable to traffic due to poor maintenance. Some of the short span temporary bridges were converted to box culverts. There are also Box Culverts and Bailey bridges from the national which were also converted to RCDG. Seventy seven (77) bridges or 1,565 linear meters are under the jurisdiction of Provincial Government through the Provincial Engineer's Office.

In 2005, the length of Provincial roads totaled to 971.351 kilometers due to nationalization of Provincial Roads converted to National Roads thru different Republic Acts (Chatto Laws) and Nationalized Road thru Administrative Approval by Secretary of DPWH, the Provincial roads now at 832.603 kms. There were four (4) provincial road sections converted into national roads in the total road length of 119.049 kms. After conducted the Road and Bridge Inventory and Condition Survey (RBICS) of the Provincial Engineer's Office the length of the provincial roads increased to 848.606 kilometers.

The Provincial concrete-paved roads increased by 81%, asphalt increased by 58% while gravel decreased by 22% in 2017.

##### ➤ A.2. The Provincial Government is fortunate to have many interventions on road governance reforms:

1. **PGBh – Department of Tourism – Department of Public Works and Highways Convergence for Provincial Roads/ Tourism Highways Development:**

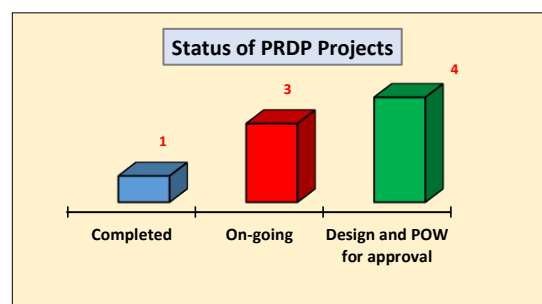

- In 2017, the DPWH, 3<sup>rd</sup> Engineering District implemented the DOT-DPWH Convergence for Provincial Roads
  - 1 project completed
  - 2 projects on-going
  - 8 projects for bidding

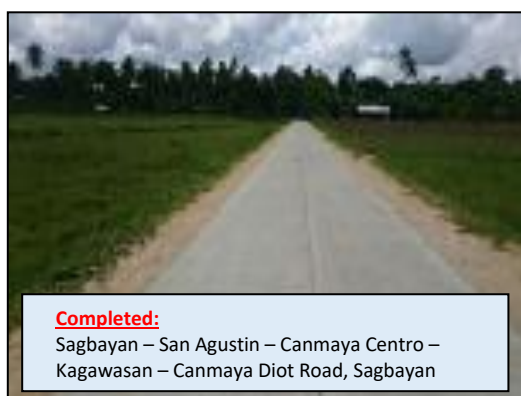

## 2. Counterparting Farm to Market Road Projects under the Worldbank Philippine Rural Development Project (PRDP) thru the Department of Agriculture and Provincial Government of Bohol:

- 8 Farm to Market Road Projects
- 58.2386 kilometers for concreting
- P631.7 Million total amount

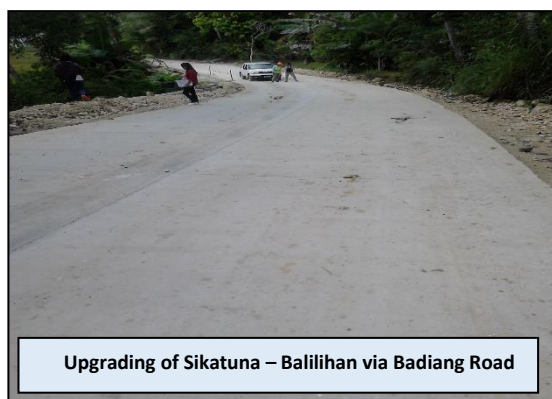

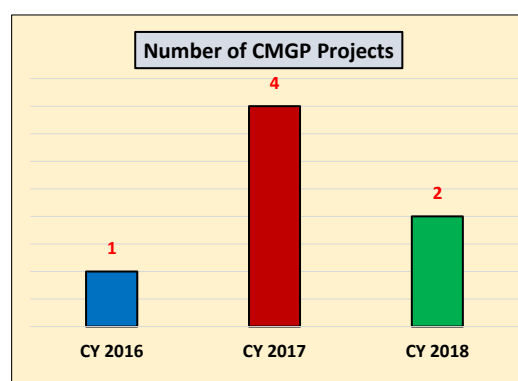

<b>Completed:</b>		
<ul style="list-style-type: none"> <li><b>SAGBAYAN</b>- San Agustin-Canmaya Centro-Kagawasan-Canmaya Diot Road</li> </ul>	5.9838 kms.	P 48.19 M.
<b>On-going:</b>		
<ul style="list-style-type: none"> <li><b>LOBOC</b> – Rehabilitation of Alegria - Bugho Road</li> </ul>	5.840 kms.	P 56.604 M.
<ul style="list-style-type: none"> <li><b>BALILIHAN</b> – Rehab. of Del Carmen Weste via Tugbas FMR</li> </ul>	2.840 kms.	P 27.715 M.
<ul style="list-style-type: none"> <li><b>CATIGBIAN</b> – Rehab. of Baang-Mahayag Norte FMR</li> </ul>	3.52874 kms.	P 27.151 M.
<b>Design and POW for Approval:</b>		
<ul style="list-style-type: none"> <li><b>BILAR</b> - Campagao-Cabacnitan Farm to Market Road</li> </ul>	11.972 km.	P 95.78 M.
<ul style="list-style-type: none"> <li><b>CALAPE</b> - Desamparados-Tabuan (Antequera) FMR</li> </ul>	15.8235 km.	P 126.59 M.
<ul style="list-style-type: none"> <li><b>LOON</b> - Pondol-Candaigan Farm to Market Road</li> </ul>	4.770 km.	P 56.00 M.
<ul style="list-style-type: none"> <li><b>INABANGA</b> - Dagnawan-Dagohoy Farm to Market Road</li> </ul>	7.8575 km.	P 82.86 M.

### 3. National and Provincial Government Convergence Thru the Conditional Matching Grant to Provinces (CMGP) (KALSADA Program):

- 7 road sections funded in 2016–2018 amounting P 608.0 Million
- to upgrade 37.990 kms of roads

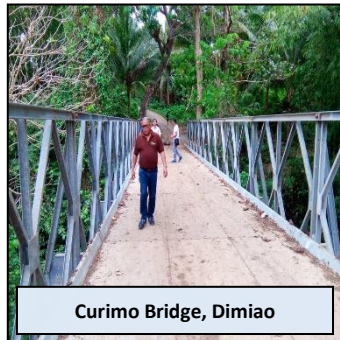

<b>Status of CMGP Projects</b>	
On-going	5 projects
Downloading on Process to PGBh	2 projects

**4. PGBh – Department of Agrarian Reform – Department of Public Works and Highways Bridge Project:**

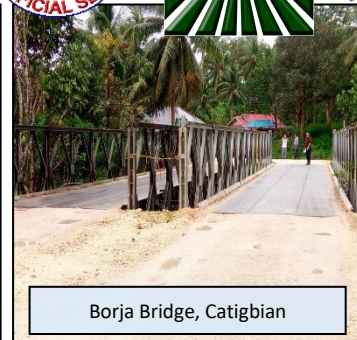

- 18 Local Bridges completed through DPWH - DAR

La Roca Bridge, Duero

Curimo Bridge, Dimiao

Borja Bridge, Catigbian

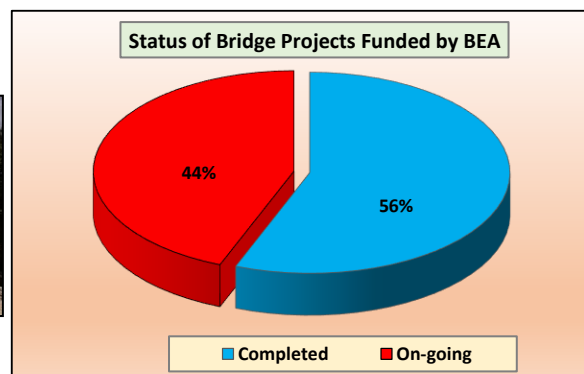

**5. PGBh – Department of Trade (DTI) –DPWH Convergence Fund through Road Leveraging for Industry and Trade (RoLL-IT) Program**

- 22 Road Projects Approved in the 2018 National Expenditure Program (NEP) amounting to P614.60 Million

**6. Repair & Rehabilitation of Bridges Funded by Bohol Earthquake Assistance (BEA) implemented by PEO:**

- 20 out of 36 bridge projects are completed and 16 are still on-going

Hibunawan Bridge

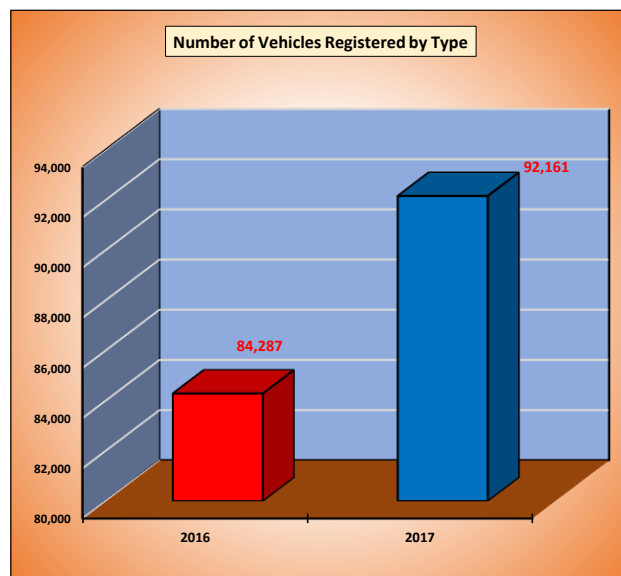

Agahay Bridge

### ➤ A.3 Road Traffic

Based on the combined data from LTO-Tagbilaran, LTO-Jagna and LTO-Talibon, the province increased by 9.34% in vehicle registrations in 2016 to 2017.

Meanwhile, as to the type of vehicles registered in 2016 and 2017, it has been observed that motorcycles consistently topped the list for Bohol.

High registrations of motorcycles are indicative of people opting for motorcycles as means of transport than for four-wheeled vehicle because of its affordability and low maintenance costs. Moreover, more individuals now as compared a decade ago or so can now immediately purchase motorcycles because motorcycle dealers in Bohol now offer low down-payment schemes of payments.

**Number of Vehicles Registered by Type**

Type	2016				2017			
	LTO I (Tagbilaran)	LTO II (Jagna)	LTO III (Talibon)	TOTAL	LTO I (Tagbilaran)	LTO II (Jagna)	LTO III (Talibon)	TOTAL
Cars/Vans/UV	15,697	5,279	4,725	25,701	14,644	7,779	6,642	29,065
Buses	156	178	91	425	21	168	119	308
Truck	2,869	1,387	1,937	6,193	2,332	1,435	2,237	6,004
Tricycles	3,707	563	1,117	5,387	3,180	625	1,910	5,715
Motorcycles	24,939	8,901	12,611	46,451	27,998	8,508	13,895	50,401
Others:	8	94	28	130	171	336	161	668
<b>Total</b>	<b>47,376</b>	<b>16,402</b>	<b>20,509</b>	<b>84,287</b>	<b>48,346</b>	<b>18,851</b>	<b>24,964</b>	<b>92,161</b>

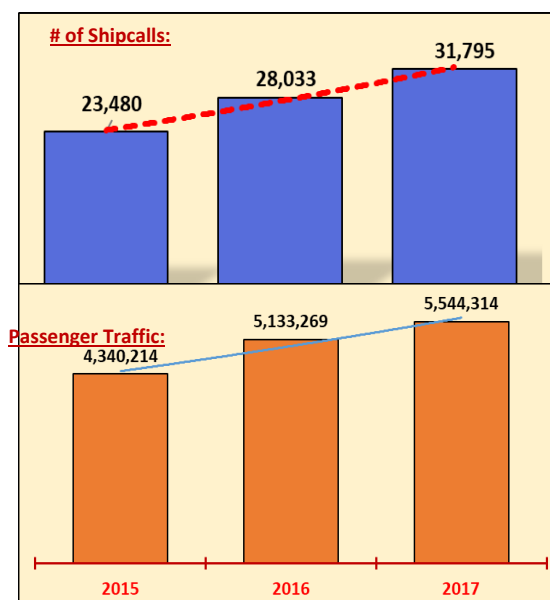

Source: LTO-Tagbilaran, LTO -Jagna, LTO-Talibon

### B. Seaport:

The province has 1 base port located in the Port of Tagbilaran, 4 terminal ports located in Tubigon, Talibon, Ubay and Jagna while 2 outports are distributed in strategic locations in Catagbacan, Loon and Getafe Port.

The total shipcalls have increased in 2015 to 2017 by 13%. While, the total number of passenger's traffic from the province's baseport, terminal ports and outports increased 2015 to 2017 by 8%.

Bohol PPA-PMO posted the 2<sup>nd</sup> highest percentage increase in revenues in 2017 among the PMOs in the Visayas

➤ **Seaplane Landing Port in Candijay**

- A new type of with P3 Million funded by the Provincial Government

➤ **Improvement of Cruise Ship Port of Loon in Catagbacan**

Proposed Design

### C. Airport

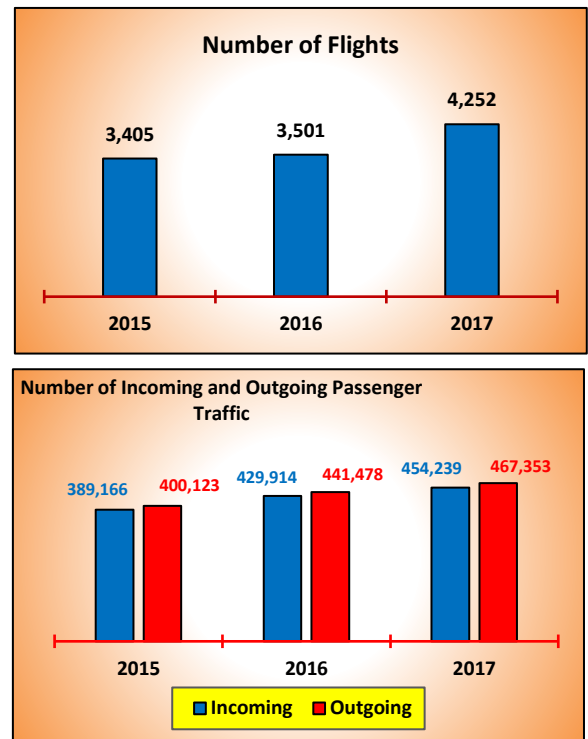

Bohol has two airports, the Tagbilaran Secondary Airport and the Ubay Feeder. Only the Tagbilaran City airport handles commercial and passenger traffic with direct flights to and from Manila through a number, making the province easily accessible to large numbers of tourists and investors.

Number of flights increased by 21% in 2017 and steady increase of passenger traffic with an average annual increase

Tagbilaran City Airport increased the number of flights by 21% in 2017 and a steady increase in passenger traffic with an average annual increase of 8% for incoming and outgoing passengers.

#### ➤ The construction of the New Bohol Airport Construction and Sustainable Environment Protection Project (NBACSEPP):

- The New Bohol Airport in Panglao is on-going and expected to be operational this coming August.

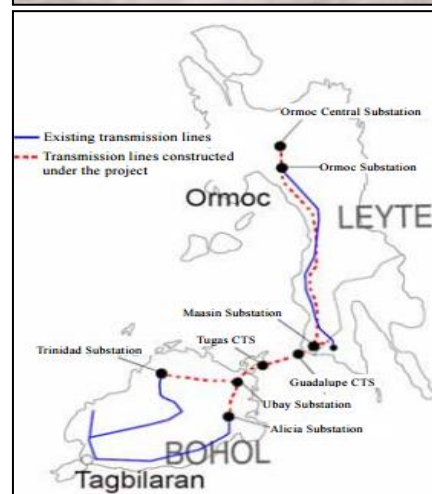

## ❖ Power and Energy

Bohol is supplied primarily by power plants located in Leyte and Cebu, with more than 50% for Bohol Electric Cooperative I (BOHECO-I), 100% for Bohol Light Company, Inc. (BLCI) and BOHECO-II. The province has indigenous Hydro Power resources, as evidenced by the existing 7.5 MW hydro power plant (about 11% of current total demand of the island). The Visayas Wholesale Electric Spot Market (WESM) supplies up to 29% of energy mix for BOHECO-I.

Majority of the power source of Bohol is coming from the Leyte-Bohol Power Interconnection thru submarine cables (such connection has an dependable capacity of 80 MW)

On the transmission system, Bohol is quite vulnerable owing to a single Bohol transmission interconnection with Leyte. There is also the problem of line congestion because the National Grid Corporation (NGCP) implements Manual Load Dropping (MLD).

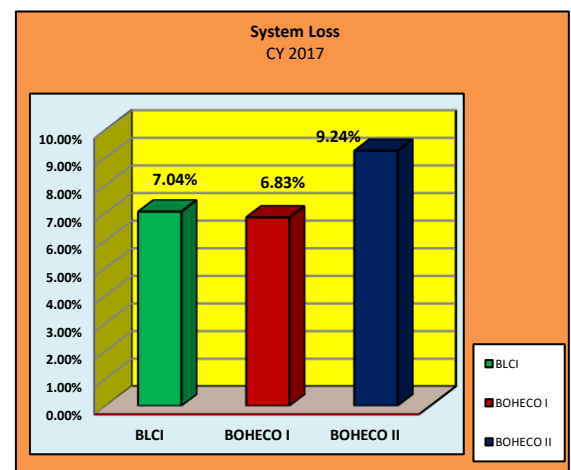

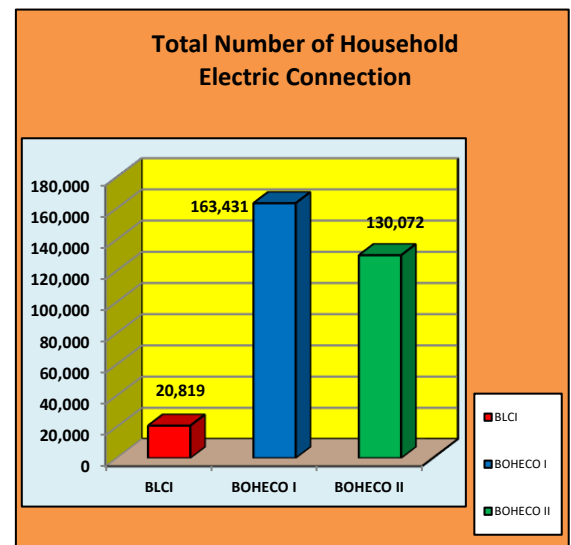

**BOHOL PLANTS CAPABILITY/DEMAND PROFILE  
CY 2017**

BOHOL PLANTS	INSTALLED CAPACITY (MW)	CAPABILITY (MW)	
<b>SIPC</b> (Formerly BDPP) Dampas, Tagbilaran City	<b>22.0</b>	<b>16.2</b>	
<b>Santa Clara Corporation</b> (Formerly LHEP) Tontonan, Loboc, Bohol	<b>1.2</b>	<b>0.9</b>

Leyte-Bohol Interconnection (LBI)	<b>80</b>	<b>80</b>	
<b>TOTAL</b>	<b>110.7</b>	<b>100.1</b>	
<b>Forecasted Demand</b>	<b>70</b>		
<b>Net Reserved</b>	<b>40.70</b>		

Source: SIPC, Santa Clara Corp., BOHECO I and NGCP

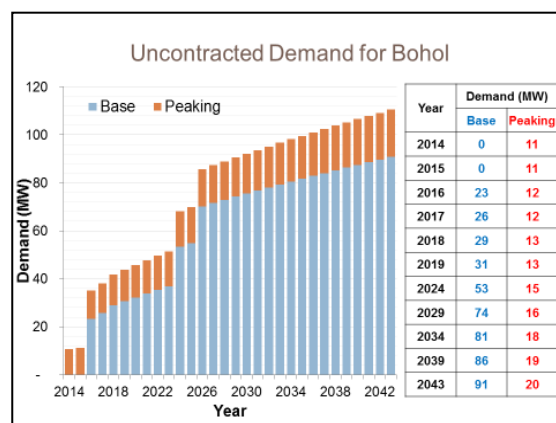

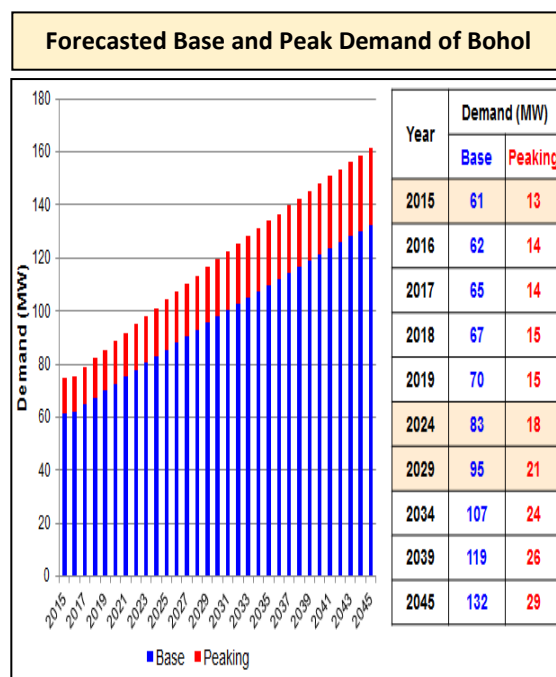

- Bohol has 3 Hydropower plants with total capacity of 3.9 MW
  - Santa Clara Corp. (Formerly LHEP)
  - Janopol Hydroelectric Plant (JHEP)
  - BOHECO I-Sevilla Mini-Hydro Corp. (BSMHC)
- All municipalities in the province are already provided with electricity.
- A diesel plant is located in Tagbilaran City
- Bohol has 3 Distribution Utilities
  - Bohol Light Company Inc.
  - Bohol Electric Cooperative I
  - Bohol Electric Cooperative II
- 100% of all barangays in the province are also energized as covered by BLCI, BOHECO I and II.
- The household connections for BOHECO I & II and BLCI increased by 6.43% in 2017 in which the BOHECO I has the highest number of household electric connections.
- The system loss of BOHECO I is 6.83%. BOHECO II is 9.24% and BLCI is 7.04%.
- The BOHECO II has the highest average power rate both for residential and commercial followed by BOHECO I and then BLCI.

- The BEDAG-TWG was able to come up with the following future demand forecasts:

The conservative forecast shows that the Province of Bohol will have a demand of 61 MW (50MW Base and 11MW Peaking) to 113 MW (93 MW for Base and 20 MW for Peaking) from 2014 to 2043. The graph show the future demand of the island.

- Base demand will increase to 83 MW in 2024 and further to 132 MW in 2045.
- By 2017, the Province of Bohol will have a shortage of 38 MW. Below is a graph of the un-contracted demand of the Province of Bohol based on the data provided by the three (3) Distribution Utilities.

## • Power Supply Resiliency and Generation Project

- **One Bohol Power Project for Sustainable Long-term Power Supply**

- One Bohol Power Project for Sustainable Long-term Power Supply; this aggrupation of our private sector partners in the power industry, will soon be open for Competitive Bidding for affordable, reliable and environment-friendly power supply for Bohol
- Signing of Memorandum of Agreement between the 3 Utilities of Bohol for Power Aggregation
- Facilitation for power investors and business locators

- **Deployment of Power Barge at Tapal Port**

- Ubay Sub-Station Tapal 69 Kilo Volts Tie-Line and Power Barge 104, with the assistance of the National Grid Corporation of the Philippines (NGCP), SPC, BOHECO I & II, and BLCI

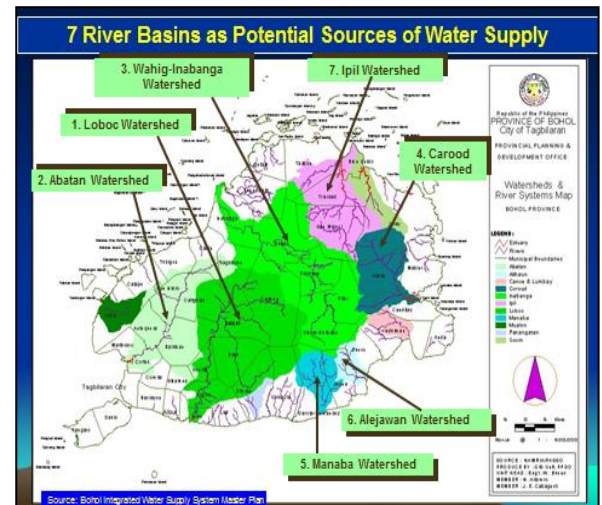

## ❖ Water and Irrigation

### A. Water Supply:

Bohol's water supply system for domestic, agricultural and industrial uses is mainly based on 2,224 springs, 59 rivers and 200 creeks. There are 22 rivers basins/watersheds that are valuable sources of water for drinking and irrigation. Surface water from rivers and streams in these basins are impounded and distributed for irrigation, electric generation, industrial use as well as for domestic use.

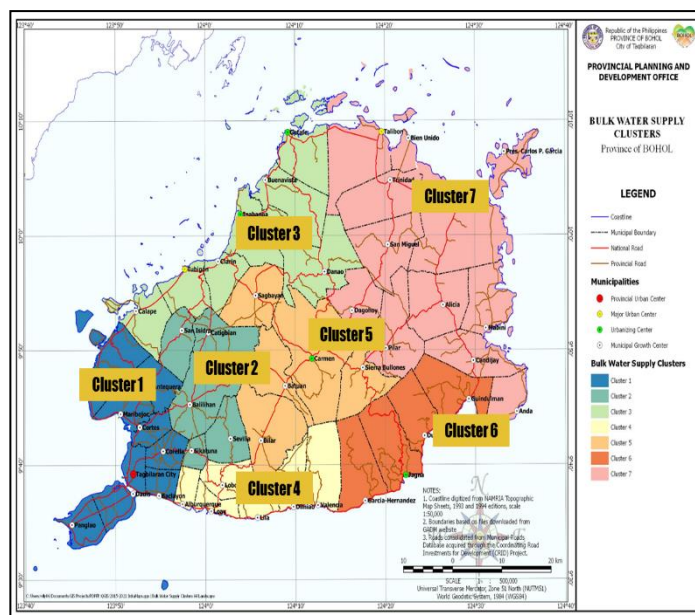

The existing water supplies available in the province have a Level III (individual house connections) system which is being operated by the LGUs. Most of the rural areas like barangays outside the Poblacion are being served by Level I (point source facility) and Level II system (communal faucet system).

Groundwater is the main source of water for the Province, which are then distributed by municipal waterworks and private entities.

### ➤ Bohol Bulk Water Supply and Sanitation Project

- For competitive bidding for **bulk water supply** of clustered towns.
- Investment of Richli Corporation which is now ongoing, the clustered bulk water supply procurement process is now under way.

## B. Irrigation

## Status of Irrigation Development

Province of Bohol

CY 2017

Status	Area (has.)	Percentage (%)
Total Land Area	411,730.00	
New Potential Irrigable Area	44,076.00	
Existing Service Area (Based on Service Area)	25,247.35	
NIS	11,806.35	
CIS	9,589.00	
Private	2,980.00	
OGA	872.00	
Remaining Area for Development	18,828.65	
Percent fo Development		57.28%

## ➤ Enhancement of Malinao Dam and other Irrigation Facilities:

- **Malinao Dam Improvement Project**

Location: Pilar, Bohol

Estimated Project Cost: PhP 651.464 M

Objectives: To double the impounding capacity of the existing dam in order to provide sufficient irrigation water to the unserved and under served areas.

Service Area for Restoration: 740 has.

Fund Released:

CY 2015 – P 10.00 Million

CY 2016 – P200.00 Million

CY 2017 - P100.00 Million

CY 2018 - P252.83 Million

**Status:** For re-bidding at NIA-Central Office

- **Bohol Northeast Basin Multi-Purpose Dam Project**

Location: Danao, Bohol

Service Area: 12,500 has.

Municipalities covered: Danao, San Miguel, Trinidad, Dagohoy, Bien Unido and Ubay

Source of Water: Wahig River

Project Objectives:

a. Irrigation System

b. 1.4 MW Hydro Power

Fund Released:

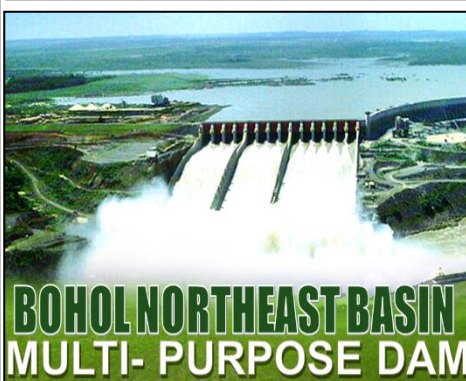

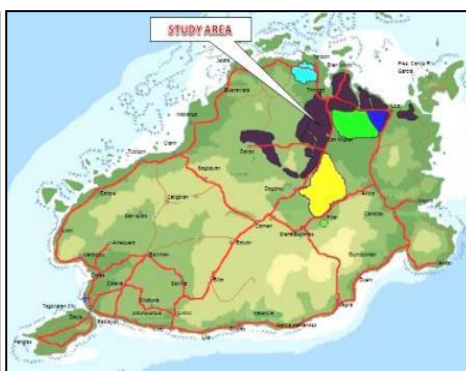

- CY 2014 = P11.320 Million - FS

- CY 2015 = P12.110 Million – FS

- CY 2017 = P10.000 Million – FS

- CY 2018 = P20.000 Million - DE

**Status:** CY 2014-2017 allocated for FS which is still on-going. CY 2018 Budget amounting P20 M will be programmed for Detailed Engineering.

- **Small Reservoir Irrigation Projects (SRIP):**

- 1. Calunasan SRIP**

Location: Calape, Bohol  
 Water Source: Calunasan Creek  
 Municipality Covered: Calape  
 Potential Irrigable Area: 250 has.  
 Potential # of beneficiaries: 400 farmers  
 Dam Type: Zoned Earthfill Dam  
 Estimated Project Cost: P512.645 M.  
 Fund Released:  
 CY 2013-2014 – P62.645 M – ROW, IF, Pre-Const.  
 CY 2018 – 450.000 M – Dam Const.

**Status:** *1 package remaining in GAA 2013 substantially completed and 3 packages also GAA 2014 for firm-up of quantities. Encountered delayed release of funds.*

- 2. Benliw SRIP**

Location: Ubay, Bohol  
 Water Source: Pasanan Creek  
 Municipality Covered: Ubay  
 Potential Irrigable Area: 400 has.  
 Potential # of beneficiaries: 600 farmers  
 Dam Type: Zoned Earthfill Dam  
 Estimated Project Cost: P590.000 M.  
 Fund Released:  
 CY 2013 – 2014 = P62.645 M. – ROW, IF, Pre-Const.  
 CY 2016 – 2017 = P360.000 M. – ROW, Pre-Const. Dam Const.  
 CY 2018 = P100.000 M. – Dam Const. & IF

**Status:** *On-going 24.202% accomplished*

- 3. Mabini-Cayacay SRIP**

Location: Mabini, Bohol  
 Water Source: Baujanan & Cawasan Creek  
 Municipality Covered: Mabini and Alicia  
 Potential Irrigable Area: 530 has.  
 Potential # of beneficiaries: 320 farmers  
 Dam Type: Zoned Earthfill Dam  
 Estimated Project Cost: P728.880 M.  
 Fund Released:  
 CY 2011 – 2014 = P229.880 M. – ROW, IF.  
 CY 2015 – 2017 = P415.000 M. – Dam Const.  
 CY 2018 = P84.000 M. – IF

**Status:** *On-going 9.71% accomplished*

- 4. Bonotbonot SRIP**

Location: Buenavista, Bohol  
 Water Source: Maubid Creek  
 Municipality Covered: Buenavista and Inabanga  
 Potential Irrigable Area: 550 has.  
 Potential # of beneficiaries: 220 farmers  
 Dam Type: Zoned Earthfill Dam  
 Estimated Project Cost: P620.000 M.  
 Fund Released:  
 CY 2012 – 2014 = P178.406 M. – ROW, Pre-Const. IF.  
 CY 2015 – 2017 = P280.000 M. – ROW, Pre-Const., Dam Const.

CY 2018 = P100.000 M. – Dam Const. & IF

**Status:** *The Dam Construction was supposedly schedule to start last September 25, 2017 but due to the conflict between Municipal Mayor of Buenavista and the key personnel assigned in the implementation of the Bonotbonot SRIP project it was suspended.*

#### 5. Hibale SRIP

Location: Danao, Bohol  
 Water Source: Catubuan Creek  
 Municipality Covered: Danao  
 Potential Irrigable Area: 400 has.  
 Potential # of beneficiaries: 800 farmers  
 Dam Type: Zoned Earthfill Dam  
 Estimated Project Cost: P650.000 M.

**Status:** *Feasibility Study were completed and at NIA-Central Office for approval.*

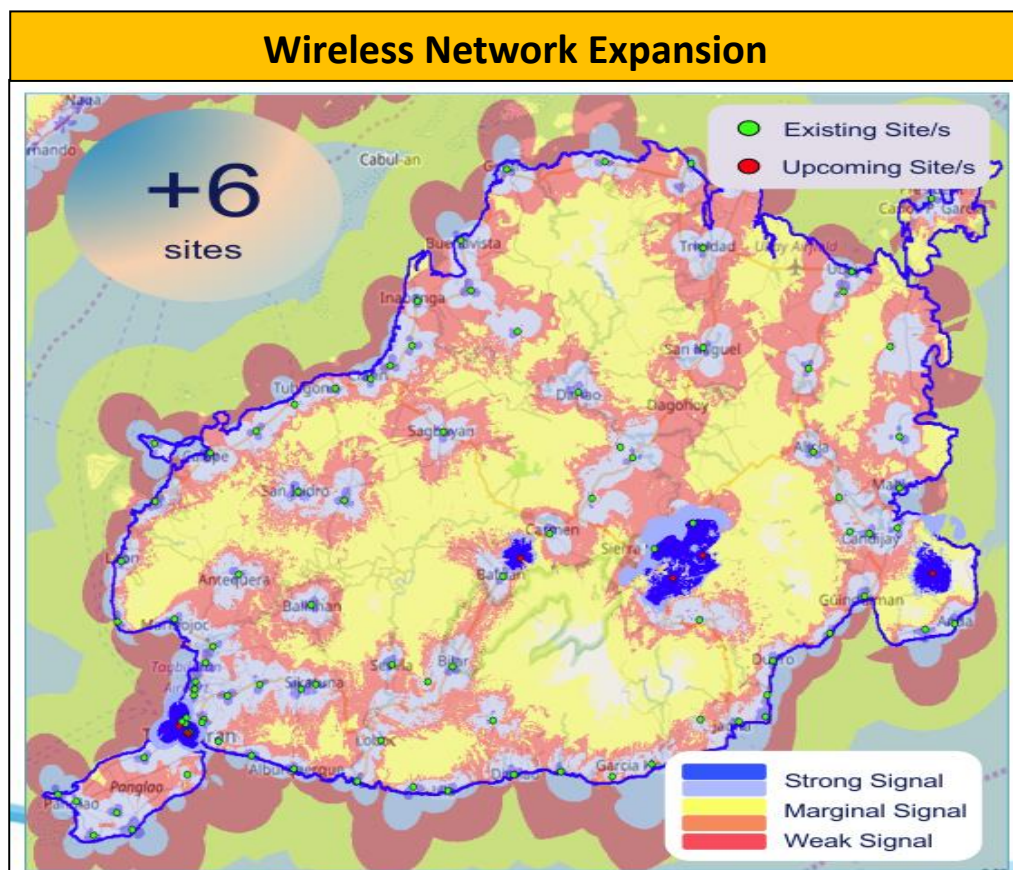

#### 6. Catungawan SRIP

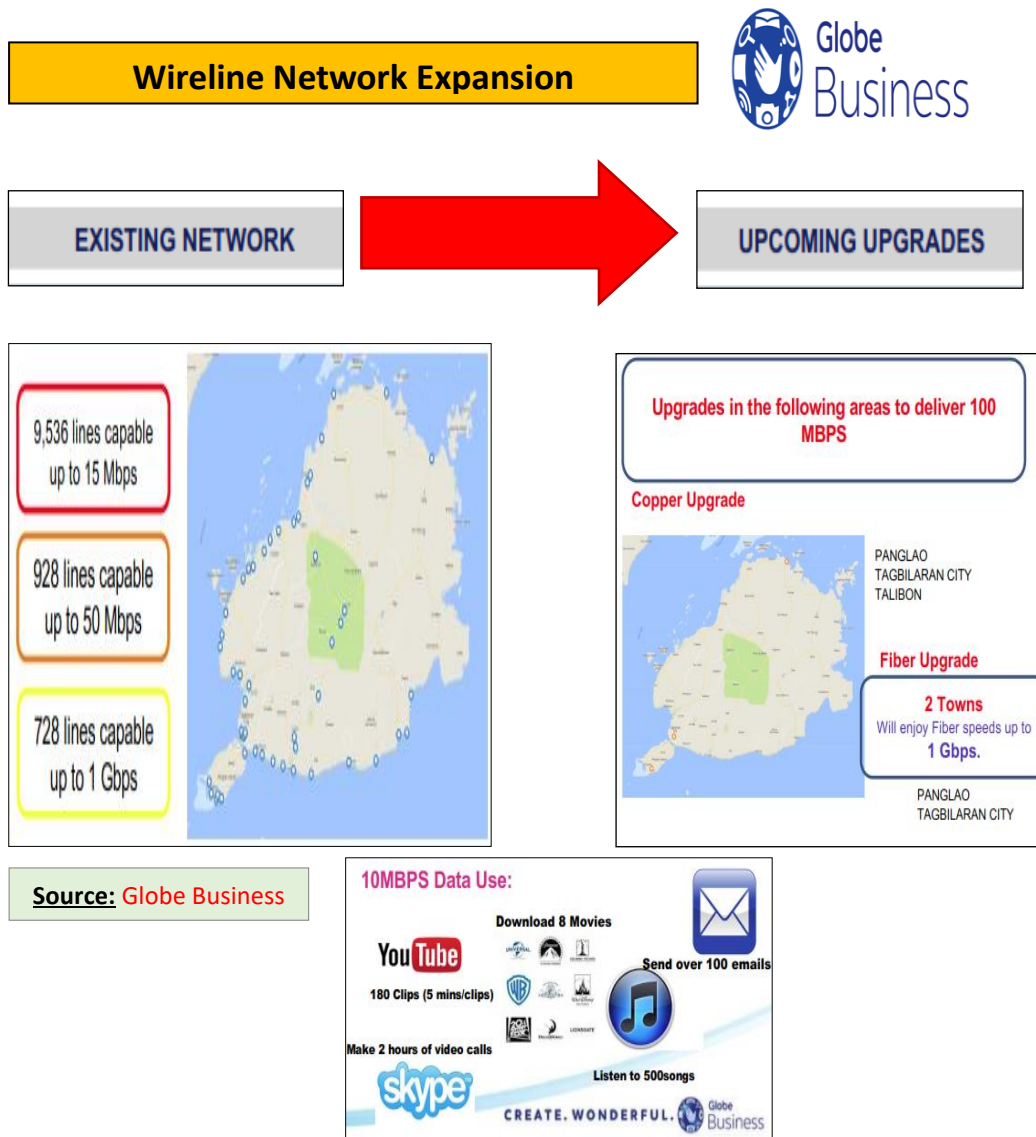

Location: Guindulman, Bohol  
 Water Source: Sumot River  
 Municipality Covered: Guindulman  
 Potential Irrigable Area: 320 has.  
 Potential # of beneficiaries: 640 farmers  
 Dam Type: Zoned Earthfill Dam

**Status:** *On-going Feasibility Study.*

### ❖ Communication

#### ➤ Expansion of Network by Telecommunication Companies

### ➤ Telephone Services

The province of Bohol is wired with the rest of the world through the state of the art telephone facilities that provide domestic and international linkages through three (3) service providers, namely PLDT/SMART, CRUZTELCO and Globelines where the public calling stations scattered throughout the province. CRUZTELCO concentrates their telephone services in Tagbilaran City, Jagna, Calape and Tubigon. PLDT and CRUZTELCO also provide payphones capable of international direct dialing. The Digital Telephone Exchange funded of the DOTC operates in the municipality of Tubigon, Talibon and Ubay.

### ➤ Mobile Phones

Smart, Sun Cellular and Globe Communications Incorporated have operated its cell sites in the entire province. With this mobile phone equipment, the connections can already avail of the efficient and convenient cellular telephone facilities. There are 192 units of cell sites such as 84 for Globelines, 65 for Smart and 43 for Suns Cellular located in some areas in the province. The people can make use of the regular services of the system such as domestic and international calls, text messaging, voice messaging.

➤ **Radio Services**

Radio using transceivers is still a widely used mode of communication in the province. It provides back-up system, to telephone service. The Bohol Law Enforcement Communications Systems (BLECS) plays a consistent role in assisting both public and private individual needs of communication. All local, provincial and national government offices have operational radios. The PNP/Military and civilian sector assist them especially during emergency cases like insurgency related incidents, commission of crimes and occurrences of natural calamities such as earthquake, typhoon, fire and flood and among others.

➤ **Broadcast and Cable TV**

There are four (4) broadcast media stations in Bohol namely: DYRD, DYTR, DYSD in Ubay and DYJP in Jagna. Two (2) FM stations (DYTR and DYRD) that are all operating and providing information and entertainment. The coverage for station DYRD is limited up to Clarin and Jagna with 5,000 watts capacity and DYTR has 10,000 watts capacity, has the widest coverage area equivalent to 80% provincewide. There is one relaying station based in Ubay, the station DYSD and one local station DYJP in Jagna, Bohol.

In the year 2017, Bohol has eleven (11) cable TV stations. The Bohol Community Cable Television (BCCTV) situated in Tagbilaran City, the Mantle Cable Station in Talibon, Alcyber Cable System which is located in the municipality of Loay, the Real Speed Cable TV Inc. in Calape, Southseas Vision in Tubigon, San Miguel Cable System in Jagna, Duero and Garcia Hernandez, Niña Cable TV System in Maribojoc, Zafra Cable in Panglao, Sto. Niño Cable TV System in Valencia and Dimiao, CCTN Cable System in Inabanga and DTV in Ubay.

➤ **Messengerial/Cargo Services**

There are messengerial and cargo services in the city, namely the LBC, 2GO, Air 21, Fast Cargo, Pambato Cargo Forwarders, AP Cargo, LIBCAP Super Express, JRS and DHL that handle package forwarding. Most of these offices are located in Tagbilaran City with branches in some major urban centers of the province.

➤ **Internet Access**

With the presence of facsimile machines and the internet, the patronage of telegram services has obviously decreased. There are three hundred ninety (390) internet café providers operating in the province.

---

<b>Sector</b>	:	<b>INFRASTRUCTURE DEVELOPMENT</b>
<b>Sub-sector</b>	:	<b>Transport and Access</b>
<b>Agency</b>	:	<b>Provincial Engineer's Office (PEO)</b>

---

## **I. Highlights of Accomplishment Report**

The Provincial Engineer's Office (PEO) has a Budget Appropriation for Calendar Year 2017 of P 85,894,662.00 for its Operating Expenditures, Maintenance and Other Operating Expenses.

Having the mandate of maintaining the provincial road network in fair to good condition, the PEO through the Project Management Divisions (PMDs) prepared the Provincial Road Repair and Maintenance with Minor Improvement Program (PRRMMIP) as guide for implementation. For 2017, it programmed 105 road sections for Maintenance by Administration (MBA) with Local General Funds for manual labor, fuel and materials and augmented by the 20% DF for minor improvement. Maximizing its resources, however, the PEO actually maintained 834.000 kms. of provincial roads and around 547.00 linear meters of bridges . In addition, the PEO programmed for Maintenance By Contract (MBC) using Local Funds in the amount of P 7,500,000.00 at P 2,500,000.00 per Project Management Division (PMD). One contract amounted to P 2,496,760.25 at PMD 3 which is already completed, while the projects of the other Project Management Divisions are yet to be implemented.

The office also programmed 19 road projects, 17 are for provincial road upgrading, one for tourist destination and one for road leading to a provincial government office, all from 20% Development Funds amounting to P 161,900,000.00. Of the 19 road projects, three have been completed; one project is on-going while contract documents are still being processed for the rest. The funds also include the appropriation for the Maintenance of Provincial Roads and Bridges and the Road Right - of - Way acquisition for the widening of Hantos Street, this city, to facilitate the rehabilitation and upgrading of this street to avoid future traffic congestion when the new capitol building shall have been completed and occupied by the provincial government employees.

The PEO project implementing divisions are still loaded with the projects funded with the 20% DF, CY 2016 and 2015 with the implementation duration carried over to 2017, which were delayed in the procurement.

Aside from horizontal projects, this office also implemented the Construction of School Buildings under the Special Educational Fund (SEF), Hospital Modernization Projects funded by the Provincial Local Government Unit (PLGU) and the Department of Health (DOH), and Farm-to-Market Roads (FMRs) under the Provincial Rural Development Project (PRDP) funded by the Department of Agriculture, World Bank and the Provincial Government of Bohol.

Bohol province is also implementing the KALSADA/Conditional Matching Grant to Provinces (CMGP) Projects channeled through the Department of the Interior and Local Government (DILG). One pilot project for CY 2016 and four road projects for CY 2017 are on-going.

Furthermore, this office assisted the City Government in the Rehabilitation and Upgrading of Calceta Street in Cogon District which is a city road packaged with funding allocation, Detailed Engineering Design (DED) and Construction Supervision and Contract Management (CSCM). Accomplishment reports are duly furnished to the City Mayor's Office through the City Engineer's Office.

Bohol Earthquake Assistance (BEA) funded projects marked two completed this year, eleven still on-going and others that are newly procured and issued Notices to Proceed are for implementation.

On the support services, the Planning and Programming Division (PPD) prepared the plans and designs of the infrastructure projects that are implemented by this office.

The Materials Quality Control Division (MQCD) conducted tests of the materials used in the projects to ensure that these pass the standards. This office was appropriated with funds to procure new laboratory apparatus and tools to upgrade its testing capability.

The Internal Control Division consolidated the reports of the different divisions and submitted them to the governor through the Provincial Planning and Development Office (PPDO) and other authorities like the DILG and COA.

The Administrative Division provided support services and made sure office policies, memorandums, executive orders and other issuances from higher management are being implemented.

## II. List of Completed Projects:

PROGRAM PROJECTS / ACTIVITIES	APPROPRIATION / FUND SOURCE	TARGETS	PHYSICAL ACCOMPLISHMENTS	REMARKS
<b>Upgrading of Provincial Roads :</b>				
1. Concreting of Jagna - Cabungaan - Lonoy Road	P 4,000,000.00/ 20% DF 2016	Base Preparation and Concrete paving L= 203.00 lm; W= 5.00 m.	100% accomplished	Completed, Jan. 31, 2017, Actual length of PCCP = 260.00lm
2. Concreting of Jagna - Cabungaan - Lonoy Road	P 2,000,000.00/ 20% DF 2015	Base preparation and concrete paving L= 183.00 lm; W= 5.00 m	100% accomplished	Completed, Feb. 6, 2015
3. Concreting of Canhaway Circumferential Road	P 2,000,000.00/ 20% DF 2016	Base Preparation and Concrete paving broken section L= 190.96 lm W = 4.00 m.; L= 25.85 lm W = 5.00	100% accomplished	Completed, Feb. 14, 2017

**Agahay Bridge**

**Concreting of Access Road to the 24-hectare Provincial Government Lot in Cortes, Bohol**

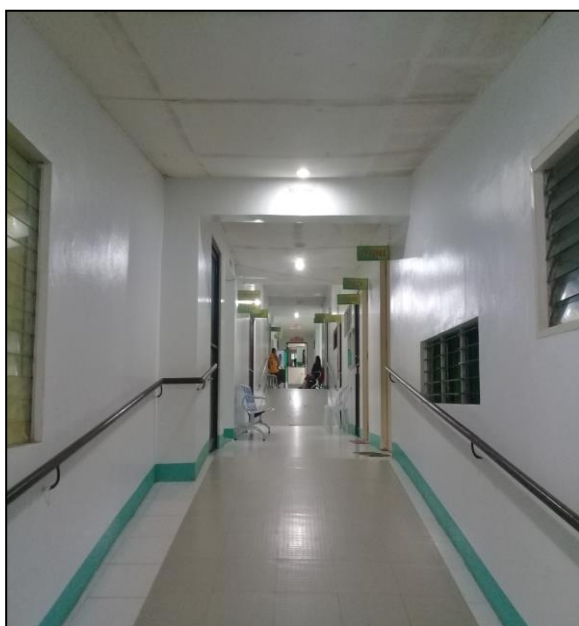

**Improvement of Waterworks System @ Panglao Resettlement Site**

**Construction of 1 Classroom School Building @ De la Paz Elementary School, Cortes**

**Improvement of Garcia Memorial Provincial Hospital (GMPH)**

**INFRASTRUCTURE DEVELOPMENT SECTOR**

**Sub-sector** : Transport and Access  
**Agency** : Provincial Motorpool Office (PMO)

For approximately twenty-seven (27) years of existence as a separate department, the Provincial Motor Pool Office (PMPO) has been operating to carry out projects being undertaken by the provincial government including maintenance of provincial roads and bridges, repair and shop servicing of province-owned equipment, and provision of equipment assistance to activities of other provincial government offices. Further, this Office generates income through provision of equipment to LGUs (discounted rates) and private individuals in need of equipment under rental scheme.

PMPO is composed of two (2) divisions (Technical) and one (1) support section (Administrative) and the following are its accomplishments for the calendar year 2017:

**Operations Division**

In the Operations Division, you can find working coordination with PEO and other offices of the provincial government; Municipal and Barangay LGUs; government or private organizations and private entities or individuals who were at times in need of equipment support.

As per yearly pattern, the PEO utilizes most of the equipment with a total of 93.61% in CY2017. The table below indicates the total number of hours and percentage of equipment utilization:

User	Utilization Hours	Percentage
Provincial Engineer's Office	49,005	93.61%
PGBh Offices	392	0.75%
Local Government Units	2,664	5.09%
Private Rental	288	0.55%
<b>Total</b>	<b>52,349</b>	<b>100%</b>

**Automotive Repair and Maintenance (ARM) Division**

For CY2017, ARM Division has repaired 839 times of assorted provincial owned light and heavy equipment with an average rate of 3-4 units per day as detailed in the table below:

Equipment Type	No. of Units	No. of Times Repaired	Ave. no. of units repaired per month
Dump Truck	21	334	27.83
Road Roller	8	71	5.92
Pay Loader	4	29	2.42
Road Grader	10	128	10.67
Bulldozer	3	30	2.50
Backhoe	3	31	2.58
Stake Truck	1	4	0.33
Prime Mover	1	13	1.08
Fuel Truck	1	15	1.25
Water Truck	1	0	0
Service Vehicle (PMPO & Other offices)	106	184	15.33
<b>Total</b>	<b>168</b>	<b>839</b>	<b>69.91</b> <b>Or 3-4 units per day</b>

**Administrative Division**

This division controls the consumption of our 20% Development Fund budget mainly intended for equipment maintenance, repair and other related works or development including procurement of new equipment. For CY2017 (January – December 19, 2017), the provincial government allotted a total of 22,800,000.00, P14,000,000.00 for Equipment Support to Road Upgrading and Rehabilitation Program and P8,800,000.00 for the Procurement of 1 unit Wheeled-Type Hydraulic Excavator. In 2017, the budget posted 80.61% utilization or earmark for Equipment Support and 100% for Procurement of Equipment or a total utilization of 88.09%. The accomplishment indicated a 11.91% of un-implemented planned programs and activities under the 20% Development Fund.

For its special tasks, this division facilitated the following: Successful assistance to the EMS implementation; participation to the Tree Planting Activity of the PGBh; conduct of Midyear Assessment, Operational and Strategic Planning at Bohol Tropics Resort, Tagbilaran City, Bohol; participation in the PGBh Family Day in BISU, Bilar, Bohol, and participation in the PGBh Christmas Activity.

For its regular tasks, this division was able to facilitate the following: procurement of various goods and services for both equipment operation and office operations; preparation, carding, processing and release of 90 per diems/reimbursement vouchers, 114 wages payrolls, 26 bills payment vouchers, 24 job orders, 26 salary vouchers, 11 RATA vouchers, 9 withdrawal vouchers, 3 clothing vouchers, 3 terminal vouchers, 20 monetization vouchers/payrolls, 6 loyalty payrolls, 14 liquidation vouchers, and 65 vouchers of suppliers' claims and purchase orders. Regular tasks accomplished also include preparation of various office communications and documents; documentation assistance to various office activities and meetings; timekeeping with 1,472 attendance sheets and 42 monthly reports; and pre-audit of all financial documents.

**PRIORITY AREAS FOR ACTION/PLANS/PROGRAMS FOR CY2018**

1. Procurement of 1 unit Service Vehicle;
2. Procurement of 1 unit Boom Truck for better field operations;
3. Phase 2 improvement of the main office building to include Office Entrance, Department Head Office and Comfort Rooms; and
4. Casual operators/drivers to be hired under plantilla for better salary and additional benefits giving consideration to the technicality and risks involved in their work activities.

## I. Highlights of Accomplishments:

### ➤ **DPWH REGULAR INFRA PROJECTS for CY 2017** **P 956,372.00M PROGRAM AMOUNT**

DPWH- Bohol 1<sup>st</sup>, DEO have eighty six (86) projects implemented under this fund source : 15 projects were roads; 7 projects under bridges, 6 projects flood controls, 3 projects tourist destination leading to seaports, 1 project rain water collector system (17 units) and 38 projects for local infrastructure projects. Out of 86 projects, 59 projects were already completed, 8 projects are on-going, 17 units for rain water collector system are on-going and 2 projects not yet started due to problem encountered. The actual accomplishment of 90.46 % as of December 31, 2017 under this fund source for CY 2017 Regular Infra Projects.

- **ROAD CONSTRUCTION**  
**P 155,994.00M Released**

This office have seven (7) projects under road construction with a total total length of 4.5285 km., 6 projects were already completed with a total length of 3.5085 km and 1 project is on-going with an average accomplishment of 97.32 % as of December 31, 2017.

- **BRIDGE CONSTRUCTION**  
**P 65,358.00M Released**

Seven (7) projects were undertaken by this office. Out of seven projects, (3) projects were completed, one (1) for retrofitting/strengthening of permanent bridges and two (2) projects for the rehabilitation/major repair of bridges. Two (2) projects are on-going, i project for the rehabilitation/major repair of bridges and 1 project for construction of new permanent bridges. Two (2) projects not yet started due to problem encountered. The actual accomplishment of 47. 17 % as of December 31, 2017.

- **FLOOD CONTROL CONSTRUCTION**  
**P 180,000.00M Released**

This office implemented 6 projects under this fund source, which are all completed with a total length of 3,714.03 lane km. with an average accomplishment of 100.00 % as of December 31, 2017.

- **OTHER PROJECTS (LOCAL INFRASTRUCTURE PROGRAM)**  
**P 234,339.00M Released**

Thirty eight (38) projects implemented under this fund source (roads, multi-purpose building, flood control, water supply and school building). Out of 38 projects, 36 projects were already completed and 2 projects are on-going. The actual accomplishment of 94.31 % as of December 31, 201

### ➤ **DPWH OUTSIDE INFRASTRUCTURE PROJECTS**

- **DEPARTMENT OF AGRICULTURE**  
**P 10,000.00M Released**

•

This office implemented five (5) projects under this fund which are all completed with an average accomplishment of 100.00 % as of December 31, 2017.

- **DepEd BEFF CY 2017**  
**P 147,312.56910M Released**

DPWH-Bohol 1<sup>st</sup>, DEO have 43 projects under this fund. Out of 43 projects, 12 projects which are BUFFER Funds were already completed, 10 projects BUFFER Funds are on-going and 31 projects not yet started. Out of 31 not yet projects, 1 project is for reversion and 30 projects are soon to be started with an average accomplishment of 9.10 % as of December 31, 2017

- **CARRY OVER PROJECTS**

The DPWH Bohol 1<sup>st</sup> District Engineering Office has completed CY 2016, 2015-2010 Regular and Outside Infrastructure Projects.

### III. PLANS, PROGRAMS & TARGETS FOR THE ENSUING YEAR 2018

1. Asset Preservation Program -Preventive Maintenance (Secondary Roads) Jct (TER) Daus-Panglao Rd.
  1. K0003 + (-271) - K0003 + 000
  2. K0003 + 086 - K0003 + 488
2. Asset Preservation Program - Preventive Maintenance (Secondary Roads) Tagbilaran East Rd (Tagbilaran-Jagna) K0250 + 000 - K0251 + 000
3. Asset Preservation Program - Rehabilitation/Reconstruction/Upgrading of Damaged Paved Roads Jct (TER) Daus-Panglao Rd K0008 + 000 - K0009 + 000
5. Asset Preservation Program - Rehabilitation/Reconstruction/Upgrading of Damaged Paved Roads Tagbilaran East Road(Tagbilaran-Jagna) K0251 + 000 - K0252 + 876
6. Asset Preservation Program - Rehabilitation/Reconstruction/Upgrading of Damaged Paved Roads Tagbilaran North Road(Tagbilaran-Jetafe Section) K0017 + 450 - K0018 + 000 K0036 + 300 - K0036 + 760
7. Asset Preservation Program - Rehabilitation/Reconstruction/Upgrading of Damaged Paved Roads Jct (TNR) Cortes-Balilihan-Catigbian-Macaas Rd K0034 + 140 - K0035 + 000, K0039 + 493 - K0041 + 679
8. Asset Preservation Program - Rehabilitation/Reconstruction/Upgrading of Damaged Paved Roads Jct (TNR) Maribojoc-Antequera-Catagbacan (Loon) K0029 + 900 - K0030 + 000
9. Asset Preservation Program - Rehabilitation/Reconstruction/Upgrading of Damaged Paved Roads Tagbilaran City-Corella-Sikatuna-Loboc Rd K0015 + 280 - K0016 + 130
10. Asset Preservation Program - Rehabilitation/Reconstruction/Upgrading of Damaged Paved Roads Jct (TNR) Cortes-Balilihan-Catigbian-Macaas Rd K0034 + 060 - K0034 + 200
11. Asset Preservation Program - Rehabilitation/Reconstruction/Upgrading of Damaged Paved Roads Jct (TNR) Maribojoc-Antequera-Catagbacan (Loon) K0021 + 000 - K0022 + 100
12. Asset Preservation Program - Rehabilitation/Reconstruction/Upgrading of Damaged

- Paved Roads Tagbilaran City-Corella-Sikatuna-Loboc Rd  
K0012 + 000 - K0012 + 400
13. Asset Preservation of Rehabilitation/Reconstruction of Roads with Slips, Slope Collapse and Landslide Tagbilaran North Rd (Tagbilaran-Jetafe Set)  
K0006 + 000 - K0006 + 237
  14. Asset Preservation of Rehabilitation/Reconstruction of Roads with Slips, Slope Collapse and Landslide Antequera-San Isidro-Libertad (Tubigon) Rd  
K0023 + 270 - K0023 + 400  
K0023 + 585 - K0023 + 795
  15. Asset Preservation of Rehabilitation/Reconstruction of Roads with Slips, Slope Collapse and Landslide Jct (TNR) Cortes-Balilihan-Catigbian-Macaas Rd  
K0009 + (-143) - K009 + 017  
K0014 + 900 - K0015 + 002  
K0017 + 250 - K0017 + 350  
K0027 + 510 - K0027 + 600  
K0044 + 450 - K0044 + 500  
K0045 + 600 - K0045 + 900
  16. Asset Preservation of Rehabilitation/Reconstruction of Roads with Slips, Slope Collapse and Landslide Jct (TNR) Maribojoc-Antequera-Catagbacan (Loon)  
K0031 + 600 - K0031 + 760
  17. Network Development - Off-Carriageway Improvement Tagbilaran North Rd (Tagbilaran-Jetafe Sect)  
K0003 + 000 - K0006 + 060  
K0011 + 000 - K0012 + 598  
K0012 + 861 - K0013 + 386.70
  18. Network Development - Off-Carriageway Improvement Jct (TNR) Maribojoc-Antequera-Catagbacan (Loon) K0013 + 931 - K0015 + 423.30
  19. Network Development - Off-Carriageway Improvement Panglao Island Circumferential Rd  
K0005 + 500 - K0007 + 137
  20. Network Development - Off-Carriageway Improvement Panglao Island Circumferential Rd - (S00064BH) K0007 + 137 - K0008 + 000  
(S00065BH) K0009 + 000 - K0010 + 000
  21. Network Development - Off-Carriageway Improvement Tagbilaran City-Corella-Sikatuna-Loboc Rd - K0011 + 017 - K0012 + 000, K0019 + 645 - K0019 + 900
  22. Ambassador Suarez Br. (B00097BH) along Panglao Island Circumferential Rd
  23. Tubig Daku Br. (B00019BH) along Jct (TNR) Maribojoc-Antequera-Catagbacan (Loon)
  24. Construction/Maintenance of Flood Mitigation Structures and Drainage Systems - Const. of Antequera River Control, Antequera, Bohol
  25. Construction/Maintenance of Flood Mitigation Structures and Drainage Systems - Const. of Camayaan River Control, Cortes, Bohol
  26. Construction/Maintenance of Flood Mitigation Structures and Drainage Systems - Const. of Cantomimbo River Control, Balilihan, Bohol
  27. Construction/Maintenance of Flood Mitigation Structures and Drainage Systems -Const. of Cantumocad River Control along Tagbilaran North Road, Bohol
  28. Construction/Maintenance of Flood Mitigation Structures and Drainage Systems - Const. of Sal-ing River Control, Balilihan, Bohol
  29. Antequera-Balilihan via Dorol Road leading to Chocolate Hills via Balilihan-Hanopol-Batuan Road from Catagbacan International Cruise Ship Port, Antequera and Balilihan
  30. Catigbian-Canmano Road (Catigbian Section) leading to Sagbayan Peak, Chocolate Hills and Danao Adventure Park, Catigbian, Bohol
  31. Construction of Perimeter Fence, DPWH Bohol 1st District Engineering Office, Dao, Tagbilaran City
  32. Construction of Access Road Jct. Tagbilaran City-Corella-Sikatuna Road leading to the Proposed DPWH Bohol 1st District Engineering Office, Tagbilaran City, Bohol

33. Completion of Multipurpose Building, Bingag, Dauis, Bohol
34. Completion of Multipurpose Building, Cancatac, Corella, Bohol
35. Construction of Multipurpose Building, Cantaongon, Loon, Bohol
36. Construction of Multipurpose Building, Libaong, Panglao, Bohol
37. Construction of Multipurpose Building, Moto Sur, Loon, Bohol
38. Construction of Multipurpose Building, New Lourdes, Cortes, Bohol
39. Construction of Multipurpose Building, San Roque, Baclayon, Bohol
40. Construction/Completion of Multipurpose Building, Danao, Panglao, Bohol
41. Concreting of Barangay Road, Abucay Norte, Sikatuna, Bohol
42. Concreting of Barangay Road, Cambuac Sur, Sikatuna, Bohol
43. Concreting of Barangay Road, Mahayag Sur, Catigbian, Bohol
44. Concreting of Road, Dao, Tagbilaran City, Bohol
45. Construction of Multi-Purpose Center at Brgy. Punta Cruz, Maribojoc, Bohol 1st LD
46. Construction of Multi-Purpose Center at Brgy. San Roque, Cortes, Bohol 1st LD
47. Construction of Multi-Purpose Center at Brgy. Catarman, Dauis, Bohol 1st LD
48. Construction of Multi-Purpose Center at Brgy. Cogon, Tagbilaran City, Bohol 1st LD
49. Construction of School Building, Cahayag Elementary, Brgy. Cahayag, Tubigon, Bohol 1st LD
50. Construction of DPWH Annex Building Bohol 1st District Engineering Office, Dao
51. Construction of Drainage along Tagbilaran North Road (Barangays Sta. Cruz and Bentig, Calape, Bohol Section) leading to Pangangan Provincial Road, Calape, Bohol
52. Construction of Water Supply System Level III, Barangay Poblacion-Alegria-Candumayao-Baang-Liboron-Triple Union, Catigbian, Bohol
53. Completion/Improvement of Multi-purpose Building, Brgy. Canhangdon Oriental, Loon, Bohol
54. Completion/Improvement of Multi-purpose Building, Brgy. Doljo, Panglao, Bohol
55. Construction (Completion) of Multi-purpose Building, Brgy. Bolod, Panglao, Bohol
56. Construction (Completion) of Multi-purpose Building, Brgy. Canlaas, Antequera, Bohol
57. Construction (Completion) of Multi-purpose Building, Brgy. Cogon, Tagbilaran City, Bohol
58. Construction (Completion) of Multi-purpose Building, Brgy. Looc, Panglao, Bohol
59. Construction (Completion) of Multi-purpose Building, Brgy. San Isidro, Calape, Bohol
60. Construction (Completion) of Multi-purpose Building, Brgy. Tawala, Panglao, Bohol
61. Construction (Completion) of Multi-purpose Building, Brgy. Tinago, Dauis, Bohol
62. Construction of Multi-purpose Building (DPWH District Office), Brgy. Dao, Tagbilaran City,
63. Construction of Multi-purpose Building, Brgy. Cabayugan, Calape, Bohol
64. Construction of Multi-purpose Building, Brgy. Pondol, Loon, Bohol
65. Construction of Multi-purpose Building, Brgy. Talisay, Loon, Bohol
66. Repair/Renovation/Improvement of Multi-purpose Building (PNP Camp Dagohoy), Poblacion 3, Tagbilaran City, Bohol
67. Concreting of Road, Brgy. Catarman, Dauis, Bohol
68. Construction of Concrete Road, Brgy. Bahi, Loon, Bohol
69. Construction of Concrete Road, Brgy. Bosongon, Tubigon, Bohol
70. Construction of Concrete Road, Brgy. Bunacan, Tubigon, Bohol
71. Construction of Concrete Road, Brgy. Ilijan Norte, Tubigon, Bohol
72. Construction of Concrete Road, Brgy. Lourdes, Cortes, Bohol
73. Construction of Concrete Road, Brgy. Lourdes, Cortes, Bohol
74. Construction of Concrete Road, Brgy. Song-on, Loon, Bohol
75. Construction of Concrete Road, Brgy. Tanawan, Loon, Bohol
76. Construction of Concrete Road, Brgy. Tubodio, Loon, Bohol
77. Rehabilitation of Road, Brgy. Tawala, Panglao, Bohol
78. Widening of Road, Brgy. Pamilacan, Baclayon, Bohol

79. Construction of Multipurpose Building, Moto Norte, Loon, Bohol
80. Construction of Multipurpose Building, Brgy. Bantolinao, Anteuera, Bohol
81. Construction of Multipurpose Building, Brgy. Cabayugan, Calape
82. Improvement/Rehabilitation of Senior Citizens Building, Loon, Bohol
83. Road Concreting Brgy. Anislag (1KM), Maribojoc, Bohol
84. Road Concreting Brgy. Jandig (1KM), Maribojoc, Bohol
85. Road Concreting (1KM) at Brgy. Guiwanon, Maribojoc, Bohol
86. Road Concreting (1 KM) at Brgy. Poblacion, Maribojoc, Bohol
87. Road Concreting (1 KM) at Brgy. San Isidro, Maribojoc, Bohol
88. Road Concreting (1 KM) at Brgy. Dipatlong, Bohol
89. Concreting of Road from Baang-Liboron Road, Sta. 00+000 - Sta. 03+500, Catigbian, Bohol
90. Concreting of Road from Triple Union-Maitum-Cang-iras Road, Sta. 00+000 - Sta. 05+000, Catigbian, Bohol
91. Concreting of Roads, Bohol Public School, Teacher's Village, San Isidro District, Tagbilaran
92. Construction of a Multi-purpose Building (classroom and laboratory rooms) in Bohol Island State University-Balilihan Campus in Balilihan, Bohol
93. Construction of a Multi-purpose Building (Covered Court), Barangay Bool, Tagbilaran City
94. Construction of a Multi-purpose Building, Cogon Norte, Loon, Bohol
95. Construction of a Multi-purpose Building, Cuasi, Loon, Bohol
96. Construction of a Multi-purpose Covered Court in Bohol Island State University, Balilihan,
97. Construction/Repair/Rehabilitation of Multi-purpose Building (Type A), San Vicente, Baclayon, Bohol
98. Construction/Repair/Rehabilitation of Multi-purpose Building, Balilihan Public Market, Balilihan, Bohol
99. Construction/Repair/Rehabilitation of Multi-purpose Building, Balilihan Public Market, Balilihan, Bohol
100. Completion of Multi-purpose Building, Brgy. Bongbong, Catigbian, Bohol
101. Construction/Rehabilitation of Multipurpose Building, Poblacion 2, Tagbilaran City, Bohol
102. Construction/Rehabilitation of Multipurpose Building, Poblacion, Baclayon, Bohol
103. Construction of Multi-purpose Building, Brgy. Cogon, Tagbilaran City, Bohol
104. Road Construction, Barangay Booy, Tagbilaran City, Bohol
105. Rehabilitation and improvement of Municipal Water System, Loon, Bohol

<b>Sector</b>	:	<b>INFRASTRUCTURE DEVELOPMENT</b>
<b>Sub-sector</b>	:	<b>Transport and Access</b>
<b>Agency</b>	:	<b>Department of Public Works and Highways II (DPWH II)</b>

## I. Highlights of Accomplishment for CY 2017

The Bohol 2nd District Engineering Office assumes jurisdiction of all infrastructure projects and facilities of the Second Congressional District, of Bohol, constituting 14 municipalities which account to about one-third of Bohol's population. There are 347 barangays within the district, 54 of which are island barangays, including the 23 barangays in the island municipality of Pres. Carlos P. Garcia. It also covers 209.921 kilometers of national roads and a considerable length of municipal and barangay roads, 1,514.09 square kilometers of land, seventy percent (70%) of which are arable area, the rest are devoted to commercial and residential purposes.

Of the 14 municipalities, eight (8) are along the coastal stretch of the Bohol Circumferential Road (BCR), namely: Ubay, Trinidad, Talibon, Getafe, Buenavista, Inabanga, and Clarin; five (5) are within the interior part of the province and traversed by national secondary roads, namely: Sagbayan, San Isidro, Danao, Dagohoy and San Miguel; one is a coastal town, Bien Unido, which can be reached through the Trinidad-Bien Unido Provincial Road that connects the BCR of Trinidad town, and the last is the island municipality of Pres. Carlos P. Garcia, which can be reached through boats and barges.

The district office is presently constituted and manned by redeployed employees from the Bohol 1st Engineering District, Tagbilaran City and the Bohol 3rd Engineering District, (formerly Bohol 2nd Engineering District), Guindulman. There are 118 personnel, 52 of which are budgetary with 8 items vacant; and 58 Job Order employees.

Despite its limited funding allocations, the district office ranks among the top in the implementation of various projects, such as roads, bridges, municipal halls, school buildings, public markets, multi-purpose centers, health centers, barangay halls, flood/river control, sports complex, among others, which are funded either under the Regular Infrastructure Program, Various Infrastructure including Local Projects of the district congressman, Dep-Ed School Building Program allocations, Department of Agriculture (DA) and the maintenance of national roads and bridges.

### DPWH Regular Infrastructure Projects

- a) Total Number of Projects: - 127
- b) Number of Project per Category:
  - 1) Roads - 8
  - 2) Bridges - 18
  - 3) Flood Control - 6
  - 4) Others - 95
- c) Construction Accomplishment:
  - 1) Total number of projects completed - 124
  - 2) Total number of projects on-going - 3
  - 3) Total number of projects not yet started- 0

### Road Construction Accomplishment

- a) Length - 10.96 Km.
- b) Total value/amount roads:
  - 1) Constructed - 10,678,000.00
  - 2) Improved - 96,895,000.00
  - 3) Rehabilitated - 40,529,000.00

### Bridge (Major Repair) Accomplishment

- a) Length - 18 Bridges/Projects
- b) Total value/amount of bridge repair - 109,242,000.00

**Flood Control Construction Accomplishment**

- a) Total number of projects constructed, repair or maintenance (dikes, seawalls, river control, revetment, river walls, drainage mains, other flood control structures and facilities) - 6
- b) Total amount - 74,500,000.00

**Other Projects**

- a) Total number of projects - 95
- b) Total amount - 130,126,000.00

**DPWH Outside Infrastructure Projects by other agency)**

- FMR (DA): Length - 1.44 Km  
Amount - 13,250,000.00
- DepEd BEFF - None
- Convergence program with DOT: Length - 1.17 Km.  
Amount - 32,726,000.00

**Status of Carry-Over Projects:**

- 2016-2015 Regular Infra: Completed - 39 projects  
Length -  
Amount - 180,461,552.00
- 2016-2015 Outside Infra: Completed - 30 projects  
Length -  
Amount - 96,756,252.00

<b>4. MFO1-Natl'. Road Network Services - Network Development: Off-Carriageway Imprv't. including Drainage - Tertiary Roads:</b>					
1	Antequera-San Isidro-Libertad (Tubigon Road), K0031+509-K0032+000	5,303.00			
<b>5. MFO1-Natl'. Road Network Services - Construction and Maintenance of Bridges along Nat'l Roads - Rehab./Major Repair of Permanent Bridges - Secondary Road:</b>					
1	Sumak Bridge (B00121BH) along Tagbilaran North Road (Tagbilaran - Jetafe Section)	7,650.00	1 Bridge	1 Bridge	Completed
2	Nahawan Bridge (B00123BH) along Tagbilaran North Road (Tagbilaran - Jetafe section)	7,695.00	1 Bridge	1 Bridge	Completed
3	Tauran Bridge (B00124BH) along Tagbilaran North Road (Tagbilaran - Jetafe section)	7,665.00	1 Bridge	1 Bridge	Completed
4	Badiang Bridge (B00125BH) along Tagbilaran North Road (Tagbilaran - Jetafe section)	4,950.00	1 Bridge	1 Bridge	Completed
5	Hagbuyo Bridge (B00137BH) along Loay Interior Road	3,795.00	1 Bridge	1 Bridge	Completed
6	Cambangay Bridge (B00137BH) along Loay Interior Road	9,135.00	1 Bridge	1 Bridge	Completed
7	Casilihan Bridge (B00144BH) along Jct. (LIR) Buenavista - Carmen - Danao - Jetafe Road	3,480.00	1 Bridge	1 Bridge	Completed
8	Caban III Bridge (B00147BH) along Jct. (LIR) Buenavista - Carmen - Danao - Jetafe Road	3,315.00	1 Bridge	1 Bridge	Completed
9	Creek Bridge 1 (B00148BH) along Jct. (LIR) Buenavista - Carmen - Danao - Jetafe Road	4,890.00	1 Bridge	1 Bridge	Completed
10	Creek Bridge 2 (B00149BH) along Jct. (LIR) Buenavista - Carmen - Danao - Jetafe Road	9,750.00	1 Bridge	1 Bridge	Completed
11	Mamka Bridge 2 (B00151BH) along Jct. (LIR) Buenavista - Carmen - Danao - Jetafe Road	3,405.00	1 Bridge	1 Bridge	Completed
12	Agboo Bridge (B00152BH) along Jct. (LIR) Buenavista - Carmen - Danao - Jetafe Road	3,405.00	1 Bridge	1 Bridge	Completed

13	Bataha Bridge (B00170BH) along Tagbilaran North Road (Tagbilaran - Jetafe section)	6,345.00	1 Bridge	1 Bridge	Completed
14	Canawayon Bridge (B00178BH) along Tagbilaran North Road (Tagbilaran - Jetafe section)	7,842.00	1 Bridge	1 Bridge	Completed
15	Namong Bridge (B00182BH) along Tagbilaran North Road (Tagbilaran - Jetafe section)	5,955.00	1 Bridge	1 Bridge	Completed
16	Taongon Bridge (B00184BH) along Tagbilaran North Road (Tagbilaran - Jetafe section)	5,850.00	1 Bridge	1 Bridge	Completed
17	Panas Bridge (B00184BH) along Tagbilaran North Road (Tagbilaran - Jetafe section)	9,435.00	1 Bridge	1 Bridge	Completed
18	Panab-an Bridge (B00184BH) along Tagbilaran North Road (Tagbilaran - Jetafe section)	4,680.00	1 Bridge	1 Bridge	Completed
<b>6. MFO1-Natl'. Road Network Services - Road Upgrading (unpaved to paved) - Tertiary Road:</b>					
1	Sagbayan - Danao Road, K0091+892 - K0092+250	10,678.00			
<b>7. MFO2-Flood Management Services - Construction/Maintenance of Flood Control Mitigation Structures and Drainage System:</b>					
1	Construction of Camanaga River Control, San Miguel, Bohol 2nd LD.	6,500.00	1 Project	1 Project	Completed
2	Construction of Kinan-oan River Control, Trinidad, Bohol 2nd LD.	5,000.00	1 Project	1 Project	Completed
3	Construction of San Pascual River Control, Ubay, Bohol 2nd LD.	5,000.00	1 Project	1 Project	Completed
4	Construction of Tapon River Control, Ubay, Bohol 2nd LD.	3,000.00	1 Project	1 Project	Completed
5	Construction of Trinidad River Control, Trinidad, Bohol 2nd LD.	5,000.00	1 Project	1 Project	Completed
6	Construction/Improvement of Inabanga Flood Control (Brgys. of Ondol & Bugang), Inabanga, Bohol	50,000.00	1 Project		On-going 44%
<b>8. MFO 3 - Maintenance and Construction Services of Other Infrastructures - Construction/ Imprv't. of Access Road leading to Airports, Seaports, and Declared Tourism Destinations - To</b>					
1	Access Road leading to Clarin Port, Bohol 2nd LD.	15,593.00	1 Project	1 Project	Completed
2	Access Road leading to Jetafe Port, Bohol 2nd LD.	17,133.00	1 Project	1 Project	Completed
32	Building, Bugang, Inabanga, Bohol	700.00	1 Project	1 Project	Completed
33	Repair/Rehabilitation of Multi-Purpose Building, Nabuad, Inabanga, Bohol	700.00	1 Project	1 Project	Completed
34	Repair/Rehabilitation of Multi-Purpose Building, Canlinte, Inabanga, Bohol	1,000.00	1 Project	1 Project	Completed

35	Repair/Rehabilitation of Multi-Purpose Building, Tungod, Inabanga, Bohol	700.00	1 Project	1 Project	Completed
36	Repair/Rehabilitation of Multi-Purpose Building, Riverside, Inabanga, Bohol	700.00	1 Project	1 Project	Completed
37	Repair/Rehabilitation of Multi-Purpose Building, Sua, Inabanga, Bohol	700.00	1 Project	1 Project	Completed
38	Repair/Rehabilitation of Multi-Purpose Building, Cogon, Inabanga, Bohol	700.00	1 Project	1 Project	Completed
39	Repair/Rehabilitation of Multi-Purpose Building, Ilihan, Inabanga, Bohol	700.00	1 Project	1 Project	Completed
40	Repair/Rehabilitation of Multi-Purpose Building, Ma. Rosario, Inabanga, Bohol	700.00	1 Project	1 Project	Completed
41	Repair/Rehabilitation of Multi-Purpose Building, Saguis, Pres. Garcia, Bohol	700.00	1 Project	1 Project	Completed
42	Repair/Rehabilitation of Multi-Purpose Building, Bayog, Pres. Garcia, Bohol	700.00	1 Project	1 Project	Completed
43	Repair/Rehabilitation of Multi-Purpose Building, Kabangkalan, Pres. Garcia, Bohol	700.00	1 Project	1 Project	Completed
44	Repair/Rehabilitation of Multi-Purpose Building, Campamanog, Pres. Garcia, Bohol	700.00	1 Project	1 Project	Completed
45	Repair/Rehabilitation of Multi-Purpose Building, Basiao, Pres. Garcia, Bohol	700.00	1 Project	1 Project	Completed
46	Repair/Rehabilitation of Multi-Purpose Building, San Vicente, Pres. Garcia, Bohol	700.00	1 Project	1 Project	Completed
47	Repair/Rehabilitation of Multi-Purpose Building, San Vicente Sur, Sagbayan, Bohol	700.00	1 Project	1 Project	Completed
48	Construction of Multi-Purpose Building, Barangay Lomangog, Ubay, Bohol	700.00	1 Project	1 Project	Completed
49	Repair/Rehabilitation of Multi-Purpose Building, Kagawasan, Sagbayan, Bohol	700.00	1 Project	1 Project	Completed
50	Repair/Rehabilitation of Multi-Purpose Building, Kabasakan, Sagbayan, Bohol	700.00	1 Project	1 Project	Completed
51	Repair/Rehabilitation of Multi-Purpose Building, Calangahan, Sagbayan, Bohol	700.00	1 Project	1 Project	Completed
52	Repair/Rehabilitation of Multi-Purpose Building, San Ramon, Sagbayan, Bohol	700.00	1 Project	1 Project	Completed
53	Repair/Rehabilitation of Multi-Purpose Building, Cabanugan, San Isidro, Bohol	700.00	1 Project	1 Project	Completed
54	Repair/Rehabilitation of Multi-Purpose Building, Poblacion, San Isidro, Bohol	700.00	1 Project	1 Project	Completed
55	Repair/Rehabilitation of Multi-Purpose Building, Cansague Norte, San Isidro, Bohol	700.00	1 Project	1 Project	Completed
56	Repair/Rehabilitation of Multi-Purpose Building, Sto. Niño, San Miguel, Bohol	700.00	1 Project	1 Project	Completed
57	Repair/Rehabilitation of Multi-Purpose Building, Tomoc, San Miguel, Bohol	700.00	1 Project	1 Project	Completed
58	Repair/Rehabilitation of Multi-Purpose Building, San Isidro, San Miguel, Bohol	700.00	1 Project	1 Project	Completed
59	Repair/Rehabilitation of Multi-Purpose Building, Camanaga, San Miguel, Bohol	700.00	1 Project	1 Project	Completed

## I. Highlights of Accomplishment for CY 2017

### A. Completed Projects:

#### 1. REPAIR OF PORT INTEGRATED CLEARING OFFICE (PICO) DAMAGED BY THE 7.2 MAGNITUDE EARTHQUAKE ON OCTOBER 15, 2013

Location: Port of Tagbilaran

Completed: October 14, 2017

#### 2. REPAIR / REPLACEMENT OF EXISTING PTB CANOPY

Location: Port of Tagbilaran

Completed: June 25, 2017

**3. REPAIR OF CONCRETE PAVEMENT TO INCLUDE REMOVAL OF OTHER FACILITIES DAMAGED BY BOHOL EARTHQUAKE**

Location: Port of Tagbilaran

Completed: October 13, 2017

**4. REPAIR / REPLACEMENT OF FENDERING SYSTEM**

Location : Port of Tapal, Ubay, Bohol

Completed: December 8, 2017

**5. CONSTRUCTION / EXTENSION OF POPOO PORT**

Location : Port of Popoo, Pres. Carlos P. Garcia, Bohol

Completed: January 11, 2017

**6. WIDENING OF CAUSEWAY, IMPROVEMENT OF GUARDHOUSES, WELCOME ARCH, CENTER ISLAND, PROVISION OF COVERED WALKWAY AND SIDEWALK**

Location: Port of Tagbilaran

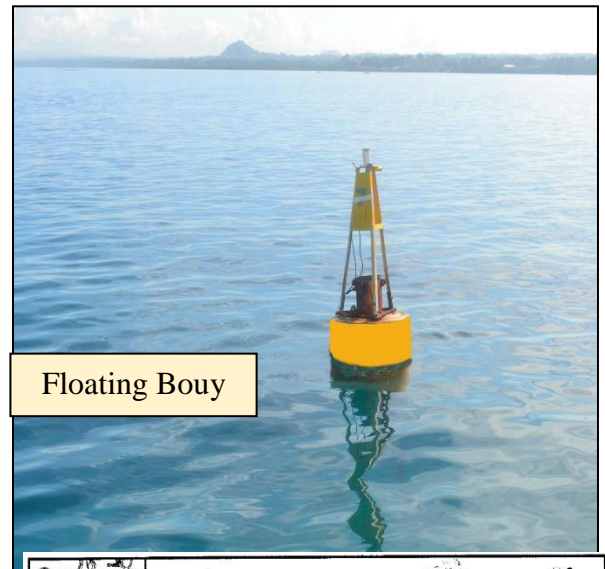

Completed: July 4, 2017

## B. On-going Projects:

### 1. CONSTRUCTION AND OFFSHORE INSTALLATION OF MARINE NAVIGATIONAL AIDS IN THE PORTS OF TAGBILARAN, TUBIGON, TAPAL AND JAGNA (PHASE 1)

Status: Bidded December 27, 2017

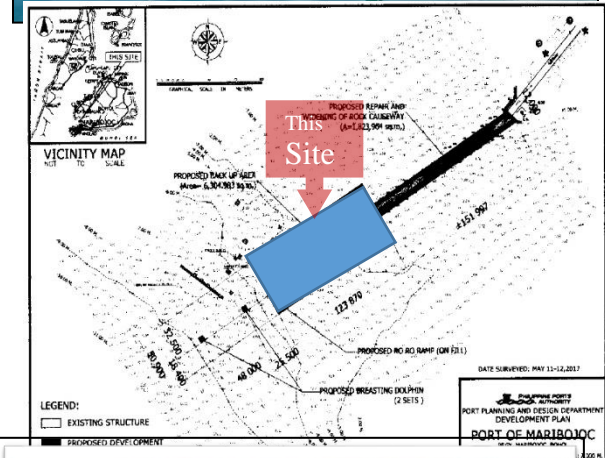

Floating Bouy

### 2. MARIBOJOC PORT IMPROVEMENT PROJECT

Location: Port of Maribojoc, Bohol

Status: Bidded November 8, 2017

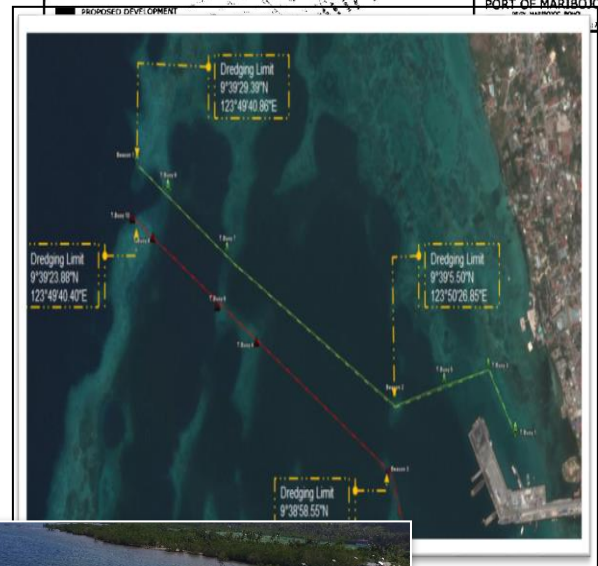

### 3. TAGBILARAN PORT DREDGING AT ENTRANCE CHANNEL AND WIDENING WORKS PORT OF TAGBILARAN, BOHOL | TAGBILARAN PORT DREDGING AT ENTRANCE

Location: Port of Tagbilaran

Status: Substantially Completed (98%)

Accomplishment to date

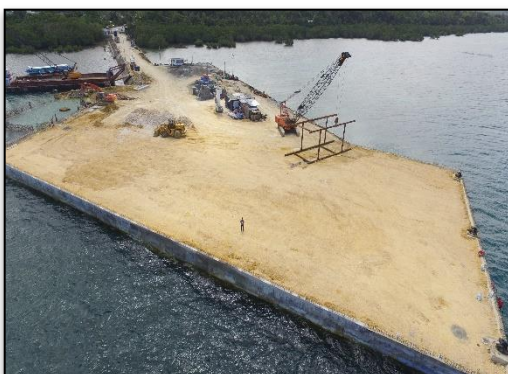

### 4. CATAGBACAN PORT EXPANSION PROJECT PORT OF LOON, CATAGBACAN, BOHOL, TAGBILARAN, BOHOL

Location: Port of Loon, Catagbacan, Loon, Bohol

Status: Substantially Completed (95.243%)

Accomplishment to date

**4. REPAIR OF COLLECTION OFFICE/ CONVERSION TO PORT INTEGRATED CLEARING OFFICE (PICO), PORT OF TUBIGON, BOHOL**

Location: Port of Tubigon

Status: Bidded last December 27, 2017/ Contract preparation

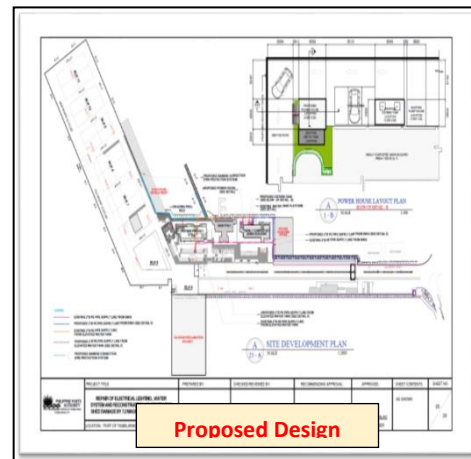

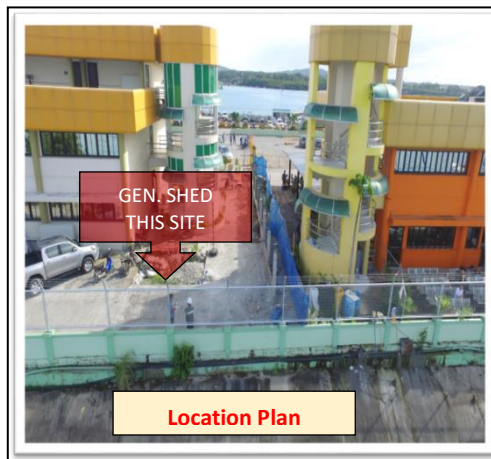

**5. REPAIR OF ELECTRICAL LIGHTING AND WATER SYSTEM**

**AND RECONSTRUCTION OF GENERATOR SHED DAMAGED BY 7.2 MAGNITUDE EARTHQUAKE**

Location: Port of Tubigon

Status: Bidded last December 27, 2017/ Contract preparation

**6. REPAIR OF PORT FACILITIES TO INCLUDE PARKING, COVERED WALKWAY, LANDSCAPING, SECURITY FENCE AND GATES**

Location: Port of Tagbilaran

Status: Contract Effectivity December 25, 2017 (10%) Accomplishment to date

**7. REPAIR OF PASSENGER TERMINAL BUILDING, X-RAY MACHINE ROOM AND OTHER PORT SECURITY FACILITIES**

Location: Port of Jagna

Status: Contract Effectivity December 25, 2017 (9.5%) Accomplishment to date

**8. REPAIR OF PORT FACILITIES TO INCLUDE CONCRETE PAVING OF OPERATIONAL AREA AND PARKING AREA, SECURITY FENCE, DRAINAGE SYSTEM**

Location: Port of Ubay

Status: Contract Effectivity November 4, 2017 (40%) Accomplishment to date

**9. REPAIR OF PORT FACILITIES TO INCLUDE CONCRETE PAVING OF BACK-UP AREA, SECURITY FENCE, ROCK BULKHEAD, DRAINAGE SYSTEM.**

Location: Port of Tapal, Ubay, Bohol

Status: Contract Effectivity November 6, 2017 (60%) Accomplishment to date

**10. REPAIR OF PORT FACILITIES TO INCLUDE CONCRETE PAVING OF BACK-UP AREA, SECURITY FENCE, ROCK BULKHEAD, DRAINAGE SYSTEM.**

Location: Port of Tapal, Ubay, Bohol

Status: Contract Effectivity October 27, 2017 (22%) Accomplishment to date

#### 11. REPAIR OF PORT FACILITIES

Location: Port of Jagna

Status: Substantially Completed/ (97.5%)

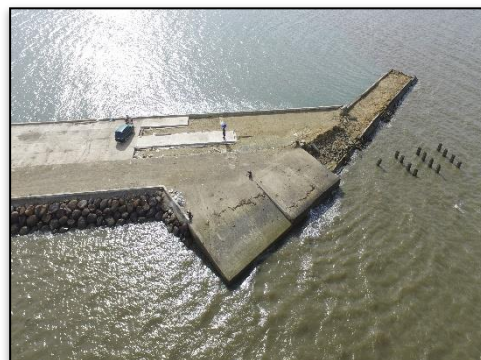

Accomplishment to date

#### 12. REPAIR OF ACCESS ROAD CAUSEWAY DAMAGED BY 7.2 MAGNITUDE EARTHQUAKE

Location: Port of Clarin

Status: Contract Effectivity July 5, 2017 (62%) Accomplishment to date

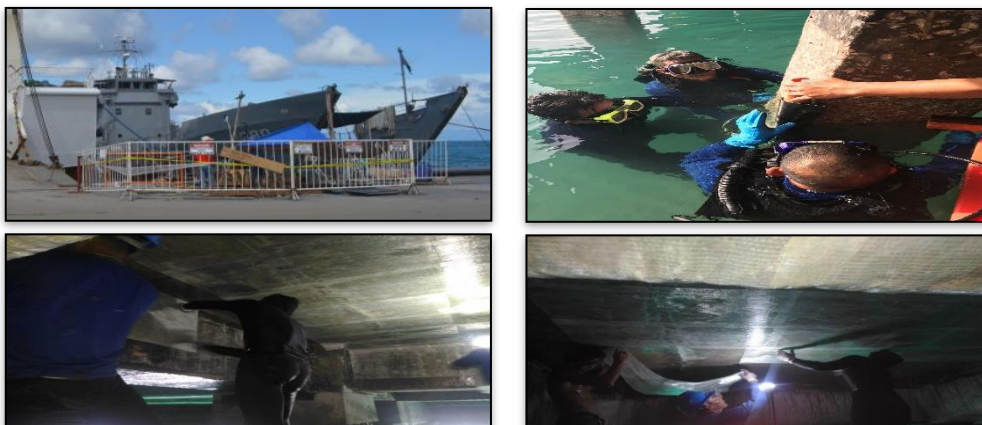

#### 13. UNDERDECK REPAIR AND RETROFITTING OF DAMAGE RC WHARF CAUSED BY 7.2 MAGNITUDE EARTHQUAKE ON OCTOBER 15, 2013

Location: Port of Tagbilaran

Status: Contract Effectivity Aug. 8, 2017 (46%) Accomplishment to date

#### 14. REPAIR OF PORT FACILITIES TO INCLUDE PEDESTRIAN ACCESS SIDEWALK, COVERED WALKWAY, LIGHTING SYSTEM, SECURITY FENCE AND GATE

Location: Port of Tubigon

Status: Contract Effectivity October 27, 2017 (38%) Accomplishment to date

## II. PORT TRAFFIC STATISTICAL DATA

### 1. Number of Shipcalls

Classification	Name of Port	2017

#### **I. HIGHLIGHTS OF ACCOMPLISHMENT FOR CY 2017**

The following major & minor projects were implemented & completed in CY 2016-2017:

1. Relocation of the 4"Ø PVC pipe line at PEO – 310 meters
2. Revamp of 8"Ø pipeline at Borja Bridge –40 meters
3. Revamped of 2"Ø HDPE Lateral Line @ Saint Joseph Village – 600 meters
4. Stub-outing 1"Ø at B. Inting – 80 meters
5. Lateral lines 2"Ø at Pamaong St. – 120 meters
6. Lateral lines 1½"Ø at Purok 4,Booy – 175 meters
7. Lateral lines 2"Ø at CEDAR, Dao (DPWH) – 400 meters
8. Lateral lines 2"Ø at Pahang, Mansasa/Lumayag – 180 meters
9. Lateral lines 1½" Ø at Capitol Heights – 55 meters
10. Lateral lines 1½"Ø at Capitol Valley – 115 meters
11. Replacement of defective flow-meters at PU12 and PU-09
12. Installation of Submersible Pump and Motors at PU-24 (new well)
13. Replacement of Submersible Pump and Motors at PU-21, PU-06, and PU-01
14. Replacement of Submersible Motor at PU-01, and PU-15
15. Replacement of Submersible cable at PU-01
16. Replacement of uPVC Sure-Loc riser pipes at PU-20
17. Upgrading of PU-14

Presently BWUI has 13,751 active consumers and is still continuing the reduction of Non-revenue Water (NRW) programs:

1. Metering Program (379 defective meters replaced & 224 transferred to stub-out)
2. Stub-outing (103 stub-outs installed)
3. NRW Reduction Programs (repaired 253 leaks on transmission/distribution lines & 445 leaks on service lines)
4. Delinquency Campaign

The main highlight of 2017 accomplishment is the reduction of Non-revenue Water (NRW) from the net of 11.33% in 2016 to 10.27% in 2017 and still much lower to the 20% agreed in the Joint Venture Agreement (JVA).

## II. PLANS, PROGRAMS AND MAJOR THRUSTS FOR THE ENSUING YEAR (CY 2017)

BWUI main thrust is to cater the annual increasing water demand in its service area with due consideration of the following programs:

1. Additional deep-wells in Balilihan as future back-up source - Short Term
2. Development of 5 MLD Ohan Spring WTP in Lourdes, Cortes - Medium Term
3. Expansion of services in the Franchise Area & to municipalities of Dausi & Panglao

The proposed 5 MLD Ohan Water Treatment Plant (WTP) Project at Lourdes, Cortes, is due for implementation between 2018–2019. This project may commence anytime after the settlement of RROW.

## III. Detailed List of Completed, Ongoing Projects & Pipeline Development Programs

Name of Project	Location	Project Description	Target Dates		Appropriation	Remarks
			Start	Finish		
Ohan Spring 5 MLD WTP	Lourdes, Cortes	5 MLD Ohan Spring WTP	04/2017	2/2018	95,000,000.00	Bid ongoing; moved to 2018
Ohan Transmission Lines Project	Cortes/Tagbilaran	Laying of 250 mm X 9 km Trans. Mains	04/2017	2/2018	37,000,000.00	For bidding; moved to 2018
R2 Ground Tank Repair	Poblacion 3	Cracks repair of R2 Ground Tank	05/2017	12/2017	600,000.00	For approval; moved to 2018
Drilling of Pilot Holes	Sn Isidro-Dampas	Drilling of 3 pilot holes	03/2017	12/2017	450,000.00	Completed
Construction of BWUI Building	Dampas	Const. of BWUI Office & Warehouse	02/2017	12/2017	23,500,000.00	Bid ongoing; moved to 2018
Const. control shed & fencing	San Isidro-Tiptip	Control shed/fencing PU-24/PU-25	01/2017	12/2017	850,000.00	Ongoing canvass; moved to 2018
Repair of warehouse @ Base 1	Poblacion 3	Existing warehouse repair @ Base 1	02/2017	5/2017	165,000.00	Completed
Installation of flow-meter	Dao, Tagbilaran	Replaced defective flow-meter at PU-09	4/2017	2/2017	36,400.00	completed
Installation of flow-meter	Dao, Tagbilaran	Replaced defective flow-meter at PU-12	5/2017	5/2017	36,400.00	completed
Install submersible pump and motor	San Isidro, Tagb.	Replaced pump assy. at PU-24 (new)	1/2017	5/2017	127,372.00	completed
Installation of submersible motor	Tanday, Corella	Replaced of defective sub. motor at P-01	6/2017	6/2017	371,200.00	completed
Installation of submersible cable	Tanday, Corella	Replaced defective sub. cable at PU-01	6/2017	6/2017	158,650.00	completed
Installation of motor	Dampas, Tagb.	Replaced defective sub. motor at PU-15	6/2017	6/2017	106,000.00	completed
Install Submersible pump and motor	Bool, Tagbilaran	Replaced defective pump assy. at PU-21	8/2017	8/2017	104,868.00	completed
Installation of riser pipes	Mansasa, Tagb.	Replaced w/ sure-loc riser pipes at PU-20	6/2017	9/2017	244,694.00	completed
Upgrading of pumping unit	Dampas, Tagb.	Upgrading of PU-14	3/2017	10/2017	1,007,495.00	completed
Install Submersible pump and motor	San Isidro, Tagb.	Replaced of pump assy. at PU-06	11/2017	11/2017	114,000.00	completed
Install submersible pump and motor	Tanday, Corella	Replaced of pump assy. at PU-01	11/2017	11/2017	560,000.00	completed
Revamp PEO 4"Ø x 310 m pipeline	Cogon, Tagbilaran	Revamp PEO 4"Ø x 310 meters uPVC		2//17	240,904.30	completed
Revamp of 8"Ø x 45meters	Borja Bridge	Revamp of 8"Ø x 45meters		3//2117	Expense outright	completed
Revamp 2"Ø x 600meters	St Joseph Village	Revamp 2"Ø x 600meters		3/2017	170,330.15	completed
Stub-outing (10 units)	Franchise Area	Installation of Stub-outs	01/2017	12/2017	19,813.00	completed
Stub-out Line 1"Ø 1"Ø x 80 meters	B. Inting St.	Stub-outing of 1"Øx80meters		4/2017	Expense outright	Completed
Lateral Line 2"Ø x 120 meters	Pamaong St.	Stub-outing 2"Ø x 120 meters		7/2017	27,002.00	completed
Lateral Line 1½"Ø x 175 meters	Purok 4, Booy	Stub-outing 1½"Ø x 175meters		9/2017	25,052.17	completed
Lateral Line 2"Ø x 180 meters	Pahang, Mansasa	Stub-outing 2"Ø x 180 meters		9/2017	76,378.71	completed

Name of Project	Location	Project Description	Target Dates		Appropriation	Remarks
			Start	Finish		
Lateral Line 1½"Ø x 55 meters	Capitol Heights	Stub-outing 1½"Ø x 55 meters		10/2017	7,874.00	completed
Lateral Line 1½"Ø x 115 meters	Capitol Valley	Stub-outing 1½"Ø x 115 meters		10/2017	16,463.00	completed
Lateral Line 2"Ø x 400 meters	CEDAR, Dao	Stub-outing 2"Ø x 400 meters		9/2017	122,524.40	completed
Leak detection equipment repair	Poblacion 3	Repair of Zonescan 820	01/2017	12/2017	150,000.00	Completed; for payment
Metering Programs	Franchise Area	Replaced 379 Defective Meters	01/2017	12/2017	750,916.00	completed

#### IV. PLANS, PROGRAMS AND MAJOR THRUSTS FOR THE ENSUING YEAR (CY 2018)

Name of Project	Location	Project Description	Target Dates		Appropriation
			Start	Finish	
EXPANSION PROJECTS/ OPERATION & MAINTENANCE ACTIVITIES:					
Ohan Spring 5 MLD WTP	Lourdes, Cortes	Construction of 10MLD WTP Project	2018	2019	95,000,000.00
Ohan Transmission Lines Proj.	Cortes/Tagb.	Laying of 250 mm x 9km Trans.Mains	2018	2019	37,000,000.00
Development of 2 New Wells	Sn Isidro/Dampas	Drilling 2 new wells	2018	2018	3,800,000.00
Repair of R2 to Ground Tank	Poblacion 3	Repair/Conversion to 750m³ Tank	2018	2018	600,000.00
BWU Building Construction	Dampas	Const'n of BWUI & Warehouse	2/2018	11/2018	27,000,000.00
Development of 3 New Wells	Balilihan	Drilling of 3 new wells in Balilihan	2018	2019	11,400,000.00
Balilihan Transmission Lines	Balilihan/Tagb.	Laying of 250 mm x 19km Trans.Mains	2018	2019	95,000,000.00
Const. control shed & fencing	San Isidro-Tiptip	Control shed/fencing PU-24/PU-25	3/2018	7/2018	850,000.00
Repair & Painting of R6B	Dampas	Repair of R6B Trusses/Frames	4/2018	7/2018	650,000.00
Repair of WQC Laboratory	Poblacion 3	WQC Laboratory repair @ Base 1	2/2018	3/2018	37,000.00
Replace of Gate Valves	Tagbilaran City	As requested	1/2018	12/2018	84,100.00
Stub-outing	Tagbilaran City	Installation of Stub-outs	2018	2018	122,000.00
Metering Programs	Franchise Area	Replace of Defective Meter	2018	2018	594,393.00
Air Release Valves	Tagbilaran City	Replace of ARV	1/2018	12/2018	210,000.00
Revamp of Pipelines	Calceta St, Tagb.	Revamp 2"Ø & 8"Ø x 1100m HDPE	1/2018	3/2018	2,655,418.34
4"Ø x 210 meters	SPC 1	Revamp the line	1/2018	2/2018	183,878.22
Revamp of Pipelines	St. Joseph Village	Revamp 3"Ø x450m. 2"Øx1000m. line	1/2018	5/2018	896,600.00
4"Ø x 300 meters HDPE line	G. Visarra St.	Revamp the line	1/2018	3/2018	378,270.00
2"Ø x 500 meters HDPE line	Mansasa Seaside	Revamp the line	5/2018	7/2018	312,797.00
4"Ø x 250 meters HDPE line	Katipunan St.	Revamp the line	7/2018	8/2018	357,333.00
3"Ø x 520 meters HDPE line	PU23 to R3 & R6	New Connection line	8/2018	10/2018	635,000.00
2"Ø x 220 meters HDPE line	Sitio Ubos, Pob. 1	Revamp the line	10/2018	11/2018	135,525.00
Repainting of pipe hangers	Borja Bridge	Repainting of the pipe hangers	5/2018	5/2018	250,000.00
Install of Submersible motor	Tanday, Corella	Replace defective sub motor at PU1	1/2018	1/2018	371,200.00
Reactivation of Well	Dampas, Tagb.	Reactivation of SPC 1 pumping unit	3/2018	3/2018	876,118.00
Install of Sub. pump and motor	Tiptip, Tagbilaran	Install of sub. pump assy. at PU-25	1/2018	1/2018	174,500.00
Installation of riser pipes	Dampas, Tagb.	Replace sure-loc riser pipes at PU-17	4/2018	4/2018	253,433.00
Installation of riser pipes	Dao, Tagbilaran	Replace Apollo riser pipes at PU-11	6/2018	6/2018	129,992.00
Downgrading of pumping unit	Dao, Tagbilaran	Downgrading of P-U23	1/2018	1/2018	114,000.00
Rehab of Corella pumping units	Sambog, Corella	Rehab of PU2, PU3, PU4, PU5 & PU22	5/2018	7/2018	1,250,000.00

**I. Completed Major Programs and Projects for 2017**

1. Well drilling, construction of new pumping unit no. 27 and construction of main pipeline at H. Zamora St., Sitio Lanao, Barangay Dao, Tagbilaran City

**II. Activities for 2017**

1. Replacement of 3 horsepower submersible pump set in pumping station no. 1 at Barangay Tiptip
2. Replacement of 7.5 horsepower submersible pump set in pumping station no. 3 at Barangay Dao
3. Replacement of 3 horsepower submersible pump set in pumping station no. 8 at Barangay Tiptip
4. Replacement of 3 horsepower submersible pump set in pumping station no. 9 at Barangay Bool
5. Replacement of 3 horsepower submersible pump set in pumping station no. 11 at Barangay Dampas
6. Replacement of 1.5 horsepower submersible pump set and 2" diameter pipe riser of pumping station no. 18 at Barangay Tiptip
7. Replacement of 1.5 horsepower submersible pump set and 2" diameter pipe rise in pumping station no. 19 at Barangay San Isidro
8. Loading of 10 horsepower submersible pump set with complete electrical accessories in pumping station no. 26 at Barangay Dao
9. Repair of leaking pipes
10. Tapping of new water connections
11. Disconnection of water service connection
12. Reconnection of water service connection
13. Daily monitoring of all pumping units to make sure that all pumps are in proper operational condition
14. Establishment of District Metering Area (DMA) no. 1 of Barangay Manga
15. Installation of District water meter of Barangay Manga
16. Installation of Pressure gauges of every pressure Monitoring points in Barangay of Manga, Ubuja and Taloto
17. Conducted a survey of all water meters of pilot Barangay Manga
18. Conducted a survey of all households with no water connections of pilot Barangay Manga
19. Conducted a survey for the addresses and house numbers of all City Waterworks concessioners.

**III. Priority Areas for Action/Plans/Programs for 2018**

1. Construction of two pumping units in Barangay Dao and Barangay Tiptip, Tagbilaran City
2. Construction for the replacement of undersized existing distribution pipelines
3. Construction of four (4) inches diameter transmission pipelines from all pumping stations to the reservoirs
4. Construction and rehabilitation of all pump houses and fences
5. Replacement of all individual water meters of Barangay Manga
6. Installation of stub hubs for clustering of water meters
7. Establishment of District Metering Area (DMA) nos. 2 and 3 of Barangay Ubujan and Taloto, respectively.

CY 2018 (Proposed)	100,000.00			Dam Const. & IF					Dam construction and Irrigation Facilities

### CONSTRUCTION OF ZONED EARTHFILL DAM

#### BONOTBONOT SRIP

CONTRACT NO.	SRIPD-C-27R
NAME OF CONTRACTOR	PREMIUM MEGASTRUCTURES Inc.
CONTRACT AMOUNT	273,508,917.36
EFFECTIVITY DATE	SEPTEMBER 25, 2017
EXPIRY DATE	APRIL 8, 2020
CONTRACT DURATION	926 CALENDAR DAYS

#### STATUS OF ACCOMP. AS OF DECEMBER 31, 2017

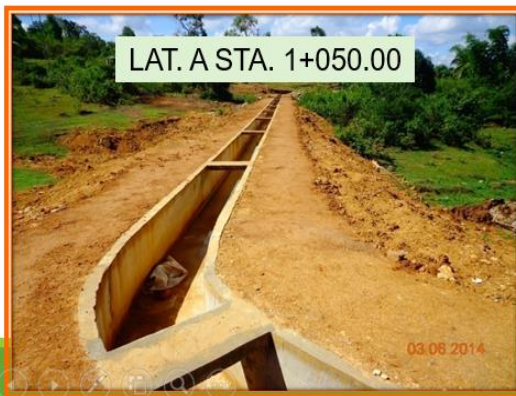

The Dam Construction was supposedly schedule to start last September 25, 2017 but due to the conflict between Municipal Mayor of Buenavista, Bohol and the key personnel assigned in the implementation of the Bonotbonot SRIP Project it was suspended.

### MAIN CANAL

### LATERAL CANAL

**NAME OF PROJECT : BOHOL NORTHEAST BASIN  
MULTIPURPOSE DAM PROJ.**

**PROJECT LOCATION :** Danao, Bohol  
2<sup>nd</sup> District  
(Hon. Erico Aristotle C. Aumentado)

**WATER SOURCE :** Wahig River

**MUNICIPALITY COVERED :** Danao, Trinidad, Bien Unido,  
Dagohoy, Ubay, San Miguel

**AREA COVERAGE :** 12,500 has.

**ESTIMATED NO. OF BENEFICIARIES :** 4,600 farmers

**PROJECT OBJECTIVES :** Irrigation & 1.4-MW Hydro Power

**PROJECT STATUS:**

CY 2014-2017 allocated for Feasibility Study which is still ongoing. CY 2018 Budget amounting to 20,000,000.00 will be programmed for Detailed Engineering.

# HIBALE SRIP

NAME OF PROJECT	: <b>HIBALE SRIP</b>
PROJECT LOCATION	: Danao, Bohol 2 <sup>nd</sup> Dist. (Hon. Erico Aristotle C. Aumentado)
WATER SOURCE	: Catubuan Creek
MUNICIPALITY COVERED	: Danao
POTENTIAL IRRIGABLE AREA	: 400 has.
POTENTIAL NO. OF BENEFICIARIES	: 800 farmers
ESTIMATED PROJECT COST	: 650,000,000.00
PROJECT STATUS:	
	Feasibility Study were completed and at NIA-Central Office for approval.

NAME OF PROJECT	: <b>CATUNGAWAN SRIP</b>
PROJECT LOCATION	: Guindulman, Bohol 3 <sup>RD</sup> District (Hon. Arthur C. Yap)
WATER SOURCE	: Sumot River
MUNICIPALITIES COVERED	: Guindulman
POTENTIAL IRRIGABLE AREA	: 320 has
POTENTIAL NO. OF BENEFICIARIES	: 640 Farmers
DAM TYPE	: Zoned Earthfill Dam
PROJECT STATUS:	Ongoing Feasibility Study.

### **HEAT IT BOHOL CARAVAN AND OUTREACH MISSIONS**

In the pursuit of bringing the provincial government closer to its people, continuous outreach activities are brought to communities. The InsPIRED HEAT IT Bohol Caravans, Medical-Dental Missions and other related outreach activities has benefitted thousands of Boholano constituents.

- Municipality of Inabanga- July 3, 2017
- Municipality of Clarin - September 25, 2017

### **MEDICAL AND DENTAL MISSIONS CONDUCTED/ FACILITATED**

- 30 regular medical missions serving 5,357 patients
- 10 CDP PPM Missions serving 2992 patients
- 10 outreach missions conducted to Senior Citizens serving 3,274 beneficiaries

The provincial government through partnership with various local and international health institutions continuously provides free life changing medical-surgical procedures to financially challenged Boholano constituents. Likewise, these initiatives have forged partnership opportunities with various international humanitarian organizations towards realizing PGBh's development agenda that will benefit the less privileged constituents in accessing free and easy health services.

**COUNTRYSIDE DEVELOPMENT PROGRAM- PUROK POWER MOVEMENT (CDP-PPM), BOHOL’S SOCIO-ECONOMIC STRATEGY FOR PEACE AND DEVELOPMENT**

The Countryside Development Program-Purok Power Movement (CDP-PPM) is a holistic approach to the delivery of quality basic social and economic services to the constituents and a powerful tool for community mobilization and action. It is anchored on the belief that the human being is a person clothed with basic human rights and needs that include food and livelihood, health and sanitation, peace and security, and spirituality, among others. Guided by the principles of inclusive economic growth, the program was born from series of multi-stakeholder consultations where agencies both local and national, Civil Society Organizations (CSOs) have actively engaged themselves in providing inputs for peace and development building in Bohol.

Teams of development workers called ProTeams, composed of Community Organizers from the Provincial Government, Peace and Development Teams from the Philippine Army, and Police Officers from the Bohol Provincial Police Office are organized whose members are deployed to the barangays and puroks to help strengthen the Purok network and mobilization. The said movement under the PPM Framework is a mechanism for people empowerment and participation in areas facing issues of poverty which affect socio-economic growth, peace and security.

## I. HIGHLIGHTS OF ACCOMPLISHMENTS

In line with our shared vision, mission and goals of the present Provincial Government, guided by its Overarching Development Framework -InSPIRED, HEAT-IT (Health, Education/Environment, Agriculture, Tourism – Information Technology) towards the Bohol’s Inclusive Growth Leads to Equitable & Accelerated Prosperity (BIG LEAP), and the Sangguniang Panlalawigan through Vice-Governor’s GO BEYOND advocacy and principles, the Legislative Year 2017 yielded **888 resolutions** and **14 ordinances**.

We have held **49 Legislative Sessions** which were all Paperless; while our 28 Legislative Committees have also convened **99-Committee Meetings, 3 Marathon Budget Hearings, 4 Investigations and 1 Public Hearing**. The list of legislative measures approved by the Sangguniang Panlalawigan for CY 2017 can be found in the **Annexes**.

### PROGRAMS, PROJECTS AND ACTIVITIES, FOR CALENDAR YEAR 2017

- Production of framed SP Memorabilia (2013-2016) – ongoing;
- Production of Brochures and steps for NGO’s Accreditation
- Open Legislation Platform through Social Media

### PRIORITIES AREAS FOR ACTION/PLANS/PROGRAMS FOR CY 2017

- Capacitate the SP personnel, legislative staff & library personnel through continuous capability building/training program;
- Legislative Tracking System (LTS) program upgrading (server hardware, software, training of personnel, and networking in the SP offices;
- Conduct orientation on processing of financial assistance;
- Provide technical (research, documentation, recording & legislative tracking, etc.) and administrative support in the formulation of quality relevant, and responsive local legislations;
- Procurement and installation of facilities and equipment necessary to support an efficient and effective Legislation;
- Improvement of process flow for services and other forms of assistance for our constituency.

## **II. Issues and Concerns for 2018**

1. Lack of librarians that affect effective Library Services.
2. Employees lack of Technical Capacities.
3. Need to procure e-lib products in CD / DVD's format to follow the new trends in library services.
4. Need to procure Mobile Van for the Bookmobile Services in different localities to support the national library projects.
5. Need to acquire IT equipment to get connected with the e-library reference (at small-scale) through collaboration with other agencies.
6. LGU's in the province are not interested in establishing public libraries.

**PERSONNEL COMPETENCY ENHANCEMENT/ CAPABILITY BUILDING**

1. Facilitate the conduct of the following:			
a.) Meetings	12 meetings conducted 12 minutes prepared	10 meetings conducted 10 minutes prepared	
b.) Assessment, Planning and Teambuilding activities of the office	2 activities	1 activity	

Sector	:	<b>DEVELOPMENT ADMINISTRATION</b>
Sub-sector	:	<b>Governance</b>
Office	:	<b>PROVINCIAL PLANNING AND DEVELOPMENT OFFICE (PPDO)</b>

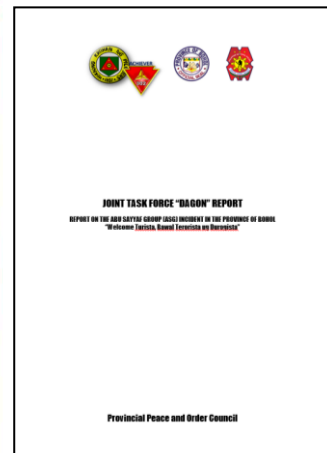

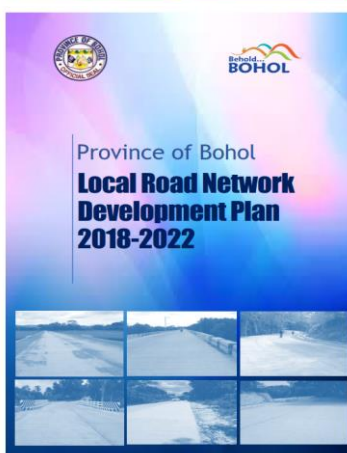

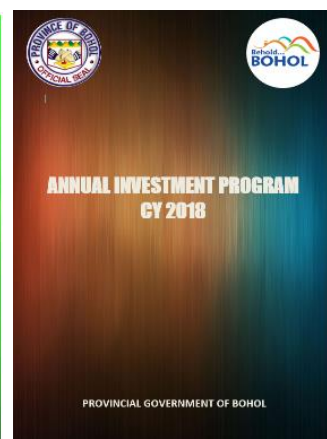

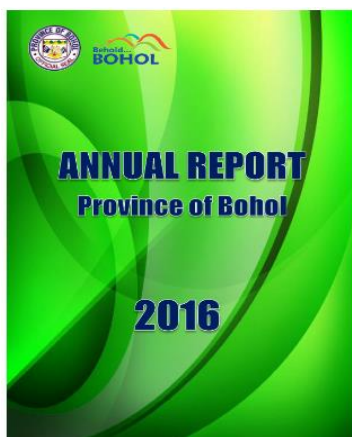

## I. HIGHLIGHTS OF ACCOMPLISHMENTS

### 1. Formulation and review of plans/policies/reports

- Preparation of the 2016 Provincial Annual Report
- Preparation of 2018 Annual Investment Program
- Updating of the Bohol Provincial Development and Physical Framework Plan (PDPFP) endorsed and approved thru PDC

Full Council Resolution No. 01-2016 and Panlalawigan Resolution No. 2017-113

- Updating of the Executive – Legislative approved through Sangguniang Resolution No. 2017-114
- Dissemination and cascading of the Development Framework to LGUs and promote alignment, complementation of projects
- Preparation of Post-Incident Report and Plan – Abu Sayyaf Incident, as assigned
- Preparation of the Local Road Network Plan

### 2. Technical Assistance to PGBh/ LGUs/ ODA/ Other Stakeholders and Attendance/ Representation to Various Committees, Bodies and Councils

- Protected Area Management Board (PAMB)
- Provincial Land Use Committee (PLUC)
- Ecological Solid Waste Management – Provincial Technical Working Group (ESWM-PTWG)
- Provincial Disaster Risk Reduction Management Council (PDRRMC)
- Integrated Natural Resources And Environmental Management Project (InREMP)
- Provincial Cooperative Development Council (PCDC)
- Abatan River Development Management Council (ARDMC)
- Provincial Land Management Council (PLMC)
- Regional Land Use Committee (RLUC)
- Local Finance Committee (LFC)
- Management Executive Board (MEB)
- Provincial Disaster Risk Reduction Management Council (PDRRMC)
- Road Sector Committee (RSC)
- Regional Development Council – SDC, EDC, IDC, DAC
- Philippine Rural Development Project – Provincial Project Management Implementing Unit (PPMIU)
- Constructors Performance Evaluation System (CPES) Evaluation team
- Environmental Management System (EMS) – Monitoring Team
- Regional Project Monitoring Committee

- Representation and Technical Assistance to Various Committees, Bodies and Councils

- New Bohol Airport Construction and Sustainable Environmental Protection Project (NBACSEPP)
- Panglao Island and Tagbilaran Executive Committee (PITEC)
- Bohol Energy Development Advisory Group (BEDAG)
- BEDAG Technical Working Group
- Bohol Information, Communication and Technology (ICT) Council
- Micro-Small-Medium Enterprise Development Council
- Provincial Nutrition Council
- Provincial Council for the Welfare of Children
- Provincial Advisory Committee for DSWD Programs / Projects
- Provincial Accessibility Monitoring Team
- PCAT-VAWC
- RDC Kalahi Convergence Group
- Regional Statistics Committee
- Regional Poverty Reduction Action Team (RPRAT)
- 4Ps PAC
- PGBh-CSO Partnership TWG
- PRAISE Committee
- Provincial Accessibility Team
- Citizens Monitoring Team
- SPMS - Performance Management Team (PMT)
- Bohol Employees League (BOPEL)

- **Technical support services in the implementation of Official Development Assistance (ODA)**
- **World Bank- Funded Philippine Rural Development Project (PRDP)**

#### **Provincial Project Management Implementing Unit (PPMIU)**

- Conduct of PPMIU Meetings for better coordination and project implementation
- Facilitated the Construction Supervision and Construction Management Training for Balilihan and Catigbian FMRs
- Monitored the implementation of on-going FMR projects in Balilihan, Catigbain, Loboc and Sagbayan
- 4th World Bank Implementation Review Mission at Danajon Double barrier reef with GEF RPCO, PSO and NPCO of the 5 pilot municipalities
- World Bank Appraisal for IREAP and IBUILD subprojects in the municipalities of Sagbayan, Loboc, Balilihan, Dauis, Loon, Jagna, and Mabini with the NPCO, PSO, RPCO and PPMIU
- PPMIU Compliance Documents:
  - Assistance in the review, signing and submission of the 8 Micro Enterprises and 8 Marine Protected Areas documents (Business Plans, IMA, EIA, PPMPs, Works and Financial Plans and others) under PRDP GEF funds
  - Editing of FS/DED/POW & SES documents for 2nd batch FMR located in Bilar, Loon & Inabanga using the revised template from NPCO for submission to RPCO and PSO
  - Review and preparation of transmittal letter to PRDP RPCO, PSO, NPCO
  - Review of the IREAP sub-project documents

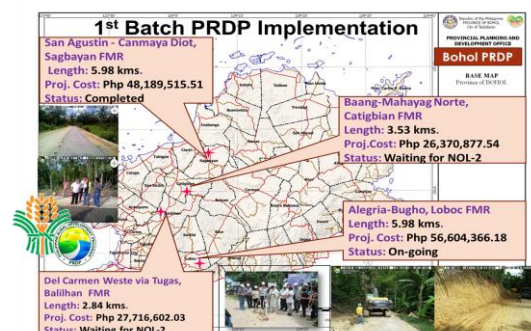

- Facilitation in the review and signing of the Amended IMAs for the SLPs and the MOA for the PRDP
- Review the compliance documents for the Bids & Evaluation Report of the 2nd rebiddded proposed projects for Balilihan & Catigbian FMR

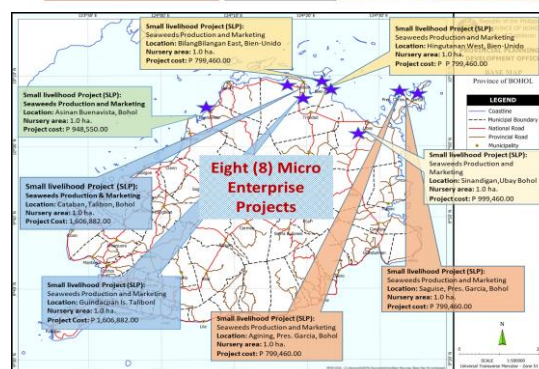

- Provided technical support services / attendance to DA Philippine Rural Development Program activities, PPMIU Trainings/Workshops

- Facilitation in the conduct of in-house Joint Technical Review in the preparation of the FS/DED/EFA/POW for the seaweeds drying and docking facilities of the 14-municipalities and the 2nd batch 4-municipalities
- Participation/facilitation in the Pre-Procurement and rebidding of the 2-FMRs for Balilihan and Catigbian
- Facilitation in the releases of funds to

Proponent Groups of the 9-SLPs for IREAP subproject component

- Facilitation for M & E from RPCO and PSO in the conduct of profiling to all SLP- IREAP projects
- Facilitation in the exit conference with PRDP project partners from NPCO, PSO and RPCO re: SES monitoring of projects
- Facilitation for the LCE Forum for the new PRDP updates and strengthen the partnership and collaboration with RPCO, PSO and NPCO
- Facilitation for the series SES-RROW conference for the Alegria-Bugho Loboc FMR with PPMIU-IBUILD, LGU Loboc and GRM Focal Person
- Facilitation for the kick off meeting, site validations of the four (4) island barangays covered municipalities in Bien Unido & Pres. C. P. Garcia in Bohol and exit conference during the 4th World Bank implementation support review mission for the PRDP-GEF projects of Danajon bank

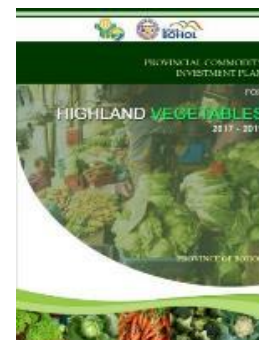

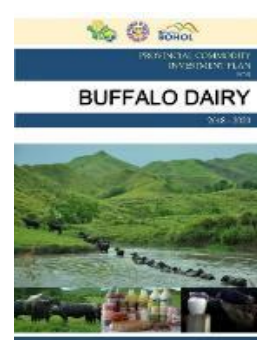

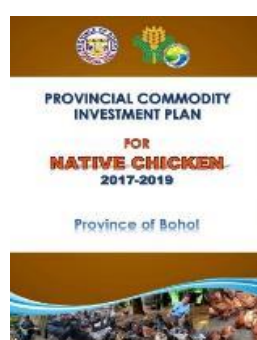

- PPMIU Logistic and Administrative Support (Preparation of financial documents, vehicle support, fuel provision, preparation of procurement documents for catering, equipment, fuel, supplies)

## I-PLAN

- Formulation of Provincial Commodity Investment Plans (PCIP) for Highland Vegetables PCIP and Buffalo Dairy PCIP (approved by the PDC and endorsed to the Regional Development Council)
- PDC Endorsement of Seaweeds and Native Chicken PCIPS to the Regional Development Council (RDC)

- Conduct of Stakeholders Consultations for: Highland Vegetables, Buffalo Dairy, Cassava
- Conduct of Key Informant Interview (KII)/ Focus Group Discussions (FGD) for Beef and Cattle Value Chain Analysis (VCA), Coco Coir VCA, Banana Cardava VCA
- Assessment on the Institutionalization of PCIP at the LGU Level for the Province of Bohol
- Participation in the IPLAN PSO-Visayas, RPCO-7 and PCPT Meetings

- **USAID-funded COMPETE Project: Bohol Water and Sanitation Program and Energy Development Project**

#### **Bohol Water and Sanitation Program**

- Coordination with USAID COMPETE Team, SC and TCG
- Provided secretariat services to the BWSP during the presentation of the Implementation Arrangement and in the Presentation of Final Result of Feasibility Study
- Attendance to SB sessions to lobby support for the passage of SB resolutions for the issuance of water permit
- Assistance in securing consent from lot owners for the reservoir & treatment facility of water sources
- Preparation of required documents for the application of water permit at NWRB
- Assistance to NWRB in the conduct of inspection and site validation for areas applied by the PGBh

**USAID**  
FROM THE AMERICAN PEOPLE

**FINAL REPORT FOR THE FEASIBILITY STUDY OF THE BOHOL WATER AND SANITATION PROJECT – PHASE I  
MAIN REPORT – VOLUME I**

**ADVANCING PHILIPPINE COMPETITIVENESS PROJECT**

CONTRACT NO.

MARCH 30, 2016

This publication is made possible by the support of the American people through the United States Agency for International Development (USAID). The contents of this publication are the sole responsibility of The Asia Foundation. Neither USAID, Inc., nor the USAID/Asian Development Bank Partnership for Economic Freedom and Asia Pacific Projects, Inc., and do not necessarily reflect the views of USAID or the United States Government.

### Energy Development Project

- Coordination with USAID COMPETE Team, PTWG Members
- Preparation of the Power Situationer for Bohol
- Preparation of the Bohol Island Power Development Plan (BIPDP)
- Operation of the Bohol Energy Development Advisory Group (BEDAG)
- Conduct of Power Investment Forum
- Attendance and participation in the BEDAG & USAID-COMPETE workshops on Transmission and Distribution Development Plans as a component of the BIPDP
- Coordination with parties in the Development of the Proposed Bohol Power Economic Zone
- Assistance and facilitation to the One-Bohol Aggregation
- Assistance to the meetings of the BEDAG and its Technical Working Group (TWG)

### • **Integrated Natural Resources and Environmental Management Project (INREMP)**

- Facilitated the approval of 3 Conservation Farming
- 3- Rural Infra projects were issued No Objection Letter by the ADB (Danao, Dagohoy and Buenavista)
- Management and facilitation in the joint technical review and site validations with the CESM consultants and RPCO of the 23 project

proposals for Natural Resource Management Projects, 3 Conservation Farming, under INREMP in the 3-subwatershed of Duero, Danao, Dagohoy, and 2-project proposals for Rural Infrastructure.

- Presentation of the Rural Infra and NRM project proposals to the PWIM council for approval and endorsement to RPCO & NPCO
- Participation in the ADD-IFAD Mid-term Review of the project being implemented in the municipalities within Wahig-Inabanga River Basin under INREMP

- **JICA-funded New Bohol Airport Construction and Sustainable Environment Protection Project (NBACSEPP)**

- Attendance to NBACSEPP Local Project Management Team Coordination Meeting
- Accomplished two (2) Tourism-related Tasks as requested by the NBAC-SEPP thru the Office of the Governor

- **ECOFISH Project**

- Danajon Bank in the 4 municipalities of Talibon, Bien Unido, Ubay and Pres. Carlos P. Garcia
- Participation in various activities of the Project:
  - BFAR-USAID ECOFISH Integrated Fisheries Resources Management (IFRM) Plan enhancement workshop
  - Pre-Summit meeting for the ECOFISH-BFAR USAID under the Marine Key Biodiversity Area in Danajon Double Barrier Reef
  - ECOFISH-DA-BFAR and the USAID workshop under the Ecosystem Approach to Fisheries Management (EAFM) Governance Benchmark Assessment & advanced compliance promotion & enforcement to its 8-LGU members and partners to Marine Key Biodiversity Area (MKBA) in Danajon Double Barrier Reef

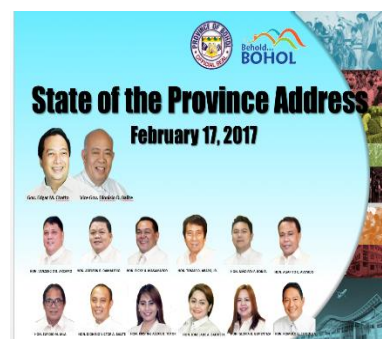

- Summit for the ECOFISH-DA-BFAR and the USAID under the Ecosystem Approach to Fisheries Management (EAFM) to its LGU members and partners to Marine Key Biodiversity Area (MKBA) in Danajon Double Barrier Reef

## • Bohol Geopark

## Support to Special Activities and Projects

- Preparation of the State of the Province Address 2017 (SOPA 2017) of the Honorable Governor
- Provision of direct assistance and information for the compliance to the Qualifying and Essential Indicators for Most Business-Friendly LGU Award for 2017, where Bohol was conferred the prestigious award

- Provision of technical and administrative support and coordination for the provincial-level Seal of Good Local Governance (SGLG) where Bohol, for 3 straight years was given such SGLG Award
- Assistance for the compliance of sourcing for the upgrading of hospital facilities and equipment (Hospital Modernization Program) under the Department of Finance – Municipal Development Fund (MDF)

requirements for fund-Rehabilitation, and

- Assistance in the compliance of documentary requirements and implementation of the Conditional Matching Grant Program (CMGP)
  - Preparation of Monitoring Reports
  - Workshop for Provincial Governance Reform Roadmap Formulation
  - Formulation of the Local Resource Mobilization Program
  - Public Financial Management Assessment Report 2014-2016

- Participation in various capability-building trainings
  - Formulation of the Local Road Network Development Plan (LRNDP) including consultative workshops, writeshops, and data gathering and analysis
- Environment and Rural Development Project Completion Report funded by GIZ under National Convergence Initiatives of DA, DAR, DENR
- Bohol GeoPark with the University of the Philippines School of Urban & Regional Planning (UP-SURP) and the UNESCO Global Geoparks
  - Provided data and information on caves and biodiversity to the GeoParks focal person in UP - SURP for inclusion in the drafting of book for Bohol GeoPARKS and establishment of First UNESCO Geopark in the Philippines
  - Participated the First and 2nd Bohol GeoPark Workshop conducted by PGBH, University of the Philippines School of Urban & Regional Planning (UP-SURP) and the UNESCO Global Geoparks
- Direct support and participation in the Provincial Strategic Direction Setting Conference Workshop
- Accomplishment of DILG's Local/Provincial Development Investment Program (L/PDIP) Alignment Form
- Assistance to National Water Resources Board in the Listahang Tubig Program in the LGUs
- Preparation of needed Powerpoint presentations for official visitors, investors, LGUs, and other stakeholders
- Coordination with the Public-Private Partnership (PPP) Center for possible PPP projects in the Province of Bohol

### **Support to Local Government Units**

- Technical assistance for the updating of Comprehensive Land Use Plan (CLUP) of Municipalities: Loon, Catigbian, Antequera
- Facilitation to the following:
  - ATI's Climate Resilient Agriculture Livelihoods Project for Barangay Tultugan, Calape, Bohol
  - Governance and Partnerships SWOT Analysis Workshop during the Coastal-Wide Dive Forum held at the Bohol Plaza Resort in Dauis, Bohol
- Reviewed and endorsed to DILG 2018 Municipal GAD Plan & Budget and 2016 Municipal GAD Accomplishment Report of 33 Municipalities
- Conduct of Geo-resistivity surveys

## Water Supply Development

- Facilitated Water Permit applications at the National Water Resources Board Manila
- Facilitated in the acquisition of SB Resolutions for Bohol Bulk Water Supply Project in the municipalities of Bohol
- Conduct of Geo- Resistivity Surveys in the municipalities
- Assistance in the signing of Memorandum of Understanding of the Bohol Bulk Water Supply Project

### **3. Provision of Technical Secretariat to the Provincial Development Council Full Council (PDC) and Support to Regional Development Council Activities/ Meetings**

- 2 PDC Full Council Meeting
- 8 PDC Execom Meetings
- 6 Full Council Resolutions
- 68 PDC Execom Resolutions
- Preparation of Project briefs, Comprehensive Project Profiles, Minutes of meeting and endorsements, Technical and monitoring reports
- Attended RDC Sectoral Committee Meetings and Full Council Meetings
- NEDA-7's Focus Group Discussion Activity on the Visayas Regional Economic Situationer at PPDO
- Launching of the Regional Development Plan and Regional Investment Plan

#### 4. Updating of database of SP-accredited POs and NGOs in local special bodies

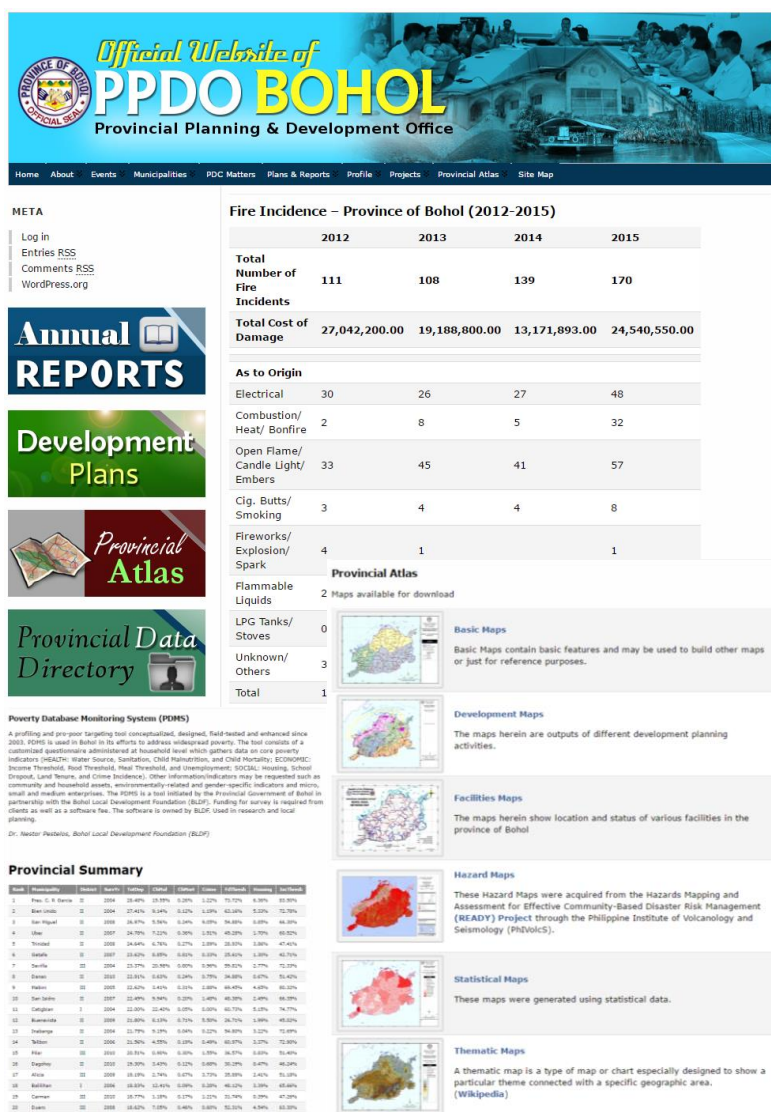

- Updated database of SP-accredited People's Organizations and Civil Society Organizations

#### 5. Local database establishment/ updating and conduct of research and studies

- Preparation of Sector Profiles (Environment, Dev Ad, Infrastructure, Economic, Social Sectors)
- Preparation of 2016 Economic Facts and Figures
- 2 Quarterly Provincial Economic

Situationer (1st & 2nd Quarters of 2017)

- Updating of web-based profiles
- Preparation of activity design
- Preparation of Concept Notes
- Preparation of Project Proposal

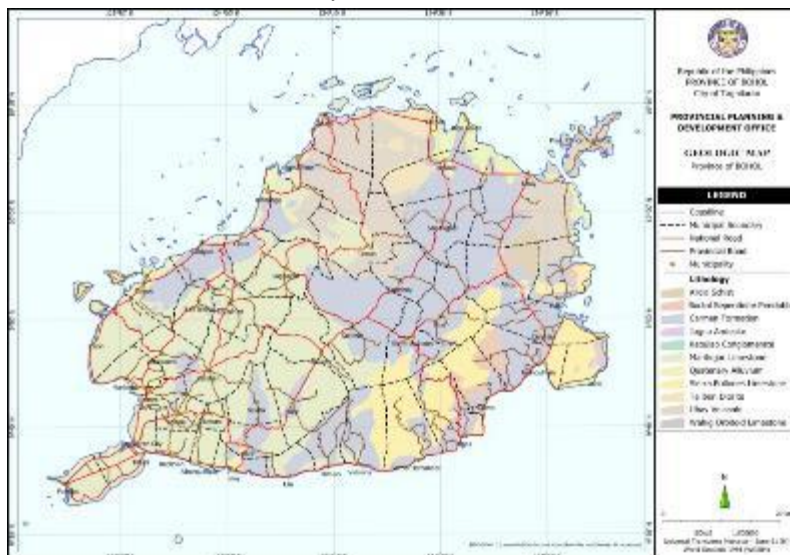

#### 6. Geographic Information System (GIS)/ Mapping Services and IT-Services

- Provided Mapping Assistance
  - Provincial Development and Physical Framework Plan (28 Maps)
  - Search for Abu Sayaf Stragglers (16)
  - Philippine Rural Development Project (4)
  - Local Road Network Development Plan (3)
  - Municipal Comprehensive Land Use Plans (299)
  - Provincial Atlas (115)
  - Walk-in Clients and Web-based Requests

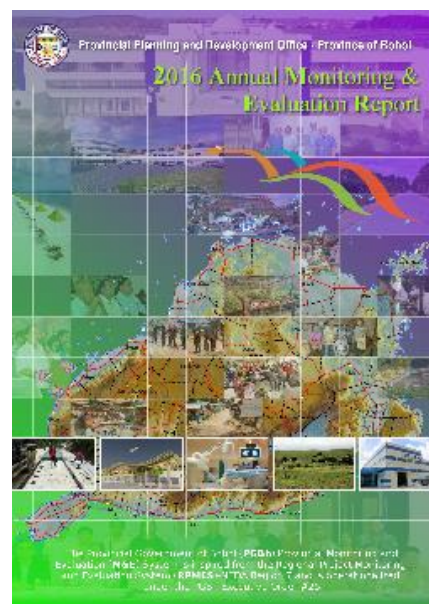

- Website Development
  - System Maintenance to 4 Website Services Administered by PPDO
  - Updated Contents and Respond to Comments to the PPDO Websites
  - Development of a Provincial GeoDatabase for GIS Data Sharing and Publishing
- Local Area Network
  - Established and Maintained Network Domain Service, and Internet Access Services
  - Monthly System and Applications Maintenance on All PPDO Computers and Laptops

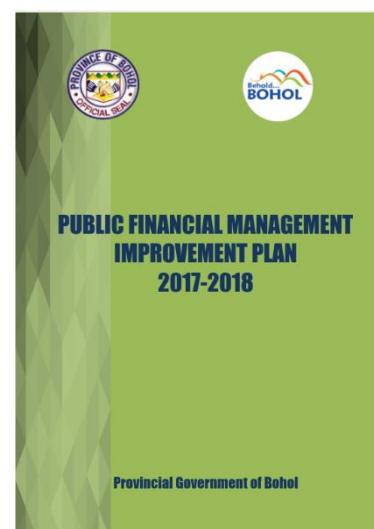

## 7. Monitoring and Evaluation of Development Programs and Projects

- Enhancement of the Provincial Monitoring and Evaluation Information System (ProMEIS)
- Training and re-orientation of M&E Officers
- Preparation of 2016 Monitoring and Evaluation Report
- Assistance to the Regional Project Monitoring Committee activities
- Administration and troubleshooting of the ProMEIS
- Preparation of the Quarterly Utilization Reports of the 20% Development Fund and posting under the DILG FDP
- 6- Monthly PRDP Monitoring Reports submitted to RPCO-7 in prescribed form
- Preparation of PRDP monthly report
- Monitoring and Evaluation of Sectoral Programs and Projects
- Consolidated the Weekly Fuel Price Monitoring within Tagbilaran City and other municipalities

## 8. Implementation of Strategic Performance Management System (SPMS)

- Implementation of the Strategic Performance Management System (SPMS)
- Review of Department Performance Commitment and Review (DPCR)
- Preparation of Division Performance Commitment and Review (DivPCR) and Individual Performance Commitment and Review (IPCR)

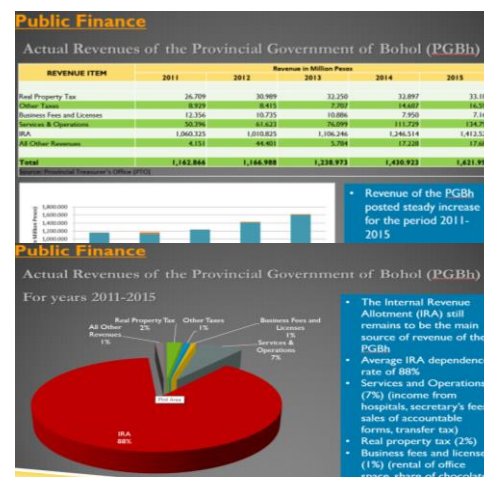

## 9. Preparation of Financial Analysis/ Recommendation as basis for decision making by the Local Finance Committee

- Preparation of Financial analysis (Budget and finance section of the Annual Report, reply to DBM Requirements for the Supplemental Budget)
- Preparation of Public Financial Management Assessment Report (PFMAR) and the Public Financial Management Improvement Plan (2017-2018)
- Reply to Commission on Audit (CAO) Audit Observation Memorandum (AOM)

## 10. Provision of Administrative Support Services

- Conduct of Management Committee (ManCom) Meetings
- Conduct of General Assemblies of personnel
- PPDO Mid-Year Assessment and Operational Planning
- Preparation of PPDO Operational Plan for CY 2018
- Secretariat Support Services to special projects and activities
- Provision of Frontline Services
- Supply, Property and Asset Management,
- Financial Management and reporting
- Records, Archival, and Knowledge Management System
- Administrative Issuances and Performance/Management of Administrative Functions
- Human Resource Management and Development & Related Services
- Transport Services
- Housekeeping
- Environmental Management System (EMS) Services
- Mid-year Assessment and year-end assessment

## 11. Support and Assistance to Environmental Management System (EMS) implementation

- Preparation of 3 Quarterly EMS-EMP Monitoring Reports of the 23 PGBh offices and submitted to the Environmental Management Representative (EMR)
- Support for:
  - Energy conservation program
  - Water conservation program
  - Pollution and prevention & control program
  - Waste management program
  - Health and safety program including Hataw

## II. PRIORITY AREAS FOR ACTION, PLANS AND PROGRAMS FOR CY 2018

### **Planning and Development Services**

- Preparation of 2017 Provincial Annual Report, Preparation of 2019 Provincial Annual Development and Investment Plan (P ADP/AIP), Preparation of Post-Disaster Damage Reports and Rehabilitation Plans (Contingent upon the actual occurrence of disasters), Preparation of Provincial Commodity Investment Plan (PCIP)

### **Technical Support Services to Internal/External Stakeholders**

- Representation/Extension of technical assistance to Various Committees/ Bodies/ Councils/ ODAs and other stakeholders

### **Provision of Technical/ Administrative Secretariat Services to the Provincial Development Council Full Council/ Executive Committee/ Sub-Committees/ Technical Working Groups (TWG)**

### **Research and training services**

- Updating of Sectoral Database, Updating of Bohol Provincial Profile, Updating of Quarterly Provincial Economic Situationer (QPES), Project Proposals, Geo-Resistivity Analysis Report, Water source investigations, Activity Design

### **IT Management and Services**

- Local Area Network administered, Preparation of Presentations and Other Info-Graphic Materials, Computer maintenance

### **Website Management**

- PPDO website maintenance, Web contents updated to PPDO website

### **GIS-Based Services**

- Map Composition, Thematic Data Updating, Maintenance of the Provincewide Geodatabase, Updated Provincial Atlas

### **Monitoring and Evaluation Services**

- Preparation of Monitoring Report, Provincial Monitoring and Evaluation Information System (ProMEIS)

### **Financial Analysis done in an advisory capacity to the Local Finance Committee**

Sector : **DEVELOPMENT ADMINISTRATION**

Sub-sector : **Governance**

Office : **BOHOL CENTER FOR DEVELOPMENT STUDIES  
PROVINCIAL ECONOMIC ENTERPRISE MANAGEMENT UNIT**

# I. HIGHLIGHTS OF 2017 ACCOMPLISHMENTS

1. Facilitated the creation of the Provincial Economic Enterprise Management Unit (PEEMU)
  - in January 2018, enacted an ordinance creating the Provincial Economic Enterprise Management Office (PEEMO) focusing on two revenue centers (Café Caloy & the Bohol Biodiversity Complex)

2. Drafted IEC Materials for the CPG Heritage House & the Bohol Biodiversity Complex.
  - brochures, flyers, fb page, menu options, mugs
  - Increased visitor traffic at the CPG Heritage House
  - Contributed to the enhancement of the Tagbilaran City

## Heritage Tour

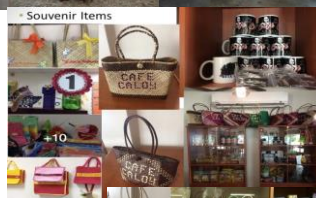

3. Drafted Business plan for BBC and Café Caloy.
4. Initiated Cash from Trash.
  - created eight (8) products out of office rubbish and recyclable materials

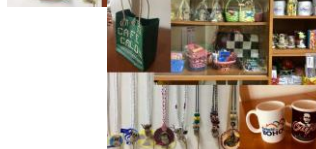

5. Full operation of Café Caloy.
  - Initially generated net sales of P192,716.40 for the first one & a half month operation

- Hosted several meetings and events at Café Caloy
- Helped promote micro enterprises with the patronage of local products
- Designed & developed products for sale (food & non-food)
- Provided a venue for balikbayans for their meetings

6. Enhancement and beautification of the CPG Heritage Grounds.
  - staged various events at the grounds (youth forum; Beer, Balut, Balak; dance workshop;

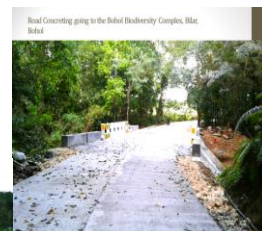

7. Conduct of Indigay sa Balak, Chess Tournament & Open Mic.

8. Facilitated the road concreting from hi-way, Bilar to BBC.
9. Spearheaded the staging of Miss Bohol 2017 and Baik Bohol 2017.
  - maintained the FB Page as its administrator
  - served as secretariat of the Balik Bohol
  - assisted forum & table discussions with Balikbayans

## II. PRIORITY AREAS FOR ACTON, PLANS AND PROGRAMS FOR CY 2018

Actions	Person Responsible	Timeframe
➤ Enhance Café Caloy and Bohol Biodiversity Complex operational system	Ana Loinda Saluan Eladio Buslon, Jessiebyl Mandin, Rebecca Caliao	March
➤ Conduct business planning to standardize Café Caloy and Bohol Biodiversity Complex in an acceptable PGBH management information and accounting procedures	Ana Loinda Saluan Eladio Buslon, Jessiebyl Mandin, Rebecca Caliao Ismaelita Mosqueda	March
➤ Completion of Level II Water System Development at BBC	Arc. Ken Marvin F. Aceron, Eladio Jala, Anthony Rodriguez	March-December
➤ Conduct monthly promotional activities at BBC and Café Caloy	Rebecca Caliao Eladio Buslon, Ninio Jorolan	March-December
➤ Conduct bi-monthly weekend event at the CPG Heritage Grounds	Ana Loinda C. Saluan, Eladio Buslon, Jessiebyl Mandin, PEEMO Staff	April-December
➤ Establish and operate Campsite with Camping Kiosk	Ana Loinda Caliao, Rebecca Caliao, Restituto Piollo, and staff at BBC	April-July
➤ Produce IEC Materials for Café Caloy and BBC.	Rebecca Caliao, Nino Jorolan, PEEMO Staff	March –July
➤ Construct Welcome Center and Guard House	Arc. Ken Marvin	April-July
➤ Hiring of additional Personnel to compliment the workforce at Café Caloy and BBC	Ana Loinda C. Saluan, PEEMO Staff	April-December
➤ Install a LED Wall at strategic area in the city for massive info dissemination and revenue generation.	PGSO Personnel, Arc. Ken Marvin Aceron	May –June
➤ Establishment of Painitan sa CPG Complex and in the New Capitol Canteen	PEEMO Staff, Ana Loinda C. Saluan, Jessiebyl Mandin	May-August
➤ Landscape BBC and CPG Heritage Grounds	Ana Loinda C. Saluan, Arc. Ken Marvin	April-Decembr
➤ Conduct Training on team building facilitators, customer service, and food handling and beverage	Ana Loinda C. Saluan, Facilitator PEEMO Staff	March-April
➤ Establish a kitchen, stock room, and personnel locker	Arc. Ken Marvin Aceron, PGSO personnel	April-May
➤ Enhance of the CPG Heritage House Tour	Ana Loinda C. Saluan, Eladio Buslon. CPG House Staff	May
➤ Establish the Bohol Biodiversity Complex as Visitor and Manpower Development Center	Ana Loinda C. Saluan, Arc. Ken Marvin Aceron, Jessiebyl Mandin, Restituto Piollo	June-December
➤ Establish Educational Activities (natural trail, forest trail, wildlife trail, stream trail, eco-camps, community trails, farm camps, & team building)	Rebecca Caliao, Restituto Piollo, BBC Staff	July-December
➤ Conduct Midyear Assessment and Strategic Planning	Ana Loinda C. Saluan PEEMO Staff, Café Caloy Personnel, BBC Staff	August

## I. HIGHLIGHTS OF 2017 ACCOMPLISHMENTS

### • Development of ICT Systems

- Social Welfare Information System / Financial Assistance Tracking Information System (AICSS) – 100% comple
- Reconstruction of Audit Recommendation Management System (ARMS) – 80% complete
- GO Tracking System – 70% complete
- Reconstruction of Property Records Inventory System (PRIS) – 5% ongoing
- Livestock Based Livelihood (LIVES), Program Info System (Joint Info System of LHBIS), Countryside Development Program Info System (CDP) & Sustainable Dairy Enterprise and Livelihood Program (SLDP) – 30% ongoing

### • Enhancement of Information Systems

- Provincial Monitoring and Evaluation Information System (PROMEIS)
  - Modified and enhanced
  - Phase 2 deployed
  - Collaboration between PPDO, AUZA and BICTU
- Financial Management Information System (FMIS) - ongoing
  - Modified and enhanced
  - Collaboration between Finance Offices

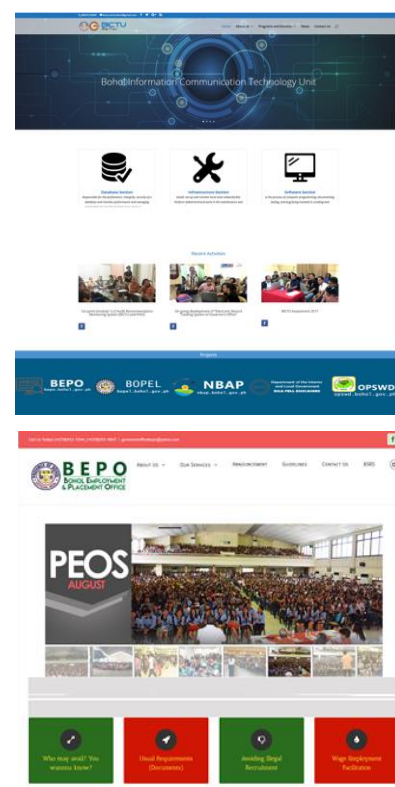

- BICTU Notifier - ongoing
  - Modified and enhanced
  - BICTU personnel online notifier
- Bohol Skills Registry System - ongoing
  - Modified and enhanced
  - Collaboration with BEPO
- Human Resource Information System - ongoing
  - Leave Module – 100% complete
  - PDS Module – 50% complete
  - Recruitment Module – study stage
  - Undertime, tardiness and absences report module – 100%
  - Alphalist for BIR module – ongoing
  - Reconcile Module – 100% complete
  - Online Payroll (regular, JO, contracts) – ongoing
  - Scheduling / Shifting module - ongoing

#### • Development and Enhancement of Website

- BICTU Website
  - 100% complete and online
- BEPO Website
  - 100% complete, ready for deployment
- Website targeted for development
  - CCAD Website
  - PDRRMC Website
  - BEMO Website
  - PEO Website

#### • Enhancement of Website

## I. HIGHLIGHTS OF ACCOMPLISHMENTS

### EXECUTIVE SUMMARY

Inspired by the DILG Vision of "A strongly determined and highly trusted Department committed to capacitate and nurture local government units, public order and safety institutions to sustain peaceful, progressive, and resilient communities where people live happily", DILG-Bohol faced the challenges and implemented the following programs, projects and activities toward making Local Government Units achieve the following outcomes:

Peaceful, Orderly and Safe Local Government Units. The Mamamayang Ayaw Sa Anomalya, Mamamayang Ayaw Sa Iligal na Droga (MASA MASID) Project which focused not only on corruption and illegal drugs but also on violent extremism and other threats to peace and security was timely implemented considering the terrorism threat that beset the province during the early part of the year. For Bohol, all MASA MASID TWGs and MMTs were already reconstituted while the Steering Committees (SCs) were also created. On-going recruitment and registration of MASA MASID Volunteers (MMVs) are also done. Community facilitators are hired to ensure that the program is cascaded down to the barangay level. Orientation regarding the program was also made in order to have a uniform understanding as regards its deliverables. Secretariat services are ably done by the Provincial Director and CIMLGOOs in the regular conduct of Peace and Order Councils (POC) and Anti-Drug Abuse Councils (ADAC) joint meetings.

Learnings on the Peace and Order Council Secretariat Mid-year Assessment and Competency Enhancement Training to upgrade the skills of DILG Officers as POC secretariat were also shared. To ensure the functionality of the POCs, the province, to include the 47 municipalities and Tagbilaran City has 100% compliance in the formulation and approval of their respective Peace and Order and Public Safety Plan (POPSP). To ensure the sustained compliance by local governments with the mandates of Section 43 of Republic Act No. 6975 and to provide technical assistance and capacity development to People's Law Enforcement Boards (PLEB), this level complied with the directive of the central government with the organization or reorganization of the different PLEBs of the 47 towns and 1 city of the province.

DILG Bohol, in partnership with the National Police Commission, conducted a two-day Capacity Enhancement Training for the People's Law Enforcement Boards (PLEBs) of Bohol in three batches on October 19-20, 23-24, and 25-26, 2017 at the Bohol Tropics Resort with DILG's close coordination, the Bohol Comprehensive Local Integration Program (CLIP) Committee has been created by virtue of Executive Order No. 10, Series of 2014 dated January 15, 2014, and was reorganized in consonance to JMC 2016-02, Revised Guidelines for the Implementation of the CLIP through Executive Order No. 30, Series of 2016. Customized activities to further make LGUs in Bohol peaceful, orderly and safe include the Conduct of Meetings of the Special Action Committee Under the Provincial Peace and Order Council, Dialogue on Preventing and Countering Violent Extremism, Lakbay Aral on Community-Based Rehabilitation Program of DILG R7, Province-wide Orientation on Anti-Illegal Drugs and Anti-Terrorism Programs for BHWs and BNS and Security Briefing on Grassroots Mobilization and Barangay Intelligence Network Against Terrorism and Illegal Drugs.

Socially Protective and Safe LGU. The continued implementation of the Sagana at Ligas na Tubig sa Lahat (Salintubig) Program fostered provision of safe water for the constituents. For FY 2013 and 2015, the

projects in the municipalities of Batuan and Bilar are near completion. In FY 2015, 2 of the three projects in Dagohoy, Inabanga, and Calape are also near completion. Ten municipalities benefitted in the project for FY 2016 with a total of 12 projects, of which 2 are already completed. For FY 2017, 3 more municipalities benefitted the Salintubig program.

For the Provision of Potable Water Supply under the Bottom-Up Budgeting (BuB) Program, continuous monitoring and on-site validations are being conducted by the LGOOs with the WATSAN Team and RIPDMLJ. Seventy-seven percent (77%) of the sub-projects in FY 2014 are already completed, while 73% of the sub-projects for FY 2015 is likewise completed. For FY 2016, 3 of the 30 subprojects are already completed. For the effective management and sustainability of water projects under the Salintubig and BuB Programs, DILG Bohol provided several capacity interventions to the recipient LGUs. DILG-Bohol also hosted the conduct of the Workshop on Municipal Water Supply, Sewerage and Sanitation Sector Plan (MW4SP) Preparation on January 31 to February 2, 2017, at the Metrocentre Hotel, Tagbilaran City.

For the 2014 Local Access Projects under the BuB Program, the remaining unfinished projects in 2016 were completed in 2017. DILG Bohol Field Officers also regularly monitor DILG Locally Funded Projects and submit Bi-monthly status reports to the Provincial Office for consolidation and submission to the RPDMIJ. Status updates on the implementation of BuB projects for FY 2015 and 2016 charged against the Local Government Support Funds (LGSF) in all 48 LGUs were promptly submitted by the LPRAT to the RPMT. For FY 2016, there are 99 BuB-LGSF 2016 (DILG monitored) projects in 42 LGUs, with the latest status report submitted on October 23, 2017, as of this writing. Quarterly status reports on all BuB projects are also regularly updated in the Open BuB Portal.

All 47 municipalities of Bohol are covered with the Assistance to Disadvantaged Municipalities (ADM) Program in 2017. The program is also being sustained in FY 2018, although it was renamed to Assistance to Municipalities (AM) Program, with the signed proposals of all 47 municipalities timely submitted through the efforts of the Field Officers. DILG Bohol has established its Provincial ADM Program Coordination Team, with two newly hired Community Development Officers, which shall oversee the implementation of the ADM Program's monitoring tracks. DILG-Bohol provided support and coordination to the Training Management of the Assistance to Disadvantaged Municipalities-Disaster Risk Reduction & Other Infrastructure Project Management Office (ADM-DRROI PMO) under the Office of the Project Development Services (OPDS) during the holding of a Training Workshop on the Conduct of the Infrastructure Audit on November 6-10, 2017 at Us Seafood Village, Tagbilaran City.

For the DILG Field Officers to effectively carry out their task in monitoring infrastructure projects and fund utilization, 27 municipalities and 1 city in Bohol attended the Seminar on Accounting for Non-Accountants on November 8-10, 2017 in Cebu City. A Provincial Stakeholders Forum was organized by DILG-Bohol on January 26 and 27, 2017 at the Bohol Tropics Resort, Tagbilaran City which highlighted the Sharing of Strategies and Good Practices of LGUs in the Implementation of BuB Projects and the preparation of the LGU Catch Up Plan. Customized activities include Consultative Meetings and Dialogues with Local Chief Executives and Local Functionaries, specifically the Municipal Engineers and Municipal Accountants, conducted on June 30, 2017, and August 4, 2017.

The Local Council for the Protection of Children (LCPC) and GAD Focal Points were continuously provided with technical assistance in 2017. This led to the conferment of the Seal of Child-Friendly Local Governance to the 47 LGUs in Bohol by the Regional Committee for the Welfare of Children (RCWC) on June 29, 2017 at Capitol Social Hall, Cebu Capitol, Cebu City. Still for the promotion of women's rights, DILG Bohol sustains its capacity building and monitoring of functionality of LCAT-VAWCs and VAW Desks.

Since its launching in 2010, the Vigilance to Volunteerism: A Program Intensifying People's Engagement in Local Governance (V2V PIPELOG) has been continually supported and implemented by the 24 LGUs in the D'One Cluster. As an innovation to strengthen and enhance the LCAT-VAWC functionality, DILG Bohol and the community outreach arm of the Holy Spirit School of Tagbilaran, the Missionary Sisters Servants of the Holy Spirit-Women Interacting for New Growth and Services (SSPS-WINGS), spearheaded the conduct of a One-day

Capability Building Activity for LCAT VAWC Strengthening on August 2 & 3, 2017 at the Panda Tea Garden, Tagbilaran City.

The Management Coordinating Committees (MCCs) in all 48 LGIs were reconstituted and regularly meet to discuss operational issues and concerns as well as its resolutions. DILG Bohol attended the regional launching of the 23rd National Crime Prevention Week on August 31, 2017 in the province of Bohol.

The KALSADA or Konkreto at Ayos na Lansangan at Daan Tungo sa Pangkalahatang Kaunlaran, which was launched in the province of Bohol in 2016, is now in full swing in 2017 after compliance to all the necessary requirements. The DILG Provincial Office Program Coordinator attended the Bohol Roads and Infrastructure Investment Forum was conducted on March 14, 2017, at JJs Seafoods, Tagbilaran City.

An Assessment/Review of the CR+ID SRI's was conducted on May 30, 2017 at Belian Hotel, Tagbilaran City, participated also by the DILG Province of Bohol. DILG Bohol also led the CY 2016 CFLGA Table Validation, in compliance to the mandatory audit on local government units. DILG-Bohol also rendered assistive support as one of the judges to the Department of Social Welfare and Development Field Office VII (SWAD) Pantawid Pamilya Exemplary Children Search desk validation on June 8, 2017 at JJs Seafood Village, Tagbilaran City.

In support to the ASEAN Meetings held in the Province of Bohol, DILG Bohol conducted activities such as information dissemination about the ASEAN Summit DILG Bohol also took part in the organization of the ASEAN Landmark Lighüing Ceremony on the occasion of its 50th year since its incipience.

Accountable, Transparent, Participative and Effective Local Governance. Given the task to conduct advocacy on Federalism, DILG-Bohol integrated Federalism 101 as one of the topics in seminars, meetings, orientations, and other activities at the provincial, municipal and barangay levels, attended by local officials, private sectors, CSO, student council officers, and the academe.

DILG-Bohol also prepared a Cebuano translation of the presentation on the basics of federalism for the benefit of the barangay folks, especially during the conduct of the Synchronized Barangay Assemblies (SBA).

On the Full Disclosure Policy (FDR) Program, all the 47 municipalities, 1 city, and the provincial government are fully compliant as regards the posting of FDP Documents in conspicuous places for the 1st, 2nd and 3rd quarters of 2017. Although there were several FDP Portal system malfunctions, 70% of the LGUs successfully uploaded the required documents on time. As a customized activity of DILG-Bohol, a Coaching on FDP Uploading to LGU's focal persons was conducted.

The Provincial Government of Bohol, City of Tagbilaran, and the Municipalities of Alicia, Bien Unido, Duero, and Tubigon have been recently conferred with the 2017 Seal of Good Local Governance (SGLG), based on the assessments done by the Regional Assessment Team and National Assessment Team. Whereas, the Provincial Government of Bohol, City of Tagbilaran, and 40 municipalities of Bohol were the Good Financial Housekeeping (GFH) passers, based on the result of the COA Annual Audit in 2015 and 2016.

For the Performance Challenge Fund (PCF), the incentive for SGLG Passers, 10 LGUs were recipients in CY 2015, and 5 out of 17 priority local development projects have been completed as of October 2017. For the CY 2016 PCF recipients, 2 out of 9 projects in the 8 LGU-recipients are already complete.

In strengthening its partnership and collaboration with Civil Society Organizations (CSOs), DILG-Bohol participated in the week-long celebration of the CSO Week on October 2-6, 2017. For the Citizen Satisfaction Index System (CSIS), Holy Name University (HNU), DILG 7's partner Local Resource Institute (LRI), presented the survey results to the officials and functionaries of the municipality of Jagna during a Utilization Conference on May 17, 2017 at Mithi Resort and Spa, Panglao Island, Bohol. A one-day CSIS Cascading for Field Enumerators was also conducted by Holy Name University Center for Research on August 18, 2017, at 717 Cesar Place Hotel, Tagbilaran City.

In recognition of the Lupong Tagapamayapa (LT) whose efforts in conflict resolution are notable, the Lupong Tagapamayapa of Can-upao, Jagna was proclaimed Lupong Tagapamayapa Incentives Award (LTIA) National Winner for 2016 for the 1st to 3rd class category. The LT of Can-upao, Jagna is also the first LTIA National winner in the Province of Bohol and in Region VI.

In support to the Provincial Nominees for the LTIA Search, DILG-Bohol continued its initiative in conducting a Coaching/Mentoring session for the Lupons prior to the Regional On-site validation. In support to the LTIA entries, DILG-Bohol initiated the provision of incentives to MLGOOs who assisted the nominees during the Recognition of MLGOOs/Finalists/Entries in the LTIA Search on December 11, 2017, at JJ's Seafood Village, Tagbilaran City.

DILG-Bohol's support to the strengthening of Local Development Councils included the conduct of the Provincial Strategic Direction Setting Conference Workshop on September 5-6 and September 7-8, 2017 at the Bohol Tropics Resort Tagbilaran City. The Participatory Project Prioritization Conference Workshops followed thereafter at the municipal level.

The Local Finance Committee members of the municipality of Carmen, Bohol were invited to a three-day coaching activity on Resource Mobilization and Financial Management Training for Local Governments on November 14-16, 2017 in Cebu City. MLGOO Sharon Halasan served as one of the coaches in this activity.

One of the customized activities initiated by DILG-Bohol is the Comprehensive Development Planning, in which the Field Officers attended an Orientation on CDP Formulation/Updating at Reyna's the Haven and Gardens, Tagbilaran City.

Another is the participation of DILG-Bohol in the presentation and review of the draft Comprehensive Land Use Plan of the City of Tagbilaran and the municipality of Alicia, Bohol, being a member of the Provincial Land Use Committee. DILG-Bohol, represented by LGOO VI Regina Gina G. Bastes and LGOO V Jocelyn B. Bandala, attended the Provincial Development Council (PDC) Executive Committee Meeting on January 30, 2017, and presented the major priority development programs and projects of the department for CY 2018 under the five (5) outcome areas.

On the implementation of the Katarungang Pambarangay, DILG-Bohol, through the Field Officers, continue to conduct information dissemination through advocacy and provide support through trainings and seminars. The Barangay Anti-Drug Abuse Committees (BADAC) in all barangays of the province of Bohol has been reorganized.

In support to the administration's fight against illegal drugs, the following activities were supported by DILG-Bohol: launching of the Center for Education and Drug Counseling (CEDEC), the conduct of training on Community-Based Treatment Program to equip LGUs with the ASSIST-BI procedures, the establishment of the Community Rehabilitation Network (CRN), attending the meeting of the Task Force on Drug Abuse Treatment and Rehabilitation Center, signing of MOA for the Construction of the Drug Abuse Treatment and Rehabilitation Center, and attending the Integrated Drug Monitoring and Reporting System Training.

On Community-Based Monitoring System (CBMS), 27 out of 43 municipalities that have implemented the program have valid and clean data. Four LGUs, Loboc, Getafe, Corella, and Tagbilaran City have already expressed their interest for the second round of CBMS implementation in 2018.

For the Synchronized Barangay Assembly, all 1,109 barangays of Bohol successfully conducted the barangays assemblies for the 1st and 2nd semester of 2017. Highlights of the assemblies included the reading of the Message of the SILG, which was translated into Cebuano for the benefit of the barangay folks.

The Provincial Speakers' Bureau initiated by DILG-Bohol was sustained which disseminated government programs during the SBA. In 2017, a total of 270 demand-driven trainings were conducted by all LGUs of Bohol. The DILG Provincial Office ensures that Central Office directives and issuances are promptly communicated to all

LGLJs. The DILG Provincial Office also processed 2 applications for travel abroad in the 1st quarter of 2017 before the implementation of the Foreign Travel Authority online system, conducted 2 fact-finding investigations, served 12 implementation orders directed by DILG VI' Regional Director Rene K. Burdeos, processed 45 death benefit claims, and processed and indorsed 14 requests for authority to purchase motor vehicle. The DILG Provincial Office also entertained and responded to 132 clients on legal opinions and advice. DILG Bohol continuously maintains and updates a database for provincial, municipal and barangay officials. DILG-Bohol also strives to sustain and comply with the ARTA requirements.

**Business Friendly and Competitive LGUs.** In support to the national thrust on the promotion of business competitiveness and ease of doing business, DILG Bohol continues its push in empowering the LGLJs to become more competent in pushing for more economic feats. Favoring the present Administration's priority agenda on Public-Private Partnership, DILG Bohol together with LGUs Panglao and Tubigon attended the Regional Consultation cum Business Matching and Workshop on Populating LGU P4 Portal. Streamlining of BPLS continues to be one of the foremost undertakings of DILG-Bohol.

All LGUs in Bohol streamlined its Business Permits and Licensing System (BPLS) based on the revised standards in processing business permits and licenses. Towards this end, a provincial roll-out with municipal treasurers and business permit licensing officers was conducted. Bohol LGLJ's LCE's and BPLO's actively joined the e-BPLS Roadshow where the municipality of Jagna showcased its good practice in terms of business permitting.

Seeing the significant gains of modernization, DILG-Bohol participated in the coaches training on the Automation of Business Permits and Licensing System for the Visayas Cluster. Accordingly, DILG together with DTI and DICT embarked on a joint activity dubbed "Orientation on the Automation of Business Permits and Licensing System" for LGU-Panglao\_ Continuous monitoring and evaluation of LGUs' compliance to the new BPLS Standards were done through the submission of BPLS Quarterly Progress Report submitted by DILG field officers.

DILG also actively joined the Regional BPLS Validation Team that conducted series of Onsite Monitoring and Evaluation on LGU compliance to the new BPLS Standards in the municipalities of Dauis, Panglao, Carmen, Bilar, Loboc, and Loay. Through the conduct of Partner's Forum, Bohol LGUs were encouraged to display competence and commitment to generating local revenue and employment by enabling competitive business environment through policies, incentives, and infrastructure that support sustainable Local Economic Development (LED).

DILG's interventions geared towards business-friendly and competitive LGUs paid off with the accolades received by LGUs. Bohol has won the biggest Philippine business organization's "Most Business-Friendly Province" Award in a first-time feat that "toppled all the giants", a grand recognition given by the Philippine Chamber of Commerce and Industry (PCCI). Likewise, the municipality of Garcia-Hernandez was conferred as the 2nd Most Improved LGU in the 2017 CMCI.

Also, the municipality of Panglao won third Most Competitive Award (3rd to 6th class municipalities) in this year's Annual Cities and Municipalities Competitiveness Index by the National Competitiveness Council. Other remarkable undertakings on the promotion of business friendliness and competitiveness were the following: BOSS Caravan in the municipalities of Inabanga, Dimiao, Sevilla, Baclayon and Candijay; NCC and CMC' Survey Roadshow which highlighted the new pillar on resiliency; support to Negosyo Centers in Inabanga and Panglao; support to Bohol sustainable tourism through its personnel's attendance to coordination meetings called by the Tourism Infrastructure and Enterprise Zone Authority's (TIEZA).

As the implementing agency in governance reforms, quality assurance, and monitoring of road projects of the PLGUs, DILG Bohol has closely coordinated with the provincial government in the compliance of document submission, conduct of procurement process and as well as the conduct of series of meetings cum workshops in the preparation of deliverables to meet with the timelines set by the Central Office for the Conditional Matching Grant to Provinces (CMGP)\_ For the Local Road Network Development Plan (LRNDP), several meetings, workshops, and presentation of the draft LRNDP were attended, participated and closely

coordinated by DILG Bohol Provincial Office. The Provincial Governance Reform Roadmap (PGRR) Guidelines Formulation was also piloted in the province of Bohol.

Environment Protective, Climate Change Adaptive, and Disaster Resilient LGUs. In order to build LGU capacities for an environment protective, climate change adaptive and disaster resilient communities, DILG-Bohol provided technical assistance to LGUs resulting to their compliance to the DRRM Act, specifically with DILG's Operation Listo and Disaster Preparedness Audit. On the LGUs' compliance with statutory requirements on disaster preparedness as of October 16, 2017, as to data availability, 41 LGUs are fully compliant while 7 are partially compliant. As to early preparations, all 48 municipalities are partially compliant.

As to critical preparations, only the Municipality of Ubay is fully compliant while all the rest 47 LGUs are partially compliant. As to local DRRM directory, 9 municipalities are compliant while the other 38 LGUs are partially compliant. For the Disaster Preparedness Audit, only 12 LGUs passed the Disaster Preparedness indicators to include the Province of Bohol while 47 passed the Environmental Management indicators, also including the Province of Bohol.

To help continue LGU's capacities on DRRM/CCA, assistance was also provided through trainings and other capability building programs. Highlighting this year's implementation was the conduct of the Mainstreaming of DRR-CCA in the Comprehensive Development Plan (CDP) - Training on Climate and Disaster Risk Assessment for LGUs to 8 municipalities namely, Duero, Guindulman, Loon, Jagna, Tubigon, Trinidad, San Miguel, Pilar, and the province of Bohol. MPDCs, MDRRMOs and GIS experts from LGUs Duero, Guindulman, Loon, and Pilar, DILG Bohol's focal person, and Regional composite team participated in the Climate And Disaster Risk Assessment (CORA) Review And Ecological Profile (EP) Updating (Cluster 3). To facilitate the rehabilitation and recovery efforts of the province after the big quake, Bohol Earthquake Assistance (BEA) has a total of 1,063 projects with a total funding of Php 2,389,494,190.00 was allocated for the 44 LGUs and the provincial government.

To date, 91% were completed, 9% are ongoing, 0.3% on the procurement process and 0.009% on pre-procurement and bid documents preparation. DILG-Bohol continuously conducted meetings with stakeholders, monitoring, and inspections. Other noteworthy undertakings for DILG Bohol were Policy Advocacy conducted on the Organization of LDRRM Office, Utilization of LDRRM Fund and Other Policy Issuances; the Orientation on DRRM-CCA Database Management, Provincial Preparedness and Partnership Dialogue and Roll-Out of Operation Listo. Also, all the LDRRMOs and CIMLGOOs of the province participated in the Regional Conference on MASA MASID and Operation Listo: Listong Pamayanan and Listong Pamilya.

Other significant DRRM related activity conducted by DILG-Bohol for capacity building and for LGU officials was the Orientation on Operation Listo for Newly Minted & Comebacking LCEs Ten barangays from Mabini and DILG Bohol personnel attended the Training-Seminar for the 4th batch of the implementation of the Information-Driven Local Disaster Risk Reduction Management (iD-LDRRM). Another training for the Advanced Geographic Information System for Disaster Preparedness Response was attended by the municipalities of Antequera, Corella, Danao, Dausi, Guindulman, and Ubay.

Local Climate Change Action Plan (LCCAP) Training was attended by 21 remaining LGUs. All 49 LGUs including the Provincial Government of Bohol has been capacitated. On the status of the LCCAP formulation/updating of the previously trained 27 LGUs, 12 are done including the province of Bohol. Separate Trainers' Training on the Formulation and Updating of the enhanced Local Climate Change Action Plan was attended by MLGOOs of Duero, Alicia, and Sierra-Bullones.

DILG has always been a strong partner of the Provincial Disaster Risk Reduction and Management Council (PDRRMC) through meetings, information dissemination, capacity building and other activities for the strengthening of LDRRMCs and the Bohol Association of Local Disaster Risk Reduction and Management Officers (BALDRRMO). DILG is also an active member of the Task Group Luwas Kinabuhì (Disaster Response), under Joint Task Force Dagon of the Strengthened Internal Organizational Capacity of the men and women of DILG-Bohol is enhanced in order to improve their services to its clientele.

The Public Assistance and Complaints Desk (PACD) is set at the main entrance of the Office of the Provincial Director to promptly attend to clients requesting assistance from any of the staff of the provincial office. The Local Governance Resource Center with reading materials is available to field officers and clients who need additional knowledge on governance. To inform the Filipino people about the different projects under the department, the online Programs and Project Monitoring System (PPMS) is established and regularly updated at this level especially on SALINTUBIG, GPP, SLRF, BEA, PCF and Local Access and Infrastructure.

The Website of DILG-Bohol is able to quickly and effectively provide citizens, may it be in the private or public sector, with information, including the full disclosure reports and news updates of the office, programs and services and projects like the Bohol Earthquake Assistance (BEA) Fund. As an innovation of this level, the IT wizard of DILG-Bohol Jacillo Orongan developed systems to improve LGU capacities include the Legislative Information System, Digital Information and Legislative Gallery, DILG Field Officers Toolkit and the DILG-Bohol Legislative Tracking System which were shared to interested LGUs on a demand-driven scheme.

As regards selection and promotions of personnel, the Bohol Provincial Personnel Selection and Promotion Board (PPSPB) of Bohol is organized and indorsed comparative assessments for the positions of LGOO II and LGOO V on April 4, 2017, and September 12, 2017, respectively; in preparation for the reclassification of LGOO VI to LGOO VI', the LGOOs VI of DILG-Bohol underwent the Assessment Center Program on September 18, 2017 at Montebello Hotel, Cebu City. Supervision, monitoring, and dissemination of updates are done through bi-monthly field officers conferences, cluster meetings, supervisory visits and attendance to the DILG VI' Management Committee (ManCom) Meetings.

To ensure cascading of ManCom concerns to the provincial staff, this level initiated the conduct of Provincial Management Committee Meeting (ProManCom) participated in by program coordinators and administrative staff. Competencies of DILG-Bohol officers and staff are developed with their attendance to Reorientation of DILG Personnel on Capacity Development Agenda Formulation for Cluster Heads, Capacity Building on Fact Finding Investigation for field officers, Capacity Development for LGOOs, Training for Local Government Operations Officers II & III with Karen Ann Beniga, Adelene G. Ibarra and Sarah Kristina Romanillos who successfully hurdled Component I and are currently undergoing Component II-Training for Vismin Cluster at the Training Center, DILG-8, Kanhuraw Hill, Tacloban City, Capacity Development for non-LGOO personnel and the seminar for DILG-Bohol Bids and Awards Committee which updated on the amendments of the RA 9184 especially on its role in the implementation of the Locally Funded Projects and the Bohol Earthquake Assistance (BEA) Fund.

Regarding the Performance of sub-regional offices and personnel, DILG-Bohol complemented the regional office with the creation of the provincial committee on Program on Awards and Incentives-Performance Recognition Award Program (PRAISE-PRAP), DILG Bohol conducted its initial assessment with Provincial Director Maria Loisella E. Lucino who personally conducted the on-site evaluation of CIMLGOOs offices in all municipalities of Bohol. Actual evaluation by the regional team started last August 8, 2017 to field offices, more particularly on its physical set-up and records keeping/management and verification of its organizational effectiveness and innovations. Outstanding performance and accomplishments of sub-regional offices, cluster teams and individual employees are recognized through the conferment of Awards and Incentives at the provincial level and during the DILG VII Year-End Evaluation and Awarding Ceremonies.

The physical well-being of DILG-Bohol personnel was ensured with the conduct of the Annual Medical and Physical Check-Up to the 71 personnel on November 17, 2017. Giving respect to higher management, this level provided support to SILG Ismael 'Mike' Sueno's first stop in Bohol and OIC-SILG Catalino Cuys personal supervision of the preparation of the ASEAN meeting in Bohol\_ DILG-Bohol's collaboration with LGUs through Leagues Assistance was evident during the Bohol Liga Provincial Congress, Local Legislation Seminar sponsored by the Vice-Mayor's League, Tagbilaran City Liga Congress, BADAC Re-Oriented, Conduct of the Seminar-Workshop in the Preparation of Program of Works (POW), Approved Budget for the Contract (ABC) and Detailed Unit Price Analysis for Infrastructure Projects, Bohol LNB-Training Needs Assessment, Local Governance Seminar for Mayors, Training Manager's Orientation for all LYDO on the SK Mandatory Training.

DILG Bohol actively engaged in programs and projects spearheaded and implemented by various Provincial and National Government Agencies like the Provincial Roll-out Training on Assessing the Gender Responsiveness of BUB/ADM Projects, Conduct of safety drills/exercises, Enhancing Capacities to address HIV/AIDS, Creation and mobilization of the Provincial Accessibility Monitoring Team (PAMT), Coastal Clean-Up, National Greening Program, Women's Month Celebration and other special celebrations. Agencies like the Provincial Roll-out Training on Assessing the Gender Responsiveness of BUB/ADM Projects, Conduct of safety drills/exercises, Enhancing Capacities to address HIV/AIDS, Creation and mobilization of the Provincial Accessibility Monitoring Team (PAMT), Coastal Clean-Up, National Greening Program, Women's Month Celebration and other special celebrations.

## PEACEFUL, ORDERLY AND SAFE LGUs

### MAMAMAYANG AYAW SA ANOMALYA, MAMAMAYANG AYAW SA ILIGAL NA DROGA (MASA MASID)

In line with the priorities of the current administration to rid the country of illegal drugs, criminality and corruption, the Department of the Interior and Local Government (DILG) launched the Mamamayang Ayaw Sa Anomalya, Mamamayang Ayaw Sa Iligal na Droga (MASA MASID) Project in September 2016. However, as the project is being implemented, significant changes occurred along the way. Existing policy was enhanced to address other concerns of the project, thus, a revised implementation guideline was released.

Among the significant changes in the implementation of the project is the exclusion of the Community-Based Rehabilitation Program from the strategies. Likewise, with the recent terrorism-related incidents in the country, violent extremism and other threats to peace and security were added to the concerns of the MASA MASID. As regards the groups that are involved in the implementation, compositions of the Technical Working Group (TWG), as well as the MASA MASID Teams (MMTs), were reconstituted.

For Bohol, all MASA MASID TWGs and MMTs were already reconstituted while the Steering Committees (SCs) were also created. On-going recruitment and registration of MASA MASID Volunteers (MMVs) are also being done.

Table No. 1. Number of LGUs in Bohol that have created/reconstituted the MADA MASID Groups

MASA MASID Groups	Number of LGUs/Barangays
Steering Committee (SC)	48 LGUs
Technical Working Group	48 LGUs
MASA MASID Teams (MMTs)	1,109 barangays
MASA MASID Volunteers (MMVs)	On-going recruitment/registration

In addition to the changes in the implementation, is the hiring of MASA MASID Community Facilitators (CFS) to assist the DILG Program Management Office (PMO) in the implementation of the MASA MASID Project and to ensure uninterrupted delivery and fulfillment of the PMO's duties and functions at the city and municipal level. In September 2017, under contract of services, DILG-Bohol hired CFS to assist the CIMLGOOs in implementing the project at the municipal and barangay level. Among their tasks within their contract period are to ensure operationalization of the project through conducting an orientation to the MMTs and MMVs, strategizing initiatives to encourage volunteers to enroll and engage in the project, conducting MASA MASID groups profiling and monitoring of MASA MASID-related activities in his areas of assignment

Moreover, as of November 10, 2017, One Thousand Three Hundred Fifty-Two (1,352) MMT members from One Hundred Sixty-Nine (169) barangays of Bohol were already oriented on MASA MASID. While registration of MMVs is ongoing, One Thousand Four Hundred Fifty-Six (1,456) volunteers from One Hundred Four (104) barangays were also oriented.

### PROVISION OF SECRETARIAT SERVICES TO POCs

The DILG continues to provide technical assistance for the organization as well as the functionality of all the levels of the POCs and ADACs to ensure peaceful, orderly and safe LGUs. The DILG facilitates the conduct of regular meetings, reminding the Local Chief Executives (LCEs) of the meeting, sending notices and acting as head secretariat during the P/C/MPOC meetings. During the Joint PPOC and PADAC Meetings, Current Peace and Order Updates which includes the Criminality Situation Updates, Operational Accomplishments, Significant Accomplishments, Peace and Order Assessment is reported by the PNP.

DILG is also delivered by the battalion commander of the 47th 1B, 31D, of the Philippine Army. Updates from PDEA on the fight against illegal drugs are also reported. The National Bureau of Investigation also renders regular reports. Other reports from other Task Groups under Joint Task Force Dagon and issues are also shared by the other members of the council.

The Provincial Peace and Order Council (PPOC) jointly with the Provincial Anti-Drug Abuse Council (PADAC), chaired by Governor Edgar M. Chatto, have conducted monthly meetings with 15 resolutions for PPOC and 2 Joint PPOC-PADAC resolutions passed. The Provincial Peace and Order and Public Safety Plan (POPSP) for CY 2017-2019 was approved on January 31, 2017. During the Joint PPOC and PADAC Meeting held on April 18, 2017, at the Governors Mansion, Tagbilaran City.

To ensure that anti-illegal drug activities are also conducted with the full participation and support of the municipal and barangay officials as well as other stakeholders, several Joint Memoranda were signed by Governor Edgar M. Chatto, DILG Provincial Director Maria Loisella E. Lucino and BPPO Provincial Director Felipe R. Natividad.

*During the SAC Meeting on January 26, 2017 at the Governor's Mansion*

The first Joint MC dated January 19, 2017 was addressed to CIMLGOOS and Punong Barangays in the province for the Assessment on the Status of Illegal Drugs Affection in the Barangays. The second JMC dated September 13, 2017 addressed to all City and Municipal Mayors was regarding the Support to Anti-Illegal Drug Activities in the Locality, Drug Clearing Operations Among Others.

The last JMC dated September 13, 2017 addressed to all City and Municipal Mayors and Punong Barangays was on the Implementation, Compliance and

Monitoring of the Activities on Anti-Illegal Drugs for the submission of the list of the household heads as well as its members, in each of the barangays in their areas of responsibility.

**CUSTOMIZED ACTIVITY: Conduct of Meetings of the Special Action Committee Under the Provincial Peace and Order Council**

A Special Actions Committee under the PPOC was created to ensure that urgent concerns and upcoming events brought up during the PPOC Meetings will be focused on the membership includes the Provincial Administrator, SEEM Cluster Coordinator, DILG Provincial Director, PNP Provincial Director and the AFP Brigade Commander. Issues discussed in SAC Meetings ranged from the establishment of drug education and counseling centers, reports on the possible presence of armed groups, congestion of jails and preparation for special events. The meetings of the SAC would be conducted as the need arises upon the call of Governor Edgar M. Chatto, the Chairman of the PPOC.

### **CAPACITY BUILDING FOR POC SECRETARIAT Peace and Order Council Secretariat Mid-Year Assessment and Competency Enhancement Training**

LGOO II Frisii Gay Virador of DILG Bohol province attended the five-day Peace and Order Council Secretariat

Mid-year Assessment and Competency Enhancement Training held at Tagaytay Place Hotel and Suites, Tagaytay City on September 25-29, 2017. The activity aimed to present the Peace and Order and Public Safety Plan Policy Monitoring and Compliance System (POPS PCMS) Roll-out Implementation Status and Regional Compliance, assess the Best POC Indicators and Process, and enhance the capability of POC Secretariat in writing Minutes and Resolutions. Ms. Violeta T. Veloso, Executive Director of the Committee Affairs Bureau, House of Representatives ably discussed the standards of writing minutes of the meeting and provided useful tips in writing resolutions. Region 7 participants actively took part in the group activities.

### **PEACE AND ORDER AND PUBLIC SAFETY PLAN**

The Peace and Order and Public Safety Plan (POPS Plan), as contained in DILG Memorandum Circular No. 2015-128 is a 3-year term-based plan, which covers activities addressing peace and order and public safety issues of the LGU. Technical assistance was also extended by the DILG for the formulation of the LGUs Peace and Order and Public Safety Plan (POPSP) for CY 2017-2019. The province, to include the 47 municipalities and Tagbilaran City has 100% compliance in the formulation and approval of the said plan.

To monitor the compliance of LGUs to these POPS Plans, the DILG-BLGS as the Interim NPOC Secretariat and the ISTMS conceptualized and developed an on-line database and monitoring system; the POPS PCMS (Peace and Order and Public Safety Plan Compliance Monitoring System).

To orient and capacitate the Local Government Units/Peace and Order Councils on the POPS PCMS system background, processes, data input and user interface, and enable the efficient and effective use of the system to further enhance their POPS Plan

reporting, monitoring and evaluation, a Roll-Out was on POPSP PCMS was conducted on October 16, 2017 at Kew Hotel, Tagbilaran City, Bohol.

The participants in the said activity were all the CIMLGOOs along with their information technology officers of the 48 LGUS, personnel from BPPO and OPD Staff. Among the topics discussed were the Review on the Preparation of POPS Plan and Review on the Confidential Fund Utilization. After the input on the POPSP PCMS, the participants were able to register in the system and experience firsthand the simulation and encoding of data in the POPSP PCMS.

Aside from Municipal Peace and Order Councils, the DILG Field Officers also provided technical assistance for the organization and functionality of the Barangay Peace and Order Committees (BPOCs) to include the assistance in the formulation of the BPOPSP and Barangay Anti-Drug Action Plan.

#### Dialogue on Preventing and Countering Violent Extremism.

DILG Bohol in partnership with the Provincial Government of Bohol through the Provincial Peace and Order Council (PPOC) has initiated the conduct of the one-day Dialogue on Preventing and Countering Extremism held on September 15, 2017 at the Bohol Cultural Center, Tagbilaran City Bohol. The activity was graced with the presence of the NAPOLCOM Commissioner Felizardo M. Serapio, Jr. who discussed the Global Trends and Domestic Security Threats.

The activity aimed to thwart any threat to peace and order and to further enhance the security preparedness of the province. It also sought for more coordination and collaboration among the government and the community in sustaining peace and security, thus ensuring economic development. Representing the Muslim community, Mr. Ustadz Najeeb M. Rasul, the leader of the Council of Elders for Visayas National Commission on Muslim Filipinos shared about the truth in religious extremism and violence. Other speakers in the forum were LTC Eufracio Malig, Jr, Commander of the 47th 1B who shared on Local Security and Domestic Threat Situation and PSupt Raymond Halasan, from the Bohol Provincial Police Office who discussed the Criminality and Emergency Response Mechanisms in the province.

Dir. Maria Loisella Lucino, Gov. Edgar M. Chatto, and other local leaders were also on hand to grace the occasion as a show of support on efforts against violent extremism. There were about 600 participants comprised of PPOC members, DILG personnel, Local Chief Executives, SB Members on Peace and Order, Liga Presidents, Chiefs of Police, Barangay Intelligence Network (BIN) Representatives, Muslim Sector, DepEd personnel, Student Representative from eight colleges in the province, BPPO and Philippine Army personnel, youth representatives and Ugnayan ng Barangay at Simabahan (UBAS) representatives all over the province.

#### ENHANCING CAPACITY OF PEOPLE'S LAW ENFORCEMENT BOARD (PLEB)

To ensure the sustained compliance by local governments with the mandates of Section 43 of Republic Act No. 6975 and to provide technical assistance and capacity development to People's Law Enforcement Boards (PLEB), this level complied with the directive of the central government with the organization or reorganization of the different PLEBs of the 47 towns and 1 city of the province.

The Field Officers facilitated the adoption of Sanggunian Resolutions creating the PLEB and the designation of its members from the Sanggunian, Liga ng mga Barangay and Peace and Order Council, the PLEB Secretariat and finally the issuance of LGU Executive Orders with its mandated composition. DILG Bohol, in partnership with the National Police Commission, conducted a two-day Capacity

Enhancement Training for the People's Law Enforcement Boards (PLEBs) of Bohol in three batches on October 19-20, 23-24, and 25-26, 2017 at the Bohol Tropics Resort. Participants in each LGU included the MLGOO, PLEB members, and PLEB secretariat.

The MLGOO of the municipality of Valencia and PLEB Focal Person, Atty. Anthony Dei Dalida gave the activity overview and updates on the PLEB program. The speakers from the NAPOLCOM were Atty. Ronald Luib, Jr., Atty. Risty Sibay, and Atty. Lecel Llamedo. The culminating activity and application of all the topics discussed in the two-day training-seminar was the simulation of a PLEB Hearing participated in by chosen participants.

## COMPREHENSIVE LOCAL INTEGRATION PROGRAM

The Comprehensive Local Integration Program (CLIP) seeks to contribute toward achieving the goal of permanent and peaceful closure of all armed conflicts with non-state armed groups. Through CLIP, former New People's Army (NPA) rebels will be mainstreamed into productive citizens, capacities of LGIs and NGAs in the implementation and sustainability of the CLIP will be enhanced and all turned-in firearms will be compensated and remunerated.

With DILG's close coordination, the Bohol Comprehensive Local Integration Program (CLIP) Committee has been created by virtue of Executive Order No. 10, Series of 2014 dated January 15, 2014 and was reorganized in consonance to JMC 2016-02, Revised Guidelines for the Implementation of the CLIP through Executive Order No. 30, Series of 2016. The Bohol CLIP Committee has conducted a meeting on March 15, 2017 during the visit to the resettlement site for the former rebels in Tuburan, Ubay. At the said meeting, issues and concerns to ensure the welfare of t-ve FRS were discussed. As part of the Information Campaign on CLIP, flyers were developed in the Visayan Dialect and being distributed to the LGUs.

The Bohol CLIP Committee in coordination with People's Advocacy for Collaboration and Empowerment (PEACE) Incorporated — Bohol Chapter conducted a General Assembly and Livelihood Identification Workshop. PD Maria Loisella E. Lucino gave an inspirational message focusing on the CLIP Implementation in Bohol. Some of the participants of the said activity were former rebels in the province.

During the Turn-over of financial assistance amounting to P65,000 to former rebel Luciano P. Jamil Jr. during the Joint PPOC and PADAC Meeting on January 31, 2017 at the Governor's Mansion, Tagbilaran City, Bohol.

Former Rebel Luciano Pojas Jamil, Jr., was the first beneficiary of the CLIP in the province of Bohol. He was formally endorsed by CLIP Committee Chair Gov. Edgar Chatto for the reintegration assistance to the DILG VI' Regional Office for funding last November 11, 2016. The DILG-Bohol facilitated the release of the Reintegration Assistance amounting to a total of P65,000.00 for immediate assistance and P50,000 for the livelihood assistance during the Joint Provincial Peace and Order Council (PPOC) and Provincial Anti-Drug Abuse Council (PADAC) Meeting last January 31, 2017. This has been one of the truly inspiring initiatives of the department and hopefully will certainly serve the purpose of achieving peace between the government and the NPA as well as the Militia ng Bayan.

# CUSTOMIZED ACTIVITY: Lakbay Aral on Community-Based Rehabilitation Program of DILG R7

In line with the administration's campaign against illegal drugs, communities are encouraged to provide support system to the Persons with Substance Use Disorder (PSUDs) who have surrendered through the PNP's flagship program, the Oplan Tokhang\_

In the province of Bohol, LGU Talibon have been reported to have successfully established a Community-Based Rehabilitation Program (CBRP) without Walls for drug surrenderers. Thus, DILG VII Regional Office decided to send its officials on January 26-27, 2017 for a 2-clay Study Tour for possible replication of good practices.

The delegation included PD Jerome G. Gonzales, LGOO VI Michael Eitanal, LGOO VI Liza O. Fernandez, LGOO VI Roxine O Coyoca and LGOO V Dann Marr Andrino of the Cebu Province; CD Emma Joyevelyn V. Calvo and LGOO V Marven Ecarma of Cebu City; and LGOO V Kurt Philip Matas of Siquijor Province.

DILG VII delegation together with the Special Action Committee of the provincial POC and LGU Talibon Officials headed by Mayor Restituto Auxtero

Visit of DILG VII delegation at the Center for Drug Education and Counselling (CEDEC) Facility

The 2-day activity kicked off with a seminar on the Implementation of the CBRP without Walls: The Talibon Way held in Berachah Inland Resort, Sto. Nino, Talibon, Bohol and was joined by the Special Action Committee (SAC) of the Provincial Peace and Order Council (PPOC) led by Governor Edgar M. Chatto\_ It was followed by barangay visit for the actual observation of how the program is implemented. A visit to the Center for Drug Education and Counselling (CEDEC) was the itinerary for the second day. Dr. Cesar Tomas Lopez provided a brief orientation of the province's facility vis-a-vis its rationale, program components, and the organization and management.

# CUSTOMIZED ACTIVITY: Province-wide Orientation on Anti-megal Drugs and Anti-Terrorism Programs for BHWs and BNS

DILG-Bohol participated in the Provincewide Orientation on Anti-Illegal Drugs and Anti-Terrorism Programs for three batches held at Bohol Cultural Centre, Tagbilaran, City, Bohol on September 20, 2017 (1st Batch) September 21, 2017 (2nd Batch) and October 20, 2017 (3rd Batch). DILG-Bohol field Officers helped in ensuring the attendance of BHWs and BNS all over the province of Bohol\_ LGOO VI Regina Gina Bastes and LGOO V Nifia Christine 'pong were invited as resource speakers and discussed the Anti Drug Abuse Council's rationale, composition, and powers and functions and the Drug Clearing Operations per DDB Regulation No. 3, series of 2017. They also facilitated the Open Forum.

A total of 3,289 barangay nutrition scholars and health Workers actively took part in the one-day activity that oriented them on the pressing concerns and the strategies that the province of Bohol is taking to combat them.

# CUSTOMIZED ACTIVITY: Security Briefing on Grassroots Mobilization and Barangay Intelligence Network Against Terrorism and Illegal Drugs

Punong Barangays and Barangay Secretaries of the Province of Bohol were called for the Security Briefing on Grassroots Mobilization and Barangay Intelligence Network Against Terrorism and Illegal Drugs with the theme: "Welcome Turista, Bawal Terorista ug Durogista" held at Bohol Cultural Center, Tagbilaran City on May 23, 2017. DILG Bohol actively ensured the participation of all the barangay leaders for the timely security briefing that continues to shield Bohol against the threats of terrorism and illegal drug.

## SOCIALLY PROTECTIVE AND SAFE LGUs

### SALINTUBIG

One of the big-ticket projects managed by DILG is the Sagana at Ligtas na Tubig (Salintubig) sa Lahat Project which is primarily intended for waterless municipalities and barangays nationwide. It is aimed at enhancing community access to safe potable water supply that will also respond to achieving the Sustainable Development Goals (SDG) for 2015-2030.

Benefiting from this project for 2013 are the municipalities Batuan and Bilar with projects costs of Php 2.5M and Php 2M respectively. These projects would benefit a total of 1,000 households from the two (2) municipalities. Both projects are near completion.

For FY 2015, three (3) municipalities of the province of Bohol were fortunate enough to be included in the list of LGU beneficiaries, which are considered waterless. With a total of Php25M, this was allocated to finance water projects that would benefit a total of 4,316 households in the municipalities of Dagohoy, Inabanga, and Calape. Status of implementation of these projects.

To ensure that projects are implemented according to approved plans and specifications and to attain maximum results, the Project Development Management Units of the regional and sub-regional offices Of DILG together with the MLGOs concerned and technical functionaries of the LGU, conducted monitoring activities in the course of project implementation.

LGU	AMOUNT	TARGET NO. OF HH BENEFICIARIES	PHYSICAL STATUS
Calape	Php 5M	626	25% On-going
Dagohoy	12M	800	95% -For punchlisting
Inabanga	8M	2,890	98% -For final inspection
<b>TOTAL</b>	<b>25M</b>	<b>4,316</b>	

### FY 2016

Ten (10) municipalities of the Province of Bohol were again among the selected beneficiaries under the Salintubig Program of the Department in the year 2016. These are the municipalities which have passed the criteria for the waterless municipalities or municipalities with waterless barangays. A total of forty-one million pesos for the ten (10) municipalities was allocated, with a total of twelve (12) subprojects.

Of the twelve (12) sub-projects, two (2) are already completed, two (2) are near completion while seven (7) are still in the procurement stage.

#### Status of 2016 Salintubig projects implementation

LGU	AMOUNT	PHYSICAL STATUS	
Balilihan	4,000,000.00	115	On procurement
Candijay	4,000,000.00	518	
Candijay	2,000,000.00	520	On procurement

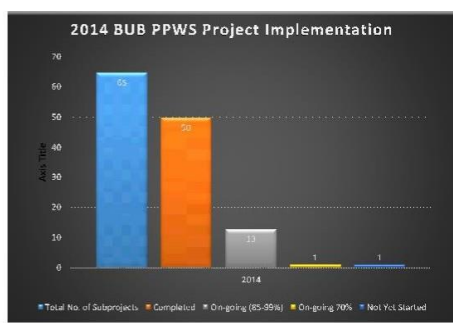

LGU	AMOUNT	PHYSICAL STATUS	
Clarin	2,000,000.00	163	
Duero	4,000,000.00	1,000	On procurement
Inabanga	1,300,000.00	153	On procurement
Inabanga	1,700,000.00	159	On procurement
Lila	4,000,000.00	110	100% completed
Loboc	2,000,000.00	100	On procurement
Loon	4,000,000.00	1,193	On procurement
Sierra Bullones	2,000,000.00	247	100% completed
Ubay	10,000,000.00	500	On procurement
TOTAL		4,778	

## FY 2017

Three (3) municipalities of the province have again benefitted the Salintubig program for the year 2017, which are considered waterless municipalities. A total of 35M pesos was allotted for the three (3) municipalities with the following corresponding amount: Bien Unido — 13M, Dagohoy — 10 M and Trinidad — 12M. TO date, 80% Of the corresponding amount of each LGU\_J was already released after complying the required documents. They are now in the process of finalizing their respective Detailed Engineering Design (DED) before they can proceed with the procurement stage.

## BUB- PROVISION OF POTABLE WATER SUPPLY

Aside from the Salintubig (Sagana at Ligas na Tubig) sa Lahat Program, the Department manages the Provision of Potable Water Supply Program with funding under the Bottom-Up Budgeting. LGOOs of the province of Bohol with BUB water projects in FY 2014, 2015 and 2016 conducted monitoring and on-site validations together with the Municipal WATSAN Team and Regional and Provincial Project Development Management Units.

LGOOs of this province likewise played a vital role in the submission of required documents for the release of the first tranche, its liquidation, the release of 2nd tranche and the liquidation of completed projects. As part of monitoring, weekly and bi-monthly monitoring reports were also submitted by concerned Cluster LGOOs.

For completed projects of more than a year, a Rapid Subproject Sustainability Assessment was conducted by the LGOOs in their respective areas of responsibility, which was submitted to Central Office.

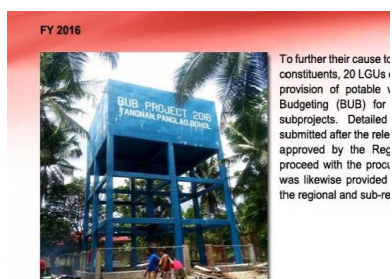

## FY 2014

To date, of the total 65 sub-projects in FY 2014 from the 30 beneficiary municipalities under the Bottom-Up Budgeting (BOB) of the Department, 50 subprojects or 77% were already completed, while still 14 or 22% are near completion. Only one (1) has not been started due to the problem in the funding requirement which is not sufficient to finance the big project in Cabilao. Most of these completed are now being enjoyed by the constituent beneficiaries.

FY 2015

There are 421-GUS in the province of Bohol which include Tagbilaran City that prioritized the provision of potable water supply projects under the Bottom-Up Budgeting (BOB) program of the Department. Of these municipalities/city, a total of 86 subprojects were implemented which means that there are more than one water subprojects in some LGUs. This is so because there are still households in some barangays that do not have access to potable water supply.

To date, there are 63 subprojects that are already completed or 73% of the total subprojects, 19 or 22% still on-going, two (2) are about to start of which bidding has already completed, one (1) on the finalization of Detailed Engineering Design (DED) and one (1) subproject still in the negotiation of deed of donation for the water project. This is shown in Figure 2.

Submission of liquidated documents for completed projects was coordinated by the concerned Field Officers of DILG Province.

To further their cause to provide potable water supply to their constituents, 20 LGUs of the province of Bohol prioritized the provision of potable water supply under the Bottom-up Budgeting (BOB) for the FY 2016 with a total of 30 subprojects. Detailed Engineering Design (DED) was submitted after the release of the first tranche, reviewed and approved by the Regional PDMU before the LGU can proceed with the procurement stage. Technical assistance was likewise provided in the preparation of documents by the regional and sub-regional offices of the DILG PDMU.

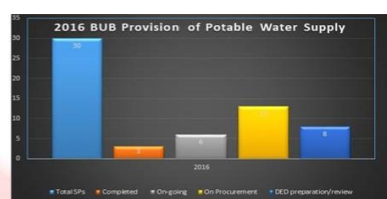

Figure 3. 2016 Status of Implementation

Of the 30 subprojects, three (3) are already completed in 2017, six (6) are on-going, thirteen are on procurement stage while eight (8) subprojects are still in the stage of DED review and approval by the Regional Project Development Management Unit (RPDMU). A total of 1,054 households are expected to benefit the three (3) completed subprojects.

To ensure that projects are implemented in accordance with approved plans and specifications, monitoring activities are conducted by the Project Management Units of the region and provincial offices together with the Field Officers and local project management team of the LGU. Installation of project billboards is likewise monitored. Bi-monthly monitoring reports are submitted to keep track with the progress of project implementation.

#### TECHNICAL ASSISTANCE THROUGH CAPACITY DEVELOPMENT INTERVENTIONS

In the desire to provide technical assistance to the recipient LGUs for the proper and effective management as well as sustainability of water projects both under the Salintubig and the Bottom-Up Budgeting, a number of capacity development interventions were conducted by the DILG Office of Project Development Services for the year 2017. This was closely coordinated by the DILG Provincial Office-Project Development Management Unit. Table 6 indicates the capacity development interventions with the LGU beneficiaries and its participants:

**CUSTOMIZED ACTIVITY:** Workshop on Municipal Water Supply, Sewerage, and Sanitation Sector Plan (MW4SP) Preparation

Municipal Water Supply, Sewerage, and Sanitation Sector Plan (MW4SP) Preparation is one of the capacity development programs under the pre-implementation phase of the Sagana at Ligtas na Tubig sa Lahat (SALINTUBIG) and the Bottom-up Budgeting (BuB)-Water Programs. Also referred to as the Local WatSan Plan. The MW4SP is an organized and customized approach to planning which was established to assist the Local Government units (LGUs), the community, and Water Service Providers (WSPs) in developing a medium-term investment plan and long-term development plan for the sector.

DILG-Bohol hosted the conduct of the Workshop on Municipal Water Supply, Sewerage and Sanitation Sector Plan (MW4SP) Preparation last January 31- February 2, 2017 at the Metro Center Hotel, Tagbilaran City, Bohol. The participants of the three-day seminar/workshop were the Municipal Engineer, Municipal Planning and Development Coordinator, Data Encoder, and Municipal Local Government Operations Officer of the LGUs Of Clarin, Dagohoy, Inabanga of the Province of Bohol; Argao, Compostela, 'Malabuyoc, Medellin, San Remigio, Tabogon of Cebu Province and Pamplona, Vallehermoso of Negros Oriental and San Juan, Siquijor. Region-7 PDMLJ Chief LGOO VI Marithel Y. Oporto and Provincial PDMU Coordinator and Cluster Head I-GOO VI Redemcion G. Cag-on were in attendance along with LGOO V Josie Montes and a representative from DILG-NIR Engr. Melinda T. Ramirez. DILG-7 Regional Director Atty. Rene K. Burdeos also graced the event on the first day. The adept resource person was Velouna R. Perez, MPA of the University of Southeastern Philippines. Supporting the resource person was Engr. Olga Prado Engr. III of the Water Supply & Sanitation Program Management (WSSPMO); she was joined by Development Management Officer II John Michael Prado and CDO III Ryan Tolentino of DILG Central Office.

### **BUB - LOCAL ACCESS PROJECTS**

Out of the 15-total number of subprojects funded under the 2014 Bottom-Up Budgeting for Local Access Roads in three (3) municipalities of the province of Bohol, there were seven (7) unfinished projects at the end of the year 2016. These are in the municipalities Of Dimiao and Tubigon. These remaining unfinished projects were completed within the year 2017. To note, five (5) of these are from the municipality of Dimiao while the two (2) are located in the municipality of Tubigon, Bohol.

### **MONITORING THE IMPLEMENTATION OF DILG PROJECTS UNDER BUB 2015 OTHERS AND BUB**

#### **2016 EVACUATION CENTER**

The DILG Bohol Field Officers are regularly monitoring the DILG Locally Funded Projects and are religiously submitting the Bi-monthly status report for the BuB 2015 Others and BuB 2016 Evacuation Center to the DILG Provincial Office for consolidation and submission to the Regional Project Development and Monitoring Unit (PDMU). Tables 7, 8.9 & 10 show the details of the project status as of Oct. 23, 2017:

## A- BuB 2015 Evacuation Center

## LGSF LOCALIZED MONITORING SYSTEM (ALL LGSF 2015-2016 PROJECTS)

Funds for BuB projects for FY 2015 and FY 2016 charged against the Local Government Support funds (LGSF) were released by DBM directly to the local government units concerned. Despite the direct release Of funds, LPRAT were required to submit a status update On project implementation to the Regional Project Management Team (RPMT). Complete and timely submission of the quarterly LGSF 2015-2016 monitoring report Of the 48 LGUs Of Bohol was made possible through the effort Of DILG Bohol Field Officers.

## STATUS REPORT FOR BUB-LGSF 2016 PROJECTS (DILG MONITORED)

DILG Memorandum dated February 15, 2016 provides for the procedures in the monitoring of the BuB LGSF 2016 Projects specifically Core Local Roads, Potable Water Supply and DRRM related subprojects (Evacuation Center, Flood Control, DRRM Rescue Equipment). This involves submission of technical documents to the Regional PDMU for monitoring purposes as well as the monthly LGSF monitoring report. Bohol Province has a total of 99 BuB-LGSF 2016 (DILG monitored) projects in the 42 LGUs. Since the Field Officers are working closely with their respective LGUs in the project implementation, DILG Bohol was able to submit the provincial consolidated LGSF monthly report report to the Regional PDMU even ahead of the regional deadline. The Figures 4 and 5 show the breakdown of the BuB LGSF 2016 (DILG monitored) projects and the status of its implementation as Of October 23, 2017.

## OPEN BUB ON-LINE REPORTING SYSTEM

The OpenBuB Portal is an online reporting system designed to monitor the status of implementation of all Bottom-up Budgeting (BuB) projects throughout the country. In compliance with Joint Memorandum Circulars NO. 6, 6-a,7 and 7-A, all implementing NGAs and participating LGIs shall submit quarterly reports of the status of their BuB project implementation through the OpenBuB Portal. DILG Bohol through the BuB Provincial Focal Person, LGOO V Jocelyn B. Bandala, who serves as a reporter, accessed the OpenBuB Portal on a scheduled period every quarter to input data and update the status of DILG BuB 2015, 2016 including BuB LGSF 2016 (DILG monitored) projects.

## ASSISTANCE TO DISADVANTAGED MUNICIPALITIES (ADM) PROGRAM 2017

Assistance to Disadvantaged Municipalities (ADM) Program covers all municipalities except ARMM and is consistent with the general policy to provide a "catch-up mechanism" that will assist municipal governments in increasing citizen's access to basic facilities. This provides an allocation that will allow the I-Gus to identify projects that will be funded by the national government through this program.

All the 47 municipalities in Bohol were covered with the ADM Program. Per ADM 2017 Guidelines, DILG thru the MLGOOs is assigned to monitor its implementation. Said guidelines further requires the submission of essential documents by the I-Gus to the DILG Regional Office prior to the procurement process. Hereunder is the status of submission by the LGUs.

## ASSISTANCE TO DISADVANTAGED MUNICIPALITIES (ADM) PROGRAM 2018

To continue the national government 's support to the municipal governments in increasing citizen's access to basic facilities, the ADM Program is being sustained in FY 2018, however, this was renamed to Assistance to Municipalities (AM) Program.

The DILG Field Officers extended assistance to their respective municipalities in undertaking preparatory activities like identification and prioritization of projects that are within their Local Development Investment Plan (LDIP) to be included in the proposal based on the project menu of FY 2018 AM. Due to their intervention,

duly signed proposals from the 47 municipalities of Bohol were submitted on the timeline set by the DILG Regional Office.

### **PROVINCIAL ADM PROGRAM COORDINATION TEAM**

DILG Bohol has established its Provincial ADM Program Coordination Team which shall oversee the implementation of the ADM Program's monitoring tracks. Their task involves mainly in providing direct support and assistance to the Provincial Director and other units within the provincial office in the implementation of the ADM program as well as provide support to all covered municipalities in achieving the effective and efficient implementation of the program. They are also required to ensure that programs and activities in covered municipalities are implemented in accordance with the overall direction of the program.

### **SAFE CUSTOMIZED ACTIVITY**

#### **Training Workshop on the Conduct of the Infrastructure Audit**

DILG-Bohol provided support and coordination to the Training Management of the Assistance to Disadvantaged Municipalities-Disaster Risk Reduction & Other Infrastructure Project Management Office (ADM-DRROI PMO) under the Office of the Project Development Services (OPDS) during the holding of a Training Workshop on the Conduct of the Infrastructure Audit on November 6-10, 2017 at JJs Seafood Village, Tagbilaran City. The Training Workshop was intended to provide participants with knowledge on the procedure in the conduct of Infrastructure Audit specifically critical lifeline structure owned by the LGU.

Municipal Engineers, Local DRRM Officer, Local Planning and Development Officer and Building Officials from the twelve (12) target municipalities of Cebu and Bohol Provinces attended the said activity. Resource Persons from the Association of Structural Engineers of the Philippines (ASEP) provided inputs and led participants during the Field Visit and Site

### **SEMINAR ON ACCOUNTING FOR NON-ACCOUNTANTS**

The implementation of the Bottom-up Budgeting (BUB) and the Assistance to Disadvantaged Municipalities (ADM) have brought the DILG to the forefront of various responsibilities on the field of monitoring and evaluation of infrastructure projects. Because Of this, the higher management saw the need for capacity interventions for the DILG Field Officers in order to carry out the task of effectively monitoring DILG infrastructure projects and the fund utilization. The Assistance to Disadvantaged Municipalities-Disaster Risk Reduction and other Infrastructure Project Management Office (ADM-DRO PMO) under the Office of Project Development Services conducted the Seminar on Accounting for Non-Accountants on November 8-10, 2017 in Cebu City. The activity enabled the participants to clarify and familiarize them with the accounting cycle on project implementation, accounting terms and procedures, forms and fund releases from the liquidation of funds to completion of projects.

Local Government Operations Officers Of the 27 municipalities Of the province Of Bohol and the City Of Tagbilaran City together with the Program Coordinator of the DILG Bohol responded to the call and actively participated the activity.

### **PROVINCIAL STAKEHOLDERS FORUM**

DILG Bohol organized the Provincial Stakeholders Forum on January 26, 2017 and January 27, 2017 at Bohol Tropics Resort, Tagbilaran City in two batches which were participated in by functionaries and CSOs from the 48 LGUs of Bohol. The forum provided an avenue for highlighting the successes of BuB program as well as its problems/issues. It was also an opportunity of furthering engagements of citizens to government programs, thrusts, and priorities and familiarizing the participants with the new government programs such as Federalism, Mamamayang Ayaw sa Anomalya, Mamamayang Ayaw Sa Iligal na Droga (MASA MASID), Assistance to Disadvantaged Municipalities (ADM) Highlights of the said forum were the Sharing of Strategies and Good Practices of LGUs in the Implementation of BuB Projects and the preparation of the LGU Catch Up Plan.

#### CUSTOMIZED ACTIVITY:

##### **Consultative Meetings/Dialogues with Local Chief Executives and Local Functionaries**

The slow implementation of projects under the BUB Provision of Potable Water Supply, Salintubig and Bohol Earthquake Assistance (BEA) funds in some of the local government units were among the priority concerns of the management. Liquidation of funds for completed projects was also among the issues that need to be addressed to.

To respond to such problems and issues, the DILG Bohol Provincial Management, conducted two (2) consultative meetings/dialogues with Local Chief Executives and Local functionaries for DILG Locally- Funded Projects of the 47 municipalities and the City of Tagbilaran. A Consultative Dialogue with the Municipal/City Mayors, City/Municipal Engineers, City/Municipal/Local Government Operations Officers was conducted on June 30, 2017 in JJs Seafoods, Tagbilaran City and on August 4, 2017 for the Municipal Accountants with the City/Municipal Local Government Operations Officers for the financial status of DILG Locally-funded projects. These activities lead to the identification and resolutions of issues and concerns and the fast-tracking of liquidation reports. Each of the LGUs submitted their Commitment on the date to complete their DILG locally-funded projects according to timelines and schedule.

Aside from the Consultative-dialogue, the Provincial Director Ma. Loisella E. Lucino and the Provincial Development Management Unit head of the DILG Province personally visited the Municipal Mayors of Ubay and Sevilla together with the concerned functionaries to confer with the slow-moving implementation of their respective Salintubig and BUB Water and Other Projects.

#### CUSTOMIZED ACTIVITY:

##### **Consultative Meeting for Municipal Accountants and MLGOOs**

As part of the project management strategy for all the locally funded projects under the Department of the Interior and Local Government, the Project Development Management Unit of DILG-Bohol conducted a half-day Consultative Meeting for the City/Municipal Accountant and CIMLGOOs of Bohol on the implementation of locally funded projects.

The activity focused on the discussion of the liquidation status of all the projects as well as the resolution of gaps that could pave the fast-tracking of liquidation process for the completed locally funded projects. Thus, last August 4, 2017, a Consultation Meeting was held and was attended by the City/Municipal Accountants and C/MLGOOs at JJs Seafood Village, Tagbilaran City. PD Maria Loisella E. Lucino reiterated the importance of fast-tracking the completion of the locally funded projects implemented in the local government units while DILG-Bohol PDMIJ Head, LGOO VI Redemcion G. Cag-ong presented the Liquidation Status of Locally Funded Projects. The activity ended with the formulation of the timelines commitment on the submission of liquidation of the completed projects.

## LOCAL COUNCIL FOR THE PROTECTION OF CHILDREN (CPC)

As mandated by law to oversee the organization and functionality of Local Council for the Protection of Children (LCPC), DILG-Bohol enjoins Local Chief Executives (LCEs) to organize and make functional the LCPCs, which shall take the lead in the integration and implementation of all children's programs in their respective localities.

Using the revised guidelines pursuant to DILG MC No. 2008-126, Bohol field officers monitoring results show that majority of the LCPCs are functional with Mature and Ideal levels of functionality. The proportion of functional LCPCs to the total number of evaluated/monitored LCPCs is much higher.

Evidently, statistic confirms that Bohol LGUs recognized the vital role of the LCPCs in promoting and safeguarding the rights of children as emphasized in various DILG Memorandum Circulars. In CY 2016, there are 23 LGIs with Ideal Functionality, 22 Mature, and 3 Progressive.

## VIGILANCE TO VOLUNTEERISM

Since its launching in 2010, the Vigilance to Volunteerism: A Program Intensifying People's Engagement in Local Governance (V2V PIPELOG) has been continually supported and implemented by the LGUs in the D'One Cluster. All the 24 1-Gus of the Cluster have identified and initiated various unique, relevant and timely volunteerism programs, projects and activities which highlight I-GU and CSO partnership and collaboration.

The spirit of volunteerism is always evident during Municipal and Barangay activities with the participation of different volunteer groups and individuals. Coastal and waterways dean up, tree planting, mangrove planting, waste segregation, purok center construction, feeding programs, membership Of the MASA MASID Teams and other activities are just some of the activities conducted in the I-GUS that were participated by the different volunteers under the "bayanihan spirit."

The 48 LGUs of the Province of Bohol have sustained the operationalization of an established VCD with an updated inventory or list of volunteers and their corresponding activities participated. The LGIs are regularly monitored every quarter by their respective Municipal Local Government Operations Officer (MI-GOO) on the functionality of their VCD.

## INSTITUTIONALIZING GENDER RESPONSIVE LOCAL GOVERNANCE

### CapDev of Localization of MCW and other related GAD Policies/Coaches Training on Assessing the Gender Responsiveness of BUB/ADM Funded Projects

Last July 11-13, 2017, GAD Alternate Focal Person, LGOO V Josie M. Montes and BUB/ADM Focal Person, LGOO V Jocelyn Bandala attended the Coaches Training on Assessing the Gender Responsiveness of BUB/ADM Funded Projects at Smallville 21 Hotel, Iloilo City. The three-day activity focused on the orientation on gender sensitivity, gender tools and analysis for the DILG BUB RPMT and GAD focal persons. The provisions of RA 9710, otherwise known as the Magna Carta of Women, and on the DILG-PCW-DBM-NEDA JMC 2016-01 was also discussed as refresher to he participants.

The activity aims to analyze gender issues in the whole project development and implementation cycle and to assess the gender-responsiveness of the DILG project particularly ADM/BLJB projects.

## GENDER AND DEVELOPMENT

All Local Government Units (LGUs) nationwide should ensure that the principles of Republic Act 9710 otherwise known as the Magna Carta of Women (MCW) are being mainstreamed and adopted in their respective localities.

The Magna Carta of Women is considered as the "bill of rights" of women and provides for gender mainstreaming. Gender and Development (GAD) mainstreaming is a way of integrating gender and development plans, programs, and activities in local policy-making, planning, programming, budgeting, implementation, monitoring and evaluation.

Pursuant to RA 9710 and as one of the oversight agencies on GAD, DILG enjoins LGUs to pursue gender mainstreaming and ensure that the following mechanisms and processes are in place: 1) Creation and/or Strengthening of the I-GU GAD Focal Point System (GFPS; 2) Establishment and Maintenance of GAD Database; 3) Gender and Development (GAD) Planning and Budgeting; 4) Mainstreaming Gender Perspectives in Local Development Plans; 5) Formulation/Enhancement and Implementation Of the GAD Code; 6) Monitoring and Evaluating the Implementation of the Magna Carta of Women (MCW).

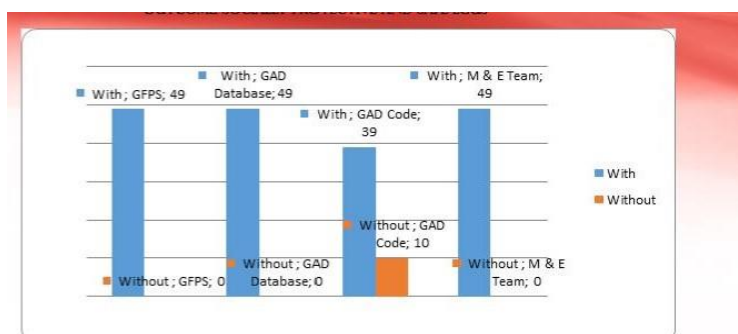

The DILG through its personnel shall provide technical assistance to LGUs on matters related to gender mainstreaming and the localization of the Magna Carta of Women (MCW). The DILG is also mandated to monitor the LGUs' implementation of gender mainstreaming and its compliance to RA 9710 and the Joint Memorandum Circulars issued by the oversight agencies in order to localize the Magna Carta of Women.

Out of the 49 local government units including the city of Tagbilaran and the Bohol Provincial Government, all have constituted the GAD Focal Point System (GFPS) starting from 2015 until at present. These GFPS are constituted through an Executive Order by the Mayors and the Governor. The GFPS is tasked to ensure and sustain the I-GU's critical consciousness in supporting gender and development, women's empowerment and responding to gender issues. Consistent with the mandate that LGUs shall deepen their knowledge and build their competencies on GAD-related laws and international commitments, gender mainstreaming, gender analysis, gender-responsive planning and budgeting, and GAO-related tools, the GFPS with other officials and employees attended different capability building activities on GAD.

Section 37 Of the MCW-IRR mandates all LGUs to develop and maintain LGU GAD Database as a source of information for gender-responsive planning, programming, and policy formulation. All 49 1-GUS of Bohol have GAD database, utilizing its existing database, planning and data-gathering tools and management information.

On the GAD Code enactment, 39 LGUs including the city of Tagbilaran and the Bohol Provincial Government have GAD Codes. A GAD Code is a local legislation that consolidates local ordinances related to women and gender equality and which guides LGUs in identifying local policies, plans and programs to address gender issues. This year, the GAD Code of the Province of Bohol is being revisited for possible

amendment based on current policies.

While all 49 LGUs have established Monitoring and Evaluation Team pursuant to the directive that LGUs shall establish and/or strengthen their monitoring and evaluation systems to assess the effectiveness and efficiency of their gender mainstreaming efforts. The compliance to mechanisms and processes on GAD which were already presented in the foregoing paragraphs is shown in Figure 7.

On the other hand, a vital component of gender mainstreaming of I-GUS is planning and budgeting on GAD to ensure that a portion of the LGU's resources is allocated to address gender concerns/issues either organization-or client-related. In line with this, all I-GUS are mandated to formulate its annual GAD Plan and Budget (GPB) as well as prepare its GAD accomplishment Report (AR). DILG Officers extended technical assistance in the preparation of these documents. Another significant role of the DILG is the review of these documents to ensure its adherence to pertinent laws. In 2017, the 2018 GAD Plan and Budget, as well as the 2016 GAD Accomplishment Reports of the city of Tagbilaran and the municipalities, are submitted to DILG Provincial Office for review and endorsement. Table 14 shows the I-GU's submission of these documents.

Based on Table 14, and as of this writing, only 42 of the 48 LGIs submitted their GAD Plan and Budget (GPB) and GAD Accomplishment Report (AR), which leaves only six LGUs which did not submit said documents. Out of the 42 LGUs which submitted their GPB and AR, only 33 were endorsed by DILG Bohol. This is because the remaining nine I-Gus have not yet resubmitted their GPB & AR after the comments and recommendations made by the DILG Provincial GAD Focal Person.

In the other hand, the Provincial Government of Bohol's 2018 GPB and 2016 AR which ought to be submitted to DILG Regional Office was already submitted In March 2017 but returned for corrections/revisions. The DILG Provincial Office through the GAD Focal Person extended technical assistance to the Provincial Government Of Bohol in order that the GPB & AR will be formulated. Technical assistance conducted is through coaching and attendance in different meetings called for the GPB & AR, one of which is the February 23 meeting of the Gender and Development Council (GADC), the term for the GAD Focal Point System of the Bohol Provincial Government.

### LCAT VAWC

The incidence of trafficking and violence against women and children is prevalent. Thus, the need to immediately address human trafficking and VAWC through the organization of the Inter-Agency Councils (IACs) for trafficking and VAWC as mandated in the Anti-Trafficking in Persons Act of 2003 and the Anti-Violence Against Women and their children (VAWC) Act of 2004. At the local level, Local Committee on Anti Trafficking and VAWC (LCAT-VAWC) are also created for purposes of expediency, maximizing resources and avoiding duplication of functions and representation. LCAT-VAWCs are established to collaboratively address the problem of trafficking and VAWC.

One of the DILG's role and tasks in relation to trafficking and VAWC is to facilitate the establishment of LCAT-VAWC per DILG, DSWD & DOJ Joint MC 2010-01. Aside from the LCAT-VAWC's establishment/creation, the DILG was tasked to facilitate and monitor its functionality. Per monitoring reports submitted by the DILG Field Officers, all the LCAT-VAWCs in 47 municipalities and the city of Tagbilaran are organized and functional. The same is true with that of the Bohol Provincial Government LCAT VAWC. Functionality is gauged through the conduct of meetings and different activities. As to the I-CAT-VAWC at the Provincial level, it convenes once in every two months. Meetings were conducted on February 7, April 4, June 7 and October 10, 2017. The meeting will still be conducted in the month of December. During the October meeting of the PCAT-VAWC, personnel Of the Philippine Commission on Women (PCW) were in attendance. They lauded the PCAT-VAWC Of the Bohol for its functionality.

Members of the PCAT-VAWC with PCW personnel during the October meeting of the PCAT-VAWC.

Another task of the DILG is to ensure I-GU compliance on the Establishment of VAW Desk in every barangay pursuant to DILG-DSWD-DEPED-DOH-PCW Joint MC No. 2010-2 dated December 9, 2010. The DILG is mandated to facilitate the organization of the VAW Desk and ensure its functionality. As of latest monitoring/inventory, all

the 1,109 VAW Desks are organized and functional. But just this year, a tool to ascertain the functionality of VAW Desk was formulated and introduced by the DILG through DILG Memo Circular 2017-114 with the subject: Guidelines in Monitoring the Functionality of VAW Desk in every barangay.

However, the said tool will be utilized in the 1st quarter of 2018 to monitor VAW Desk functionality in 2017. Based on the said tool, functionality of VAW Desk can be gauged through its Establishment, Presence of Resources, Policies, Plans, Budget, and Accomplishment. This was already disseminated to the Local Government Units (LGUs). This was discussed by Atty. Myrna Pagsuberon, Executive Director of the Missionary Sisters Servants of the Holy Spirit-Women Interacting for New Growth and Services (SSPS-WINGS) on October 2 & 3, 2017 during the One-day Capability Building Activity for I-CAT-VAWC Strengthening. The said activity was jointly undertaken by DILG Bohol and SSPS-WINGS. It was attended by PNP Women and Children's Protection Desk (WCPD) Officer, C/MLGOOs, SB on Women, Children and Family, GAD Focal Persons and CIMSWDOs.

Another task of the DILG is to monitor the implementation of RA 9262 through submission of quarterly VAWC reports. Data on barangays with VAWC cases, number of VAWC cases, nature of cases, action taken, how many were issued with BPOs, among others were reflected in the said monitoring report. A total of 476 cases were filed from the 1st to the 3rd quarters, 2017. All these 476 cases are acted upon. While 56 are issued with Barangay Protection Order (BPO).

## INNOVATION

### One-day Capability Building Activity for LCAT-VAWC Strengthening

In Order to strengthen and enhance the LCAT-VAWC functionality, DILG Bohol and the community outreach arm of the Holy Spirit School of Tagbilaran, the Missionary Sisters Servants of the Holy Spirit-Women Interacting for New Growth and Services (SSPS-WINGS), spearheaded the conduct Of a One-day Capability Building Activity for LCAT-VAWC Strengthening. The activity was conducted on August 2 & 3, 2017 (in two batches) at the Panda Tea Garden, Tagbilaran City. It was attended by the PNP Women and Children's Protection Desk (WCPD) Officer, C/MLGOOs. SB on Women, Children and Family, GAD Focal Persons and CIMSWDO. During the activity, LCAT-VAWC creation (its legal basis, composition, and functions) was reviewed and discussed by GAD Provincial Focal Person Ma. Reina Abellana-Quilas. It was followed by the discussion of Atty. Myrna Pagsuberon, Exec. Director MSSPS WINGS on Salient Points and Updates on VAWC & Trafficking policies and the VAW Desk functionality tool.

Issues related to VAWC & Human Trafficking and Tips in Surveillance and Rescue of Victim-Survivors was discussed by Atty. Adolfo Doroy, City Prosecutor. LGOO VI Quilas also discussed regarding PCAT-VAWC, its activities, meetings and plans and the Provincial Policies on AVAWC and anti-Human Trafficking for the information of Ole C/MCAT VAWC members. Situationer on VAWC & Trafficking in the Province of Bohol was also discussed by SP04 Elma Sumaoy. The activity ended with the Planning for the LCAT VAWC Action Plan for 2018. With the conduct of the activity, the two institutions hoped that the LCAT VAWCs will be further strengthened.

## STRENGTHENING THE MANAGEMENT COORDINATING COMMITTEES (MCCs)

MCCs were established in the 48 local government units of the province of Bohol. They were reconstituted through an executive order shortly after the election of the respective local chief executives. DILG Field Officers sit as chairpersons in their respective MCCs. They were tasked to Convene the council every month. Minutes of the monthly MCC meetings are monitored through the submission of the same to the DILG Provincial Office. Moreover, MCC Quarterly Functionality Report is required from the C/MLGOOS.

## CRIME PREVENTION WEEK CELEBRATION

The Province of Bohol was chosen by the National Police Commission Region 7 as the venue for the regional launching of the 23rd National Crime Prevention Week. This year's theme is "Mamamayang Mapagmasid, Kapayapaan ang Maihahatid.

In the message ready by Gonzales, he highlighted the punk system of Bohol which should be replicated in the entire Visayas. He mentioned how the Abu Sayaf incident in Inabanga proved the effectiveness Of the Bohol's purok power movement.

During the unfurling of banners, a ceremonial blowing of the whistle was made to symbolize the alertness and community involvement in crime solution. DILG Peace and Order Focal Person LGOO V Nina Christine M. Ipong, together with BPPO Provincial Director Sr. Supt. Felipe Natividad and NAPOLCOM R7 representative Atty. Ronald Luib Jr. also guested at PIA Bohol's Kapihan sa PIA on the same date.

The weeklong celebration is pursuant to Presidential Proclamation No. 461 declaring the first week of September of every year as the National Crime Prevention Week.

## KONKRETO AT AYOS NA LANSANGAN AT DAAN TUNGO SA PANGKALAHATANG KAUNLARAN (KALSADA)

Conceived and patterned after the Provincial Road Management Facility (PRMF) Program which had been successfully implemented in the province Of Bohol and Other recipient provinces in the Philippines, the KALSADA or Konkreto at Ayos na Lansangan at Daan Tungo sa Pangkalahatang Kaunlaran was launched in the province of Bohol in 2016. In the year 2017, implementation of the project in the province of Bohol came in full swing after accomplishing/submitting all the necessary documents and requirements, such as compliance to Seal of Good Local Governance (SGLG) and public financial management, among others.

For 2016 KALSADA, Bohol province got a total funding Of Php 112 million pesos with an equity from the provincial government of Php 48 Million plus. It is being used to rehabilitate/improve the Balilihan-Sikatuna via Badiang Road. Once completed, it will spur economic development of t-le community and the province as well.

The program is aimed to improve govemance reforms in local road managernent and public financial management of the provincial govemments, with the DILG and DBM as partner

## BOHOL ROADS AND INFRASTRUCTURE INVESTMENTS FORUM

The Coordinating Roads and Infrastructure Investments for Development (CR+ID), is a project under the Program of the Australian Government-Department of Foreign Affairs and Trade (DFAT) and The Asia Foundation (TAF) managed by the Bohol Chamber of Commerce and Industry (BCCI). The project aims to identify strategic roads and infrastructures to improve the delivery of goods and services and enhance the economic development of the province. CR+ID is a convergence of multi-stakeholders from both the government and private sectors. DILG is one of the stakeholders in implementing the said project.

In 2017, the Bohol Roads and Infrastructure Investment Forum was conducted on March 14, 2017 at JJs Seafoods, Tagbilaran City which was coordinated and attended by DILG Provincial Office Program Coordinator. The objective is to bring together the different decision-makers and stakeholders in synchronizing roads and infrastructure investments and to advocate the use of GIS mapping tool. Programs and interventions specific to roads and infrastructure investments of the Department were among the things presented during the forum.

An Assessment/Review of the CR+ID SRIs was conducted on May 30, 2017 at Belian Hotel, Tagbilaran City, participated also by the DILG Province of Bohol. The writeshop cum consultation assessed the Strategic Roads and Infrastructure Investments (SRI's) submitted by the Local Planning Officers of the province, and their requirements as preparation for submission to tie potential funding agency to use as a basis for investment planning and programming.

## CHILD-FRIENDLY LOCAL GOVERNANCE AUDIT

The government has begun a mandatory audit on local government units to assess if they are child-friendly. The Council for the Welfare of Children (CWC) has adopted the Child-Friendly Local Governance Audit (CFLGA) as a major tool in accessing LGU performance insofar as implementing programs and instituting measures to uplift the welfare and status of children. The CWC used the audit as inputs in the Conferment Of the Seal Of Child-Friendly Local Governance (SCFLG).

## INTER-AGENCY BODY AUDITS LGUS FOR 'CHILD-FRIENDLINESS

Facing another round of CFLGA for CY 2016, the Provincial Audit Team composed of representatives from the DILG, DepEd and DSWD SWAD, with special participation and membership of the Office of the Provincial Social Welfare and Development (OPSWD), conducted CFLGA Review and Table Validation from June 27 to July 3, 2017 at the OPSWD, Tagbilaran City.

Pursuant to the suggested timeline contained in an Advisory dated May 29, 2017 from the Office of USEC Austere A. Panadero, the Provincial Audit Team managed to submit the Consolidated Provincial Overall Rating to regional level on time.

## 47 BOHOL LGUs CONFERRED WITH CHILD-FRIENDLY SEAL

Underlining the welfare of children as one of the province' priority concerns, Seal of Child-Friendly Local Governance were given to 47 Bohol LGUs awarded by the Regional Committee for the Welfare of Children (RCWC) in the annual awarding ceremony spearheaded by the DSWD on June 29, 2017 at Capitol Social Hall, Cebu Capitol, Cebu City.

The Municipality of Corella was the regional winner (4th-6th class) and shortlisted as a national finalist for the 2016 Presidential Award for Child-Friendly Municipalities and Cities (PACFMC). Likewise, Talibon was the regional winner and national finalist for 2015 and 2016 PACFMC for 1st to 3rd class municipalities.

Moreover, the Municipality of San Isidro was awarded as the regional winner for 2015 PACFMC (4th-6th class) and the Municipality of Tubigon as National Awardee for Community of Practice.

Being one of the top conferees of the SCFLG, the PACFMC National Award Committee (NAC) conducted on-site validation in Talibon and Corella on July 11-14, 2017. The NAC is composed of representatives from the different member agencies of CWC.

### **DILG-BOHOL AND PGBh AWARD LGUs FOR CREATING CHILD-FRIENDLY SOCIETY**

Boholano children have every reason to be happy as more child-friendly local government units are awarded by the CWC for creating a child-friendly society.

The province has most number of awards in Region 7 for the 2016 Seal of Child-Friendly Local Governance with 47 awards out of the 48 LGUs including Tagbilaran City. They all received certificates, plaques, and tarpaulin bearing -This is a Child-Friendly City/Municipality.

The winning I-GUS were recognized for their sustained promotion of children's rights to survival, development, protection, and participation as well as in ensuring child-friendly governance.

### **HUWARANG PANTAWID PAMILYA PROVINCIAL SEARCH**

DILG-Bohol rendered assistive support as one of the judges to the Department of Social Welfare and Development Field Office VI' (SWAD) Pantawid Pamilya Exemplary Children Search desk validation on June 8, 2017 at JJ's Seafood Village, Tagbilaran City.

The search acknowledged families who maintain strong family ties, demonstrate positive Filipino values and won appreciation to the community where they reside.

### **ASEAN 2017**

The Philippines takes the helm of the ASEAN Chairmanship in 2017, wherein an estimated 277 ASEAN summits and related meetings will be held in various sites throughout the country from March to November of this year. The DILG is tasked to take the lead in the overall security preparations for these events, as Chairperson/Head Agency of the Committee on Security, Peace and Order, Emergency Preparedness and Response (CSPOEPR). In preparation for these meetings, Task Group "BOHOL" was created and tasked to take the lead in the overall security preparations. As a member of the task group, the DILG was designated to lead the Task Unit Community Relations which aims to support the Sub-Task Group Peace and Order and establish and maintain a strong mutually beneficial relationship with the community.

10th ASEAN and Hong Kong Free Trade Agreement (AHKFTA) Trade Negotiating Committee and Related Meetings	April 17-19, 2017	Henann Resort, Panglao, Bohol
34th ASEAN Maritime Transport Working Group Meeting	September 17-19, 2017	Henann Resort, Panglao, Bohol
ASEAN Forum on Taxation	October 26-27, 2017	Bellevue Resort, Panglao, Bohol
25th Meeting of ASEAN Intergovernmental Commission on Human Rights (AICHR)	November 26-27, 2017	Henann Resort, Panglao, Bohol
Roundtable Discussion on AICHR Human Rights Declaration	November 28, 2017	Henann Resort, Panglao, Bohol
Policy Dialogue on Human Rights	November 29-30, 2017	Henann Resort, Panglao, Bohol

DILG Bohol has conducted activities (as shown in Table 17) to effectively communicate to the I-GUS and the community in general the significance of the ASEAN and their significant role in improving the economic situation in the country and effectively gain the support of the local government units (LGUs) and the community ensuring the peaceful and orderly conduct of the ASEAN 2017.

#### ASEAN LANDMARK LIGHTING CEREMONY

The municipality of Panglao is honored to have been chosen as one of the sites for the ASEAN LANDMARK LIGHTING CEREMONY on the occasion of its 50th year since its incipience. In answer to the letter sent by NHI, and in close coordination with the DILG Office and the Province of Bohol, a very solemn and touching ASEAN LANDMARK LIGHTING CEREMONY was organized in synchrony with the other selected sites in Asia. Coming to grace the affair were the Governor of Bohol, Hon. Edgar M. Chatto accompanied by the three (3) Board Members of the 1st Congressional District of the Province, the DILG Provincial Director Ma. Loisella E. Lucino, Deputy Curator of the National Museum and company, Mr. Angel Bautista, and the Municipal and Barangay Officials and employees under the able leadership of Honorable Leonila P. Montero. Also, in attendance to witness the affair were the employees of the National Offices assigned in Panglao, the PNP personnel, the DepEd School Superintendent.

#### ACCOUNTABLE, TRANSPARENT, PARTICIPATIVE AND EFFECTIVE LOCAL GOVERNANCE

##### ADVOCACY ON FEDERALISM

As the lead agency of the national government's public awareness initiative, DILG-Bohol conducted advocacy on Federalism through the conduct of activities as shown.

Name of Activity		Venue	Participants
People's Forum on Federalism	October 17, 2017	JJ's Seafood Village	C/MLGOOs, DILG personnel, City/Municipal Information Officers, three CSO representatives of the 48 LGUs, 50 DepEd principals, and 100 Student Council Officers

Name of Activity		Venue	Participants
Orientation of Steering Committees and Technical Working Groups on the Revised Guidelines on the Implementation of MASA MASID	October 11-13, 2017	JJ'S Seafood Village	Members of the MASA MASID Steering Committee and Technical Working Groups Of all LGUS (3 Batches)
Synchronized Barangay Assembly	October 8, 2017	All barangays in the Province of Bohol	Barangay Officials and Barangay Assembly members
Forum on Federalism	August 26, 2016	Bohol Cultural Center	National Government Agencies, Local Officials, Private Sectors, Representatives from CSOs and Academe
Synchronized Barangay Assembly	March 25, 2017	All barangays in the province of Bohol	Barangay Officials and Barangay Assembly members
Liga ng mea Barangay Congress	February 1, 2017	Bohol Tropics Resort	All Punong Barangays of the Province of Bohol
Bohol provincial Stakeholders' Forum	January 26-27, 2017	Bohol Tropics Resort	Municipal Engineers, Municipal Bug Focal person/MPDCs, Municipal Accountants, C/MLGOOs of all LGUs in Bohol

Proper dissemination about Federalism is ensured at the different LGUs, through the organization of the DILG-Bohol Information Campaign Teams comprised of one field officer per TACT Teams or a total of ten (10) MLGOOs with the two focal persons of the DILG Provincial Office.

Aside from barangay assemblies, sixteen (16) municipalities advocated Federalism 101 as one of the topics during seminars for barangay officials and meetings of local officials and employees and teachers.

As an innovation of DILG-Bohol, the provincial focal person prepared a Cebuano presentation on the basics of Pederalismo to be easily understood and appreciated by the barangay folks.

DILG-Bohol field officers attended the Federalism Congress in Cebu City for MLGOOs and Liga Presidents of Region VI' on February 11, 2017 at Golden Prince Hotel, Cebu City. The activity was one of the sources of knowledge of the field officers considering their role as advocates of Federalism and to generate support from the barangay leaders.

### Federalism Forum

The Constitutional Reformers to Federalism headed by Atty. Raul Lambino, the lead convener of PDU30-CORE in partnership with the Provincial Government of Bohol and the DILG, organized a forum on federalism in Bohol on August 16, 2016 at the Bohol Cultural Center, Tagbilaran City.

With the PDU30-CORE team composed of Atty. Raul Lambino, Atty. Emmanuel Tumanda, Atty. Mike Planas and Dennis Ancheta, the federalism forum kicks off the information and education campaign for the province attended by national government agencies, local officials, private sectors, representatives of civil society organization and the academe.

### Bohol Provincial Stakeholders' Forum

On January 26- 27, 2017, the DILG conducted a provincial stakeholders' forum for

BuB projects. The forum was participated by the Municipal Engineers, Municipal BuB Focal Person or Municipal Planning and Development Coordinators, Municipal Accountants, City/Municipal Local Government Operations Officers, and representatives of Civil Society Organizations of all LGUs in Bohol. Also present were the representatives of Provincial Engineers' Office, Provincial Treasurer's Office, Provincial Accounting Office, Provincial Planning and Development Office, members of the CSO Network, representatives of congressmen Rene Relampagos and Erico Aristotle Aumentado, as well as heads or representatives of the following partner agencies: DTI, DOT, DepEd, DOH, TESDA, DOLE, BEAR, DSWD, and DA.

#### Liga ng mga Barangay- Bohol Chapter Provincial Congress

The Liga ng mga Barangay- Bohol Chapter conducted a Provincial Congress on February 1-3, 2017 at the Bohol Tropics Resort, Tagbilaran City which was joined by 1,084 Punong Barangays and all City/Municipal Local Government Operation Officers. The second day of the Provincial Congress was apportioned for the Orientation on Federalism with Atty. Raul L. Lambino as the resource speaker.

#### People's Forum on Federalism

DILG is partnering with the biggest groups, including those from the private sector and academe, who are likewise championing federalism to have collective direction and model of federalism to advocate. To promote an informed opinion about the government's proposed shift to federalism, the Department is bringing the advocacy campaign down to the barangay level. In general, this is a part of the nationwide campaign to prime the citizenry towards the inevitable transition and to obtain their support thru strong tie-ups with various stakeholders and other sectoral groups in the region.

In support of this goal, the DILG Bohol conducted the People's Forum on Federalism last October 17, 2017 at JJ's Seafood Village, Tagbilaran City. The participants to the activity included C/MLGOOs, City/Municipal Information Officers, three CSO Representatives from each LGU, personnel from the Department of Education and student council officers of different colleges in Tagbilaran City. The resource speaker was Judge Joy Angelica P. Santos-Doctor who explained the theories of Federalism. PD Maria Loisella E Lucino explained that DILG is tasked with the information dissemination on the basic concepts of federalism, not yet including the proposal on the implementation. The participants were assured however that more people's forums will be conducted once the proposal will be available. Governor Edgar M. Chatto who also graced the activity espoused Federalism and committed that the Provincial Government and DILG will converge for more advocacies in the months to come especially once the final model will be known.

LP – Low Partially Posted (None to Less than Half of Documents Posted)

The DILG-Bohol Field Officers have continuously provided technical assistance by facilitating their respective Local Government Unit's compliance with the Full Disclosure Policy to ensure its constant adherence to the government's policy requirement with this, the people are knowledgeable of the LGU's budget management, disbursements, and usage of funds.

Posting in conspicuous places and FDP Portal are regularly monitored at the Municipal and Provincial Level to ensure that posting is within the prescribed period.

Moreover, DILG-Bohol has assisted LGUs Bien Unido, Cortes and Clarin in its request for Good Financial Housekeeping (GFH) Post Compliance Assessment while it has also assisted LGUs Pilar and Pres. CPG in its request for loan purposes. Prior to any recommendations and endorsements to the regional level, on-site validations were done by Cluster Leaders, Ma. Reina A. Quilas and Redemcion G. Cag-ong to check the LGJs' posting at the conspicuous places. Meanwhile, postings at the portal were monitored by FDP Provincial Focal Person, Mylove C. Flood.

For this year, Bohol Province, City of Tagbilaran City and Thirty-Nine (39) municipalities have sustained its award on Good Financial Housekeeping. Adding to the list is LGU Bien Unido, making it a total of forty (40) recipient municipalities in Bohol.

Their commitment in upholding the principles of transparency and accountability in public funds by exhibiting compliance with accounting and auditing standards, rules and regulations as well as compliance with the Full Disclosure Policy paved the way for this honor.

Recipients of Good Financial Housekeeping will have an access to program windows, particularly to the Assistance to Disadvantage Municipalities (ADM) 2018, loans from Government Owned and Controlled Corporations and grants subject to national policies and guidelines.

#### CUSTOMIZED ACTIVITY:

#### Coaching on I-OPDS, FDP Uploading and Travel Authority

The DILG-Bohol, through the FDP Provincial Focal Person, conducted a Coaching on FDP Uploading to LGUs' focal persons on April 4, 2017 at JJ's Seafood Village, Tagbilaran City. This is to promote transparency as well as to address concerns raised by most MLGOOs, that uploading of documents is still lodged on them. The activity includes giving the overview of the Full Disclosure Policy, coaching on how to upload documents at the portal, and coaching on how to check uploaded files.

#### SEAL OF GOOD LOCAL GOVERNANCE

The Seal of Good Local Governance (referred to as the Seal or SGLG) is an award and incentive program for performing local governments. It continues in 2017 to influence good governance behavior, encourage and challenge local governments to improve on their performance and service delivery set across the core areas of Financial Administration, Disaster Preparedness, Social Protection, Peace and Order and the essential areas which are Business Friendliness and Competitiveness, Environmental Management and Tourism Culture and the Arts.

The SGLG has upgraded from its former "3+1" principle to "4+1" principle making the Peace and Order as a core area, meaning the LGU must pass the indicators of the four core areas and any one of the essential areas to be conferred the Seal.

To ensure coherence in the parameters used in the core and essential areas, the Seal aligns itself to national and international good governance frameworks, specifically those pertaining to local government responsibilities like the Sendai Framework for Disaster Risk Reduction and the Sustainable Development Goals (SDGs). As a whole,

15 Davao	31 Tagbilaran		
16 Davao	32 San Miguel		

the seal takes on the principles integrated into the Philippine Development Plan, by looking at specific development actions and conditions in the seven areas covered.

In 2017, the SGLG criteria are again upscale, like that in 2016. This is in consonance with the notion of progressively monitoring local government performance. Generally, upscaling/upgrading is considering other attributes of the indicators used in 2016, increasing targets and adding new ones in the area. The enhanced process is also adopted on the validation of data and feedbacking.

To jumpstart the SGLG 2017 assessment, DILG —Bohol conducted a Provincial orientation on May 12, 2017 at the DILG Provincial Office. LGOO VI Ma. Reina A. Quilas, SGLG Focal Person discussed to the field officers the assessment criteria and emphasized that the LGUs now have to pass four core areas plus at least one of the three essential assessment areas in order to qualify for the prestigious Seal of Good Local Governance award. Discussion of the process, timelines, and schedule of Provincial Onsite validation was also made. The Provincial Orientation was made after the SGLG Regional Orientation conducted on May 10, 2017 at the DILG Regional Office.

It is noteworthy to mention that another Provincial Orientation was earlier conducted This was conducted on April 28, 2017 at Panda Tea Garden, Tagbilaran City. This was done after LGOO VI Ma. Reina Quilas attended the SGLG National Orientation last April 24-27, 2017 in Manila. The said Orientation was purposely done to give ample time for the Local Government Units to prepare and be ready.

After the Provincial Orientation, the CIMLGOOs in tum oriented the officials and functionaries of the city/municipality of the 2017 SGLG indicators. During the city/municipal orientation, tasking on the documents to be prepared and preparation of sites to be visited are done. MLGOOs also tackled the indicators which the municipality failed to pass in the 2016 SGLG\_ These were done prior to the Data Gathering phase wherein each LGU specifically the CIMLGOO ensured that documentary requirements are available and the Data Collection and Validation form accomplished.

The LGPMS LGU Team took care of the accomplishment and provision of necessary data in the LGU profile. In the other hand, SGLG Provincial Focal Person Quilas also oriented the officials and functionaries of the Bohol Provincial Government on the 2017 SGLG on May 5, 2017. Like that of the city and municipality, the activity included the tasking of the documents to be prepared and preparation of sites to be visited.

While the CIMLGOOs are gathering the SGLG data, the Regional Assessment Teams (RAT) of DILG Bohol were convened. Discussed during the RAT Meeting were the schedule of the onsite validation, the RAT composition and deployment, the SGLG Forms and the SGLG indicators with clarifications/agreements. The meeting was conducted on May 3 & 5, 2017 at the DILG Provincial Office. There were four Assessment Teams formed. RAT leaders were cluster leaders Redemcion Cag-ong and Ma Reina Quilas, program manager Regina Bastes, and Chief, Technical Services Section, LGOO V Josie Montes. RAT members were LGOO Vs Nicanor Bungabong, Jocelyn Bandala, Mylove Flood and Nina Christine 'pong with the LGU-based Civil Society Organization (CSO) representative.

During the Onsite Validation phase, the RATs conducted the documentary review, interview, and onsite inspection to ensure reliability and quality of data. This occurred from May 29, 2017 to June 16, 2017 wherein one day is allocated for the conduct of the validation in each LGU.

After the onsite validation, data generated from the SGLG onsite validation were uploaded and encoded. This falls under the Data Encoding and Uploading phase. The MLGOOs took charge of the encoding of the LGIJ Profile through the LGPMS data encoder while SGLG Provincial Focal Person at the same time M & M Cluster.

Leader Ma. Reina A Quilas encoded the data in the Data Collection and Validation forms and uploaded Change Requests, Documentation templates, accomplished Data Collection and Validation forms and other supporting documents. This was followed by the Provincial Calibration conducted on July 7-8, 2017 at JJ's Seafood Village. This phase facilitated the processing of initial assessment results and verification of data quality. The activity was attended by the DILG Provincial Director and all the RAT members.

Then, the SGLG Regional calibration followed wherein initial assessment results were processed and data quality was verified. Provincial Director Maria Loisella E Lucino, Cluster Leaders Cag-ong and Quilas along with LGOO VI Bastes and LGOO V Montes were called on July 26-29, 2017 at the Montebello Hotel, Banilad Cebu City for the SGLG Regional Calibration. During the said activity, potential passers were identified as well as the almost potential passer. This was followed by the National Calibration on August 14-19, 2017 in Manila attended by SGLG PFP Ma. Reina Quilas. Results of the National Calibration

revealed eight LGUs of Bohol as potential passers and four LGIs under appeal. These LGUs were part of the SGLG National Validation wherein validators from DILG Region 8 conducted an onsite validation from August 14-19, 2017. Validators are LGOO VI Vicente Maraon and LGOO V Bemarda Saboy who visited the LGU and made document review and made an ocular inspection of select indicators. Meanwhile, LGOO V Nicanor Bungabong and Drib Laurence Ingles were part of Region Ts SGLG Validators who validated SGLG potential passers in Region 11.

Recently, the list of 2017 SGLG awardees was released. The Bohol Provincial Government, the city of Tagbilaran and the municipalities of Alicia, Bien Unido, Duero, and Tubigon emerged as awardees. The awarding will be on November 27, 2017 at the Manila Hotel with the Governor and Mayor of the LGUs heading the three-member delegation to receive the award. DILG Provincial Director Lucino, CLGOO Mardonio Roxas, MLGOO Jogepons Ruloma, MLGOO Rhea Joy Orioque, OIC MLGOO Eunice Anne Caballo and OIC MLGOO Kim Galacio are part of the three-member delegation.

On the other hand, part of the SGLG which is the Good Financial Housekeeping (GFH) results were already released. The Good Financial Housekeeping was part of the SGLG Assessment which looks into the compliance to the Full Disclosure Policy and the result of the COA Annual Audit in 2015 & 2016. The Bohol Provincial Government, the city of Tagbilaran and 40 municipalities of Bohol were among the GFH Passers.

## PERFORMANCE CHALLENGE FUND

In CY 2015, the LGUs of Alicia, Danao, Loboc, Loon, Maribojoc, Panglao, San Miguel, Sierra Bullones, Talibon and the Provincial Government of Bohol were recipients of the Performance Challenge Fund. These LGUs mentioned were required to submit to DILG—Bohol Provincial Office their project implementation monthly monitoring report

In CY 2016, only eight LGUs in the Province of Bohol have passed and received the Performance Challenge Fund. They were the LGUs of Alicia, Corella, Duero, Maribojoc, Talibon, Tubigon, Trinidad and the Provincial Local Government Unit of Bohol.

## CSO-PEOPLE'S PARTICIPATION PARTNERSHIP PROGRAM

### Bohol Strengthens Ties with Civil Society Organizations

As the Provincial Government of Bohol (PGBh) recognizes the vital role of the Civil Society Organizations (CSOs) in the attainment of the province's development agenda, a week-long CSO Week Celebration was conducted on October 2-6, 2017 to further strengthen its partnership and collaboration, DILG 7 Regional Director, Atty. Rene K. Burdeos gave a message on the importance of CSO partnership in achieving good governance during the opening program, which was followed by a consultative forum with other lined agencies.

The observance of Civil Society Week pays tribute to the 3-fold rule for governance and sustainable development which involves the dynamics of government, the business sector, and the civil society.

## CITIZEN SATISFACTION INDEX SYSTEM UTILIZATION CONFERENCE

As the Department aggressively scale up interventions towards a governance that values transparency, accountability, participation and performance, the Citizen Satisfaction Index System (CSIS) came to surface to serve as assessment tool for the service delivery performance of local government based largely on the knowledge, experience, and perception of the people who are recipients of such services using a client-oriented approach.

DILG 7 partner Local Resource Institute (LRI) for 2016 CSIS implementation in Jagna, Holy Name University (HNU) presented the findings of the study during the CSIS Utilization Conference on May 17, 2017 at Mithi Resort and Spa, Panglao Island, Bohol.

Jagna officials and functionaries expressed appreciation of DILG's initiative on CSIS and welcomed the findings as an eye-opener, which shall be used for future planning towards the improvement of their service delivery.

In CY 2017, the Municipality of Tubigon has been identified as a recipient for CSIS implementation.

### CASCADING FOR FIELD ENUMERATORS

To properly follow the guidelines set forth by the CSIS Program in conducting a face-to-face interview using a multi-stage probability sampling method in the selection of 150 respondents, a one-day CSIS Cascading for Field Enumerators was conducted by Holy Name University Center for Research and Publications on August 18, 2017 at 717 Cesar Place Hotel, Tagbilaran City.

The CSIS aims to gather citizens' thoughts and opinions on the quality of public services that are provided in their area and to provide an informed engagement for the citizens about the services provided by its local government. HNU's engagement with DILG's CSIS in Tubigon is expected to finish end of November and conduct Utilization Conference in December or early January 2018.

### LUPONG TAGAPAMAYAPA INCENTIVES AWARDS

The search of the Lupong Tagapamaya Incentive Awards (LTIA) commenced on January 30, 2017 with the submission of eight (8) entries from the first to third class category and sixteen (16) entries coming from the fourth to the sixth-class category. Members of the Lupong Tagapamayapa Provincial Awards Committee conducted table assessment of the entries to come up with the top three finalists from each category. On-site validation ensued that focused on the actual interview of the lupon chairpersons and members and the inspection of lupon.

LT of San Isidro, Tagbilaran City

LT of Bingag, Dauis

The Lupong Tagapamayapa of Can-upao, Jagna emerged as the provincial winner for the first to third class municipality category and the Lupong Tagapamayapa of Bingag, Dauis for the fourth to the sixth-class category, which made them as Bohol's official entries to the regional search. Awarding of the provincial top three winners per category was held during the Provincial Peace and Order Council Meeting on August 29, 2017 at the Governor's Mansion, Tagbilaran City.

1st to 3rd class municipality category	
CAN-UPAO, JAGNA	Winner
SUBA, TALIBON	First Runner-Up
MATABAO, TUBIGON	Second Runner-up
4t to 5th class municipality category	
BINGAG, DAUIS	Winner
NAHAWAN, CLARIN	First Runner-Up
WEST POBLACION, ALBUR	Second Runner-Up

As regional finalists, the lupons of Can-upao, Jagna, and of Bingag, Dauis, Bohol were subjected to another on-site validation and interview by the members of the Lupong Tagapamayapa Regional Awards Committee on March 28-29, 2017. The Lupong Tagapamayapa of San Isidro, Tagbilaran City was also validated by the Regional Awards Committee on March 28, 2017.

Considering their competence, dedication and a high record of settlement which contributed to the peaceful situation of the barangay, the 'upon of Can-upao, Jagna was adjudged as the Regional LTIA Winner for the first to third class municipality category and is Region VIPs entry to the national search.

The Lupon of Can-upao as a National Finalist was validated by the members of the LTIA National Validation Team that conducted an on-site validation last October 4, 2017. During the validation, it was announced that the Lupong Tagapamayapa of Can-upao, Jagna was proclaimed LTIA National Winner for CY 2016 for the First to Third Class Category. The Lupon was

awarded the cash prize amounting to Three Hundred Thousand Pesos (P300,000.00) by the members of the LTIA National Validation Team, which was composed of Asst. State Prosecutor Marmarie P. Satin-Vivas, Atty. Jose C. Saluib, Jr., Exec. Dir. Caroliza Tulod-Peteros, and Ms. Maria Emelinda P. Aguilar.

The LT of Can-upao, Jagna, Bohol is the first ever LTIA National winner in the Province of Bohol and in Region VII. And as a national finalist for the 2017 LTIA, the Lupon must retain its spot for three consecutive years so as to achieve the Hall of Famer Award.

#### INNOVATION:

#### Coaching on I-TIA Implementation

As support to the Provincial Nominees for the Lupon Tagapamayapa Incentive Award Search, DILG Bohol sustained its initiative in conducting a Coaching/Mentoring session for the Lurons of San Isidro, Tagbilaran City, Can-upao, Jagna and Bingag, Dauis prior to the scheduled Regional On-site validation set on March 28-29 2017. LGOO VI Regina Gina Bastes and LGOO V Josie M. Montes visited the lurons on March 21-22, 2017 and re-oriented them of the KP Law and draw out possible questions and answers based on the search criteria. The members of the lurons were also given tips on the basics of presentation preparation and how to effectively respond to questions.

#### INNOVATION:

#### Incentives to LTIA Entries

To pay off the hard work of the MLGOOs in the submission of LTIA Entries, the DILG Provincial Management have sustained the giving of rewards to the field officers who have submitted their document entry to the Search for the Lupon Tagapamayapa Incentive Awards. As gratis to the MLGOOs who have one way or another exerted their effort in assisting the nominees, prizes, such as pocket wifi, USB, external drive and even an anti-virus gadget were given to them. These were given during the Recognition of MLGOOs/Finalists/Entries who participated in the LTIA Search on December 11, 2017 at JJ's Seafood Village, Tagbilaran City.

#### STRENGTHENING OF LOCAL DEVELOPMENT COUNCIL

The DILG is embarking on a program entitled Strengthening Functionality of Local Development Councils (LDCs) in Local Development Planning Process, the purpose of which is to strengthen LDCs and strengthen the linkage of national/regional/provincial development strategies, programs, projects and activities with the Comprehensive Development Plan (CDP). This is provided under DILG MC 2017-84. This DILG program is also anchored on NEDA-DILG-DBM-DOF Joint Memorandum Circular No. 01 s. 2007 and recently DILG-NEDA-DBM-DOF Joint Memorandum Circular No. 1 s. 2016. Entitled Updated Guidelines on the Harmonization of Local Planning, Investment Programming, Resource Mobilization, Budgeting, Expenditure Management and Performance Monitoring and Coordination in Fiscal Oversight.

Aside from strengthening the Local Development Council (LDC), the program would also be utilized for the Local Government Support Fund — Assistance to Municipalities (LGSF-AM) 2018. Under the Strengthening LDC initiative, there are four activities: The National Orientation on Strengthening Functionality of LDCs in Local Development Planning Process; Regional Strategic Priorities and SDG Alignment; Provincial Strategic Direction Setting Conference Workshop and Participatory Project Prioritization Conference Workshop.

The National Orientation on Strengthening Functionality of LDCs in Local Development Planning Process was conducted on June 20, 2017 in Manila and was participated by the Comprehensive Development Plan (CDP) Regional and Provincial Focal Persons. Representing Bohol is LGOO V Ma. Sharon Halasan. Then, the Regional Strategic Priorities and SDG Alignment followed. It was conducted on August 23-24, 2017 at Montebello Hotel, Cebu City. It was attended by all Provincial Development Council (PDC) Executive Committee members in all the four provinces of Region VI and the Regional and Provincial CDP Focal Persons. Bohol's participants were headed by Gov. Edgar M. Chatto. The activity provided a venue to discuss national government strategic

directions and priorities to guide the alignment of local plans with regional and national plans. The activity also provided a process wherein PDC ExeCom members review their Provincial Development Investment Program (PDIP) in light of the Sustainable Development Goals (SDGs) and other national government priorities using the NEDA-SDG implementation roadmap.

The third activity was the Provincial Strategic Direction Setting Conference Workshop. This was conducted in two batches on September 5-6 & September 7-8, 2017 at Bohol Tropics Resort, Tagbilaran City. The activity oriented the stakeholders on the salient National Development Priorities and Global Commitments and OMC 2016-01, Public Financial Management Processes and Tools. Linking of national and local priorities was also done through the inputs on the Planning Processes and Tools, the Provincial Development Physical Framework Plan (PDPFP) and the Regional Development Plan. Also, part of the activity was the LDIP review for alignment with provincial, regional and national priorities. The workshop was participated by Municipal Mayors, SB Committee Chairpersons on Appropriations, Liga ng mga Barangay Presidents, Local Planning and Development Coordinators (LPDC), CIMLGOOs and CSO representatives. Also present were the PDC Executive Committee members, the DILG Provincial Director and the Provincial CDP Focal Person.

Another activity was the Participatory Project Prioritization Conference Workshop. This was conducted in all LGUs (city and municipalities of Bohol). The activity provided a venue for C/MDC Executive Committee to review their Local Development Investment Program (LDIP) to assess alignment of their respective local PPAs with the provincial, regional and national government strategic priorities and development thrusts.

The LDCs conducting the Participatory Project Prioritization Conference workshops were expected to have the (1) Accomplished LDIP Summary Form that contains the list of priority projects over a three-year period with proposed funding source and implementation period; and (2) Accomplished Form 1. Aligned PPAs Form for Provincial Funding Support—For Cities and Municipalities, that contains list of priority projects to be elevated to the provincial government for possible funding support

#### Resource Mobilization and Financial Management and Analysis for Local Governments

The Local Government Academy has designed and formulated a training program entitled, "Resource Mobilization and Financial Management and Analysis for Local Governments" The program implementation is conducted by the Department of the Interior and Local Government in partnership with the Local Resource Institutes. This is an attempt to bridge the fiscal gap of the LGUs which remains to be a critical challenge

in local governance by way of coaching the LGUs on how they can mobilize their resources to support the implementation of the activities in the Annual Investment plan.

In pursuit of the Departments thrusts to provide capacity development interventions to local government units to enhance governance, DILG piloted three provinces for the Coaching Activity set on November 14-16, 2017 in Cebu City. The Local Finance Committee members of the municipality of Carmen, Bohol were invited for the three-day coaching activity. MLGOO Sharon M. Halasan served as one of the Coaches during the Resource Mobilization and Financial Management Training.

#### CUSTOMIZED ACTIVITY:

##### Comprehensive Development Planning

The Comprehensive Development Plan (CDP) is the plan with which the LGU promotes the general welfare of its inhabitants in its capacity as a corporate body. This is one of the two plans mandated of the Local Government Units. Following the two major CDP activities in 2016, the Coaching and Mentoring: Regional CDP Retooling on Mainstreaming Sectoral Concerns in the CDP for LGUs at Cityscape Hotel, Cebu City on January 11-15, 2016 and the Roll Out on the CDP Illustrative Guide Version 2 and DILG Memorandum Circular 2016-102 on September 28-29, 2016, DILG Bohol conducted different activities to capacitate LGU officials and functionaries as well as the DILG Field Officers on the CDP. This was also conducted as part of the LDC Strengthening Initiative of the department.

Thus, on October 9, 2017, all DILG Field Officers attended an Orientation on CDP Formulation/Updating at Reyna's the Haven and Gardens, Tagbilaran City. The Local Planning and Development Coordinators were also called for the Orientation on CDP Formulation/Updating on October 12, 2017. During the said activity, the CDP Team of DILG Bohol discussed on the CDP, the LGU Planning Team, Ecological Profiling, Projection of New Development Investment Financing Potential and the suggested flow of the Workshop for the CDP Formulation/Updating. The CDP Team is composed of LGOO VI Regina Gina Bastes, LGOO VI Mardonio Roxas, LGOO VI Redemcion Cag-ong, LGOO VI Ma. Reina Quilas, LGOO V Juliet Olalo, LGOO V Ma. Sharon Halasan, LGOO V Florencio Halasan, Jr., LGOO V Josie Montes, LGOO V Christine Rose Cagampang, LGOO V Judy Grace Dominguez, LGOO V Mary Ann Verga, LGOO V Nina Christine 'pong and OIC MLGOO Kim Galacio. It may be recalled that the CDP Team of DILG Bohol was formed in the later part of 2016. Its major task is to simplify and organize materials on CDP for easy comprehension and use by the concerned LGU officials and functionaries and DILG field officers. This year the CDP team met on February 6, February 23, April 4, Oct 2, and 5, 2017. The efforts of the Team paid off when it was able to facilitate the Orientation of the DILG Field Officers and the LPDCs. It also successfully organized the CDP materials for easy use of the LGUs.

#### CUSTOMIZED ACTIVITY:

##### PLUC Review

As a member of the Provincial Land Use Committee, this level participated in the presentation and review of the draft Comprehensive Land Use Plans of the City of Tagbilaran and the municipality of Alicia, Bohol at the conference room of the Provincial Planning and Development Office on August 2017. The CLUPs of both LGIs were provisionally approved by the PLUC pending compliance to the corrections presented.

DILG-Bohol is tasked to check the provisions and services of the LGU as regards the different development sectors.

## CUSTOMIZED ACTIVITY:

**Provincial Development Council (PDC) Executive Committee Meeting**

On January 30, 2017 the Provincial Development Council —Executive Committee (PDC-ExCom) chaired by the Honorable Governor Edgar M. Chatto invited all national government agencies to their meeting at Sandugo Grand Ballroom, Bohol Tropics Resort, Tagbilaran City to apprise the council on the major development projects of the different NGAs. This is to ensure that such are aligned with the Province's development agenda and would allow the PDC to take the necessary action that may require the council's support and endorsement to the Regional Development Council (RDC) as well as to other national government agencies. In response to such invitation, LGOO VI Regina Gina G. Bastes together with LGOO V Jocelyn B. Bandala attended said meeting and presented the major priority development programs and projects of the department for CY 2018 under the five (5) outcome areas.

**KATARUNGANG PAMBARANGAY**

The Lupon Tagapamayapas of the 1,109 barangays of the province of Bohol are all organized in compliance to Section 399 of the Local Government Code of 1991. Ten percent of the barangays have fifteen to twenty 'upon members while ninety percent have the minimum number of ten lupon members. Support by the LGU to the Katarungang Pambarangay program as mandated under Sections 421 and 422 of the Local Government Code of 1991 and DILG Memorandum Circular No. 2007-129 are presented.

**Advocacy.** The barangay assemblies, monthly meetings of the Liga ng Barangay and monthly meetings of the Barangay Secretaries League are avenues where Katarungang Pambarangay is disseminated and promoted to the official and constituents of the barangay. These are opportunities wherein the MLGOOs update the punong barangays, barangay secretaries and some barangay constituents regarding the KP law and gather monthly reports as regards the actions taken by the different Lurons. Most of the LGUs do not provide budgetary allocation for these activities.

**Trainings and Seminars.** Twenty-seven LGUs allocated funds for trainings and seminars on Katarungang Pambarangay. The budgets are part of the peace and order fund, aid to barangays or from the office of the municipal mayor. Other support for training is through the provision of venue, equipment, and staff

**Other LGU Support.** The giving of Christmas bonus for lupon members, provision of supplies, materials and travel claims for lurons and vehicular support during KP evaluation are other support provided by some LGUs.

The Actions Taken by the Lupon Tagapamayapa of the City of Tagbilaran and the 47 municipalities of the province of Bohol for the first, second and third quarters of this year are shown in Figure 9:

With each case filed in court valued at PhP 9,500.00, the total government savings of the settled cases is pegged at PhP29,098,500.00.

**REORGANIZATION OF BADAC**

The surge of illegal drugs became alarming in the province of Bohol. Aside from a threat to health, illegal drugs are also a serious threat to the well-being and security of the residents due to drug-related crimes. With the strong declaration of the present administration to address this current drug problem, the Barangay Anti-Drug Abuse Committees (BADAC) in all barangays of the province of Bohol were reorganized. C/MLGOOs have submitted monitoring report on the functionality of their respective BADACs. DILG Bohol was also monitoring the conduct of BADAC monthly meetings by requiring all field officers to submit LGU's consolidated reports.

## CUSTOMIZED ACTIVITY:

**Center for Education and Drug Counselling (CEDEC)**

The Provincial Government of Bohol, in partnership with the Bohol Island Lions Club, launched the Center for Education and Drug Counselling (CEDEC) on October 12, 2016 at the Lions Club Oak Brook Building, Acacia Drive, Tagbilaran City. It is an out-patient rehabilitation facility for persons with substance-use disorder (PSI-JDs) classified under the low to moderate level of drug affectations. While the building is maintained by the Lion's Club, the lot, on the other hand, is owned by the Provincial Government of Bohol\_ The center is currently headed and managed by Dr. Cesar Tomas Lopez and operates through a Provincial Ordinance creating the Provincial Anti-Drug Abuse Council (PADAC).

As of the present, the CEDEC is in full-swing accepting PSUDs for Alcohol, Smoking and Substance Involvement Screening Test- Brief Intervention (ASSIST-BI) for the identification of the patient's level of drug affectation. The Provincial CEDEC will be serving as a model for the community-based and counseling centers that will be established in every municipality and Tagbilaran City. Dr. Lopez, in fact, divided his staff into three groups; each consists of a psychologist, nurse, and social worker should LGUs need further assistance from them with regard to concerns on ASSIST-BI and Community-Based Rehabilitation Program. Moreover, the CEDEC will be requesting assistance from a well-trained psychiatrist, in the person of Dr. Miriam Peguit-Cue, for the implementation of the Post ASSIST-BI protocol and its proper cascading to the barangay level.

## CUSTOMIZED ACTIVITY:

**ASSIST-BI**

The DOH and CEDEC. meanwhile has already conducted a training on Community-Based Treatment Program to all the MLGOOs, MHOs, Cops, MSWDOs, MADAC Heads, LIGA Presidents and representatives from the religious sector of every LGU to intensify community-based rehabilitation programs in the grassroots as well as equip them with the ASSIST-BI procedures.

Reports of the MLGOOs showed that as of January 6, 2017, 17 out of the 48 municipalities have already administered the ASSIST-BI to every barangay though not all surrenderers were present during the assessment. Most of the LGUs with on-going status either have surrenderers that are out of town or back in their normal lives and busy with their work. Moreover, the CEDEC in cooperation with the LGUs can hopefully identify the percentage of the 37, 173 PSUDs needing either the submission to the In-Patient Rehabilitation Facility or referral to the Community-Based Rehabilitation Program by the end of January. Nonetheless, a bigger portion of the surrenders is deemed to be categorized under the mild level of drug affectation.

As of January 10, 2017, out of the 2,757 surrenderers who have undergone the ASSIST-BI protocol, 111 need the submission to In-house Facility Rehabilitation. Furthermore, these 111 high-risk PSUDs will be re assessed or re-evaluated by the Argao Rehabilitation Personnel on January 26-28, 2016 as per the report of the Bohol Provincial Health Office.

While the PNP's work is on-going and the Local Chief Executives are coordinating with MHOs, complementary trainings are done on the Healthcare side. Moreover, the LGUs are now deeply engaged with government initiatives such as supporting the deployment of the Prosperity Tokhang (ProTok) Teams. The operationalization of the BADAC and MADAC has also strengthened in order to address the challenge of coordinating the entire community for the implementation of different rehabilitation programs.

#### CUSTOMIZED ACTIVITY:

##### Community Rehabilitation Network CRN

The establishment of the Community Rehabilitation Network (CRN) for the slightly and moderately affected persons with substance-use disorder PSUDs will be organized through the Executive Order of the Mayor.

Program duration is 48 days depending on the condition of the patient (What are the activities to be done?)

Week 1: Individual/ Conjoint Family Sessions, Early Recovery Skills Group Sessions, Relapse Prevention Group Sessions, Family Education Group

Week 2-4: Early Recovery Skills Group Sessions, Relapse Prevention Group Sessions, Family Education Group

Week 6-7: Individual/ Conjoint Family Sessions, Relapse Prevention Group Sessions, Family Education Group

CRN members at the municipal level will be composed of the MLGOOs, MHOs, COPs, MSWDOs, MADAC Chairman, LIGA Presidents and representatives from the religious sector who were previously trained by the DOH and CEDEC regarding Community Based-Rehabilitation Center.

In lieu of the DILG MC No. 2015-63 or "Revitalization of the Barangay Anti-Drug Abuse Council (BADAC) and their Role in Drug Clearing Operations, the MLGOOs were also tasked to facilitate the collection of the following reports for regular submission to the Provincial Anti-Drug Abuse Council (PADAC).

#### CUSTOMIZED ACTIVITY:

##### Meeting of the Task Force on Drug Abuse Treatment and Rehabilitation Center

The DILG- Bohol hosted the meeting of the inter-agency task force on the establishment and support of drug abuse treatment and rehabilitation centers (DATRCs) on January 4, 2017 at the Bohol Tropic Resort, Tagbilaran City. The meeting was headed by the task force's focal person DILG Undersecretary for Operations John Castriciones and was participated by the PNP lead by Bohol Provincial Police Office Provincial Director PSSupt Felipe R Natividad, the DSWD lead by Region 7 Director Ma. Evelyn Macapobre, Atty. Philip Vera Cruz of the Dangerous Drugs Board, the DOH with Assistant Secretary Dr. Elmer G. Punzalan, Chief Health Officer Dr. Alfonso Villaroman, Dr. Davin Baron head of the DOH Argao Rehabilitation Center, Dr. Juan Zaldarriaga Jr., chief of hospital of Cebu

Treatment and Rehabilitation Center for Women, and Program Manager Dr. Jasmin T. Peralta. Also present were Dr. Cesar Tomas Lopez who is the Executive Assistant of Governor Chato on Health & tasked with the drug abuse prevention & rehabilitation in Bohol, Dr. Hertbert Relampagos of the Governor Celestino Gallares Memorial Hospital, DILG Assistant Secretary Epimaco Densing III, DILG Legal Officer Atty Lydia Bundac, and the DILG Bohol lead by Provincial Director Maria Loisella E. Lucino.

The meeting sought to describe the present situation of Bohol in terms of its degree of the drug problem, the status of existing drug rehabilitation centers, and the community intervention programs being initiated. They also discussed how they will be able to oversee the proper construction of the rehabilitation center in Bohol.

Undersecretary Castriciones also shared about the developments made by the Task Force through donations pouring in from local and international donors. Subsequently, they focused on the joint MC adapted in Pilar, Bataan in which they have incorporated all necessary provisions of law that would enhance the processing of the surrenderers just so they will be properly accommodated in the existing drug rehabilitation centers particularly in Fort Magsaysay.

#### CUSTOMIZED ACTIVITY:

##### MOA Signing for the Construction of the Drug Abuse Treatment and Rehabilitation Center

Since the focus of the government shifted to the problem of the proliferation of illegal drugs in the country, there have been 673 434 surrenderers and 10,153 arrestees; about 8-10% of whom will need to be committed in a rehabilitation center. With this massive number of drug dependents, there is a need for more DOH- Accredited Treatment and Rehabilitation Center (DATRCs) to effectively accommodate drug reformists. To augment this need, the government acting through the Office of the Cabinet Secretary, the Department of Health, and the Department of the Interior and Local Government partners with Kausaban Foundation, Inc in the construction of a Mega Drug Rehabilitation Center in Bohol.

The Memorandum of Agreement signing ceremony of this project was held on January 4, 2017 at the Governor Celestino Gallares Memorial Hospital. The signatories of this agreement are Cabinet Secretary Leoncio B. Evasco Jr., Department of Health Secretary Paulyn Jean B. Rosell- Ubial, Department of the Interior and Local Government Undersecretary John Castriciones, and Kausaban Foundation, Inc President Alan Crisologo.

#### CUSTOMIZED ACTIVITY:

##### Integrated Drug Monitoring and Reporting System Training

The Integrated Drug Monitoring and Reporting Information System (IDMRIS) of the Dangerous Drugs Board (DDB) is now ready for implementation to monitor and report drug surrenders' data by Anti-Drug Abuse Councils (ADACs). The system will also help the DDB in the analysis of data and evaluation of the government's strategy against illegal drugs\_

The IDMRIS Training was conducted in three batches on September 27, 28 and 29, 2017, at the Metrocentre Hotel, Tagbilaran City. The participants of the said activity were five (5) personnel from the Provincial Government of Bohol, five (5) personnel from the Bohol Provincial Police Office, all 48 C/MLGOOs, and representatives of the CIMADACs preferably technical officers or Information Technology Officers who handle data regarding drug surrenderers. As the actual users of the system, the participation the said personnel in the training was valuable as they were taught to encode all pertinent data regarding drug surrenderers in the IDMRIS database. The information that was collected will be used for research, policy-making and program development purposes.

##### COMMUNITY-BASED MONITORING SYSTEM (CBMS)

As of October 18, 2017, twenty-seven (27) out of forty-three (43) municipalities that have implemented the program in 2014-2015 have valid and clean data. Most of these LGUs have utilized the data in their CDP formulation and other planning-related activities. Since CBMS data for most LGUs of Bohol is already due for updating, continuous promotion of the program is done by the Provincial Focal Person through the C/MLGOOs. As of reporting period, four (4) LGUs namely:

Loboc, Getafe, Corella and Tagbilaran City have already expressed its interest for the second round of CBMS implementation in the coming 2018. Initial requirements are now being processed.

Meanwhile, the long overdue implementation of CBMS in LGU Baclayon has finally been realized. The 4-day Module 1 Training was conducted by CBMS Provincial Focal Person, LGOO V Mylove C. Flood, on September 26-29, 2017 at the Office of the Municipal Planning and Development Office, Baclayon. The participants include five (5) enumerators, two (2) field editors and three (3) members of the CBMS Technical Working Group. Field enumeration started immediately on October 1, 2017 and target to finish by the end of December 2017.

### **SYNCHRONIZED BARANGAY ASSEMBLY**

Pursuant to Section 397 (b) of the Local Government Code of 1991, Presidential Proclamation No. 260, series of 2011 and DILG Memorandum Circular Nos. 2017-31 and 2017-123, all the 1,109 barangays of Bohol successfully conducted their respective barangay assemblies for the first and second semester of CY 2017.

Common issues and concerns of the first-semester assembly include the presence of petty crimes, illegal gambling, stray dogs, solid wastes along the roads, minors driving motorcycles and households with unsanitary toilets. In the second semester, rumors about terrorism, unidentified people entering the barangay, issues on solid waste management Households without toilet and poor condition of barangay roads.

### **INNOVATION:**

#### **Provincial Speaker's Bureau**

Section 397 of RA 7160 enjoins all barangays to conduct Barangay Assembly at least twice a year to hear and discuss the semestral report of the sangguniang barangay concerning its activities and finances as well as problems affecting the barangay.

The Provincial Government of Bohol together with the Department of the Interior and Local Government (DILG), the Philippine National Police (PNP), and the Philippine Army has reactivated the Provincial Speakers Bureau that will conduct on-site visit to selected barangays to conduct Information and Education Campaign (IEC) on the current programs, projects and activities of the agencies being undertaken. This is also one of the ways to ensure that all PPAs of the government are being cascaded down at the barangay level for their information and guidance.

For CY 2017, the conduct of Synchronized Barangay Assembly during the first semester was held last March 25, 2017. Eight teams were distributed to the different barangays of the towns of Maribojoc, Panglao, Bien Unido, Danao, Bilar, Batuan, Candijay and Sierra Bullones. In the second semester of this year, the conduct of Synchronized Barangay Assembly was held last October 8, 2017. Eight teams proceeded to the barangays of the municipalities of Cortes, Albur, Inabanga, San Miguel, Guindulman, Pilar, Mabini, and Anda. DILG Cluster Heads, Program Manager, Program Coordinators and DILG Provincial Staff served as speaker during the barangay assembly.

### **TECHNICAL ASSISTANCE ON DEMAND DRIVEN ACTIVITIES**

Demand-driven activities are aimed to build on the specific competency needs identified by the LGIs as defined in their Capacity Development Agenda. Moreover, it also pertains to demand driven trainings conducted in the local government units with the assistance of the DILG Field Officers.

As of the third quarter of CY 2017, a total of 270 demand-driven trainings were conducted by all the LGUs of Bohol. These demand-driven activities pertain to Administrative Governance, Social Governance, Economic Governance, Environmental Governance and Valuing Fundamentals of Governance. The common trainings with their corresponding local governance areas were managed/facilitated/rendered technical assistance by the DILG Field Officers to the Local Government Units.

## CENTRAL OFFICE DIRECTIVES

Central Office directives and issuances e.g. memorandum circulars and memoranda are communicated and disseminated to the 49 LGJIs through email to the Office of the Governor and to the respective Municipal Local Government Operations Officers. Urgent and important issuances are furnished to the Office of the Governor and the concerned national or provincial agencies through personal delivery. The administrative services section of this office ensured the service of the directives.

## KASAMBAHAY LAW MONITORING REPORT

RA No. 10361 is an Act Instituting Policies for the Protection and Welfare of Domestic Workers, otherwise known as "Batas Kasambahay- RA No. 10361 was signed on January 18, 2013. Consequently, the Implementing Rules and Regulations (IRR) of the said Act was promulgated on May 9, 2013. Rule IX of the IRR provides for the registration system for Kasambahay. Moreover, DILG MC 2013-61 was issued on the Guidelines on the Barangay Registration of Kasambahay Pursuant to RA 10361.

On the other hand, DILG conducts Information Education Campaign (IEC) regarding the Batas Kasambahay during the conduct of the semestral synchronized barangay assembly on March and October of every year. There are total numbers of 19 registered Kasambahay and 76 unregistered.

## LGU ADMINISTRATIVE GUIDANCE

### Travel Abroad

Considering the implementation of DILG Memorandum Circular No. 2017-30 on Foreign Travel Authority online system for local government officials and employees, this level processed only two applications for travel abroad on official business on the first quarter of this year. From the second quarter to date, eight (8) Foreign Travel Authority applications of officials and employees of the provincial government were dispensed by this office.

This level also issued certifications to personal or private trips that do not exceed three months to 25 local officials stating that their travel does not need authority from the DILG to ensure approval from the Bureau of Immigration.

### Fact Finding

As shown a total of nine (9) fact-finding investigations were conducted by this level as indorsed by the DILG VI Regional Office, by the Ombudsman (Visayas) or as requested by other government agencies. The results of the investigation were submitted to the DILG VII Regional Office through fact-finding reports.

### Legal Opinions and Service of Orders of Suspension

Legal opinions and advice mostly on municipal and barangay governance were provided to a total of 132 clients. Complaints were related to the katarungang pambarangay procedure, the leave of absence of barangay officials, and authority of the punong barangay on the implementation of barangay ordinances. Field officers were also provided with legal opinions, clarifications, and advice on their urgent queries via telephone and cellphone calls.

Twelve (12) implementation orders as directed by DILG VI Regional Director Rene K. Burdeos, were served by PD Maria Loisella E. Lucino to concerned respondents. Reports on the matter were timely submitted to the regional office to prove compliance.

### Death Benefits.

As shown, this level processed a total of 45 death benefit claims from January to November 2016 for release to beneficiaries of deceased barangay officials.

Punong Barangay	Sangguniang Barangay Member	Barangay Secretary	Barangay Treasurer
3	38	3	

### Motor Vehicle Acquisition

This level processed and indorsed a total of fourteen (14) requests for authority to purchase motor vehicle to the Bureau of Local Government Supervision through the DILG VII Regional Office based on the LGUs compliance of requirements as provided under DILG Memorandum Circular Numbers 2014-155 and 2015-52.

### MAINTENANCE/UPDATING OF LIST OF OFFICIALS/LGUS

Reporting of updates on the Barangay Officials Information System is continuously complied by the field officers as this is not only required by top management but also utilized in the death benefit claims and issuance of certification for the availment of CSC eligibility and scholarship for their legitimate children. The reports from the field are also the basis of the DILG Provincial Office in updating the Barangay Official Database System (BODS).

## COMPLIANCE TO ANTI-RED TAPE ACT

### Citizen's Charter

Anti-Red Tape Act is consistently applied and practiced by the DILG-Bohol team as manifested in the posting of updated Citizen's Charter at the main entrance of the DILG provincial office. The already included the frontline services espoused

The no noon break' signage is conspicuously posted at the main door of the office with the anti-red tape slogans. The Public Assistance and Complaint Desk is also apparent in the office ably manned by Administrative Aide Julie Mae Nombre.

## BUSINESS FRIENDLY AND COMPETITIVE LGUs

### PUBLIC-PRIVATE PARTNERSHIP-FOR THE PEOPLE (LGU PA)

In support to the present Administration's priority agenda on Public-Private Partnership, a Regional Consultation cum Business Matching and Workshop on Populating LGLJ P4 Portal was conducted on November 6-8, 2017 at Montebello Villa Hotel, Cebu City to link and meet the needs/demands between LGUs and Private Sector in the development of local economy through public-private partnership.

Two of Bohol LGLJs have been identified as targets for LGU PA, namely: Panglao and Tubigon. With the assistance of the invited consultants and experts, participants from the LGLJs and business sector meet and match their projects for a better quality of services. The LGU P4 Portal will serve as an exchange site among the LGLJs, the business sector and the people on the existing successful engagements and proposed PPP Projects.

## STREAMLINING BUSINESS PERMITS AND LICENSING SYSTEM

Bohol Province has streamlined its Business Permits and Licensing System (BPLS) based on the revised standards in processing business permits and licenses in all cities and municipalities expressed in DILG DTI-DICT Joint Memorandum Circular (JMC) No. 01, Series of 2016 which have been discussed extensively on a provincial roll-out with municipal treasurers and business permit licensing officers in October, 2016 at the Metrocentre Hotel, Tagbilaran City.

DILG-Bohol LEO Fiscal LOGO V Mary Ann Aparace-Verga presented the revised BPLS Standards on a Forum with Business Owners in Panglao, Bohol

All LGUs in Bohol follow the revised standards in the processing of business permits and licenses following the Unified Form which consolidates all the information on a business registrant needed by various offices including the BFP; the Standard Steps that is limited to three, Processing Time which is two days for new business permit applications and one day for business permit renewals; and two Signatories. Streamlining of BPLS continues to be one of the foremost undertakings with the Department of Trade and Industry (DTI) and the Bohol Investment Promotion Center (BIPC).

### BOHOL LGUs JOINED e-BPLS ROADSHOW

As the country bids to improve its ranking in the Global Ease of Doing Business, one of the competitive areas under the government efficiency and economic development pillars in the ASEAN Integration, a Roadshow on Enhanced Business Permit and Licensing System (e-BPLS) was conducted on January 27, 2017 at Montebello Villa Hotel, Cebu City attended by Local Chief Executives (LCEs) and Business

Permits and Licensing Officers (BPLOs) all over the region.

The activity did not only showcase good practices of LGUs in the issuance of business permits but likewise encouraged automation as several System Providers were invited for the LGJs to explore and adapt based on their needs. Atty. Fortunato Abrenilla of the municipality of Jagna gave a lightning talk on his LGU's good practice in terms of business permitting that won appreciation from LED partners and business personalities in the LGU.

## **ORIENTATION ON BPLS AUTOMATION FOR**

### **LGU-PANGLAO**

While standards for business registration can be met with manual operations, many LGJs have found that automation makes registration procedures more efficient, making Computerization and Automation of business registration a major component of the BPLS Streamlining Program.

DILG, DTI, and DICT embarked on a joint activity dubbed "Orientation on the Automation of Business Permits and Licensing System" for LGU-Panglao on May 18, 2017 at BE DILG 7 BPLS Focal LGOO VI Cynthia Baldado Grand Resort, Panglao, Bohol, with the local officials and presented the Rationale of BPLS Automation.

Engr. Royden Rusiana of DICT 7 demonstrated the

BPLS-related functionalities as participants.

A significant development is anticipated in Panglao as a key growth area for tourism, linked to the establishment of a new international airport, the LGJ expressed a positive attitudinal response towards BPLS Automation. Mayor Leonila Montero entered into a Memorandum of Agreement (MOA) with DICT on the use of e-BPLS Software that will computerize business permit applications in the LGU

The Regional BPLS Validation Team composed of DILG, DTI, and DICT conducted series of On Monitoring and Evaluation on LGJ compliance to the new BPLS Standards from May 29-31, 2017 in the Municipalities of Dauis, Panglao, Carmen, Bilar, Loboc and Loay.

Prior to onsite evaluation and validation, LGUs are monitored through BPLS Quarterly Progress Report submitted by DILG field officers. Findings were validated onsite to further improve the permitting systems of target LGJs.

During the validation, the e-Readiness survey was likewise administered by DICT to promote BPLS automation. Under the new JMC, the DICT has been mandated to make available to qualified local government unit's software that can be used in the computerization of their permitting and licensing system

## **COACHES TRAINING ON THE AUTOMATION OF BUSINESS PERMITS AND LICENSING SYSTEM (VISAYAS CLUSTER)**

As follow through activity of last year's orientation on the revised BPLS Standards stipulated in DILG-DTI-DICT Joint Memorandum Circular of 2016, the DILG-BLGD in partnership with DICT conducted a week-long Coaches Training on the Automation of Business Permits and Licensing System for the Visayas Cluster on July 10-14, 2017 at SmallV111e 21 Hotel, Iloilo City. The activity capacitated the participating DILG, BFP, DICT and other partners from State Universities and Colleges, and the National ICT Confederation of the Philippines (MCP) ICT Council as regional coaches/mentors who will facilitate orientation and training on BPLS automation/computerization to target LGUs. Twenty LGJs in Region 7 have been identified to benefit the e-BPLS software. A regional user's training is expected to commence end of 2017.

## LOAY RECEIVED REFRESHER COURSE ON REVISED BPLS STANDARDS

Based on the findings of the joint BPLS Onsite Monitoring and Validation conducted by OILG, DTI, and DICT, the DILG Regional Office 7 sends its BPLS Team to Loay, Bohol on August 17, 2017 to conduct a special briefing on the new DILG-DTI-DICT JMC 2016 to Head of Offices of all the Departments and Agencies involved in processing business permits and licenses in the Municipality.

Loay is said to be compliant with the revised standards of BPLS however, the absence of alternate signatories caused a delay in the issuance of business permits. The Joint Inspection Team (JIT) is not formally created by any legal instrument and the renovation of the Municipal Hall instigated inconvenience to clients due to lack of space and unavailability business OneStop Shop (BOSS).

## LED PARTNERS FORUM: WAY FORWARD TO SUSTAIN AND ENHANCE THE GAINS

Bohol's accolade being the Most Business-Friendly Province in the country is but a confirmation of dedicated convergence of working together, showcasing synergy among partners from both private sectors and national government agencies.

DILG-Bohol partners with the provincial government in enjoining LGUs to stay business-friendly while improving governance. LGUs have the essential role in sustaining good governance reforms to promote trade and investments, transparency and accountability, and efficiency in business services fuelling up local inclusive growth.

At the Partners Forum conducted on November 3, 2017 at Bohol Tropics Resort, Tagbilaran City, all LGLJs are encouraged to display competence and commitment to generating local revenue and employment by enabling competitive business environment through policies, incentives, and infrastructure that support sustainable Local Economic Development (LED). DILG-Bohol LED Focal, LGOO V Mary Ann L. Aparece-Verga reiterated that LGUs' compliance to DILG-DTI-DICT 'MC No. 01, Series of 2016 re Revised Standards in Processing Business Permits and Licenses is closely monitored every quarter and a number of municipalities in the province have been conducted with BPLS onsite evaluation and validation in May 2017.

Business sources said the recognition makes Bohol glow over other emerging Philippine growth areas to the eyes of the international investors.

## BOHOL TRIUMPHS MOST BUSINESS-FRIENDLY PROVINCE AWARD

Bohol has won the biggest Philippine business organization's "Most Business-Friendly Province" Award in a first-time feat that "toppled all the giants."

Assisted by DTI Sec. Ramon Lopez, Duterte presented the award to Chatto with the PCCI officers and members.

The Philippine Chamber of Commerce and Industry (PCCI) had the honor of Pres. Rodrigo Duterte conferring the grand award to Gov. Edgar Chatto, along with Acting Vice Governor Venzencio Arcamo during the 43rd Philippine Business Conference on October 19, 2017 at the Manila Hotel.

The annual PCCI awards recognize local government units that have demonstrated outstanding efforts in instituting good governance reforms to promote trade and investments, transparency, accountability, and efficiency in delivering business services to fuel up inclusive growth in the locality. The DILG's

Program on Building Business-Friendly and Competitive LGLJs (BFCL), the Office provides assistive support in supplementing essential inputs such as the Bohol's convergence mechanism with the private sector, support, and

streamlining of business permits and licensing system. Bohol landed among the 14 finalist provinces until it was ultimately adjudged the prestigious yearly search conducted by the PCCI since 2001.

#### CUSTOMIZED ACTIVITY:

#### **Bohol Strategy to Building Business Friendly LGUs**

Intensifying the continued promotion of building Business-Friendly and Competitive LGLJs (BFCL), the Bohol Investment Promotion Center (BIPC) spearheaded the conduct of Bohol One Stop Shop (BOSS) Caravan aimed to boost the government's assistance to Micro, Small and Medium Enterprises (MSMEs) through forum of services on business registration and facilitation.

The Caravan likewise includes orientation on the services and requirements with the Department of Trade and Industry (DTI), Social Security System (SSS), Home Development Mutual Fund (HOME), Philippine Health Insurance Corporation (PHIC), and Securities and Exchange Commission (SEC). In CY 2017, BOSS Caravan has been conducted in the Municipalities of Inabanga, Dimiao, Sevilla, Baclayon, and Candijay.

The initiative commenced following the conclusion of the Local Governance Support Program for Local Economic Development (LGSP-LED) Project in Bohol in 2014, to sustain the convergence mechanism of LED champions in the Province.

#### **NCC CMC' SURVEY ROADSHOW: CLIMBS BOHOL'S COMPETITIVENESS RANKING**

DILG-Bohol and DTI conducted an in-depth National Competitiveness Council (NCC) Cities and Municipalities Competitiveness Index (CMC') Survey Roadshow on March 17, 2017 at Panda Tea Garden Suites, Tagbilaran City highlighting the new pillar on Resiliency.

Adding more challenge to the LGUs, the Resiliency Pillar of the CMC' embodies the capacities of the local governments to continuously function, so that the people in the specific community, particularly the poor and vulnerable can survive no matter what disasters they will encounter.

Making it to 40 indicators in this year's round of the index, Bohol field officers extend coordination and assistive support in submitting to DTI the CMCI survey forms from LGUs.

#### **PANGLAO, 3RD MOST COMPETITIVE 3RD-6TH CLASS MUNICIPALITIES**

The Municipality of Panglao won third Most Competitive Award among other 1,500 LGLJs under the 3rd-6th class categories in this year's Annual Cities and Municipalities Competitiveness Index by the National Competitiveness Council awarded during the 5th Regional Competitiveness Summit and Awards Ceremony held on August 16, 2017 at the Reception Philippine International Convention Center (PICC) Metro Manila.

#### **GARCIA-HERNANDEZ AWARDED AS 2ND MOST IMPROVED LGU**

The year 2017 marked another milestone for the Municipality of Garcia-Hernandez as it was conferred as the 2nd Most Improved LGU in the 2017 CMCI. Under the category of 3rd to 6th Class Municipalities, Garcia-Hernandez jumps from rank 702 in 2015, rank 94 in 2017.

#### **DILG SUPPORTS 12TH NEGOSYOCENTER IN**

Economic boom gets the additional force in the town of Inabanga as the DTI opened its 12th Negosyo Center located at the Municipal Hall Compound of this town on October 9, 2017 with the signing of Memorandum of Agreement (MOA) between Team Inabanga, DTI, DILG, DA, and TESDA.

As mandated by the Go Negosyo Act, the center offers business advisory services, business name processing, access to sources of financing, business meetings and trainings for the business sector in the LGLJ and nearby municipalities.

Other towns with Negosyo Centers are Loon, Talibon, Ubay, Tubigon, Carmen, Jagna, Loboc, Sevilla, and Panglao. Also present during the launching were punong barangays, DepEd administrators, and entrepreneurs of the 50 barangays.

#### DTI UNVEILS NEGOSYO CENTER IN PANGLAO

In line with the objective to promote ease of doing business and facilitate access to services for MSMEs, the Department of Trade and Industry invited this Office to be present as the former unveils 10th Negosyo Center on September 29, 2017 in the Municipality of Panglao, Bohol as the town is fast becoming a metropolis. That same day, DTI also opened another Negosyo Center in Sevilla, Bohol.

#### CUSTOMIZED ACTIVITY:

##### DILG Supports Bohol Sustainable Tourism

Linked to the establishment of a new airport with international status, significant growth is anticipated in Bohol as a key growth area for tourism. Concern about environmental degradation has been widely recognized, especially at the national level.

DILG-Bohol Provincial Director Maria Loisella E. Lucino and provincial focal for LED, LGOO V Mary Ann Aparece Verga attended a Coordination Meeting called by the Tourism Infrastructure and Enterprise Zone Authority's (TIEZA) on October 10, 2017 at the MetroCentre Hotel, Tagbilaran City to brainstorm regulations and guidelines that will eliminate illegal canvassers getting access to Balicasag Island. Unregulated dolphin riding by illegal pumpboat canvassers placed Panglao key resources in peril. Drafting of ordinance and reproduction of IEC materials were suggested as initial solution.

#### **SUPPORT TO CONDITIONAL MATCHING GRANT TO PROVINCES (CMGP) FOR ROAD REPAIR, REHABILITATION AND IMPROVEMENT**

Formerly known as KALSADA or Konkreto at Ayos na Lansangan ang Daan Tungo sa Pangkalahatan Kaunlaran, the Program addresses the underinvestment in local roads, and improvement of national-local roads connectivity to increase economic activity and improve public access to facilities and services in the provinces. The Program, however, is not only a road engineering intervention, it is also a governance reform program in local road management (LRM) and public financial management (PFM). CMGP will be implemented nationwide for six years from 2017 to 2022.

As the implementing agency in governance reforms, quality assurance, and monitoring of road projects of the PLGIs, the DILG Bohol has closely coordinated with the provincial government in the compliance of document submission, conduct of procurement process and as well as the conduct of series of meetings cum workshops in the preparation of deliverables to meet with the timelines set by the Central Office.

For 2017, a meeting was called by the DILG Bohol Provincial Director on September 29, 2017 for selected members of the Road Sector Committee or the Local Road Management Team to discuss and map out activities for possible funding arrangements in order to complete the documents and deliverables for the 2018 CMGP requirements.

For the Local Road Network Development Plan which will be submitted by December 29, 2017, series of activities were attended, participated and closely coordinated by DILG Bohol Provincial Office. Workshop on the Formulation of the Local Road Network Development Plan was conducted on October 10, 2017 participated in by the Road Sector Committee with the expanded members, Municipal Engineers, Engineers of the Provincial Engineer's Office involved in road planning and management, OPWH engineers of the three Engineering District of Bohol, national government agencies concerned, academe, DILG PDMLJ Engineers and civil society organization representatives.

#### Presentation and Review of the Draft Local Road Network

Development Plan followed after the series of writeshop. This was conducted on November 7, 2017 participated in by the same big group in the workshop formulation. Valid comments and recommendations especially coming from the Engineers of the municipalities, civil society organizations were noted and considered. DILG-Bohol participants gave valuable inputs, comments, and the Sections 4-9 of the draft LRNDP 2017

#### PROVINCIAL GOVERNANCE REFORM ROADMAP GUIDELINES FORMULATION

Noteworthy to mention here is the workshop on the crafting of the Provincial Governance Reform Roadmap Formulation guidelines which was conducted at Bohol Tropics Resort on October 26 28, 2017. With Ms Rosalinda Paredes as the Resource Person/Facilitator, the activity was participated in by Assistant Director Lyn Ylaya of the Office of Project Development Services and eight (8) personnel and staff of the Conditional Matching Grant Program of OILG OPDS, selected Local Road Management Team/Road Sector Committee members of the province of Bohol and CMGP Program Coordinators of DILG Region and Provincial Offices. The activity aimed to formulate a set of guidelines for the formulation of the 2018-2022 Provincial Governance Reform Roadmap (PGRR) which will be subsequently rolled out to the rest of the provinces in the Philippines. Bohol province was chosen as the pilot province because of its laudable experience in the implementation of the Provincial Road Management Facility (PRMF) Program in 2010-2015.

The overall activity married Bohol's experience and OPDS-CMGP PMO's theoretical expertise. With the end goal to pursue reforms in local road management and public financial management, the 3-day activity laid out the road towards a more more inclusive and unified perspective of all Provincial Local Government Units.

DILG Bohol was responsible in the scouting of venue, preparation of training materials, communications and invitation of resource speaker/facilitators\_

On the other hand, the Program Coordinator on CMGP program of DILG Bohol attended the Orientation of the said program last September 20, 2017 at the DILG Regional Office. Deliverables with timetables and corresponding fund allocation for the program implementation were perused.

#### ENVIRONMENT PROTECTIVE, DISASTER RESILIENT AND CLIMATE CHANGE ADAPTIVE LGUs

##### ENHANCING LGU CAPACITY ON ORR AND CCA

Mainstreaming DRR-CCA in the Comprehensive Development Plan (CDP) - Training on Climate and Disaster Risk Assessment for LGUs

According to the UN-Habitat, while there may be uncertainty surrounding the scale, scope, and pace of climate change, one thing is clear - cities and towns everywhere will be exposed to significant climate change driven impacts' Communities need to adapt to Climate Change, thus, in accordance to RA 7160 (LG Code), RA 9729 (Climate Change Act), RA 10121 (DRRM Act), Sendai Framework for DRR 2015-2030, NDRRMP 2011-2028, Disaster Preparedness Minimum Standards and the DILG's Memorandum Circular No. 2014-135, the Climate and Disaster Risk Assessment (CDRA) should be conducted in every LGU in order to assess the risk and vulnerabilities

of exposed elements such as the population, urban area, natural resources, critical point facilities, and lifeline infrastructure.

Last March 16, 2017, the DILG-Bohol conducted the Mainstreaming of DRR-CCA in the Comprehensive Development Plan (CDP)—Training on Climate and Disaster Risk Assessment for LGUs to six (6) pilot municipalities namely, Duero, Guindulman, Loon, Jagna, Tubigon and Trinidad and two (2) additional LGUs, San Miguel and Pilar. The participants were the functionaries of the LGUs to include the Municipal Agriculturist, Municipal Planning and Development Coordinator, Municipal Disaster Risk Reduction and Management Officer, Municipal Local Government Operations Officer, Municipal Environment and Natural Resources Officer, Municipal Engineer, Municipal Health Officer, Municipal Social Welfare and Development Officer, Sangguniang Bayan Member (preferably Chairman of the Committee concerning the Environment) and a Representative from DepEd. Also, in attendance were from the Provincial Government of Bohol headed by the PDRMO, Mr. Anthony Damalerio, and personnel from the Provincial Planning Development Office.

The members of the Regional Composite Team discussed the Six (6) steps involved in the CDRA Formulation. As the tool would take up to 6 months to accomplish, follow-through activities are to be expected to include the one-on-one coaching and mentoring to LGUs with available data.

### **CONDUCT OF CLIMATE AND DISASTER RISK ASSESSMENT (CORA) REVIEW AND ECOLOGICAL PROFILE (EP) UPDATING (CLUSTER 3)**

As a follow-through activity of the Mainstreaming of DRR-CCA in the Comprehensive Development Plan (CDP)—Training on Climate and Disaster Risk Assessment for LGUs conducted on March 16, 2017 to selected LGUs in the Province of Bohol. The Bureau of Local Governance and Development selected LGUs Duero, Guindulman, Loon, and Pilarto participate in the Climate And Disaster Risk Assessment (CDRA) Review And Ecological Profile (EP) Updating (Cluster 3) on August 7-11, 2017 at Hotel Lancaster, Mandaluyong City. The participants of the activity were chosen based on the CDRA outputs submitted by the LGUs. The MPDCs, MDRMOs and the GIS experts of the four (4) LGUs, participated the five-day activity along with DILG Bohol's focal person on DRRM-CCA, LGOO V Niha Christine M. 'pong and other members of the Regional Composite Team of Region VII.

As part of the Department's advocacy on mainstreaming disaster risk reduction and climate change adaptation in local planning, the Department's provision of technical assistance the preparation/updating of a risk-informed Comprehensive Development Plan has entered Phase 2 for the target LGUs, which include the Municipality of Guindulman. Having selected based on the CDRA outputs, LGU Guindulman shall be provided with direct coaching and mentoring assistance on integrating DRR-CCA in the preparation of the CDP by a pool of experts at the national level, thus, the LGUs Municipal Planning and Development Coordinator, Solid Waste Management Officer and GIS Expert, attended the Training on Climate and Disaster Risk Assessment (CDRA): Coaching and Mentoring for LGUs on Utilization of CDRA Results in PPA Identification (Track 1, Cluster 3) on October 3-7, 2017 at Hotel Lancaster, Mandaluyong City.

### **STATE OF LGU DISASTER PREPAREDNESS**

The foremost goal of Republic Act No. 10121 or the Philippine DRRM Act of 2010 is to uphold people's constitutional rights by addressing the root causes of vulnerabilities to disasters, strengthening the country's institutional mechanism for disaster risk reduction and management and building the resilience of local communities to disaster including climate change impacts. It is also aimed to develop, promote and implement a comprehensive National Disaster Risk Reduction and Management Plan (NDRRMP) that aims to strengthen the capacity of the National Government and the LGUs, together with partner stakeholders, to build resilience of communities, and to institutionalize arrangements and measures to reduce disaster risks, including projected climate risks, and to enhance disaster preparedness and response capabilities at all levels.

However, local government units (LGUs) are expected to be at the frontline of emergency measures in the aftermath of disasters to ensure the general welfare of its constituents, based on the Local Government Code of

1991. As first responders, they should be proactive in performing disaster-related activities, from pre-emptive evacuation to the restoration of people's livelihood. Hence, LGUs should be disaster prepared.

In April and October this year, the LGUs conducted an inventory of their foundational administrative requirements as per the DRRM Act, Republic Act 9792, and DILG's Operation Liso through the LGU State of Disaster Preparedness Report which was submitted March and October 2017. This is to assess and address the performance gaps, link gaps to policy or program intervention and monitor improvements on disaster preparedness.

#### CLIMATE CHANGE

Table 29 shows LGUs' compliance to statutory requirements on disaster preparedness as of October 16, 2017. As to data availability, forty-one (41) LGUs are fully compliant while seven (7) are partially compliant. As to early preparations, all the forty-eight (48) municipalities are partially compliant. As to critical preparations, only the Municipality of Ubay is fully compliant while all the rest forty-seven (47) LGUs are partially compliant. As to local DRRM directory, nine (9) municipalities are compliant while the other thirty-eight (38) LGUs are partially compliant.

#### DISASTER PREPAREDNESS AUDIT

The Disaster Risk Reduction and Management (DRRM) Act of 2010 provides that DILG as Vice Chairperson for Disaster Preparedness shall build the capacities of Local Government Units to effectively address and mitigate the impacts of disasters and calamities. In line with this, the DILG came up with its DRRM-CCA intervention framework composed of three components namely Diagnostics, Advocacy and Institutional Development and Infrastructure and Access to Financing.

Under the component Diagnostics, Institutional Assessment is provided which include among others the Disaster Preparedness Audit. This Disaster Preparedness Audit is seen as an avenue where LGUs will know what are its gaps and strengths on DRRM. The preparedness audit checks on the compliance and adherence of LGUs to the DRRM Act and other environmental laws and policies. The Disaster Preparedness and Environmental Compliance audit was conducted from the period May to June 2017 during the onsite validation of the Seal of Good Local Governance (SGLG).

The indicators on Disaster Preparedness assessed during the SGLG ranged from the conduct of risk assessment, establishment of structures and manpower complement (organization of LDRRMC and appointment of LDRRMO); availability of plans (CLOP, LDRRM Plan and Budget, Local Climate Change Action Plan) and utilization of LDRRM Fund; establishment of early warning system and evacuation alert system, and pre-emptive and forced evacuation; evacuation center management system and evacuation guide; LDRRM Operations Center functioning 24/7 and incident command system; equipped and trained search and rescue or emergency response teams; in place system of prepositioning goods and resources, medical services, registration, and security. For the Environmental compliance audit, indicators are the presence of Ten-year Solid Waste Management Plan, the system of solid waste management collection, the presence of Material Recovery Facility (MRF) or an existing partnership with a similar entity, access to a sanitary landfill or alternative technology, and organized Municipal Solid Waste Management Board.

From the table, it can be seen that only twelve (12) LGUs passed the Disaster Preparedness indicators to include the Province of Bohol while forty-seven (47) passed the Environmental Management indicators, also including the Province of Bohol. Most of the LGUs failed in disaster preparedness due to the absence of the Comprehensive Land Use Plan (CLUP). While for Environmental Management only two municipalities failed due to the absence of the ICJ-year Solid Waste Management Plan which was submitted to the National Solid Waste Management Board.

## BOHOL EARTHQUAKE ASSISTANCE

To facilitate the recovery and return to normalcy of government operations, services and accelerate economic activities in the areas affected by the earthquake, the Bohol Earthquake Assistance (BEA) was implemented through the provision of technical and financial assistance to the affected LGUs with due consideration of the Build Back Bohol Better designs.

The Bohol Earthquake Assistance (BEA) Fund, a P2\_3 B program of the DILG, is a manifestation of the Department's commitment to support the reconstruction/rehabilitation efforts of local government units affected by the 7.2-magnitude earthquake that struck Bohol and nearby provinces on October 15, 2013.

44 LGUs and the Provincial Government of Bohol were granted financial and technical assistance. The municipalities which are not recipients of the BEA are Anda, Bien Unido, Bilar, Getafe, and Pres. Carlos P. Garcia. A total of 1,063 sub-project with a total funding of Php 2,389,494,190.00 was allocated for the 44 LGUs & Provincial Government to pursue the rehabilitation and recovery efforts and to facilitate the return to normalcy of local government operations.

Financial Accomplishment, out of 1,062 sub-projects with a Certificate of Availability of Funds (CAF), 1,060 sub-projects were already issued with checks with a total amount of Php 2,146,968,554.48 corresponding to 93.50 % of the total allocation.

**ENVIRONMENT PROTECTION.** Physical accomplishment of the sub-projects on construction stage, there are already 976 projects with 100% accomplishment. Furthermore, 12 has less than 30% of accomplishment, thirteen (13) with 30%, eighteen (18) with 60%, four (4) for 90% accomplishment, and forty-five (45) with 95% accomplishment which is for punch-listing. There are still 4 sub-projects under bidding process and one (1) on pre-procurement stage.

The MLGOOs have a crucial role in fast-tracking the implementation of the BEA subprojects in their respective municipalities. They regularly monitor the status of the project implementation from procurement up to the physical accomplishment to put pressure on the part of the LGU to complete the projects within the timeframe. MLGOOs render a report regarding the status of the project on a weekly basis in the first semester and on a bi-monthly basis in the second semester. Conduct of actual project site visits in coordination with the Municipal Engineer kept the MLGOOs and the BEA Engineers updated on the status of the projects and enabled them to inspect whether the subprojects are implemented according to the approved program of works. Frequent interfacing by the MLGOO with the LCE and other stakeholders also helped address certain issues and problems encountered in the implementation of the subprojects.

As another year unfolds, to ensure that the implementation of the Bohol Earthquake Assistance funds in Bohol is on the right track, DILG-Bohol continuously conducted meetings with stakeholders, monitoring, and inspections. Other than the bi-monthly reporting of the MLGOOs on the status of the BEA projects in their respective LGUs,

they were also made to update and even give reasons of the delay during the bi-monthly field officers conference.

The BEA-hired engineers assigned at the OPD and PEO are always in tandem with the representatives from the Office of the Provincial Governor in conducting BEA punch listing and final inspection. This is also done to ensure that any discrepancies in the project implementation will be corrected prior to its completion and project turn-over. DILG Bohol also assisted the Office of the Civil Defense Region VII in the assessment and site validation of proposed BEA II subprojects, as well as facilitated the submission of documentary requirements in support of the proposals.

#### **ORIENTATION ON DRRM-CCA DATABASE MANAGEMENT.**

Data and information are essential in disaster preparedness to serve as a baseline to facilitate proper coordination and timely response in the event of a disaster. Building and maintaining a database on disaster preparedness and having access to reliable and up-to-date information for all stakeholders involved especially for disaster risk reduction and management is very necessary.

DILG in its mandate to strengthen the capacity of Local Government Units, thru the Local Government Academy (LGA) thru its Human Resource Development Division (HRRD) and Institutional Partnership Unit (IPU) has conducted a one (1) day Orientation on DRRM-CCA Database Management to come up with a consolidated database of LGU's disaster preparedness on September 26, 2017 at Metrocentre Hotel, Tagbilaran City, Bohol. The one-day orientation was participated by 48 City/Municipal Local Government Operations Officers (CIMLGOOs) of the province of Bohol, Program Coordinators of DILG-Bohol, and a representative of the PDRRMO of Bohol Province. An updated and reliable data on disaster preparedness, such as, the list of DRRM Officers, Rescue Teams, Evacuation Centers and Rescue Facilities has been populated by the participants using the DILG Intranet—DRRM CCA Database which would enable the national and local officials to determine the disaster response capacities of LGUs and provide them the necessary assistance and interventions.

#### **POLICY ADVOCACY CONDUCTED ON THE ORGANIZATION OF LDRRM OFFICE, UTILIZATION OF LDRRM FUND AND OTHER POLICY ISSUANCES**

Sec. 12 of Republic Act 10121 or the Disaster Risk Reduction and Management Act provides for the establishment of a Local Disaster Risk Reduction and Management Office (LDRRMO) in every province, city and municipality which shall be responsible for setting the direction, development, implementation and coordination of disaster risk management programs within their territorial jurisdiction. The LDRRMO shall be under the office of the governor, city or municipal mayor and shall be composed of a DRRMO to be assisted by three (3) staff responsible for: (1) administration and training; (2) research and planning; and (3) operations and warning. To prescribe policies for the creation of the abovementioned office, JMC No. 2014-01 was issued laying down the guidelines specifically for the institutionalization of the four statutory DRRM positions in every province, city, and municipality.

Being one of the priority programs of the department, all the 49 LGUs, to include the Province of Bohol, were conducted with advocacy and provided with technical assistance to substantially comply with the requirements of the law and the department issuance since the year 2011 until at present Table 35 below shows that thirty-six (36) LGUs, to include the Province of Bohol, have a regular DRRMO.

Section 21 of RA 10121 also provides for the Local Disaster Risk Reduction and Management Fund (LDRRMF) which shall not be less than five percent (5%) of the estimated revenue from regular sources to support disaster risk management activities. Other provisions on LDRRMF were stipulated for the guidance of the LGUs. MLGOOs continue to conduct advocacy on the proper utilization of the LDRRMF especially the use of the 70% of the 5% LDRRMF for preparedness, prevention and mitigation, and rehabilitation. On the other hand, MLGOOs also disseminated department issuances on DRRM.

## DILG 7 DRRWCCA FOCAL PERSONS MEETING

DRRM-CCA is one of the components of the Outcome Area: Environment Protective, Disaster Resilient and Climate Change Adaptive LGLJs, of the DILG's Operational and Intervention Framework and is comprised of major programs. This outcome area requires the whole presence of key people to whom the program operations are entrusted with, that to some extent demands real-time outputs and actions as our DRRM works pervade disaster operations and emergencies.

And so for the year 2017 to ensure the accomplishment of the DRRM-CCA deliverables, aside from the disaster monitoring works, quarterly DRRM-CCA Focal Persons Meeting has been conducted. The meeting serves as a venue for leveling off of deliverables, threshing out of issues and concerns in the implementation of PPAs and as a venue for coaching among the focal persons. The first DRRM-CCA Focal Persons Meeting was on January 20, 2017 at the DILG 7 Regional Office, Sudlon, Lahug, Cebu City. The second was on June 23, 2017 at the Cebu Grand Hotel, Cebu City. A Mid-Year Disaster Preparedness Meeting was conducted on July 31, 2017 at the Cebu Nonhwinds Hotel, Cebu City, along with PDRRMOs and Presidents of Liga ng mg DRRMOs of the LGUs of Region 7. And lastly, the Meeting on October 20, 2017 at Golden Valley Hotel, Cebu City.

## PROVINCIAL PREPAREDNESS AND PARTNERSHIP DIALOGUE AND ROLL-OUT OF OPERATION I-ISTO

The DILG as the Vice-Chair for Disaster Preparedness has launched Operation Listo. It is a national advocacy program with three components, the Listong Pamahalaang Lokal, the Listong Pamayanan and the Listong Pamilyang Pilipino. The Listong Pamahalaang Lokal guides LGUs and DILG personnel on actions they need to undertake before, during and after a typhoon. It was launched in 2014. The Listong Pamayanan sets standards for barangays and communities in disaster preparedness to include CBDRM Trainings.

In the late part of 2016, the Listong Pamilyang Pilipino was implemented. Listong Pamilyang Pilipino focuses on the Family and Household level preparedness and aims to build capacities of families and households for disaster preparedness. In the Family Development Sessions (FDS) of the recipients of the Conditional Cash Transfer (4Ps), the LISTO Team (DRRMO, Fire Marshal, Chief of Police and Municipal Local Government Operations Officer) with the Community Mobilizers (Municipal Links) of DSWD, shall orient the families on the Gabay at Mapa para sa Listong Pamilyang Pilipino. The Gabay at Mapa is a family guide to action before, during and after a disaster. It requires families to make a household plan determining their evacuation routes, a directory of family members as well as other contact persons in case of emergency, family meeting points, and safe places in their home.

In Bohol Province, Listong Pamilyang Pilipino kicked off with the Provincial Preparedness and Partnership Dialogue last February 27, 2017 at Bohol Tropics Resort, Tagbilaran City, Bohol. Participants include the LISTO Teams of all 47 municipalities and city of Tagbilaran. Also in attendance were Provincial Administrator Alfonso R. Damalerio II, BPPO Provincial Director pssupt Felipe R. Natividad ang PDRRMO, Mr. Anthony R. Damalerio. The Regional DRRM Plan was presented as well as the alignment of Operation LiSp requirements with the Disaster Preparedness Plan Framework. The PDRRMO also presented the status of compliance of LGUs to Operation Listo. After the said activity, Roll-out

Operation Listo — Family Disaster Preparedness is expected in all the municipalities and the city of Tagbilaran and so action plans, as well as the list of updated Listo Teams and the updated contact information of the DRRM Key People in each LGU were prepared and submitted. The activity ended with the signing of the participants of the pledge of commitment. Moreover, all the LDRRMOs and CIMLGOOs of the province participated during the Regional Conference on MASA MASID and Operation Listo: Listong Pamayanan and Listong Pamilya held at Cebu Grand Hotel, Cebu Capitol Commercial Complex, N. Escario St., Cebu City last June 23, 2017. Topics discussed during the said activity include DRRM-CCA deliverables (Operation Listo — Listong Pamayanan and Listong Pamilya, Oplan Tag-ulan 2017, etc.), Completion of the Database of LDRRMOs and Mapping Out their Capacities

and Capacity Needs, Workshop on Regional Complementary Contingency Plan, and Climate and Disaster Risk Assessment (CDRA).

#### CUSTOMIZED ACTIVITY:

##### Orientation on Operation Listo for Newly Minted & Comebacking LCEs

The Local Government Units are mandated in Republic Act (RA) 10121 otherwise known as the Philippine Disaster Risk Reduction and Management Act of 2010 to ensure the safety and resiliency of communities to face the challenges of disasters. As the Vice-Chairperson for Disaster Preparedness in the DRRM Act of 2010, the DILG initiated the Operation Listo, an advocacy program in strengthening the preparedness of the local government units for disasters using the whole of government approach for disaster preparedness. Last March 28, 2017, the newly minted LCEs of the Province of Bohol together with their MDRRMO attended the Orientation-Briefing on Operation Listo Component 1: Listong Pamahalaang Lokal institutionalized local protocols for disaster preparedness, response, and monitoring. It was held at Bohol Tropics Resort, Bohol.

#### PDRRMC MEETINGS

As a member of the council, the DILG has always been a strong partner of the Provincial Disaster Risk Reduction and Management Council, not just in meetings but also in information dissemination, capacity building, and other activities for the strengthening of LDRRMCs and the Bohol Association of Local Disaster Risk Reduction and Management Officers (BALDRRMO). With DILG's close coordination, the PDRRMC of the Province of Bohol has conducted four (4) Meetings for the year 2017. Aside from the, PDRRMC Meetings, the Task Group Luwas Kinabuhi (Disaster Response), under Joint Task Force Dagon of the PPOC, regularly reports updates and accomplishments of the PDRRMC in the monthly Joint PPOC and PADAC Meeting of the province.

During the 1st PDRRMC Meeting on March 22, 2017, the programs and activities for 2017 LDRRM Fund were presented and approved. During the PDRRMC Meeting on June 2, 2017 at the Governor's Mansion, Tagbilaran City, the LDRRM Plan for the period 2017-2019, Contingency Plan and LCCA Plan were approved and adopted with the integration of some additional comments. A PDRRMC Urgent Meeting was called on July 7, 2017 at the Governor's Mansion, Tagbilaran City for the discussion on the 6.5 Magnitude Jaro, Leyte earthquake in which Bohol was indirectly affected (power situation and water interruption). During the PDRRMC Urgent Meeting on July 17, 2017 at the Governor's Mansion, Tagbilaran City, updates on the status of the electric power in the province were presented and the recommendation of the body for the declaration of the state of calamity due to the province-wide water and electric interruption was passed.

#### MEETING WITH OCD DIRECTOR FOR REHABILITATION AND RECOVERY MANAGEMENT SERVICE

On May 8, 2017, personnel from the Rehabilitation and Recovery Management Service from the Office of the Civil Defense, Camp Aguinaldo, headed by Director Josefina Timoteo, together with personnel from OCD-7 headed by ARD Ver Neil Balaba met with Governor Edgar M. Chatto, personnel from the Provincial Engineer's Office headed by Provincial Engineer, Gabino Redulla and engineers from Bohol Earthquake Assistance (BEA) of DILG Bohol and the focal person on BEA, LGOO V Nifia Christine M. Pong, for the inspection of national bridges and roads rehabilitated and constructed funded from the Bohol Earthquake Assistance (BEA). After the said meeting on May 8 and in the morning of May 9, 2017, the team inspected the completed and ongoing projects in the towns of Maribojoc, Loon, Balilihan, Catigbian, Cortes and Tagbilaran City.

On May 9, 2017, the personnel from OCD and DILG Bohol field officers attended the meeting of the League of Municipalities of the Philippines (LMP)—Bohol Chapter with Governor Edgar M. Chatto. At the said meeting, Director Josefina Timoteo presented the Revised Guideline in Administration of the National Disaster Risk Reduction and Management Fund to orient everyone on the steps and requirements to access the NDRRME. The updates on the submission of the LGUs, of documentary requirements for the request on Bohol Earthquake Assistance (BEA) II were also presented by ARD Ver Neil Balaba to remind LGUs of their lacking documents.

## CUSTOMIZED ACTIVITY:

**Mabini, Bohol Pilots iD-LDRRM in Region 7**

Ten barangays from Mabini, attended the Training-Seminar for the 4th batch of the implementation of the Information-Driven Local Disaster Risk Reduction management (iD-LDRRM) Project in Region 7 last August -11 , 2017 at the Belian Hotel, Tagbilaran City. Participants included the Punong Barangays, 1 Sangguniang Bayan member per barangay and Barangay Secretaries from the identified barangays, the Provincial point person for DRRM, MLGOO, Municipal DRRM Officer, and the Municipal DRRM Office Staff. This project was developed by the Office of Project Development Services (OPDS) and the National Barangay Operations Office (NBOO), in partnership with Save the Children Philippines (SCP). The project aims to introduce innovative techniques and new ways of comprehending and addressing risk and their underlying drivers.

The 5-day activity focused on obtaining baseline-data from the barangay participants with regard to local hazard exposure, vulnerability, capacities, and needs. The collected data will serve as the basis for DRRM-related initiatives at the national and sub-national levels. The participants underwent a series of workshops in encoding the data needed into the iD-LDRRM server prepared by the OPDS IT personnel. This training-seminar is just one of the major steps towards the project's full implementation in FY 2018. Mabini, Bohol is one of the five pilot municipalities in which the ten barangays were identified based on the locations' exposure to multiple hazards (ex. floods, landslides, sea-level rise, seismic hazards).

**GEOGRAPHIC INFORMATION SYSTEM (GIS) FOR CLIMATE CHANGE AND DISASTER RISK AND VULNERABILITY REDUCTION**

Geographic Information System is used to map the location of natural hazards and vulnerable sectors and infrastructures in the society. It can also be utilized to analyze natural hazards and determine the options available to mitigate them and present the findings of these analyses and communicate plans.

In order to further enhance the capabilities of the LGUs in the usage of GIS in handling disasters better, a program specifically for LGUs that have undergone Basic GIS Training was conducted on November 6-10, 2017 at Crown Regency Hotel and Towers, Cebu City. The participants from Bohol in the Training Program in Advanced GIS for Disaster Preparedness Response were permanent staff in the Local Disaster Risk Reduction and Management Office, Municipal Engineering Office, Municipal Planning and Development Office and Information Management Office of LGUs Antequera, Corella, Danao, Dauis, Guindulman, and Ubay. The five-day training program is part of the continuous effort of DILG through the Local Government Academy (LGA) in partnership with National Mapping and Resource Information Authority (NAMRIA) to train LGUs in adopting new tools in strengthening their DRRM capacity. It is also aimed to build on the gains of the previous training program on Basic GIS conducted by the Department through LGA and the DILG Regional Offices.

**LOCAL CLIMATE CHANGE ACTION PLAN (LCCAP)**

As a political unit, LGUs are mandated to exercise their inherent powers such as police power, as well as share with the National Government the responsibility in the management and maintenance of ecological balance in their respective territorial jurisdiction. Being a corporate body, every LGU is mandated to promote the general welfare among the inhabitants within its territorial jurisdiction through planning as an integral part of governance and rationalizing local planning to enhance each LGU's capability.

DILG MC No. 2014-135 provides for the guidelines on the Formulation of Local Climate Change Action Plan for all the LGUs, invoking Section 14 of RA 9729 (Climate Change Act of 2009), as amended by RA 10174. The issuance reiterates that the LGUs shall be the frontline agencies in the formulation, planning, and implementation of climate change action plans in their respective areas consistent with the National Framework Strategy on Climate Change and National Climate Change Action Plan.

Consistent with the Department's mandate to capacitate LGUs, the DILG conducted series of trainings on the Formulation of LCCAP in 2015 and 2016. Seventeen (17) priority LGUs which were badly hit by the 2013 earthquake were trained on 2015 and the ten (10) municipalities were trained on 2016. The MPDCs, MAOs, MHOs, MENROs, MDRRMOs, and MLGOOs of the identified municipalities were invited during the said activity. Another batch of Training on the Formulation of the LCCAP was conducted on November 14-15, 2017 at the Montebello Villa Hotel, Apas, Lahug, Cebu City, that covered the remaining twenty-one (21) LGUs of the province, thus, all the forty-nine (49) LGUs to include the Provincial Government of Bohol has been capacitated to be able to formulate their LCCAPs.

#### INNOVATION:

##### **Legislative Information System**

The Legislative Information System is a software program designed to track, monitor and store communications, resolutions and ordinances and Sangguniang Barangay Ordinances from different barangays to be acted upon. Its creation is an offshoot of the result of the Local Governance Performance Management System (LGPMS) which showed that 99% of the LGUs here in Bohol have no computerized legislative tracking system. Also, the system is a compliance to Republic Act No. 10844, otherwise known as Department of Information and Communications Technology Act of 2015, which mandates for the computerization of the information of all government offices.

The salient features of the Legislative Information System are to facilitate an easy, fast, convenient and efficient way of accessing and retrieving records, provide fast and efficient service to the local sanggunians' clientele and it can be availed for free. As of the reporting period, 11 LGUs have already installed and benefited the system including one from Cebu Province.

#### INNOVATION:

##### **Digital Information and Legislative Gallery**

Rule Article 438 of the Implementing Rules and Regulations of the Local Government Code of 1991 provides to the effect that every LGU shall provide for the establishment of an archival system to ensure the safety and protection of all government property, public documents or records and such other records or documents of public interest in the various offices and departments in the province, city, or municipality, and the barangay concerned. Also Republic Act No. 10844, otherwise known as Department of Information and Communications Technology Act of 2015, mandates for the computerization of the information of all government offices including barangays. With these overarching policies, the DILG Bohol molded the concept of creating a Digital Information and Legislative Gallery (DILG) database system which is given to all barangays in Bohol for free.

The DILG database system is capable of holding information and documents such as the Registry of Barangay Inhabitants, incoming and outgoing communications, approved resolutions and ordinances, minutes of meetings and assemblies, electronic blotter reports including VAWC cases, tracking of Katarungang Pambarangay cases, templates of barangay resolutions and the automation of printing of barangay clearances, certificates, summons, notice of hearing, certificate to file action. The system provides for the easy fast and convenient way of accessing and retrieving barangay records and thus, delivers efficient services to the residents. As of this period, 104 barangays availed and utilized the free database system.

## INNOVATION:

## DILG Field Officers Toolkit

The existence of the DILG Field Officers in their respective LGUs can be justified as they provide assistance to the local officials and functionaries in various areas of local governance. According to Gov. Edgard M. Chatto, Governor of Bohol Province, the DILG Field Officers are considered to be the junior consultant in the local government units. In order for the field officers to carry their respective task with tact and efficiency, they should be well-versed in the different laws and issuances that dictate the terms in local governance.

NAME OF LGU	PERCENTAGE OF COMPLETION ON THE FORMULATION/ UPDATING OF LCCAP	REMARKS
Province of Bohol	100%	The LCCAP of the Province of Bohol has been adopted} approved by the Provincial DRRM Council during its Special Meeting on June 2, 2017. However, it needs to conform to the templates and guidelines provided by DILG for LCCAP formulation with the PDRRMO as the lead office.

Valencia	50%	LGU is looking for a consultant that will assist in the formulation of LCCAP and MDRRM Plan

Formulation and Updating of the Enhanced Local Climate Change Action Plan held in Crown Regency Residences, Guadalupe, Cebu City. DILG-DRRM Focal persons, Civil Society Organizations representatives, LDRRMOs, members of the Academe from state universities from Regions VI, VII, VIII, and XIII were called for such training. The training aimed to discuss the step-by-step process of the enhanced local climate change action planning, apply the Climate and Disaster Risk Assessment (CDRA) as the tool for local climate change action planning, recognize the importance of mitigation and adaptation as important components of the local climate change action plan, employ coaching as a methodology in enhancing LGU capacity in LCCAP formulation.

One of the major outputs of the said training was to prepare regional roll-out plans covering all LGUs. Also on August 23-26, 2017, the Local Climate Change Adaptation for Development (LCCAD) spearheaded a training to continuously provide mentoring and coaching activities on the formulation of Local Climate Change Action Plans (LCCAP) in the Philippines and Federalism for Local Government Units from different parts of the country together with partners, now including the University of the Philippines National Operational Assessment of Hazards (UP-NOAH) Center and the League of Municipalities of the Philippines (LMP). The said activity was held at the Ysabelle's Convention Center, Legazpi City, Albay. It was attended by municipalities from the province including those in Cluster M&M, namely the municipalities of Alicia, President Carlos P. Garcia, and Sierra Bullones. It was participated by the Municipal Mayors, LDRRMOs, MPDCs, Municipal Engineers, Tourism Officers, Health Officers, Municipal Agriculturist/Agriculture Officer, MENRO/SWM Focal and MLGOOs Cindy Garrotte and Rhea Joy Orioque.

#### **STRENGTHENED INTERNAL ORGANIZATIONAL CAPACITY**

##### **OUTCOME STRENGTHEN'ED INTERNAL PUBLIC ASSISTANCE CENTER ESTABLISHED AND MAINTAINED**

The Public Assistance and Complaints Desk (PACD) is located at the main entrance of the Office of the Provincial Director to promptly attend to clients requesting assistance from any of the staff of the provincial office. The PACD is manned by Administrative Aide Julie Mae Nombre and Mr. Nikko Audrey Aranas.

##### **STRENGTHENING OF LOCAL GOVERNANCE RESOURCE CENTER**

The Local Governance Resource Center of the DILG-Bohol is currently used as the Bohol Earthquake Assistance (BEA) Office since DILG Bohol is monitoring and implementing a 2-billion BEA project. Despite being utilized as a BEA office, reading materials are readily available at the LGRC/BEA Office to field officers and clients who need additional knowledge on governance.

#### **NATIONAL CONVERGENCE INITIATIVES**

DILG Bohol actively engaged in programs and projects spearheaded and implemented by various Provincial and National Government Agencies. Realization of these programs and projects would not be possible without the technical expertise/assistance or supervision of varied Provincial Offices and NGAs; thus, the need for collaboration among them. DILG participated in trainings, seminars, and other capability building activities or even meetings for the planning, implementation, and monitoring of these programs and activities.

##### **ON-LINE APPLICATION 1 INFORMATION SYSTEMS DEVELOPED ENHANCED AND OPERATIONALIZED Programs and Project Monitoring System (PPMS)**

The Department of the Interior and Local Government created the Programs and Project Monitoring System (PPMS) to inform the Filipino people about the different projects under the department. It is an online web-based application for monitoring and evaluating DILG Projects.

## **SUPPORT TO SILG/CENTRAL OFFICE OPERATIONS.**

### **SILG's Visit in Bohol**

In the morning of February 1, 2017, SILG Ismael 'Mike' Sueno's first stop during his visit in Bohol was at the Governor's Mansion, Tagbilaran City where he also took his breakfast together with Governor Edgar Chatto and other local officials and provincial heads of National Government Agencies. Consequently, Gov. Chatto presented to SILG Sueno the major initiatives of Bohol in peace and order including the Community-Based Rehabilitation Program without Walls (CBRP WOW), the Center for Drug Education and Counselling (CEDEC) for the anti-illegal drugs campaign and the Countryside Development Program- Purok Power Movement (CDP-PPM) dedicated for peace and socio-economic development interventions. The provincial government's emergency response and management system known as TaRSIER 117 was also presented.

Gov. Chatto, in addition, handed a symbolic key opening Bohol and the hearts of Boholanos to the Department of the Interior and Local Government Secretary. SILG visited Bohol for an invitation as a guest speaker of the two-day Liga ng mga Barangay Provincial Congress.

### **OIC-SILG's Visit in Bohol**

Despite the hectic schedule in supervising the hosting of ASEAN in the Philippines, OIC-SILG Catalino Cuy personally supervises the preparation of the ASEAN meeting in Bohol, wherein he spoke before the members of the Provincial Peace and Order Council (PPOC) on April 18, 2017 at Governor's Mansion, Tagbilaran City. He also sat down for a short meeting with the DILG-Bohol Personnel at the conference area, DILG Provincial Office on the same date and gave an Inspirational Message to the personnel. He also asked for the support of the field officers in all the implementation of the programs of the Department, that the personnel would always have the zeal for their performance.

Sector	:	<b>DEVELOPMENT ADMINISTRATION</b>
Sub-sector	:	<b>Public Finance</b>
Office	:	<b>PROVINCIAL ACCOUNTANT'S OFFICE (PAccO)</b>

## I. HIGHLIGHTS OF 2017 ACCOMPLISHMENTS

- I. Full implementation of the Philippine Public-Sector Accounting Standards which conforms to International Standards

To align accounting standards in the public sector (PPSAS) with the prevailing International Public-Sector Accounting Standards (IPSAS), provide quality accounting standards thereby enhancing the quality and uniformity in financial reporting by Philippine public-sector entities, and ensuring accountability, transparency and comparability of financial information with other public-sector entities around the world.

- II. Launching and orientation of the PAccO – Document Archival Information System (DAISy)

A Document Archival Information System in the Provincial Accounting Office designed as a virtual repository system for documents pertaining to financial transactions of the entire Provincial Government. The smart system allows easy storage and retrieval while maintaining integrity and safety of the documents. Requests for document copies can easily be served not only for the office use but also for other departments/offices/hospitals of the PGBh or even for the outside users that has earning potential if authorized.

- III. Co-initiated the conceptualization, development and documentation of the Provincial Government of Bohol – Unified System (Initiation Phase)

PGBh-US – a functional integrated and unified system of the Provincial Government of Bohol with highly significant aspects of consistency, efficiency and effectiveness resulting to fiscal savings, such as:

- Consistency in terms of one data source for different usage or application
- Efficiency in terms of eliminating redundancies in the processes
- Effectiveness in terms of promoting transparency and accessibility for possible physical or virtual connectivity

**IV. Conducted the Refresher Seminar/Workshop on Audit Steps and setting of standards for all PACCO Auditors.**

Enhance the process that is consistent with the objective of improving public expenditure management practices and thereby reducing fiduciary risks of PLGU financial management systems. By institutionalizing a uniform pre-audit procedure for disbursements, the auditors' responsibility is to follow the outlined audit steps or procedures identified for a specific claim. In this way, each transaction is guaranteed an objective and consistent way of pre-auditing.

**V. Conduct of the Annual Consultative FOR A on Fiscal Matters for all offices represented by Administrative Officers, Supply Officers, Payroll Makers and Liaison Officers as a tool to address issues and gaps to respond to the call for continuous improvement of services in line with the direction of the present administration with inputs and presentations on the following:**

- |                                |   |             |
|--------------------------------|---|-------------|
| • Auditing/ Accounting matters | - | PACCO       |
| • Budgeting Matters            | - | PBO         |
| • Disbursing Matters           | - | PTO         |
| • Procurement Matters          | - | PPMU        |
| • Other Procurement Documents  | - | GO- Finance |

**VI. Coordination and Linkage with the ten devolved hospitals and other PGBh offices such as PPMU, BICTU, PHRMDO, PTO and PBMO regarding fiscal and reportorial matters as well as implementation of relevant information systems.**

## **I. HIGHLIGHTS OF 2017 ACCOMPLISHMENTS**

### **1. Issued certifications and processed tax declarations**

PAssO has accomplished 15,997 issuances of certifications such as: total landholdings of landowner, history of assessments, non-encumbrance, certified true copies and annotations which the PTO collected P2,748,680.00 worth of secretary's fees.

On the other hand, a total of 10,530 tax declarations were processed last year such as: transfers of ownership, subdivisions, consolidations, and revisions. Likewise, the PTO have collected transfer fees in the amount of P12,966,195.00 last year.

The two leading services of PAssO have fairly contributed to the coffers of the Provincial Government of Bohol.

### **2. Monitored the increase of taxable assessed valuation**

This office monitors the increase/decrease of the assessed valuation of all taxable real properties of the province. This is done by keeping, maintaining and consolidating the municipal quarterly report on real property assessments (QRRPA).

In 2017, the province of Bohol has realized an increase of its total assessed value by 21.15%. This derives from this data: P15,691,332,380 in December 31, 2017 as compared to P12,371,136,740 in December 31, 2016.

The contributing factor of the increase is the conduct of 2016 general revision of real property assessments.

### **3. Relocated to the new PAssO building**

In October 2, 2017, the office of the Provincial Assessor has transferred to the beautiful and newly constructed Provincial Archives Building located at the New Capitol Site.

The relocation was made possible after Governor Edgar M. Chatto gave a green light to PAssO's request to occupy the whole structure for a better service delivery to the public.

However, it requires more furnishings and improvement works like comfort room in the second floor, water pump, water tank and fabrication of cubicles, working tables and office chairs.

#### **4. Prearranged the tax mapping project in six municipalities**

In an effort to completely implement the tax mapping operation in the entire province, PassO have arranged vital preparations to the involved municipalities such as: the inclusion in their 2018 budget counterpart based on real property units, availability of cadastral maps, availability of workers and willingness of their mayors to enter into a Memorandum of Agreement (MOA) with the PGBh.

However, the six (6) remaining untaxmapped LGUs namely: Dagohoy, Maribojoc, Sevilla, Talibon, Tubigon and Ubay have expressed maximum support to the 2018 RPTA project.

It is noteworthy to mention that The PGBh have allocated counterpart budget of P4 M which represents the 35% of the total project cost.

#### **5. Monitored the accomplishment of the joint PGBh-DENR public land titling project**

Per MOA signed by PGBh and DENR-PENRO agreeing that the PGBh shall allocate fund assistance of P3.5 M for the DENR-PENRO thru the LIO's to process and transmit 5,000 Free Patent Applications (FPA) to the Register of Deeds for titling.

The project has involved the Land Information Officers (municipal assessors) who were deputized as land adjudicators. Each of the LIO's was assigned with corresponding targets in collecting application folders from their respective constituents and submits them to the DENR-PENRO.

PASSO took its part of monitoring and evaluating the project and found it to be in order according to the 2016 project implementation plan.

In 2016 and 2017, the PGBh have garnered two Tugas Award from DENR Region 7 for this undertaking.

#### **6. Appraised private real properties to be purchased by the government for public use**

The Provincial Appraisal Committee (PAC) as chaired by the Provincial Assessor has acted all requests for appraisal of private real properties to be purchased by the government for public use.

The DPWH topped the sending of request letters for the widening of national roads project. A total of 81 PAC resolutions were issued in 2017 for the said purpose.

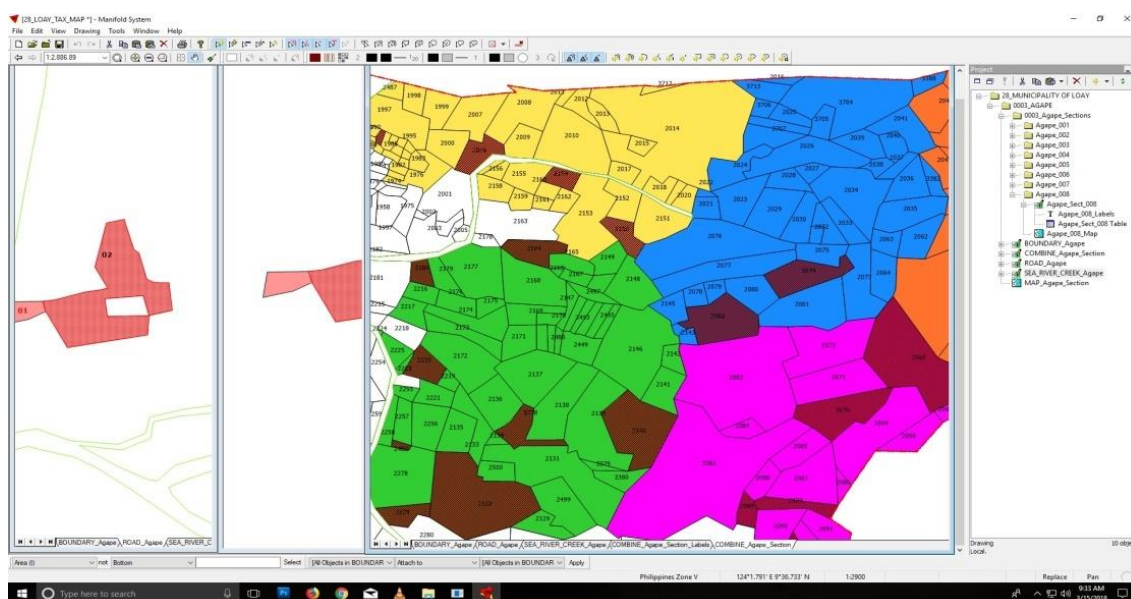

In the same manner, the same committee has appraised all provincial roads of the entire province last year as recommended by the Provincial Road Sector Management Team and as required by the CMGP project.

#### **7. Converted Cadastral Base Maps into digitized GIS-Manifold generated tax maps**

Fraction of the downloaded digital parcellary maps from the DENR, were converted into GIS Manifold generated tax maps. PASSO's analog tax maps of the four (4) LGUs namely: Corella, Anda, Alburquerque and Sikatuna are now converted into digitized tax maps filed in the office.

In 2017, the other 43 Municipal Assessment Offices were downloaded with one barangay digital parcellary maps by PassO personnel so that they can start doing their own digital conversion. However, some encoders were not yet trained on GIS-Manifold operation system.

## 8. Acted as Secretariat of the Provincial Land Management Council

As part of PassO's function pursuant to Provincial Ordinance No. 2012-037, this office has acted secretariat during the quarterly PLMC meetings.

The PLMC has passed 9 resolutions which includes among others: a resolution for the DENR Director to designate a legal officer in Bohol, a resolution supporting the Land Management Summit, resolution for immediate filling up of vacant positions at ROD, resolution for DENR Region 7 to provide the exact area per LGU and resolution for the fast approval of subdivision surveys at DENR Regional Office

## 9. Developed additional computerized system

Our in-house programmer has developed additional enhancements to the computerized systems of the office as follows:

## **II. PRIORITY AREAS FOR ACTION FOR 2018**

### **1. Train and supervise the workers of Tax Mapping Project.**

A training workshop will be held in the first quarter to all the project workers of the 6 municipalities. This will be followed by coaching on field operation and records conversion. Periodic progress report submission and close supervision will be enforced to ensure completion of the project according to the PIP.

### **2. Monitor the accomplishment of the PGBh-DENR public land titling project (Phase 2)**

Like the Phase I project, PAssO will continue to monitor the accomplishment of the project this year. As the phase 2 project started on the last quarter of 2017, a possibility is seen that the project will run until the end of 2018.

### **3. Train the new encoders in the municipal assessor's offices on GIS-Manifold**

Since a number of encoders in the local assessment offices are new and were not yet trained on GIS-Manifold system, PAssO with the help of DENR personnel will schedule a training-workshop this year. The activity will enable the new encoders to convert their own analog tax maps into digital parcellary tax maps. From time to time, the newly generated data will be properly transmitted and stored at the office.

Office	:	<b>PROVINCIAL INTERNAL AUDIT OFFICE (PIAO)</b>

---

## **I. HIGHLIGHTS OF 2017 ACCOMPLISHMENTS**

Good governance involves better-informed decision-making, accountability for the stewardship and control of resources, and the efficient use of these resources to deliver quality public services and better outcomes for citizens. It is on this premise that the activities of the Provincial Internal Audit Office (PIAO) are focused. PIAO monitors and institute continual improvement of internal controls to support the achievement of performance and organizational objectives. PIAO performs internal audit engagements and these activities help the Provincial Government of Bohol (PGBh) in promoting and enhancing transparency and accountability in governance as well as achieve desired results through effective stewardship of public resources.

For CY 2017, PIAO's major accomplishments included five (5) regular audit engagements, two (2) special audit engagements and another two (2) follow-up audit engagements. These are aside from the technical, financial and consultancy or advisory services offered by the Department Head to various internal and external clients. The following services were offered by PIAO during the current year 2017:

### **I. Internal Auditing Services**

#### **A. Regular Audit Engagements:**

- Audit on Infrastructure Management (PEO)
- Audit of the Office of the Provincial Agriculturist (OPA)
- Audit of the Office of the Provincial Veterinarian (OPV)
- Audit of the Provincial Health Office (PHO)
- Audit of the Provincial Motor Pool Office (PMPO)

#### **B. Special Audit Engagements:**

- Clarin Community Hospital Audit
- Francisco Dagohoy Memorial Hospital Audit (Inabanga)

#### **C. Follow-up Audit Engagements:**

- Chocolate Hills Complex Follow-up Audit
- Cash Management Follow-up Audit (PTO)

### **II. Workshops Conducted**

- Internal Control System Baseline Assessment Training/Workshop on Five (5) PGBh Departments/Offices:
  - PGSO
  - CCAD
  - OPSWD
  - BICTU

➤ BEPO

- Internal Control System (ICS) Focal Person Seminar-Workshop
- Office Mid-Year Planning and Assessment Workshop

- III. **Review and Appraisal of Various Documents and Claims**
- IV. **Budget Utilization Analysis on the Different PGBh Departments/Offices/Hospitals**
- V. **Enhancement of the Audit Recommendations Monitoring System (ARMS)**
- VI. **Assisted the Local Finance Committee (LFC) of the Provincial Government of Bohol in the preparation of various financial policies**
- VII. **Monitoring and Updating on the Status of Implementation of the COA Findings and Recommendations Including Prior Years/COA Annual Audit Report for 2016**
- VIII. **Monitoring of the Implementation of DILG Full Disclosure Policy**
- IX. **Compliance and full support to the PGBh Environment Management System (EMS) Programs and Activities**

*Photos of 2017 Major Activities/Accomplishments*

**Regular Audit Engagements (RAE)**

**Audit on Infrastructure Management (PEO)**

**Audit of the Office of the Provincial Agriculturist (OPA)**

**Audit of the Office of the Provincial Veterinarian (OPV)**

**Audit of the Provincial Health Office (PHO)**

**Audit of the Provincial Motor Pool Office (PMPO)**

**Special Audit Engagements (SAE)**

Sub-sector : **Justice and Safety**

Office : **PROVINCIAL DISASTER RISK REDUCTION AND MANAGEMENT OFFICE  
TARSIER 117**

## I. HIGHLIGHTS OF 2017 ACCOMPLISHMENTS

Upon the assumption of the administration of Gov. Chatto in 2010, the provincial government of Bohol has been providing emergency preparedness and response measures thru the TaRSIER 117, a unit of the Governor's Office. And in consonance with the RA 10121, the provincial government of Bohol thru the Sangguniang Panlalawigan passed and approved Provincial Ordinance 2016-010 officially creating the Provincial Disaster Risk Reduction and Management Office and providing funds thereof, an office mandated to address the disaster prevention and mitigation, disaster preparedness, disaster response and disaster recovery and rehabilitation programs of the provincial government of Bohol.

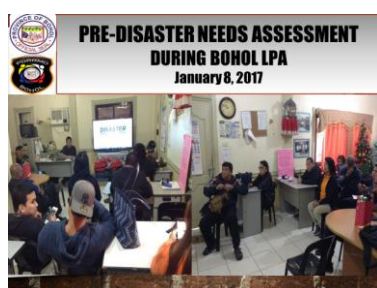

### I. Capacity Development

#### A. External

With these mandate, the Office needs to reach to as many people as possible and from all walks and sectors in society in terms of capacitating them in disaster resiliency. Thus, for this year 2017, the PDRRMO has conducted Barangay Emergency Management Training (BEMT) to 11 more towns in the province, totalling to 41 towns that were BEMT-trained which capacitated all the elective and appointive barangay officials on the Barangay Development Council with orientation on the RA 10121, or the Philippine Disaster Risk Reduction and Management Law.

Aside from the barangay officials, the Office also conducted capability enhancement trainings for Local DRRM Officers for all towns in the province including the national and private agencies and civil society organizations. The DRRM trainings include First Aid and BLS CPR to schools, LGUs and other organizations - 80 LGA staff and MPCs, 114 students from DCPNHS, 50 members of APO Frat, 25 Tourism stakeholders/resort managers, Be Grand resort personnel, 50 PWD municipal presidents, 50 senior citizens municipal presidents, Faculty of HNU grade and junior high school, HNU Dept of Nursing, Cogon Night HS faculty, PWD association members of Dagohoy town, PWD

association members of Sikatuna town, BDRRMOs of LGU Loay, Dausi ERU, Alicia Emergency Response Unit, BDMPC members, 47<sup>th</sup> IB personnel. The trainings came to be as LGUs and the organizations saw the need for these kinds of capacity development training which they can avail of for free at the Provincial Government of Bohol.

Priority training extended by the office to the local government units is the Basic Emergency Responders Course (BERC) as it is the vision of the present

Tagbilaran City		DAUSI	
BARANGAY	NUMBER OF BENEFICIARIES	BARANGAY	NUMBER OF BENEFICIARIES

administration that all municipalities in the province will have its own rescue unit at par with the TaRSIER 117 standard. Thus, the LGU of Pres CPG, Baclayon, Lila, Carmen, Jagna, Panglao, Calape, Candijay, San Miguel, Pilar and Tagbilaran City have undergone BERC.

Aside from this, some LGUs and organization were capacitated on the 6-day Pre-Hospital Emergency Care Course. Response units from Duero, Baclayon Barangay Community Responders, Carmen, Loboc volunteers and Caregiving II students of Guinsularan National High School availed of this training.

Response units of coastal LGUs and those with bodies of water, with their respective MDRRM staff, also availed of the free Basic Water Safety and Rescue Course. It includes Guindulman, Candijay, San Miguel, Calape and Panglao while the towns of Pres CPG, San Miguel and Calape and 47<sup>th</sup> Infantry Brigade were trained on Water, Search, Rescue and Retrieval Training

Other capacity development training extended by PDRRMO are Single Rope Technique and High/Low Angle Rescue; Knot Tying and High Angle Rescue Training, First Aid and Rescue Training, Search and Rescue Training, Disaster Risk Management Symposium, and Barangay Disaster Preparedness and Emergency. A special course on BLS Training for Environmental Management System-Emergency Response Teams (EMS-ERT) of the PGBh was also provided by PDRRMO.

## B. Internal

While the office is equipped and capable of providing free DRRM trainings to Boholanos, it also continues to upgrade and enhance its training teams and responding staff to meet with global standard of training.

Twenty-five personnel from TaRSIER 117 are now certified Emergency Medical Service (EMS) NC II accredited by the TESDA after having undergone a 960-hr rigid training.

A total of 60 continuous in-house skills assessment and development for PDRRMO staff was conducted for the last year. These are aside from the trainings and capability and skills enhancement trainings conducted for the staff and responders stationed at the TaRSIER 117 sub-stations in Ubay, Jagna and Carmen. In fact, this year 2017, TaRSIER 117 has opened two new sub-stations – Jagna and Carmen. Moreover, to enhance its response capability, the office has trained 10 personnel and 10 canines for the K9 Basic & Advance Training for SRR, Narcotics, Illegal Drugs, Guns & Protection

Not only the personnel of PDRRMO were capacitated but the members of the PDRRMC as well. Twenty-one key DRRM personnel and Council members graduated from the Integrated Planning Course of the ladderized four-level Incident Command System (ICS). ICS is an on-scene disaster response tool that is used to integrate the complex inter-agency structures of different agencies to work for a common set of objectives during operations.

With the strong support from the Office of Civil Defense, 43 PGBh employees and 13 local DRRM officers underwent a four-day Pre-Disaster Risk Assessment and Rapid Damage Assessment and Needs Analysis (PDRA-RDANA) Training.

Another national government agency assisting the office is the Armed Forces of the Philippines thru the Philippine Air Force. For its Humanitarian Assistance and Disaster Response program, it trained 33 personnel from PDRMO and other PGBh offices

When the man-made disaster erupted at Inabanga, Bohol on a Holy Week in 2017 which escalated and spread to the neighboring towns of Sagbayan and Clarin, even reaching the town of Loon, the office found difficulty in looking for certified stress debriefers to conduct critical stress debriefing. Because of this impediment, the office together with the Office of the Provincial Social Welfare and Development conducted Training on Enhanced Critical Stress Debriefing to 50 personnel of the PGBh in the

hope of creating a pool of stress debriefers in the future. Another PDRMO-OPSWD-coordinated training was the Warehouse Management Training wherein supply officers from other PGBh offices also attended/

Other capacity development trainings attended by the PDRMO personnel included Forum on Management of the Dead, Missing and Injured; Instructors' Training Course; Coaches Training on Enhanced Local Climate Change Action Planning; Responding to Women and children Victims of ATIP and VAWC; Appreciation Tour for Flood Warning System in Luzon and Metro Manila areas by JICA; Multi-Stakeholder Consultation Workshop on the Community Disaster Volunteers Accreditation and Mobilization Guidelines; Seminar on Mitigations for Compound Disasters caused by earthquake and Climate Change; Training on Photoshop Fundamentals & Video Editing Techniques; and Orientation Seminar & Training on Mass Casualty Incident and Building Emergency Evacuation Plan.

Due to the strong support the PGBh and the inviting assisting agencies, the office was also privileged to have been qualified to join five (5) out-of-the-country DRRM trainings. Trainings include Third Country International Training Seminar on Disaster Risk Management and Building Disaster Resilient Communities in Ankara, Turkey attended by Mark Sidney Galia; JICA Knowledge Co-Creation Program of Young Leaders in Tohuko, Japan was attended by Glaiza Melecio; the 8<sup>TH</sup> National Conference of Japanese Geoparks Network and the study tour to Toya Caldera & Usu Volcano UNESCO Global Geopark in Hokkaido, Japan was attended by Jovencia Ganub; Resilient Cultural Heritage and Tourism Technical Deep Dive in Tokyo & Kyoto, Japan by PDRMO Head Anthony Damalerio; and BOHORIZON Project Training sponsored by JICA thru the Nagoya Institute of Technology also by Anthony Damalerio.

## II. Networking/Linkaging with other LGUs, NGAs others

The office always recognizes the significant role of partner agencies that strengthened the networking/linkaging with other LGUs, national government agencies and other sectors.

While the office targeted for the PDRRMC to meet quarterly, but in 2017 the Council was able to conduct 6 meetings, two of which were called for a special agenda yet with a great turnout of member agencies.

The linking was also proven effective when the province was beset by the Abu Sayyaf terrorist group. When the PDRRMO established an Emergency Operation Center (EOC) in the town, other PGBh offices, national agencies and other private sector displayed a structured coordination in addressing the problem.

Another EOC-structured coordination was during the hosting of the province of Bohol to the ASEAN meetings wherein the PDRRMO has deployed personnel for this. Foremost was the establishment of an EOC for the Provincial Incident Management Team (PIMT) for the Task Group Emergency Preparedness and Response (TG EPR). The PIMT was present in all ASEAN meetings. Aside from the PIMT, personnel were also deployed to the identified Staging Areas including the representation to the Regional and National IMT.

Now capacitated on the Incident Command System tool of disaster response, PDRRMO extended support to the Sandugo streetdancing competition activities, support/assistance to major events even in the towns, provided financial and technical/knowledge assistance to other provinces by sending a team to the Province of Surigao sharing on the rehabilitation and recovery efforts of Bohol after the earthquake as well as P1 M assistance each to Surigao and Marawi City.

The office also facilitated the conduct of regular meetings for the Bohol Association of Local DRRM Officers, conduct of earthquake and evacuation drills for the Capitol offices, national government agencies and private sector; assistance to Phivolcs-Dynaslope ESW Assessment and Mines and Geosciences Bureau's massive IEC for Understanding 1: 10,000 scale geohazard map for flooding and landslide to the 8 remaining towns.

### III. Risk Assessments

One of the pillars in disaster management is prevention and mitigation, that is for an outright avoidance of adverse impacts of hazards and related disasters and to lessen or limit the adverse impacts of hazards and related disasters. And the office has been conducting six pre-disaster risk assessments during the low pressure and other hazards experienced by the province. Aside from this, the Provincial Disaster Risk Reduction and Management Council (PDRRMC) has convened for an urgent meeting, two actually, in relation to the indirect effect of the Leyte earthquake that happened on July 6. All these were made possible because of the vigilant and participative member agencies.

### IV. Upgrading of DRRM services, facilities and equipment

The accomplishment of the office depends on the capability and capacity of its human resources. But it can be strengthened with the availability of updated and quality equipment and facilities.

This year, the office has blessed and turned-over four units of life support ambulances, one rescue truck, one mobility truck, fire suits, self-contain breathing apparatus and two rescue boats.

Seeing the upbeat in technology and the social media trend, the office initiated the launching of a new TaRSIER 117 app wherein social media users can easily

check contact numbers of TaRSIER 117 and other partner responding agencies such as the fire department, police and the local government units' numbers.

Ensuring that all barangays in the province are equipped even with the basic medical kits, the Provincial Government of Bohol thru this office distributed medical kits to all barangays in the province.

A first for the office, it facilitated the provision of post-traumatic stress debriefing to victim-families of the terrorist group, Abu Sayyaf, in the towns of Inabanga, Clarin and Sagbayan.

## V. Hosting to Benchmarking/tour groups

With the standard and collaboration shown by the province in emergency/disaster response, word has spread to other provinces of how Bohol recovered from the devastating M 7.2 Great Bohol Earthquake in 2013. Because of this, the office has received various hosting services to visiting and benchmarking/tour groups to learn and be oriented on the PDRMO/TaRSIER 117 best practices and the rehabilitation and recovery updates. A few groups that visited the province for this are Camotes LGU, Cebu; Compostela Valley; San Francisco, Cebu; DILG of So. Leyte; DILG of Samar; Koronadal, South Cotabato; board members and employees of the province of Antique; Casiguran, Sorsogon LGU; Deped Cabadbaran division, Misamis Oriental; Provincial Government of Cotabato; Chinese Consul Gen Shi Young and Party and the US Embassy chief of internal political unit John Morris.

## VI. Immediate pre-hospital care/emergency dispatches

Despite all these accomplishments for 2017, PDRMO-TaRSIER 117 continues to provide immediate pre-hospital care/emergency services and dispatches. Living up to its 117 name, TaRSIER is a system for one province using one number with at least seven minutes response time. For this year, it has catered to 4,696 incidences with 2,128 Medical incidents, 1,616 MVC incidents, 447 trauma incidents, 323 police incidents, 86 fire incidents and 86 other assistance. These has been made possible due to the strong coordination with partner/responding agencies, an upgraded communication equipment, has available resources and with trained responders. Truly, TaRSIER 117 has remained a household name.

## I. HIGHLIGHTS OF 2017 ACCOMPLISHMENTS

### Executive Summary

The Bohol Police Provincial Office hereby presents our significant accomplishments and contributions including innovations in police operations as a result of our relentless efforts in the maintenance of peace and order in the province, for CY 2017. The BPPO fully embraced the implementation of Enhanced Managing Patrol Operations and the comprehensive community-based anti-crime campaign plan, otherwise known as, OPLAN “Sumpo Krimen,” among others. These accomplishments were likewise made possible because of the full support of, and in coordination and collaboration with the LGUs, AFP and the other pillars of our criminal justice system.

### PROCESS EXCELLENCE

*“Improvement on crime prevention and control” and “improving community safety awareness through community-oriented and human rights-based policing”*

### A. Improve Crime Prevention

#### 1. Operations

### PNP OPLAN–DOUBLE BARREL

On January 31, 2017, Bohol PNP suspended all police operations under OPLAN-DOUBLE BARREL, following the orders of Pres. Rodrigo Duterte and gave way to the Philippine Drug Enforcement Agency (PDEA) to handle all drug operations. However, after only a month of being out on the war against illegal drugs, Bohol PNP resumed a more aggressive and extensive implementation on March 1, 2017. Dubbed this time as **DOUBLE BARREL RELOADED**, Bohol PNP, in support to the Philippine Drug Enforcement Agency (PDEA), went “all-out” on its war against all illegal drugs amidst a noticeable hike of activities during its brief suspension.

Hereunder is the accomplishment during the implementation of Double Barrel/Double Barrel Alpha & Double Barrel: Reloaded for the period July 1, 2016 to January 30, 2017 and March 1 to October 17, 2017.

PNP Anti-Illegal Drug Campaign Plan	House Visited	Personally Appeared/ Surrendered	Operations Conducted	Arrested	Died in Police Operation
Double Barrel (July 1 – Oct 25, 2016)	27,451	32,273	350	483	22
Double Barrel Alpha (Oct 26, 2016 – Jan 30, 2017)	16,264	5,595	69	100	2
Double Barrel: Reloaded (March 1 to December 30, 2017)	6, 467	1, 222	251	309	4
<b>TOTAL</b>	<b>50, 182</b>	<b>39, 090</b>	<b>670</b>	<b>892</b>	<b>28</b>

On the project High Value Target, this office arrested four (4) out of nine (9) High Value Target (HVT) personalities from June 2016 to October 2017.

## 2. Law Enforcement

The Bohol Provincial Police strongly pursued preventive and offensive measures against lawlessness to ensure the maintenance of peace and order in the province of Bohol. Deployment of PNP personnel in the streets was done to ensure the safety of the public. This police visibility conducted by Bohol PNP restrained criminal activities and lessened the incidents of crimes perpetrated by the motorcycle riding criminals as well as the use of firearms.

The following law enforcement accomplishments were achieved on account of our intensified anti-criminality efforts.

### CAMPAIGN AGAINST ILLEGAL DRUGS:

The **272** anti-illegal drug operations in support of the PDEA consisted of buy-bust operations, service of search warrants and other operations. These resulted in the arrest of **336** pushers and users, confiscation of illegal drugs of 3,716.87 gms shabu and 1.42 gms marijuana with an estimated Dangerous Drugs Board (DDB) value of Php 43, 859, 121.00 illegal drugs paraphernalia and **17** firearms. A total of **533** cases were filed in Court.

Among the significant accomplishments include:

- **Bohol PPO yields worth of 35M DDB Value of Shabu**

in Central Visayas.

The arrest of Teofilo Tampus y Villarias alyas Tamjun through a buy bust operation conducted by the joint elements of Clarin PS and RSOG 7 on May 6, 2017 (1:40PM) at Bgy. Nahawan, Clarin, Bohol for Violation of RA 9165. Confiscated during the operation is a total of 3,014.86 gms shabu worth P35, 575, 348.00.

- **Neutralization of the no. 6 high-value-target drug lords**

At about 7:20 PM., July 29, 2017, joint elements from Regional Special Operations Group 7 led by PSINSP RICARDO B. TERO, Regional Drug Enforcement Unit 7 (RDEU7) led by PSINSP WINDEL P. ABELLANA and Provincial Special Operations Group (PSOG BPPO) led by PSINSP JOJIT S. MANANQUIL, under the direct supervision and control of PSUPT REYNALDO MAGDALUYO, Chief RSOG7 in cooperation of Sierra Bullones Police Station, conducted buy bust operation against JAMES REYES y OLVIDA. The said operation resulted to the latter's death after he resisted the operatives. Recovered from his possession are 30.53 gms shabu and one unit .45 caliber pistol chamber loaded and opened hammer. The firearm magazine contains four (4) live ammunitions

- **The arrest of High Value Targets in the Provincial Level**

- At about 01:50 p.m. of July 19, 2017, elements of PIB BPPO/ Tagbilaran City conducted buy bust operation against **LYN BAS y TABONOK** (*HVT-Prov'l level /March 2017*) which resulted to the arrest of the latter. A total of 4.08 gms shabu was confiscated. Violation of Section 5 and 11, Article II of RA 9165 was filed in court against the suspect and docketed as IS NR VII-14-INQ-17G-0257 and VII-14-INQ-17G-0258.
- At about 11:40 AM of August 26, 2017, elements of Tagbilaran City PS conducted buy bust operation that resulted to the arrest of **EDDEN SILAWAN y AYENG** ", 22 years old, / *high valued target (HVT), Provincial level and watch list drug personality of Tagb City PS/ (July 2016 HVT)*. A total of 6.9 gms shabu was confiscated from the suspect. Violation of Section 5 and 11, Article II of RA 9165 was filed against the suspect and docketed as IS NR VII-14-INQ-17H-0320 & 0321.
- On August 17, 2017 at around 6:00 o'clock in the evening at Enerio Street, Sitio Catugasan, Dampas District, Tagbilaran City, Bohol, joint elements from PIB/ Tagbilaran City PS conducted buybust operation that resulted to the arrest of **Rodel Pacna y Lintad** (*High Value Target of Tagbilaran CPS*), 20 years old / *May 2017 HVT*. A total of 0.54 gms shabu was confiscated from him. Violation of Section 5 and 11, of Article 11 of RA 9165 was filed against the suspect and docketed as IS NR VII-14-INQ-17H-0306 and NPS No. VII-14-INQ-17H-0307.

#### **CAMPAIGN AGAINST ILLEGAL GAMBLING:**

The one hundred ninety-five (195) anti-illegal gambling operations conducted resulted in the arrest of three hundred forty-one (341) persons, confiscation of cash bets amounting to Php **65, 256.50** and the filing of one hundred eighty-three (183) cases in court.

## CAMPAIGN AGAINST LOOSE FIREARMS:

Firearms confiscated for violation of Republic Act No. 8294 further amended to Republic Act 10591 had a total of Ninety-Four (94) operations that resulted to the arrest of Fifty-Six (56) persons. Also accounted were the confiscation of Seventy-Three (73) firearms, recovery of eight (8) firearms and surrendering of Forty-Five (45) firearms. Further, fifty-seven (57) cases were filed in Court.

## CAMPAIGN AGAINST WANTED PERSON:

For the period in review, Three Hundred Forty-Three (343) search warrants/orders of arrest were served. A total of Three Hundred Ninety-Four (394) persons were accounted: Three Hundred Two (312) arrested, Eighty-One (81) surrendered and one (1) killed in action.

## SIGNIFICANT ACCOMPLISHMENTS

### • Successful Security of ASEAN 2017 Meeting in Bohol

The Bohol Police Provincial Office took the challenge to secure the safety of delegates from the Philippines and other participating Southeast Asian countries which favored Bohol province as one of the venue of the four Meetings held in different dates, to wit:

- Trade Negotiating Committee Meeting conducted on April 18-22, 2017 hosted by Department of Trade and Industry held at Henann Resort, Alona Beach Panglao, Bohol
- 34<sup>th</sup> Maritime Transport Meeting on September 19-21, 2017 hosted by Department of Transportation at Henann Resort, Alona Beach Panglao, Bohol
- Forum on Taxation on October 28-20, 2017 by Department of Finance held at The Bellevue Resort, Panglao, Bohol.
- 25<sup>th</sup> Intergovernmental CHR on November 26-30, 2017 hosted by Department of Foreign Affairs at Henann Resort, Alona Beach Panglao, Bohol

Utmost security coverage, public safety services, peace and order and emergency preparedness and response were prepared by Bohol PNP in collaboration and coordination with other law enforcement agencies, local government units (LGUs) and the support and commitment of other participating twenty-one (21) agencies which ensured the success of hosting ASEAN Related Meeting in the province.

All four (4) ASEAN related meetings wrapped up achieving the **COMMANDER'S INTENT OF ZERO RELATED MAJOR INCIDENTS/100% ACCOMPLISHED.**

The successful hosting of ASEAN related meetings here in Bohol only proved that the Province of Bohol still remained to be the safest place for tourists, guests and visitors (both foreign and local), despite the brief infiltration of ABU SAYYAF from Sulu, Mindanao sometime in April 2017.

### 3. Internal Security Operations and Counter-Terrorism

#### NEUTRALIZATION OF ELEVEN (11) ASG; and the ARREST of three personalities:

Bohol being known as a tourist haven was threatened by the intrusion of 11 armed ASG (Abu Sayyaf Group) in Bgy. Napo, Inabanga, Bohol on April 10, 2017. These unknown personalities were believed to be brought by Joselito Melloria, a former resident of Brgy. Napo, Inabanga who left the town a long time ago, migrated to Zamboanga City, and later married a Tausog native there. The armed men were detected on board three (3) power-driven small sea craft “banca” from Sulu to Bgy. Luyo, Inabanga, Bohol.

A series of Intelligence gathering were conducted by this office, together with the Philippine Army. The presence of these unknown personalities was later confirmed by a confidential asset from a Barangay Intelligence Network (BIN) of the BPPO Intelligence Branch, which finally led to the assault and manhunt of the ASG members.

The success of thwarting the planned intrusion of the terrorist group in the province of Bohol on April 10, 2017 only proved that our police force in the BPPO have established a good relationship with the community. The community was prompt to report the presence of suspicious armed men to local police. The unconditional cooperation of the local government forces and stakeholders in the locality, the implementation of the Countryside Development Program/Purok Power Movement of the Provincial Government, and the utilization of BINs (Barangay Intelligence Network) greatly contributed to the successful foiling of whatever acts of terror these ASG members would have been planning at that time.

#### 11 neutralized ASG

Dead body of Muammar Askali a.k.a. Abu Rami, ASG Sub-leader. Also a leader of Ajang-Ajang Kidnap for Ransom Group known for merciless beheading of captives.

Dead body of alias **“Abu Sufyan”**

The exhumed body of a certain Edimar Ismain alias “Guro Eddie”, an alleged bomb expert of the group)

Yet to be identified ASG Member

Dead body of slain Abu Sayyaf and Inabanga native Joselito P. Milloria

Aldimar Taib alias “Poy”

Dead bodies of couple Constancio Petalco (uncle of Joselito Melloria) and Crisanta Petalco, who owns the house where some of the ASG bandits took refuge.

Dead body of alias “Richard”

Saad Samad Kiram

Cadaver of @ "Omil (TNU) from Sulu

and the ARREST of:

a. PSUPT MARIA CRISTINA NOBLEZA y Brugada who is presently assigned at PNP Crime Laboratory, PRO11, Davao City.

b. REENOR LOU DUNCON alias "Kudri"/"Renren", a native of Lanao Del Norte,

c. Two (2) other persons named as JUDITH DUNGAN, 63 yrs old and ALIMA DUNGAN SANTOS, 13 yrs old were also on board said vehicle.

### Joint Peace and Security Coordinating Center

A total of 11 PNP-AFP JPSCC meetings were conducted by this office with the view of further strengthening the coordination and ensuring unity efforts among the military and police forces in the Province of Bohol especially in addressing peace and Internal Security Operations concerns.

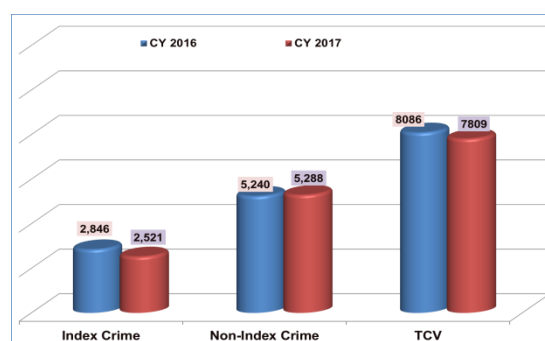

### B. Improve Crime Solution

### CRIME SITUATION UPDATE

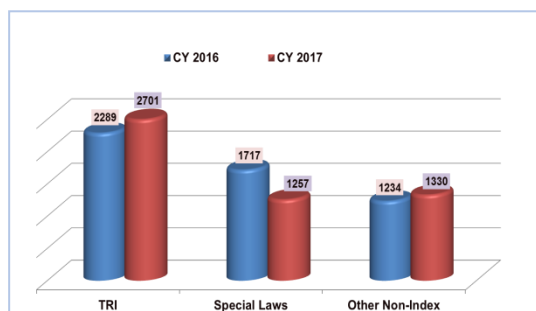

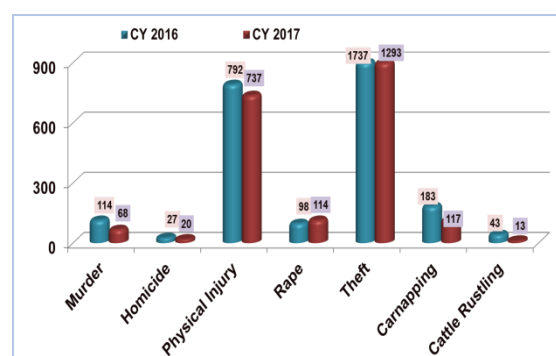

Crime trend in the province began to significantly drop. This big change was strongly felt in the entire province and the people welcome this favorable change which they said they really needed and have waited for a very long time.

*As shown in the graph, there is a decrease in the crime volume for the period January to December 2017, from 8,086 to 7,809, or a decrease of 277 or 3.42%, as compared to the previous year.*

The comparative index crime by offense shows the crime of theft still ranks as 1<sup>st</sup> with the most number incidents (from 1,737 to 1,293), followed by physical injuries (from 792 to 737).

that of

NON-INDEX CRIMES registered 5,288 or 67.72% of the Total Crime Volume of 7,809 for January to December 2017. Of this figure, TRI recorded 2701, while 1,257 are Violations of Special Laws and 1,330 are classified as other Non-Index crime Violations.

### C. Improved Community Safety Awareness Through Community-Oriented and Human Rights-Based Policing

On February 16, 2017 a Cascading Workshop on Case Information Database Management System (CIDMS) was conducted by our Chief PIDMB-Bohol PPO PCI Rene S. Kyamko together with a Representative from R7 Deputy Chief RIDMD7 PCI Reyman G. Tolentin and staff. A total of 99 personnel have undergone the training.

On October 10-15, 2017 Bohol PPO conducted a workshop on Crime Information and Recording Analysis System (CIRAS) to lower municipal police stations.

**COMMENDATION  
(JANUARY- NOVEMBER 2017)**

This office issued appropriate and corresponding awards to deserving PNP personnel of Bohol PPO who has shown a clear expression of their commitment, passion and endeavor to their duties as law enforcers. From January to November 2017 the BPPO issued five hundred forty (540) commendations.

**MEDALYA  
(JANUARY - NOVEMBER 2017)**

The Police Regional Office 7 issued appropriate awards/medals to all PNP Personnel of Bohol PPO for the exemplary, efficiency and invaluable performance of their respective duties. From January to November forty three (43) Medalya ng Papuri, ten (10) Medalya ng Kagalingan, three (3) Medalya ng Kadakilaan and four (4) Medalya ng Kasanayan were issued by the Regional Headquarters.

**RESOURCE MANAGEMENT**

*“For the PNP to eventually realize its vision, the resources provided in pursuit of its mission should be “adequate.” Moreover, those resources provided should be used “optimally.” To help achieve maximum utilization of resources, the PNP must observe high standards of “transparency and accountability” in all its “financial and logistical transactions.”*

Four (4) Police Stations of Bohol PPO were inaugurated by the Regional Director, PRO7, **PCSUPT JOSE MARIO ESPINO** on September 12-13, 2017.

## OTHER IMPROVEMENTS

- Renovation of Multi-purpose Hall, Camp Francisco Dagohoy

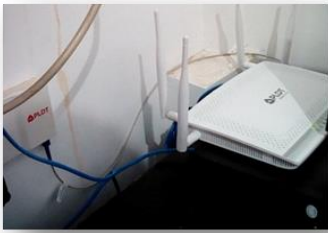

This office, in collaboration with the provincial and city government and other stakeholders, renovated the existing BPPO Multi-Purpose Hall which provided a more convenient and conducive venue for all PNP meetings, conferences and special gatherings and the like.

The blessing and turn-over of the newly renovated BPPO Multi-Purpose Hall, Camp Francisco Dagohoy, Tagbilaran City, Bohol took place on July 22, 2017. Gracing the event were Department of Energy Undersecretary Wimpy Fuentebella, Provincial Governor Edgar Chatto, Tagbilaran City Mayor Baba Yap, Board Member Ricky Masamayor, Acting Provincial Administrator Boloy Boiser, Ret. Gen. Sancho Bernalez, with the BPPO family led by Provincial Director Police Senior Superintendent Felipe R Natividad.

- Installation of Fiber optics Internet Connection

This office acquired a new Fiberoptics Internet Connection with 100mbps internet speed. The high speed internet connection catered to more number of personnel who could use the internet all at the same time. With this, reports and documentations are delivered to higher headquarters on time, and important memorandum and information are disseminated faster to lower units.

- Installation of Close Circuit Television (CCTV) around BPPO

The safety and security of the BPPO personnel is of utmost importance for our Provincial Director PSUPT FELIPE RIVERA Natividad. Thus, a Close Circuit Television (CCTV) was installed around the four corners of Camp Francisco Dagohoy, to be utilized as one of our first line of defense. It will closely monitor the interior and exterior activities in the camp and at the same time discourage criminals to realize their evil deeds surrounding the camps. This will also allow to review the camera

on all incidents covered by the CCTV that might be helpful to anybody or as evidence to any legal purpose.

- Construction of Security Tower

Another range of defense is the construction of a Security Tower which aims to support to the duty on guard in the gate in camp defense and also serve as a secondary defense post.

- Installation of Lamp Posts

Additional security defense is the installation of Perimeter lamp posts in the parade ground that will provide optimum lighting for security officers while being dark sky-compliant.

## 2017 BEST PRACTICES

## PROJECT NAME

**"MANYANITA KO PAGBABAGO MO"**

*MANYANITA TO BIRTHDAY CELEBRANT OF DRUG SURRENDERER*

*(Singing of Manyanita songs and Pray over from Religious sector)*

## PROJECT SUMMARY

*The crime statics record shows that the most prevalent crime is under index crime particularly robbery and theft cases among other crimes. Some cases are drug related crime, wherein this station recorded One Thousand Three Hundred Twenty Six (1,326) voluntarily surrendered when the OPLAN DOUBLE BARREL was implemented. Unfortunately, some of them went back to their usual illegal drug activities, as per monitoring by the Barangay Drug Abuse Council and Drug Enforcement Unit, in spite of numerous drug personalities arrested during anti-illegal drug operation.*

*The modes of operations by drug personalities is in left frogging movement wherein they move from one place to another using motorcycle or any kind of vehicle for them to dispose drug item. These drug activities can affect and ruin the life of the people and the peace and order situation in the communities.*

*Tagbilaran City Police Station, in collaboration with the City and Barangay Officials, together with the Religious Sector, concurrent with its mission and functions, shall undertake "Manyanita Ko Pagbabago Mo" to drug personality within AOR.*

## PROJECT OBJECTIVES

- 1. This project aims to reform drug surrenderers into law abiding citizens through "Manyanita Ko Pagbabago Mo" in collaboration with religious sector, City and Baranangay officials.*
- 2. To lessen the drug related activities and reduce crime perpetuated by drug personalities..*
- 3. To monitor and assess drug surrenderer's daily activities*

## PROJECT DETAILS

*4. Personnel of this station will take note of the dates of birth of surrenderers within their respective AOR. Thereafter, they shall make a list of the monthly celebrants.*

*5. Shall coordinate with the Barangay Officials where the Birthday Celebrant is residing and inform the Religious Sector about the schedules.*

*6. Upon approaching the birthday celebrant's/surrenderer's residence, the Team will sing five manianita songs, message from PNP personnel or from the chief of Police, message from barangay captain, Pray over from religious sector, message from the parents /relatives*

*7. The Team shall prepare/offer a snack to Birthday Celebrant and family and all the participants during the activity.*

*8. Final Message from the birthday celebrant*

*Tagbilaran City Police Station headed by PSUPT PATRICIO C. DEGAY JR conducted "manianita" to Drug Surrenderer as one of their BEST PRACTICES with a theme "MANIANITA KO, PAGBABAGO MO!"*

## REPORTING MECHANISM

*The manner of reporting shall be submitted to Bohol PPO right after the conduct of "Manyanita Ko Pagbabago Mo" through After Activity Reports with action photos of the entire activity.*

## CRITERIA FOR ASSESSMENT AND EVALUATION

*During the conduct of "Manyanita Ko Pagbabagao Mo" the profiling is subsequently done instantly, more over the BADAC shall make a full report or assessment on the long term effect as a result of the said program.*

## FUNDING / LOGISTICAL REQUIREMENT

*Through the effort of the chief of police, support from City Government and Barangay Officials within AOR.*

## PROJECT TIMELINE

*This best practice was planned on June 2017 and was materialized on July of the same year. The first "Manyanita Ko Pagbabago Mo" was made on on July 14, 2017 at around 5 o'clock in the morning. And this practice will be improved accordingly.*

## PARTNERS INVOLVED

9. Local Government Units
10. Religious Sector (Christian Baptist)
11. Barangay Officials

## PROJECT UPDATES

*This best practice was started on July 14, 2017 until this date, wherein were able to conduct “Manyanita Ko Pagbabago Mo” to four Barangays, to wit;*

BARANGAY	DATE CONDUCTED	BIRTHDAY CELEBRANT
Barangay San Isidro	July 14, 2017	HERMES BAYOY
Barangay Bool	July 18, 2017	FLORO AHAT JR.
Barangay Ubujan	July 22, 2017	MILVEN ESTACA
Barangay Tiptip	July 25, 2017	ALLAN SALE

## PROJECT TEAM

## PROJECT NAME

*Project: “AGAKAY SA MARIBOJOC”.*

This project came from the visayan word “AGAK” which means to guide, rules and inspires.

## PROJECT SUMMARY

The project was a collaborative effort between PNP Maribojoc and Maribojoc Parish started the project and created a team that will oversee and monitor the activity of the three hundred eighty eight (388) drug surrenderees. The team, composed of PNP personnel this office, the parish priest, volunteer psychologist residing of the municipality, surrenderees who are willing to give his testimonies based on what he went through and other volunteers. The team will meet with the Persons with Substance Use Disorder (surrenderee’s) in each barangay once a week from 6:00 to 9:00 o’clock in the evening together with the barangay officials and BADAC members, the said activity started last October 8, 2016. Activity includes personality assessment test conducted by volunteer psychologist, Family and life lecture, film showing on ill effects of drugs, livelihood program offered by the parish, sports activities and others.

The Project “Agakay” was then adopted by the Local Government of Maribojoc and a formal launching of the program last May 28, 2017.

## PROJECT OBJECTIVES

The team aims to have an intervention to the surrenderees right after they have voluntarily surrendered and to enhance protective factors and reduce risk for surrenderers to return back to drug abuse through the three "Pathways" Risk Assessment, Restoration, Growth and Development and Reintegration to the community.

## PROJECT DETAILS

### Team composition:

### Weekly Schedule of Barangay Visits:

B – Beneficiaries (Clients)

## BEST PRACTICE

The office has consistently accomplished 100% participation rate of clients in the TCLP Program and generated full cooperation of its active Volunteer Probation Assistants (VPA) in all the rehabilitation activities conducted throughout the year. It has also maintained a sustainable and well-grounded partnership with Barangay Poblacion 3, Tagbilaran City through the efforts of VPA Felixberto Remolador. The partnership created a noble pact between the office and their Barangay which provided the clients a free use of their facilities such as their Gym, Barangay Hall and the Parish Church building for spiritual programs and activities. As a gesture of gratitude, the clients have a regular schedule of helping the Barangay cultivate and clean their vegetable garden.

With all eight (8) batches of TC Family, the office has come up with a technique to readily identify each batch through color coding scheme in wearing their tee shirts every reporting schedule to wit:

- 1. Renewal A - Blue
- 2. Renewal B - Blue
- 3. Renewal 1 - White
- 4. Renewal 2 - White
- 5. Renewal 3 - White
- 6. Renewal 4 - Red
- 7. Renewal 5 - Green
- 8. Renewal 6 - Black

The next batch (Renewal 7) will be wearing Pink.

Another notable practice of the office worthy of commendation is the VPA-initiated “Sagip Kalikasan – Trash to Cash” Project which requires the clients to bring empty plastic bottles every month as a Fund Raising Project for the clients to use during the Christmas Program and Year-End Evaluation activities.

Lastly, despite the limited resources available, the office has continually innovated strategies to keep and maintain the TCLP implementation, in our quest to improve the lives of our clients.

#### NOTABLE ACCOMPLISHMENTS

- Consistently accomplished 100% client’s participation rate
- Qualified entry on Regional level to the TCLP Search for Best Implementer
- Established eight (8) TC Families
- Conducted four (4) TC Live-in Seminars
- Well grounded partnership with Barangay Poblacion 3, Tagbilaran City for use of Gym as venue for TC programs and activities
- Provisions of Manpower (Clients) in maintaining the Vegetable Garden of Brgy Poblacion 3, Tagbilaran City
- Sustainable clients’ Fund-Raising Program called; “SAGIP KALIKASAN – TRASH TO CASH” PROJECT initiated by the TCPPO VPA Association
- Community Outreach Activity in observance of the NACOCOW Celebration: Clients doled-out Dental and Hand Washing Kits to 90 Day Care Pupils in three (3) Day Care Facilities of Barangay Poblacion 3, Tagbilaran City, in partnership with the Philippine Dental Association – Bohol Chapter for Tooth brushing and Hand Washing lecture/demonstration
- Participation / Attendance of VPAs in all TC programs and activities

- Seminar on Crime Prevention by VPA Almira Lim
- Membership in Provincial Peace and Order Council
- Membership in the Provincial Development Council
- Membership in the City Executive Advisory Council
- Membership in the City Peace and Order Council

**D) PAROLE AND PROBATION ADMINISTRATION ANNIVERSARY**

July 4, 2017 - PPA ANNIVERSARY CELEBRATION

*In observance of the DOJ-PPA Anniversary Celebration on July 4, 2017, the TCPPO discovered five **HEROES** when four (4) probationers and one (1) parolee donated blood during the Blood Letting and Blood Typing activity in coordination with the Barangay Council of Poblacion 3, Tagbilaran City and National Red Cross. There were 75 parolees and probationers and eight (8) Volunteer Probation Assistants (VPAs) who attended the activity. VPA Felixberto Remolador, a Barangay Kagawad of Poblacion 3 played a big role in the conduct of the said activity. He gave inputs to the clients as to the significance of being a blood donor and its impact to another person's life and the community in general.*

**8. OTHERS:**

a) Funding Support

- Office supplies from LGU – Tagbilaran City
- LGU Detailed Personnel, LGU Bohol Province

b) Linkages

- LGU - Tagbilaran City
- LGU – Bohol Province
- LGU – Municipality of Cortes
- LGU – Municipality of Maribojoc
- Poblacion 3 Barangay Council
- San Antonio de Padua Parish, Poblacion 3, Tagbilaran City
- Northeastern College – Bohol
- DepEd – Guiwanon Elementary School, Guiwanon, Maribojoc, Bohol
- Hon. John Geesnell Yap – Tagbilaran City Mayor
- Hon. Leonila Montero – Municipality of Panglao Mayor
- DYTR (Radio Station through VPA Noel Cagol)

c. Family Support & Involvement	21	26	32	29	27	130	20.76
d. No. of MCTS, RA Activities conducted and the No. of Beneficiaries (clients)	128  570	126  459	65  584	140  389	459  2002	130  130	99.23

## Best Practices and Success Stories

Considering the distance from the respective residences of the clients which include islands and mountain areas, it helped a lot in their attendance to rehabilitation activities the establishment of a reporting center at Talibon, Bohol, which is a good fifty-five kilometers from the main office. The supervising officers thus divided the clients according to the proximity of their residences and schedule their activities separately. This present set up likewise worked to the advantage of the VPAs in the Talibon reporting center area who no longer have to meet regularly with the supervising officers only at the main office.

## Notable Accomplishment

As a result of the above best practice, the office garnered a 99.23 percentage attendance by clients in the Therapeutic Community rehabilitation program this year, clearly enhancing their chance and capability of imbibing the precepts and norms of the said program.

## B. Restorative Justice (RJ)

1. No. of Clients Involved = 256
2. Statistics of RJ Processes:
 

Mediation	=	3
Conferencing	=	136

Circle of Support	=	3
Restitution	=	Php 86,600.00

### 3. Notable Accomplishments Regarding the Principle of RJ

Restorative Justice (RJ) is the underlying principle behind the successful implementation of the rehabilitation program to our clients. The focus of RJ is to make our clients realize the extent of the damage that resulted from the offenses they committed and from that realization they would resolve to make amends by performing concrete acts of reparation like the conduct of community work service.

Since most of the clients committed offenses with no particular victims, their acts of making amends are dedicated to the general public. Many of the notable community work services rendered by our clients were undertaken in the barangays where they are residing. To ensure a successful conduct of these community work services, several conferencing sessions were held. These sessions were attended by the barangay officials, the family members of our clients, our VPAs, our clients and other stakeholders. Among the diverse forms of community work service performed by the clients are the several tree planting activities, clean-up drives, brigada eskwela, etc.

RJ aims not only at making our clients take full responsibility of their wrongful deeds, but it also seeks to stir awareness among the public that they too have, in a way, contributed to the existence of society's evils thus they have to play an active role in their prevention. This mutual realization is best achieved in the conduct of circle of supports, another RJ process that this office implemented. An example of an issue which was answered by a circle of support was about the inability of some clients to attend rehabilitation sessions because they do not have enough money for bus fares. This issue was immediately addressed after it was presented in the circle of support composed of barangay officials, VPAs and concerned community members. The members of the circle solved the problem by providing assistance to our clients so the latter could find stable sources of income.

### 4. Best Practice and Success Stories

Our office made sure that the public would positively recognize the efforts of our clients in making amends for the damage caused by the offenses they committed. In this manner, the public would recognize the importance of our agency's existence as well as appreciate the rehabilitation program implemented to our clients. To ensure public support and recognition, several agreements with Local government units, national agencies and non-governmental organizations were entered into by our office.

Consequently, the following activities were conducted:

- a) Mangrove planting at Can-icong, Macaas, Tubigon which was accomplished in coordination with the Municipal Environment and Natural Resources Office of Tubigon, the Bantay Dagat, and the Barangay officials of Can-icong, Tubigon.
- b) Tree planting at Macaas, Tubigon, Bohol which was carried out in coordination with the DENR, Philippine Army and the Junior Chamber International-Chocolate Hills (an NGO).
- c) Coastal Clean-up at the port of Talibon which was supported by the Philippine Ports Authority-Talibon, LGU-Talibon and the barangay officials of Poblacion, Talibon.
- d) Brigada Eskwela held at Talibon Central Elementary School and Tubigon West Central Elementary School. These activities were undertaken through the efforts of the respective school officials and personnel of the schools involved, the local government units and the members of the Parents-teachers Associations.

## 5. RJ Capability Building

The officers and personnel of this office attended a number of seminars and trainings for the enhancement of their skills in effectively putting into practice the RJ principles, to wit:

Title of training/seminar	Participants:
Orientation/Re-Orientation program for new entrants	- PPOII Tabel and PPOI Clemen
Motivating Adults to Learn	- CPPO Abucejo, SPPO Maramba
DDB Authorized Representatives	- SPPO Maramba
Employee Orientation Course	- PPOI Clemen, JOP Boligao, - JOP Flores, JOP Singcol
Leadership success through emotional intelligence seminar	- CPPO Abucejo, SPPO Maramba
PPOBC	- PPOI Clemen
Orientation Seminar for DDB Representatives	- SPPO Maramba

### C. Volunteer Probation Aides (VPA) Program

VPAs Recruited (2016)	- 3
VPAs Trained to Monitor Clients	- 47
VPAs Involved in TC, RJ, Resource Gen.	- 47

### Other Capability Building Activities for VPAs

Activity	No. of Participants	Venue	Date
VPA Quarterly Meeting and Enhancement Seminar	19	MPDC Session Hall, Tubigon, Bohol	February 23, 2016
VPA Basic Training	40	ABC Training Hall, Fatima, Bohol	March 3, 2016
VPA Regional Congress Final Meeting	3	Danao City, Cebu	April 6, 2016
VPA Regional Assembly and Training	38	Tagbilaran City, Bohol	April 20-21, 2016
VPA Quarterly Meeting	10	Ubay, Bohol	September 20, 2016
VPA Quarterly Meeting	8	Tubigon, Bohol	September 21, 2016
Strategic Planning for VPAs	2	Victo Haus, Lahug, Cebu City	August 10-11, 2016

### Notable accomplishment of the Program

Notable accomplishments of the VPA program include regular quarterly meeting, quarterly submission of VPA Monthly Monitoring Report, conduct of VPA Enhancement Training, VPA Basic Training, VPA Regional Assembly and Training and attendance in regional activities.

### Best practice and success stories

The Volunteer Probation Assistants (VPAs) proposed for a livelihood opportunity for the clients in coordination with the National Irrigation Administration, Tubigon, Bohol. Probationers and parolees are given a piece of land for conversion into a fishpond in order for them to raise and propagate fish, specifically tilapia, as an additional means of income. The project is in its preparatory phase now, full implementation of the project will commence in the 1<sup>st</sup> quarter of 2017.

The best practice of VPAs of BPPO2 is their regular attendance to TCLP Sessions conducted by the office. It is also notable that VPAs regularly monitor their clients through home visits and extend help by assisting them

in landing a job or introducing them ideas which may ultimately redound to their additional income. Advice – giving and Life Coaching activities are also conducted every month by the VPAs.

#### Jail Decongestion

Date	Name and Add. of Mun./Prov'l. City Jail/Prison	Number of Detainees Ass.	Issues/Problems Encountered of Assistance
January 7, 2016	Bohol District Jail-Tagbilaran City	3	Applicant for Parole; Counseling;

### FLOOR CONCRETING OF CGK9 TAGBILARAN

### CONSTRUCTION OF GUARD HOUSE AT GANGWAY AREA

### RENOVATION OF SOG AND CGK9 BILLETING

### CONSTRUCTION OF SLIP WAY FOR FLOATING ASSETS

## Sector: Environment Management Sector

The Province of Bohol takes pride of its abundant natural resources. It is blessed with mineral deposits, forest products, water resources, eco-tourism, high grade minerals, vast area for agriculture and aquaculture and blessed with pristine white sand beaches and coral reef of which the Boholano people and tourists enjoy these amazing wonders and GOD-Given creation. Project undertakings in the Province mostly rely upon the fertile soil and bountiful sea.

However, some Boholano's tend to abuse the gift of rich natural resources. They do not have the commitment to take good care of Bohol's lush vegetations, abundant supplies of surface water, pristine white sand beaches and azure blue waters. Hence, the Provincial Government of Bohol is motivated to mobilize the Boholanos in protecting, conserving and managing the environment and natural resources, in order to enjoy and sustain its natural resources and enjoy a clean, safe and healthy environment for the present and future generation.

All programs and projects related to environment and natural resources that were implemented by the DENR, CENRO Talibon and Tagbilaran, MGB, PEMO-EMB, DA, BFAR, BEMO and NGOS, Private Sector and among others are in line with the Development thrust to ensuring efficiency and effectiveness in providing greater service delivery to the public for sustainability.

In the realm of achieving a bright future for the human race, the convergence of various social entities is a way to have it. Despite limitations, heightened consciousness and concerted involvement of the people especially in the hinterlands would bring about the realization of a sustainable development. It will not only be a dream but a future tasked to have it become a reality.

**The updated development framework of Provincial Government of Bohol**, Environment occupies a very special place. In fact, it is at the very top – our sustainable development call is for a “Green Bohol”. In addition to this, Provincial Government of Bohol (PGBh) is redefining the environment management to integrate Disaster Risk Reduction and Management, as well as Climate Change Adaptation (DRRM-CCA). The province is already implementing DRRM trainings throughout a cross-section of Boholano communities down to the *purok* level. Institutionalization of the Provincial Disaster Risk Reduction Management Office (PDRRMO), with a duly appointed department head. Strengthening of Local DRRMOs and BDRRMCs with numerous capacity-building activities that we have undertaken to improve community resiliency throughout Bohol. Among the major milestones are the following:

- **Equitable Economic Growth with Environmental Sustainability**
  - ✓ Our economic growth initiatives continue, hand in hand with our overriding concern for environmental sustainability. I would like to highlight the following continuing initiatives:
    - Bohol One Stop Shop and Negosyo Center, in partnership with the DTI and other national government partners
    - Bohol BOSS *Asenso Negosyo* Caravans, again in partnership with the DTI and other national government partners
    - Pursuing Local Economic Development through Investment Promotions and Business - Friendly Environment, especially through our Enhanced Bohol Investment Promotion Program (eBIPP)
    - Coastal Resource Management and Coastal Law Enforcement
    - Establishment of Giant Clams Hatchery
    - Marine Protected Area (MPA) Underwater Biophysical Monitoring
    - Location and Distribution of the Proposed 14 Conservation Farming Sub-Projects under INREMP
    - A-1 performance for the Provincial Government of Bohol for our **Environmental Management System**, wherein auditors found **ZERO minor and major non-conformities** during the surveillance audit! Our next challenge is transitioning our EMS to ISO 14001:2015 standard and start preparing for the implementation of the Quality Management System (QMS) based on ISO 9001:2015 standard.

- Also, we are aspiring to be the country's 1st UNESCO Global Geopark, as initiated by the University of the Philippines School of Urban and Regional Planning (UP-SURP) with help from the University of Hamburg in Germany.
- **Disaster Risk Reduction & Management/Climate Change Adaptation (DRRRM-CCA)**
  - ✓ The highlights of our many DRRM-CCA initiatives are as follows:
    - Our very active Provincial Disaster Risk Reduction Management Council (PDRRMC), which was again put to the test during the landfall of Typhoon Basyang just two days ago
    - Upgrading and augmentation of equipment and facilities
    - Our New PDRRMC Command Center in Camp Bernido
    - Establishment of TaRSIER 117 Sub-Stations, with another one forthcoming in Loon. Our Tarsier 117 services are reaching even more communities now!
    - Throughout the province, we continue to strengthen Capacities of Local DRRMOs and other LGU-based response groups.
    - Strengthening Capacities of Institutions and Government/ Private Organizations on DRRM
    - Disaster Response and Assistance
    - Support to the 50<sup>th</sup> ASEAN Meetings hosted here in Bohol

You are also aware of our HEAT-IT Bohol Agenda, which we pursued from the very beginning of our term: **H**ealth and Sanitation, **E**ducation and Skills Development, **A**griculture and Food Security, **T**ourism and Livelihood, **I**nformation Technology, and **B**oholano Culture and Heritage Preservation.

## Partnership and Collaboration for Environmental Governance

### A) FOR CENRO TAGBILARAN EXECUTIVE SUMMARY

As mandated in Executive Order No. 192 dated June 10, 1987, “the Department is the primary government agency responsible for the conservation, management, development and proper use of the country’s environment and natural resources, including those in reservations, watershed areas and lands of the public domain, as well as the licensing and regulation of all natural resources utilization as may be provided by law in order to ensure equitable sharing of the benefits derived therefrom for the welfare of the present and future generation of Filipinos”.

The Department of Environment and Natural Resources (DENR), thru the Provincial Environment and Natural Resources Office (PENRO), CENRO Tagbilaran and Talibon Bohol was able to deliver more than 100% of all its targets. The DENR thrusts and priorities adheres with and are consistent with the President’s social contract with the Filipino people and are supportive of the five (5) key result areas (KRAs) of the President, particularly on 1) anti-corruption, transparent, accountable and participatory governance; 2) poverty reduction and empowerment of the poor and vulnerable; 3) rapid, inclusive and sustained economic growth; 4) just and lasting peace and the rule of law; and 5) integrity of the environment and climate change.

The Department of Environment and Natural Resources (DENR) six priority areas for 2017 are the National Greening Program, Balik Probinsya Program, Anti-Illegal Logging Campaign, Cadastral Survey, Clean Air and Water, and Geo-hazard Mapping and Assessment.

In support to the Anti-Illegal Logging Campaign, law enforcement has been sustained with the conduct of regular forest protection works, and with the strengthening of the Anti-Illegal Logging Task Force, which is composed of uniformed personnel from the Philippine Army, Philippine National Police, Philippine National Police-Maritime Group, Philippine Coast Guard, Department of the Interior and Local Government, and personnel from the Forest Management Services of PENRO Bohol and CENROs Tagbilaran City and Talibon. A number of individuals were hired as Bantay Gubat/Forest Protection Officers, who were assigned at municipalities within the administrative jurisdiction of the two CENROs. They assisted the organic personnel of DENR in the protection of forest lands.

Strong partnership has reached greater heights with the transfer of funds from the Provincial Government of Bohol to the DENR-PENRO Bohol through a Memorandum of Agreement between Department of Environment and Natural Resources (DENR) and the Provincial Government of Bohol (PGBH) in the amount of Php 3,500,000.00 equivalent to 5,000 patents transmitted to the Registry of Deeds – an example of shared leadership in governance.

All programs and projects of the Department, including those implemented by its line bureaus and attached agencies contribute to the attainment of the DENR Major Final Outputs (MFOs) such as MFO1 - Ecosystem Policy Services, MFO2 - Ecosystem Management Services, MFO3 - Ecosystem Regulation Services and the Means Of Verification (MOV), thus, ensuring efficiency and effectiveness in program implementation and improved service delivery to the public.

**In relation to the implementation of GAD.** Activities shall be mainstreamed in the regular P/A/Ps of the Bureau/Region/Office within DENR. The GAD Focal Persons shall assist the sectors in identifying areas where GAD can be mainstreamed; 1) A WFP summarizing all the GAD-related activities programmed in the various sectoral P/A/Ps within the region/office shall be prepared by the GAD Focal Person in coordination with the sector and Bureau/Regional Planning Officer; 2) The total cost of the GAD Work Plan must be equivalent to 5% of net programmable amount; 3) For FY 2017, all Focal Persons of GAD must ensure full attainment of targets as planned; 4) So far, activities under the GAD mainstream activities were accomplished in coordination with the different sector/unit of the CENRO Tagbilaran City operations.

For the previous years until now, the Office has successfully provided services and extended technical assistance to our clients. The Conservation and Development Unit had accomplished in some of its targets. There was a continued high demand in scaling/rescaling activities in line with the harvesting of trees within private plantations. Likewise, monitoring of compliance of permits, licenses and agreements exceeded the annual target. Also under the Enforcement Unit, application processed with final action exceeded due to registration of chainsaw, with the help of an extensive IEC campaign conducted by the technical and field men and women of the office.

It is a welcoming idea that the Philippine Government has continuously implemented the National Greening Program, with the various government agencies which bannered their owned slogans. For now, we can see that almost all people from the different corners of the society are participating to join our cause. Planting a single seedling is just a start and it will go a long way to global climate change. It is very ironic that we promote establishment of plantations to reforest idle and rehabilitate degraded public and private lands, to promote carbon sequestration and act as filter to air and noise pollution, promote microclimate, prevent soil and surface water run-off, and enhance ecotourism in the province. Still no matter how we try to avoid it, we can feel the rising temperatures brought about by global warming. Our microclimate has changed for the past several years. Series of Information and Education Campaign between the People's Organization (PO), Local Government Units (LGU's), Local Schools and other Stakeholders was conducted to ensure biodiversity conservation, development and protection of forest resources.

For CY 2017, CENRO Tagbilaran City accomplished the targeted area for establishment under the National Greening Program including its seedling production and maintenance of the previous established plantations. A total of 1,186,831 seedlings were produced of different species over the target of 876, 900 seedlings making it 120% accomplished which includes the seedlings produced by administration with a total of 134,551 seedlings. For area development, a total of 1,241.0 hectares planted of different indigenous tree species were developed. In addition, the office also hired 148 Forest Protection Officers (FPO's) under the Central- Office (CO) Based Fund to raise 17,760 seedlings and to conduct replanting activities.

The significant accomplishment of CENRO Tagbilaran City is the operation of the CENRO Central Nursery in Haguilanan, Catigbian, Bohol. Clients are provided with seedlings needed for their personal use in their private land. Seedlings are forest tree (endemic and exotic) and we also have cacao and fruit trees. For the year, we able to raise 134,551 seedlings, even though we have no clear budget for the nursery, yet CENRO Tagbilaran City was able to manage and support the operation of the Central nursery to be successful in its operation for CY 2017.

Biological diversity is not only threatened by the direct impact of man's activities but also with the change in temperatures, even in their own natural niche, that used to be conducive to them. Considering the area coverage of the administrative jurisdiction, the Conservation and Development Unit (CDU) of CENRO Tagbilaran City extends extra effort in the over-all management of the 10 protected areas. Strengthening of the PAMB's was maintained through the conduct of quarterly meetings. Conduct capability training to PAMB member's in order to strengthen their knowledge in protection and conservation of the biodiversity and preservation of the different ecosystem.

Another activity is the conduct of IEC and patrol of established critical habitat for tarsier in the Timberland area of Balilihan, Sevilla, Catigbian, San Isidro, Corella and Sikatuna.

On the Coastal component, conservation of the coastal resources is the main concerned, continues monitoring is being done. Re-planting and maintenance of the existing established mangrove plantation is one of the thrust and priorities. Patrol works and Information campaign on the existing policies particularly on RA 7161 and EO 23 was continuously done during assemblies and fora. Technical assistance in the development and formulation of Municipal Coastal Environment Plan and Integrated Coastal Management Plan was extended to the LGU Loay and all activities under the unit are satisfactorily accomplished with a rating of 100%.

With the extension of the Free Patent Law for Patent application, the Licenses, Patent and Deeds Unit of CENRO Tagbilaran City had processed Agricultural Free Patent Application (FPA) with final action to 2,464 applications under the CARP Funds. For the Residential Free Patent application a total of 839 applications were processed under the Regular fund and 39 applications processed under LGU-LED program. Land Surveys of the Department under the regular fund to undertake the Survey of the Residential lot with an accomplishment of 852 lots which is equivalent to 382,615.0 square meters.

Under Enforcement activity, the untenured forestland is effectively protected. The formulation of the IEC plan and continued conduct of information drive is a big help in the dissemination of the DENR policy regarding cutting and transporting of forest product, thus, help regulate or lessen the illegal activities within the CENRO jurisdiction. To ensure that our forest land and protected area are protected the LAWIN initiated programs were implemented. All targets in every units for CY 2017 were successfully accomplished reaching more than 100% over the target. CENRO Tagbilaran City was able to generate revenue in the total amount of Php 1, 914, 089.06 from the issuance of permits, certification, collection of resource use fees.

With the afore-cited accomplishment based on the targets set and other activities listed under the approved Work and Financial Plan for CY 2017 (see attached annex A), the DENR-CENRO Tagbilaran City personnel deserves due recognition and appreciation.

CENRO Tagbilaran is very much honored for the recognition recieved for the OUTSTANDING PERFORMANCE under the National Greening Program (NGP) in terms of plantation development, submission of shapefiles and geotagged photos, comprehensive site development, maintenance and protection of established plantations for 2015-2017 including area validation results for 2015-2016 given by the Regional Director Gilbert C. Gonzales, *CESO III* last December 18, 2017.

#### **FOR CENRO TALIBON EXECUTIVE SUMMARY**

The Department of Environment and Natural Resources (DENR) CENRO Talibon for CY 2017 successfully attained/completed its planned targets and activities. The Office has once again proved and showcased its commitment in carrying out the Department's mission and vision as highlighted in the major milestones.

**National Greening Program.** The continued effort on re-greening of our countryside was also one of the priority programs implemented by CENRO Talibon, Bohol. Relative to these, CENRO Talibon for this year was able to award 108 contracts under this program and successfully produced 3,638,121 seedlings and established a total aggregate area of 2,672 hectares. This includes accomplishment under the Regular Target and Additional Target under the Sustainable Integrated Area Development Management (SIADM). Plantation maintenance and

Protection on the other hand covering established plantations in CY 2015-2016 totaled to 7,931 hectares and fortunately 218 hectares of fire occurrence in these areas reported for the year.

**Forest Land Use Planning.** One (1) MLGU under CENRO Talibon were provided with technical assistance in the preparation of their Forest Land Use Plan. These was the Municipality of Anda, Bohol. However, LGUs that were not originally targeted were encouraged to undertake FLU Planning. The LGUs that positively responded had committed to provide counterpart funding in the workshops which were 100% attended by target stakeholder groups. The outputs of the workshops were processed by the DENR into draft FLU Plan.

**Community-Based Forest Management.** As of date, there are already 56 CBFMAs approved with 36 CRMF affirmed in the jurisdiction and for this year, one (1) CBFM-PO had their CRMF updated. In terms of Best Practices, one (1) CBFM-PO, whose Best Practices were documented and showcased during the CBFM-NGP Congress at the Twin Towers Hotel, Ortigas City.

**Land Disposition and Distribution.** CENRO Talibon issued a total of 1,562 free patent applications covering an area of 553.6178 hectares for agricultural lands. Likewise, a total of 308 patents, correspondingly to 10.3793 hectares under the Residential Free Patents were issued. It also completed the survey of residential lots to the interested applicants. The target was attained through various strategies made by the skillful personnel of the unit.

**Protected Area Management Program.** The Protected Area Management Boards (PAMBs) of the six (6) protected areas in the CENRO have been fully operational where all members have been active throughout their terms, them being the key instruments for the effective management of their respective protected areas.

#### ► Biodiversity Friendly Enterprise Development

Management of NIPAs for Sustainable development through ecotourism was accomplished with the preparation of Ecotourism Development Plan for Candijay Anda Mabini Mangrove Swamp Forest Reserve and Wilderness Area (CAM-MSFR/WA). The focus of the ecotourism development was to recognize sustainable tourism development as an integral part to the national socio-economic development efforts to improve the quality of life of the Filipino people pursuant to Executive Order 111 (Guidelines for Ecotourism Development in the Philippines) and the DENR Administrative Order No. 2013-19 (Guidelines on Ecotourism Planning and Management in Protected Areas).

#### ► Biodiversity Assessment and Monitoring System (BAMS)

The Biophysical Assessment and Monitoring System (BAMS) has been an effective monitoring scheme that provides important and reliable data in determining resources and resources trends in all Protected Areas under CENRO Talibon jurisdiction. As a result, it will influence and give fundamental input in the PA Work and Financial plans and PA reports. Since the allotted budget for BAMS was not enough to fully implement the project thus transect lines were only established in the six (6) protected areas of.

#### ► Socio-Economic Assessment and Monitoring System (SEAMS)

To assess and monitor the socio-economic condition within the six (6) Protected Areas, Survey and Registration of Protected Area Occupants (SRPAO) was conducted. SRPAO will cover all communities/household actually residing inside and/or benefiting the Protected areas. This aims to characterize the socio-economic condition of the occupants; identify and locate sources and values of the various ecosystems in the PAs; determine the degree of degradation or improvement in ecosystem services, uses, and values and to identify ecosystem pressures and threats and their causes and to determine the tenured migrants. Thus, a total of 46 barangays were completely interviewed and surveyed.

### ► Cave Management and Protection Program

The Cave Management Program (CMP) has been heightened through the inventory and mapping of four (4) caves. Similarly, two (2) caves were assessed and classified by the Regional Cave Committee (RCC) in two (2) separate resolutions. Further, one (1) Cave Management Plan prepared and one (1) facilitated as to implementation.

**Wildlife Protection and Conservation.** For Wildlife protection and conservation, likewise been acted upon through close coordination with partner agencies, and volunteers (WEOs) for the effective enforcement of RA 9147 or the Wildlife Act. These were focused on wildlife regulation particularly to holders of Certificate of Wildlife Registration (CWR). The monitoring of two (2) priority inland/wetlands and migratory sites were simultaneously conducted with information campaign on the strict surveillance of migratory and resident migrants. Information, Education Campaign (IEC) were similarly conducted to further strengthen the implementation of the Wildlife Act. Also, distributed IEC materials particularly informative leaflets about Pawikan which was translated into the native language so it can be easily understood by the general public.

**Management of Coastal and Marine Resources/Areas.** Through the Coastal and Marine Ecosystems Management Program (CMEMP) of the Department, this Office implemented such project to assessed and update the extent of the various types of marine and coastal ecosystem to shape out strategies in rehabilitating and protecting such ecosystems and mapping of coastal habitats for potential livelihood opportunities. For seagrass assessment, a total of 4,573 hectares were accomplished, 2,415 hectares for coral assessment and two (2) livelihood projects implemented with 155 beneficiaries within the identified Marine Protected Areas (MPA) in Calituban and Bansan, Sag, Talibon, Bohol.

**Forest Protection Program.** Also, a major function that the Office shall not be lax is forest protection and law enforcement. Improvement and manning of checkpoints contributed to the effective and efficient monitoring of movements of forest products which are going in and out of the jurisdiction. To ensure security and to have better workplace for DENR personnel manning checkpoints, provision of gadgets and construction of Ranger Station was undertaken. With the continued implementation of the forest protection plan, the strengthening of the CENRO Talibon LAWIN Patrol Team has been prioritized with regular patrolling conducted. The commitment of other law enforcement agencies like the PNP, Philippine Coast Guard, Philippine Army as well as Local Government Units, networks built and alliances formed, led to a considerable success in the operations. The total confiscation/apprehended forest products of 6,912.88 board feet this year is around 35% lower than last year's. Enforcement Unit has doubled effort which contributed to the 11 cases filed by the DENR to the Court.

CENRO-Talibon, has an overall performance rating of 186% was accomplished. This figure represents the overall rating for the four (4) units under CENRO-Talibon namely: Conservation and Development Unit (CDU); License, Patents and Deeds Unit (LPDU); Enforcement Unit (EU); and Survey and Mapping Unit (SMU). *Please see table 1.* In terms of revenue generation, a total of P 686,754.00 was collected from the various fees, fines and penalties and forest charges.

**Assessment of Stakeholders' programs.** True enough to its mission and vision, the DENR CENRO Talibon workforce has functioned all throughout the year towards achieving all of the foregoing objectives. The extension of technical assistance on forest conservation and development is focused on local communities as represented by their organizations, hence it was recognized that the communities are in the best position to manage and protect forests, they are encouraged to participate in decision-making on the sustainable use of forest resources by enjoining them in meetings and planning workshops and soliciting their inputs for forest program development. One hundred seven (107) POs including MLGUs and BLGUs positively responded for NGP contracting. Also, one (1) PO completed and updated their CRM Framework with the assistance of the DENR before the end of the year.

As regards to clientele compliance, Certificate of Stewardship Contract (CSC) holders under the Integrated Social Forestry (ISF) Program were assessed to evaluate their performance based on the completed CSC evaluation

forms. A total of 34 CSCs were assessed, evaluated and have completed Individual Evaluation Forms and were qualified for renewal. Another stakeholder clientele that received DENR technical assistance are those who govern the protected areas under the jurisdiction, this is the Protected Area Management Board (PAMB) members who decide matters relating to planning, peripheral protection and general administration of the protected area. The DENR however, is closely coordinating and constantly providing guidance with the PAMB members through the Protected Area Superintendents (PASu) or the Assistant Protected Area Superintendents (APASu).

With the aid of the Information Education Campaign (IEC) activities conducted through various environmental celebrations, regular meetings, consultations and assistance are ways undertaken to maintain good working relationships with stakeholders. There were several facilitating factors that influenced the implementation of Programs/Projects activities CENRO wide for CY 2017 among others:

**A) National Greening Program**

- Strengthened partnership with LGUs, POs, Academe and PNP resulted to 100% accomplishment and positive results on environmental and forest protection.
- Close monitoring and supervision of the project;
- Continuous consultation, meetings/conferences and assessment conducted among the different stakeholders of the project, to include the NGP coordinators, PENROs, CENROs, Extension Officers, People's Organization leaders, and others helped iron out problems and provided solutions in the implementation of NGP;
- Continuous capacity building of EOs and other NGP implementers through series of meetings, orientations and trainings enhanced their knowledge, attitude and skills which resulted to the success of NGP implementation.

**B) Patent Processing and Issuance**

- Forging of Memorandum of Partnership Agreement (MOPA) with LGUs.
- Fastrack the verification/approval of subdivision survey of untitled lands that are potential sources of patents.
- The Regional Office and the PENRO Bohol conducted weekly monitoring of targets, slippages and extend technical assistance based on the Catch-up Plan.

**Factors that influence the program/project implementation (Critical Issues/Challenges/Obstacles Identified):**

**A) National Greening Program**

- Constant change of instructions/guidelines affected the implementation of projects resulting to delayed attainment of targets;
- Limited number of technical personnel or manpower to do/assist the project implementation;
- NGP sites are not accessible to vehicles, hence volunteers hesitate to participate considering its rugged terrain and its relative distance from the accessible road;
- Insufficient MOOE funds

**B) Patent Processing and Issuance**

- Lack of interest by the people to apply patent and absente claimants in majority of LGUs in the jurisdiction;
- Most of the applicants on free patents do not respond promptly in terms of securing/supplying documents and requirements which caused the delay of processing.
- Most lots are still common properties that need to be subdivided.

Sector : **ENVIRONMENT MANAGEMENT**  
 Sub-sector : Management of Land Resources and Environment  
 Agency : Department of Environment and Natural Resources  
 Community Environment and Natural Resources Office  
 Tagbilaran City

## Physical Accomplishment Report 2017

### GENERAL ADMINISTRATION AND SUPPORT SERVICES

CENRO Tagbilaran continued its effort to improve public awareness. No Smoking Policy (CSC MC No. 17-2009) was observed in the CENRO compound and smoking area was designated.

Citizen's Charter (AO No. 241) was maintained in order to guide the CENRO clients in their transactions.

As well as Anti- RED TAPE Act (R.A No. 9845) bulletin was also observed.

### SUPPORT TO OPERATIONS

#### Data Management Including Systems Development and Maintenance

The CENRO still continue to maintained and enhanced ICT equipment's and programs to ensure it's operational in providing its purpose. ENR Statistics/Database which includes Plans and Program Information System (PAPIS), Statistical Services Information System (SSIS), DENR Personnel Information System (DPIS) and Enhanced Document Action Tracking System (EDATS) were also developed, maintained and updated.

#### Production and Dissemination of Technical and Popular Materials in the Conservation and Development of Natural Resources Including Environmental Education

In order to continue the Department's advocacy, CENRO Tagbilaran conducted an Information and Education Campaign (IEC) to the different Elementary Schools; Tubigon East Central Elementary School, Tubigin, Bohol, Garcia Hernandez Elementary School, Garcia Hernandez, Bohol, Naatang Elementary School, Jagna, Bohol and Guinsularan Elementary School, Duero, Bohol. The said activities was attended by

the school heads, teachers and Grade 4-6 pupils. Aside from IEC on Environmental Laws & Issues, IEC materials were also distributed to the 5 elementary schools; Tubigon East Central, Catigbian Central, Camayaan Elementary in Tubigon, Laiog Elementary in Clarin and Nahawan Elementary School in Clarin, Bohol.

On the other hand, CENRO Tagbilaran was also invited to talk on Climate Change Adaptation and Mitigation at Mansasa National High School on October 26, 2017. EMS II Maria Corazon T. Colarines discussed the said topic and was assisted by Ms. Charlotte Eizel A. Suarez.

### ***MFO 1 ECOSYSTEMS POLICY SERVICES - FORMULATION AND MONITORING OF SECTOR PLANS AND POLICIES, PLANS, PROGRAMS AND PROJECTS***

#### ***COMMUNITY RESOURCE MANAGEMENT FRAMEWORK (CRMF)***

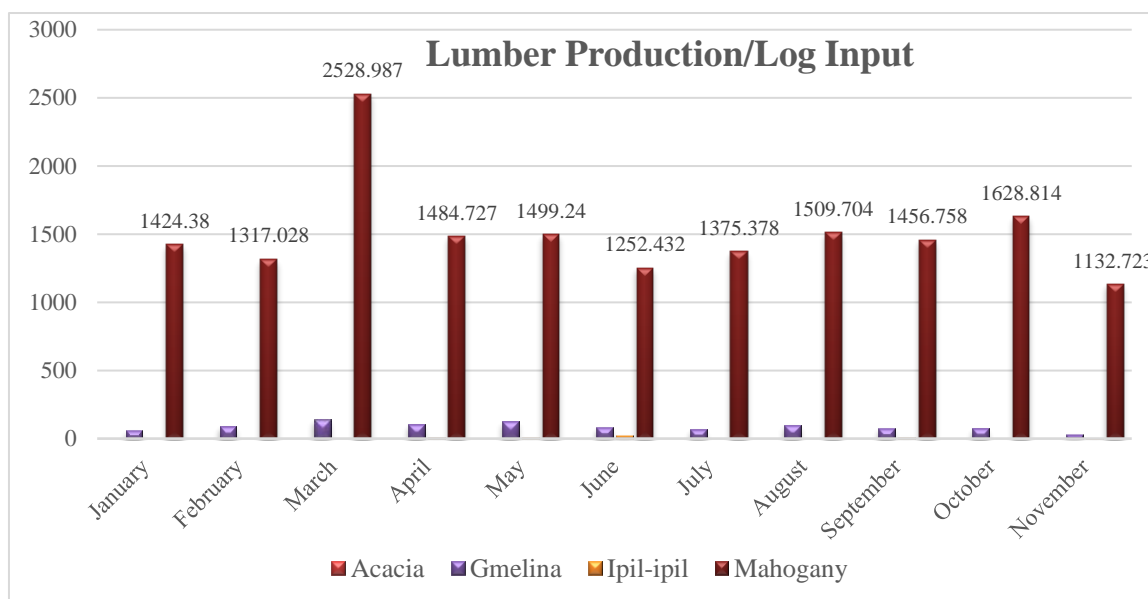

Community Resource Management Framework (CRMF) is a strategic plan of the community on how to manage and benefit from the forest resources on a sustainable basis. It describes the community's long term (25 years) vision, aspirations, commitments and strategies for the protection, rehabilitation, development and utilization of forest resources within timberland area. The conducted updating of CRMF/FYWP was based on FMB Technical Bulletin No. 20: Enhanced Guidelines and Procedures in Preparation/Updating of CRMF and FYWP.

There were two CBFMA holders that had successfully conducted their updating of CRMF namely: Macaas Fishers Association in Macaas, Tubigon and UBCA-DEA in Upper de Lapaz and Lapaz, Cortes, Bohol. The updating activities were conducted on the second and third quarter of this year respectively. Such CRMF were already ratified by the PO members and were endorsed to this Office for approval.

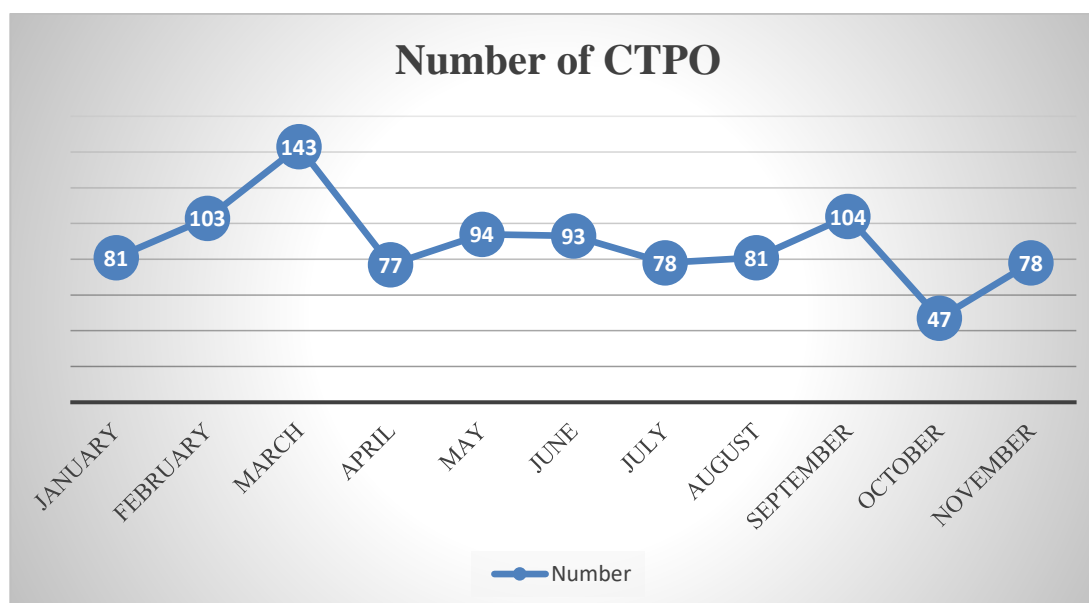

### Inventory of Private Tree Plantation

From January to November, 2017, the Enforcement unit inventoried 16, 610.171 volume of Mahogany log, 940.111 of Gmelina, 57.163 volume of Ipil-ipil and 2.827 volume of Acacia.

A total of 979 CTPO were issued and encoded to FIS from January to November, 2017.

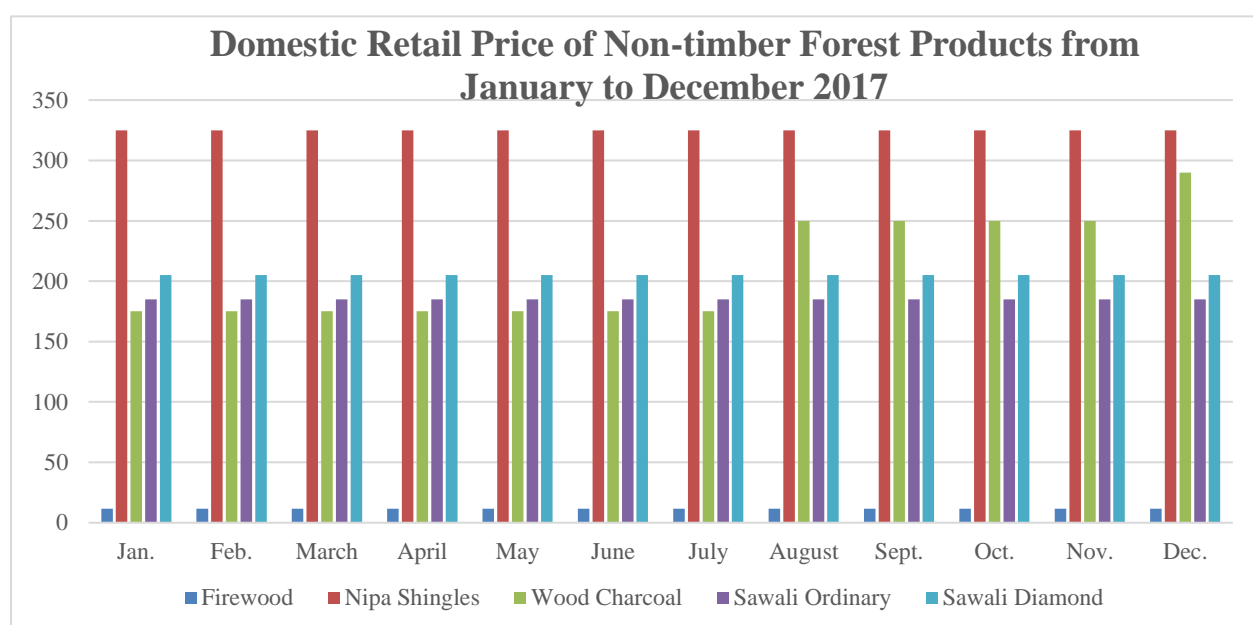

### Forest Product Utilization and Price Monitoring

The Enforcement Unit monitored the prices of timber and non-timber commodities under the administrative jurisdiction of CENRO Tagbilaran. The prices of said commodities were based on the prevailing market price within the City of Tagbilaran and other municipalities under our territorial jurisdiction. The table below shows the domestic retail price of timber and non timber products.

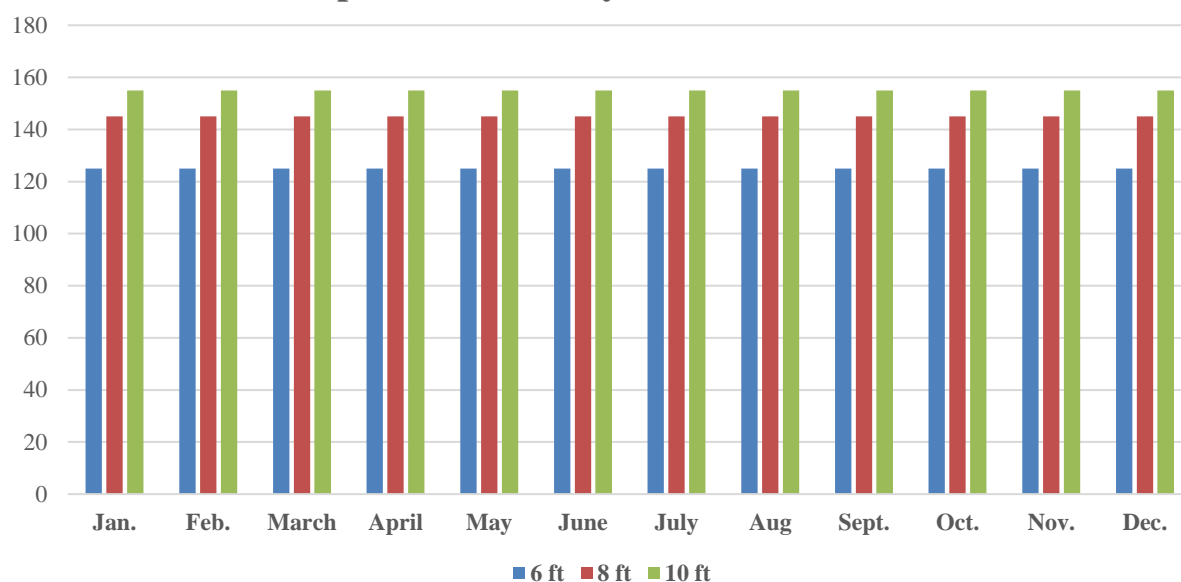

Month	Firewood	Nipa Shingles	Wood Charcoal	Sawali Ordinary	Sawali Diamond
January	Php 11.5	Php 325	Php 175	Php 185	Php 205
February	Php 11.5	Php 325	Php 175	Php 185	Php 205
March	Php 11.5	Php 325	Php 175	Php 185	Php 205
April	Php 11.5	Php 325	Php 175	Php 185	Php 205
May	Php 11.5	Php 325	Php 175	Php 185	Php 205
June	Php 11.5	Php 325	Php 175	Php 185	Php 205
July	Php 11.5	Php 325	Php 175	Php 185	Php 205

## Re-surveying and Mapping of Existing Tenurial Instrument

Another activity under CBFM was the re-surveying of the CBFM area last month of June at the CBFMA area of Cainoy ISF Association. Said activity was conducted by the team composed of the CBFM Coordinator, GIS personnel and representative from the PO. During the conduct of the resurvey, the team used a handheld GPS in getting the coordinates of each CBFM corner boundary. Most of the boundary corners were equal to major and minor LC monuments located in the area.

The CBFM of Cainoy ISF Association was awarded with a total of 264.66 hectares. But after the resurvey and mapping, the total area is 319.55 hectares increasing with 20.73% in which all timberland area of barangay Boctol were proposed to be included in the CBFM area. Amendments of the final area will be supported by joint resolution of PO and the barangay council of Boctol for approval.

## Survey and Registration of PA Occupants

CENRO Tagbilaran officially launched the activity pursuant to BMB Technical Bulletin No. 2016-06 which is the guidelines on Socio-Economic Assessment and Monitoring

System (SEAMS) in protected areas and to ensure the target activity was properly conducted. The office hired 7 Enumerators to perform the ground works and 2 Encoders to facilitate for the final output with the supervision of the PASu and assign APASu in coordination with the SEAMS team. The activities involved interview/survey; data consolidation and encoding using the SEAMS Automated Utility Tool (SAUT); processing and analysis of data; and household tagging. The survey duration was 7 months and it ends on October 31, 2017.

Last March 22, 2017, surveyed on PA occupants within the vicinity of Cabilao-Sandingan Island MSFR was started. The survey was started in Brgy. Cabacungan Cabilao Island then followed by the rest of the remaining 12 brgys. namely Cambaquiz, Looc, Panudlan & Talisay in Cabilao island, and Basdio, Calayugan Norte, Calayugan Sur, Canigaan, Mocpoc Norte, Mocpoc Sur, Sondol & Ubojan In Sandingan island. The survey was also conducted in 40 barangays within the Loboc Watershed Forest Reserve (LWFR), 12 barangays in Alejawan-Cansuhay-Anibongan River Watershed Forest Reserve (ACARWFR), 7 brgys. in Clarin Group of Islands Wilderness Area (CGIWA), and 13 barangays within Tubigon Group of Islands Mangrove Swamp Forest Reserve/Wilderness Area.

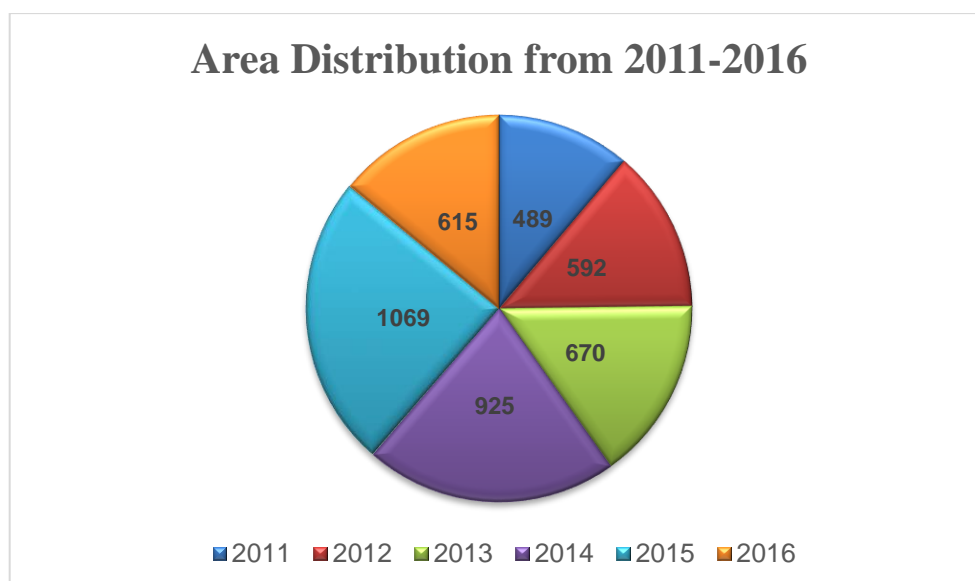

The activity lasted on October 13, 2017 on the protected area of Pangangan Island Mangrove Swamp Forest Reserve/ Calape Group of Islands Wilderness Area (PIMSFR/CGIWA) ) which covers nine barangays namely; Kahayag, Kinabag-an, Lawis, Lomboy, Looc, Madangog, Magtongtong, San Isidro and Talisay.

## MFO- 2: ECOSYSTEMS MANAGEMENT SERVICES

### *National Greening Program*

CENRO Tagbilaran City covers thirty (30) municipalities and one (1) city with an area of about 241, 986 hectares, comprising of 166, 629 hectares classified as Alienable and Disposable land and 30, 030.56 hectares as Timberland on Forest area and 45, 326.44 hectares as Protected Area.

From 2011-2016, CENRO Tagbilaran had a total of 133 People' s Organization/ Stakeholders (refer to attach Annex A ) who were involved in the program with 4,360.0 hectares including the target of the ERDS with 3,596,555 seedlings planted with timber, indigenous species, high value crops (cacao, coffee), mangrove, bamboo, rattan and urban species.

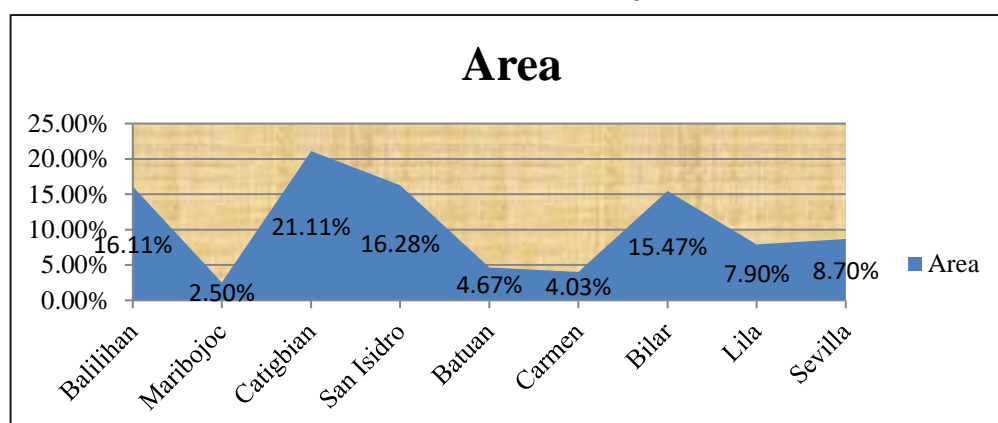

This year, CENRO Tagbilaran had a total target of 1,201 hectares. Below is the 2017 accomplishment distributed per district and municipalities.

**2017 NGP ACCOMPLISHMENT DISTRIBUTED PER DISTRICT AND MUNICIPALITIES**

Other initiatives projects through ERDB is the 40.0 hectares contracted by the People's Organization of Behind Resource Users and Watershed Management Association located at Behind the Clouds, Batuan, Bohol. Only plantation establishment was contracted by the P.O while the seedlings were sourced out from the clonal nursery of BISU, Bilar, Bohol.

**Area Distribution Chart for CY 2017**

**Seedling Production NGP FY 2017**

**Graph shows the seedlings raised by POs and LGUs**

A total of 1, 054, 284 seedlings were produced by the PO's / BLGU's and 121,072 seedlings were produced from the CENRO Central Nursery with a total of 1,079,405 seedlings produced for CY 2017. Seedling production in Central Nursery was designed in order to have ready/available seedlings for replanting during maintenance operations.

Based on the targets, CENRO Tagbilaran City awarded seventeen (17) Letter of Agreements (LOAs, including one (1) ERDS project, to the different People's Organizations and Local Government Units to undertake nursery establishment, seedling production, site preparation, plantation establishments, maintenance and protection activities. A total of 1, 201.00 hectares and 40.00 hectares for ERDS of timber were fully established through the full support of People's Organizations and Local Government Units. Thus, making it 100% accomplishment of the target.

Aside from accomplishing the target, other activities of the program were attended PO meetings and barangay assemblies and proper coordination with the Local Government Units regarding the implementation of the National Greening Program.

### ***Maintenance and Protection of 2015 and 2016 Established Plantations***

The activities under the maintenance and protection of established plantation involves construction and maintenance of fire lines, follow-up strip brushing, re-planting, application of fertilizers and patrol works. The People Organizations (POs) continue doing their share in replanting and protection activities to attain a higher survival rate. For the year 2015, a total of 1, 029.00 hectares and 575.00 hectares for the year 2016 were properly protected and maintained with an average survival rate of 88% for CY 2015 and 87% for CY 2016 respectively. Mangrove and Beach Forest Development Project has a total of 189.00 hectares which is also properly maintained with average survival rate of 89%.

HINDERING FACTORS/ ISSUES	RECOMMENDATIONS
<ul style="list-style-type: none"> <li>▪ Delayed payment of billings resulting to low performance in the implementation of NGP particularly in the plantation establishment.</li> <li>▪ Weak support to forest protection by some People's Organization and Local Government Units.</li> <li>▪ Internal problems with the People's Organization related to financial and leadership controls.</li> <li>▪ Lack of financial resources among People's Organization to pursue activities and targets.</li> </ul>	<ul style="list-style-type: none"> <li>✓ Organizations, Local Government Units, and other stakeholders.</li> <li>✓ Scheduled regular meeting of People's Organizations Local, Government Units and Extension Officers as part of the project implementation resulting to have a more responsive in the National Greening Program.</li> <li>✓ Heightened environmental awareness and public concerns on environmental issues through massive IEC campaigns.</li> <li>✓ Area management approach and integrated area development where all basic societal and economic services are delivered in an area for more impact.</li> <li>✓ Closing open access areas of forestlands by granting appropriate tenure/management arrangement.</li> <li>✓ Strengthen the coordination/partnership between the DENR, LGUs and POs.</li> </ul>

#### **LOBOC WATERSHED REHABILITATION PROJECT**

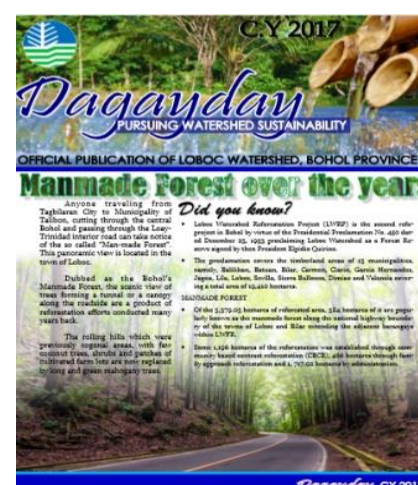

The CENRO looks after the activities on soil conservation and watershed management. Rehabilitation of this watershed involves the application of appropriate engineering and vegetative measures to stabilize the soil and prevent surface water run-off, which may cause soil erosion and landslides in the process.

For CY 2017 the Loboc Watershed was given the emphasis on the stabilization of the river banks having an annual target of 25 hectares. The targeted area was 100% accomplished by planting bamboo along the river banks in the municipality of Sevilla.

**25.0 hectares bamboo plantation in Sevilla, Bohol**

The six (6) hectares target on maintenance was then 100% accomplished. Other activity is the survey and mapping of the easement zone of the Loboc River having a target of 90 kilometers and we were able to accomplished 95.45 kilometers with a rate of 106% over the target; for the production of Information materials, with the assistance of the Regional Public Affair Office (RPAO) and PENRO Information Officers we were able to produce the 500 newsletter “DAGAYDAY” the official newsletter of Loboc Watershed, and the 1,000 fliers coming up a 100% accomplishment over the target. Part of the Information campaign is to conduct meetings with the LGUs within the Loboc Watershed and workshop with barangay and the local residents, given the target of 7 meetings and 7 workshop, the unit was able to accomplished 100% of the given target.

Form part of the target is to conduct Vulnerability Assessment, Watershed Characterization and Updating of the Integrated Watershed Management Plan, Initially draft report of this three activity were prepared and submitted for correction and comments before its finalization. Series of activities were made following the DMC 2008-05, guidelines in the preparation of the Watershed Characterization report. A Technical Working Group also was created to undertake the said activity. Part of the river bank stabilization is the establishment of the revetment or the structural measures along the river bank with an annual target of 641 cu.m. A MOA between DENR and LGU Loboc was made given the full implementation of the said activity to LGU Loboc and download the corresponding budget of about Php2,564,000.00. The downloading of the said amount was made in the later part of November due to the unavailability of cash in the DENR - PENRO side. To date the implementation of the said project is still on the initial stages. The LGU will undergo on the posting for PHILGEPS.

## LAND MANAGEMENT SERVICES

### LAND SURVEY, DISPOSITION AND RECORDS MANAGEMENT

#### 1. Patent Issuance

**1.a. Residential.** The CENR Office-Tagbilaran City transmitted to PENR Office-Cortes, 839 patents or equivalent to 112% accomplishment rate under RA 10023.

**1.b. Agricultural.** For Comprehensive Agrarian Reform Program (CARP), a total of 2,464 agricultural patents were transmitted to PENR Office or 101% accomplishment rate.

**Resolution of Land Disputes/Cases.** That out of the patent applications filed and processed at the Office, not all are free from adverse claims. These patent applications which are subject of Protest were held pending at the Office and issued an Order of Investigation, for proper litigation. A total of 17 cases were investigated over the annual target of 10 land related cases or 170% accomplishment in the disposition of land cases (see attached annex B).

**Land Survey (Residential).** Residential Lot Survey under RA 10023 was undertaken at the Municipalities of Dauis, Alburquerque, Sagbayan, Dimiao, Sevilla, Panglao, Balilihan, Maribojoc, Cortes, Loboc. A total of 852 resultant lots surveyed or 113.6% accomplishment, over the 750 annual target were transmitted to the Surveys Division,

Regional Office, for approval. Public Land Surveys (PLS) of the Department was funded under the regular fund to undertake the subdivision of agricultural lots for residential purposes. This was undertaken to generate more applications for residential patents. The Survey Unit of CENR Office-Tagbilaran City coordinated with the Municipal Mayor, Barangay Captain and Officials of a certain locality before the conduct of the survey. They also appraised the lot claimants and those who are interested to avail the free residential subdivision survey relative to their obligations and the manner of the conduct of the

survey. Priorities were given to parcels of lands with no public land applications, free from claims and conflicts and a certification from the Local Government Unit that the area is within the residential zone and not needed for public use (see attached annex C) on the lists of residential surveyed CY 2017.

#### **Land Records Management.**

Maintenance of land records is of utmost importance. Records kept in the Records Unit of CENRO-Tagbilaran for safekeeping includes all documents related to survey and patent processing. Part of the maintenance and management of the land records is the continuing computerization of the public land survey records. The Office hired two (2) Job Order personnel to encode data of free patent applications.

Validation of Scanned Images under LAMS lite: 85,449 or 110.10% scanned images validated against the 77,613 target for the year; and Encoded Data: 11,115 or 100.24% were validated against the 11,088 target for the year.

All other target under the Land Management was satisfactorily accomplished reaching 100 % over all the targets set for the CY 2017.

Moreover, the Unit had generated total revenue of Php 985,905.25 over the targeted amount of Php 350,000 for CY 2017. The said amount generated from the various fees listed hereunder, to wit:

1.	Application fee	-	Php 152, 940.00
2.	Cadastral Cost	-	Php 202, 824.88
3.	Certification fee (lot status)	-	Php 64, 960.00
4.	Protest Fee	-	Php 8, 820.00
5.	Reproduction fee/Miscellaneous	-	Php 71, 419.00
6.	Inspection and Verification fee	-	Php 81, 350.00
7.	Occupation fee	-	Php 308,405.88
8.	Sketch Plan	-	Php 15, 900.00
9.	Sales of Unserviceable Property	-	Php 79, 285.40

All other target under the Land Management was satisfactorily accomplished reaching 87.9 % over all the targets set for the CY 2017.

### **Protected Area Management Program**

CENRO Tagbilaran City has 10 Protected Areas. Its objectives are focused on the protection, conservation and development of the natural features and to introduce development in such a manner that resources are protected and conserved for the benefit and enjoyment of the people.

#### **Protected Areas within CENRO Tagbilaran City**

<b>Name of PA</b>	<b>Location</b>	<b>Area Covered (HA)</b>	<b>APASU Assigned</b>

### ***Ecotourism Development/ Facilities Maintained***

Rajah Sikatuna Protected Landscape (RSPL) has a four ecotourism facilities newly constructed and these are the Nature Center, Tourism Information Center, View Deck and New Duplex Cottage and these facilities were properly maintained by the hired laborers in the project. Beautification of the park by planting of flowers and mounting of flaglets, maintenance of the access trail, improvement of electric power and water supply, improving the cage of Wildlife Rescue Centre, protection and safeguarding the ecotourism facilities against burglars including illegal cutting of trees and illegal hunting of wildlife and feeding the rescued wildlife were among the maintenance activities conducted inside the RSPL. Aside of the building, they also maintained the comfort rooms and the kitchen.

In addition, facilities and amenities developed and constructed within the Biodiversity and Tarsier Conservation Area which includes the Visitors and Information Center, rest areas, viewing deck, camping site, rescue center, and canopy walk are maintained by the hired contractual from the site. Eco-trails were also maintained and improved.

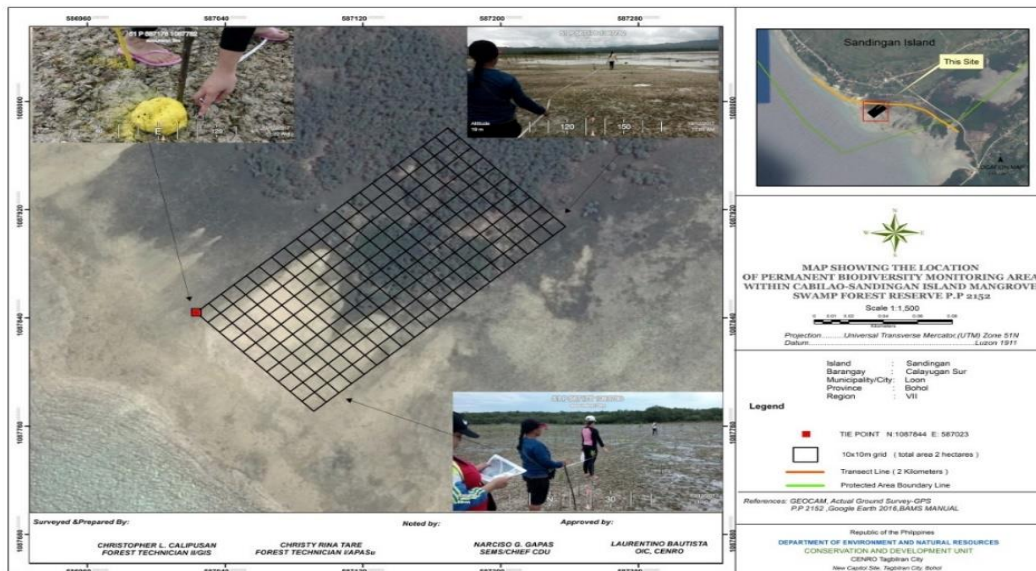

### ***Resource Assessment***

#### **Biophysical Assessment**

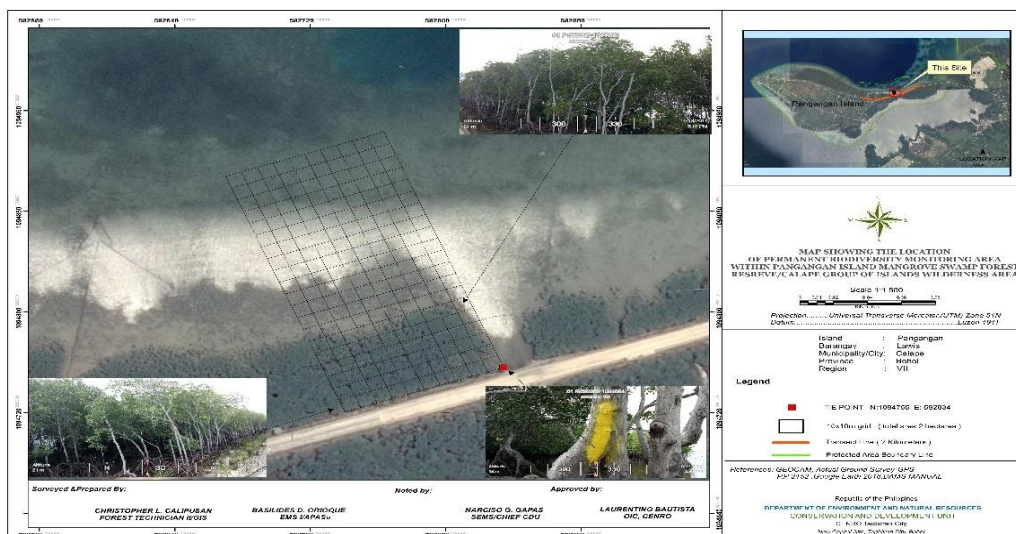

The Biophysical Monitoring System (BMS) aims to improve the importance for decision-making in protected areas through the regular collection of data on natural biological resources and their utilization. The focus is on identifying trends in biodiversity and its use so as to guide action in PA management. In addition, BMS is intended to improve the participation of protected area communities in PA management. Focus Group Discussion (FGD), Field Diaries, Photo Documentation and establishment of 2 kilometer Transects and 2 hectare Permanent Biodiversity Monitoring Area (PBMA) were the methods used during the conduct of BMS per protected area.

On the other hand, biophysical assessment were conducted in Rajah Sikatuna Protected Landscape (RSPL), Loboc Watershed Forest Reserve (LWFR), Pangangan Island Mangrove Swamp Forest Reserve/ Calape Group of Islands Wilderness Area (PIMSFR/CGIWA), Cabilao- Sandingan Islands Mangrove Swamp Forest Reserve (CSIMSFR), Chocolate Hills Natural Monument (CHNM), Panglao Island Protected Seascape (PIPS), Clarin Group of Islets Wilderness Area (CGIWA), Tubigon Group of Islands Mangrove Swamp Forest Reserve/ Wilderness Area and Albur-Loay-Loboc Protected Landscape and Seascape.

**Map of the established Permanent Biodiversity Monitoring Area within Pagangan Island Mangrove Swamp Forest Reserve/ Calape Group of Islands Wilderness**

### PA Habitat Protection Program

Regular monitoring and patrolling were conducted within the protected areas under the jurisdiction of CENRO Tagbilaran; RSPL, LWFR, CHNM, ACARWFR, PIPS, CSIMSFR, PIMSFR/CGIWA, CGIWA, TGIMSFR/WA and ALLPLS. The activities involved monitoring/ground inspection at the coastal areas on the identified diving site; site inspection prior on the propose project construction intended for the issuance of PAMB Clearance last Nov. 20 & 30, 2017; and inspection and investigation on the reported violations (structures within 20m EPZ) by the assigned PA staff joint effort done by the PAMB members, some LGU staff

and CENRO personnel. Relative thereto, 13 tarpaulins printed with a Prohibited Acts with a corresponding penalties based on the RA 7586 otherwise known as NIPAS Act of 1992 were distributed last Nov. 15, 2017 to 13 barangays within CSIMSFR which serve as IEC materials and information strategy for the community.

In addition, CENRO personnel also conducted patrol in barangays within the ACARWFR and RSPL. The patrol teams are composed of the Lawin Group and the Staff of ACARWFR and Rajah Sikatuna. This office also implemented Biodiversity Monitoring System using the Nested Quadrat in Transect Line. Quarterly monitoring in transect line with eight (8) stations situated at Riverside, Bilar, and Bohol were also conducted. As part of Information Education Campaign in the Protected Area, CENRO personnel attended meetings in the community like P.O.C., ABC and barangay assembly meetings.

### PAMB Operationalization/ Strengthening

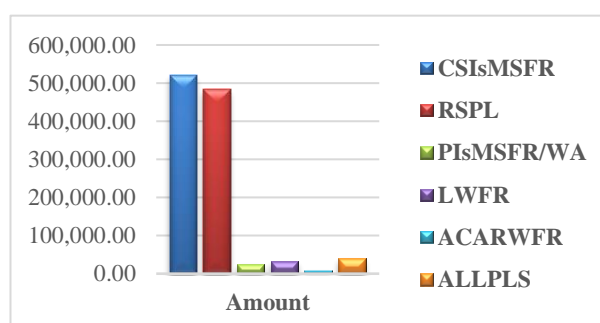

For CY 2017, CENRO Tagbilaran City has a target of 40 Protected Area Management Board Resolutions. Out of 86 resolutions submitted to the Regional Office, 55 of this were approved, 3 were disapproved and 28 were still in the Regional Office for approval (see attached annex D). Relative thereto, conduct of regular-quarterly PAMB meeting was continuously operationalized and strengthened.

### Revenue Collection

Below is the revenue generated from biodiversity and coastal.

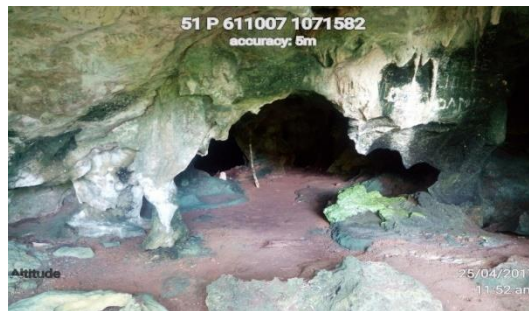

Sector	Amount
CSIsMSFR	Php 519, 859.25
RSPL	Php 483, 550.00
PIsMSFR/WA	Php 25, 349.00
LWFR	Php 31, 659.00
ACARWFR	Php 8, 000.00
ALLPLS	Php 40, 000.00
<b>TOTAL</b>	<b>Php 1,067,417.25</b>

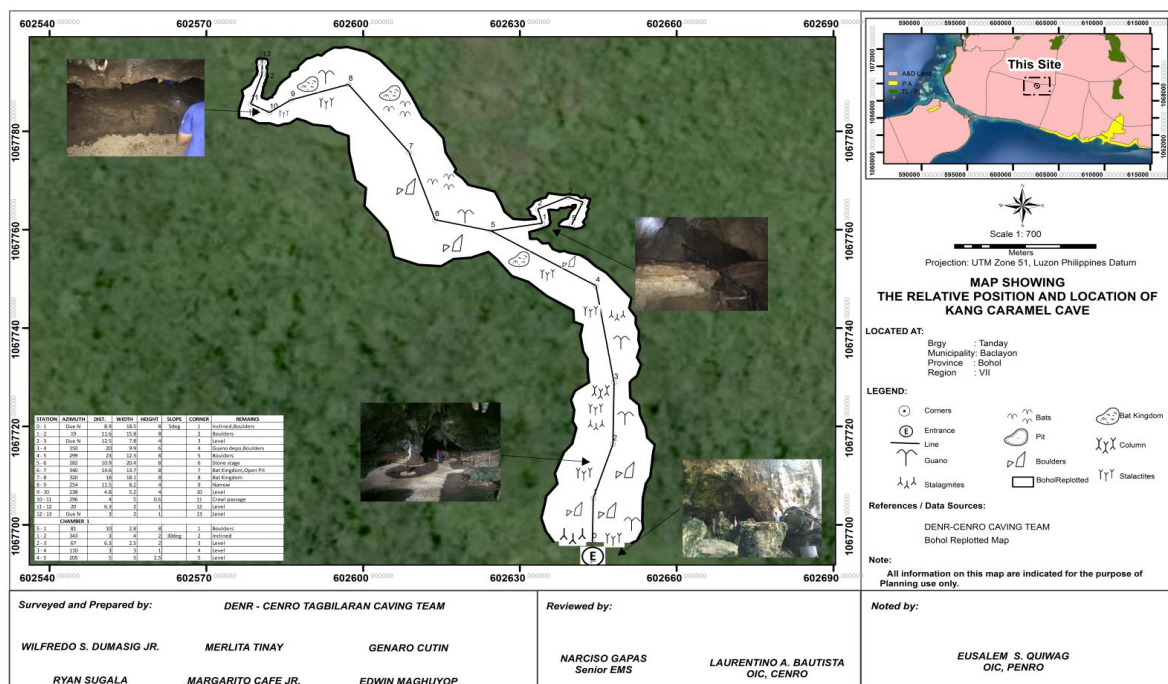

# Cave Management and Protection Program

Caves are legally protected and considered as special management areas. Conservation and development planning of cave systems is a vital activity to ensure that the ecosystem services and the scientific and educational values of caves are put to good use. CENRO Tagbilaran within its area of jurisdiction, inventoried two caves namely Song-on Cave in Badiang, Sikatuna, Bohol and Libjo Cave, Libjo, Sikatuna, Bohol. **Below are the photos of Song-on Cave, Badiang, Sikatuna, Bohol**

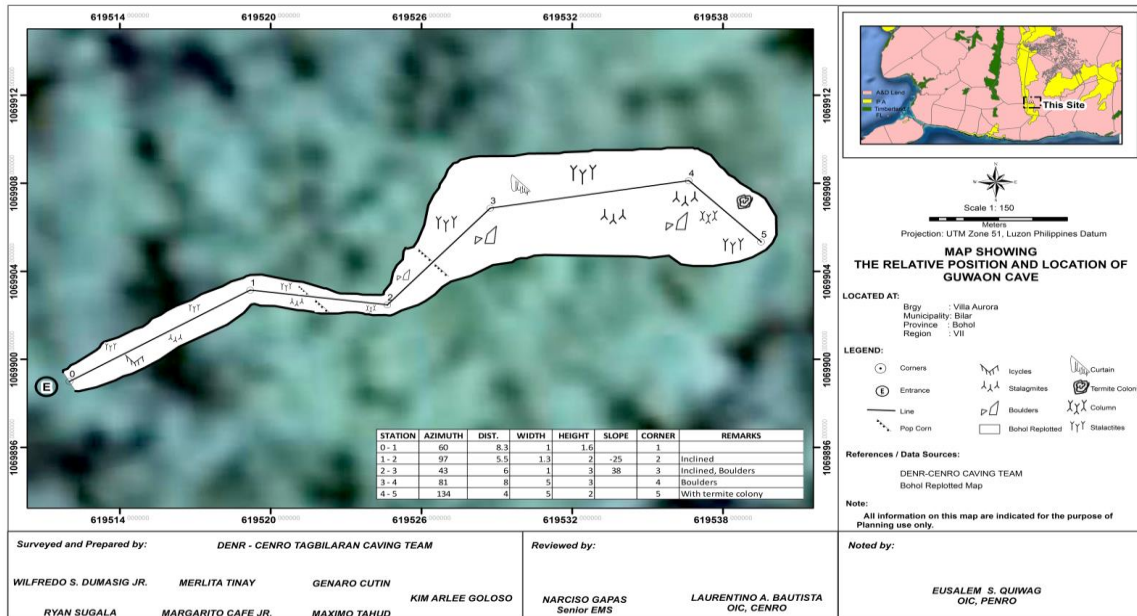

**Libjo Cave,  
Libjo,  
Sikatuna,  
Bohol**

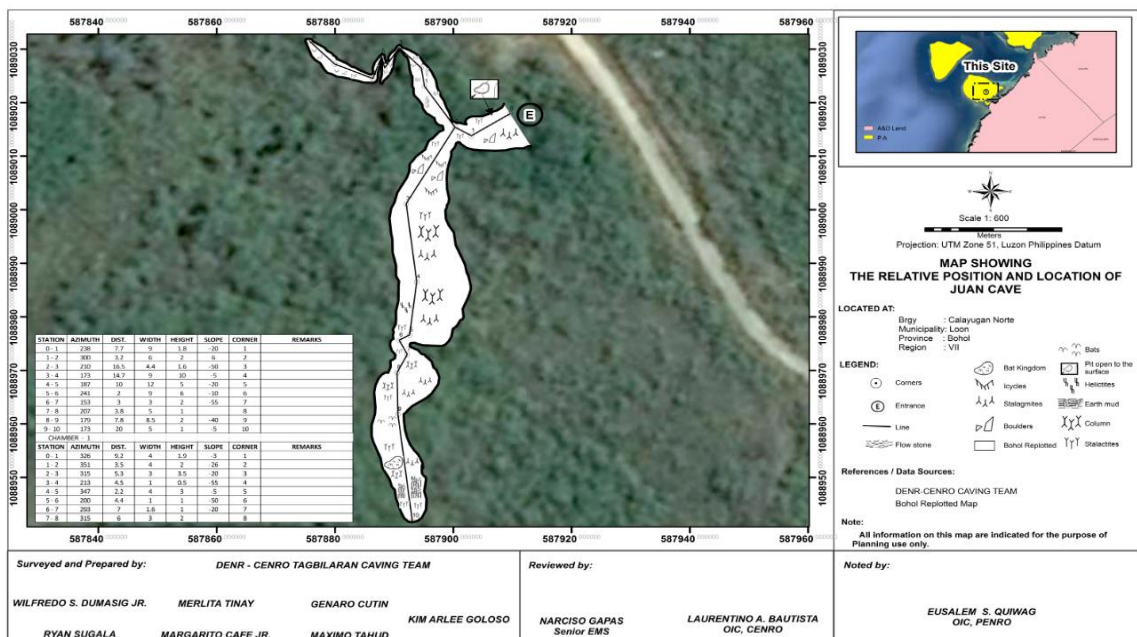

Cave Assessment team from CENRO Tagbilaran conducted an assessment on Kang Caramel Cave in Sitio Cangawa, Tanday, Baclayan; Guwaon Cave in Sition Casla, Villa Aurora, Bilar; and Juan Cave in Calayugan Norte, Loon. Based on the assessment, all caves are recommended for Class II classification and all are potential for scientific research, tourism and recreation and other uses (educational tour).

**Inland  
Wetland  
Management  
Program**

**Juan Cave, Calayugan Norte, Loon, Bohol.**

Inland wetland inventoried and mapped was conducted in Abatan river within the municipality of Cortes and Maribojoc. Below is the Map of Abatan River.

### ***Tarsier Conservation Project***

The members of Corella-Sikatuna Biodiversity and Tarsier Conservation Area Management Council conducted 3 meetings within this year. An Implementing Rules and Regulations (IRR) for the existing MOA have been drafted to define and effectuate their individual role, obligations, and concerns in implementing its goals and objectives.

### **Maintenance and Enhancement of Philippine Tarsier Habitat**

There are areas within the Biodiversity and Tarsier Conservation Area that are covered with Certificate of Stewardship Contracts (CSC). These areas have planted Mahogany and Gmelina trees which are invasive species. Researches also reveal that Philippine tarsier is dependent on small-diameter trees as substrates for locomotion and the dense undergrowth that support a wide variety of food resources are vital for the survival of tarsiers. The interim members of the Biodiversity and Tarsier Conservation Area

Management Council strongly recommends for the elimination of these species in the area for the protection and conservation of the Philippine Tarsiers and other wildlife in the area. A total of 24 CSC holders were issued with Permit to Harvest by the Regional Director.

The harvested sites having a total area of 15 hectares were replanted with indigenous species which are also identified host/roosting plants for the Philippine Tarsiers.

The three (3) Peoples Organization in the area namely: Advocates from Corella for the Conservation of Environment and Preservation of Tarsiers (ACCEPT); Cando-Canangsaan Integrated Social Forestry Farmers Association (CCISFFA); and Lasangnong Mag-uuma sa Abucay Norte, Can-agong ug Cancatac (LAMACC) were the partners /contractors of the activity. Such project also provides livelihood assistance to the members of the organizations.

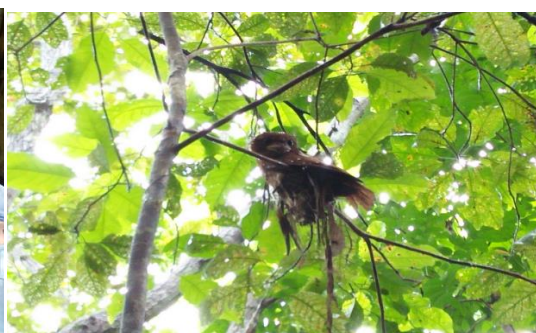

### **Information, Education Campaign**

A short lectures and re-orientation of environmental laws was conducted during PO meetings. IEC materials like brochures and research studies on tarsiers are displayed at Visitors and Information Center in Sikatuna. Likewise, tarsier conservation program accomplishments were also posted at the center.

**Habitat Protection and Patrolling.** Protection and patrol in the area was conducted regularly by the hired contractual from the site.

### **Biodiversity Monitoring System (BMS)**

Reports on the biodiversity monitoring in the area has been submitted in a quarterly basis. The members of the Community Monitoring Group have continued to participate in the monitoring activity.

### **Operation & Maintenance of Wildlife Rescue Center**

Wildlife and Rescue Center was maintained by repainting the cage. Cleaning of the surroundings of the rescue center were also conducted including feeding of the rescued wildlife.

Below shows the wildlife rescued and now at the Rajah Sikatuna Protected Landscape Wildlife Rescue Center.

Species	No. of heads	Date of Arrival at WRC	Current Status/Condition				Remarks/Other Information
			Released to the Wild	Under Medication	Under Court Litigation	Dead	
Phil. Long-tailed Macaque	1	2/28/17	1				Turned over by Celestino Cepada
Phil. Long Tailed Macaque	2	03/04/17	2				Turned over by Samuel Dano
Grass Owl	2	04/19/17	2				Turned Over by Enforcement Unit of CENRO Tagbilaran
White-eared Brown Fruit Dove	11	06/14/17	10			1	Turned Over by the PNP of Bilar
Green Imperial Pigeon	5	06/14/17	4			1	Turned Over by the PNP of Bilar
Phil. Hanging Parakeet	3	06/14/17	1			2	Turned Over by the PNP of Bilar
Grass Owl	1	08/17/17	1				Turned over by PNP of Bilar
Blue –crowned racquet tail	1	08/31/17				1	Turned over by For. Ludivina N. Baay, DENR, Tagbilaran City

### **Wildlife Risk Management and Emergency Response Program**

The activity involved in the waterbird census and counting in two areas, one is located at Panglao Island and the other is in Cabilao Island. This was done every month to monitor the presence of different waterbirds in the area. The purpose of which is to monitor the species of the waterbirds and its population status in the identified wetlands. Some migratory birds were sighted during the month of winter season abroad. The data will serve as guide in Biodiversity Conservation and Management.

### **Marine Protected Areas Networking**

CENRO Tagbilaran had established a Memorandum of Agreement between the LGU's of Baclayon and Dauis in protecting, conserving, rehabilitating and managing the coastal and marine resources within its municipal water.

### **Coastal and Marine Ecosystems Management Program (CMEMP)**

In preparation for the implementation of Coastal and Marine Ecosystem Management Program (CMEMP) in Bohol, all CMEMP technical staff from CENRO Tagbilaran attended the enhancement training last April 2017 at Jj's Food Streams Tagbilaran City conducted by the PENRO office and Mr. Neil B. Antoque, Marine Biologist from Regional office was the resource speaker of the said training; he was also assigned to oversee the implementation of the project in Bohol.

The discussed module on seagrass and coral reef assessment was applied in Baclayon, Bohol. The data gathered were consolidated and analyzed by the participants and presented for critiquing and corrections. At the end of the training CEMEP Technical personnel were able to level up their knowledge and agreed to have uniform methods in conducting the project in Bohol.

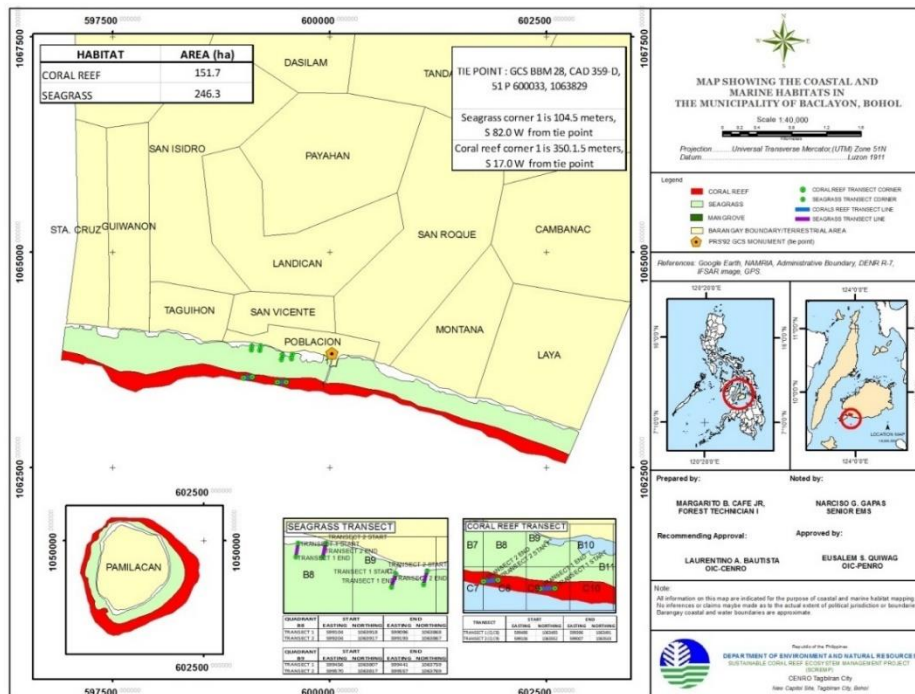

CENRO Tagbilaran has six target areas; municipalities of Baclayon, Maribojoc, Loon, Tubigon, Clarin and Tagbilaran City. Mapping of coastal habitats in these target areas was first conducted to determine the areas of their coral reef and seagrass ecosystem.

Results of the survey and mapping revealed a total of 2,638.6 hectares for coral reef ecosystem. Comparing with the work and financial plan, targets versus accomplishments are exceeded by 271% as coral reef target to be mapped out is only 973 hectares. Municipality of Tubigon has the highest record in terms of total hectares for coral reef with 1,762.39 ha. , followed by City of Tagbilaran, municipalities of Loon, Baclayon and Clarin, respectively. On the other hand, Maribojoc got only 72.98 hectares and recorded least among all towns. For seagrass ecosystem the target area to be mapped is 2,351 hectares yet the accomplishment reached to 164% with a total of 3,864.50 hectares. The Municipality of Tubigon remained highest with 2,075.40 hectares while Clarin and Maribojoc got the least with 227.18 & 216.20 hectares, respectively (see below Table ). Maps of the surveyed area were provided below.

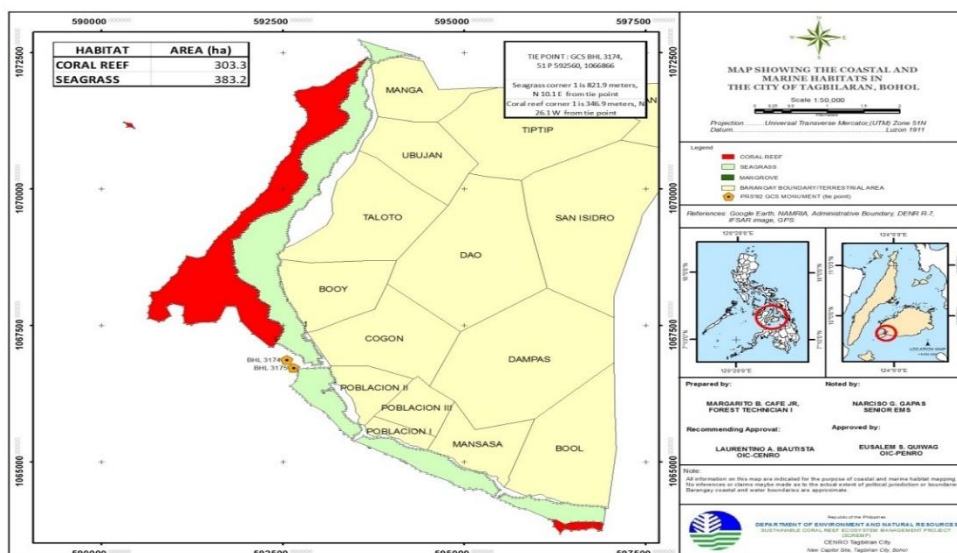

**Number of hectares of Coral Reef and Seagrass Beds.**

MUNICIPALITY	CORALS (ha)	SEAGRASS (ha)
BACLAYON	151.7	246.3
TAGBILARAN	303.3	383.2
MARIBOJOC	72.98	216.2
LOON	227.4	716.1
TUBIGON	1,762.39	2,075.40
CLARIN	120.86	227.18
<b>TOTAL</b>	<b>2,638.6</b>	<b>3,864.4</b>

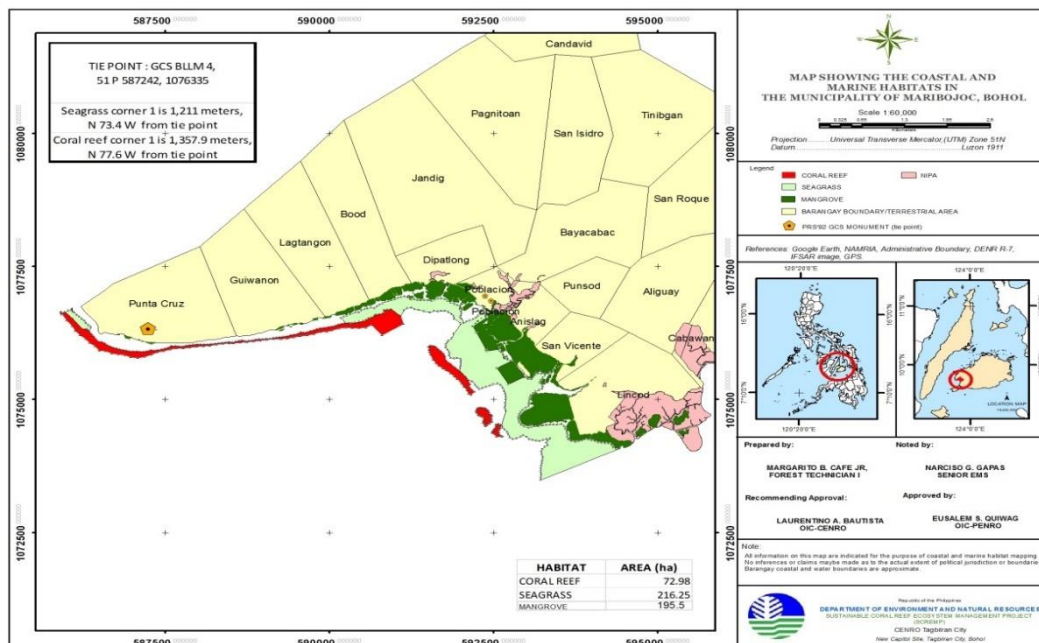

Municipality of Baclayon Map.

Municipality of Clarin Map.

Once the total area covered by each of the coastal and marine ecosystem was determined per municipality, selection of sampling sites for assessment followed. The suggested number of sampling site per ecosystem type is 20 sampling sites per 500 hectares of that ecosystem. Based on the Technical Bulletin 2017-05: "Guidelines for Assessment of Coastal and Marine Ecosystems", sampling sites can be determined using a randomization technique to give each possible sample an equal chance of being sampled. The total area surveyed and mapped exceed as mention above, hence, the number of sampling site were taken based on the WFP 2017 target. Forty-three sampling sites for coral reef area and ninety-seven sampling sites for seagrass area were distributed accordingly. Table below shows the number of sampling sites for coral reef and seagrass beds per municipality. Maps of the sites were provided below.

Number of Sampling Sites per Municipality.

MUNICIPALITY	CORALS	SEAGRASS
BACLAYON	6	10
TAGBILARAN	5	15
MARIBOJOC	3	9
LOON	9	22
TUBIGON	15	31
CLARIN	5	10
<b>TOTAL</b>	<b>43</b>	<b>97</b>

Coral reef status was then categorized based on live coral cover as established by *Licuanan et al.* where; Excellent = >44% live coral cover, Good = 34-44% live coral cover, Fair = 22-33% live coral cover and Poor = 0-22% live coral cover. Partial result of the assessment conducted in target municipalities revealed that the overall coral reef condition in municipality of Baclayon and City of Tagbilaran was classified under **fair condition** while municipalities of Maribojoc and Loon was under **poor condition**. Seagrass habitat condition were based according to the criteria set by Fortes, 1989, where, poor=0-25%, fair=26-50%, good=51-75%, and excellent=76-100%, municipality of Baclayon was classified under **good condition**, Tagbilaran city and municipality of Loon is in **fair condition** while municipality of Maribojoc is in **poor condition**. Complete details of the assessment were included in the Habitat Assessment Report submitted by the technical staff of CMEMP. As of the moment consolidation and analysis of data gathered during the assessment in municipalities of Tubigon and Clarin is on-going.

Sites	Coral Reef Condition		Seagrass Condition	
Baclayon, Bohol	32.5%	Fair	58.82%	Good
Tagbilaran City	33%	Fair	34.23%	Fair
Maribojoc, Bohol	13%	Poor	19.60%	Poor
Loon, Bohol	13%	Poor	31.28%	Fair

Habitat Condition of Target Areas.

Seagrass Assessment.

### *Coral Reef Assessment.*

In addition, on November 28, 2017, Agos ng Buhay which is a program of Coastal and Marine Ecosystems Management Program (CMEMP) launch its one components which is the the social marketing at Albur-Loay-Loboc Protected Landscape and Seascape in Sta. Fe, Albur, Bohol and on November 29, 2017 at Panglao Inland Protected Seascape. The said activity was attended by personnel from Local Government Units, Barangay Local Government Units, and academe.

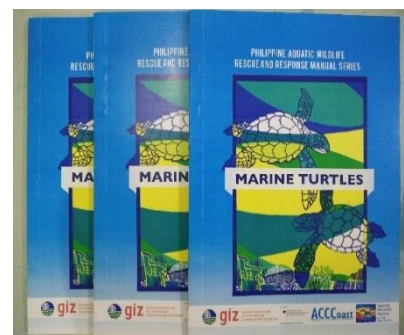

### **Other Related Activities**

CMEMP personnel conducted Expanded Participatory Coastal Resource Assessment (EPCRA) in LGU's of Cortes, Loon and Maribijoc. It was attended by Barangay Captains, MAO, CRMO, Seaborne, Barangay Kagawad Committee on Environment/Fisheries, and People's Organization. It was started by an orientation. Other activities conducted were Mangrove Assessment, Coral Reef Assessment, Marine Invertebrate, Fish Visual, Socio-economic Survey, Seagrass Assessment and Transect Walk.

### **Capacity Building**

This office conducted workshop/ training on Citizen Science: Marine Turtle Rescue/Identification/Handling/Tagging & Release Procyocol on October 3-5, 2017 at the municipalities of Calape, Albuquerque and Maribojoc. It was attended by Bantay Dagat, MAO, MENRO, Fisherfolks, Barangay Captain, SB Chairman on Environment Committee. Introduction to Marine Turtle Biology & Ecology; Identification of Marine Turtles; lecture Affecting Global Warming to Marine Turtles; Protection of Marine Turtle Eggs/ Hatchery Procedure; Proper Handling of Marine Turtle; Actual Handling Exercise; Data Collection/ Measurement of Marine Turtle; Actual Measurement Exercise; Reserve and Rehabilitation of Marine Turtles and Tagging Procedure & Filling Out of Forms were the topics and activities discussed/conducted during the workshop.

### **Technical Assistance**

In addition, Intergrated Coastal Resource Management Planning Workshop in Maribojoc was conducted last August 15-18, 2017 and was participated by the Mayor, Municipal Budget Officer, Municipal Health

Officer, MPDC, Municipal Tourism Officer,MSWD,MAO,CRMO,MFARMC,all coastal barangay captains, PEDO,CLEC,BFAR, ECO fish representative, DENR PENRO AND CENRO.

### MFO- 3: ECOSYSTEM REGULATION SERVICES

#### ENFORCEMENT OF LAWS, RULES AND REGULATIONS

CENRO Tagbilaran with the personnel of Enforcement Unit exert efforts to protect the remaining forest resources within the area of jurisdiction of CENRO Tagbilaran. Forest protection is by unending punitive work of surveillance and detection, patrol, investigation, apprehension and prosecution. Where the unit has protected in a total area of 6,500 hectares untenured forested lands.

Enforcement Unit has been given ample support by the management especially that the nature of work is now confined not only on the protection of our forest but it is extended to other concerns. They have been tasked to extend a helping hand in minimizing the incidence of all forms of environmental violations. Some personnel requested to conduct inventory/inspection on trees requested to be cut, inventory of lumber stocks and assist the massive reforestation efforts on the implementation of the National Greening Program for the attainment of the management goals.

Apprehension & Administrative Adjudication and confiscation of Undocumented Forest Products was done. Coordination and linkage with other law enforcement agencies resulting to the apprehensions of illegally transported forest products. Investigated Thirty Four (34) apprehensions of different violations committed with a total volume of 17,672.971 bd. ft. board feet of lumber / timber of different species , 3 vehicles,1 motorized banca and five (5) tools (chainsaw) and have Eight (8) on-going cases filed in court. The table below shows the apprehension of Forest product, tools and equipments.

Date of Apprehension	Offender	Address	Volume	Item/Conveyance/ Tools & Equipment	Status
10/5/2016	Unknown	Cambayaon, Dimiao	151.58	Molave lumber	Confiscated/ Forwarded to Regional Office (RO)

Nov. 14, 2017	Danilo Fajardo et. Al	Anislag, Corella	Sec. 77 R.A 7161	On going/ Provincial Prosecutor Office

The unit have improved and maintained monitoring station through Mobile check point in coordination with other Law Enforcement agencies and monitored forest product for transport coming in and out of the Province within the CENRO Tagbilaran jurisdiction. Also, conducted regular LAWIN activity which main purpose is to conduct patrol in every strategic area of our jurisdiction. LAWIN is composed of four (4) teams; mainly covering ACARWFR, Rajah Sikatuna Protected Landscape (RSPL), Loboc Watershed Forest Reserve (LWFR), and Mangrove Forest with the target area of 10km each team per month. For this year, the unit had accomplished a total of 2,489.43 km.

On disposition of confiscated forest products CY 2017, the office had donated a total volume of 3, 289.14 board feet 7.75 cubic meters and one unit of chainsaw. Last March 8, 2017, the Philippine National Police, 2<sup>nd</sup> Manuever Company Barracks at Sitio, Lawis, Catagbacan Norte, Loon, Bohol received the donated confiscated Mahogany Lumber with the volume 493.33 bd.ft or 1.16 cu.m. On June 21, 2017 we donated 1,357.32 board feet or 3.20 cu. m of Mahogany Lumber to the Alpha Company, 47<sup>th</sup>

Infantry (KATAPATAN) Batallion, 3<sup>rd</sup> Infantry (SPEARHEAD) Division, Philippine Army located in Riverside, Bilar, Bohol. We also doanted One (1) unit chainsaw with serial number 145476057 to local Government unit (LGU) of Maribojoc, Bohol represented by its Municipal Mayor Gumersendo M. Arocha. Per approved deed of donation, 490.97 board feet or 1.157 cubic meter of Mahogany and Antipolo Lumber in favor to Philippine National Police, Bohol Police Provincial Office, Camp Francisco Dagohoy, Tagbilaran City, Bohol.

On the other aspect of operations, Enforcement Unit formulated and conducted massive Information and Education Campaign strategy to Local Chief Executives, Barangay Council, Association of Barangay Captains, Sangguniang Bayan, Forest occupants and Users. Also distributed more than 3,000 of IEC materials to locals. Forest Rangers and newly hired Three (3) Forest Protection Officers were tasked to attend different meetings in the community where they are assigned for the public to be made aware of the various forest protection programs, objectives and updates forestry laws, rules and regulations including actual Law Enforcement Activities. Issued two hundred seventy eight (278) chainsaw registration permit for new and renewal this year (see attached annex E). Forest communities were also involved in forest protection works. Issued two (2) Memorandum of Agreement between the Department of Environment and Natural Resources to Taytay Eskaya Tribe and Cantaub Eskaya Tribe.

The unit also conducted orientation seminar and meeting for the chainsaw operators and wood users at Poblacion Sur, Batuan, Bohol. In addition, newly hired Forest Protection Officers attended the orientation of ENR Laws at Mayana, Jagna, Bohol last November 21, 2017.

On the other hand, Wildlife Monitoring Team conducted inventory of wildlife facilities as one of the duties in this unit. Forty-four (44) of this are holder of Wildlife Farm Permit (WFP) while 24 are holder of Certificate of Wildlife Registration (CWR) holders and one (1) facility has no permit yet.

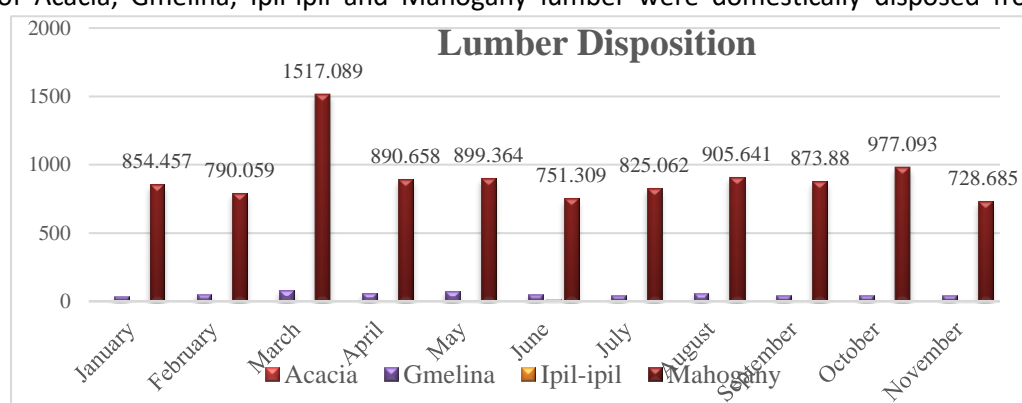

On Biodiversity-related Cases Acted Upon, the office have a target of ten (10) biodiversity related cases acted and had accomplished Fifty Two (52). These are wildlife which was voluntarily turned-over to the CENRO office.

Last May 25, 2017, the office conducted orientation seminar for deputation of Wildlife Enforcement Officers held at Jj's Seafood's, Tagbilaran City. Environmental Laws were discussed by different speakers re: RA 7586 "NIPAS Act", RA 9003 "Ecological Solid Waste Management", RA 9072 "Cave Act", PD 705 Revised Forestry Code of the Philippines, RA 9175 "Chainsaw Act", Climate Change and RA 9147 "Wildlife Protection and Conservation Act". The office have a target of 13 WEOs deputized and accomplished 25 or equivalent to 192%.

### Forest Utilization and Regulatory Services Unit

Being a regulatory unit, it's involved in the processing of different kind of application for permits, leases and licenses; monitoring of transported forest products, processing plants and related industries, and conduct of inspection/survey and verification of special land use applications. The Forest Utilization and Regulatory Services Unit conducted inventory/audit of lumber of registered wood processing plants/permittees and registered lumber dealers in order to determine that all lumber supply come from legal sources. A total of 10,645.46 m<sup>3</sup> of Acacia, Gmelina, Ipil-ipil and Mahogany lumber were domestically disposed from January to

2017.

December,

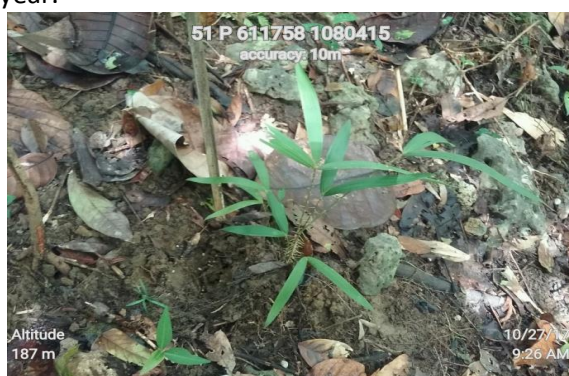

### Compliance Monitoring Tool

Using the CBFMA holder compliance monitoring tool, the unit conducted monitoring of the 23 POs within CENRO-Tagbilaran jurisdiction. It was found out that some organizations are inactive. Most of them are those who did not avail any projects from the DENR like the NGP and CBFM-CARP and from LGUs and NGOs.

### Monitoring on the Implementation of CBFM-CARP 2016

There were two CBFM PO beneficiary of CBFM-CARP 2016, the Cainoy ISF Association in Bockol, Balilihan and Imelda CBRM-SALE PO in Imelda, Duero, Bohol. Both have established 50 hectares rattan plantation within their CBFM areas. All activities stipulated on the Work and Financial Plan was accomplished at the 3<sup>rd</sup> quarter of this year.

### CSC Assessment

A total of 26 CSC Holders were assessed this year particularly in the municipality of Sikatuna and Sierrabullones, Bohol. All of which were recommended for renewal (see attached annex G).

### Foreshore Lease Appraisal/Re-appraisal

The Land Management Section appraised/re-appraised 41 foreshore lease applications within CENRO-Tagbilaran City's jurisdiction. The table below shows the foreshore lease permits appraised and reappraised with recommended valuation based on DAO 1998-20 (UWM:38).

### SPECIAL EVENTS

In celebration on World Wetland Day, CENRO Tagbilaran conducted an Information and Education Campaign last February 2, 2017 at Garcia Hernandez Elementary School, Garcia Hernandez, Bohol. On the other hand, last April 7, 2017 CENRO Tagbilaran personnel together with the On-the-Job Trainees (OJT's) from University of Bohol (UB), Bohol Island State University-Clarín & Candijay Campus participated the Province wide Clean-up Day. Wastes gathered were segregated by biodegradable and non-biodegradable materials and was weighed.

In celebration of Earth Day this year, CENRO Tagbilaran conducted an Orientation on Environmental Laws and Projects for the OJT's at CENRO Tagbilaran Conference Hall last April 19, 2017. Relative thereto, Simultaneous Mangrove Planting was conducted last April 22, 2017 at Poblacion, Dimiao, Bohol which was participated by CENRO Tagbilaran City personnel, BISU OJTs, LGU Officials, PNP and PAGSA, a Peoples' Organization of Dimiao. About

8,500 propagules of Bakauan species were planted.

On the month of May, CENRO Tagbilaran participated the Ocean Month Celebration. There was a Kick-off Program held at National Irrigation Administration Compound, Dao District, Tagbilaran City, Bohol. CENRO Tagbilaran presented an Enviromental Song with an Interpretrative Dance. IEC inputs with powerpoint presentation was held at the AVP.

For the month of June, CENRO Tagbilaran has packed a schedule of activities for the celebration of the Philippine Environment Month with a theme “Connecting People to Nature”. There was a Kick-Off Activity on Environmental Month at Cortes Gymnasium, Cortes, Bohol. Another event celebrated for this month is the Eagle Week and Coral Triangle Day. The office conducted an IEC last June 14, 2017 at Rajah Sikatuna Protected Landscape (RSPL) Nature Center, Bilar, Bohol. It was attended by the BLGUs of Riverside and Zamora, Bilar with three Peoples Organization; Bilar Water and Sanitation Multipurpose Cooperative, Riverside Farmers Association and Villasuerte Farmers Association. On June 25, 2017, CENRO Tagbilaran planted about 1,500 seedlings of cacao at Barangays in Bongbong and Libertad, Catigbian, Bohol in celebration of Arbor Day.

Last September 16, 2017 at Bahi, Albuquerque, Bohol, this office has joined the 32<sup>nd</sup> International Coastal Clean-Up Day with the theme: “Together for our Ocean”. People around the world gather on beaches, coasts, rivers, waterways and underwater dive sitedsn to remove trash and record information on the debris collected.

## ANNEX H. Lists of CENRO Tagbilaran Regular Employees

CENRO - Tagbilaran		Plantilla/Position	Designation/Actual Place of Assignment
<b>2</b>	<b><i>Office of the CENRO</i></b>		
1	Laurentino A. Bautista	DMO V	CENR Officer CENRO - Tagbilaran
2	Leonardo T. Elle	Supervising Ecosystem Management Specialist	Supervising Ecosystem Mgt. Specialist
<b>6</b>	<b><i>Support Services Unit</i></b>		
1	Maria Corazon T. Colarines	Ecosystem Management Specialist II	Administrative Officer
2	Carmencita G. Dagupan	Credit Officer I	Credit Officer
3	Teodosia B. Gingo	Admn. Aide VI	Staff, Support Services/ Planning Officer
4	Lesley Anne M. Basco	Admn. Aide VI	Staff, Support Services/ Property Custodian
5	Asuncion V. Balazuela	Laborer I	Staff, Support Services/ Receiving Clerk
6	Sofronia L. Guiritan	Engineering Aide	Staff, Survey & Mapping
<b>16</b>	<b><i>Conservation &amp; Development Unit</i></b>		
1	Narciso G. Gapas	Senior Ecosystem Management Specialist	Chief, Conservation & Development Unit
2	Allan P. Hilot	Ecosystem Management Specialist II	Staff, CDU/APASu RSPL
3	Lorna L. Fernandez	Forester II	Staff, CDU/APASu, CHNM
4	Eleuterio N. Abing	Ecosystem Management Specialist I	Staff, CDU/APASu LWFR
5	Margarito B. Café, Jr.	Forest Technician I	Staff, CDU/SCREMP Coordinator
6	Genaro S. Cutin	Forest Technician I	Staff, CDU/ Ext. Officer
7	Benigno J. Gamayot	Ecosystem Management Specialist I	Staff, CDU/APASu ALL PLIS
8	Teofilo S. Gamil, Jr.	Forest Technician I	Staff, CDU/Ext. Officer
9	Basilides D. Orioque	Forester I	Staff, CDU/CMMS Coord./ APASu CGIMSFR

CENRO - Tagbilaran		Plantilla/Position	Designation/Actual Place of Assignment
10	Maria Arlene M. Pagolong	Forest Technician I	Staff, CDU
11	Clemente M. Regis, Jr.	Forester I	Staff, CDU/APASu PIPS
12	Gilbert O. Suarez	Forester I	Staff, CDU/Catigbian Central Nursery Incharge
13	Ryan A. Sugala	Forest Technician I	Staff, CDU/ APASu CGIWA
14	Christy Rina T. Tare	Forest Technician I	Staff, CDU/APASu CSIMSFR
15	Merlita D. Tinay	Forest Technician II	Staff, CDU/TCP Coord., Ext. Officer Sikatuna & Corella
16	Rosito D. Ydulzura	Forest Technician II	Staff, CDU/APASu ACARWFR
<b>21</b>	<b>Enforcement Unit</b>		
1	Walter A. Ramirez	Forester III	Chief, Enforcement Unit/ LEP
2	Joan A. Estorpe	Forester II	Staff, Enforcement Unit
3	Marieta A. Abing	Forest Ranger	Staff, Enforcement Unit/ Canvasser
4	Ludivina N. Baay	Forester I	Staff, Enforcement Unit
5	Anecito C. Bayocot	Forest Ranger	Staff, Enforcement Unit/FR
6	Reinerio Q. Colarines	Forest Ranger	Staff, Enforcement Unit/FR
7	Kim Arlee B. Goloso	Forest Ranger	Staff, Enforcement Unit/FR
8	Rolando P. Hilot	Forest Ranger	Staff, Enforcement Unit/FR
9	Tertuliano C. Lumantas	Forester I	Staff, Enforcement Unit/FR
10	Renato T. Mangaya-ay	Farm Foreman	Staff, Enforcement Unit/FR
11	Tito D. Niño Franco	Forest Ranger	Staff, Enforcement Unit/FR
12	Harold Vincent Padilla	Forest Ranger	Staff Enforcement Unit / FR
13	Isabel L. Palingcod	Forester I	Staff, Enforcement Unit/FR
14	Venacio A. Pojas	Forest Ranger	Staff, Enforcement Unit/FR
15	Jeffrey N. Racho	Forest Ranger	Staff, Enforcement Unit/FR
16	Andres A. Salado, Jr.	Forest Ranger	Staff, Enforcement Unit/FR
17	Jea Mei G. Saligan	Forest Ranger	Staff, Enforcement Unit/ Alternate Credit Officer
18	Maximo C. Tahud, Jr.	Forest Ranger	Staff, Enforcement Unit/ Forest Ranger
19	Salvador C. Torregosa	Forest Ranger	Staff, Enforcement Unit/FR
20	Nestor N. Danong	Forest Ranger	Staff, Enforcement Unit/FR
21	Nicomedes B. Macalam	Laborer I	Staff, Enforcement Unit/FR
<b>18</b>	<b>Licenses, Patents &amp; Deeds Unit</b>		
1	Aurelio D. Baay, Jr.	LMO III	Chief, LPD Unit
2	Petronilo D. Auxtero	Cartographer I	Staff, LPDU

CENRO - Tagbilaran		Plantilla/Position	Designation/Actual Place of Assignment
3	Victoria A. Elle	EMS I	Staff, LPDU
4	Danilo E. Floresca	Admn. Officer I(Records Off.)	Staff, LPDU/Records Officer
5	Rochelyn T. Fuentes	LMO II	Staff, LPDU/SLI/IO
6	Rafael A. Logroño	Park Maint. Foreman	Staff, LPDU
7	Norman A. Monungolh	LMO I	Staff, LPDU/Special Land Investigator
8	Melanie N. Llanto	Mathematician Aide II	Staff, LPDU
9	Rosita A. Maglajos	Admn. Aide VI	Staff, Support Services/ Releasing Clerk
10	Benjamin G. Revita	Surveyman	Staff, LPDU
11	Simplicito C. Riancho	Surveyman	Staff, LPDU
12	Rosario S. Ano	Admn. Aide IV	Staff, LPDU
13	Godofreda P. Carajay	Utility Worker I	Staff, LPDU
14	Feliciano C. Caseres		Staff, LPDU
15	Juan Jesus D. Lanzaderas, Jr.		Staff, LPDU
16	Albert Tulang		Staff, LPDU
17	Marilou R. Albutra	Computer Operator I	Staff, LPDU
18	Ma. Resurecion M. Milagrosa	Mathematician I	Staff, LPDU
5	<b><i>Surveys and Mapping Unit</i></b>		
1	Myrna V. Labuan	Engineer II	Chief, Survey & Mapping
2	Christopher L. Calipusan	Forest Technician II	GIS, Survey & Mapping Unit
3	Wilfredo S. Dumasig	Forest Technician II	GIS, Survey & Mapping Unit
4	Victorina T. Jumawid	Cartographer I	Staff, Survey & Mapping
5	Edwin T. Maghuyop	Laborer I	Staff, Survey & Mapping

**ANNEX I. List of Job Order Employees:**

1	Abaya	Blas Milgen	Lumantas	RSPL, Bilar
2	Abaya	Ma. Flor	Pabe	RSPL, Bilar
3	Abella	Nivelyn	Anga	CD Unit
4	Acaylar	John Rey	Taculod	CD Unit
5	Adlaon	Daryl Paul	Digal	CD Unit
6	Alderite	Mahalil Leslee	Redillas	CD Unit

## ACCOMPLISHMENT REPORT FOR 2017

The CY 2017 Programs/Projects/Activities under the Major Final Outputs contributed to the attainment of the Organizational Outcomes on the CENRO, PENRO, Regional and National level in achieving Efficient, Effective and Responsive Environment for Sustainable ENR Management. Implementation of its major programs/projects was guided by the provisions of some landmark legislations.

### Major Final Output (MFO) 1 (Ecosystem Policy Services)

#### A. Preparation and Updating of Climate-Resilient Plan

##### 1. Updating of Community Resource Management Framework (CRMF)

The Community Resource Management Framework is a 25-year plan which serves as the strategic plan of the people's organization on how to manage and benefit from the forest resources on a sustainable basis. The 25-year CRMF is further sub-divided into 5-year work plan that describes how the PO intends to implement their CRMF vision during the period and indicates the key activities to be undertaken. Its preparation is governed by DAO No. 2004-29. The CBFM Coordinators formulated action plan in the preparation of CRMF where milestone reports were prepared every month to document progress. This included series of community consultations, meetings and writeshops with the CBFM-POs and resulted to the finalization of framework.

Thus, CBFM Unit was conducted CRMF formulation of the newly approved CBFMA Sikatuna Upland Farmers Association (SUFA) located at Sikatuna Talibon, Bohol last April 20-21, 2017 and one (1) CBFM-PO had their CRMF updated, it was PO of Panadtaran Mangrove Association (PAMAS) located at Panadtaran, Candijay, Bohol last September 27-28, 2017. This was to determine what have already been accomplished based on the prepared plan and what is still to be done and most of all what are the available resources in the area that have to be developed or to be utilized for development leading to sustainable management, protection and conservation of the forest resources entrusted to them. The CRMF was conducted in which FMB Technical Bulletin No. 20 "Enhances Guidelines and Procedures in the Preparation of the CRFM and FYWP" as guidance in undertaking of the said activities.

PO members of SUFA conducted community mapping as part of the preparation of CRMF located at Sikatuna, Talibon, Bohol on April 20-21, 2017.

(Standing) CDD Regional Staff Ben Mutya discussed on how to update the CRMF Plan of PO PAMAS located at Panadtaran, Candijay, Bohol on Sept. 27-28, 2017.

## 2. Inventory of Private Tree Plantation/ Mapping of Timber Resource

DENR is the primer hopes to guide local tree farmers to properly register, harvest, and transport their planted trees and market wood products from these trees. By virtue of Department Memorandum Circular No. 97-09 has as its purpose, the documentation of tree plantations on private land. Specifically, this instrument (Sec.1, DMC # 97-09) is designed: to determine the extent of tree planting on private land; to facilitate the processing of documentation requirements for future harvests; and to set a means to recognize the participation of private landowners in the tree plantation development program of the government.

Further, Tree plantation registration will help make harvesting and transport of timber easier, easy to secure documents/clearances to harvest and transport timber products from private plantation and better access to potential buyers through DENR database information system. For landowners to be given approval for their timber harvesting, it is necessary that their private tree plantations be first registered with the DENR.

With this, a total of 170 private tree plantations inventoried and timber resource mapped with reports to be uploaded in FIS and Certificate of Tree Plantation Ownership (CTPO) have been issued and currently monitored, together with the other approved CTPOs from previous years. (*Please see table 2- List of CTPO*)

The office has registered a total of one hundred forty five (145) chainsaws, which consists of the newly registered chainsaws and the renewal of existing chainsaws. In order to prevent proliferation of chop-chop/assembled chainsaw, the office is conducting actual inspection of the chainsaw followed by a memorandum report from the inspecting officer. (*See Annex A*)

For CY 2017, there are thirteen (13) registered Lumber Dealership establishments within CENRO, Talibon. Four (4) of it has and will operating this CY 2017 and the remaining nine (9) registered Lumber Dealers will be expire for the same year. (*See Annex B*) In order to secure and monitor the movement of forest products particularly the major forest products, the office conducted on-site inventory and monitoring of lumber stocks in the lumber yards of registered lumber dealers. In addition, meetings with the lumber dealers were also conducted.

## B. ENR Data Management

### 1. Forest Products Utilization and Price Monitoring

In line with DAO 2000-55, providing the rules and regulations governing the implementation of the Revised Price Monitoring System (RPMS) for forest products, the DENR CENRO Talibon through the CDU and the In-charged monitors and consolidates market price data of selected forest products to develop and maintain database which will be used for policy development and planning purposes. To comply with the provisions of this Order, the In-charged conducted an on- site visitation to all establishments selling forest products every quarter to monitor market price data. Monitoring reports revealed that the domestic retail prices of rough lumber like mahogany, gemelina, acacia mangium continue to vary every month. The same was observed in the domestic retails prices of non-timber forest products like firewood, honey, nipa shingle, wood charcoal and rattan.

### 2. Re-surveying and Mapping of Existing Tenurial Instruments

On the last week of June 2017 the CBFM Focal person together with GIS personnel of CENRO Talibon and PO Officers were conducted re-survey of the CBFMA area of Panadtaran Mangrove Association (PAMAS) located at Panadtaran Candijay, Bohol. Based on the approved CBFMA of the said PO they had 597 hectares, however per result of the perimeter survey using handheld GPS it has only a total of 366 hectares contained in their area. Considering the result of the re-survey the area of PO PAMAS is significantly decreasing to 231 hectares.

### 3. Forest Land Use Planning (FLUP)

To develop and ensure sustainable management of forests and forestlands, a Forest Land Use Plan (FLUP) is essential. Forest land use planning is a participatory process allocating forests and forestlands as natural resource asset by the government under appropriate management, tenure arrangement and eventually putting these assets according to their best uses in order to harmonize uses of forest lands and to attain a balance of production activities with forest protection and biodiversity conservation. As mandated by law, the FLUP shall be integrated in the LGUs Comprehensive Land Use Plans (CLUPs) as mandated by Executive Order No. 318.

DENR and Local Government Units (LGUs) now shares the responsibility of maintaining the ecological balance within their respective jurisdictions. There were certain functions such as forest management were devolved to the LGUs as per Local Government Code (RA 7160). This Code allows for the DENR and the LGU to enter into a co-management agreement, which empowers the LGU to develop, manage, protect and use in a sustainable manner a specified area of forest/ forest land.

This year 2017, cognizant to FMB Technical Bulletin No. 2, technical assistance was extended to LGU of Anda, Bohol in the formulation of their FLUP under Memorandum of Agreements dated February 9, 2017 with the Creation of Municipal Technical Working Group (MTWG). Series of meetings, consultations and workshops were conducted involving the participation of the LGU and communities be able to gather primary data and have baseline information on the strength, threats and weaknesses as input in the FLUP preparation.

**Module 1: Community Profiling conducted in Katipunan, Anda, Bohol on February 22, 2017.** (Orientation on TAP-enhanced Forest Land Use Planning) provides an overview of the FLUP process & discussion of good governance principles (transparency, accountability & participatory decision-making or TAP) in the preparation & implementation of the plan.

**Module 2: Community Profiling conducted in Katipunan, Anda, Bohol on February 22, 2017.** (Social Preparation, Profiling and Mapping) emphasizes the need for forest stakeholders to participate in giving inputs to the process of data gathering and validation as reliable pieces of information are very important for a sound and informed decision making.

**Module 3: Situational Analysis conducted last May 31-June 2, 2017 at Training Center, Anda, Bohol** provides a step-by-step guide in evaluating the existing condition of the LGU's forests and forest lands through map overlay analysis, simplified simulation techniques and other tools. A primary purpose of this module is the validation and sharing of initial findings (based on data gathered during the previous module) with key stakeholders.

**Module 4: Strategic Planning conducted last July 5-7, 2017 at Training Center, Anda, Bohol** - FLUP implementation strategies should be **based on findings of the situational analysis**: potentials/constraints discovered will create basis to formulate overall strategy and priority areas of action. Purpose of strategic planning is to create initial road map for implementation of the FLUP.

Finally, Drafted FLUP was finalized and adopted by the Sangguniang Bayan concerned. However, it is still subject to final review of the Provincial FLUP Committee and to the Regional Technical Management Board (RTMB) before it will be approved by the DENR for implementation.

However, LGUs that were not originally targeted were encouraged to undertake FLU Planning. In the middle of the second semester, three (3) municipalities requested for assistance like Guindulman, Dagohoy and Getafe, Bohol. The LGUs that positively responded had committed to provide counterpart funding in the workshops which were 100% attended by target stakeholder groups. Since it was started late, mostly were at the module 1 stage.

## **Major Final Output (MFO) 2 (Ecosystem Management Services)**

### **A. Forest Development and Rehabilitation and Protection**

#### **1. Strategy on seedling production**

As early as November 2016, the office has already anticipated huge target for seedling production intended for the maintenance and protection of NGP sites within the jurisdiction as chain reaction cause by the excessive heat, fire occurrence, inappropriate seedlings preference in some NGP sites and mortality mainly because of some laxity in part of the NGP beneficiaries. In order to accomplish the target, several strategies were given preferential attention for seedling production and its distribution, to wit:

By Administration - Having a permanent nursery facility and spacious area for seedling storage, the office is maintaining six (6) contractual personnel as nursery aides to cater the production of seedlings of various species intended not only for the consumption of NGP target but also to provide seedling requirements to other entities such as the DepEd, PNP, LGU's, OGA's and even private entities who are willing enough to support the greening program of the government. As our accomplishment for the administrative undertaken, CENRO Talibon nursery was able to produce around 25,000 seedlings; 30,000 for Central nursery; 12,000 Dagohoy nursery; 21,000 Project Area II and 2,000 000 Project Area I. To sum up the accomplishment around 90,000 seedlings were raised by CENRO thru administration effort.

To fast tract the accomplishment of seedling production, an office innovation was adopted by the office as per instruction of CENRO Elpidio R. Palaca on early part of the first quarter CY 2017, requiring all Extension Officers (EO's) to conduct 2,000 potting/bagging for the seedling production and this form part of their intervening target that are added to PES rating.

In CENRO Talibon, seedling production intended for the accomplishment of the area subject for the catch up is being tied up to all backlogs within the jurisdiction, a total of 45,797 seedlings were being provided to NGP areas and successfully help a lot in coping up their slippages in replanting activity.

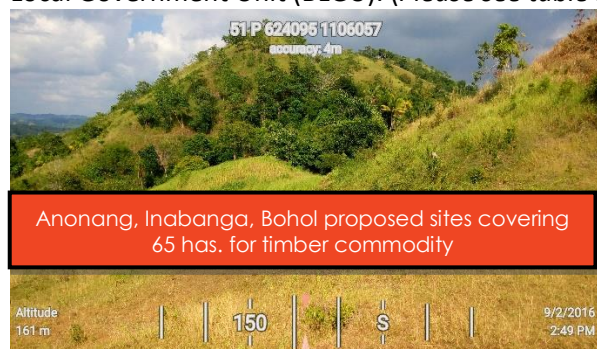

#### **2. Enhance National Greening Program (eNGP)**

National Greening Program (NGP) is the DENR flagship program of PNOY administration, marks its year seven (7) implementation in which huge of target falls in this year was a challenging and difficult one. Different set of strategies have been pursued to meet the targets and properly assessed to pursue its goals and objectives.

The program was then strengthened and sustained through EO No. 193 as it expands its coverage to 2028, following its Implementing Rules and Regulation under DENR Administration No. 20 s. 2016. This prioritizes forest parks, development of new plantations and sustainable management of established plantations as well as protection of existing forest plantation. This aims to reduce poverty, providing alternative livelihood activities for marginalized upland and lowland households. However, the project was successfully implemented under the leadership of the newly installed CENR Officer. Thus, the Conservation and Development Unit Chief, NGP

Coordinator, Project Managers and Extension Officers should be more attentive to oversee the implementation of the NGP.

For the year, CENRO Talibon was given a total target of 2,702 hectares broken down into six (6) commodities as follows: Cacao – 380 hectares, Fruit trees – 168 hectares, Timber -860 hectares, Bamboo -694 hectares, Rattan -350 hectares and Mangrove -250 hectares, and was able to award 87 contracts to various partners or stakeholders under this program of which involving 12 Peoples Organization (PO) and 30 Barangay Local Government Unit (BLGU). (Please see table 3 and 4).

NGP has three phases, i.e, Seedling Production, Plantation Establishment (SOCMOB) and Plantation Maintenance and Protection of Established Plantation (PMEP)

## Site Assessment

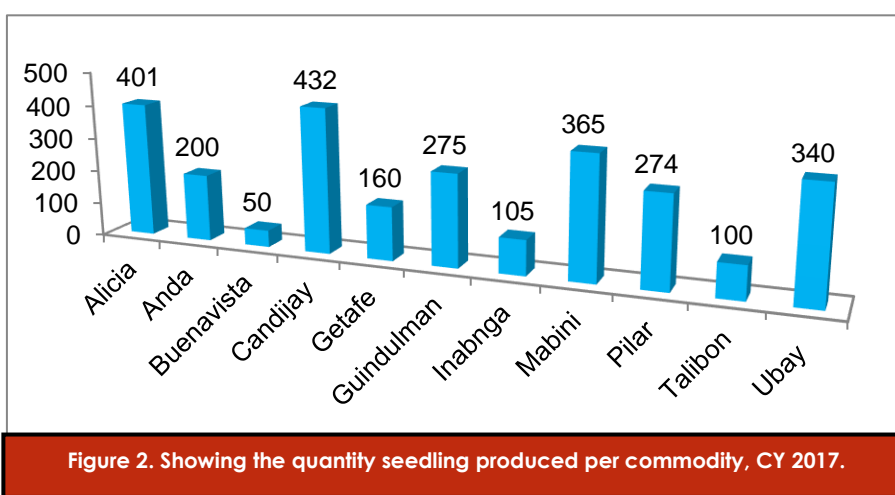

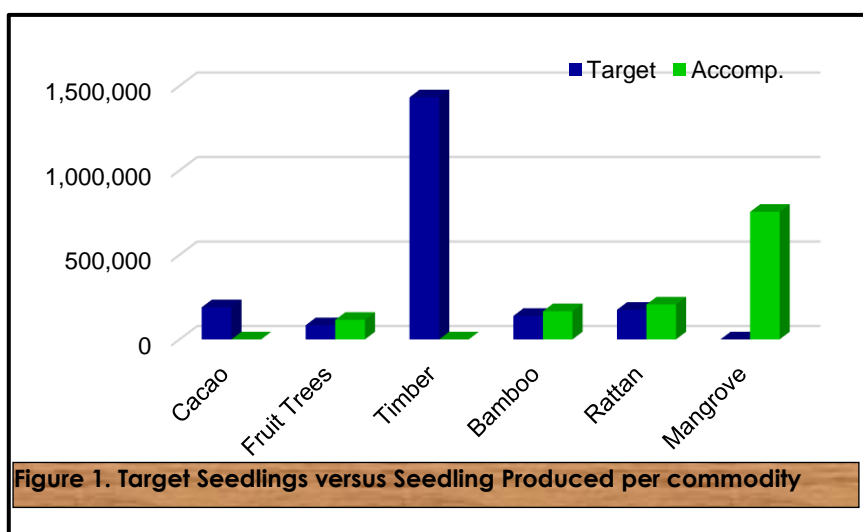

To purposely smoothen the implementation of Expanded NGP, Survey, Mapping and Planning (SMP) was conducted on the last quarter of 2016 prior to 2017 establishment. As a result, a total of 2,761 hectares was surveyed and assessed for allocation of funds and project installation so as to suitability of site and species. The areas were distributed in 7 municipalities namely: Ubay, Candijay, Pilar, Alicia, Guindulman, Getafe, and Mabini, Bohol. SMP also, is the basis for the allocation of Letter of Agreement (LOAs) by the POs and BLGUs.

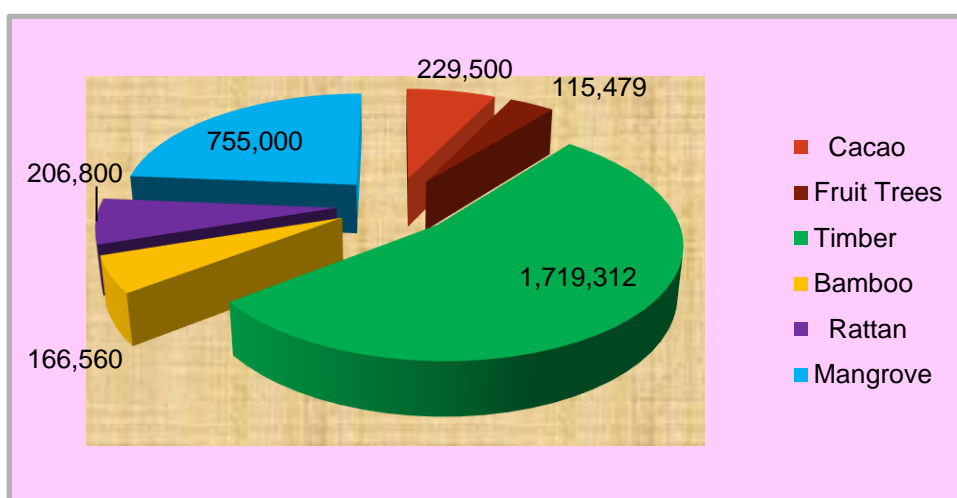

## Seedling Production

DENR CENRO Talibon has accomplished 121% for the Seedling production which represent to 3,192,651 seedlings against its 2,645,560 target having 547,091 excess that is intended for 20% mortality. (See Geo-tagged Photos below, figure 1& 2 and attached table 5)

**Figure 3. Plantation established in hectares for eNGP 2017 per municipality,**

## Plantation Establishment

For plantation establishment, CENRO Talibon actually planted and developed an area of 2,702 hectares, which corresponds to 100% accomplishment, distributed in eleven (11) municipalities which were implemented by 42 POs/BLGUs in which Twelve (12) were Peoples Organizations and 30 BLGUs. Base on the shown graft above, it revealed that municipality of Candijay has the largest area developed by 432 hectares, followed by Municipality of Alicia having 401 hectares' area while Buenavista got the smallest area accomplished covering 50 hectares respectively (as shown in figure 3 and table 6).

## Maintenance and Protection of Established Plantation

Despite with the vast area covered, CENRO Talibon still on its tract in maintaining and protecting the 7,931 hectares of plantations established on 2015 up to 2016. In 2015, a total of 2,290 hectares established and maintained. For 2016 reached 1,440 hectares while MBFDP 2015 is about 2,701 hectares. In addition, Sustainable Integrated Area Development (SIAD) contributed 1,500 hectares undertook MPEP later this year. (Please see tables 7 ,8 and 9) Project recipients continued to perform ring weeding, strip brushing, fertilizer application and constructed firelines for upland and removal of sea barnacles and algal bloom for the lowland area to ensure maintenance and protection of the plantation sites. Replanting was done to conciliate mortalities,

patrol works was done regularly by the PO members and to strengthen forest fire protection, thus a forest fire brigade were created.

Further, since the established plantation from CY 2011-2014 had no more allotted budget, yet the office initiated some strategies in order to maintained and protect the areas. To summarized, Plantation maintenance and Protection had a covering total area of 17,156.86 from CY 2011-2016 respectively as shown in the table below.

**Table 10. Plantation established subject for MPEP, CY 2017.**

Year	Area (ha.)	No. of Poly	Remarks
2011	1,106.68	115	No Budget
2012	1,285.79	87	No Budget
2013	4,577.61	387	No Budget
2014	3,255.29	227	No Budget
<b>Sub Total</b>	<b>10,225.37</b>	<b>816</b>	
2015	4,991.49	227	With Budget
2016 (Regular)	1,440	32	With Budget
2016 (Cont.)	500	37	With Budget
<b>Sub Total</b>	<b>7,931.49</b>	<b>296</b>	
<b>Grand Total</b>	<b>17,156.86</b>	<b>1,112</b>	

Other major activities undertaken were the compilation of the 258 Certificate of Site Development of CY 2011-2016 NGP plantations, geo-tagging of 1,182 sites of CY 2011-2016 established NGP plantations, since geo-tagging is one of the technologies being used by the NGP to promote transparency and good governance. As monitoring tool, geo-tagged photos show the status of plantation sites thereby facilitating validation and evaluation of sites.

### Community Based Employment Program

The National Greening Program (NGP) has remained a standard bearer for the alleviation of poverty along with the grassroots participatory budgeting through the Community Based Employment Program (CBEP). With the vast area established for reforestation through the National Greening Program in the year 2017, a total of 5,941 generated jobs within Forty-Two (42) Peoples Organization (PO)/MLGU/BLGU who were the recipients of the project. *Relative to these, (please see Table 11).*

Based on the CBEP report it was found out that among the eleven (11) municipalities involved in the NGP, Municipality of Ubay, Bohol revealed to be of highest number of generated jobs which represents 1,535 while Municipality of Buenavista got the lowest number of created job with 99 only for the said year.

### Hiring of Extension Officer

Considering a huge and far-flung area covered by the CENRO Talibon to include Plantations established in CY 2011-2014, fourteen (14) Extension Officers were hired to focus on the implementation of NGP targets in the field. Extension Officers should provide technical assistance in all activities involved in the NGP areas.

### Site Assessment

Further, a total of 3,245 hectares were Surveyed, Mapped and Planned in order to overlay ahead of the coverage area for ENGP CY 2018 accompanied with site assessment for accurate identification of suitable species/commodity. This should be the basis for instituting Letter of Agreement (LOAs) by the POs and other partner stakeholders.

San Vicente Ubay one of the proposed site for CY 2018 covering 232 has. for timber commodity.

### Information and Education Campaign

Prior to its implementation, IEC campaign was continually intensify to inform and refresh the recipients, organizations, local communities and among stakeholders on the Expanded NGP. This is also to assess and answer other related issues and concerns encountered during previous implementation, and to further increase awareness on one's environmental responsibility in the combat of climate change. Close coordination among stakeholders, conduct of consultative meetings, pulong-pulong, and appearances to local officials were done in

Conduct IEC to the partner stakeholder PO ROFA regarding the implementation of NGP with their PO President Romeo Melecio and Project Incharged For. Abundio V. Curit, Jr.

Consultative Meetings for NGP Implementation in the Municipality of Mabini, Bohol led by PENRO Eusalem Quiwag.

The National Greening Program promotes POs' inclusion in all NGP projects by strengthening their participation in natural resources management, conservation, protection, enhancement of productivity and decision-making. This year, CENRO Talibon continue striving to obtain the maximum performance to hasten the project. With this, Consultative/POs meeting was conducted by the CENR Officer attended by OIC, RD of Region 7, together with the PENRO Bohol technical personnel and Extension Officers to persistently update the status of the project and discuss issues and concern affecting NGP operation.

1st POs/BLGUs Consultative Meeting on May 9, 2017 with our OIC, Regional Director Emma E. Melana, PENRO Technical Personnel and CENRO Roldan Cotejo.

### Conduct of Physical Validation

To verify and came up a comprehensive assessment on the status of 2011-2017 NGP plantation, Forest Management Bureau (FMB) Conducted Technical Monitoring and Evaluation of NGP site 2011-2017 last July 19-20, 2017 for the purpose of determining the status for both Physical and Financial accomplishment of seedling production and plantation establishment of CY 2017 ENGP and also CY 2011-2016 NGP sites including of those Maintenance and Protection of CY 2015-2016 in which still have an allotted budget for this year. And to determine if CY 2011-2014 NGP site were ready for turned over to partner stakeholder.

FMB Technical Monitoring and Evaluation Team conducted interview and validation of the CY 2012 established plantation in PO LUFA located at Lusong,

Monitoring and Evaluation team from PENRO Bohol was deployed to account and verify the correctness of POs request for inspection of activities conducted, with corresponding amount based on Work and Financial Plan per periodic billing of the reported physical accomplishments, on area planted, seedlings planted and total seedling produced including the maintenance and protection activities. To promote transparency on locations of photos taken from different plantations, geo-tagging was conducted by PO and by polygon, through the assigned Extension Officers respectively.

PENRO M&E Team conducted a monitoring on Fireline construction activity CY 2016 establishment at BLGU Magsaysay, Talibon, Bohol.

## Highlights of National Greening Program

### Sustainable Integrated Area Development (SIAD)

Sustainable Integrated Area Development or SIAD is a comprehensive approach to eradicate poverty while achieving sustainable development. This scheme allows other partner agencies and stakeholders to integrate other government programs and initiatives in some particular areas.

CENRO Talibon is one of the recipient of Sustainable Integrated Area Development (SIAD) which was introduced in the last quarter of CY 2016 and implemented early this year with an aggregate area of 1,500 hectares which breakdown to: mangrove-1,000 hectares and bamboo- 500 hectares respectively. Precisely, mangrove serve as natural defense and resilience of our coastline and bamboo for the protection and rehabilitation of watershed areas. Also, SIAD assists POs/LGUs in mobilizing broad-based support for poverty eradication and sustainable development plans to our stakeholder as partners in the project implementation.

SIAD CY 2016 seedling production this year reached 10,312,000 of accomplishment. Potted bongalon comprising 715,294, prapagules totalled to 9,637,500 and bamboo stumps 102,000. This agreement is clearly stated in their Letter of Agreement (LOA) signed prior to the commencement of the project. (See table 12)

PO CPG LIPCO collection of propagules for SIAD CY 2016  
Area: 60 has. Location: (Coastal Bravs.) PCPG.

BLGU Lombog, Guindulman, Bohol - Bamboo stumps collection (SIAD CY 2016) Area:

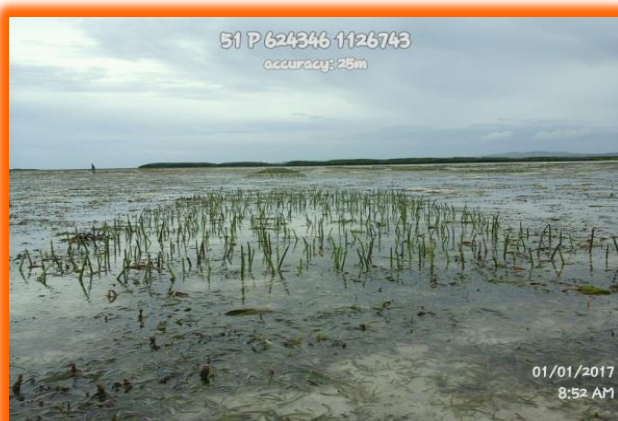

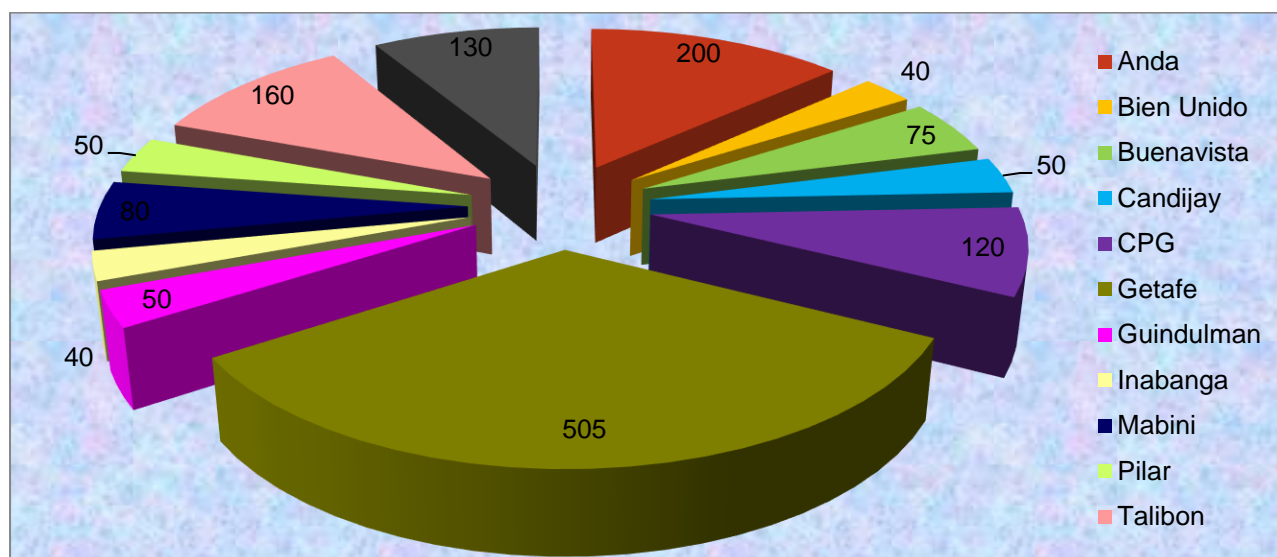

Baryohanong Nagpakabana Batok Niadtong Abusado sa Kinaiyahan (Potted Bongalon) SIAD CY 2016  
Area: 5 has. Location: Tugas, Getafe, Bohol

## Plantation Establishment

This year SIAD established 1,500 hectares of which were distributed in 12 municipality namely Anda 200, Bien Unido 40, Buenavista 75, Candijay 50, CPG 120, Getafe 505, guindulman 50, Inabanga 40, Mabini 80, Pilar 50, Talibon 160, Ubay 130. (See Figure 5 below)

**Figure 5. Showing the list of Municipalities benefited thru SIAD CY 2016 (Additional).**

**PO NASFIMPA – one of the contractor of SIAD CY 2016 (Mangrove) located at Nasain, Getafe, Bohol Area: 65 hectares**

Another 600 hectares additional target for SIAD downloaded from RO at the later part of June 2017. As per approved WFP CY 2017 the project focus only to the Carood Watershed areas. The office successfully accomplished 100 % of the target despite of some difficulties encountered like the production of seedlings of which comprises into two (2) commodities such as: Ilang-ilang (500 has.) and bignay (100 has.) But because the project started late, certainly producing such seedlings was quite difficult to raised considering of the

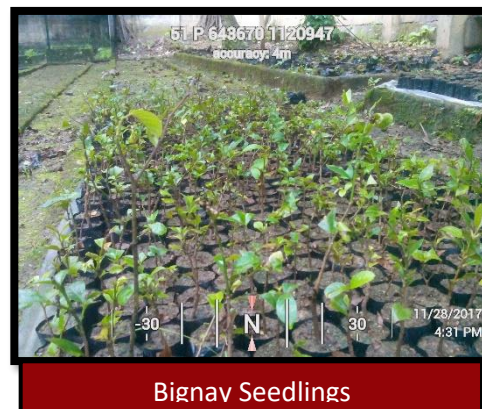

**Ylang-ylang seedlings raised by PO-RIPAMCO in Benliw,**

planting seasons. The POs/Recipient requested for a change of commodity in order to accomplish the target. Thus, an agreement reached that 25% covered of the original target and 75% of which is the change of commodity (fruit trees and timber) except the PO UFTPAI, Ubay, Bohol. (Please see table 13)

Beforehand, Ylang-ylang is known for its high commercial market for essential oils that can be extracted from the flower. As a member of the custard- apple family, ylang-ylang has also been known to have good medicinal value and is used mostly in the perfume industry, especially in France.

Further, binayuyu locally known as bignay is making progress and serves a growing trends of today's market as raw materials for wine making. Establishing the plantations indicates that empowering local communities in harnessing the potentials of nature by growing highly-commercialized raw materials like ylang-ylang and bignay maybe a suitable strategy in promoting sustainable living in the rural while addressing economic development. Summary of Accomplishments by source of fund are as follows:

1. Regular Target: 3,195, 331seedlings (timber, rattan, cacao, bamboo, fruit trees and mangrove) – 2,702 hectares
2. Additional Target (SIAD FY 2017): 410,786 seedlings (bignay, ilang-ilang, timber and fruit trees) – 600 hectares
3. Continuing (SIAD FY 2016): 10,312,000 seedlings (bamboo and mangrove) – 1,500 hectares
4. The NGP regular target has utilized a total budget of P 69,368,330.00 which include seedling production, site preparation and planting activities, protection and maintenance of established plantation, monitoring and evaluation and site Assessment for FY 2018. Also, a total of P10,020,000 for Additional Target (SIAD FY 2017) and P48,390,000 for Continuing (SIAD FY 2016).

### Other Intervening Innovative activities

One means of protecting plantation from occurrence of fire incidents resulting to plantation damaged, watch tower was then constructed one of the contiguous areas located in Sikatuna, Talibon and San Pascual, Ubay, Bohol. This will serve as the stand by area or the lookout line for the assigned EO and PO members in detecting fire occurrence and other hazardous factors that could might be harm or damage the plantation.

In full support of the government's goal – National Greening Program and to promote awareness as well as instill social and environmental consciousness on the value of forests and forestland, and enhance

in

BJMP Staff of Talibon conduted Tree Planting at Sikatuna Talibon, Bohol

the formation of positive values among youth and other partners through shared responsibilities in sustainable management of tree plantation and forest resources and complementing the efforts made by our NGP

PNP of Bien Unido conducted Mangrove Planting at Poblacion, Bien Unido, Bohol

partners a tree planting was conducted.

Without the full support, the implementation of NGP would be somehow difficult and struggling, hence, we would like to extend our appreciation to all those in one way or other helped in fulfilling our mandate. Final output of our NGP 2017 are the collective efforts coming from various Peoples Organization, volunteers, private entities, students from academe and of course dedicated Forest Extension Officers including field personnel who advocate in restoring our once lush forest.

## **B. Land Survey, Disposition and Records Management**

### **1. Land Disposition/Distribution**

The 1987 Philippine Constitution provides for the promotion of social justice to all citizens in all phases of national development Art. II section 10, one of which is to give equitable access to these resources, land for the landless. The land distribution program was revitalized to address the needs of the lowland poor communities in line with its mandate of managing and disposing Alienable and Disposable lands.

#### **A. Patent processing and issuance**

##### **➤ Agricultural Lands**

The issuance of title/patent over a certain parcel of lot creates a sense of security to land owners, while land productivity is being increased. For the year under report, a total of 1,562 agricultural free patent applications were processed and transmitted to the Registry of Deeds with an aggregate area 553.6178 hectares or equivalent to 64% accomplishment rate. The successful attainment of our target was met through the presence of LGU-DENR partnership enhanced the awareness and consciousness of stakeholders that encourage them to apply for land title. For instance, the joint force of the Local Government Unit of Inabanga and the DENR PENRO Bohol and CENRO Talibon conducted a “Land Title Operation” last September 5, 2017 in order to enlightened once minds concerning the importance of having a land title and its procedures on how to acquire the ownership. The LGU provide a free releasing of Tax Declaration and Municipal Zoning Ordinance to the applicant as one of the requirements in the Public Land Applications. Furthermore, coordination was also made to solicit support of deputized Municipal Assessors as part of the Memorandum of Partnership (MOPA) on Patent Awarding with MLGUs.

##### **➤ Residential Lands**

On the titling of residential lands, 308 free patent applications with an area of 1.3793 hectares were processed and transmitted to the Registry of Deeds.

Joint operation by the DENR PENRO, Bohol, CENRO Talibon and LGU-Inabanga for acceptance of free patent during the conduct of "Land Title Operation" at Inabanga, Bohol last September 5, 2017.

## B. Resolution of Land Disputes/ Cases

Disposition of land cases is awesome accomplishment. The many applications generated, filed and processed at the CENRO Talibon are most expected that not all land claims are free from adverse claims which are all welcome at the office. A total of 10 or 100% accomplishment rate for this year. Issuances of Order of Investigation in these cases are all transmitted to PENRO for proper litigation.

## C. Land Survey (Residential)

For this year, CENRO Talibon provided a free application for residential subdivision survey. Residential Lot Survey (RA 10023) was undertaken throughout the jurisdiction under the Office. A total of 752 lots were surveyed or 100% accomplishment rate vs. 750 targets for the year. Aside from residential survey, subdivision of agricultural lots was also undertaken to generate more applications for agricultural patents. Thus, a total of 229 lots surveyed for agricultural. (*Please see Table 14 for the number of lots surveyed per month*)

Prior to that, close coordination with the LGUs particularly in the barangay level were undertaken. Thus, a pulong –pulong was conducted with the barangay officials together with the lots claimants and to those who are interested to avail the free residential survey before the survey executed to appraise their obligations and the manner of the survey. Priorities were given to lots with no public land application, free from conflicts and disputes and a certification from LGU that the area is within the residential zone and not needed for public use. It is agreed that they must apply for the subdivided lots only. The office hired five (5) surveyors, the engineer, NMAX Operator, GIS Technician, Transit Man and the driver, who assist in the operations. Also, the Geodetic Engineer would assist in the verification of submitted survey returns respectively. Moreover, the surveyed residential areas are potential areas for patent processing and issuance.

SMU Team conducted pulong-pulong with the applicants and discussed the requirements for free patent subdivision survey located at Taytay, Getafe, Bohol last March 3, 2017

SMU Team Headed by Engr. Fernando L. Remoreras Jr (right) conducting actual ground lot survey & shot the boundary corners of lot pointed by the owners located at La Hacienda, Alicia, Bohol last March 6, 2017

Listed the Bearing distance and coordinates of lot located at Taytay, Getafe, Bohol last March 3, 2017

Using the Prism Pole to shot the corners of boundary located at Taytay, Getafe, Bohol last March 3, 2017

#### D. Land Records management

For this year, Land Records was fully operational and maintained in a well-organized files. Records personnel and staff double time its effort in accomplishing the target in encoding and scanning.

Furthermore, DENR Administrative Order No. 2010-18 provides for an efficient and quality land services to the public and strict implementation of the Land Administration and Management System in the jurisdiction. The Administrative Order was supported by Lands Memorandum Circular Nos. 2012-01 and 2013-004 and the Supplemental Guidelines dated December 11, 2013. This is a continuing activities because based on the foregoing office rules and procedures, the following activities were undertaken/accomplished for CY 2016 as reprogrammed, but DENR still waiting for out sourcing of the qualified bidders to packages the activity.

For CY 2017, early for the first quarter supposedly the activities started but due to some constraints it was reprogrammed late at the second quarter, hence two (2) Contractual personnel were hired to accomplish the targets. Fortunately targets on validation of encoded data and validation of scanned images were successfully accomplished. Please see table below for detailed accomplishment.

**Table 15. Accomplishment on LAMS CY 2017.**

Activity	Target	Accomplishment	% Accomplishment
a.Validation of Encoded Data	11,087	11,090	100
b. Validation of Scanned Images	77,612	77,662	100

LAMS personnel conducted validation of scanned images and encoded data at the New Records Building of CENRO, Talibon, Bohol

Further, for CY 2017 on the Land Records Management, a total of 1,043 PLAs encoded and computerized.

New Records Building of CENRO, Talibon, Bohol (The recent and old file was properly groomed and sorted.)

Under management of foreshore areas, a total of 42 leases/contract/deeds were valued and reappraised in a 40 target, therefore, 100 % accomplished. On Revenue collection, a total of Php 333,640.15 against Php 350,000.00 target or 95% accomplishment rate. *(Please see table 16)*

### C. Management of Protected Areas, Wildlife and Coastal and Marine Resources/ Areas

Environmental protection is an increasingly urgent issue all over the world. Protection and conservation of wildlife are vital to maintain the earth's health and environment. The earth is the only known living planet and it is because of its exceptional environment and ecology which are life-supporting.

#### 1. Protected Areas Development and Management

The Department of Environment and Natural Resources – CENRO Talibon covers six protected areas namely : 1. Talibon Group of Islands Protected Landscape and Seascape (Presidential Proclamation 131), 2. Pres. Carlos P. Garcia Mangrove Swamp Reserve and Wilderness Area, 3. Ubay Mangrove Swamp Forest Reserve and Wilderness Area, 4. Inabanga-Buenavista Mangrove Swamp Forest Reserve and Wilderness Area, 5. Getafe Mangrove Swamp Forest Reserve and Wilderness Area and 6. Candijay-Anda-Mabini Mangrove Swamp Forest Reserve and Wilderness Area (Presidential Proclamation 2151 and 2152).

**Table 17. List of Protected Areas within CENRO Talibon jurisdiction, CY 2017.**

Name of Protected Area	Area (Ha.)	Proclamation No.	Date of Proclamation
1. Talibon Group of Islands Protected Landscape and Seascape	6, 456.87	PP 131	July 5, 1999
2. Pres. Carlos P. Garcia MSFR/WA	473	PP 2151 & PP2152	Dec. 20 & 29, 1981
3. Ubay MSFR/WA	1,022	PP 2151 & PP2152	Dec. 20 & 29, 1981
4. Inabanga-Buenavista MSFR/WA	1,270	PP 2151 & PP2152	Dec. 20 & 29, 1981
5. Getafe MSFR/WA	4, 105.60	PP 2151 & PP2152	Dec. 20 & 29, 1981
6. Candijay-Anda-Mabini MSFR/WA	622	PP 2151 & PP2152	Dec. 20 & 29, 1981

These protected areas are managed by its respective Protected Area Management Board (PAMB) composed of the Municipal Local Government Unit, Barangay LGU, People's Organization and even representatives from the religious sector. The PAMB continues to protect and manage a total area of 13, 949.47 hectares under the jurisdiction of CENRO Talibon.

The Protected Area Management Board (PAMB) is the sole decision making body as defined in RA 7586 otherwise known as NIPAS ACT of 1992 and its Implementing Rules and Regulations (IRR) defined by DAO 26-2008.

The Protected Area Superintendent (PASu) and Assistant Protected Area Superintendents (APASu) of DENR CENRO Talibon together with the Protected Area Management Board (PAMB) of the six protected areas mandated under the National Integrated Protected Area System Act (also known as R.A. 7586) convened for its

quarterly PAMB meeting in their respective protected areas.

The PAMB of the six protected areas conducts their quarterly PAMB meeting in order to discuss relevant issues within the PA. Also during this time, ENR laws particularly related to PA should be discussed and continuously reminding the PAMB members to their responsibilities, hence they have to protect and manage the area in order to preserve its biological features.

As a result, there were 27 PAMB meetings conducted for the year including special meetings resulting to 117 PAMB Resolutions formulated and affirmed. Some Protected Areas needed to conduct special meetings in order to cater the demands of their various stakeholders for the approval of several proposals, projects or development. *(Please see table 18)*

*Protected Area Management Board of Getafe Mangrove Swamp Forest Reserve and Wilderness Area*

*Protected Area Management Board (PAMB) meeting of CAM MSFR/WA attended by PENR Officer Eusalem S. Quiwag.*

Also for this year, the creation of PAMB technical working committees based on the guidelines provided in the Biodiversity Management Bureau Technical Bulletin 2017-04 specifically the Committee on Law Enforcement which functions include monitoring within the six (6) protected area had been completed.

### PA Habitat Protection Program

In order to enhance the management and habitat protection in the protected area, an orientation on the Biodiversity Assessment Monitoring System (BAMS) was conducted last July 2017 at Reynas de Haven, Tagbilaran City, Bohol. Also, Protected Area Management Enhancement (PAME) Project gave an orientation on the Biodiversity Assessment Monitoring System (BAMS) during the Regional Culmination conducted last August 17-18, 2017 at Cebu City, Cebu. The activity aims to orient the PASu, APASu and PA Staff including Forest Rangers assigned in the designated PAs in conducting BAMS which serve as tools to determine and monitor the natural and biological resources occurring in the protected areas. Moreover, one PA Extension Officer was hired to assist and facilitate all technical works or activities within PAs. Also, the PAWS statistical report preparation and submission is being undertaken regularly and promptly in quarterly basis using the prescribed PAWCZMS forms.

Furthermore, protection activities through regular patrolling were implemented in all the protected areas (PAs) under the jurisdiction to ensure that the PAs are maintained and protected. Designated Protected Area Superintendents (PASu's) serve as chief operating officers and oversee all the activities being undertaken within their respective PAs.

Additionally, Forest Rangers and Forest Protection Officers deployed in the six protected areas continuously conduct patrol works and monitoring.

A Forest Ranger and Forest Protection Officer conducting patrol

### Biodiversity Assessment Monitoring System (BAMS)

The Biodiversity Assessment Monitoring System (BAMS) is a method used to assess and monitor the current status of the biodiversity, habitat quality and certain ecosystem services. It is used to establish a baseline for long-term monitoring and management, and determine trends in ecosystem and species abundance and diversity of which is considered as an important activity in the protected area management which the outcomes will influence and give fundamental input in the PA Work and Financial plans and PA reports. In the conduct of BAMS, partnerships with the academic institutions, local governments, and civil society organizations involved in biodiversity conservation shall be forged to enhance expertise on assessment and monitoring.

In the previous years, biodiversity monitoring activities failed to establish a good biodiversity information database that could provide valuable data to the Protected Area Management Board (PAMB) and enable them to make good decisions on how to improve the management of protected area resources. However, BAMS is the enhanced version of the Biodiversity Monitoring System (BMS) which this office conducted last year. The proposed methodology of BAMS will make use of the existing BMS including the establishment of permanent monitoring plots for an in-depth monitoring of selected habitats and species.

For this year, based on the approved Work and Financial Plan of DENR-CENRO Talibon, the office has a BAMS target for the six protected areas, hence a meeting was conducted last February 24, 2017. During this meeting it was planned and agreed that the target activity should be undertaken and accomplished despite of the inefficient budget.

Thus, an orientation was conducted all throughout the six (6) PAs. The PAMB members was informed on the importance of BAMS and product of this activity provides input in the formulation and aide for the issuance of resolutions and management options. The support and participation from the stakeholders is very important in the conduct of BAMS since they are familiar with the area and can provide relevant information. The APASus emphasized on the value of biodiversity and ecosystems to the daily life and well-being of the people. The PAMB was also made aware on some threats to biodiversity and ecosystem integrity and on how BAMS can help reduce exposure to these threats.

After the orientation, the BAMS team was created but due to lack of funds, the activity was conducted by the team of which minimally composed of the designated APASu, the deputized Forest Ranger, PAMB members and PA staff including the hired seven (7) PA Assistors. The team was only able to conduct reconnaissance survey and established the permanent transect lines and sampling plots in preparation for BAMS. The APASus trained the BAMS team on the method used in establishing the transect lines based on the guidelines of BAMS which was discussed during the Protected Area Management Enhancement (PAME) Project Regional Culmination Activity last August 17-18, 2017 at Cebu City. The lack of technical expertise has been considered as one of the difficulties in the conduct of BAMS though orientation was provided. Therefore, the BAMS team still needs more trainings especially on the flora and fauna assessment to successfully implement the activity in the protected areas. *(See Annex C-Transect Line Established)*

### Survey and Registration of Protected Area Occupants (SRPAO)

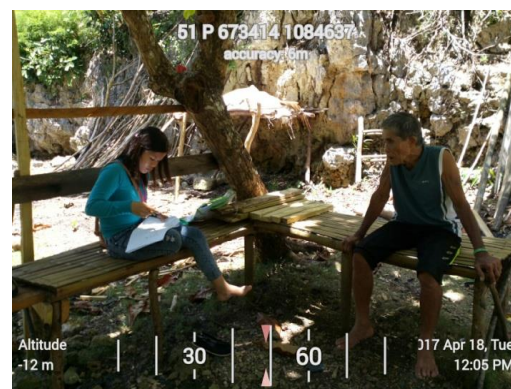

Pursuant to the sections 5.d (10 and 10 (o) of Republic Act No. 7586 or the National Integrated Protected Areas System (NIPAS) Act of 1992, and Rule 15 of DENR Administrative Order No. 2008-26 or the Revised Implementing Rules and Regulations of NIPAS Act of 1992, the SRPAO was conducted to provide basis for the recognition of tenured migrants using the Socio-Economic Assessment and Monitoring System (SEAMS) tools. Also, it aims to

assess and monitor the socio-economic condition of the occupants, identify and locate sources and values of the various ecosystems in the PAs; determine the degree of degradation or improvement in ecosystem services, uses, and values and to identify ecosystem pressures and threats and their causes.

For this year, the survey was conducted in the six (6) Protected Areas under CENRO Talibon jurisdiction namely; Talibon Group of Islands Protected Landscape and Seascape; Pres. Carlos P. Garcia MSFR/WA; Ubay MSFR/WA; Inabanga-Buenavista MSFR/WA; Getafe MSF/WA and Candijay-Anda-Mabini MSFR/WA. SRPAO will undertake personal interview, geotagging and survey.

To start the activity, the office hired thirty-six (36) Enumerators, three (3) Geographical Information System (GIS) Technician and eight (8) Encoders as contractual/ job orders to fast tract the activity. A Survey Team each for the six (6) PAs were organized and composed. The team underwent capacity building and orientation on the conduct of SRPAO which was facilitated by the Regional Office. This was followed by the conduct of initial data gathering through consultation meetings and dialogues with the protected area occupants. Subsequently, a conventional survey and assessment using the enhanced forms 1 and 2 of DAO 2013-20 was conducted. The areas to be surveyed can go beyond those within the PA boundaries to determine the extent of users and utilization of PA resources relevant to a comprehensive and effective management.

An enumerator interviewing a PA occupant in Badiang, Anda, Bohol.

Afterward, data management or encoding, processing and analysis of demographic, socio-economic, physical and institutional data gathered during the assessment phase. Data management was facilitated through the SEAMS Automated Utility Tool. Totally, a 100% survey of all protected area occupants was done to achieve the specific objectives of the activity. The targeted 46 barangays were completed and a total of 18,716 occupants within 8 municipalities. *(Please see Annex D)*

## 2. Ecotourism Development

Pursuant to Executive Order 192, Republic Act No. 7586 NIPAS Act, Executive Order 111 (Guidelines for Ecotourism Development in the Philippines) and the DENR Administrative Order No. 2013-19 (Guidelines on Ecotourism Planning and Management in Protected Areas) the activity aims to recognize sustainable tourism development as integral part to the national socio-economic development efforts to improve the quality of life of the Filipino people providing the appropriate attention and support for the growth of the tourism industry.

This year, formulation of ecotourism management plan has been undertaken within the Protected Area of the municipalities of Candijay, Anda and Mabini, Bohol that by virtue of Presidential Proclamation No. 2151 and 2152 dated December 20, 1981 and December 29, 1981 declared as wilderness area and mangrove swamp forest reserve. Hence, barangay Panas of Candijay; barangay Badiang and Talisay of Anda; and barangay San Jose and Concepcion of Mabini indoors of Protected Area (PA) as potential ecotourism development sites, hence there is a necessity in the formulation of Ecotourism Management Planning (EMP).

Municipal Mayor of Anda on her welcome message during the Ecotourism Orientation on April 5-6, 2017 in Livelihood Center, Pob., Anda, Bohol.

The EMP aims to provide CAM-MSFR/WA-PAMB, DENR and other stakeholders a general framework for Candijay-Anda-Mabini Mangrove Swamp Forest Reserve and Wilderness Area (CAM-MSFR/WA) ecotourism projects which is essential for its sustainable development. Also, EMP expected to expand long-range management plan that deals with regulations, guidelines for development, financing, generating local economic development and zoning scheme determining activity priority site. Beforehand, as per DENR DAO No. 2013-19, dated July 5, 2013, Section 6, thereof provides that the full site assessment was conducted to determine the possible extent of ecotourism development. It will help identify existing situations that may either help or constrain ecotourism development in the site. To craft the whole process of the Ecotourism Management Planning within the CAM MSFR/WA, an orientation was conducted on April 5-6, 2017 in Livelihood Training Centre, Poblacion, Anda, Bohol which was participated by the Technical Working Group, DENR personnel and PAMB members. This is to deliberate the Ecotourism Planning and management guidelines; ascertain the existing ecotourism products and services and natural resources therein; and come up with a time table in the conduct of ecotourism activities and/or workshop.

On May 25, 2017 the PAMB-CAM MSFR/WA has created Ecotourism Technical Working Group (ETWG) thru the Resolution No. 5. With this, on June 20-21, 2017, the Ecotourism Technical Working Group (ETWG) conducted Preliminary Site Assessment within Protected Area for the existing ecotourism potential sites to determine its appropriateness for ecotourism development. It is with the collaboration of four (4) People Organizations in CAM-MSFR/WA as well as the MLGU and BLGU.

Further, to determine the prospected utmost promising CAM-MSFR/WA ecotourism destination and activities, Full Site Assessment has been steered by the members of Ecotourism Technical Working Group (TWG). Thus, this activity was undertaken to identify the recent status of the natural and cultural resource base of the different sites. Four (4) potential sites were surveyed: Lamanoc Island Mystic Experience Tour – Badiang, Anda; Mangrove Boardwalk and Sea Ranching – Talisay, Anda; Panas, Candijay; and Public Beach – San Jose, Mabini.

Seaweed farming, dive guiding and tour guiding, catering and souvenir-making are some of the potential livelihood opportunities. Capacity building and trainings on the above mentioned livelihood opportunities for local partners and stakeholders could be requested from the Department of Tourism (DOT), Bureau of Fisheries and Aquatic Resources (BFAR), Department of Environment and Natural Resources (DENR), Department of Trade and Industry (DTI) and TESDA. The site validation assessed the potentials based on accessibility, tourism built-up areas (available tourist facilities and amenities), and base product and control measures. Considering these criteria, the validating team decided to pursue the above-mentioned ecotourism potentials.

Ecotourism Planning involves the formulation of the Ecotourism Management Plan (EMP). The data collected in the site assessment phase and the corresponding recommendations shall be the inputs to the formulation of the plan. The plan shall be consistent with the existing Protected Area Management Plan. The ecotourism management planning process should be participatory that involves the various stakeholders of the Protected Area. The process involves preparation of the vision, goals, objectives, strategies, programs and projects including the identification of possible ecotourism enterprise/business that may be developed in the area.

*Ecotourism TWG on their Ecotourism Management Planning for the sites on September 12-15, 2017 at Bacong,*

To set off the planning process, the Ecotourism TWG organized Ecotourism Management Planning and Action Plan Module 1 to provide the direction for CAM-MSFR/WA sustainable tourism development. The activity aims to provide basis in the actual physical and program development of ecotourism in the protected area. As such, the plan provides a vision of future direction of CAM-MSFR/WA ecotourism development. To heighten awareness on flora species existing in the proposed ecotourism potential sites and clearly detail steps in the identification of species. Ecotourism TWG was conducted a mangrove and beach forest species identification training. It is keenly participated by the four (4) People Organizations within CAM-

Actual practicum of mangrove and beach forest species identification training on September 26-29, 2017 at Badiang, Anda, Bohol.

Mr. Jamiel Rosales (Ecotourism Officer DENR 7), conducted pre-test to the participants relevant to mangrove species at Talisay, Anda, Bohol.

MSFR/WA that indoors PA.

Management Zoning within the four (4) potential ecotourism development sites on October 3-6, 2017. Each zone shall be managed to maintain a particular natural setting within which ecotourism and other activities take place, and each zone has its own set of rules and regulations for activities carried out within its boundaries.

The formulation of EMP is not that easy, thus Ecotourism TWG was once convening for the EMP Writeshop Module 2 which upgrades and uplifts the EMP. Since EMP was already formulated and obtained. Final Review of it was ensued by the Ecotourism TWG which was updates and finalizes the current Ecotourism Management Plan for further improvement based on the stakeholder's review. Furthermore, the identified stakeholders attended the five (5) CAM MSFR/WA priority trainings conducted as follows:

- Tour Guiding Training
- Mangrove and Beach Forest Identification Training
- Food Presentation and Preparation
- Simple Bookkeeping/Financial Management
- Nature Interpretation and Script Writing

These trainings will help the local community members provide a thorough and exciting ecotourism experience for visitors to their area, protecting their local environment and natural resources.

## 1. Factors Affecting the formulation of EMP

### 1.1. Hindering Factors

- The activities for ecotourism development were conducted late due to lack of personnel;
- Some identified partners are none-cooperative;
- Some LGU doesn't have establish data system for tourism resulting to delayed process of EMP;
- Other LGU doesn't have permanent representative for Ecotourism Management Planning.

## 1.2. Facilitating Factors

- Fast tracking of series of activities for BFED/Ecotourism in CAM MSFR/WA;
- DENR personnel actively participated on the conduct of EMP;
- Ecotourism Officer leadoff in gathering data necessary for ecotourism planning;

### Ecotourism Related Enterprise

The implementation of ecotourism related enterprise is geared towards providing alternative livelihood options for PA communities and people's organizations (PO). Four (4) People Organizations were the target for the Biodiversity Friendly Enterprise Development (BFED). Particularly for Badiang Fishermen's Association (BAFIAS)- 1 unit bangus fish cage; Panas Cambuyao Pangpang Fisherfolk Association (PCPFA)- 1 unit bangus fish cage; Sandel's United Fishermen and Farmers Livelihood Organization (SUFAFLO)- 1 unit bangus fish cage; and Talisay Fishermen's Association (TAFIAS)- mud crab production and sea ranching, each had P150,000.00 total project cost. All are within CAM MSFR/WA which surely provide alternative source of income for the members of the PO at the same time provide economic benefits to the community.

The Ecotourism Business Plan (EBP) for CAM MSFR/WA was agreed to be prepared next year. EBP is necessary to foster environment and natural resource systems while enhancing human welfare and the enjoyment and satisfaction of ecotourists, visitors and local people seeking adventure and nature trip. This Plan was focused on community-based enterprises, private sector transient services, LGU-NGO/host community/private sector partnership for enterprise development and gender sensitivity for the promotion of local products.

Among the ecotourism products proposed for development are community-based enterprises on food production, handicraft, and mat-weaving. The private sectors shall be tapped on the operation of restaurants, homestays, and boating while the host LGU and communities shall be partnered for the establishment of souvenirs. Moreover, gender-sensitive activities will be focused on mat-weaving.

#### ➤ Cave Management and Protection Program

The management and protection of caves and cave resources is mandated by RA 9072 declaring the conservation, protection and management of caves and cave resources as part of the country's natural wealth. The activity started with the re-orientation of the CENRO Cave Assessment Team (CCAT) last Oct. 4-6, 2017. The workshop conducted by For. Reginaldo G. Bueno- Development Management Officer II from Conservation and Development Division of Region VII. The CCAT Team was headed by For. Edgar L. Ricafort, Enforcement Unit Chief, composed of members were the following: For. Jimmy C. Olarita, For. Adelo A. Omac, Aristidis L. Artiaga, Ladislao A. Buno, Arsenio Buscano, For. Esperedion Ludevese, For. Ramon Salingay, Gerry Piquero and Roberto Millanes, Jr. The CCAT need re-training on Basic Skills and Techniques on Cave Management and Assessment in order to enhance their knowledge on cave assessment, planning, and mapping and to familiarize themselves with various aspects of caving such as cave geology, cave biodiversity, cave archaeology and assessment, cave ecotourism, code of ethics in caving, and Cave Act or RA No. 9072.

#### ➤ Inventory and mapping of caves

The Cave Management Program (CMP) has been heightened through the inventory and mapping of four (4) caves. The following caves were as follows: 1.) Olihiyo Cave located at Sitio Senor, Lundag, Anda; 2.) Inasya Cave located at Sitio Senor, Lundag, Anda; 3.) Buhong Dako Cave located at Purok 6, Marcelo, Mabini; and 4.) Lapo-Lapos Cave located at Purok 5, Marcelo, Mabini, Bohol.

### ➤ Caves Recommended for Classification

For this year, two caves were targeted for classification namely: Arkos Cave in Barangay San Isidro, Trinidad, Bohol and Buho Cave in San Vicente, Dagohoy, Bohol. The two (2) caves were assessed and classified by the Regional Cave Committee (RCC) in two (2) separate resolutions. The assessment result of Arkos Cave as recommended by the RCC as Class III. Caves generally safe to inexperienced visitor with no known threatened species, archeological, geological, natural history, cultural and historical values. These caves may also be utilized for economic purposes such as guano extraction and edible birds nest collection. Whereas, Buho Cave does not fall on any cave classification considering that there are no significant values or uses inside.

Beforehand, with the RCAT and CCAT in place, the team assessed 2 caves situated in San Isidro, Trinidad, Bohol (Arkos Cave) and San Vicente, Dagohoy, Bohol (Buho Cave). The assessment was conducted in coordination with the local government units who actively joined the team in exploring the cave resource in their respective municipalities. While inside the cave, flora and fauna species together with other resources available inside the cave such as crystal deposits, bedrock, and excretion of cave dwelling animals were identified and surveyed. Map of the caves were also prepared after the assessment.

### ➤ Caves Management Plan Preparation

Caves are part of our ecosystem and habitat of unique and diverse flora and fauna. Caves and their resources when properly conserved and sustainably managed can aid in the social, cultural and economic upliftment of our country and can provide livelihood opportunities and benefits to the Filipino people. Caves are part of our heritage if we anchored the vision of philosophy regarding cave management planning. They possess outstanding historical, educational, cultural, scientific and aesthetic values. THERE IS no better strategy to inculcate the value of cave management and conservation than to educate the very people who must be aware of how precious caves are.

The target cave for Cave management plan preparation which was Dagohoy Cave in Barangay Magtangtang, Danao, Bohol unfortunately unrealized due to the fact that the said cave was damaged brought by the 7.2 magnitude Earthquake last 2015. So, the team decided to find another cave to serve the purpose, thus LGU of Alicia was then selected and coordinated.

The CCAT coordinated LGU of Alicia, Bohol regarding the purpose. The office conducted cave management plan preparation last November 2017 @ the New Records Building, CENRO-Talibon, Bohol participated by the Local Government Unit of Alicia. Four caves were targeted for cave management plan preparation namely: Cagong-

cagong Cave, King Cave, Princess Manan-aw Cave and Chocolate Cave. There were thus cave management plan for the Municipality of Alicia was then prepared.

The presentation of the prepared cave management plan to the RCC is necessary for technical review, finalization and endorsement to the DENR regional director. It is also pursuant to Section 12 of the Department Administrative Order (DAO) 29 or the Implementing Rules and Regulations (IRR) of the National Caves Act.

### ➤ Cave Management Plan Implemented

In Mabini, Bohol, Ka Tikyo Cave which already undergone detailed assessment in the previous years and those with existing management plans was revisited and provided with technical assistance for the implementation of selected projects prioritized in the said plan.

**Facts,** Ka Tikyo Cave is one of the sites which have been assessed and classified into Class C and has been recommended open for extraction pending compliance of the submission of the Cave Management Plan by the proponent (Mr. Vincent Cantanos).

The CCAT conducted inspection/evaluation on the status of the said cave, it was observed that the proponent had constructed bunkhouse/shade house which was dilapidated that manifest no operation for a long period of time. Also, the established foot trail was covered by numerous grasses, vines and other perennial trees that make inconvenience among laborers/trekkers to reach the entrance of the cave.

The team identified one person as care taker (Mr. Rudy Nocos) of Ronda, Cebu who resides near in the bankhouse. He narrated that the operation has been completely stopped, since in the year 2012 due to the failure of the Provincial Government of Bohol to issue a renewal for a Special Permit. Besides, there was no indication of having operation found inside the cave in the absent of any extraction.

Therefore, the team recommended that the proponent to submit Cave Management Plan prior to its operation. Further commended that the subject cave be opened for rock phosphate extraction since Ka Tikyo Cave has sufficient stock deposit of rock f the area must be conducted by the MGB, EMB-7 together with the CCAT in order to ascertain the compliance of the terms and conditions stipulated in the ECC issued for rock phosphate extraction.

### Inland Wetland Management Program

Consideration, Ecotourism is a big venture these days. The protection of migratory birds will open opportunities for livelihood in the communities. This can be a potential ecotourism area that will cater to the visitors who love to observe migratory birds, their behavior and patterns. Community-based ecotourism when best implemented, can provide benefits to the people in the community.

For this years target as stipulated in approved work and financial plan for CY 2017 is to conduct inventory and mapping of the inland/wetland sites. Two (2) selected sites in the jurisdiction considered critical for biodiversity of which are the subject for assessment and inventory. These are located in Mahaba Islet, Calituban, Talibon and Malinao, Pilar, Bohol.

Wetlands are areas of marsh, fen, peatland or water, whether natural, or artificial, permanent or temporary, with water that is static or flowing, fresh, brackish or salt, including areas of marine water the depth of which at low tide does not exceed six meters' may incorporate riparian and coastal zones adjacent to the

wetlands, and islands or bodies of marine water deeper than six meters at low tide lying within the wetlands’.

Wetlands serve as feeding grounds for the waterbirds. The rich and variety of vegetation aids in maintaining the food chain in the area. The maintenance and protection of the area helped in preserving the migratory bird area. However, protection of these birds need to be strengthened, imposed and implemented because of the rampant poaching in the area. The present number of species counted will still increase once protection of these species will be strictly implemented

The migratory bird count was conducted on a fair weather condition. Highest count and number of species were observed in the months of January, February and March when the wetland is very exposed. Different species of waterbirds in Mahaba Islet were observed and noted such as the Chinese Egret (*Egretta eulophotes*), Whimbrel (*Numenius phaeopus*), Eurasian Curlew (*Numenius arquata*), Marsh Sandpiper

CDU Staff captured the migratory birds foraging on the wetlands of Mahaba Islet at Calituban, Talibon, Bohol

(*Tringa slagnatillis*), Terek Sandpiper (*Xanus cinareus*), Common Sandpiper (*Actilis hypolauros*) and Little Heron (*Butorides striata*) with sandpipers as the dominant species observed, while in Malinao Dam, Pilar, Bohol birds observed were Chinese Egret, Philippine Duck (*Anas luzonica*), Barred Rail, white-breasted Waterhen and Watercock. It was observed that native wild ducks were the dominant species. (See Annex E and F)

Philippine wild ducks observed in Malinao, Dam, Pilar,

The data on vegetation in Mahaba Islet was gathered using the transect-walk method wherein a total 3-kilometer transect line was established. Mangroves situated 20 meters from the periphery of the wetland were identified and counted. The most dominant mangrove species found in the area were Bakhaw Babae (*Rhizophora mucronata*) and Bakhaw Bato (*Rhizophora stylosa*) because these species were used in the mangrove reforestation and rehabilitation program of the DENR. These *Rhizophora* spp. can be found on the northern part of the wetland except its saplings which were planted on the southern portion along with the other naturally grown mangroves. (Please see Annex G). While in Malinao Dam in Poblacion, Pilar, Bohol has a total area of 91 hectares and is classified as a manmade freshwater lake. The vegetation of the wetland is only growing at the periphery and it is also adjacent to grasslands and rice fields. Vegetation in the area includes palms and other trees such as Tipolo, Talisay, Mahogany, Gmelina, Ipil-ipil, Bugnai and Acacia.

Further, these two wetlands were Mahaba Islet in the municipality of Talibon, Bohol and Malinao Dam in the municipality of Pilar, Bohol. These wetlands were revisited once a month in order to monitor the bird population and identify trends in migration and number of species in every migration. These two areas are the permanent monitoring sites for native and migratory birds which are being monitored once a month. Thus, CENRO Talibon has undertaken 24 censuses which were endorsed to the Regional Office through the PENR Office.

The maintenance and protection of the area through the efforts of the DENR and the Local Government Units of Pilar and Talibon, Bohol helped in preserving the migratory bird area. However, protection of these birds need to be strengthened, imposed and implemented because of the rampant poaching in the area. The present number of species counted may change once protection of these species will be strictly implemented. Also, the protection of migratory birds will open opportunities for livelihood in the communities.

The wetland of Mahaba Islet and Malinao Dam can be a potential ecotourism area that will cater to the visitors who love to observe migratory birds and their behavioral patterns. Although Malinao Dam already has an existing ecotourism activity which includes kayaking. Community-based ecotourism when best implemented, can provide benefits to the people in the community.

## Wildlife Protection and Conservation

Pursuant to RA 9147, an act providing for the conservation and protection of wildlife resources and their habitats, CENRO Talibon spearheaded activities to conserve the region's wildlife resources and their habitats for sustainability.

### *Protection and Conservation of Threatened Species*

Marine turtles are listed under Appendix I and II of the Convention on International Trade of Endangered Species Wild Fauna and Flora (CITES) classified as threatened with extinction. Also, under the International Union for Conservation of Nature and Natural Resources (IUCN) they are listed as "Endangered" and "Critically Endangered".

As well as, Marine turtles are invertebrate animals having a wide feeding range. They exhibit a unique behavior such that they always return to the same place where they were hatched to lay their eggs. Upon hatching, juvenile marine turtles tread their way to the sea, it is said that during this time the marine turtles imprint their current location so that they could return to it later in their adult stage. For this reason, marine turtles nesting areas are being protected.

Protection and conservation of marine turtles can be a challenging work considering that they are spread unevenly across the seas and are exposed to threats such as hunting, pollution and damage to habitats. For this, marine turtle is one among the many wildlife that had been the focus on protection and conservation in the Philippines.

Marine turtles have frequented the waters of Anda, Bohol and in nearby municipalities to forage and possibly to mate. Numerous marine turtles that were caught on fish corral were surrendered and released back into the sea— tagged and properly documented. For this year, there had been several documented releases of sea turtles along the waters of Anda.

The Talisay Beach in Bacong, Anda, Bohol was once a nesting site for marine turtles back in 2004 but due to anthropogenic activities and further development in the area, the hatchery ground can no longer be found. Since then, turtle nesting and hatching was no longer observed in the area.

Also, a new nesting area was reported and later confirmed to be in Barangay Gaus, an island within the municipality of Pres. Carlos P. Garcia. The reports on stranded and turned -over Hawksbill turtles in the Municipality of Pres. Carlos P. Garcia were immediately acted upon and the turtles were immediately released back into the sea - tagged and properly documented.

The presence of juvenile Hawksbill turtles (*Eretmochelys imbricata*) observed in Barangay Gaus, Pres. Carlos P. Garcia, Bohol which the DENR personnel released back into the sea last June 14, 2017- was enough evidence that Barangay Gaus has a nesting area for this type of marine species. For. Jimmy C. Olarita and For. Christopher L. Bersano together with two other CDU staff conducted ground verification last September 22, 2017 to confirm the nesting area and interviewed the residents where the juvenile Hawksbill turtles were originally seen. The turned-over five (5) juvenile sea

For. Christopher L. Bersano released juvenile Hawksbill turtle last June 14, 2017 in the municipal waters of Pres. Carlos P. Garcia, Bohol. (Right) The Hawksbill turtles were released back into the sea.

turtles ( 3 females and 2 males) were released immediately on that same day.

In order to further raise awareness on the importance of marine turtles among local communities particularly those residing in the coastal areas where marine turtles sightings is frequent, the DENR- Community Environment and Natural Resources Office in San Jose, Talibon, Bohol has conducted information and education campaign and distributed Information Education Campaign (IEC) materials. These leaflets on Pawikan which were translated in the native language for the local residents to easily understand, were distributed in the municipalities of Candijay, Anda, Mabini, Ubay, Pres. Carlos P. Garcia and Talibon, Bohol.

Also, DENR CENRO Talibon trained eighteen (18) Wildlife Enforcement Officers which could also assist in the protection and conservation of tarsiers. These Wildlife Enforcement Officers together with the Forest Rangers assist in the conduct of apprehension/surveillance in any biodiversity related cases. (See Annex G)

Leaflets about marine turtles were distributed in the municipalities within CENRO Talibon jurisdiction.

One of the unique species per Biological Resources Assessment (BRA) results conducted by Flora and Fauna International (FFI) was *Tarsius syrichta* (Philippine tarsier). Philippine tarsier has a height of more or less 14 inches, which is 4 times bigger than the normal tarsier.

Tarsier (*Tarsius syrichta*) considered to be the smallest primate in the world and can be found in Bohol and also in Barangay Almaria, Bohol within DENR CENRO Talibon jurisdiction. Tarsiers play an important role in the ecosystem so they have to be protected.

Barangay Almaria, Anda, Bohol is located in the Northeastern part of Bohol Province with Geographical Coordinates, Latitude 9° 45' 50.11", Longitude 124° 33' 3.80". Approximately, it is 5 kilometers away from the town proper and can be reached through land transportation system such as motorcycle and other 4 wheel type vehicles.

In order to enhance protection and conservation of these tarsiers in Almaria, Anda, Bohol, technical personnel and laborers were deployed in the area and conducted regular surveillance and patrol works which strengthened the protection not only for tarsier but also for other wildlife species both flora and fauna.

Laborers laid-out the 1.5 km BMS trail in Almaria, Anda, Bohol

Also, laborers maintained the Biodiversity Monitoring System (BMS) trails that were laid-out along patrol routes where tarsiers are mostly observed so they can be visited frequently as part of regular patrol works. Permanent foots trails were also maintained with a distance of 1.5 km were established through the efforts of hired laborers and technical personnel of the area.

One of the effective strategy to promote community awareness regarding the importance and value of wildlife particularly tarsier is through Information and Education Campaign on RA 9147, PD 705 and other related laws. Leaflets containing the importance of tarsiers in the forest ecosystem were distributed not only in the locality of Anda particularly Almaria but also within the adjacent municipality of Candijay, Bohol. The contents of the

Tarsier laflets taht distributed in Almaria, Anda and nearby municipalities .

leaflets include the importance of tarsier in the ecosystem, its morphology, diet and other unique features. Moreover, the roles of the community for the effective management and protection of tarsier and other wildlife species in the area were discussed.

### **Operation and Maintenance of Wildlife Rescue Center**

The Wildlife Rescue Center (WRC) facility managed under CENRO Talibon which has enclosures allotted for turned over terrestrial, avian and aquatic animals serves as a temporary shelter for turned over wildlife species. Recently, repairs were made to ensure the safety of the turned over wildlife species. The perimeter fence of the WRC where the Long-Tailed Macaque is currently housed is now repaired.

The

*Repaired CENRO Talibon Wildlife Rescue Center as compared to the old one.*

Wildlife

Rescue Center still has five separate birdcages to accommodate the avian wildlife species turned over. Currently, two of these cages separately housed a talking Hill Myna (*Gracula religiosa*) and a Crested Myna (*Acridotheres cristatellus*). It is constantly maintained and financial assistance for the food of these wildlife species is also provided by CENRO Talibon as well.

### **Wildlife Hazard Mitigation**

#### **Tarsiers**

In order to enhance protection and conservation of these tarsiers in Almaria, Anda, Bohol, technical personnel and laborers were deployed in the area and conducted regular surveillance and patrol works which strengthened the protection not only for tarsier but also for other wildlife species both flora and fauna.

*The watch tower in Almaria, Anda, Bohol. (Right) Laborers constantly maintained the BMS trail.*

Also, laborers regularly maintained the Biodiversity Monitoring System (BMS) trails that were laid-out along patrol routes where tarsiers are mostly observed so they can be visited frequently as part of regular patrol works. Permanent foots trails were also maintained with a distance of 1.5 km were established through the efforts of hired laborers and technical personnel of the area. Furthermore, DENR CENRO Talibon renovated the watch tower for efficient monitoring of the tarsier habitat.

### Marine Turtles

The importance of marine turtles is evident in the marine ecosystems that is why efforts on their protection and conservation had been magnified. The Information Education Campaign which this office conducted for this has been very effective in raising awareness to the people thus promoting the protection and conservation of these species indicated by the number of turned-over and released sea turtles. In order to further raise awareness, CDU personnel conducted an Information Education Campaign (IEC) in Barangay Gaus, CPG, Bohol last December 13, 2017 together with the Regional personnel.

For. Jimmy C. Olarita gave the residents a brief information about Hawksbill turtles to the residents of Barangay Gaus, Pres. CPG, Bohol last September 22, 2017.

### 3. Coastal and Marine Ecosystems Management Program (CMEMP)

As per BMB Technical Bulletin No. 05 and Pursuant to Section 9 of DENR Administrative Order No. 2016-26 on the guidelines for the implementation of the coastal and marine ecosystems management program (CMEMP) is hereby disseminated in support of MPA Network Establishment and Strengthening Component of CMEMP.

Coral reefs, seagrass, mangroves and soft bottom/mudflats provide various types of habitats for fish, invertebrates and other marine organisms essential for the completion of their life cycles. Coral reefs, mangroves, and associated habitats (e.g. beach forests and mudflats) protect coastal communities from strong wave action, winds, storm surges and tsunamis. More importantly, these habitats are important sources of food and income such as from fisheries and ecotourism. In addition, coastal and marine ecosystems are equally efficient sequestors of carbon dioxide making them important repositories tempering effects of climate change.

CMEMP ensures the appropriate management strategies for marine and coastal ecosystem. In the implementation of the project, CENRO Talibon exerts much effort to accomplish the set targets despite its different constraints encountered.

## Coral Reef and Seagrass Assessment

This year 2017, CENRO Talibon target areas for survey, mapping and assessment were the municipalities of Talibon, Trinidad and Bien-Unido, Bohol. Prior to its implementation, series of orientations and trainings were conducted. The target area to be mapped out for coral cover is 487 has. and 1176 has. for seagrass cover. Municipality of Talibon and Bien Unido have a total area of 2, 415 hectares of coral reefs habitat and 4, 573 hectares of seagrass beds. 498.8% of target was accomplished for coral and 388.9% of target for seagrass cover. This result of large area coverage during the survey because both towns are encompasses of many islands.

Habitat assessment (corals and seagrass) in the municipality of Talibon and Bien Unido are 100% accomplished. Equipment rentals cause the delay of the conduct of assessing coral reef habitat within the target municipalities. A total of 500 hectares of coral reefs and 1, 100 hectares of seagrass beds were assessed in Talibon and Bien Unido. Random sampling method was used in selecting sites. There were 10 sites for coral reefs and 22 sites for seagrass beds set in each municipality. Standardized method such as Point Intercept Transect (PIT), Fish Visual Census (FVC), Belt transect and Transect Quadrat were used to get the data from the coral reef, associated fish and macro invertebrates community and seagrass beds. Status of live hard corals in Talibon is in poor condition while Bien Unido is in fair state. Seagrass conditions in both municipalities are good. (Please see table 19)

## Biodiversity- friendly Enterprise (BDFE)

Further, a total of two (2) Biodiversity- friendly Enterprise were provided by the DENR for the communities within the Marine Protected Areas of Talibon Group of Island Protected Landscape and Seascape (TGIPL/S). Livelihood component of the CMEMP involves the identification and development of community-centered, community-driven, sustainable and environment-friendly livelihood projects which are directed towards the improvement of the socio-economic welfare of the local communities in order to sustain public support in the conservation and protection of the coastal and marine environment and also open opportunities for the equitable sharing of benefits among stakeholders.

With that, the chosen grantees are People Organizations of Calituban Fisherfolks Organization (CFO) having a

Brown Lip Culture Project which will be replicated up to 12 sites located at Calituban, Talibon, Bohol and Bansa Island Seaweeds Farmers and Fishery Association (BISFFA) having floating Fish Cage as their project enterprise located at Sitio Bansa of Sag, Talibon, Bohol.

### Capacity Building

CENRO Talibon CMEMP Focal Person attended the seminar and workshop of Coastal and Marine Spatial Planning (CMSP) on April 23-30, 2017 at Alaminos City, Pangasinan. Effectively, equity and management scheme accuracy of the plans and projects implemented was revealed. Prior of the said activity, management zoning of Talibon Group of Islands Protected Landscape and Seascape is a must. The participating agencies like USAID, NOAA, BMB and UP conducted site visit/fieldtrip on the 5<sup>th</sup> day of the training to the famous Hundred Islands, one of the tourist destination of the province. Afterward, presentation of observations and conclusions during the fieldtrip was made. The knowledge gained from the training must be shared and applied to its specific area of jurisdiction. Right after, the CMEMP Focal Person conducted a Re-echo session at Calituban, Talibon, Bohol on May 23, 2017 and in Bansan, Sag, Talibon, Bohol on May 24, 2017.

CMEMP focal person For. Diosdado Lobrigas Jr. (left-second from the front) during Coastal and Marine Spatial Planning (CMSP) workshop at Alaminos City, Pangasinan on April 23-30, 2017.

### Citizen Science Training

Last September 14, 2017, Citizen Science Training was done at DENR CENRO Talibon New Records Building. It was participated by 42 participants from LGU Talibon, LGU Bien Unido and Peoples Organization. Resource speakers were from DENR Region 7 headed by Mr. Lorenz Gideon Esmero in-charge of Coastal Resource and Foreshore Management Section. They discussed RA 9147, an act providing for the conservation and protection of wildlife resources and their habitats particularly on Marine Turtles and emphasized some sections regarding the violations committed, fines and penalties. Further, discussed the behavior and the characteristics of marine turtles, identification, the pressures and threats which hamper the survival and growth of such organism and the proper protocol on releasing them. Some exercises were done regarding on how to rescue, handle, tagged and released the marine turtles.

RO 7-Enforcement Division Staff For. Robert Santi Café (standing) demonstrating the proper handling of marine turtle.

### Communication, Education and Public Awareness

#### ➤ Month of the Ocean

In connection for the celebration of the Month of the Ocean, Information Caravan on Coastal Marine Ecosystem was conducted with the theme **"TAYO AT ANG KARAGATAN"**. The activity emphasizes the connectedness of the coastal and marine environment to humans and on how we can protect and conserve what is left. Participants were also encouraged to express their thoughts by this activity through poster and poem making. DENR Regional Public Affairs Officers: Stephanie Ave Chan, Charmie A. Regulo, Maryknoll B. Lague and Sterremae Allego and Ms. Rosvil A. Betos, Information Officer of DENR CENRO Talibon where the Speakers and Facilitators together with the CMEMP

CDU Chief Mardonio S. Niño franco giving inputs and new knowledge about Marine Ecosystems last May 23, 2017 at Calituban Island covered court.

Team of DENR CENRO Talibon. It was conducted at Barangay Calituban, Talibon, Bohol.

### ➤ *International Coastal Clean-up (ICC) 2017*

Pursuant to Presidential Proclamation No.470 issued on 2003 that in every third Saturday of the month of September is declared as the **International Coastal Clean- up (ICC)** Day. For this year, the ICC celebration falls on the 16<sup>th</sup> of September 2017 with the theme, **“Sama Sama Para sa Karagatan”**. The celebration emphasizes the importance of working together with active participation of various partners and stakeholders to sustain extraordinary marine ecosystem and coastal resources by addressing crucial issues such as food security, climate change and marine biodiversity. The Coastal Clean-up (ICC) aims to reduce the garbage in coastal area in every Municipality and to lessen the bad effects of pollutants to ecosystem’s biodiversity. With this, DENR CENRO Talibon conducted International Coastal Clean- up (ICC) on September 16, 2017 at 6:00 in the morning covering the coastal area of Purok 5 San Francisco, Talibon, Bohol which was facilitated by CMEMP personnel and participated by DENR CENRO TALIBON Personnel comprising 33 males and 17 females. A total of **145 kilograms** of garbage was generated that later on was collected by the garbage truck of the Municipality of Talibon.

**DENR cenro Talibon Personnel conducted Coastal Clean-up at Purok 5- San Francisco, Talibon, Bohol last September 16, 2017 spearheaded by the CMEMP Technical personnel.**

### ➤ *Coral Trianfle Initiative*

Last June 6, 2017, Coral Triangle Day Celebration was done. The celebration emphasizes the importance of working together to sustain extraordinary marine and coastal resources by addressing crucial issues such as food security, climate change and marine biodiversity.

With this, CENRO Talibon conducted Coastal Clean- up and an information Drive on Corals and Ocean Conservation on June 9, 2017 in Tagum Norte and San Vicente, Trinidad, Bohol which was participated by CMEMP Personnel, Barangay Chairpersons with coastal areas, Local Government Unit of Trinidad and CSO’s.

The said activity is in line with the conducted Expanded Participatory Coastal Resource Assessment (EPCRA) on June 6- 9, 2017 covering ten (10) coastal barangays in the municipality of Trinidad in the province of Bohol. EPCRA aims to update the existing coastal and marine resources of the said Municipality.

Coastal Clean- up (left) on June 9, 2017 and an information Drive on Corals and Ocean Conservation (right) on June 6, 2017 in line with the conducted Expanded Participatory Coastal Resource Assessment (EPCRA) in the municipality of Trinidad, Bohol.

### Social Marketing and Mobilization

Well-designed communication frameworks, strategies, and approaches shall be developed to promote public awareness, instill social and environmental consciousness and effect behavior change with regard to the coastal and marine ecosystems. With this, CMEMP Focal Person, For. Diosdado C. Lobrigas Jr. attended training workshop at O Hotel, Bacolod City, Negros Occidental on September 4-9, 2017. In order to succeed one main goal of CMEMP, Social Marketing and Mobilization must be properly implemented. It looks for the benefit of the society or an individual and tries to permanently change attitudes about social concerns, creating a change in the entire system or community.

In the 5<sup>th</sup> day of training, the participants had a fieldtrip at the city of San Carlos along the Tanon Strait Protected Seascape Island Barangays. One of the activities of the island is to promote tourism industry through their centennial tree and Vegetable Gardens to divert livelihood primary source which is fishing. In other way, to minimize the usage of sea/ocean that can be a threat to marine ecosystems. On that matter, community involvement is very important to have a theory of change. Purpose of social marketing is to address the main problem within the area in order to have a balance and healthy environment.

For. Diosdado Lobrigas Jr. (left) attended social marketing workshop at Bacolod City, Negros Occidental on September 4-9, 2017).

One more, a regional social marketing seminar and workshop conducted last Oct. 12, 2017 at Casay Rey Francis Restaurant, Tagbilaran City, Bohol hosted by RO 7 CDD personnel. Discussed were the the primary strategy to identify the Umbrella Brand Campaign. Thus, three (3) factors identified such as Agos ng buhay, Key Influencer Engagement and Community Mobilization. Under category of Agos ng Buhay Brand Campaign: Collaterals, Song, Video, etc,. Next step is the Site Specific Campaign Development like KAP Survey, Qualitative Research: Day-in-the-life, Empathy Map, FGD, KII's, and the Theory of Change: Identify Threats, BC and Conservation Results, plus KA, IC and BR needed and the finally the Site-Specific

Brand Development to with: Logo Development and Pre-Testing, Mood Board Development and Flagship Species Selection; Pre-testing and Design.

Highlight of the said seminar and workshop was the presentation of Social Marketing of Tanon Strait Protected Seascape (TSPS), Samboan, Cebu. The amazing accomplishments of TSPS concluded thru the joint effort of the municipality of Samboan and other partner agencies like the Coastal Conservation and Education Foundation headed by Dr. Alan White, the Inter-LGU Alliance of LGUs the ADABOSS for Southeastern Cebu and also BRAGMDAM Southwestern Cebu Cluster, and luckily in 2016 the Municipality has been selected as one of the project sites of Rare in the implementation of SMARTSeas PH and Fish Forever Flex Projects.

### Technical Assistance

Expanded Participatory Coastal Resource Assessment (ePCRA) is a science-based approach in assessing the status of the coastal resources of the area to provide guidelines and recommendations for restoration and conservation of the natural resources. Also, it is an effective way of gathering information for planning and research purposes. Participatory because it is conducted with the presence of community stakeholders who are best sources of information. It entails various data gathering techniques such as community mapping, interviews and actual habitat assessment of coastal resources and converting these findings into visual forms that are easily understood by the community. The output from these techniques are systematically put together to form the coastal environment profile of the municipality. This in turn, formed part of the Chapter 2 of the respective ICM Plans of the targeted municipalities.

As part of the CMEMP targeted activities for this CY 2017, three (3) Expanded Participatory Coastal Resource Assessment (EPCRA) were conducted in the municipalities of Trinidad, Buenavista and Anda, Bohol. This was participated by the LGUs, PENRO Bohol and DENR CENRO Talibon particularly CMEMP personnel.

But prior to that, EPCRA in the municipality of Trinidad was conducted last June 6-9, 2017. It was revealed that only barangay Tagum Norte had seagrass beds and in poor condition with an area of 9 hectares. Mangrove habitat is in excellent condition with a percentage cover of 163.32. For Buenavista, it was scheduled last July 25-28, 2017. In collaboration with DENR and LGU, the activity was successfully done. Based on the data gathered during the conduct of assessment, the condition of town's live hard coral was in poor condition with 59 species of associated reef fish. A total of 21 species from different phyla of macro-invertebrates were found in the municipality with an average density of 1,985 indiv./ha. Bivalves were dominated in the area with a total density of 6,670 indiv./ha. A total of eight (8) seagrass species were identified in the coastal area. Seagrass habitat in the coastal area of Buenavista, Bohol was in fair condition (38.36%). Further, the team conducted EPCRA in Anda, Bohol last September 26-29, 2017. Please site the barangays involved per municipality

*EPCRA Focus Group Discussion, Habitat assessment (mangrove and seagrass), and Transect walk at Trinidad, Bohol with the LGU and DENR CENRO Talibon personnel particularly CMEMP personnel.*

CENRO Talibon- Marine Biologist, conducted Fish Visual Census together with Amun Ini divers (left photo) and Seagrass assessment with MFARMC personnel (right photo) at Anda, Bohol

### **Major Final Output (MFO) 3 (Ecosystem Regulation Services)**

#### **1. Community-Based Forest Management**

Community-Based Forest Management (CBFM) is a strategy for sustainable forestry development by implementing projects that provide livelihood support and opportunities to alleviate the beneficiaries' economic and social status. As stated in Executive Order No. 26 of 2011, CBFM/A is *"an agreement entered into by and between the government and the local community in a locality, represented by a people's organization as forest managers, for a specific period wherein the local community is allowed to develop, utilize and manage a small tract forest land consistent with the principle of sustainable development."*

For the Monitoring of Existing Tenurial Instruments there were fourteen (14) CBFM- PO's that were monitored, assessed and evaluated this year through the use of prescribed monitoring tool. The PO chairman, secretary and treasurer and other key PO officials were being interviewed to fill –out promptly the monitoring tool of each People Organization during field visit on their CBFMA area. *(See Table 20).*

This year, seven (7) People's Organizations (POs) that are, at the same, CBFM Holders were fortunate assisted and monitored and given a technical support to the project implementation by the office that certainly aid the economic growth of its members or additional source of income for the stakeholders.

Additionally, the CBFM unit was able to conduct performance evaluation of the Certificate of Stewardship Contract (CSC), located mostly in the municipality of Dagohoy and some in Ubay and Getafe, Bohol. Prior to the performance evaluation, the LPDU Chief with the CBFM Coordinator was conducted briefing to the CSC holders and revisited the provision that stipulated in the CSC for them to recall their privileges, right and obligation as CSC holder. Moreover, per on-site evaluation mostly CSC area being evaluated were fully developed of which vegetated with assorted forest and fruit trees and cash crops. Therefore, in these instances the undersigned recommended for the renewal of the 34 CSC that being evaluated against the target of 23 and having a total area of 20.930 hectares. *(Please see table 21)*

#### **2. Forest Protection Program**

The DENR is mandated to be the primary government agency responsible for the conservation, management, development, and proper use of the country's environment and natural resources, specifically forest and grazing lands, mineral resources, including those in reservation and watershed areas, and lands of the public domain and wildlife species, both flora and fauna, for the welfare of the present and future generations of Filipinos.

The Enforcement Unit of DENR CENRO Talibon is primary responsible for the implementation of the different Environment and Natural Resources (ENR) laws, rules, policies and regulations through conduct of patrol,

monitoring, and surveillance of the different environmental related activities such as the exploration, development, extraction, disposition, and use of the forests, lands, minerals, wildlife (both flora and fauna), and other natural resources. For CY 2017, the Enforcement Unit were able to accomplish its target and even extended its service outside the approved work and financial plan for said year.

### Provision of Full Logistic and Material Support that are Essential in Forest Law Enforcement

In order to prevent further denudation of the remaining forestlands and other natural resources in our environment and as a support to the reforestation activities of the government and other stakeholders, CENRO-Talibon through the Enforcement Unit strengthens its campaign against illegal logging, illegal wildlife trading and other means of abuse and degradation towards the country's natural resources pursuant to the existing ENR laws, rules, policies and regulations particularly under CENRO Talibon jurisdiction.

CENRO Talibon through the Enforcement Unit was able to protect **four thousand three hundred (4,300) hectares** and patrolled a total of **two hundred twenty-nine (229) kilometers** inside the untenured timberland areas under CENRO Talibon jurisdiction. CENRO Talibon even extends its protection to other timberland areas both lowland and upland in its jurisdiction. (*See table 22 – Area and Distance Patrolled and Protected*)

For a stronger implementation of the environmental laws and protection of the remaining forestlands, CENRO-Talibon conducted joint patrol works together with the deputized law enforcement agencies such as the Philippine Army, the Philippine National Police, and other agencies in order to neutralize or minimize the illegal logging and illegal wildlife trading practices of the people especially to the protected areas and watershed areas. CENRO-Talibon initiated intensive operations against illegal logging and transporting of forest products – and also illegal wildlife trading – which are common violations of the people.

There is a constant monitoring on illegal shipments of forest products, wildlife species and other natural resources from in and out of the jurisdiction of the DENR-CENRO, Talibon, Bohol through the established mobile check points within its area of responsibility, especially in the identified hot spot areas. (*See attached “Annex H” - Map of Hotspot Areas*)

### Support to Investigation, Filing and Prosecution of Criminal Complaints

Because of the unwavering environmental protection activities through constant monitoring, patrol, and surveillance of the different environmental activities and violations committed by private individuals, CENRO Talibon was able to file a total of **eight (7)** cases before the Office of the Provincial Prosecution, Tagbilaran City most for violation of Presidential Decree No. 705 also known as “Revised Forestry Code of the Philippines”, as amended by Executive Order No. 227 and renumbered by Republic Act No. 7161 and all are ongoing. (*See table 23 - Report on Cases Filed in Court*).

Concerned personnel of CENRO Talibon attended the hearings, preliminary investigations of the cases that are filed in the Office of the Provincial Prosecution and proper court. In addition, CENRO Talibon personnel attended the other hearings of the others cases filed in previous years that are still ongoing.

### Purchase of Fire Prevention and Fighting Tools

A way to be more equipped in forest fire suppression is the procurement of firefighting tools, CENRO Talibon has able to purchase two (2) sets of firefighting tools.

### Active Collaboration & Involvement of Forest Communities and Other Stakeholders in FPLE

The Philippine Government acknowledges the major roles of the different communities, private and civic institutions for a better implementation of the environmental laws, rules, policies and regulations and protection of the timberland areas and remaining forest of the country particularly the existing forest communities such as indigenous people communities. The Enforcement Unit continued its collaboration with the Municipality of Getafe, Bohol where the MFPC was first organized in 2016. Meetings have been conducted in order to properly monitor and

address the concerns that need attention in terms of forest protection, wildlife protection and proper utilization of forest products. Moreover, we have also continued our partnership with the two (2) Eskaya Tribe communities namely: Lundag Eskaya Tribe situated in Lundag, Pilar, Bohol and Biabas Eskaya Tribe situated in Biabas, Guindulman, Bohol. Two (2) MOAs were issued. The first MOA was entered into by and between the DENR represented by PENR Officer Nestor M. Canda and the Chieftain of Eskaya Tribe Community in Lundag, Pilar, Bohol and the second MOA was by and between the DENR and the Chieftain of the Eskaya Tribe Community in Biabas, Guindulman, Bohol. (See attached "Annex I and J" - Memorandum of Agreements)

The ongoing collaboration strengthens the awareness of the indigenous people's on how to protect their ancestral domain from the abuse of private individuals towards the natural resources and wildlife species that can be found inside their ancestral domain.

### Apprehensions, Seizure and Confiscation

A total of twelve (12) apprehensions were made because of the intensive operations conducted by the EU staff and personnel with the assistance of concerned citizens and other government enforcement agencies. (See table 24 - Report on Illegal Logging: Apprehensions, Seizures and Confiscations of Forest Products, Conveyances and Implements)

The apprehended forest products, conveyances and implements were hauled and transported to DENR CENRO Talibon Compound for proper disposition and safekeeping in accordance with the existing laws, rules, and regulations. However, other apprehended items were left under temporary custody of the barangay officials of the place where the forest products together with the conveyances and implements were apprehended and seized. Hauling activities were done by hiring vehicles such as trucks and/or using the office vehicles.

### Effective Forest Fire, Pest & Diseases Management

Through the assistance of the personnel from Conservation and Development Unit (CDU) we have come up with three (3) consolidated sites. These are based on the recorded fire occurrences for the past years. We have extracted that located the fire prone areas. (See attached "Annex K" - Maps)

### Forest Fire Management Measures

Fireline construction is seen to be one of the mitigating measures against forest fire. A total of twenty (20) hectares of fireline were constructed, particularly in Barangays San Pascual, Ubay, Bohol, Ilihan, Ubay, Bohol and Cambaol, Alicia, Bohol located. (See attached "Annex L" - Maps)

### Sustained a well-planned Information, Education and Communication (IEC) Campaign

IEC is one of the soft approaches used in law enforcement and in other programs, we have produced and distributed a total of three thousand 3,320 brochures regarding forest protection and importance of wildlife. (See attached Acknowledgement Receipt) Moreover, we have conducted two (2) orientation of ENR laws in Bohol Northern Star College in Ubay, Bohol and with partner agencies particularly the Philippine Army dispatched within CENRO Talibon jurisdiction.

### Training, Deputation & Mobilization of Wildlife Enforcement Officers (WEOs)

CENRO Talibon was able to train eighteen (18) participant last May 17, 2016 coming from the People's Organization, Indigenous Peoples and Local Government Unit. After the training, the participants were deputized and mobilized in their respective assignment in concurrent capacity of their present assignment given by their higher authorities. (See attached "Annex M" - List of WEOs for CY 2017)

### Apprehension, Surveillance Conducted

There are thirteen (13) reported cases that involves wildlife. Eleven (11) out of twelve (12) of these reports show that the wildlife species were voluntarily turned-over by the possessor after the negotiations made by our personnel while the remaining was apprehended and turned over by the elements of San Miguel Police Station, San Miguel, Bohol. Together with other partner agencies and concerned citizens, the said voluntary turn-over made possible. (See Table 25 and 26 - Report on Turned-Over Wildlife and Report on Wildlife Trade). The Enforcement Unit continues to implement its mandate, duties and responsibilities for the protection of the environment and natural resources.

### Hiring of Forest Protection Officer

On the second semester of this year, CENRO Talibon hired two (2) Forest Protection Officers. The FPOs will support the LAWIN through regular patrolling, monitoring and surveillance to deter violations of forestry, wildlife, biodiversity and other ENR laws, rules, and regulations including information, education and communication campaigns. They shall also perform other activities stipulated in the Memorandum issued by the DENR VII Regional Director dated October 5, 2017. (See attached Annex N - Contract of Service of Forest Protection Officers). One western philosopher has this philosophy that human being is part of one infinite substance together with nature, time, space, etc. All of these have interconnected causal effect with one another. It can be concluded that actions that are undertaken by human beings towards nature – environment and natural resources – has an effect to all, whether it is good or bad, life giving or life taking.

### Processing & Issuance of wildlife permit

The Biodiversity Management Section (BMS) has undertaken the DENR's thrust and programs and in compliance with the approved 2017 Physical and Financial Plan. It has successfully accomplished its targets as per quarterly target is concerned. There are 6 or (100%) CWR holder permits monitored and 4 wildlife local transport permit issued. The mandate of the sector is the conservation of the country's biological diversity in CENRO-Talibon through: establishment, management, development and protection of the National Integrated Protected Areas System; conservation of wildlife resources; and information and education for nature conservation.

While, the Revenue collection under CENRO Talibon has continued to accumulating with a total of Php 686,754.40 of which represented to wit: FMS – 245,194.25, LMS- 333,640.15 and BMS- 800.00 respectively. (See *Table 16 for details*). The attainment of our CENRO targets can be gleaned upon the active support of our field personnel and of course thru the cooperation of various stakeholders, foremost the PO's, the LGU's, other government agencies, private entity and other partners that rallied behind in support to all the implemented targets especially to the National Greening Program. Without the support of other stakeholders, the implementation of targets would be difficult and struggling hence, an expression of gratitude to all our partners-collaborators must be extended for we need to further strengthen our alliance and still looking forward for collective undertaking in the years ahead

## **GENERAL ADMINISTRATION AND SUPPORT SERVICES**

The activity of General Management and Supervision involves the exercise of general management and supervision over the operations of the sectors and units in the CENRO – Talibon Office. It includes the provision of administrative, financial and security services necessary to carry out the substantive operation of the CENRO. The priority concerned of our office was the management of personnel, property and supply management, records management, budget and collection.

### **► Personnel Management**

On personnel management, under this activity were the preparation of papers and documents relative to employee's appointment, promotion, resignation, transfer, retirement and claims for disability and sickness benefits, salaries and allowances including other monetary benefits including CNA and bonuses. Another was the screening and/or evaluation of applicants for on the job training. It has also maintained personnel records and statistics of personnel complements. Finally, the Section has also performed liaison works with GSIS, PAGIBIG, PHILHEALTH, and BIR and to other official transactions. The entire indicator activities under this major task have been fully complied by the section and accomplishment are way ahead of the target.

During the year, the Office strictly implemented the Office personnel attendance thru digital Biometric System. This was done in order to impose personnel discipline and to practice honesty and integrity among the personnel of CENRO-Talibon as embodied in the Integrity Development Action Plan of the DENR. Likewise, in order to support the security requirements of the Office, the Officer of the Day has been revived and hired security guard for supplementary precautions. The Administrative Unit has also properly maintained Office Workplace and corridors by regularly monitoring the activities of janitorial services.

### **► Property and Supply Management**

Property and Supply Management has maintained and operationalized all the government vehicles assigned in the Office. It also maintained and secured the Office building and grounds by hiring a janitorial and security services. The Office has also conducted Property Inventory and conducted disposal of unserviceable properties thru public bidding/auction. The Office has also conducted repair and maintenance of office equipment's and procured goods and services following the Philippine Government Procurement Act (RA 9184). Finally, the communication services have also been managed by the Office in order to maintain easy access of official information inside and outside of the office.

In order to provide supports in terms of office procurement of goods and services in accordance with RA 9184, the Office was required to submit the Annual Procurement Plan and the organization of the Bids and Awards Committee. This has also been monitored by the Office. Likewise, assistance in the form of visit to different field units was done by the Regional Personnel's together with the Chairman of the Bids and Awards Committee. The Supervising Ecosystems Management Specialist (Sup EMS) being the Chairman of the Committee has also actively involved in the monitoring of different infrastructure projects and other professional services being contracted by the Office before billing payment is made.

## ► Records Management

In Records Management under this activity task is to ensure the proper flow of office communication be it outgoing and incoming communication as well as the proper dissemination of official issuances of the DENR and other government agencies. The office has also conducted certification and authentication of official documents. As far as the accomplishment is concern, the office has accomplished more than the target for the year.

## SUPPORT TO OPERATIONS

The activities under the support to operations are services relating to planning coordination and programming (STO- A.II.a), monitoring and evaluation of programs and activities (STO- A.II.b). The Planning and Management of CENRO-Talibon were able to accomplish the activities expected during the year, like: Prepared the Office's annual work and financial plans for CY 2018 in coordination with the different sections and different line operating units of CENRO Talibon and PENRO.

On monitoring and evaluation of programs and activities the Planning and the counterpart personnel of each designated activities were able to accomplish the following: Consolidated the units monthly reports, prepared annual report, and monitored and validated all the projects that were implemented and maintained under CENRO-Talibon jurisdiction.

On Management and Information services the Planning was able to update the data base of the CENRO-Talibon Office on ENR through the preparation of its annual statistical profile.

■ **On Formulation and Monitoring of ENR Policies, Plans and Programs and Projects.** The Planning and the Management and its counterpart personnel on the different units were able to accomplish the following activities expected of them for CY 2017:

- Prepared and submitted FY 2017 Physical and Financial Plans and 2016 work targets/budget proposals in coordination with the PENRO Planning and different operating units of CENRO Talibon. Prior to finalization of the PFP for 2017, a workshop was immediately done after the Regional Reprogramming Workshop. This was done to facilitate the finalization of the plan while at the same time to level-off with the field implementers on how to go over accomplishing their targets.
- Conducted two (2) consultation meetings with the Units and PENRO Planning Officers, first consultation was called to discuss with the CENRO Talibon staff the budget and priority activities for the year while the last one was called in order to assess their performance at the same time level-off on what and how to go with the activities for the ensuing year.
- Monitored the submission of monthly reports of different operating units in the CENRO and consolidated those report for submission to PENR Office and other offices authorized to receive such report; and
- The reported accomplishments of the different units have been validated.
- Despite of the budgetary constraints and lack of permanent manpower of CENRO Talibon to carry out the tasks related to ENR, the Office, however, accomplished with a batting average of more than 100%. Other intervening activities were rendered, particularly to walk-in clients, requiring legal advise on ENR utilization and public lands acquisition.

## Significant Environmental Events

The need of urgency in promoting changes of behavior and

attitudes towards the environment. Promoting and encouraging people to take and share the responsibility through celebrating environmental events in line to the department's advocacy towards environment. This year, CENRO Talibon led various significant environmental events to show its stands in promoting environmental wellbeing.

Pursuant to the Presidential Proclamation No. 74, series of 1999 declaring February 2 of every year as national wetlands day and is celebrated internationally as world wetlands day as it marks the anniversary of the signing of the Convention on Wetlands of International Importance (Ramsar Convention) in Ramsar, Iran, on 2 February 1971.

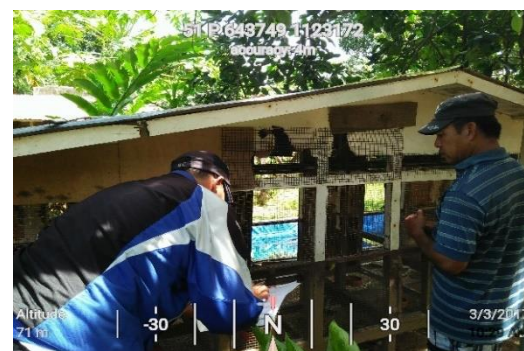

For this year's theme: *Wetlands for Disasters Risk Reduction* emphasizes the vital role of wetlands in abating the impact of disasters which may affects lives. An enrichment mangrove planting in Sweetland, Buenavista, Bohol with a total of one thousand (1,000) potted mangrove seedlings were planted with 80 participants who were actively joined the said activity. This was participated also with our partners, the Armed Forces of the Philippines (AFP), Students from Trinidad Municipal College and the Barangay Local Government Unit (BLGU) of Sweetland with the DENR Personnel.

On March 3, 2017, the World celebrated the World Wildlife Day to raise awareness on wild fauna and flora with its multitude benefits that conservation provides to people. This year's theme: Listen to the young voices which emphasizes the engagement and empowerment of the youth. This was celebrated through Monitoring and assessment of Wildlife Farmm holders in San Francisco, Talibon and Calanggaman, Ubay, Bohol.

Furthermore, as per Presidential Proclamation No. 553 dated April 16, 1990 signed by President Corazon C. Aquino declaring April 22 of every year as Earth Day and April as Earth month. This is to mark the global commitment in building a safe, just and sustainable Planet. This year's theme: *Our Changing Climate*, focuses mainly in strengthening all sectors of the society in protecting and conserving all existing resources in the planet. Table below shows the summary and consolidated report in celebrating Earth Month.

Wildlife Monitoring in San Francisco, Talibon, Bohol on March 3, 2017 with For. Esperidion Ludevese

## Annex O: Summary of Earth Day activities

Name of Activity	Date	Location	No. Participants	Gender		Participating Agency/Organization/School	Remarks
				F	M		
Cleanup	April 7	Office Vicinity	37	12	25	Office Personnel	200 kls. Of solid waste were gathered
Mangrove Planting	April 18	Mandawa, Bien-Unido, Bohol	74	35	39	DENR Personnel, PNP, LGU Bien-Unido, Barangay officials and POs	-
Coastal Cleanup and within Public Market	April 22	Pob., Talibon-near port area and public market	273	169	95	DENR and LGU Talibon, PNP, PPA, GMPH, BLGUs, AFP and DA	550 kls. Collected wastes

In line with the celebration of the Ocean Month, an actual site visits with the CENRO staff and from the Regional Office personnel which was held in Banacon Is., Getafe, Bohol on May 24, 2017. This is to show the importance of the mangroves and the ocean for the community.

Site visit within NGP plantation in Tahong-tahong, Banacon Island on May 24, 2017 headed by CENRO Roldan Cotejo and staff with other DENR7 personnel.

Pursuant to Presidential Proclamation No. 237, s. 1988, the Philippines celebrates the whole month of June as Environment Month to focus public attention to the protection and conservation of the country's natural resources with the theme: "Connecting People to Nature". Various of activities were conducted to suit the celebration. Every 5<sup>th</sup> day of June each year, the World celebrates Environment Day thru United Nations General Assembly Resolution No. 2994, dated December 15, 1972,

Recognition to all Partners during the Environment Month Culmination in Panglao, Bohol on June 30, 2017

relative to this some CENRO personnel attended the Philippine Environment Month Kick-off in Upper Dela Paz, Cortes, Bohol participated with all personnel from CENRO Tagbilaran and PENRO Bohol (see attached photo-documentation). During the said activity, poster making and best in headdress (related to nature) was the highlights of the event.

To celebrate the Coral Triangle Day which was declared every June 9 of every year, a coastal cleanup and an information drive on coral and ocean conservation was held in San Vicente, Trinidad, Bohol. This was participated by all Barangay Chairpersons with coastal areas headed by the Local Government Unit of Trinidad, following the Expanded Participatory Coastal Resource Assessment on June 6-9, 2017 in coastal barangays of Trinidad, Bohol.

To highlights to the month long event, celebration of the Philippine Arbor Day was observed every June 25 throughout the nation by planting trees and other forms of relevant activities.

The necessity to promote a healthier ecosystem for the people through the rehabilitation and re-greening of the environment was stressed in Proclamation No. 643 that amended Proclamation No. 396, s. 2003. Proclamation No. 396 enjoined the “active participation of all government agencies, including government-owned and controlled corporations, private sector, schools, civil society groups and the citizenry in tree planting activity”. With this, CENRO Talibon conducted a *Simultaneous Tree planting* to various places within the jurisdiction. A total of **44.8** hectares were covered having **17,160** seedlings planted with a total **643** participants from different partners as shown in the table 1 below (see attached photo-documentation).

Location	Area (has.)	No. Seedlings Planted	No. Participants	Participants	Remarks
Humaga, Cabatuan, Danao, Bohol	4.0	1,000	80	PO-SNTI	NGP Areas

Catigbigbian, Buenavista, Bohol	7.5	2,500	36	PO-CAWSA/BLGU	NGP Areas
<b>TOTAL</b>	<b>44.8</b>	<b>17, 160</b>	<b>643</b>	<b>--</b>	<b>-</b>

## Annex 2: Consolidated data of the conducted simultaneous tree planting during Arbor Day.

Tree Planting/Growing activity in Sitio Cantimon, Magsaysay, Talibon, Bohol in celebration of Arbor Day participated by DENR personnel, PO-MAFA & BLGU Magsaysay on Jun 23, 2017.

Also, DENR observes founding anniversary which falls every 10<sup>th</sup> day of June and as the concluding part of the month long celebration for the environment, a culmination was conducted in Libaong, Panglao, Bohol, wherein partner organizations, other agencies and LGUs were awarded in recognition to their support to the DENR operation and for the environment as highlights of the event namely PO-Magsaysay Farmers Association (MAFA), PO-NASFIMPA, PO-MRAI all in National Greening Program (NGP), LGU-Candijay for the patent issuance and the Armed Forces of the Philippines (AFP) for the support in the enforcement and protection for the environment.

In addition, environmental awareness is to understand the fragility of our environment and the importance of its protection. With this, series of forum and campaign was conducted to deepen the awareness of the youth, partner agencies and the community such as Orientation on ENR Laws on June 27, 2017 participated with a total of 21 personnel from the Philippine Port Authority (PPA) and from the Philippine Army; Earth Stewardship held in Bohol Institute of Technology (BIT)-Talibon Campus, attended by 290 students from the said institution on June 28, 2017 and on June 29, 2017, a Green School Campaign in Bulilis National High School participated with a total of 138 students.

Promoting environmental awareness and take it to action are ways to become an effective environmental steward and partakes in creating a brighter future for our children and the coming generation.

Green School Campaign conducted on June 29, 2017 in Bulilis National High School

Sector : **ENVIRONMENT MANAGEMENT**  
 Sub-sector : Pollution Control and EIA

Republic of the Philippines  
 Department of Environment and Natural Resources Office  
**Environment Management Bureau, Provincial Environment Mgt. Office**  
 Tagbilaran City, Bohol

The Environment Management Bureau (EMB) is one of the Line Bureau of the Department of Environmental and Natural Resources responsible for the protection, restoration and enhancement of environment quality towards good public health, environmental integrity and economic viability to protect our finite natural resources, attuned to the pursuit of sustainable development, for a clean and healthy environment that enhances the Filipino quality of life for present and future generation and specifically forest and grazing lands, mineral resources, including those in reservation and watershed areas, and lands of the public domain, as well as the licensing and regulations of all natural resources as may be provided for by law.

As a line agency, the Environmental Management Bureau (EMB) is responsible in implementing and enforcing environmental laws in the country. These laws includes Philippine Environmental Impact Statement (PEIS) System (PD 1586), RA 8749 known as The Philippine Clean Air Act of 1999, RA 9003 Known as Ecological Solid Waste Management Act of 2000, RA 9275 Known as The Philippine Clean Water Act of 2004, and RA 6969 Known as Toxic Substances and Hazardous and Nuclear Wastes Control Act of 1990 and RA 9512 known as Environmental and Education Awareness Act. This report is prepared to present the annual accomplishment of EMB-Bohol in 2016. This contains targets and accomplishments vis-as-vis the above laws.

### ***Environmental Impact Assessment (EIA) System Compliance Monitoring (PD1586)***

The Philippine Environmental Impact Statement System (PEISS) (PD 1586) is implemented in the country as a requisite in obtaining the Environmental Compliance Certificate (ECC). EIA is a “process of predicting and evaluating the likely impacts of a project as well as the ensuing preventive, mitigating and enhancement measures to protect the environmental and the community’s welfare.” EIA is undertaken as a precursor to ECC issuance. The ECC contains sets of conditions that are necessary for the project to comply with the existing environmental regulation.

Under this, there are Seven (7) performance indicators set: 1) Project surveyed applied for ECC. 2.) ECC Compliance Monitoring. 3) Complaint Acted upon. There were Eight (8) acted complaints. 4) Firms monitored for those issued with Discharge Permit for waste water. 5) Firms monitored those issued with Permit to Operate (Air). 6) Beach Watch in the Municipality of Panglao (monthly). 7) MMT Monitoring. Presently there are four (4) MMT active in the province.

EMB-Bohol identified two (2) projects that started constructing, developing and operating without an ECC and Thirty five (35) monitored projects with an ECC subject to Notice of Adverse findings relative in their operation. These projects were subjected to imposition of the maximum penalty of Php 50,000.00. Moreover, there were One hundred fifty six (156) projects issued with ECC as to the

compliance to their ECC conditions. Attached table is the list of ECC issued to the different establishment in the province of Bohol.

### **Pollution Control Division**

Other main functions of EMB is to ensure that air emissions and water discharges of establishments would pass the standard set by law. In the Clean Air Act implementation, there are Twenty five (25) establishments inspected in connection with the application for permit to operate such as rice and corn mills and power generating set and other production related operation equipment. In the Clean Water Act implementation (RA 9275), there were Twelve (12) establishments monitored with permit compliance and Twenty (20) surveyed without compliance to permit issued. As regards hazardous wastes generator, there were Thirty Three (33) establishments monitored and registered to ensure that RA 6969 were being enforced. Hospitals have been included in the list.

As mandated by RA 9003, all LGU's in the province of Bohol should have practiced waste reduction, segregation, segregated transport, recycling, composting and finally using a sanitary landfill as disposal site for residual wastes. There were forty seven (47) municipalities and one (1) city monitored and evaluated for LGU's Best Practices.

Other related activities such as monthly water sampling conducted within Sea water of Panglao Island for about Ten (10) resorts, conferences, seminars, regular monthly meeting of the Provincial Mining and Regulatory Board (PMRB) were attended to ensure proper coordination and linkages with other line agencies and non-government organizations to pool manpower resources, to help implement environmental laws. Table below are the lists of various establishments in the Province of Bohol with ECC issued.

#### **UPDATED LIST OF VARIOUS ESTABLISHMENTS WITH ECC ISSUED**

 Chief Executive - AJA Registrars Ltd

This certificate is the property of AJA Registrars Ltd and must be returned on request.  
This certificate has been issued by AJA Registrars Ltd and is the property of AJA Registrars Ltd and must be returned on request.

Conducted quarterly monitoring of the Environmental Management Programs (EMP) implemented by PGBh offices to maintain the ISO 14001:2004 Certification by the Provincial Government of Bohol. The program implemented includes Energy (Fuel & Oil) and Water conservation, Pollution Prevention and Control, Waste Management, Health, Safety and Sanitation Program and Vehicle & Equipment Program.

Conducted transition activities for ISO 14001:2015 Standard and orientation workshops for Quality Management System (QMS)

Conducted capacity development activities such as Training on Emergency First Aid and Basic Life Support (BLS) to ER T and Rescue and First Aid members in every PGBh offices

Conducted training/orientation on the present Relevant Environmental Laws and other requirements to EMS-ICs and Provincial Support Officers. The training capacitated the EMS implementing officers on the application of applicable laws and other legal requirements relative to its environmental aspects associated with its activities.

Conducted EMS Internal Audit by the PGBh Internal Auditor and EMS Management Review by the MEB according to schedule to assess and review the effectiveness of the EMS program.

## On Ecological Solid Waste Management Sector

The Solid Waste Management Sector under the Bohol Environment Management Office (BEMO) is tasked to provide technical assistance to the City /Municipal Local Government Units in the formulation of the 10 year- Solid Waste Management (SWM) Plan; to act as Secretariat in SWM decision making bodies like ESWM Provincial Board, Provincial ESWM Technical Working Group, ESWM Monitoring and Evaluation (M&E) Team and the Albuquerque Cluster Sanitary Landfill. The sector is also tasked to facilitate different activities in compliance of the implementation of Republic Act 9003, known as Ecological Solid Waste Management Act of 2000.

Hereunder are the accomplishments for the year 2017.

### 1. Submission and Approval of the Municipal 10-Year Solid Waste Management Plans:

One of the requirements under RA 9003 is that all City/ Municipal Government Units (MLGU's) should formulate their 10-year Solid Waste Management Plan. Out of 48 LGU's , 37 LGU's have approved plans, 7 LGU's have already submitted to DENR-EMB 7 for review before it will be submitted to the National Solid Waste Management Commission (NSWMC) for deliberation and approval while the remaining 4 LGUs are still on the writing stage of their plan.

Together with the NSWMC Technical Staff and TWG, BEMO ESWM staff facilitated the review and deliberation of the Municipal 10-year SWM Plan where 35 LGUs had participated. The activity was conducted on April 17-21, 2017.

One of the mandatory requirements under Republic Act 9003, known as the Ecological Solid Waste Management Act of 2000, is that all City/Municipal Local Government Units (LGUs) should formulate the 10-Year Solid Waste Management (SWM) Plan. It has been observed that only very few LGUs have submitted the plan to the National Solid Waste Management Commission (NSWMC) and these plans were conditionally approved since it did not follow the annotated outline prescribed by the NSWMC. One of the requirements of the Law is the submission of the 10-year Solid Waste Management Plan to the Department of Environment & Natural Resources – Environmental management Bureau (DENR-EMB) regional office who will endorse the said plan to the national Solid Waste Management Commission (NSWMC) after reviewing the Plan. Another mandatory requirement is the closure of the existing open or controlled dumpsite and to establish a Material Recovery Facility (MRF) for the recyclable and Transfer Station (TS) for the residual and the mandatory composting for the biodegradable is also a requirement and for special wastes a septic vault will be put in place.

Table below are the status of the preparation of the Municipalities 10-Year Solid Waste Management Plan:

<b>Table 12: STATUS IN THE PREPARATION OF MUNICIPAL/CITY 10-YEAR ESWM PLAN</b>		
<b>Status of the Plan Preparation</b>	<b>Numbers</b>	<b>Name of Municipalities</b>
No. of LGUs with approved 10-Year ESWM Plan	22	Anda, Antequera, Bilar, Calape, Trinidad, Dimiao, Corella, Dagohoy, Loay, Bien Unido, Albur, Jagna, Duero, Daus, Catigbian, Maribojoc, San Miguel, Balilihan, Sikatuna, Guindulman, Pres. C. P. Garcia
No. of LGUs conditionally approved and given 60 days to comply comments	15	Buenavista, Clarin, Panglao, Alicia, Cortes, Guindulman, Pilar, Tagbilaran City, Tubigon, Sierra Bullones, San isidro, Talibon, Carmen, Batuan
No. of LGUs still on going drafting the plans	8	Baclayon, Mabini, Candijay, Loon, Loboc, Sevilla, Valencia, Ubay
LGU that submitted the plan direct to Manila with no feedback if approved	1	Danao
LGUs with no feedback as to the plan preparation	3	Sagbayan, Getafe, Garcia-Hernandez
<b>Total</b>	<b>48</b>	

## 2. Provision of Technical Assistance to MLGU's thru trainings/orientations:

1. Conducted Seminar Orientation on ESWM to three (3) LGUs (Sagbayan, Carmen and Danao) with a total of 204 participants.
2. Conducted ESWM Orientation and 5S Program implementation to the employees of Tagbilaran City Government with five (5) sessions and a total of 234 participants.
3. Conducted SWM Enforcers Training to 7 LGUs namely: Talibon, Carmen, Clarin, Trinidad, Albuquerque, Calape and San Miguel, with a total of 447 participants. Assisted the LGU of Mabini and Ubay in the formulation of their 10-year SWM Plan. We also assisted the conduct of workshop of the town of Inabanga on ESWM Plan Implementation.
4. Capacitated the Municipality of Ubay on Waste Management and Characterization Study and coaching them of WACS data analysis.

### 3. Monitoring and Evaluation of MLGU's Disposal:

Together with DENR EMB 7, ESWM staff conducted monitoring and evaluation of the LGU's closure of open/closed dumpsites and provided technical advises to the MLGU's SWM Focal Person of 17 LGUs namely: Alicia, Anda, Ubay, Batuan, Bien Unido, Buenavista, Carmen, Clarin, Cortes, Dauis, Garcia Hernandez, Panglao, San Isidro, Sierra Bullones, Tagbilaran City, Talibon, and Tubigon.

### 4. ESWM Meetings Facilitated:

- Facilitated the Albur Cluster Sanitary Landfill (ACSLF) Chamber Forum and Board meetings. ACSLF was turned over last March 30, 2017 to the Municipality of Albur

- Conducted and facilitated the Annual Meeting of the PESWMB on Sept. 13, 2017 where the Awarding of ESWM Best Practices 2014- 2015 Implementation and the status of the remaining 10-Year ESWM plans submitted by local government units to the DENR-EMB were discussed.

- Conducted and facilitated quarterly meeting of PESWM Technical Working Group.
- Conducted and facilitated the Albuquerque Cluster Sanitary Landfill Board meeting last October 04, 2017 where the ACSLF operation was discussed and agreed.

### Priority Areas for Action/Plans/Programs for 2018:

- Monitoring and Evaluation of EWSM Best Practices 2016-2017 Implementation
- Cascading of National Eco Savers Program (NEP) to LGUs
- Follow-up remaining LGU for their submission of 10-Year ESWM Plan
- Coordinate EMB and other agency on the implementation of SEWM Program

### On Natural Resource Management Sector

#### A) On Forest Resource Management

Pursuant to the provisions of the Bohol Environment Code, the Provincial Government is mandated to institute measures to protect, conserve and enhance our existing forest resources and to adopt strategies that would hasten the restoration of lost ecological forest and diminishing biodiversity in order to address the escalating problem on water degradation and climate change in the local scenario, in coordination with national government agencies, the civil society and the private sector. The province of Bohol has its vision to perpetuate its “ecological soundness” to maintain its status as the eco-cultural destination in the region.

The Provincial Government through the Bohol Environment Management Office (BEMO) has conceptualized the establishment of an endemic forest nursery at the heart of the province, in support to all programs such as the establishment of greenbelts, mini parks, plaza, pocket forests and the sustainability of the Rajah Sikatuna Protected Landscape (RSPL) that generally aim to enhance the undoubtedly “biologically rich Bohol” and to restore the diminishing dipterocarp species from extinction.

#### ***A.1) Bohol Biodiversity Complex (BBC) Establishment, Operation & Management***

The collaboration project started in September 2002 through a Memorandum of Agreement (MOA) between four agencies, namely: Provincial government of Bohol through BEMO, Department of Environment and Natural Resources (DENR), BISU Bilar Campus formerly CVSCAF Main Campus and Soil and Water Conservation Foundation, Incorporated (SWCF).

Later on, the project had evolved from a plant nursery into a biodiversity advocacy center, also known as the Bohol Biodiversity Complex (BBC) and increased its consortium members to include: Office of the Provincial Veterinarian (OPV), Local Government Unit (LGU) of Bilar, Local Government Unit of Barangay Roxas where the Complex is situated.

The Complex comprised the following project components, namely: Endemic Forest Tree Nursery and Vermi-Composting project of BEMO, Rainforestation Farm and Regional Climate Change Center of BISU-Bilar, Poultry and Livestock Farm of the OPV, Dipterocarp Production Facility of BEMO and BISU, the Environmental Learning Center-Library of BEMO and SWCF, and the training center of SWCF.

To date, the Complex is identified as one of the priorities for the economic enterprise of the Provincial Government through the Provincial Economic Enterprise Management Office (PEEMO) to manage its operation together with the staff from BEMO and the members of the Consortium.

Aside from that, the sector is a member of the Watershed Management Councils, Technical Working Group (TWGs), Payment for Environmental Services (PES) Steering Group, member secretariat of INREMP Policy & Management, NBACSEPP Biodiversity Project TWG and responded to the demand-driven activities by partner agencies i.e. DENR (INREMP, RSPL & CHNM), DOTC (NBACSEPP Biodiversity Project), Development Academy of the Philippines (DAP) & Philippine National Climate Change Commission (PNCC) (Ecotown Project in Abatan Watershed), Academe, NGOs & POs.

In addition, technical assistance were also provided to partner agencies in response to their requests for seminars, trainings, surveys, site visitation/validation and other technical matters.

### Project Implementation:

#### 1) *Endemic and Dipterocarp Production Nurseries (BEMO-FRM managed projects)*

The two BBC nurseries continued to produce and dispose assorted native seedlings right from the start of the project. A total of **44,606** assorted dipterocarp and non-dipterocarp species were produced plus **33,995 (produced in 2016)** assorted seedlings maintained in the nursery, including fruit trees and **32,138** plus seedlings disposed to various clients/recipients.

were

#### 2) *Vermi-Composting Facility Operation*

A total of **5,200 kilos of vermi-composts** were only produced and were utilized as potting medium for the seedling production and the excess stocks were disposed to various clients/recipients especially during the PGBh HEAT Caravans at the LGUs.

Notably, there is a considerable decrease in the production of vermi-compost because of several hindering factors to include: the vermi-facility needs major renovation and because of that some of the bins were temporarily condemned, the limited supply of vermi-substrates (animal manure) especially during rainy season, absence of heavy duty shredder machine and the limited manpower to operate and maintain the facility.

**3) Bohol Biodiversity Complex (BBC), also known as Bohol Biodiversity Advocacy Center and as Eco-tourism destination.**

Excellency Agnes Nyamande-Pitsu (South African Ambassador to the Philippines) and party had visited Complex in previous years.

Last March, 2015 the JICA-SEPP had launched the Surprise Tour where BBC is part of the packaged tour promote the **“Tree Planting for Legacy Experience Tour”**. The visitors planted their trees at the Complex souvenir and a contribution to the environment.

the

Bohol  
to

as

A total of **461 local and foreign tourists** visited the Complex, out of these, 410 locals and 51 foreign visitors. These were the following groups of visitors, namely: Japanese Volunteers, students from HNU Business Management & Accountancy, GMA 7 24 Oras News Team who featured the Summer High destinations in Bohol, , students from Western Sydney University, UB-SSG Officers, BISU Clarin OJT at CRM-BEMO, tour and tree planting activity of HNU-BSBA students, tour and tree planting of Air Asia Media Bloggers, Camaya-an High School educational tour, tree planting of STAC Bohol children & parents and other groups and individuals (local and foreign tourists) that visited BBC. There was a significant decrease in visitor arrival due to the terrorism incident happened that poses threats to the tourists. There were bookings that

were cancelled due to the incident. In addition, the access road leading to the Complex was temporarily closed because there was an on-going concreting project funded by the Provincial Government and because of unfavorable weather condition during the construction period it causes delay in completing the project. The road was just opened on the first quarter of 2018.

laminated tree labels were placed for identification purposes.

For the **“Tree Planting for Legacy Experience Tour”**, a total of **214 trees** were planted by the tourists and

#### 4) *Maintenance and Other Activities of the Complex (BBC)*

The Complex landscape was regularly maintained by conducting weekly general cleaning of the area and monthly cleaning using grass cutter. Regular cleaning of the planted trees and tagging were conducted.

Aside from the BEMO-FRM paid job orders staff. There were four (4) DOLE-GIP paid workers and the Special Program for the Employment of Students (SPES) who helped in the maintenance activities of the Complex especially the seedling production and maintenance, vermi-compost harvesting and cleanliness of the Complex landscape.

#### 5) *Development of BBC as an Economic Enterprise of the PGBh*

There are three (3) consultative meetings conducted by PEEMO together with BEMO and the members of the Consortium, namely: OPV, OPA, PIAO, SWCF, BISU, LGU Bilar and BLGU Roxas. During the meeting, the proposed site development plan of BBC was presented to the Consortium for comments and suggestions. The concreting of the access road leading to BBC was already completed in December 2017 but the construction of the Camping Kiosk was delayed due to inaccessible road that affect the transport of construction materials.

### B) *Watershed Management Program*

#### 1) *Linkage Development and Networking Activities*

There were several demand-driven activities from partner agencies that need the assistance and participation from the BEMO-FRM staff. In 2017, a total of **12** demand-driven activities were participated/co-facilitated in the Carood Watershed Model Forest Management Council, TWG, & Payment for Environmental Services (PES) Steering Group meetings, workshops and trainings, Provincial Wahig Inabanga Watershed Management Council for INREMP, facilitated the conduct of watershed management orientation and planning workshop to UWASCO Micro-Catchment at Calanggaman, Ubay, review and finalization of the Provincial Ordinance for the ARDMC Environment Sector.

#### 2) *Technical and Financial Assistance Provision*

A total of **17** activities responded or conducted to demand-driven activities by partner agencies. These activities include field survey and plant photography, rattan seedling production and plantation establishment, birding activity, conducted site verification of the alleged illegal logging in San Pascual, Ubay, conduct of tree inventory, conducted and facilitated trainings and workshops on Soil and Water Conservation and Assisted Natural Regeneration (ANR) to Carood Watershed POs.

The PGBh through the BEMO-FRM Sector has allocated P450,000.00 as yearly financial counterpart for the sustainable operation and management of the Carood Watershed Model Forest Management Council (CWMFMC) but the funds were not yet released due to lacking documents.

For the Ecotown Project in Abatan Watershed, a series of workshops and field surveys were participated with the assistance from DAP and PCCC. Similar and other related activities were participated by Mr. Leonilo Lafuente and Forester Analou Tiongson.

### 3) Capacity/Capability Development Program

#### *Capacity Development Activities for FRM Staff*

A total of **11** seminars, trainings and workshops were participated by FRM staff. These were the following: orientation on SPMS to BEMO Staff, training on T-Shirt Printing at SWCF Training Center, First Bohol Geo-Park Workshop at Metro Center Hotel, Orientation Seminar to Deputized Wildlife Enforcement Officer at JJs Seafoods Village, Tourism Product Development & Marketing Promotions Training at Panda Tea Garden and Suites, DRRM (PDRA & RDANA) Training at Dumaluan Beach Resort, workshop on Hospitality at Panda Tea Garden, Tagb. City, participation to HR Summit 2017 at Bohol Cultural Center, Tagbilaran City, participation to the 69th SFFI National Conference held at SMX Convention Center, participation to training on Safety, Security and First Aid held at Panda Tea Garden Suites sponsored by BTO and training on Basic Accounting at Panda Tea Garden Suites.

The seminars, trainings and workshops participated this year can help a lot in the development of professional career and development of skills in new technologies and acquiring new information and learning experiences that can be applied to the local community and share this information to other people.

#### 3) *Capacity Development Activities to Partner Agencies* (e.g. Academe, NGOs/POs, NGAs, MLGUs, BLGUs, etc)

A total of **11** technical assistance (e.g. trainings, seminar, site preparation, verification, validation, etc) were provided or responded by the FRM staff. These were the following, namely acted as technical guide during the birding activity of CCPL-PAMB tour participants, conduct of experimental tree planting at UWASCO catchment, conduct of area cleaning and site excavation for the tripod in preparation for the Ground breaking and MOA signing of Giant Clam hatchery, facilitated the Lakbay Aral of NBACSEPP-MMT at BISU, BBC and DENR Nursery, facilitated the field survey activity of HNU Biology students at the Rainforestation Farming Project at BBC, conduct of verification to the alleged illegal logging at Purok 5, Sitio Cabudlan, San Pascual, Ubay, conduct of planning workshop on Watershed Management at UWASCO Staff House, Calanggaman, Ubay, conduct of training on SWC and ANR to selected farmers held at San Vicente Barangay Hall sponsored by CWMFMC, conduct of orientation to the SEEM Cluster meeting held at BBC Training Center, conduct of monitoring and evaluation of the on-going road construction of PRDP project in Loboc, Balilihan & Mahayag Norte, conduct of ANR training at Brgy. Sunog, Balamban, Cebu, and participation to the series of workshops on the crafting of Comprehensive Development Plan (CDP) of LGU Bilar.

#### **4) Information, Education & Communication (IEC) Development**

The BBC project brochure was developed and printed at least 2,000 copies were printed and an Audio Visual Presentation (AVP) were developed for the FRM Sectoral Accomplishments (Mid & Year-end Accomplishment Report).

#### **Priority Areas for Action/Plans/Programs for CY 2018**

There are several issues and concerns in the implementation of FRM programs, projects and activities of the Sector. These were the following:

- Limited technical staff to effectively deliver technical services to our clients and to effectively implement the BBC project which is very important as showcase or pilot project for the LGUs, academe, NGOs and other private sector groups or individuals;
- Promote the Complex as the main advocacy center for biodiversity conservation and eco-tourism destination in the province;
- Finalization and approval of the BBC Consortium MOA;
- Completion and implementation of the five-year development plan; and
- Development of BBC as a learning destination and at the same time a well-known economic enterprise project of the PGBh.

## Secretariat Services:

### *Implementation of Integrated Natural Resource and Environmental Management Project in the Wahig-Inabanga Upper River Basin to the Provincial Wahig-Inabanga Watershed Management Council (PW-IWMC)*

Bohol has been identified as one of the four (4) recipients of the Integrated Natural Resources and Environment Management Project (INREMP) funded by the Asian Development Bank (ADB) and International Food and Agriculture Development (IFAD) in partnership with the Government of the Philippines thru the Department of Environment and Natural Resources (DENR).

To cascade the E.O 10, an orientation on the background of the project was conducted on July 17, 2015 with 100% attendance from the Local Chief Executives of the 17 municipalities comprising the Wahig-Inabanga Upper River Basin together with the members from the council coming from NGA's, NGO's, private individuals and other stakeholders. Major accomplishment are the following:

- Conducted PTWG Meetings for the Review of Project Proposals
- Conducted Site Validation of all Project Proposals and participated the Inabanga Watershed Management Council meetings

## On Mineral Resource Management

The Mineral Resource Management Sector of the Bohol Environment Management Office (BEMO) has three (3) units handling the processing of Sand and Gravel and Other Mineral/Quarry Resources applications for Governor's Permit, Verification and Monitoring and Enforcement. A sector that income generating derived from the environmental/extraction taxes, fines/penalties and other charges.

The Bohol Environment Monitoring and Enforcement Group (BEMEG) is an enforcement arm of the Mineral Resource Management Sector (MRMS) that is tasked to implement environmental laws and regulations particularly Provincial Ordinance No. 2008-025. Among the major accomplishment of the MRM sector are the following:

- On Permitting: there were **28** permits issued from January-December, 2017
- On Verification: **33** areas evaluated and verified from January-December, 2017
- On Monitoring and Enforcement: **16** apprehensions and penalized from January- December, 2017

- This year the Mineral Sector conducted **six (6)** Provincial Mining Regulatory Board (PMRB) monthly meetings and **six (6)** Technical Working Group (TWG) meetings. This body tasked to review and evaluate all applications for sand and gravel and quarry permits and recommend to the Provincial Governor for approval and disapproval of applications.

- **One (1)** Small Scale Miners and Mineral Traders Fora and Awarding of Best Mining Practices was conducted on December 14, 2017. There were three (3) winners and were given an award for Best Practice in Quarry Revegetation, Best Practice in Social Responsibility and Best Practice in Quarry Rehabilitation.

- **Two (2)** Information, Education and Communication campaign of Provincial Ordinance No. 2008-025 were conducted in the barangays of Duero and Guindulman, Bohol.

## On Coastal Resource Management Sector

The year 2017 is a challenging year for the Coastal Resource Management sector due to the quick turn-over of previous heads of the sector but despite of the challenge, we are happy and proud to present our accomplishments for the Calendar Year 2017.

Our accomplishments are attributed to the budgetary allocations provided from the Non Office Fund amounting to Ten Million Eight Hundred thousand pesos (P10,800,000.00) for the implementation of the three banner program of the Sector such as Coastal Law Enforcement with a budget of Six Million Three Hundred Thousand (P6,300,000.00), Strengthening of Marine Protected Areas with a budget of Two Million pesos (P 2,000,000.00) and Constructions of Giant Clam Hatchery Project and Procurement of CRM Research and Patrol Boat with a budget of Two Million Five Hundred Thousand pesos ( P 2,500,000.00.)

### 1) Strengthening of Marine Protected Areas (MPAs) Program

The sector provides Technical Assistance to LGUs through the conduct and facilitation of the Marine Protected Area Management Effectiveness Assessment Tool (MPA MEAT) rating, reorganization of the MPA Management Council and formulation of Marine Protected Areas Management Plans to the 6 LGUs with 17 MPA Management Councils in Brgy. Cantagay, Nausok and Tubod Mar, Jagna on June 5, 2017, Mara-ag MPA in Maribojoc on June 8, 2017; Brgy. Bingag, Biking, Catarman and Tabalong, Daus on June 8, 2017; Brgy. Guiwanon, Sta. Cruz and Taguihon, Baclayon on June 8, 2017; East and West Ulbujan MPA and Cayam Malinao MPA in Garcia Hernandez on June 9, 2017; and Brgy. Song-on, Pantudlan, Cabacongan, Loon on June 15, 2017.

In addition, the sector also spearheaded the conduct of regular underwater monitoring and bio-physical assessment activities of the 10 Marine Protected Areas seeded with Giant clams (*Tridacna gigas*) together with the members of Marine Protected Area Provincial Technical Working Group (MPA-PTWG) underwater monitoring team in Hambongan Marine Sanctuary, Inabanga, Bohol on October 3-4, 2017; Majigpit Island Fish Sanctuary, Clarin, Bohol on October 5-6, 2017; Cataban Fish Sanctuary, Talibon, Bohol on October 10-11, 2017; Gaus Marine Sanctuary, CPG, Bohol on October 12-13, 2017; Bingag Marine Protected Area, Daus, Bohol on October 19-20, 2017; Lumayag Islet Marine Park, Mabini, Bohol on October 24-25, 2017; Sinandigan Marine Sanctuary, Ubay, Bohol on October 26-27, 2017; Balicasag Island Fish Sanctuary, Panglao, Bohol on November 7-8, 2017; Basdio Marine Sanctuary, Guindulman, Bohol on November 9-10, 2017 and Badiang Fish Sanctuary, Anda, Bohol on November 23-24, 2017. Prior to the conduct of underwater biophysical assessment and monitoring, coordination meetings have been conducted in the preparation and finalization of schedule, availability of divers and other logistics needed such as transportation, food, dive equipments and dive tanks on May 12, 2017, September 5, 2017, September 8, 2017 and September 25, 2017. A post-assessment and consolidation of data gathered had been conducted last December 11 and 12, 2017.

In order to give recognitions to the key players in Coastal Law Enforcement and MPA Management, on July 25, 2017, the Honorable Governor Edgar M. Chatto issued Executive Order No. 19" Creating the Best Marine Protected Area and Coastal Law Enforcement Awards of the Province, Providing for Its Committee, Defining its Duties and Functions, and Other Purposes". Another Executive Order No. 33 issued on November 27, 2017 by the Honorable Governor Chatto amending Executive Order No. 19 Series of 2017 Entitled "Creating the Best Marine Protected Area and Coastal Law Enforcement Awards of the Province, Providing for Its Committee, Defining its Duties and Functions, and Other Purposes", To expand the awards categories. The formulation and amendment of the Executive Orders were made possible through series of meetings spearheaded by BEMO through CRM Sector and together with the ever supportive partner agencies who are members of Coastal Law Enforcement and Marine Protected Area Provincial Technical Working Group for sharing their knowledge, time and effort. The copy of Executive Orders were cascaded and distributed to the 30 Coastal Municipalities in the Province.

## 2) Strengthening of Coastal Law Enforcement Programs

The sector provides technical assistance to MLGUs through the conduct and facilitation of a two day workshop in the formulation of CLEC Cluster 3-year Strategic Plan for the year 2017-2019 and Action Plan for the year 2017 held on February 22-24, 2018. The activity was participated by the 30 MLGUs and partner agencies.

Eight (8 )CLEC clusters strategic plan and action plan were formulated as basis and guidance for their CLEC program implementation.

In addition, the sector was able to facilitate the CLEC Cluster 7 Reorganization. The CLEC Cluster 7 composed of the municipalities of Valencia, Lila, Dimiao and Garcia Hernandez elected their new set of officers and conducted an oath taking last January 26, 2017 at the Governor's Mansion Conference Room.

On the other hand, CLEC Executive Committee Meeting was conducted which was presided by the Honorable Governor as Chairperson of the Provincial CLEC. The activity was attended by the officers and members of the ExeCom and each CLEC cluster chairperson rendered their accomplishments on March 3, 2017.

After the conduct of ExeCom Meeting, CLEC Cluster Chairpersons and its members, together with the members of the CLE-PTWG were gathered for the CLEC General Assembly and IEC on the importance of sharks and rays in the waters of Bohol on March 28, 2017. The speakers were from the Panglao Association of Dive Operators (PADO) and Greenpeace. During the activity, each CLEC Cluster displayed exhibits showing its accomplishment on coastal law enforcement.

BEMO, being the secretariat of the Provincial Coastal Law Enforcement Council, we have attended different CLEC Cluster meetings in the province such as the meeting of CLEC Cluster 7 on June 28, 2017; CLEC Cluster 8 on June 29, 2017; CLEC Cluster 6 on June 30, 2017, CLEC Cluster 5 on August 15, 2017, CLEC Cluster 1 on September, October 23 and December 21, 2017 and CLEC Cluster 2 on September 29,

2017. Moreover, we have facilitated the conduct of the Provincial Coastal Law Enforcement Task Force meeting presided by the Provincial Director of PNP-BPPO which were attended by the different law enforcer groups and partner held on January 18 and April 7, 2017 and PCLETF Planning Workshop last February 21, 2017.

### 3) Networking and Linkaging

In order to enhance collaboration and be updated of the accomplishment of different members agencies who have mandates on Coastal Law Enforcement and Marine Protected Areas Management, BEMO acted as secretariat to different groups such as Provincial Technical Working Group on Marine Protected Areas (MPA) and Coastal Law Enforcement meetings held on January 7, 2017; April 17, 2017; July 18, 2017 and October 19, 2017.

Furthermore, BEMO also served as secretariat to meetings on Task Group Kinaiyahan under the joint Task Force Dagon which were held on April 21, July 19, September 7 and November 11, 2017. The Task Force serves as an effective community-based crime prevention monitoring and coordinating mechanism in eliminating all forms of criminalities and illegal activities in the Province. This group is led by the Provincial Environment and Natural Resources Officer of DENR with the member agencies from the different national and local government agencies.

The BEMO spearheaded the Month of the Ocean Celebration and IEC on Marine and Coastal Resources conservation and protection last May 2, 2017 at the National Irrigation Administration Gymnasium, Dao District, Tagbilaran City and International Coastal Clean-Up Celebration last September 16, 2017.

BEMO also facilitated the

conduct of Scientific Conference for the Protection of Sharks and Rays in the waters of Bohol last August 24, 2017 in BFAR Bentig, Calape, Bohol. Invited guest speakers of the conference are technical experts from the Marine Wildlife Watch of the Philippines, Coastal Conservation Education Foundation and National Fisheries Research and Development Institute.

### 4) Establishment of a Giant Clam hatchery Project

**Memorandum of Agreement Signing and Groundbreaking Ceremony of the Giant Clam Hatchery Project.** The MOA signing was entered into among the Provincial Government of Bohol represented by Honorable Edgar M. Chatto, Bureau of Fisheries and Aquatic Resources represented by Director Allan Poquita and Bohol Island State University represented by Dr. Dioscoro Avergonzado. The activity was participated by members of the

Marine Protected Area Provincial Technical Working Group (MPA-PTWG) last March 24, 2017 at BFAR Sinandigan, Ubay, Bohol.

**Giant Clam Hatchery Construction.** The construction of larval tanks, one of the component facilities of Giant Clam Hatchery is at 90% completion.

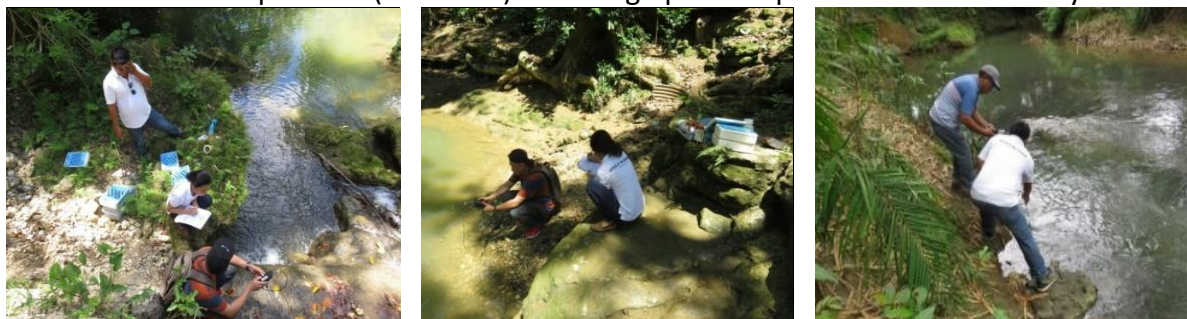

## 5) Capability Building

- Attended the EAFM Database Training conducted by the USAID ECOFISH last May 19, 2017;
- Attended Training on MPA Monitoring and Evaluation including Open Water Course Dive last December 27-29, 2017;
- Attended the training on Enhancing Skills in Communicating Marine Biodiversity and Conservation Information held at Marine Science Institute-University of the Philippines last November 6-9, 2017;
- Participated in the Basic Pollution Control Officer's Training held at Cebu City Last July 15-19, 2017.

## Integrated Water Resources Management

1. Conducted water quality monitoring on major river tributaries of Wahig-Inabanga, Loboc, Abatan and Carood rivers. Other rivers included namely: Bilar River, Dangay River and Tagbuane Bridge.
2. Active involvement of BEMO staff to various activities of 3 Watershed Management Council namely: Carood, Wahig-Inabanga and Abatan watershed management councils.
3. Provided technical assistance in the formulation of watershed management plan for Ubay Watershed. BEMO staff actively participated in the workshops and meeting for the development of Ubay watersheds to include environmental scanning of Ubay watershed and active partner of Ubay Waterworks Cooperative (UWASCO) in setting up development within the Ubay Watershed

## Pollution Prevention and Control

Coordinate with PHO in the regular collection for water analysis of wastewater effluent samples from DEWATS now JOKASO Wastewater facility. Regular submission of Self Monitoring Report (SMR) to DENR-EMB Reg. 7, Cebu City as compliance to legal and other requirements of the PGBh:

- DEWATS converted into JOKASO; Water sampling conducted by Japanese consultant
- BEMO thru the PCO and PHO coordinated with the construction of the project.
- 2 Water sampling (May and Nov) undertaken by the PGBh PCO and the Assistant PCO and subjected for laboratory analysis at San Carlos Laboratory, Cebu City. Another sampling to be scheduled on December
- Test result compiled by the PCO and the PHO Wastewater Laboratory Officer

## HIGHLIGHTS OF ACCOMPLISHMENT 2017

Technical support services to internal and external stakeholders (Representation/Extension of technical assistance to Various Committees, Bodies, Councils, ODAs and other stakeholders)

### A) Implementation of the Philippine Rural Development Projects

**2. Technical support services to internal and external stakeholders  
(Representation/Extension of technical assistance to Various Committees, Bodies, Councils, ODAs and other stakeholders)**

Provided technical support services / attendance to DA Philippine Rural Development Program activities such as: PPMIU Trainings/Workshops:

- Facilitated the in-house Joint Technical Review in the preparation of the FS/DED/EFA/POW for the seaweeds drying and docking facilities of the 14-municipalities and the 2<sup>nd</sup> batch 4-municipalities
- Participated/facilitated the Pre-Procurement and rebidding of the 2-FMRs for Balilihan and Catigbian
- Facilitated the exit conference with PRDP project partners from NPCO, PSO and RPCO re: SES monitoring of projects
- Facilitated the LCE Forum for the new PRDP updates and strengthen the partnership with RPCO, PSO and NPCO
- Facilitated the series SES-RROW conference for the Alegria-Bugho Loboc FMR with PPMIU-IBUILD, LGU Loboc and GRM Focal Person
- Facilitated the site validations of the four (4) island barangays in Bien Unido & Pres. C. P. Garcia during the 4<sup>th</sup> World Bank implementation support review mission for the PRDP-GEF projects for Danaojon bank

## 2. Technical support services to internal and external stakeholders (Representation/Extension of technical assistance to Various Committees, Bodies, Councils, ODAs and other stakeholders)

### PPMIU Coordination Meetings:

- Facilitated the five (4) PPMIU regular monthly coordination meetings with RPCO, PSO & NPCO
- Facilitated the coordination meeting of the 4<sup>th</sup> World Bank Implementation Review Mission at Danajon Double barrier reef with GEF RPCO, PSO and NPCO of the 5 pilot municipalities
- Participated in the World Bank Appraisal for IREAP and IBUILD subprojects in the municipalities of Sagbayan, Loboc, Balilihan, Dauis, Loon, Jagna, and Mabinì with the NPCO, PSO, RPCO and PPMIU
- Facilitated the Construction Supervision and Construction Management Training for Balilihan and Catigbian FMRs
- Monitored the implementation of on-going FMR projects in Balilihan, Catigbian, Loboc and Sagbayan

## 2. Technical support services to internal and external stakeholders (Representation/Extension of technical assistance to Various Committees, Bodies, Councils, ODAs and other stakeholders)

### PPMIU Compliance Documents:

- Edited the FS/DED/POW & SES documents for 2<sup>nd</sup> batch FMR located in Bilar, Loon & Inabanga using the revised template from NPCO for submission to RPCO and PSO
- Reviewed the IREAP sub-project documents re: Procurement Plan, Work and Financial Plan, bill of materials and specification plan, for the Native Chicken & Marketing Enterprise & Pancit Yaning & Marketing Enterprise
- Reviewed the compliance documents for the Bids & Evaluation Report of the 2<sup>nd</sup> rebid proposed projects for Balilihan & Catigbian FMR
- Attended the SP committee meeting on appropriation chaired by BM Damalerio re: request for the authority of the Honorable Governor in opening of separate bank accounts intended for the Global Environmental Facility in conduit and reinforcement of the regular PRDP projects particularly for Danahon Bank.
- Assisted in the review, signing and submission of the 8 Micro Enterprises and 8 Marine Protected Areas documents (Business Plans, IMA, EIA, PPMPs, Works and Financial Plans and others) under PRDP GEF funds

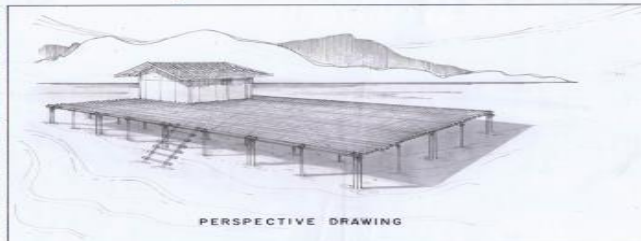

## PHILIPPINE RURAL DEVELOPMENT PROJECT (PRDP)

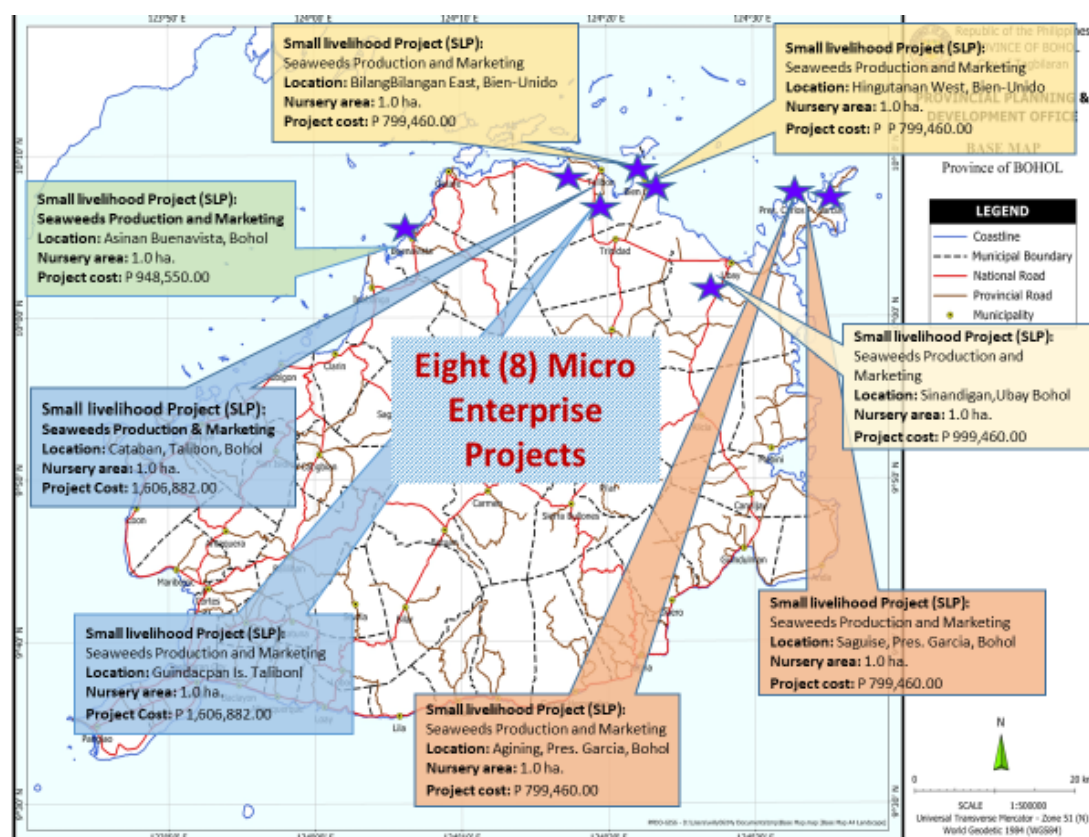

### Establishment of Docking, Storage and Dryer Facilities for seaweeds

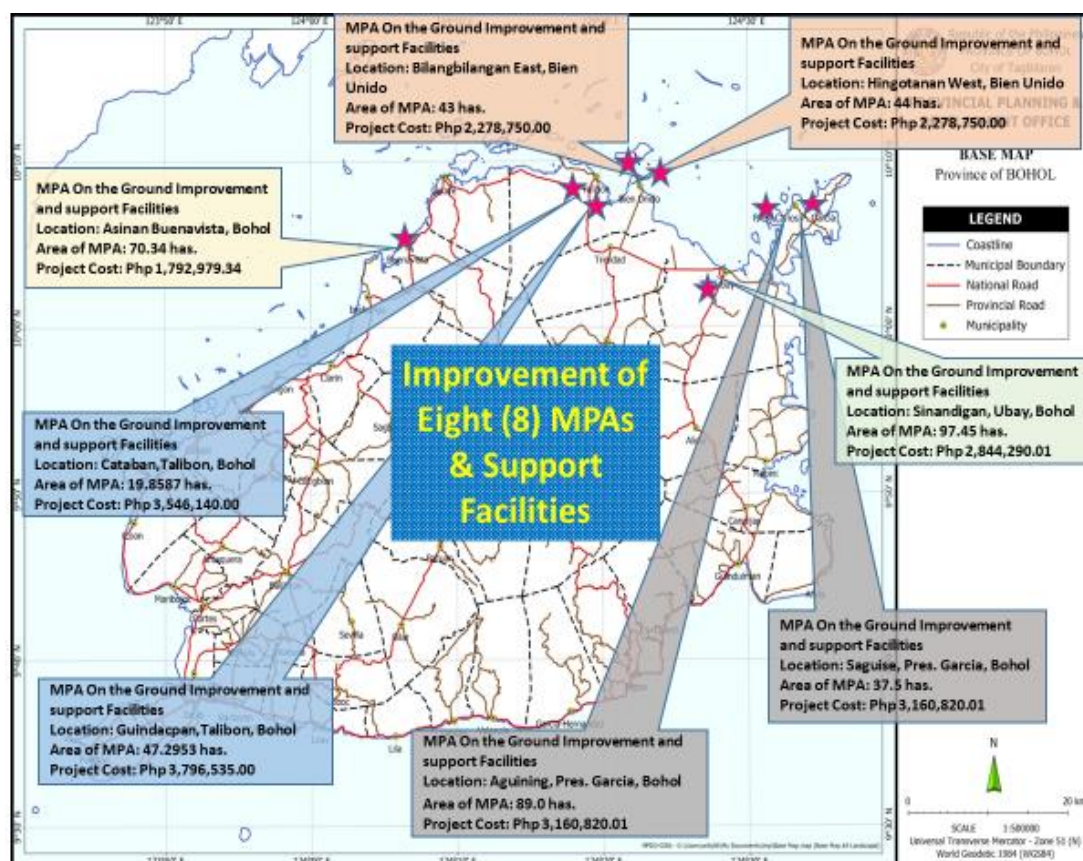

- 13 towns with more with 75 proposed sites
- On-going preparation of FS, EFA & DED

### SIGNIFICANT ACCOMPLISHMENT at the GROUND

- ✓ 13-Small Livelihood Projects on going implementation
- ✓ 8-Micro enterprise Projects and 8 MPAs for 1<sup>st</sup> Tranche Fund Releases
- ✓ Bohol Dairy for 1<sup>st</sup> Tranche Release to BODPA

Pre- World Bank Implementation support meeting at Talibon for MPA visits to GEF sites at Hingotanan & Bilangbilangan, Bien Unido with PPMIU, MLGU & POs

Pre- World Bank Implementation support meeting at Talibon for MPA visits to GEF sites at Hingotanan & Bilangbilangan, Bien Unido with PPMIU, MLGU & POs

• **Ten (10) PGs submitted their Liquidation of First Tranche to PACCO**

Proponent Group (PG)	Date of Submission to PACCO	Status as of To Date
Anda-ORBA	Aug. 30	Okay as to Auditor's Findings
LAMBO, Dauis	Sept. 12	Returned to PG to comply comments
BOWA, Balilihan	Sept. 14	Waiting for comments from Auditor
GARCIA MPC, Batuan	Sept. 6	Comments complied & returned to PACCO
BAWOD, Balilihan	Sept. 26	Comments complied but Still pending
AIM, Balilihan	Sept. 14	Returned to PG to comply comments
Catmonan MPC, Calape	Sept. 25	Comments complied & to be returned to PACCO
PEGAMMALO, Loon	Sept. 12	Returned to PG to comply comments
CLOW, Jagna	Aug. 30	Returned to PG to comply comments
MFRIC, Jagna	Aug. 31	Comments complied & returned to PACCO

**B) Ecosystems Improved for Sustainable Fisheries or (ECOFISH) Project a five year (2013-2017) funded by USAID**

Ecosystems Improved for Sustainable Fisheries or (ECOFISH) Project a five year (2013-2017) funded by USAID. The project aims to conserve marine and coastal ecosystems through improved governance and ecosystem-based management in the country's eight (8) marine key conservation areas (MKBAs): Danajon Double Barrier Reef-Bohol Province; Calamianes Group of Islands; Lingayen Gulf; Ticao-San Bernardino Strait-Lagonoy Gulf; South Negros; Surigao del Sur and Norte; Sulu Archipelago and Verde Island Passage.

**Major accomplishments:**

- Participated the Summit for the ECOFISH-DA-BFAR and the USAID under the Ecosystem Approach to Fisheries Management (EAFM) to its LGU members and partners to Marine Key Biodiversity Area (MKBA) in Danajon Double Barrier Reef
- Participated the workshop on the Right Sizing of Fishing Effort in Danajon Bank in the 4 municipalities of Talibon, Bien Unido, Ubay and Pres. Carlos P. Garcia
- Participated in the national workshop in the preparation of the Integrated Fisheries Management Plan
- Attended the Eco-FISH Project validation workshop to stakeholders
- Participated the Integrated Coastal and Fisheries Management Plan

**C. Technical support services and attendance to ICLEI-Asian Cities Climate Change Resiliency Network Project activities**

The Provincial Government of Bohol thru the PPDO had participated the series of workshop in the preparation of the Bohol Climate Change Action Plan together with other 10 provinces in the Philippines as part of the technical assistance provided by ICLEI and ACCCRN.

**D. Technical support services to GEOPARKS implementation.**

Bohol is one of selected sites for Geoparks. Geoparks is an official initiative of UNESCO within the Division of Ecological & Earth Sciences, programme and budget. UNESCO supports individual Geopark initiatives on an ad-hoc basis upon request from Member States.

Participated the First and 2<sup>nd</sup> Bohol GeoPark Workshop conducted by PGBH, University of the Philippines School of Urban & Regional Planning (UP-SURP) and the UNESCO Global Geoparks.

#### **E. Participation to Provincial Land Management Council**

Participated two (2) quarterly meetings of the Provincial Land Management Council pertaining to the updates of PGBh and DENR MOA, report of titles release and resolving boundary disputes among LGUs. Drafted the Activity Design for Bohol 1<sup>st</sup> Land Management Summit.

#### **F. Technical Support Services to INREMP Implementation**

For Bohol, the Wahig-Inabanga Watershed has been identified for the implementation of the project considering that is a major and critical watershed due to its environmental and economic significance, covering almost 62,000 hectares (15% of Bohol's total land area of 411,726 hectares) and is host to important forest/timberland, water resources, both surface and underground, agriculture, major eco-adventure tourism destinations and locations of some agro-industrial/commercial facilities in the province.

Among the major accomplishments are the following:

- Presided over the joint technical review and site validations with the CESM consultants and RPCO of the 23 project proposals for Natural Resource Management Projects, 3 Conservation Farming, under INREMP in the 3-subwatershed of Duero, Danao, Dagohoy, and 2- project proposals for Rural Infrastructure.
- Presented the Rural Infra and NRM project proposals to the PWIM council for approval and endorsement to RPCO & NPCO
- Participated the ADD-IFAD Mid-term Review of the project being implemented in the municipalities within Wahig-Inabanga River Basin under INREMP
- Facilitated the approval of 3 Conservation Farming, 3- Rural Infra projects were issued No Objection Letter by the ADB (Danao, Dagohoy and Buenavista).

**Attached are the following slides as a proof of the INREMP project progress in Bohol.**

**Meeting with Governor Edgar M. Chatto together with the team from Asian Development Bank (ADB) and International Fund for Agriculture & Development (IFAD) during the Mid-Term Review of INREM Project in Bohol last February 6-9, 2017**

**Exit Conference of Mid-Term Review Team of INREM Project in Bohol.**

**Facilitated by the Asian Development Bank (ADB) and International Fund for Agriculture and Development (IFAD) and attended by the Municipal Mayors comprising the Wahig-Inabanga Upper River Basin, Municipal Planning and Development Coordinators, National Project Coordinating Officers, Provincial Technical Working Group and Honorable Abeleon Damalerio representative in behalf of Governor Edgar M. Chatto.**

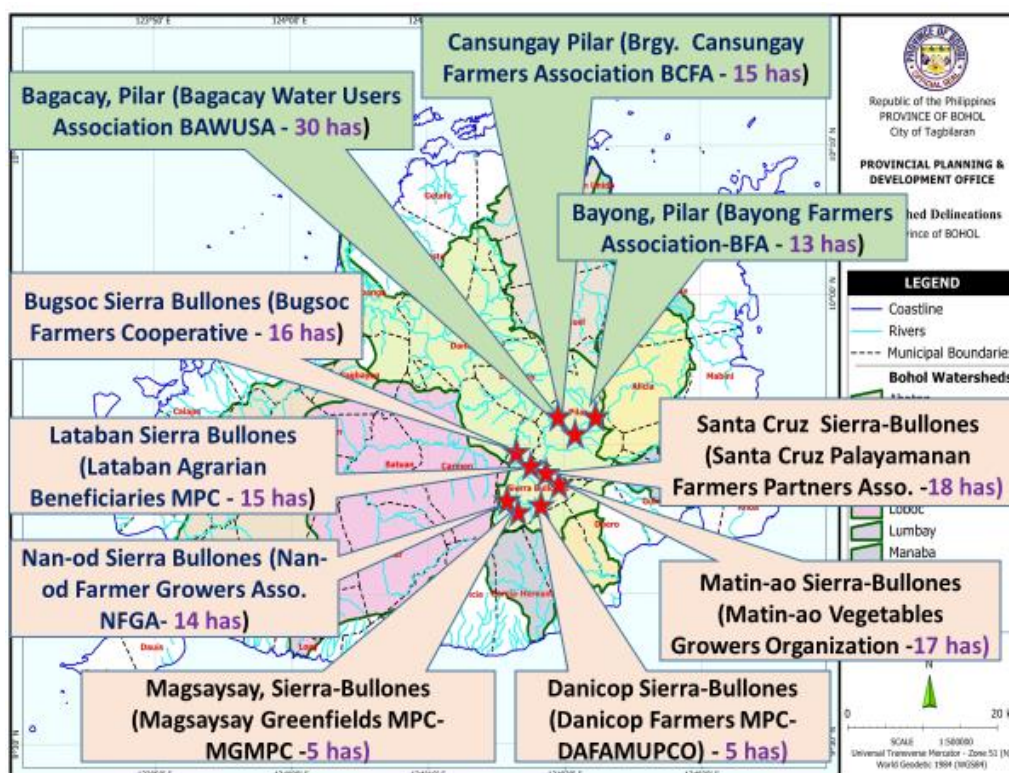

**5<sup>th</sup> Provincial Wahig-Inabanga Watershed Management Council Meeting at Café Dolores, Bohol Tropics Resorts, June 29, 2017**  
**"23 NRM and 2-RURAL INFRA INREMP Proposed Projects Approved"**

**Distribution and Location of 14 Conservation Farming Projects under INREMP**
